PROSECUTOR SAYS LAFFOON, WILCOX TO BE SUBPOENAED

O. J. Lafoon and W. H. Wilcox, state CWA head, will be subpoenaed by the grand jury here next week to be questioned relative to their knowledge of relief administration in this county.

HEARING STARTED

Commonwealth's Attorney O. G. Hall said Wednesday that Attorney Ruby Laffoon and Howard W. Wilcox, state CWA head, will be subpoenaed by the grand jury here next week to be questioned relative to their knowledge of relief administration in this county.

Mr. Hall said that the subpoena for the grand jury was issued by the sheriff of Franklin county, and that the Jefferson county sheriff would execute the subpoenas for Mr. Wilcox.

Information in the hands of Mr. Hall will be placed before the grand jury here Monday. This Commonwealth's Attorney said. This information includes a large number of affidavits purported to allege misconduct of relief work in this county.

BLACKCATS CLAW PAINTSVILLE, 14-0

The Prestonsburg Blackcats Wednesday afternoon continued the winning habit they started two weeks ago in the Van Lear game by defeating the Paintsville Tigers, their old athletic enemies, 14 to 0.

Though outwitted by the visitors, the Cats, chiefly sustained by the Tigers, who were threatened only in the third quarter when the Tigers opened up with a passing attack which netted substantial yardage but was halted before real damage was done.

Prestonsburg scored in the first quarter when Goodman scored on a 30-yard pass from Mayo. In the fourth quarter Hughes, Prestonsburg fullback, rammed the line for four yards and a 6 to 0 climax. Mayo dropped both extra points.

In the last seconds of play, Goodman took another pass from Mayo, with a clear field ahead, but was dragged down on the Paintsville three-yard line. The game ended with a score of 14 to 0.

The Blackcats played, using the services of Johnson and Prewitt in the line and Dickerson in the backfield. The Blackcats' spring record gives promise of "happy days" next fall.

MISS DYER AND MR. GOBLE WED

Marriage of Miss Dixie Dyer and Mr. Charles A. Goble was beautifully solemnized at noon Sunday, April 16, at the home of the bride's brother, Mr. R. E. Dyer, at Hilldale, near here, Dr. K. J. Whaley, of the Christian and M. E. Churches, officiating.

The nuptial ceremony, witnessed by a large number of friends and relatives of the bride and groom, was most impressive. For the occasion the bride wore a gown of her most attractive and charming young woman, was dressed in a traveling suit of blue, with accessories to match.

The bride is a daughter of Mr. C. H. Dyer, of Tangley, this county. She received her education in the Maytown and Casey Creek schools and for the past few years has resided with her brother, who is superintendent of the Inland Gas Company compressor station at Hilldale.

Mr. Goble is the son of Mr. and Mrs. H. L. Goble, of Prestonsburg. For several years he has been connected with The Floyd County Times in the printing department. He attended Prestonsburg high school.

Both Mr. and Mrs. Goble are young people of the finest type, and have the best wishes of all of their friends. Following a brief wedding trip, they returned here, where they are at home to their friends.

DATE OF ORATORICAL FINALS ARE CHANGED

Because of the fact that teachers from several schools may be absent for the Kentucky Education Association, the date for the final oratorical contest has been changed, as originally planned, to Friday night, April 27. Schools are asked to enroll with the chairman of the contest committee, as soon as they can, their respective. A typewritten copy of the program should be submitted no later than one week before the contest.

The following schools have already announced their intention to enter the contest: Garrett, Betsy Layne, McDowell, Wheelwright and Prestonsburg.

SAYS COMMISSION "TAKEN" BY FLOYD

Steam Shovel County Cave Road Department Under \$4,200 Debt, Claim

The following Associated Press dispatch comes from Frankfort: Belief that the state highway commission had been "taken" on a deal it made some time ago with Floyd county was expressed today by several members of the commission at their regular semi-monthly meeting.

A charge that the commission itself had been "guilty of embezzlement" and Floyd county "guilty of fraud" was made during the session.

