FESTIVAL QUEEN AND HER COURT

—Photo by Strahan

This was the scene Saturday at the coronation at the entrance of Prestonsburg high school of Miss Charlotte Newsome, of Wheelwright, as queen of the Music Festival. Reigning beauties of eight high schools compose her court.

The display of new spring bonnets is, it has been hinted, one reason for the crowds which attend church on Eastern morn. This undoubtedly was what led the Biblical Recorder, North Carolina Baptist paper, to go poetic 'way back when the gals were "bustling" off to church.

'Attend your church,' the parson cries, To church each fair one goes; The old go there to close their eyes, The young to eye their clothes.

THESE NAMES! You can trot out all the oldies about what's in a name, a miss being as good as a mile, etcetera, etcetera, on this one.

When James Laferty, Sparks Brothers bus driver, shoved off from here, Beaver Creek bound, last Thursday, two of his passengers were young men from Chillicothe, Ohio. Their tickets routed them from Chillicothe to Ashland, from Ashland to Prestonsburg, then from Prestonsburg to Eastern, Ky.

Right on the beam, James drove into Eastern. "Where you want off, fellows?" he inquired as he broad in view of the village, its broad acres, its one store and one garage.

"Let us off at the college," was the reply. "College? Hell—there's no college in Eastern!" somebody chortled.

And so the two youngsters, who are slated to play football during their collegiate days, learned that Eastern Kentucky State College, where they were due next day, is at Richmond Ky., and not so far east as Eastern.

SWEET AND LOW

Our own unofficial census of Prestonsburg, as of Wednesday night, placed the negro population at seven, and among the seven were the four Deep River Singers and their accompanist. Could all colored folk sing like that, we'd be glad to see their local census figures jump upward.

Such harmony surely cannot but promote greater accord between the white and negro races.

IT WAS ALWAYS THUS

After several years of dodging everything from moving vans to Baby Austins, I am fairly well convinced that a woman doesn't do the job of tearing up her own automobile and that of whomsoever she may meet with any more thoroughness than a man can and does. In fact, I am persuaded that a woman can do the job with a delicacy that makes the male of the species look like the rude tank driver that he is.

FW TO OFFER SCHOLARSHIP

To Outstanding Senior Of County for 2nd Year, Post Decides at Meeting

Walter K. Bowling Post, Veterans of Foreign Wars, will continue its scholarship award this year. It was announced following last Friday night's meeting of the Post.

The scholarship, first awarded at the countywide Commencement here last May, is for \$100 and is also to be awarded this year at the Commencement exercises. The award is made to the county's outstanding high school senior, on the basis of competitive examination.

Under the veterans' scholarship plan each school principal will, by his own methods, designate his outstanding senior. Then the nine select students will compete in an examination conducted here by the County Superintendent's office, the winner of that test to receive the award.

Prestonsburg Man Will Be Succeeded By Marcus Redwine

Joseph D. Harkins, Sr., Prestonsburg attorney who was elected president of the Kentucky Bar Association a year ago, will take office at the end of the Bar Association convention being held in Louisville this week. Mr. Harkins succeeds George S. Wilson, Owensboro, retiring president who presided at the convention.

A successor to Mr. Harkins, Marcus C. Redwine, Winchester, was elected Bar Association president Tuesday to take office at the 1950 convention.

This afternoon (Thursday), Vice-President Alben W. Barkley and Congressman Thurston B. Morton were convention speakers, and tonight the speaker will be Leonard W. Brockington, Ottawa, Canada, special wartime assistant to Prime Minister MacKenzie King.

HUGE CROWD GATHERS HERE FOR FESTIVAL

Critic Says Music Fest County's Best As 1,000 Take Part in Program

"The third time is the charm," axiomatically speaking, and the axiom held true for the charm the third annual Floyd County Music Festival held here Saturday for an estimated 5,000 persons who jammed the sidewalks of the town for the big parade of school floats and bands and who crowded the grade and high school buildings for the subsequent vocal and band performances.

"The county's biggest and best Festival to date, and one of the state's greatest," said a visiting critic-judge.

"This Festival for this one county doesn't have to take second place even to regional festivals," he declared, adding: "And the girls are getting better looking every year."

In fact, all nine school queens competing for the title of Festival queen were so pretty that a board of judges required four ballots to determine a winner. On that fourth ballot, 14-year-old Charlotte Newsome, Wheelwright high school sophomore, and a daughter of Mr. and Mrs. Alonzo Newsome, of HI Hat, was declared the Festival queen. The vivacious youngster's poise provided her the winning margin over Frances Sue Layne, also a 14-year-old, and a resident of Tram who is a freshman at Betsy Layne high school.

On the first ballot five of the nine girls shared first-place votes.

Maytown high school's float, depicting through decorations and tableau the theme of music through the various music forms and age groups, was declared the winner in that division, with Wayland high school's float and its portrayal of Gilbert & Sullivan's "Robin Hood" placing second.

At Martin Friday, instrumental work of the schools was held as a part of the two-day festival.

CANAL FIGHT DRAWS NEAR

Delegates Converging On Washington To Make Final Plea To Congress

Delegations from every county of this section of Kentucky and from some counties of West Virginia left Tuesday for Washington, D. C., where they, as representatives of the Big Sandy Valley Association, were hosts Wednesday evening at a dinner meeting at the Mayflower hotel to Vice-President Barkley, Chief Justice Vinson, Kentucky and West Virginia members of both houses of Congress.

The dinner marks the beginning of the section's final drive for congressional approval of locks and dams for the Big Sandy river.

All Eastern Kentucky counties were represented at a meeting held Saturday at the Paintsville Country Club of canalization boosters. In addition to the delegates from Floyd and neighboring counties, the Paintsville meeting was attended by a group from Williamson representing Mingo county, W. Va., and a Martin county delegation brought resolutions from the Martin fiscal court and the county board of education endorsing the canalization project.

In Washington from this county are Circuit Clerk W. W. Cooley, County Attorney W. W. Burchett, Sheriff Troy B. Sturgill and W. A. Malone, of Allen.

Immediately ahead lies the work of getting a favorable report on the project from the Public Works committee of Congress before the fight on the floor develops.

REDISTRICTING POLITICS HIT

Commission Member Proposes To Curb Assembly Action

Recent creation of one new Eastern Kentucky judicial district and the reshuffling of others, including the 31st caused a member of the non-partisan Constitution Review Commission this week to propose a Constitutional amendment which would make a recommendation by the Court of Appeals necessary before a new district can be created or old boundary lines changed.

Judge Ira D. Smith, Hopkinsville, who proposed the Constitutional amendment, remarked:

"I am afraid the General Assembly has been playing a little politics with judicial districts."

At the regular 1948 session a new district was created, allegedly to provide Ervin Turner, of Jackson, a circuit judgeship, and in the shuffle Floyd and Knott were separated in the 31st, Martin county being added to Floyd and Knott being thrown with Magoffin. Other changes made Pike and Boyd separate districts with courts of continuous session.

Despite the protests of Floyd and Knott county, in particular, the redistricting measure was voted.

Other proposals of the Commission were:

- 1. Lifting of the \$5,000 salary limit up to \$12,000 a year for state officials and the mayor of Louisville, up to \$8,400 for circuit judges and up to \$7,200 for local officials.
2. Repeal of Section 98 which makes fees a part of the salary drawn by Commonwealth's Attorneys. Judge Smith suggested the General Assembly be empowered to set straight salaries for Commonwealth's attorneys, county attorneys and city prosecutors, all of whom under present law depend on the fee system for greater part of their pay.
3. An amendment providing that county judges be required to be practicing attorneys in good standing.

FISCAL COURT SETS SALARIES

Continues 2 Agencies; Tax Levy Unchanged From Rate of 1948

Services to Floyd county of the health department and county agent were continued by the fiscal court's unanimous approval Tuesday, with appropriations to both agencies unchanged from last year's figures.

At the same meeting the court fixed tax levies and the salaries of officials for the four years beginning with next January when newly elected officials will be inducted to office.

The salary schedule, which is identical with that fixed four years ago, is: County Judge, \$4,200 a year; County Attorney, \$1,800; Jailer, \$1,100.

