

Council Votes Budget Following Hectic Session Monday

PAY SLASH FOR MAYOR IS DEBATED

CITY'S SPENDING IS RESTRICTED TO \$10,000

A torrid but, on the whole, good-natured exchange of ideas and repartee attended the Prestonsburg City Council's adoption of a budget for 1940 at the Council meeting Monday evening...

Mayor Arnold argued that he was due the salary set by law for his services. Cash payment of \$300 of the \$600 annual salary for the Mayor was proposed by the budget as proposed, the remainder to be paid by warrant.

"I never promised to be Mayor for nothing," Mayor Arnold argued, "and I do not propose to accept any cut. If the Council can pay me in warrants on which I can expect to collect within a reasonable time, I will take half my salary in warrants."

Calling for a vote and expression of views, Mayor Arnold added that he would have no ill-feeling toward any member because of his stand and that he would prefer that his own salary be cut rather than that of the Police Judge or any policeman.

It all wound up with Police Judge G. R. Spradlin's salary being placed on a cash basis, Mayor Arnold's salary for the next six months being guaranteed in cash—and for the next six months other action will be taken.

Police Judge Spradlin's office had, up till February 5, paid \$158.28—a service which drew unanimous praise from the Council.

With an anticipated revenue of \$14,600 after all "probable" deductions had been made, the Council adopted the following budget:

Mayor's salary, \$300; Police Judge, \$600; Council, \$150 (two members, R. T. Allen and Bill Fitzpatrick drawing \$6 a month each, the other six drawing \$1 a year); policemen, \$2,640; fire chief, \$180; City Attorney, \$300; City Treasurer, \$150; City Clerk, \$120; electricity, \$1,300; water, \$580; gas, \$100; emergency fund, \$3,580; on debts—old light fund, \$600, old water fund \$100; other old warrants, \$3,900.

The budget provided that any money remaining at the end of the year in the emergency fund be allocated to the old warrant fund.

YOU TELL US

Tell us how you like the experiment we're making in the new "streamlined" headline.

PERSONAL--TO READERS

I owe a lot of people. But a lot more people owe me. At least 750 of our subscribers owe us \$1.50. If any of you are too "hard up" just now to part with that much money, never let it be said of Allen that he refused to wait. But you should let me know you still want the paper; otherwise, your name might be dropped from our mailing list.

AND YOU WHO CAN BUT HAVEN'T-- YOU SHOULD "PAY UP."

WHY DO EITHER?

If we express our opinions in our editorial columns, they say we're taking sides, favoring somebody. If we don't, they say we're afraid to "speak out in meekness."

If we print a story unfavorable to a prominent man, they say we're besmirching an honorable citizen's reputation. If we don't, they say we're "kow-towin' to wealth and position."

If we tell all we know of the facts of a murder, they say we're besmirching Floyd county's good name. If we don't, they say we failed to give our readers the news.

If we write something good about somebody, that somebody's enemies say we're trying to play the somebody up as a special favor. If we don't, they say we recognize only the bad in folks and never tell the good.

If we disagree with a Democrat, they call us a Republican. If we do agree with him, they call us a Democrat. If

DRIFT MINING FIRM IS DEFENDANT IN \$7,000 SUIT

Claiming that they were damaged in the amount of \$7,043.60 as the result of the alleged failure and refusal of the Turner Elkhorn Coal Company, Drift, to carry out their part of a contract involving the furnishing of empty coal cars for the transportation of the coal which the plaintiffs say they were able to produce, George Morgan, Russell McCown, Arthur McCown and Marion McCown filed a suit in circuit court Wednesday, seeking the recovery of the amount, plus interest.

In the suit the plaintiffs, operating under the trade name of Morgan and McCown Brothers, maintained that last fall they entered into a contract with the company by which they would erect a tippie and load the coal

WAYLAND POLIO FUND BIGGEST

PRESTONSBURG'S DRIVE EVIDENTLY IS YET TO BE MADE

Of the \$79.80 realized to date in this county from the "Fight Infantile Paralysis" campaign, \$45.98 were contributed from Wayland and only 80 cents were known to have been paid into the fund in Prestonsburg.

Because of adverse weather conditions which have hampered workers in the drive the campaign is being extended so that all communities may solicit contributions, County Judge E. P. Hill, Jr., chairman of the campaign, said Monday. The Prestonsburg Woman's Club plans to conduct an active campaign here, and it is held certain that the town will respond generously.