The discussion centered around the request of an Ohio gasoline dealer to refund on April 27, 1934, when the balance due on a steam shovel was paid or the shovel returned to the company. The shovel in question was sold about two years ago to Floyd county for approximately \$11,000 and subsequently was given by the county to the highway commission in exchange for some road work.

Today the commission learned for the first time that a balance of approximately \$4,200 was due on the shovel. It entered an order disclaiming title to the shovel and returning it to Floyd county, at the same time informing the representative of the company that the shovel would be turned over to him immediately for repossession.

Commissioner Lyter Donaldson, Carrollton, who made the motion disclaiming ownership for the commission, criticized the Floyd county delegation that made the "deal" with the commission.

"This is the first time to my knowledge," Donaldson said, "that a deliberate, false statement and misrepresentation" has been made to the commission.

Commissioner Grant Withers, Dixon, said no mention of the embezzlement on the shovel was made at the time the county turned it over to the commission. Withers said the commission itself was "guilty of carelessness and Floyd county has been guilty of fraud."

The agent for the selling company left immediately for Floyd county to see how the commission was making out. It had been "taken."

Freddie Davis, 20 years old, only son of Mr. and Mrs. Winfred Davis, of Garrett, died at the Methodist hospital, Pikeville, Thursday of last week, a victim of tuberculosis, from which he had suffered for months.

The victim was a young man of the character and had many friends in Garrett and vicinity. His body was taken Friday to Cumberland Falls by G. D. Ryan, of Martin, for burial.

Mr. R. S. Dobson and son, E. K. Dobson, motored to Huntington Wednesday and were accompanied upon their return here by Mrs. Dobson's little granddaughter, Margaret Elizabeth Horn.

FLOYD TEACHERS FOR SALES TAX

Teachers of Floyd county met in an open session in the graded school auditorium here Saturday afternoon to discuss the school code as passed by the recent legislature and ways and means of raising revenue to support governmental agencies and schools. Superintendent John Stephens presided.

The body went on record as heartily endorsing Dr. A. L. Hill's work in the recent legislature, and voted unanimously as being in favor of the sales tax as the most equitable form of taxation.

A committee was appointed to draft resolutions, to be sent to the Governor, Lieutenant-Governor, and each member of the Legislature, copies to be mailed in the Floyd County Times and sent to The Courier-Journal. This committee is composed of the following teachers: Professors Emanuel Triplett, chairman; F. A. Munroe, H. H. Vincent, Towne Hill and Wayne Ratliff.

DAMAGE SUIT IN U. S. COURT

Cincinnati Man Asks \$20,000 of Local Man for Personal Injury

Cincinnati, Ky., April 17—George E. Connerly, of Cincinnati, O., sued for damages against Thomas Dingus, Prestonsburg, Ky., in United States district court at Cincinnati this past week.

Connerly asks judgment of \$20,000 for personal injuries he states he received on April 27, 1933, when Dingus' automobile, in which he was a passenger, was wrecked in an accident which occurred in Floyd county, Ky.

Connerly's petition was filed through Attorney S. S. Willis of Ashland and Edward M. Ballard, of Cincinnati.

T. B. CLINIC TO BE HELD HERE

Health Department, Woman's Club Co-Operate in Work Toward 'White Plague' Fight

Dr. Marvin Hensel, director of the Floyd county health department, this week announced that a tuberculosis clinic will be conducted in the health department's offices Wednesday and Thursday, May 9 and 10. The clinic will be held with the co-operation of the Woman's Club here, whose interest in the fight against tuberculosis has meant much in Floyd county to this cause.

Dr. Paul Turner, of the Hazlewood Sanatorium, will be clinician, and he will have as assistant Dr. L. E. Smith, executive secretary of the Kentucky Tuberculosis Association. It is announced that the clinic is made possible as a result of funds procured from Christmas Seal sales made in the county by the Prestonsburg Woman's Club.

During the two-day clinic Dr. Smith will give tandem side examinations of tuberculosis to patients and its control. Floyd county physicians are urged to be present at the clinic and to have all patients who have been directly exposed to tuberculosis and who show symptoms of the disease there for examination. No person under the age of 12 years is to be examined at the clinic, and only those persons brought or sent to the clinic by a physician will be admitted for examination.