FOUR SCHOOLS IN PIKE MEET

Floyd Musicians Among 500 Pupils In Two-Day Showing of 135 Events

Four Floyd county schools will be represented among the 15 high schools and 500 students taking part in the regional music festival to be held at Pikeville College, Friday and Saturday of this week. They are Prestonsburg, Betsy Layne, Martin and McDowell. Climax of the festival will be the all-festival band concert at 6:30 Saturday evening and the all-festival chorus at 7:15.

Judges for the 135 events are James E. Van Peursem, head of the music department of Eastern State College, and Marvin George, in charge of the music department of Morehead State College. The festival gets under way Friday morning at 9 o'clock in Wickham Chapel.

Jesse Elliott, supervisor of music for Floyd county schools, will be chairman for the two instrumental music sessions which will be held in the auditorium of Pikeville high school Friday at 1 p.m., and Saturday morning at 9.

The festival this year has both competitive and non-competitive events. Students receiving the highest ratings in competitive events will go to the state music festival.

Other high schools represented will be Pikeville High, Pikeville College Academy, Belfry, Dorton, Hazard, Helliwell, Jenkins, Johns Creek, Paintsville, Virgie, and Whitesburg. Forrest E. Albert, of the Pikeville College music department, is in charge of festival arrangements.

Martin Grand Jury Sees Threat of Bitter Feuds

Feudin' and fightin' is a threat in Martin county, and if something isn't done it may become the real Hatfield-McCoy, the grand jury of the Martin circuit court declared in its final report recently to Circuit Judge Edward P. Hill.

"We have found some bitter feuds among certain families that are now approaching the danger point," said the report. "We recommend to the County Judge that all these vicious and dangerous characters be put under heavy peace bonds till they learn to control their tempers and bad dispositions."

The report, written and signed by W. B. Ward, foreman, covered in most original style the Martin county picture at some length.

Crime the grand jury found "on the decrease." "We have found only two places in the county where moonshining is suspected. Both of them are on upper sections of Wolf Creek."

The jury reported organized gambling and bootlegging in Inez, the county seat, however. "It is our consensus of opinion that the citizens seem to be

Columbian Fuel Official To Give Service Awards To Workers Saturday

R. P. Rogers, safety and personnel supervisor, is in charge of arrangements for a dinner at which the Columbian Fuel Corporation will honor 46 of its Kentucky employees who have served the organization for more than five years. BOARD OKEHS FIRM'S OFFER

To Build Auditorium For School at David; To Move 2 Schools

The Princess Elkhorn Coal Company's offer to pay half the cost of an auditorium to be erected contiguous to the present school building at David was accepted at this week's meeting of the Floyd County Board of Education, and bids are expected to be asked from contractors as soon as the company supplies the Board plans and specifications.

Total cost of the structure, which will be of cinder block, was estimated at \$14,000. The building will be approximately 50 feet wide by 70 feet in length. Besides serving as an auditorium, it may be utilized for Physical Education classes, it was indicated.

The Board authorized Superintendent Palmer L. Hall to advertise for bids on the razing, moving and reconstruction on new sites of two school buildings in the Johns Creek reservoir area. These are the one-room Dewey school, which will be moved to a site on Corn Fork of Brandy Keg, and the two-room lower Buffalo school which will be moved to lower Caney Fork of Middle Creek.

The schools, the government has directed, are to be moved from the reservoir area by May 31.

Attack on Indictment Disrupts Grand Jury

LABOR FETE SITE NAMED

Union Picks Pikeville; 1,500 Miners Observe Lewis-Mitchell Day

Noble Hobbs, chairman of the U.M.W. Labor Day celebration committee, announced last week that the 1949 Labor Day observance of District 30, United Mine Workers of America, will be held in Pikeville. Last year, the celebration was held at Jenkins.

The event, to which John L. Lewis, U.M.W. president, will be invited, is expected to attract a crowd at least as large as last year's, estimated at 40,000 which jam-packed Jenkins.

Labor Day committeemen from this county who attended the meeting at which Pikeville was selected as the celebration site were Willie Tackett, Ligon, Vadis Newman, Wheelwright, Johnnie Stegall, HI Hat, and Roy Shipman, Hueysville.

In Pikeville last Friday 1,500 miners celebrated Lewis-Mitchell Day. They heard music by local entertainers, including the Pikeville high school band, and speeches by President Sam Caddy of United Mine Workers District 30, and Tom Raney, U.M.W. local board member.

Caddy told the miners to expect a fight this year to get operators to accept welfare provisions in their contracts. He also reviewed the accomplishments of the U.M.W., especially with relation to welfare, in the past eight years.

This celebration, an official contract holiday, variously is called Mitchell Day and Lewis Day—for John Mitchell, the union's first president, who won an 8-hour day for the miners, and John L. Lewis, the present U.M.W. chief, who has won them many other concessions.

PHONE CASE SET FRIDAY

Hearing in Frankfort Set by Judge Ardery; Louisville Is Party

Circuit Judge W. B. Ardery has called for arguments in the \$2,000,000 Southern Bell Telephone & Telegraph Company rate case and has set the oral arguments for April 8 in circuit court at Frankfort.

The judge also sustained a motion to allow the city of Louisville to intervene in the dispute. The city was given 10 days to file an intervening petition.

Ardery ordered briefs from Southern Bell by March 12 and from the Public Service Commission by April 5.

Last November 9 the commission turned down Southern Bell's application for a \$2,000,000-a-year rate increase in Kentucky. On November 13, the company appealed to Frankfort circuit court and got an injunction restraining the commission from enforcing its ruling.

The company has been charging the \$2,000,000 rate increase since last July 16 under bonds guaranteeing refunds to customers in event any or all of the increase finally is denied by the courts.

CLUB SCORES SCHOOL HEAD

For Lack of Cooperation In Staging Benefit Show At Betsy Layne Tuesday

Alleged refusal of cooperation in staging a benefit amateur contest at Betsy Layne Tuesday night placed D. W. Howard, principal of the Betsy Layne high school, under fire from two Floyd county civic organizations.

The Prestonsburg Kiwanis Club, in its meeting tonight (Thursday), and the Boy Scouts on next Friday night, were scheduled to take action condemning Mr. Howard for his attitude, contest managers announced.

The Betsy Layne event was to be the last of a series of amateur trials in eight communities conducted as preliminaries to the final contest scheduled here at 7 p.m., tonight.

5 NOT LISTED AS TAXPAYERS DISQUALIFIED

Judge Hill Tells Jury Of U.S. Liquor Permits Issued to Floyd Countians

An attack on three indictments made at the January, 1948 term of court disorganized the April term of court here on its first day Monday and resulted in five members of the grand jury being dismissed as not legally qualified for service.

The five were not replaced until Tuesday morning, and then only with difficulty. But the disrupted court had only one day of work until another interruption took place.

The trip to Washington for early stages of the Big Sandy canalization fight and the meeting of the Kentucky Bar Association in Louisville claimed the attention of several attorneys and officials, and so court adjourned Tuesday afternoon, to re-convene next Monday.

The grand jury shake-up came when H. R. Burke, counsel for Matthew Napier, of Lackey, filed a motion to dismiss three indictments against his client on the grounds that the bills were filed by a grand jury, two of whose members were not on the tax lists and who, therefore, were not legal jurors. There was nothing for the court to do but to comply with Burke's request.

Immediately, Circuit Judge Edward P. Hill saw the necessity to inquire carefully into the qualifications of grand jurors whom he had already instructed and set to work with the Rev. B. W. Craft, of Water Gap, as foreman. As a result, it was learned that four women and one man on the jury were not on the tax lists, and they were discharged.

Napier was accused by the January, 1948 grand jury of selling whiskey, of possessing whiskey for sale and of operating a gaming place.

The grand jury challenge was the first ever made in court here, it was said. A similar action was taken in a Knott circuit court case recently, and over the state similar cases have arisen.

The taxpayer qualification disqualifies most women from jury service. Judge Hill said, however, members of petit juries will not be questioned.