D. J. Harman, chairman of the drive at Wayland, wrote Judge Hill to the effect that, with the improvement of industrial conditions there, Wayland Local United Mine Workers of America will make an effort to raise additional funds.

BLACKCATS BREAK EVEN

IN GAMES WITH INEZ, MOREHEAD, MEADE AND DORTON

By nosing out Morehead last Thursday night, 31-28, and then beating handily the much-favored Meade Memorial five Tuesday night, 46-34, the Prestonsburg high school Blackcats won two of the four games played during the past week. They were swamped, 59-14, by the powerful Inez Indians Friday night, and Saturday night they lost a close decision, 32-30, to Dorton.

Although Damron, Prestonsburg's high-scoring forward failed to see service against Morehead, Inez and Dorton because of a broken nose sustained in the Martin game here almost two weeks ago, he got back into the lineup against Meade Memorial and contributed 16 points toward the Blackcats' victory.

Against Morehead, the team that has won seven consecutive Ekay Conference tilts, the 'Cats were leading at the half, 16-13. Barker, Morehead forward who scored one-half of his team's 28 points, was high scorer for the evening. Sloan and Frank Heinze were tied for runner-up honors, each making eight points. J. Heinze was close behind, with seven to his credit.

The Inez game was played on the Warfield floor, and the 'Cats were outclassed from the start. Inez led at the intermission, 27-6, and the second-half scoring was almost a repetition of the first. Prestonsburg was unable to stop Harmon and Kirk, Inez forwards, who scored 15 and 21 points respectively. Stanley, Blackcat reserve guard, led his mates in scoring, with five points.

Playing Dorton in the local gym Saturday night, the 'Cats held a one-point lead, 16-15, at the end of the first half. The game was close throughout, with neither team being able to build up a commanding lead. Frank Heinze and Salisbury tied for runner-up scoring honors in this game, each making 12 points. By scoring five field goals and three charity tosses Hall, Dorton

In the course of her long illness, amputation of a foot became necessary several weeks ago. Her husband, John W. Kazee, died about six weeks ago.

Mrs. Kazee was a native of Wayne county, W. Va., but came to Floyd county 13 years ago. Surviving her are three sons and four daughters: Millard Walter and James Kazee, all of Betsy Layne; Mrs. Hazel Hunter, of Woods; Mrs. Susan Howell, Manso, W. Va.; Mrs. Mary Joseph, Mt. Clemons, Mich.; and Mrs. John Snodgrass, Ironton, O.; 30 grandchildren and six great-grandchildren.

Funeral rites were conducted Sunday at Betsy Layne.

WAGE DISPUTE IS SETTLED

GARRETT, WAYLAND MINE OPERATIONS ARE RESUMED

A wage dispute at the Wayland and Garrett mines of the Elk Horn Coal Corporation apparently had ended Monday as approximately 1,400 miners in the two towns returned to work.

The shut-down was in effect generally only on Friday, since the mines normally do not work on Saturdays. Refusal of the miners to work was a result, Wayland Local officials said, because of the company's failure to pay wages due workmen.

"I feel certain everything is going to work out all right," a company official said Wednesday morning.

Thomas G. Fear, Elk Horn's general manager, was quoted last week as saying U.M.W.A. officials had agreed that the company "was less than two days" in arrears on wage payments under company policy. The common workmen maintained that their wages were due and unpaid.

TOURNAMENT DATES CHOSEN

GARRETT IS HOST FOR COUNTY PLAY-OFFS, FEB. 29, MCH. 1-2

Elaborate plans already are under way for the entertainment of the 58th district basketball tournament at Garrett Thursday, Friday and Saturday, February 29, March 1 and 2. Lewis Campbell, tournament manager, announced this week.

With any one of three Right Beaver teams expected to be in the thick of the fight for the county championship, that populous section of the county is expected to help liberally toward jamming the Garrett gym at every session. Wheelwright will have strong support from Left Beaver, as will Prestonsburg and Betsy Layne from the river section. Garrett is the current favorite to cop the title, but neighboring Wayland is being "riled with alarm" by the other teams of the county.

Because of a ruling which became effective last year, all schools represented in the tournament participate in management and financial interests of the event.

VIRGIL GOBLE, OF IVEL, IS KILLED BY TRAIN IN WEST VIRGINIA

Stepping directly into the path of a Williamson-bound passenger train near Nolan, W. Va., Wednesday afternoon of last week, Virgil Goble, 26 years old, of Ivel, was instantly killed.