On Wednesday evening, May 9, a public health meeting and tuberculosis demonstration, at which "tandem" slides will be accompanied by lectures, will be given at the graded school auditorium. Every physician of individual interest in tuberculosis control is urged to be present. Those interested in the clinic should communicate with Dr. Randolph at the Floyd county health department here, it is advised.

TO MAKE SURVEY OF PIKE COUNTY

Geological work on the coal resources of Pike county by the United States Geological Survey will be carried on this summer under the immediate direction of Dr. Charles B. Hunt, of Yale.

He will be assisted by University of Kentucky geology students: George R. Wesley, Liberty; Jack Hirsch, Henderson; Herbert Parker, Lexington; Phil Aswerus, Dry Ridge; Guy Briggs, Frankfort and Paul Averitt, Lexington.

The investigations will start immediately and will last approximately six months. During this period the formations including the coal strata will be mapped and the structure determined in detail. In the past several years geological recommendations have been made in Pike county that have given a generalized idea of the geology of the county, but no detailed work has been attempted as yet.

GAS FIRM BOND ISSUE APPROVED

Kentucky Consolidated Gas Company Deal Moves Nearer Consummation

Approval was made Tuesday last week by the Federal Trade Commission of a bond issue for the Kentucky Consolidated Gas Company by means of which extensive gas holdings in this and other counties of this section are to be acquired. This action is of particular interest to several independent gas firms whose properties are under contract for purchase by the Kentucky Consolidated Gas Company.

The bond issue approved last week is, being underwritten by D. K. Johnson & Company, and is being handled by the brokerage firm of Alfred E. Amster & Company, New York City. Further details and information concerning the activities of the company for the immediate future have not been made available.

In charge of work being done in this section on the transaction, which will involve the expenditure of more than \$400,000 for producing revenue, are Moody Meyers, vice-president of the company, and George W. Chapman, field manager, who have offices here.

HEART ATTACK IS FATAL TO ALLEN

Postmaster at Garth Succumbs Monday Morning; Burial at Gibson

M. V. Allen, postmaster at Garth, dropped dead at his home there Sunday morning at 2:30 o'clock, a victim of a heart attack. He was about 60 years old.

News of Mr. Allen's death came to his hundreds of friends throughout the county as a distinct shock. He had been in the government postal office for years, formerly being postmaster at Martin.

The victim was a son of the late Mr. and Mrs. Archibald Allen, and was born and reared near what is now Northern, this county. He was married to Miss Elizabeth Gibson, who died about seven years ago. Mr. Allen's loyalty to his relatives and friends was an outstanding feature of his character, which included generosity and kindness to all.

Surviving him are three sons and one daughter: Ray, postmaster at Weathersburg; Ralph and Oliver, at home, and Miss Edith Allen, a student at Morehead State Normal. Three brothers and two sisters also survive: H. F. G. J. and Rev. D. M. Allen, of Harpersville; Mrs. Mary Simpson, of Mineola, and Mrs. Minnie Webb, of Lenoir.

Following a brief funeral service at the home, the body was taken to Gibson and in the cemetery there, where Mr. Allen was buried. Rites were conducted by Rev. A. L. Allen, of Mineola, and Mrs. Minnie Webb, of Lenoir.

NRA CODE VIOLATIONS SHOULD BE REPORTED

The bituminous coal mine wage schedule has been settled and four points by which employers according to it, of wage schedules, hours of employment, and all other violations of the code of the different industries can now receive prompt attention, and any employer having complaints to make regarding any unfair practice will please appear in person at the NMA compliance board office or mail their complaints, giving full and complete details. Information to Mrs. Evelyn Harris Corey, secretary, NMA Compliance Board, Prestonsburg, Ky. These complaints will be kept in strict secrecy. It is the duty of every one having personal knowledge of violations of the National Recovery Act to help the President in his efforts to bring about a complete business recovery.

