Washington Became Wealthy, But Was Not 'Born to Purple'

It is an old story that George Washington, master of Mount Vernon, commander-in-chief of the Revolutionary Army, and first President of the United States, was one of the plainest men of his time. That is the George Washington as pictured in American schoolbooks in their history books. Most boys and many of their fathers will be surprised, and perhaps inspired, by the reminder that as a boy George Washington was poor. Not only that, he had little schooling, and very early had to buckle down and prepare to earn his own living.