A coroner's jury, holding an inquest at the scene of the tragedy, returned a verdict of "accidental death."

Traveling at its customary rate of speed, the crack east-bound train carried the body of Goble for 90 feet after he was struck. Both his feet were cut off, his head shattered and his body was almost severed at the waist.

The son of Mr. and Mrs. Alex Goble, of Ivel, Goble had left his home at Ivel Tuesday morning without revealing his destination. He had visited an aunt, Mrs. Charles Picklesimer, at Nelco, W. Va., and left the house a few minutes before he walked into the path of the train. It was brought out at the inquest that he walked in the path alongside the tracks for a distance and then stepped onto the tracks and started to cross just ahead of the train.

Goble had last worked for the Kentucky West Virginia Gas Company but was unemployed at the time of his death. It was likely, members of his family pointed out, that he had gone to West Virginia in search of work.

AUXIER GIRL HANGS SELF

DEATH OF MISS REED TERMED SUICIDE BY CORONER

Found hanged in the smokehouse of her father's home at Auxier Monday afternoon, Miss Virginia Reed, 22 years old, was adjudged a suicide by a jury empaneled a few hours later by Coroner Elliott Prater.

The body dangled from the end of a rope tied to a plank across the joists of the small structure. All evidence pointed to self-destruction, Coroner Prater said. Evidence showed that, Monday morning, she had asked her father, Will Reed, janitor at the Auxier high school, for keys to the barn to get some onions and that she is believed to have procured the rope while on this errand. She later is said to have gone to the home of a neighbor, and was not seen again until the body was discovered at 1:30 o'clock Monday afternoon.

The family could offer no explanation for the act. Miss Reed left no note. She was a graduate of Auxier high school and held the esteem of all who knew her.

Surviving her are her parents and three sisters: Mrs. Stella Osborne, Wheelwright; Mrs. Malta Miller and Mrs. C. E. Preston, both of Auxier.

Funeral rites were conducted Wednesday afternoon and burial was made at Auxier.

TWO JAILED IN ROBBERY

OHIO FRUIT DEALER SLUGGED, ROBBED FRIDAY NIGHT

A three-day investigation into the hold-up and robbery late Friday night of a 60-year-old Lucasville, O., man near Emma ended Monday with the arrest of Estill Joseph, Prestonsburg taxi driver, who joined as a robbery suspect in the county jail here Estill Robert Conley, 31, West Liberty, who was taken into custody Saturday.

The robbery victim, Oscar Cantrall, fruit dealer, was found near the Kentucky West Virginia Gas Company's compressor station, above Allen, where, it is claimed, he was dumped from an automobile after having been taken from his truck and slugged into unconsciousness. He had been robbed of approximately \$12, his assailants missing \$60 which had been in another pocket of Cantrall's overalls.

Meanwhile, during several hours Saturday after the robbery, Cantrall's truck and his driver, Conley, were missing. The driver was arrested in Pikeville on a drunken driving charge.

Questioned, he said he stopped the truck when he heard a knocking sound on the cab, after which a gun was leveled at him. After Cantrall was removed from the truck, he drove away, Conley added.

The truck-driver told authorities that he saw a chocolate-colored automobile

VAIN FLIGHT MADE FROM SLAYERS

'DYING STATEMENT' CLAIMS VICTIM WAS UNARMED

First fatality in the incipient Bradley-Triplett feud of Floyd and Knott counties was recorded this week with the death at 5:20 o'clock Monday afternoon of Lacey Triplett, 35 years old, a victim of gunshot wounds.

Less than 48 hours after he had been acquitted by a circuit court jury here on a charge of shooting at without wounding Joe Bradley, Triplett fell in the doorway of Bessie Huff Napier's Place, near Lacey, with five gunshot wounds in his body.

In a "dying declaration" made in the presence of Commonwealth's Attorney John Allen and County Attorney Forrest D. Short Sunday afternoon at the Stumbo Memorial hospital, Triplett stated that he was shot from a truck which had trailed him as he returned from Wayland to Lacey. The shooting took place at 1 a. m., Sunday, as Triplett fled from a car to the shelter of the nearby inn, according to the statement.