PIKE TREASURER GIVEN ACQUITTAL

Pikeville, Ky.—O. G. Graham, former treasurer of Pike county, was acquitted of the charge of misappropriating funds of Pike county by a jury in circuit court recently. Five separate counts were lodged against Graham, but by agreement all five were submitted for trial at the same time.

After the jury was completed, 60 men summoned from various parts of the county, the voluminous records of the fiscal court involving the appointment of Graham as treasurer and subsequent settlements, with him as well as different kindred reports were introduced to the jury by various officials. When the Commonwealth had completed its evidence, Judge R. Manroe Fields directed a verdict of acquittal on four indictments. This left one charge against Graham, that of having received funds of the county amounting to several thousand dollars in bonds. The Commonwealth had previously established that these bonds were being held by Graham's bonding company.

One bidder struck Ousley in his side and passed through his body. He died without speaking. The wound was not seriously hurt. The victim was a son of El Caney Ousley, farmer deputy jailer here, and is said to have been a young man of good character. The body was prepared for burial by G. D. Ryan, of Martin, and burial was made at Frank Church.

Eldest Sheriff H. C. Burch, of Martin, Wednesday arrested Daniel Hughes, father of the slayer, and his son-in-law, Jack Frazier, on warrants issued by Magistrate M. C. Wright. They are held as suspects in aiding the slayer to escape. Deputy Sheriff Burnett and a posse of citizens Tuesday night searched extensively in the vicinity of the killing and on Monday tracked the fugitives but were unable to locate them whereabouts.

3 FACE MURDER CHARGE IN FIRE

Night Watchman Jailed At Pikeville After Gun Johnson Dies

Pikeville, Ky., April 16—Abraham Stewart, night watchman, whose doghouse was burned by the fire on the Lone Fork of Shelby, in which Gun Johnson lost his life at the lumber camp of his son, Smith Johnson, early today, was brought here this afternoon by Deputy Sheriff W. J. Trickett and lodged in jail on a charge of murder. The warrant against Stewart was issued by R. C. Burk, a local magistrate.

Similar warrants were issued for Johnson's grandsons, Darling Johnson, and Myrtle Ham Johnson, who narrowly escaped from the fire, according to evidence given at the inquest.

Differences are said to have existed between members of the Johnson family for some time. Last week, Darling Johnson and his father, Smith Johnson, were placed under bond of \$1,000 each on a charge of causing the death of Boy Edward Johnson, relative, by placing poison in whiskey.

Dr. J. S. Kelly returned a few days ago from the meeting of the state dental society at Louisville.

Dr. and Mrs. R. H. Messer returned a few days ago from Louisville, where Dr. Messer attended the meeting of the state dental society. Before returning here Dr. Messer enjoyed a fishing trip to Harrington Lake.

Mrs. J. G. Hale and baby are visiting her parents Mr. and Mrs. John N. Hamilton, at Stamping Ground, Ky.

HUGHES SOUGHT AS SLAYER OF OUSLEY, SUNDAY

Youth Killed, Two Others Shot, Near Bosco; Three Arrested

WOMAN WOUNDED

Search made this week by Sheriff M. T. Stubble for Billy Hughes, who is alleged to have shot and killed Ashland Ousley, 20 years old, at Smuckey, a mining camp near Bosco, moved futile and no clues as to Hughes' whereabouts have been uncovered.

Slaying of Ousley took place early Sunday night, when two others, Mrs. Kinney Killman and Adam Watkins, sustained bullet wounds in their legs. Mrs. Della Hall was arrested Monday by Sheriff Stubble and taken to jail, but later as an alleged accomplice of Hughes in the slaying.

Whiskey and jealousy are reported as having caused the shooting. Young Ousley and several others are said to have been passing Hughes' home when a volley of shots was fired. A relative of the slayer, told Sheriff Stubble that Ousley fired a shot while in front of Hughes' home and that the return fire killed Ousley.