TO RELOCATE 718 GRAVES

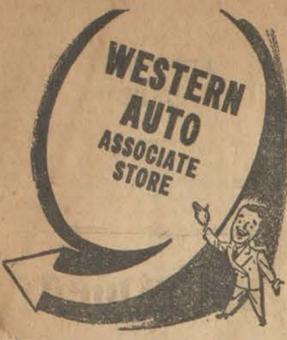

Bids on Johns Creek Cemetery Relocation Sought by Engineers

The work of relocating graves now in the Johns Creek area on Johns Creek and reinterment of 718 bodies will probably begin around May 15, it was said this week after the U.S. district corps of engineers had announced that bids of contractors on the grave relocation project will be opened at Huntington, W. Va., April 19.

Within two months the Ryan Construction Company will have reached the stage of operations, it is predicted, which may be described as the mopping-up process, with all principal installations made. Its contract is now 93 per cent complete, and clearing project of the Wyoming Valley Nursery in the Johns Creek valley was three-fourths finished with the beginning of this month.

Now complete is the 160-foot steel service bridge which connects the dam itself with the control house, and beginning is the work on the superstructure which rises above the level of the dam to house machinery to operate the outlet works. A three-day strike of 24 carpenters for higher wages at the dam ended Thursday morning, with the men returning to work. There was no change made in the wage scale, it was said here.

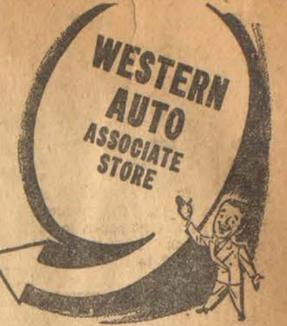

Acquisition of property rights in the area remains as one of the major jobs to be done before the impounding of water begins. Relocation of highways, a work to be done by Floyd county or its contractor, may be started soon.

### Red Cross Drive Nears \$6,400 Goal in County; Closing Date Deferred

Floyd county's Red Cross Chapter stood this week in the shadow of its \$6,400 goal and with another \$500 added to funds already contributed will have reached, for the first time since 1945, its full quota.

This was the word which went out this week as J. R. Hurt, county drive chairman, urged all co-workers to report on the success of their efforts at once.

At the same time, it was announced that the drive has been extended till April 15. Persons who have not been contacted personally for contributions were asked to mail whatever amounts they wish to contribute to Floyd Chapter, American Red Cross, here.

### Ringworm Epidemic Here Under Control As 15 Believed Cured

Prestonsburg's ringworm epidemic definitely is past its peak, with no new cases discovered and perhaps as many as 15 cured, Mrs. Pauline H. Sparks, of the Floyd County Health Department office staff, said this week.

The clinic founded by the health department continues at the grade school building, with volunteer workers assisting health department nurses. Dr. Marvin Ransdell, director of the health department, is absent on the advice of his physician and is resting at the home of his daughter, Mrs. Jay Shields, Wichita Falls, Kansas.

TIMES WANT ADS PAY—

6  
(Continued from Page 1)

These contests have been sponsored by the Kiwanis Club in cooperation with the Boy Scouts of Floyd county. Half of the proceeds were to benefit the Boy Scout drive for funds and the remainder to go to the Floyd county community service projects of the club which include the purchase of boxing gloves and other paraphernalia for the club's proposed athletic programs in the county high schools.

At the time the contests were launched, Max Burns, president of the Kiwanians, contacted Mr. Howard, he stated, and reached an agreement on the Tuesday night date. Advertising for the Betsy Layne show was forwarded to Mr. Howard on March 18. Franklin Moore, one of the managers, said, but on last Monday morning a telephone call from James George, secretary-treasurer of the Businessmen's club of Betsy Layne, informed him that none of the advertising was posted and he wished to know if the contest had been cancelled. Moore informed Mr. George that they had assumed that everything was progressing according to schedule and, fully expecting the event to materialize, asked him to announce the contest at the Parent-Teachers Association meeting on Monday night.

Mr. George's announced plans were interrupted, however, he told The Times, when the P-T-A meeting was highlighted by Mr. Howard's statements notifying the assembly that no amateur contest would be held on Tuesday night to benefit the Prestonsburg Kiwanis Club. He was quoted as saying he didn't believe in taking the money out of Betsy Layne and sending it to Prestonsburg. He added, this report says, that he "wouldn't allow the contest and, furthermore, if Prestonsburg needs any money then I am in favor of digging into our own pockets and making a donation."

Thus, said the managers of the contests, came Tuesday night—no place to show, no contestants, no crowd, no show.

The managers, Franklin Moore, Eugene Brown, and Max Burns, praised the reception and cooperation accorded them in conducting the amateur events in the other Floyd communities prior to the Betsy Layne incident.

Although the Betsy Layne section will have no representation in the finals tonight (Thursday), the managers anticipated more than 20 acts from over the county and a large crowd in the Prestonsburg grade school auditorium to witness the contests. Winners in the finals will receive cash awards and a chance for radio auditions. Cash awards were given the winners of the preliminaries.

### Estill Woman Dies On Way to Hospital

Mrs. Annie Mae Lazar, 39 years old, wife of Stanley Lazar, of Estill, died Monday while en route to a hospital. Death followed a brief illness.

Mrs. Lazar was a native of Harlan county. She is survived by her husband and 10 children, Stella Mae Stogner, Thelma Lee, Luther Lewis, Vernon, Barbara Ann, Ruth Helen, Kenneth Ray, Carol Sue, Walter Stanley and Reginald Gene Lazar. One brother and four sisters also survive: James Walter Graham, Neon, Mrs. Lily Leach, Fork Ridge, Tenn., Mrs. Massie Picklesimer, Sitka, Mrs. Grace Yeary, Neon, and Mrs. Bonnie Bakay, Wheelwright.

The funeral was conducted today (Thursday) from the Freewill Baptist Church at Estill and burial was made in Glo cemetery.

### Notice to Bidders

Up till its regular meeting on May 3, 1949, the Floyd County Board of Education will receive bids on the tearing down, moving and reconstructing of schools on new sites, as follows:

One-room school (Dewey school) on Lower Johns Creek to a site on Corn Fork of Brandy Keg.

Two-room school on Lower Buffalo to a school site in District No. 9 on lower Caney Fork of Middle Creek.

The U.S. government requires these to be moved by May 31, 1949. Bidders' blanks may be procured from the office of the County Superintendent. The Board reserves the right to reject any and all bids.

Also unchanged are the tax levy figures: 50 cents per \$100 valuation on real estate and personal property; 20 cents per \$100 on the same property for the bond fund; \$1.50 poll tax; 20 cents on each \$100 cash value of bank stock; 1 per cent of the market value of crude oil produced in the county; 2 per cent tax on forest lands for fire protection service.

W. J. May, cashier of The Bank Josephine, was re-elected county treasurer at a salary of \$75 a month, and he also was employed for \$150 to represent the county in the settlement with the Sheriff.

A Playground and Recreation Board, originally set up last December by the fiscal court under a Kentucky statute for the benefit of a recreation project at Drift, was reorganized with the appointment of five men to the board at Tuesday's meeting. The Board was created to receive and collect funds and to perform necessary acts to acquire land, construct, operate, maintain, supervise and dedicate a playground at Drift for the public use and benefit.

Named to the Board were: George L. Moore, McDowell school principal, for a one-year term; W. L. Reed, J. C. Cooley, R. W. Ankrom and Roe Turner, all of Drift, for terms of two, three, four and five years, respectively.

Deputy Sheriff Harold Conn, who was employed several months ago to collect delinquent taxes at a commission of one-third the total collected, reported collections of \$620.37.

The court voted to call on the State Highway Department to repair the bridge which spans the Big Sandy at Banner, using money from the Gasoline tax fund.

The Festival program here began at 10 Saturday morning with the parade of floats and bands. During the day 100 music events took place with three sections operating simultaneously to conclude the day's activities by 9:30 p.m., and to permit out-of-town residents to attend. The all-Festival chorus and all-Festival band concerts concluded the day.