Triplett's affidavit, signed by mark because he was shot through the right arm, claimed that he saw the name, "Sol Bradley" on the truck which passed him, Lindsay Triplett and Mr. and Mrs. Matthew Triplett from Wayland to Lacey. While Lindsay Triplett, driver of the car in which Lacey was a passenger, went inside Napier's place a truck which the victim claimed to be Bradley's pulled down to a nearby garage, turned and shone its lights directly on the Triplett car, the victim stated.

"When I saw them head toward my car, I jumped out to run into the restaurant," the statement continued. "They shot at me from the time I left the car till I got in the restaurant."

Triplett explained that he ran because he was unarmed. He said he was shot as he reached the porch of Napier's Place.

Frank Hughes, a witness, stated that the shots were fired from a truck across the nearby railway tracks. One man whom he believed to be Joe Bradley, Hughes testified, got out of the truck and fired a shotgun, and another gunman fired from the truck with a revolver.

These will be taught by Charles D. Milby, of the Distributive Occupations department of the Mayo State Vocational School and are open to anyone interested in selling. The class will meet one night each week for 10 weeks. At the end of this time those having regular attendance and making a passing grade will be given a school certificate.

JOHNSON COUNTY CONTEST SUIT DISMISSED

Paintsville—The contest case filed against Judge J. F. Bailey by W. T. Stafford was dismissed last week by Judge A. F. Childers, of Pikeville, special judge designated to try the case in the Johnson circuit court.

At the last August primary Judge Bailey was nominated over Stafford on the Republican ticket by almost 2,000 majority. Immediately thereafter Mr. Stafford filed a suit in court contesting the nomination. After he had brought in and sworn approximately 640 witnesses the special judge trying the case decided that the election was fairly held, and that Bailey was rightfully entitled to the nomination.

At the November election Stafford's name appeared on the Democratic ticket and Bailey's on the Republican ticket. Counting all the votes cast in the November election Bailey won by 2,600 majority. In due time another contest suit was filed by Stafford and a special judge was appointed by the Chief Justice of the Court of Appeals to hear and try the case. After hearing the testimony offered by Mr. Stafford, covering almost two months, the court Tuesday of this week decided that Judge Bailey was elected by 2,056 votes after throwing out of the count over 500 questioned votes.

A LOT LOWER PRICED THAN MOST PEOPLE THINK!

9 OUT OF 10 A recent national survey shows 9 out of 10 people think a Pontiac costs an average of \$100 more than it actually does in relation to lower-priced cars. Don't let this mistaken idea keep you from investigating Pontiac. Don't buy any low-priced car until you compare its price with a Pontiac. The slight difference will amaze you.

HERE'S WHY SO MANY THINK PONTIAC HIGHER PRICED THAN IT ACTUALLY IS!

BIG CAR DIMENSIONS AND APPEARANCE Add a few dollars to the price of the lowest priced cars and get a big Pontiac. 4 inches wider at front seat, 8 1/2 inches longer from bumper to bumper than last year!

THE "TRIPLE-CUSHIONED" RIDE Do you get car weary on long trips? Get a Pontiac and relax. Pontiac's "Triple-Cushioned" ride is worth all the slight differences between Pontiac and lowest-priced cars.

EXQUISITE, WIDE-VISIONED INTERIORS Ever wish your car were larger? Pay a few extra dollars and get a Pontiac. It's wider-seated, wider-looked with Hi-Test Safety Plate Glass in all sedans.

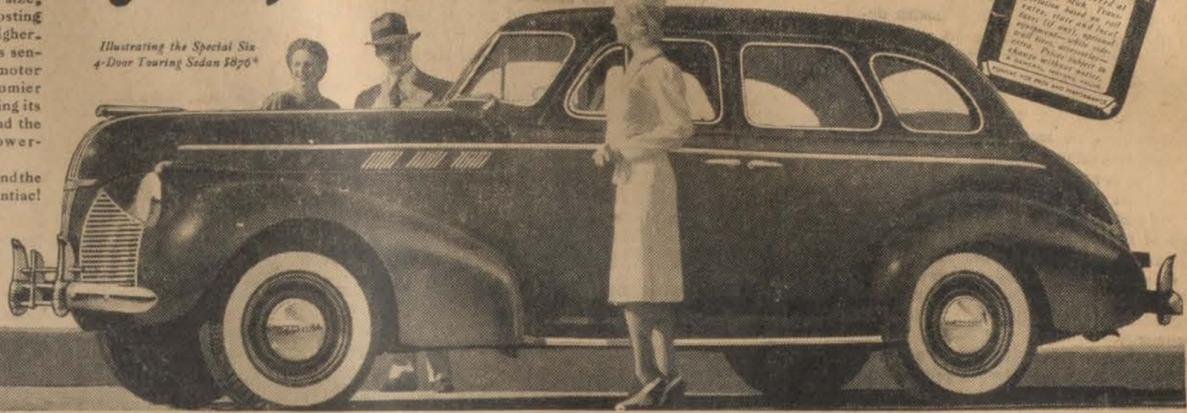

THRILL PERFORMANCE You only have to go to the first traffic light to sample the thrill performance in Pontiac's power-packed engine.