One bullet struck Ousley in his side and passed through his body. He died without speaking. The wound was not seriously hurt. The victim was a son of El Caney Ousley, farmer deputy jailer here, and is said to have been a young man of good character. The body was prepared for burial by G. D. Ryan, of Martin, and burial was made at Frank Church.

Eldest Sheriff H. C. Burch, of Martin, Wednesday arrested Daniel Hughes, father of the slayer, and his son-in-law, Jack Frazier, on warrants issued by Magistrate M. C. Wright. They are held as suspects in aiding the slayer to escape. Deputy Sheriff Burnett and a posse of citizens Tuesday night searched extensively in the vicinity of the killing and on Monday tracked the fugitives but were unable to locate them whereabouts.

One bidder struck Ousley in his side and passed through his body. He died without speaking. The wound was not seriously hurt. The victim was a son of El Caney Ousley, farmer deputy jailer here, and is said to have been a young man of good character. The body was prepared for burial by G. D. Ryan, of Martin, and burial was made at Frank Church.

GARRETT MINE STRIKE ENDED

Miners Return to Work After Protest Against Foreman, Report Says

Work was resumed a few days ago at the Elk Horn Coal Corporation's mines at Garrett after a shutdown of several days resulting from a strike, caused, it is reported, when company officials failed to accede to the demand of miners that a mine foreman be discharged.

According to the report received here, the mine foreman to whom the miners objected had shown antagonism to the miners' union between 1920 and 1921 when he was in the office, it is estimated.

Water which flooded the mines when the main water line broke or was damaged up also delayed work at Garrett for several days prior to the strike. Work is going along nicely now, however.

U. K. Football Coach Is Named Athletic Director

Chet Wynne, now football coach at the University of Kentucky, has been named director of athletics at the University of Kentucky, succeeding S. C. (Chubby) Tolson. Wynne's new position, which he will fill in addition to coaching the football team, places him in charge of the entire athletic department at the University. A section of the by-laws of the athletic association has been revised to give him the right to handle the funds, make changes and direct the publicity.

CARD OF THANKS

We wish to take this means of expressing deepest gratitude to all those who offered the advice of kind words and deeds upon our bereavement in the death of our father, M. V. Allen, THIS FAMILY.

TRY AND YOU WILL BUY THE

EARTH-HEAVEN

By Rev. Josef Nordenberg, Ph. D.

God intended that our lives should be fit both for heaven and for earth. But it seems so easy to fall short of God's plans. We would rather live just for one of these worlds, not for both. For most people it is either earth or heaven. It is so difficult to reconcile both.

Evidently most people live for earth only. Their minds are on things material and the cares of this world crowd out all spiritual life. But, strange as it seems, there are people who want to live for the world to come only. "Earth," they say, "holds no promise for us. It is a prison, a valley of tears. If I only could get away from here, if I only could be in heaven—"

It may be true that the earth is a valley of tears. But let us not forget that it is God's kingdom. Every Christian is given a corner of it in which to work. (Matt. 21:28). And he must love his corner in order to take care of it.

Do not complain that the earth is full of misery, but go out and make it better. If the world is dark, make the darkness less. If the world is cold, make it warmer. If the world is empty, cheer it by your presence. You are not intended for heaven only, but also for earth. If you do the will of God on earth, the most natural step in the world for you would be to enter heaven when you are through. But not otherwise.

"Thy will be done, as in heaven, so on earth." (Matt. 6:10).

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

Lesson for April 22

OUR ALL FOR THE KINGDOM

LESSON TEXT—Matthew 13:44-46.
GOLDEN TEXT—I have showed you all things, how that so laboring ye ought to support the weak; and to remember the words of the Lord Jesus, how He said: It is blessed to give than to receive.—ACTS 20:35.
PRIMARY TOPIC—A Poor Rich Man.
JUNIOR TOPIC—Giving Jesus First.

INTERMEDIATE AND SENIOR TOPIC—The Right Use of Money.
YOUNG PEOPLE AND ADULT TOPIC—Stewardship of Possessions.

The lesson title is likely to be misunderstood, and the teaching, misapplied. Jesus did not directly, nor by implication, teach that eternal life can be obtained by parting with possessions. In his dealing with the young man, Jesus showed him his erroneous notion as to personal goodness and endeavored to reveal unto him his own essential nature.