Approximately 1,000 Floyd county music pupils took part in the two-day program during which, critics said, performances of superior quality were given. Here, seven bands took part in the grade school auditorium. Six bands marched in the parade, accompanying nine floats representing each high school. James Salisbury, Martin high school principal, was parade marshal.

Countywide cooperation was enlisted by music teachers and music department sponsors. The Boy Scouts assisted in the placing of seats and in other activities to expedite the program. Individuals supplied trucks for floats, garages helped with the preparation of the truck-floats, and two stores here provided exhibits.

Jesse Elliott, county band director, with these music teachers and sponsors, led preparations for the two-day program: Kathlee Hayes, Garrett-Wayland teacher; Mrs. Thomas Patrick, Maytown teacher; Margaret May, Martin teacher; Mrs. Olive Rose Hall, McDowell teacher; Mrs. Irene B. Frazier, Wheelwright sponsor; Carl Woods, Auxier sponsor; Mrs. Oval B. Hall, Prestonsburg sponsor, and Mrs. Carlos H. Haywood, Betsy Layne teacher.

Miss Ida Weidman, Virgie band director, was observer at the festival, and Norman Lewis, Bowling Green, was guest conductor. Critic judges were John Lewis, Pikeville band director, Walter Nance, former band director at Pikeville, William Combs, Bowling Green, M. D. Hoffman, Elkhorn City band director, and Nick Koenigstein, Paintsville band director.

Highly elated as they were over success of the Festival, band directors and music teachers planned even greater improvement during a dinner meeting, Saturday evening, at the Brown hotel here. Later, these and several guests planned a meeting following next Saturday's night session of the regional music festival at Pikeville, to effect the organization of the Big Sandy valley music teachers and band directors.

## Floyd County Times

Official Organ for Floyd County, Ky.

Published Every Thursday by

Prestonsburg Publishing Co.

Entered as second class matter June 18, 1927, at the postoffice at Prestonsburg, Ky., under the act of March 3, 1879.

### SUBSCRIPTION RATES

In Floyd county, \$2. Elsewhere in Kentucky, \$2.50. Outside Kentucky, \$3.00.

### Might Picket Them

MONDAY morning, Circuit Judge Edward P. Hill told the grand jury of the Floyd circuit court that he had been handed a list numbering between 20 and 30 Floyd county residents who have procured federal licenses to sell whiskey.

Those who heard this announcement doubtless arrived at two conclusions:

These who have gone to the expense and trouble to get federal licenses either are now selling whiskey in dry Floyd county or are "a-fixing" to; and they regard the federal government with enough fear and respect to take steps which remain within federal law but at the same time waggle a figurative thumb at state and county law.

Names of these being known, it would appear that if law enforcement officials still can find no means of pinning onto them their guilt, they might take a page out of the book of organized labor and throw a picket line in front of these 20 to 30 places of business.

Ridiculous, that suggestion? The whole situation borders on the ridiculous.

### What We Drink

COMES to mind the recollection of a farmhouse where, years ago, there were a number of "work-hands," rough, tough youngsters who could endure a lot.

They could put the shoulder, all day long, to a cant-hook, and come in at night in a frolicsome mood. They would drift sawlogs with the snow flying, come in with their clothing frozen, pile up before a log fire, thaw themselves out and let their garments dry on them. And there would never be a sniffle the next day out of one of that hardy bunch.

But when a dead dog was found in the well, one morning, these fellows acted like sissies. Their nausea was audible for yards.

We say they acted like sissies, because we are comparing them with us folks of today; with men, women and children who drink water from the Big Sandy river and other streams of the section. Why, that water is little better than doctored sewage; it is water mixed with the stinking spew of a hundred sewers and the putrefaction of countless dogs, hogs, cats and other animals. And we are not nauseated, are we?

Let one of our modern water "purification" systems—Prestonsburg's, say—fall for one hour without that failure being detected. Can you imagine the epidemic that would be certain to result?

We who are dependent upon polluted sources of water live, every minute, in much the same position as that of a community nestled in a valley below a mighty dam which could break at any moment, without warning.

And we will continue so to live, or to die, until a public consciousness is so aroused to the facts that the people and those who as officials serve the people put a stop to this criminal business of water pollution.

### The Festival Points the Way

LAST Saturday's Music Festival here should have proved to the faint-hearted that Floyd county can successfully stage, if it wants to do so, a Sesquicentennial celebration this year.

The originality of the nine floats representing the county's schools, the color and smooth operation of the Festival as a whole, is proof positive that in the schools themselves, and among their patrons, are sufficient industry, initiative and talent to make this proposed Sesquicentennial, the observance of the county's 150th birthday, highly worthwhile.

If those who worked so hard and so effectively for the Festival could be joined by others whose abilities not

yet have been dedicated to such a county-wide effort, the result would be one of those finer things we dream of for Floyd county but which we do so little toward realizing.

Well, at least we have the Festival. It is encouraging to know Floyd county's girls and boys will be back next year with their pageant of beauty and symphony of sound.

But it isn't so comforting to know that we have only a few short months left for the Sesquicentennial, and that it isn't a thing which will come again ever.

### New K-F "Traveler" Is Two Cars In One

SOMETHING NEW in the automobile industry is the "Traveler," a lower-priced '49 multi-purpose sedan being introduced by Kaiser-Frazer dealers. To all appearances it is a conventional four-door model. But the rear seat cushions fold away and the entire back opens to provide access to more than 130 cubic feet of cargo space. When not in use as a carry-all, the "Traveler" is a deluxe, six-passenger family sedan. The cutaway-view shows how the seat cushions and hinged rear panels function.

ter, No. 424, and Adah Chapter, No.  
24, Prestonsburg, here last Wed-  
nesday.

Among other distinguished guests  
were Mrs. Josephine Harkins Brown-  
ing, most worthy grand organist of  
the General Grand Chapter; Irvin  
Arrowood, past grand patron of the  
Grand Chapter of Kentucky; Mrs.  
Helen Gross, grand conductress,  
and Mrs. Grace Lyons, grand or-  
ganist, of the Grand Chapter of  
Kentucky; Mrs. Anis Franklin, de-  
puty grand matron, and John Hamp-  
ton, deputy grand patron, of District

ter giving the opening ceremonies,  
balloting and closing, and Wayland  
Chapter exemplifying the work.

In memory of her mother, Mrs.

ter member of Adah Chapter, Mrs.  
Josephine Browning presented the  
chapter with two hundred and  
twenty-four life memberships in the  
International Temple at Washing-  
ton, D. C. This makes Adah Chap-  
ter a 100 per cent membership in  
that organization with a total of  
two hundred and twenty-eight at  
the beginning of the present year.

Worthy Grand Matron Mrs. Klos-

chapters presented gifts to the dis-  
tinguished visitors.

A collection of \$12.85 was taken to  
be divided equally between the two  
chapters of the Eastern Star Home  
fund.

The chapter room was beautifully  
decorated and the vocal and instru-  
mental music added much to the  
occasion. At the close of the meeting  
refreshments were served by the  
hostess chapters in the dining room.

**Search Warrant for Man  
May Be Sworn By Spouse**

The theory held by some Floyd  
countians that a woman may not  
legally swear out a search warrant  
for her husband was exploded by  
Assistant Attorney General Squire  
N. Williams, Jr., last week.

In a letter addressed to a client  
of H. R. Burke, Prestonsburg at-  
torney, Williams said he had no  
knowledge of any Kentucky statute  
which forbids a woman taking such  
action against her spouse.

The nine physicians attending the meeting discussed the Kentucky health insurance plan and voted to hold meetings three times a year. The next meeting will be held in May, the exact date and place to be announced later.

In addition to the officers elected, physicians attending the meeting were Dr. Aker, of Lackey, Dr. Claude Allen, Dr. H. R. Stratton and Dr. J. A. Stumbo, all of Martin, Dr. George P. Archer, Dr. A. J. Davidson and Dr. J. G. Archer, all of Prestonsburg.

**Band Mothers Sponsoring  
Concert Here Next Week  
To Raise Needed Funds**

Prestonsburg's "Band Mothers," hard-pressed to meet through their own efforts the financial responsibility of paying for music, instruments and uniforms for the high school band here, will attempt to raise money to pay their present debt of around \$600 by sponsoring the band in a concert Friday evening, next week, at 7:30, it was announced Tuesday. The concert will be given at the grade school auditorium.