IT IS DIFFICULT to make people realize that Pontiac is priced just a few dollars above the lowest. They simply haven't been accustomed to associating low price with a car that has the reputation, looks, size, luxury and performance of cars costing up to several hundred dollars higher. Come in and take a look at this sensational new money's-worth of motor car. See how much bigger and roomier it is. And don't leave without trying its new "Triple-Cushioned" ride and the flashing performance of its power-packed Pontiac engine. For the best ride on four wheels and the best miles of your life, get a 1940 Pontiac!

3. Completion of all Farm-to-Market roads, by W. P. A. labor if possible, maintenance of these routes by the state rural road fund.
4. A trade-at-home policy followed by merchants and customers alike.

6. Continuance of the Floyd county health department and county agricultural agent work.

OUR POSITION UNCHANGED

Of the Hall-Hunt debate at Martin, THE FLOYD COUNTY TIMES has no more comment to make than it had when two ministers engaged in a forensic battle here two years ago. That editorial was written from the standpoint of an ordinary citizen who believes that peaceful relations among all men is a sound precept of true Christianity; that a charitable and tolerant attitude toward the views, and even the weaknesses, of others is necessary to peaceful relations, and that nothing is ever gained, that no sinner is ever converted and no Christian ever made better, by bitter argument.

It, therefore, re-prints that editorial, not as an attack upon religion or upon the religious beliefs of the debaters. Rather, the editorial is re-printed in defense of what this newspaper conceives to be the true religion which embraces more of tolerance, loving-kindness and helpfulness to the weak or erring.

The editorial, as originally written, appears below:

ACHIEVED—NOTHING

With all due respect to those involved and to the church directly affected, The Times must note that the series of debates discussing the propriety or impropriety of instrumental music in the church achieved exactly nothing after continuing through six nights of last week.

Not a convert to Christianity was gained. There is no appreciable improvement in the moral tone of the county as a result. On the contrary, it is to be suspected that the debates engendered bitterness

which can, by no stretch of the imagination, be considered the spirit of the true Christian.

And the topic! Cannot ministers, gifted as these debaters are, find something more vital to the spiritual needs of the land than a dispute under the holy habiliments of religion about what church music should be?

The doctrine of loving-kindness, tolerance and humility of spirit is what we all need; not one man's theory on the impropriety of an organ's notes in church and another man's idea contrariwise.

We are told that, in the early days of Christianity, certain "scholars" or "philosophers" were arrayed in debate upon the weighty topic of how many angels could stand upon the head of a pin or needle. Then came Paul and others who scorned such fol-de-rol and preached upon matters vital to religion, relegating the disputants to the limbo to which they belonged.

Every adult who practices the principles of Christianity is motivated by the same source of Power, walks the same road toward the same goal. Whether you march to the music of the organ or the human voice—or to the music of the spheres, for that matter—you should not be considered "lost" or "sinful" if your footsteps do not exactly track those of their fellows.

The battle every minister and Christian has to fight, it occurs to THE TIMES, is against evil, not against each other over trivial differences of opinion. As the late Henry Watterson once said, we are all marching toward the same bivouac, only sometimes to different drumbeats.

MOUNTAIN FARM-BOYS WIN

No finer argument for soil improvement and scientific farming methods could be produced than the story of a Morgan county 4-H club boy winning the corn-growing championship of Kentucky with a yield last year of one hundred bushels to the acre.

For Morgan's soil, in the main, is far from the 100-bushels-an-acre type. On the average, Morgan county farms are much less productive than those of Floyd or any of possibly three-fourths of the counties in Kentucky.

But lime and phosphate and commercial fertilizer were added to the soil, and these with proper tilling, increased the normal yield of twenty-five bushels an acre four-fold.