I. A Certain Young Man Came to Jesus (v. 10).
For a full view of the characteristics of this man see Mark 10:17-30 and Luke 18:18-30.

1. His virtues.
a. Courageous (Mark 10:17). He was of high standing. A rich young ruler (Luke 18:18, 20). To come to Jesus at this time meant to this young man ostracism from national fellowship. It required real courage.

b. Earnest (Mark 10:17). He came and knelt before Jesus.
c. High aspirations (v. 10). He wanted eternal life. There was an aching void in his soul in the midst of pleasures which affluence brings.

d. Pious and moral (v. 20). From youth up he professed to have conformed to God's law.

e. He believed that Jesus could inform him of the "good thing" to be done to inherit eternal life.

2. His mistakes and failures.
a. About Christ (v. 18). He esteemed Jesus to be good but did not apprehend him to be God.

b. Concerning himself. He was self-righteous. He thought he was good and that he could do something good.

c. Concerning eternal life. He thought that eternal life could be obtained by good works.

d. Christ Dealing With the Young Man (v. 17-22).

Jesus skillfully led the young man to see his errors and then put his finger on the real spot in his life.

1. Jesus' question (v. 17). "Why callest thou me good?" Without giving him a chance to answer, he declared that only God was good, as it is to say, "I am good and therefore I am God."

2. Jesus' answer to the young man's question (v. 18). "If thou wilt enter into life, keep the commandments." Jesus here met him on his own ground, showed him that the law was his "yoke" and that this yoke was the yoke of a self-righteous sinner (Rom. 3:19).

The law curses instead of saves (Gal. 3:10). The gospel was given to save men from the curse (Rom. 1:16, 17).

3. Christ's command (v. 21). Replying to Christ's citation of the commandment of the law the young man glibly asserted that he had kept them all from his youth up. In Christ's command to go and sell his possessions and distribute them to the poor, he put his finger upon the weak spot.

4. The young man's decision (v. 22). He decided against Christ. In the supreme test he chose his wealth.

III. The Relation of the Rich to the Kingdom of Heaven (vv. 23-25).

This teaching concerning the peril of riches was most timely. Corruptness was fast taking hold of the people. Judas was well under the way.

1. It is difficult for the rich to enter the kingdom (vv. 23, 24). The difficulty lies not in the possession of riches but in trusting riches. The step from possession to trusting is a very short one. Riches are deceitful (Matt. 13:22). The tendency of increasing wealth is to destroy the nobler life of the soul. It leads into security (Rev. 3:17), and to pride (Prov. 29:25). Entrance of the rich into the kingdom is possible though difficult (v. 26, 28). It is possible for the grace of God.

a. To sanctify riches.
b. To so open a man's eyes that he may see his downward course and repent.
c. To change a man from self-seeking to self-sacrifice.
d. To make men humble.

IV. Rewards for Following Christ (vv. 27-30).
Those who turn their backs upon their country and possessions for Christ's sake shall receive a hundredfold in this life and eternal life for the world to come.

Trust in the Lord

Perfect trust is something which is one of the most charming characteristics of childhood, and which it is a sad thing to see lost through bitter experience of the faithlessness or cruelty of those about the child.

Uplifts of Optimism

He who thinks the world is full of good people and kindly blessings is much richer than he who thinks the contrary. Each man's imagination largely peoples the world for himself.

THOROUGHbred EDITION OF
KY. PROGRESS MAGAZINE TO
FEATURE KENTUCKY DERBY

Any day now the beautiful spring issue of the Kentucky Progress Magazine will be seen on the news stands, the bright jauntily-yellow of its cover framing a remarkably realistic photograph by L. S. Sutcliffe of yearlings at play in an idle-hour meadow.

The issue opens with a article by Jim Henry, Kentucky Derby authority, any specialist, describing the Derby of the old days and the Derby of today. Vivid photographs of historic value illustrate the story and photographs taken in recent years will help forecast this season's most important racing event.