There is currently a need for uniforms as new members are added and as uniforms are outgrown by the boys and girls, a spokesman of the group pointed out, but the present drive is for funds to pay for things already bought for the band. The senior band has approximately 50 members, with almost as many in the junior band.

**CARD OF THANKS**

However that may be, and my personal feelings in the matter notwithstanding, the record as far back as the ancients indicate that any kind of moving vehicle in the hands of a woman, except a baby carriage, is a juggernaut headed right up your particular alley, bent on dumping assorted parts of you, along with parts of her car, in the niche between your hot water heater and the wall of your basement.

A little better than 200 years before Christ, the Romans got busy with their whereases and spread on the statute books a piece of legislation making it again the law for a woman to drive a chariot. That started trouble, of course, with the women demanding their rights and, after storming the Capitol and roughing up various and sundry Senators, getting them, Marcus Cato helped the gals out with a ripostin' tearjerker of a speech about the nobility of womankind, the gem of her race, and all that.

Meanwhile, over in Athens, an old meane yelet Lyeurgus lobbied around till he got a law passed clamping down on woman drivers. And who do you think was the first to break that law? Mrs. Lyeurgus, naturally.

And so the story goes. The wimmen-folk broke into the news in Cincinnati in 1891 when they, it was alleged (we are careful to say), caused 25 out of 30 carriage accidents.

More recently, some churlish wag said, "When a woman signals a right turn, it means she's going to turn."

The record does show, however, we regret to report, that we men have introduced most of the innovations to motor mayhem. A case in point is found in the fact that this one-arm driving business has almost exclusively been practised by us Barney Oldfields who, even if we swing wide on a curve and wind up staring another driver in the face, mumble in our whiskers, "Another fool woman driver!"  
God spare us all!

Only in cases where validity of the indictment is questioned on this ground when the case is first called for trial can the grand jury's indictments be nulled, it was said. Those in which trial has begun or completed are not affected by the fact that a non-taxpaying citizen acted as a grand juror.

Judge Hill's instructions to the grand jury Monday morning were brief and were devoted, mainly, to the liquor traffic. He prefaced his remarks on the liquor question with the statement that as he entered the courthouse, a short time earlier, he had been handed a list of between 20 and 30 residents and clubs of this county who have procured federal license to sell liquor. "It looks like somebody is dealing in whiskey," he added.

"You even find empty bottles—dead soldiers—all around the courthouse," he commented. Yet, he admitted, the task of getting at the bootlegging business is difficult. "A year ago," he added, "98 witnesses were summoned and only two indictments were made. Some forget, some dealt only with strangers. It's hard to find people who will tell the truth."

An ardent conservationist, the judge, as on all court-opening occasions, admonished the grand jury to investigate the spreading of forest fires. "It is such senseless destruction," he said, "to burn decaying vegetation on the hillsides and to permit the fire to destroy young timber." He informed the grand jury that the spreading of forest fires may result in two forms of indictment, one for careless destruction, the other for willful; one a misdemeanor, the other a felony.

I have served you heretofore and always have been ready when you called. I have fought for your interest at all times and have never failed to have my district share in anything that comes along. You all know that I am ready to accommodate you any time you call, whether rich or poor. Why change when you have a man who will do the job?

## Wayland Wins Invitational

### Big Sandy Baseball Leaguers Complete Eight-Team Circuit

Reorganization and adoption of plans for the 1949 season of the Big Sandy Baseball League was virtually complete following a second league meeting, in as many weeks, at Allen last Sunday.

W. A. Malone, Big Sandy League president, who was voted proxy for the fifth consecutive year, announced the loop will be an eight-team league with Harold, Allen, Prestonsburg, Martin, Pikeville, Price, Wheelwright and Weebury.

Three of the member communities represented in the BSL also have teams in the Elkhorn Baseball League which was recently formed. The three towns, Wheelwright, Weebury and Pikeville, have lighted parks where teams of both leagues can schedule night games.

### PREP CHAMPS IN PRACTICE THIS WEEK

30 Candidates Report; Replacements Sought For 11 Regulars Lost

Facing the loss of 11 regulars from last year's squad that captured the 1948 Kentucky high school baseball championship, the Prestonsburg Blackcats started practice for the 1949 scholastic campaign Monday afternoon with 30 candidates reporting for duty.

Replacements for stellar performers like Howard Burchett, pitcher, who was nominated the most outstanding prep baseball player in the state, Set Branham, catcher, who was named All-State, Bill Goble, Jr., left fielder and All-State, Amon Childers, another Blackcat All-Stater at second base, Everett Tackett, shortstop, Herb Weddington, third baseman, Eddie Garber, center fielder, Louis Williamson, utility infielder, "Izzy" Porter, first baseman, Roger Spradlin, utility outfielder, and Henry Louis Mayo, utility outfielder, will be hard to find.

Nevertheless, Coach Wilbur Schu, after viewing his prospects, optimistically stated, "We'll be able to account for ourselves this year. It all depends on hustling and putting forth our best efforts."

Crum reported 10 convictions in 25 fires investigated in Floyd county. The gathered club members were entertained by the showing of two films, one, an Arbogast fishing picture, and the other, on pheasant hunting. The door prize, a Marhoff reel, was won by Buford Rollins, Wayland. A door prize is being awarded at every regular meeting of the club and the winner has a choice among a wide selection of displayed awards.

Madisonville, who replaced the state champion Prestonsburg Ramblers as Kentucky's representative to the 3rd annual Veterans of Foreign Wars basketball meet at Anderson, Ind., was paired to play Akron, Ohio, in the Tuesday opening rounds. Prestonsburg clipped Madisonville, 65-64, in the recent finals of the state VFW tourney at Lexington to win the Kentucky title for two consecutive years. The champs, unable to fill the national bid, passed it to the runner-up.

### Floyd Stars To Tussle Bears

Stumbo, Turner, Lafferty, Jones Named to All-Star High School Seniors Meeting College Five April 8

Four Floyd high school seniors, both of Carr Creek. The All-Stars will have a "star performance" in the person of wily Russell Williamson, Inez, who needs no introduction to basketball fans anywhere in the state. Bill Houchin, who has developed the Bears, this year, into one of the highest scoring outfits in Kentucky, will spur the two year college men to keep up their hooping pace.

The game, under consideration as an annual event, is sponsored by the college to give graduating high school stars an opportunity to taste the "brew of college hardwood activity."

### CHAMPS TRIP MAYO, 66-31, IN 'Y' FINAL

Tourney of 16 Dwindles To Teams of Floyd Men As Last Tilt Is Reached

ALL-TOURNEY NAMED

Floyd county competition decided the championship last Wednesday night at Ashland in the final game of the 13th annual Eastern Kentucky Independent Invitational basketball tournament as the Wayland Lions shellacked Mayo Vocational School's Pirates, 66-31.

Leading by the small margin of 25-23 at the halftime intermission, Wayland operated in true championship style in the last half by scoring 17 to Mayo's six points in the third period and smothering the net with 24 points while the Pirates collected only two in the fourth stanza.

Individual scoring rated Wayland's Hicks high for both teams with 15 points, followed closely by Campbell, DeCoursey and Praley, also of Wayland, with 14 each while Turner, of Mayo, tabbed 11 markers.

The meet, sponsored by the Ashland Y.M.C.A., in the high school gym and spanning a period of 10 days, featured the play of 16 Eastern Kentucky's best teams. Eliminations pared down the original field to two teams when Wayland beat Acme, 45-33, and Mayo erased Carroll, the defending champs, 40-38, to emerge as Monday's semi-final victors.