And, it should be remembered, the corn was hoed only one time, though cultivated three times.

On an acre of land which had been in lespedeza three years and to which had been added two hundred pounds of superphosphate a Pike county lad grew eighty-six bushels of corn to rank third in the state. Second best corn production was recorded by a Bell county boy.

That's beating the Blue Grass with a vengeance! Better than that—it's proving that soil-building and modern farming methods are really worthwhile.

It's the Early Bird that gets the Fun

The model illustrated is the Buick Super model 51 four-door touring sedan \$1109 delivered at Flint, Mich. White sidewall tires additional.*

ONE of these days the itch is going to hit you to get out and get in on the fun a Buick can be in the spring-time.

You're going to feel an irrepressible yen to touch off that husky, sweet-singing Dynaflex power plant and swing out in gentle coil-spring comfort to take in the fresh spring landscape.

Maybe, like others we know of, you've even got the model picked out, and are just "waiting a few weeks" to do something definite about it.

But may we emphasize, in purely friendly interest, that a lot of other people probably have the same idea.

And that when they start buying in droves—as they do every year about the 1st of March—even Buick's big factory has trouble keeping up with them.

Of course, we're doing all we can to be ready for everyone.

But you can get only so many cars in a warehouse.

And a full warehouse can empty awfully fast.

And what with everybody wanting Buicks this season, we can't say how long we can promise the delivery we can give now.

So why not play the early bird this year? Why not get the jump on your neighbor and be driving your Buick while he's still talking about getting his?

You've nothing to lose, a lot of fun to gain—and you'll find the address of your Buick dealer in the phone book.

MOLLETTE TO PUSH CHARGES

Against Trio Accused of Taking Him 'for Ride' Near Frankfort

Frankfort, Ky., Feb. 5 — Three youths were charged with armed robbery today for an alleged attack on Representative John Mollette (R) Paintsville, who said he was taken for a ride out the Lawrenceburg pike and slugged early Sunday morning.

The defendants, pleading innocent at an examining trial before County Judge L. Boone Hamilton, gave their names as Charles Kase, Basil Long and Forrest Quires, all of Frankfort.

They promised to produce a witness who would testify a "one-armed man" knocked Mollette down on a Frankfort street.

The 39-year-old Republican Representative, a miner, said he had attended a nearby night club with his wife, Mr. and Mrs. Joe Shields, of Frankfort, and an unidentified couple, and that after they returned to the Shields home his automobile battery failed.

Mollette said he walked to Frankfort's main section, encountered Long and Quires on the street and asked them to direct him to an automobile mechanic. When Kase came up in his car, the trio offered to drive him to Shields' home, he added.

The Representative said they took him some 15 miles out a different road, and that Long struck him on the face with his fist several times and on the head with "some instrument" that made a gash which required eight stitches to close.

Quires, he said, went through his pockets and took his money—a dollar bill and some silver—and letters. Mollette said he begged the youths to let him out of their automobile, and told them to take his money, if that was what they wanted.

The car then broke down. Mollette said, and when they requested him to "fix it," he "tore some wires out of the distributor" to "fix it so it wouldn't run."

Mollette said he caught a ride on a passing truck, went to a filling station telephoned Sgt. Ed Whalen and other state highway patrolmen and returned with them to the car, where they found the youths asleep.

Mollette repeatedly testified on cross-examination that he had "not had a drink." Sgt. Whalen testified that both Mollette and the youths had "been drinking."

Shields said he, Mollette and the other man with them at the night club had taken some drinks, but that Mollette could not have had more than "three or four highballs." He added that Mollette didn't stagger and "could take care of himself."

Whalen said he found no money on the boys, nor did he find the letters Mollette said they had taken.

Long said Mollette kicked him on the head.

An armed robbery conviction carries a possible death penalty.

Mollette is serving his third term in the house.

In 1938 he reported to police here he was slugged and robbed on his way home one night.

During the 1938 session he and Representative Marion McCarthy, Democrat, engaged in a fist fight in the house in which Mollette was floored.

His head bandaged and bruised, Mollette said today he was well enough to prosecute the accused youths.

Mollette said they offered him a ride as he walked along Sinclair street, carried him out the pike, slugged him and after tearing the labels off his coat, threatened to throw him into the creek.

He said he was robbed of a small amount of money, which was recovered later when he and two highway patrolmen found the men asleep in the automobile in which Mollette said they had driven him out the pike. The three were held for investigation.