The Thoroughbred at Home by Maude Lafayette outlines a tour of Bluegrass stock farms that no Derby visitor will want to miss, and Maude Packer's Derby Breakfast story describes Kentucky's most characteristic and individual social event.

A comprehensive picture of the scope of thoroughbred stock farming is given in the story in which Ethel Doe tells of his personal experiences at Meadow Farm.

Other features of general interest include a colorful and stirring account of the work of the Frontier Nursing in Kentucky under the direction of Mary Breckinridge, a survey by Mrs. H. V. McChesney of the work of Kentucky's palatiers, and the glamorous story of two of Kentucky's most widely known writers, Alice Hagan Rice and Cole Young Rice. All are beautifully illustrated.

No Kentuckian will willingly miss

COMMISSIONER'S SALE

FLOYD CIRCUIT COURT

Marion Hall, Admin., Plaintiff
Vs.
Superior Ekhorn Coal Company, etc., Defendants
NOTICE OF SALE.

By virtue of a judgment and order of sale of the Floyd circuit court, rendered and entered at the February term, 1934, in the above-styled cause, I shall proceed to offer for sale at the

courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on Monday, the 23rd day of April, 1934, at one o'clock, p. m., same being the first day of the regular term of the Floyd county court, upon a credit of three months, the following described property, to-wit:

1. 160 K. W. Embertson, complete, now in operation and reported to be in good condition.

On a sufficiency thereof to produce the amount ordered to be made, amounting to \$475.00, and the further sum of \$225.00 probable costs to date of sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 3rd day of April, 1934.

OSCAR P. BOND, Master Commissioner, Floyd Circuit Court.

Millions in Gold-Lies

in Sunken Sea Vessels
All the gold produced since the discovery of America would fill a cube measuring less than 40 feet on each edge. The gold that has been lost, buried, boarded or converted to strictly private uses about equals the monetary stocks of the world.

This "lost" gold does not include the millions known to lie among the wreckage of ships on the bottom of the sea.

Divers salvaged \$5,000,000 worth of gold bars from the wrecked Lusitania and another \$5,000,000 from the Oceanic. The gold treasure still locked up in the ocean is variously estimated at from \$10,000,000 to \$20,000,000.

"As to gold wealth on the bottom of the sea, the figures have often been exaggerated. A fortune estimated at between \$40,000,000 and \$50,000,000 is believed to lie in ships of the Turkish fleet at the bottom of Narvarine bay. The treasure of the Lusitania, sunk off Ireland, is estimated at \$10,000,000. The Turbiana, a German ship sunk during the war, is said to have had \$10,000,000 worth of gold concealed in a cargo of Dutch cheeses. Altogether about \$4,500,000 worth of bullion has been recovered from the wreck of the P. & O. liner, Egeya, sunk off the coast of France."

Napoleon and Caesar

There is nothing to show that Bonaparte was a descendant of the Caesars or related to them in any way by blood. Slang's biography states on this matter: "Whatever the origin of the Corsican Bonapartes, it was neither royal from the twin brother of Louis XIV, thought to be the Iron Mask, nor imperial from the Julian gens, nor Greek, nor Saracen, nor in short anything which later invented and lying genealogies declared it to be. But it was certainly of Italian and probably patrician, for in 1780 a Tuscan gentleman of the name devised a scanty estate to his distant Corsican kinsman. The earliest home of the family was Florence; later they removed for political reasons to Sarzana in Tuscany, where for generations many of that name exercised the profession of advocates."

The Pan-American Union

The First International Conference of the American States convened from October 2, 1889, to April 19, 1890, at Washington, D. C. This was authorized by an act of congress, having been initiated by Secretary of State Blaine. The countries represented were Argentina, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Paraguay, Peru, Salvador, United States, Uruguay and Venezuela. Among recommendations adopted by this assembly was one authorizing creation of the International Union of the American Republics to have representation at Washington, and this is known as the Pan-American Union.