Wayland's victory marked their third tournament championship of the current year. They recently won an invitational gathering of 13 top-notch southeastern Kentucky teams at Vico by lopsided scores to establish undisputed supremacy in that region. Prior to the Vico meet, the Wayland boys clinched the Floyd county championship in a tourney at Mar. in over teams including the Kentucky VFW champion Prestonsburg Ramblers. The Ramblers later went on to win the state VFW cham-

### NAME COUNTY PREP CHAMPS

In Rifle Shooting Meets Held; Trophies Awarded By Fish and Game Club

Floyd county's champion high school marksmen were announced today by Bernard Baldrige, conservation officer in charge of the rifle matches following computation of scores of nine schools. Nick Cooley, McDowell high school, proved himself the best sharpshooter of the 41 competing boys by hitting 114 of a 150 possibilities.

Two-man team honors went to Edmund Burke and Wendell Ensinger, Prestonsburg, who each smacked the target for 110 for a team total of 220.

The four-man team championship was captured by Charles Nessler, shooting 109, Kenneth Wright, at 90, Billie Workman, 89, and Donald Workman, hitting 82, all for a team total of 370 targets. They represented Prestonsburg.

The last of the county elimination series was held last Sunday with the riflemen of Garrett, Wayland and Maytown competing. Previous matches had pitted the marksmen of Wheelwright, McDowell and Martin in one contest and the Prestonsburg, Auxier and Betsy Layne representatives in another.

Trophies for the winners, provided by the Floyd County Fish and Game Club, were awarded and are being inscribed by the club.

The county champs, in addition to their titles, earned the right to compete in the district match, to be announced later, and progress into the state-wide shooting tests to be held at Frankfort.

### Deer Released In 7th District In Breathitt And Perry Counties

Frankfort, Ky. April 5 (Sp.)—A new record was established during the past trapping season on Kentucky Woodland Refuge by Division and Game and Fish and Pittman Robertson Trapper John DeLine and his assistants, G. C. and Dave Hudson. Up to and including March 23 a total of 203 white-tail deer had been taken in this trio's traps and of that number, 186 were released on Division Management properties.

The 186 were placed on Beaver Creek (McCreary and Pulaski counties); Three Forks (Metcalfe); Robinson Forest (Perry and Breathitt); Kentucky Ridge (Bell) and Mammoth Cave (Edmonson). This stock will be protected on the areas so that they may reproduce and help to restock these sections of the state.

### BV GOLF CLUB STARTS DRIVE FOR MEMBERS

Official Opening Dates Named; Improvements And Building Begun

Launching a membership drive this week, the construction of a new building and various improvements about the grounds mark the beginning of what promises to be one of the most successful years in the history of the Beaver Valley Golf and Country Club.

Announcing the membership drive, Ambrose H. Mandt, president of the club, named three teams to spur action in the solicitation and urged all of last year's 72 members to join in and make themselves a part of the campaign for new members.

President Mandt named to the Prestonsburg team—Robert D. Francis, Ben Stansifer and Bert T. Combs; the Allen-Left Beaver team—Alvin Reed, Drift, Carl Corbin, Prestonsburg, and W. A. Malone, Allen; the Martin-Right Beaver team—George Evans, Estill, Jack Ryan, Martin, and S. C. Berkeley, Wayland.

Estimated to cost \$2,500, a new building to house the showers and lockers is under construction and is expected to be completed very shortly, the club official stated. The new building is adjacent to the clubhouse. An outdoor oven has been built for the benefit of picnickers.

The clubhouse will be opened to members on April 15 and the official opening of the golfing season is set for May 1 with a club tournament. The season will officially close in the fall with another tournament. Other season meets and matched plays will be staged in the interim.

A tournament committee composed of Carl Corbin and Marshall Mahan has been named to take charge of tourney arrangements.

### UK Grads Slated at Pikeville

Groza, Beard, Jones, Barker and Company Scheduled Against State Champs and Junior College, April 14

Billed as the U.K. grads, Alex Groza, Ralph Beard, Cliff Barker, "Wah Wah" Jones, the "Fabulous Foursome" of the Wildcat five, along

with Ken Rollins and Joe Holland, former famed Wildcat, will appear at the Pikeville College gym in Pikeville April 14.

They are scheduled to meet the Pikeville College Bears in the first half of an exhibition game. The second half competition to the U.K. stars will be furnished by the independent VFW state champion Prestonsburg Ramblers.

The Ramblers have with them two former U.K. performers in Wilbur Schu and Bill Sturgill.

The polished performances of the state champs and the junior college five are not expected to cope with the hardwood machinations of the basketballers who have held Kentucky among the top teams of the nation for years but fans are expecting their money's worth in the antics of the famous four and their cohorts.

Particular attention of the spectators will be focused on the capable ball-handling caperings of the crowd-captivating Cliff Barker, the almost perfect pivot pranks of Alex "The Nose" Groza, the floor work of flashy little Ralph Beard and the wallowing scoring whims of "Wah Wah" Jones who is at home in basketball, football or baseball.

Past performances of Rollins and Holland has written history in the U.K. basketball hall of fame. Both are graduates from the Lexington school. The "Fearsome Foursome," another name assigned to Groza, Jones, Barker and Beard by their opponents this year, are seniors.

The barnstormers represent the nucleus of the Olympic champs as well as the backbone of the All-Star East team that beat the All-Star West team, 65-64, at New York Saturday night. This star-studded affair was one of Kentucky vs. the West with Adolph Rupp, Kentucky's coach, tutoring the East squad.

Following the East-West game the Wildcat seniors slated the barnstorming dates despite the frown of disapproval of U.K. President H. L. Donovan who said that it would "embarrass" the school.

After the Pikeville date, the exhibitors will meet the Morehead Eagles in a game at Ashland on

### Bait Casting Tournaments To Feature High School Junior Club Meetings

Bait casting tournaments will be held at each high school at the next meetings of the various Junior Conservation clubs and prizes will be awarded on the grounds, Bernard Baldrige, Floyd conservation officer, announces. Baldrige is supervisor of the nine high schools comprising a membership of approximately 200 boys.

Dates of the meetings are named as follows: Martin, April 13; McDowell, Maytown, Garrett, April 25; Betsy Layne, Auxier, April 26; Wayland, Prestonsburg, April 27; and Wheelwright, April 28.

Mr. Baldrige announced that a Junior Camp will be held for all boys of this district at Dale Hollow on May 31. He said that about 75 Floyd county Junior Conservation club members would attend.

### PLAY BALL!

Wayland's Wasps ushers in the official high school baseball season Saturday at the Lions Park in Wayland by engaging the Jenkins Cavaliers. In the nine games scheduled for the season, Wayland will meet Wheelwright, Garrett, Jenkins and others.

Some of the outstanding prospects in the Wasp line-up are Dennis Crager, Earl Haywood, Ed Martin, Charles Stone, Hobart Adkins, Bob Berkeley, Will Craft, Jack Stewart, Jack Crager, Junior Wells and Tommy Meadows. Coach John Campbell predicts an excellent year for his baseballers.

The average under-water endurance of pearl divers is from 50 to 80 seconds.

### COACHES IN MOTION?

Speculation has it that Andy Gustafson, mentor at Miami University at Miami, Fla., is top prospect for the lucrative coaching job at Syracuse University. The original number of 50 applicants for the position has been cut to only four with Gustafson favored.

The Miami mentor, formerly an assistant to Red Blak at West Point, was added in a very successful season this year at the Florida institution by a staff of capable assistants headed by "Big John" Elbner, 1947 football tutor at Prestonsburg high school.

Should Gustafson move back north, it is rumored in southern circles that "Big John" may get the smile of favor to move into the No. 1 spot at Miami. And should this movement materialize the rumors in the sunshine state, another rumor of local origin will definitely be splashed—that of Elbner coming back here to take up the Blackcat reins where he once left off.

An Associated press news release from Syracuse dated April 1 said that Gustafson was due to arrive for an interview and that he could have the job if he wanted it—and they weren't "April Fooling," either!

### NO MAN'S LAND

It's a "No Man's Land" for the sport most often pursued and promoted by men—the trout stream, Neels Creek, in the Mt. Mitchell Game Refuge in northwestern North Carolina is reserved exclusively for women!

### NEVER BY NOSE!

It depends, of course, where or how you find your fish whether or not it is advisable to determine the age of fish by the inaccurate but effective gauge of one's nose—

### WHIFF IS SOMETIMES SUFFICIENT FOR ONE WHO KNOWS (NO PUN INTENDED.)

In the matter of the reasonably fresh catch, however, a group of canning company scientists, the technicality boys, located near Chicago, have worked out a system of accurately telling on a fish (the females, too!) by just consulting its scales.