"Coming home from a visit to a tavern," Mollette said, "my car broke down. My wife and myself and friends got a ride home and then I started down town to get some one to go after my car. These men came along and offered me a ride."

Mollette reported to highway patrol headquarters the car in which he was taken for a ride stalled and a man giving his name as Robert Mann, driving a Louisville Seed Company truck, brought him in.

TRAVEL BULLETIN TODAY'S ROADS

Prepared By
Eastern Kentucky Automobile Club

WHEN ROADS ARE SLIPPERY

As soon as ice or snow freezes on the state highways and the road surface becomes slippery, maintenance crews are out to spread cinders or sand to protect the motorist from skidding. This is standard practice. During the slippery condition which has prevailed through the entire state this winter, it is estimated that 25,000 tons of abrasive materials were spread over state roads by the state department. This sounds like battleship tonnage but actually it was approximately 13 railroad trains of 100 cars each of material, enough to cover the entire surface one and one-half times.

Nevertheless, in spite of the large quantity of material used, it is only possible to cinder the most hazardous locations, and in spite of a well-planned program by the highway department, it takes many hours to complete even the most essential works; thus miles of ice-covered surface are left exposed. Only the following places are cindered immediately after freezes: curves, steep hills, intersections, approaches to railroad grade crossings, approaches to bridges, bridge floors and other exceedingly hazardous locations. This task is not completed after cinders once have been spread. Because of alternate thawing and freezing, or continuous snow or sleet, it is necessary to go over a slippery location many times during a season and often several times in one day.

A factor which must be kept in mind operating upon icy streets and pavements is that cinders alone will not protect one from skidding. Regardless of the amount of precautionary work,

no road surface will be safe or satisfactory as one that is dry and free from ice and snow.

It follows that motorists driving on any highway during bad weather cannot rely entirely upon the highway to insure safe travel, but must exercise great care and skill to protect themselves, giving thought to the condition of road surface. The vital question in the minds of motorists, particularly after a change in the weather, should be: "Will the condition of the road surface warrant the speed I am traveling?" If there is doubt—SLOW DOWN!

THE ORIGINAL "LIGHT THAT FAILED"

And Oscar Bond, upon being shown the new Mercury edition of Kipling's "The Light That Failed," produced what he calls the original work of that name. It was his cigarette lighter.

WHO'S 'WHOPPER-JAWED'?

I have read so much about that "whopper-jawed" mule they tried at the courthouse last week that I am sick and tired of the whole business. They played the publicity up so that the public would think that was the first "jackass" that was ever in the courthouse. Why, that's all we have ever had in the courthouse. Why, that's all we have elected up there for years. In the Judge's chamber, the question was asked, "Which one is the County Attorney?" And the only way they could distinguish him from the "jackass" was the fact that he had on his hat! The Sheriff was pleased on bringing the mule in for he was a mule driver before he was elected Sheriff. I can't understand why they try a mule for being "Whopper-jawed" and let some of our county's officials run around over the county with faces that are scaring our children.—Woody Hinton's Crackerbarrel Contribution in The Morehead Independent.

Triplet Slain

(Continued from page one)

An autopsy performed by Dr. Ison of the Beaver Valley hospital, Martin, at the direction of Commonwealth's Attorney Allen and Coroner Elliott Prater, Tuesday revealed that five bullets or slugs entered Triplet's body—one in the abdomen, two in the chest, one in the right arm, one in the right leg. Other missiles had grazed the body but had not entered, it was said.

The victim was a son of Zach and Eliza Triplett, of Moutie. Besides his parents, his widow, Mrs. Rebecca Triplett, he leaves three children, Emogene, Harold and Zachalee; eight brothers, William, Silas, Odie, Curtis, Fred, Dave, Reed and Crede, all of Moutie; and six sisters, Mrs. Girtle Warrens, Hueysville, Mrs. Edith Justice, Lackey, Maude, Margaret, Mary and Lucille Triplett, at home. Funeral rites were conducted Wed-

nesday morning from the home of Zach Triplett, the Revs. L. D. Mosely, Marion Chaffins and Alex Coburn officiating. Burial was made in the family cemetery under the direction of the Ryan Funeral home.