By examining a salmon's scales under a microscope, the scientists can determine its age much in the same manner as counting rings on tree trunks. Finding out how old salmon are, and how long they have been in fresh or salt water is part of the procedure in testing the quality of each year's salmon pack.

Ph-e-ew! What will these scientists think of next?

### WOE IS LEAHY

Notre Dame Football Coach Elmer Leahy, who annually is the "low man on the totem pole" with his Irish football predictions and usually finishes the season with high men in the national ratings, has hit a real dripping-down new low this year.

"We'll have the worst time Notre Dame has ever had," moans Leahy. "We'll lose seven games." Past records of the Irish eleven makes one believe that Leahy's outermost sorrow is eventually his innermost joy.

**ABC Tournament To End Saturday After 57 Days; \$300,000 To Be Awarded**

Saturday night, April 9, marks the end of the American Bowling Congress at Atlantic City, N.J., which has meant 57 consecutive days of bowling since beginning Feb. 12.

The 46th annual keger event got under way with 30,000 bowlers paying \$639,474 to crowd the 46 alleys in Convention Hall and vie for a portion of \$300,000 in cash prizes. More than 5,000 bowling teams were a part of the number entered.

Top prize money will be allotted as follows:

The singles winner, \$500; the doubles team, \$1,000; the five-man team winner, \$2,500; the all-events winner, \$1,000. Prizes in smaller amounts will be distributed to the runners-up.

Spectator attendance, averaging around 1,000 per day, is expected to reach 57,000 which will be less than two people watching for every man that bowls. These figures establish an odd ratio for a major sport—so many participants compared to so few spectators per contestant.

**At Paintsville Saturday; This May Be "The" Year Long Awaited By Fans**

Fighting for blood and the bread and butter of their team positions, the University of Kentucky Wildcat football players gave fans of this section a close first-hand insight to college football at Paintsville Saturday night as the White blasted the Blue team, 26-6, in an intra-squad exhibition.

The close insight, provided by the proximity of spectators to players on the small high school field, was also a preview of Wildcat prospects for the 1949 season.

Newcomer quarterback Vito Parilli lived up to advance notices as a triple-threat with his spectacular passing and accounting for other gains as he set up two White TD's in a very businesslike manner. His kicking, which wasn't required Saturday night, speaks for itself on his record last year as a freshman.

The longest run was the 39-yard scamper by Wilbur "Shorty" Johnson, a Paducah product, who sparked the third-quarter surge by the Whites.

Other White team scoring was made by fullback Lee Truman, the President's cousin, who plunged over from the 10 midway in the first quarter, Bill Boller with a five-yard jaunt in the third period and Clayton Webb on a six-yard buck in the final period. Webb scored after carrying the ball to the six on a 28-yard run.

Bob Gain, who operated on the line in earthquake fashion, convinced the fans that he was one of Kentucky's biggest gains in many a day as he shook the ground in shaking down the opposition.

Dopey Phelps, who was set down considerably last year when he was benched, showed definite signs of recovery by providing some good second quarter action with runs of 12 and 15 yards, Lawson, who got the lone Blue touchdown, Ulinski, Genito, Clark, Marlin and numerous others promised sanctions with their action that Coach Paul "Bear" Bryant has good reason to anticipate a very successful year.

Action was rugged enough to convince fans that college football playing is not all play as three men were knocked out and another, Brooks, was hauled off the field in an ambulance although later examination revealed no serious injury.

Primed for what may be "the" year, long awaited by UK football fans, the athletic department has announced a 1949 card of 11 games. They are:

Sept. 17—Mississippi Southern, at Lexington; Sept. 24 — L.S.U., at Baton Rouge, La.; Oct. 1—Mississippi U. at Oxford, Miss.; Oct. 8—Georgia, at Lexington; Oct. 15—Citadel, at Lexington; Oct. 22—Southern Methodist University, at Dallas, Texas; Oct. 29—Cincinnati, at Lexington; Nov. 5—Xaver, at Cincinnati, O.; Nov. 12 — Florida, at Tampa, Fla.; Nov. 19—Tennessee, at Lexington; Nov. 25—Miami, at Miami, Fla.

D.—Support and arrange sports exhibitions and events in season, and promote public interest and attendance of such events.

E.—Promote a program for the development and training of our youth, with a view of "Selling athletes, rather than buying them."

F.—Co-operate with our schools and sports organizations in securing competent and efficient coaches, referees and umpires.

G.—Secure talent for development and training in athletics generally.

H.—Advertise, boost and otherwise interest the people, generally, in the community in sports events and activities in the schools and sports organizations.

I.—Encourage and develop goodwill and understanding between the schools, sports organizations, our neighbors and competitors in athletics, and at all times insist that coaches, referees, umpires, other officials, participants and spectators conduct themselves fairly and honestly and display good sportsmanship at all times.

J.—To sponsor a Junior Athletic Club in the Prestonsburg high school and provide a supervisor for children at the playground during the three-month vacation period between school terms.

The by-laws committee designated the name, Prestonsburg Athletic Club, for the group to be formed as a non-profit organization and incorporated as such.

**Average Fisherman Pays 91.88 Cents per Fish**

A creel census of 4,782 fishermen from all sections of Kentucky by conservation officers, released this week by the Division of Game and Fish at Frankfort, shows that the Commonwealth's Isaac Waltons made an average of 14 plus fishing trips during the year at an average cost per trip for each rod-and-reel addict of \$2.49, or a total year's expenditure of \$35.40 per man.

This, however, does not include the "between the trip" money spent on new equipment and other incidentals of preparation.

The census also revealed that each fish cost the angler 91.88 cents each. Each fishing trip was a little more than five hours long and the average take netted 2.71 fish per trip which, at the estimated \$2.49 per trip, results in the statistical summation of each fish.

Fishermen in Livingston county had the highest take in the state with each trip being almost four hours and the take per trip coming to 12 and one-half fish.

LETTERS TO THE EDITOR

WE WERENT WRONG ABOUT THE RIGHT!

Dear Editor:

I have been deeply interested for years in The Floyd County Times, and have tried to help bring Floyd county to the light of good things and leave off so many bad things that hurt us all.

I always read your column, but the most impressed I have been was your advice to the churches in the March 31 issue I feel that is an answer to one of my many prayers.

We must lay down anger and strife and vainglory and get down to what Christ taught His apostles, if our nation remains a free nation.

Thanking you very much for your thought in the wet and dry election, I hope God still continues to bless you and your paper.

**IN MEMORIAM**  
A sacred and sincere tribute of love to the memory of my dear mother, Martha Manuel, Manton, Ky., who entered into eternal rest two years ago today, April 9, 1947:

Today recalls the memory  
Of the loved one laid to rest,  
And those who think of her today  
Are the ones who loved her best.

Ofttimes my thoughts go wandering  
To the grave, not far away,  
Where lies the sweetest memory  
That will never fade away.

The blow was heavy, the shock severe,  
We little thought that death was near;  
But only those who have lost can tell  
The pain of parting without farewell.

Oft to my heart comes a bitter cry,  
Why, oh why, did my mother die?  
Then comes the answer, so soft and sweet,  
She is not dead, only asleep.

Although your soul is now at rest,  
And free from care and pain,  
This world would seem like heaven  
If I had you back again.

Your loving daughter and husband,  
MRS. CORDIA CHILDRESS  
JAMES MANUEL

WHEN this sight greets you in your rear-view mirror—mistake, better give over!

Overtaking you is just about the ablest performer on the road today—and wise drivers long ago learned the only thing to do with ROADMASTER is give it road room and a salute as it passes.

Reason is—ROADMASTER is something excitingly new in fine cars.

Big, yes—stretches a gorgeous eighteen feet, with all that such size means in comfort and inside stretch-out space.

But part and parcel of every one of its 4,400-odd pounds is the fastest footwork on the highway. Action is the key of every part, from its 150-hp Fireball power plant to the swift, silken, unbroken surge you get from Dynaflo Drive.