Council Votes Budget

(Continued from page one)

James Morell, Jr., treasurer, reported \$2,289.80 as the total received from his predecessor, W. J. May, and that payments made from this fund of warrants under the 1939 budget had reduced the balance to \$2,102.85. Most or all this amount will be held in abeyance until certain indebtedness incurred by the former Council, or Councils, are settled. Exclusive of the funds received from the former Treasurer, Mr. Morell reported funds received under the new administration totaled \$5,736.12, of which \$593.47 has been expended, leaving a balance of \$5,142.65.

The Council voted approval of the report, and ordered that it be published in itemized form in next week's issue of THE FLOYD COUNTY TIMES.

After Burl Spurlock, city clerk, had reported no record of money paid into the treasury by former City Clerk J. M. Davidson for a truck license sold O. J. Spurlock and a taxi license sold Bill Slone, with no stub remaining in the license book, City Attorney J. D. Harkins, Jr., City Clerk Spurlock and City Treasurer J. M. Morell were named a committee to investigate the matter.

After Councilman W. A. Rose had read recommendations of the Kentucky Actuarial Bureau for improvements necessary for reduction in fire insurance rates here and had estimated the cost of improvements at \$2,000, the Council tentatively approved an ordinance assessing a tax of 10 per cent on insurance firms for insurance policies issued here. It was pointed out that, though a 10 per cent tax, to be borne by policyholders eventually may seem high, the improvements to be made will result in a 50 per cent reduction of premiums.

Deadline for payment of taxes was set at March 1, after which date the legal penalty of 6 per cent and 6 per cent interest will be added.

Wm. Hagans read the report of the committee named to plan WPA improvements for Prestonsburg, stressing the need for a sewage disposal system. Mr. Hagans, N. M. White, Jr., and Joe Taylor Hyden served on the committee without pay, and were voted the thanks of the council for their services.

George Harris was hired for a period of one month at a salary of \$40 to supervise cleaning of streets.

The Council refused payment of a warrant held by the Vanhose Lumber Company for supplies furnished in construction of the Trimble Branch street on the grounds that it could not be

preferred over previous warrants and because, the Council contended, an injunction had been procured in Floyd circuit court against payment of warrants except in numerical order.

they mined into railroad cars. They also contend that the company agreed to buy the coal they mined at \$1.20 per ton and to furnish as many railroad cars as might be necessary. After the construction of the tippie which cost \$1283.60, the defendants claim in their action that the company failed and refused to deliver the empty coal cars. In addition to the cost of the tippie they also seek \$5,760 which they claim is amount of damage they have suffered from being unemployed from the time they entered into the contract.

The defendants are represented by Attorneys Caudill and Caudill.

Arrangements have been made for boys from needy homes to collect the things usable in the program. They will be paid a small fee for this work. According to tentative plans, collections will be made each second Saturday.

Materials left at Mrs. Davis' home will be taken immediately to headquarters. Persons interested in this non-profit undertaking are urged to co-operate with the committee.

Two Jailed in Robbery

at the scene of the hold-up.

After he and his employer had eaten at a local restaurant, Conley stated, they permitted two women, later identified as Mrs. Linda Hunter and Mrs. Laura Slusher Bradley, of Martin, to ride with them as they drove up-river. At Joseph's Camp, Winchester, six miles from here, they stopped. He drank some whisky, his employer drank half a bottle of beer and a cup of coffee, Mrs. Hunter danced. While there, Conley said, he first told officers, County Attorney Forrest D. Short and Magistrate W. A. Wills, the robbery was plotted. "I will hold the guy up and then you drive on," he quoted an unidentified man as saying. Subsequently, he identified Harry Ranier, Prestonsburg, as the man with whom he talked, but quoted Ranier only as saying, "There's going to be some robbing."

It was shortly after Cantrall, Conley and the two women left Joseph's Camp that the hold-up took place.

Ranier said he talked with Conley after the fruit dealer had unintentionally produced a \$20 bill, reminding Conley that "if you don't take care of your

partner, there'll be some robbing going on."

During final questioning Monday afternoon at the jail, Conley named Estill Joseph as the man who held two guns on him while Cantrall was being removed from the truck, and identified Dick Clifton's taxi as the car set at the hold-up spot. Joseph's brother Denzil, drove the taxi Friday night, it was said.

The two women failed to identify either the automobile or Joseph. They said Conley was "wild drunk" and did not permit them to leave the truck until they reached a point, a short distance above Martin.

Cantrall could give no details of the hold-up.

Officers making arrests and investigating the case were Constable Marvin Marshall and Deputies Luther Osborne and R. N. Harrison.