As a matter of fact, action's even invited by the price tag. By the pound, by the inch, by any yardstick you want to lay against it, it's the buy of the fine-car field.

For proof, just gather a few delivered prices on other cars and bring them around. We'll show you so much more for your dollar you'll waste no time getting an order in.

For better biscuits, pies, cakes and rolls, bake with Snow Flour. Milled from pure soft winter wheat. Snow Flour has a superior flavor that makes even your best baked goods taste better!

A Product of LOUDONVILLE MILLING CO.

**Father's Favorite SNOW BISCUITS**

- 2-1/2 c. sifted Snow Flour
- 1/2 tsp. salt
- 4 tsp. tartaric acid phosphate
- 4 tsp. fat
- baking powder
- 2/3 c. milk

Measure and sift dry ingredients into a bowl. Cut or work in fat until the mixture has a coarse granular appearance. Add liquid and combine thoroughly. Turn dough out on lightly floured board, gather up into a ball and knead lightly until the dough appears somewhat smooth. Roll to one-half inch thickness. Dip cutter into flour. Cut biscuits and place upon ungreased baking sheet. If crusty biscuits are desired, place about one inch apart, otherwise biscuits may touch each other. Bake in hot oven (450° F.) for about 10 minutes.

**We've got year round PEACH TREES on our farm...**

IT AMOUNTS to the same thing, anyway. We have fresh peaches whenever we want 'em, winter and summer. And the same goes for most other fruits and vegetables we raise, too.

Yes, we pick 'em at flavor peak and freeze 'em electrically. No more of this feeding up on what's "in season" 'til it comes out of your ears. Not for this farm family! We get a balanced bill of fare the

whole year 'round. And believe me, freezing's the quick, easy way to put things up.

Sure, meats, too! I've even got some rabbits stored away I shot last season. Figure on having one tonight...

Electric home freezers add plenty to good living on the farm and save money, too. Better investigate. See your Electrical Dealer today.

**U.K. Professor Says  
 Teacher Shortage  
 To Remain Acute**

Kentucky's teacher shortage is likely to remain acute for many years in the opinion of Dr. Charles R. Spain, head of the University of Kentucky's Bureau of School Service.

Dr. Spain, in a recent report released by the bureau, writes that "only a sharp improvement in the real income of teachers, better working conditions and the acceptance of teachers to lead normal lives" will induce enough young people into the teaching profession to adequately staff the state's schools.

In the very near future, the U.K. educator says, Kentucky will need 24,000 teachers—5,000 more than the present number—to take care of the steadily increasing enrollments. A difficult achievement, he writes, when it is considered that the state currently is training only enough teachers to replace the average annual turnover which ranges from 1,100 to 1,500. Only two-thirds as many young people are preparing to teach now as in 1941, Dr. Spain added.

Most decisive step in remedying the present shortage, he pointed out, would be a boost in the salary scale. Average annual salary of Kentucky teachers in 1947-48 was \$1,894.75, whereas the national average was \$2,250. Worse still, the state is ex-

pected to drop further below the national average this year.

Acceptance of the right of teachers to lead normal lives also would induce more young people to enter the profession, Dr. Spain declared. "So far as we bar teachers from leading normal social lives we will continue to have a shortage of teachers during economic depressions when people must accept any kind of employment available," he explained.

The University of Kentucky professor also blamed undesirable living conditions in many Kentucky communities as another factor in the present teacher shortage. Well-trained teachers have experienced the conveniences of modern living, he said, and few of them are willing to accept positions where these conveniences are not available.

**TO THE VOTERS OF FLOYD COUNTY:**

I am proud to be an American. I am proud of my country, my state, and my county. I am glad to live in our Great Democracy where a young man can grow up and with the help of God and his fellow man receive an education and a chance in life no matter how meager his materials and means might be. I am a firm believer in government for the people and not government for some politician or group of politicians.

If you nominate and elect me your County Court Clerk, I will be there to faithfully, honestly and diligently serve you and the good people of Floyd county. No job in that important office will be too small or too great for me to overlook my duties and obligations to you and our fellow citizens.

The office of County Court Clerk is yours. You must select a custodian. Place me in charge for the next four years and I will guard it for you. During that time I will give to you and your office all that is in me.

Every voter in Floyd county has his or her interests, rights, and privileges recorded, filed, or registered in our County Court Clerk's office. Give me the opportunity to serve as your clerk and I will make it a pleasure for you to come into your office to transact business. I will faithfully and accurately keep and protect your interests, rights, and privileges in a cheerful and excellent manner.

Your Friend,  
DURAN MOORE

**TO THE PEOPLE OF FLOYD COUNTY:**

Upon the solicitation of many friends and good citizens, I have at last decided to seek county office, and this is to announce my candidacy for the Democratic nomination for County Judge.

I have served as Magistrate in District No. 3 for the last 10 years and during this time have tried to remember always that my duty is, first of all, to the people, rich and poor alike.

My record has been such that I have no regrets; I have worked to be of service without thought of enriching myself at the expense of others. And if elected County Judge, the same motives will be behind my every act in office. I pledge my efforts, in particular, to better rural roads.

Your help in the coming campaign will be deeply appreciated.  
HENRY STUMBO  
McDowell, Ky.  
(Pol. adv.) tf.

**To the Democratic Voters Of Floyd County:**

I hereby announce my candidacy for County Court Clerk. I am a minister of the OLD REGULAR BAPTIST CHURCH, and have been a coal miner for 30 years. Fellow Democrats, nominate me and I will promise you the same kind of service if elected. Elect me to this office—your trust will not be broken. 3-24-4t-pd.

We are authorized to announce MILT HUNT of Drift, Ky., UMWA Local 8915, for CONSTABLE, District No. 3 subject to the action of the Democratic party at the August, 1949 primary. 3-31-5t-pd.

SELL, swap, find, rent or lease it with a TIMES want ad. They get results.

**TO THE PUBLIC**

Four years ago, I came before you, the people of Floyd county, as a war veteran who had just returned after having been shot down in German territory and evading capture by a four months game of hide-and-seek with the German Gestapo.

I promised you that, if you elected me as your County Court Clerk, I would do my best to make you the good official. You gave me that chance and I have served you to the best of my ability. I was handicapped during the first two years of my service by a shortage of competent help and by the constant flow of veterans' discharges and copies of public records for the Veterans Administration and the Red Cross.

With these added burdens and the constant rise in salaries, I have done more work than any previous Clerk and probably more than any future Clerk will ever have to do, and at the same time have made less money.

I am very happy that I was able to render these free services for the returning serviceman, and I will continue to record, free of charge, any veteran's discharge and make copies free upon request of the Veterans Administration or the Red Cross.

I have safeguarded your records, given advice to those offering instruments for record, and carried out the duties of County Clerk strictly according to law. I have not, nor will I ever, knowingly violate the law for any person.

The records I have kept are open for inspection at all times to any person and I will be glad to show them to any person who may wish to inspect them.

I am now asking that you re-elect me County Clerk—not because I am a veteran, but because I have kept the records in the County Clerk's office as they should be kept.

Your friend,  
JARVIS ALLEN  
(Pol. adv.)

**To Floyd County Voters:**

I believe that the time has come in Floyd county for the voters to work and elect a working man for our Jailer. After all, it is the working man that pays all the bills. The only time the politicians are for the working man is on election day.

I am a crippled man, having lost a leg several years ago. I am a member of Local Union No. 7796, Drift, Ky. I am a resident of Arkansas Creek and am known all over Floyd county as "One-Legged Horse-Swappler" Johnny Conn.

I am a Christian man and trying to lead a good life and all the citizens know that they will be treated fairly if I am nominated and elected.

I call upon the good Christian people and the working people to give an old working man a chance by nominating and electing me Jailer of Floyd county. I am 50 years old and have been a Democrat all my life. I will try and see all the voters that I possibly can between now and the primary election, but being a crippled man, I may not get to see all and I take this method of asking for your support and influence.

Subject to the action of the Democratic primary.  
JOHNNY CONN  
Arkansas Creek, Martin, Ky.