Coconut—"Monkey-Nut"

Coconut, it is said, really means "monkey-nut" and the name comes from the idea that the three dark spots visible at one end of a coconut are so arranged as to resemble a monkey's face. The propagation of the coconut palm is very dependent upon these spots for they mark soft places in the shell through which young root stems can push out when they are ready to do so. The rest of the coconut shell is so thick and hard that it would be difficult for a young plant to force its way through any other part of it.

Miss Margaret Roe returned home a few days ago from Huntington, W. Va., where she has been for the past several months.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the right dose of a properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And all liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It gently helps the average person's bowels back to regularity.

You can always get Dr. Caldwell's Syrup Pepsin at any drug store, ready for use. Member N. R. A.

LEAD POISONING

A considerable percentage of the men who work in industries which deal in lead are subjects of lead poisoning. Some investigators claim that in certain factories twenty-five per cent of the workers were found to be suffering.

Trades Affected

The most poisonous of all forms of lead is the suboxide which gathers on the surface of the molten metal and is given off in fumes in this state and rubs off on the hands of the workers handling the metal after it has cooled. This is the salt of lead that causes poisoning in painters, smelters and tinners.

Next in lethal order comes the oxide of lead with which they working in factories come into contact. There are two forms—the low oxide (litharge) and the highest oxides (red lead).

Finally we have the carbonate of lead (white lead) as a cause of poisoning and it is from this particular salt that painters suffer.

Only one salt of lead, the sulphide, seems to be free from lethal properties.

How Lead Enters the Body

It seems pretty well established that swallowing dust and fumes of lead is the most likely method of conveying the poison into the system. It is doubtful that any material amount of that inhaled into the lungs is ever absorbed. Likewise it is questionable if any quantity is absorbed through the skin.

Why Some Are Affected—Others Not

In all intoxications, bacterial or chemical, the element of individual susceptibility plays an important part. Lead poisoning is no exception. To this rule and one worker can handle lead for years with impunity while another suffers a severe attack of poisoning after a few weeks.

Quite naturally a worker will be laboring under the handicap of long hours, insufficient sleep, poor housing and improper food is more liable to lead poisoning than one working under more ideal conditions.

Alcohol and Lead

It is said that those who drink much alcohol are more liable to lead poisoning, but I have often wondered if this is not putting the case before the horse. That is to say, is it not possible that the workman who is af-

fects of lead has a craving for alcohol to neutralize it?

Prevention of Lead Poisoning

Methods of prevention can only be summarized here.

Painters should equip their plants with all devices that will carry away fumes and dust. Workers should wear masks when necessary.

An individual who has once been poisoned is made more susceptible and should seek some other form of employment.

Men who work with lead should take a hot bath every night, get plenty of rest, fresh air and sunshine and nutritious food.

Alcohol may be an antidote but its more repulsive to the lead poisoning than alcoholism. Hence it is a preventive not much to recommend it. What I have and about the use of alcohol by lead workers is written in justification of the man, not the act.

Airedale Terrier Known

No Fear of Wild Animals

The Airedale Terrier is endowed with inherent qualifications for training. In his native England he was used in all those roles credited to the Shepherd, struts in Germany. His war record as sentry and message bearer is a matter of record; widely heralded have been his Red Cross activities. But his "tag of tricks" extends in scope far beyond these publicized acts of heroism. Without fear of anything that walks or crawls, he is constantly employed in far-off Africa in the courageous task of hunting the lion. In the mountainous regions of America, the bear and wild cat know well the ferocity of the Airedale. Lithe, compact and fast, he handles these tasks with a decided matter-of-fact playful attitude.

His classification, "Terrier," has been challenged often because he does not go to earth—there being no animal habitating the underground worthy of his mettle. Largest of the terrier group, he weighs 40 pounds and stands 23 inches at the shoulder. However, shrewdness he performs every task of the terrier in a very excellent manner. As a water dog, he is in his element, and properly trained, a perfect gun-dog. His grime-bader coat, water-proof, is of two-tone hair, the lower portion gray; the top, black—Los Angeles Times.

COMMISSIONER'S SALE

FLOYD CIRCUIT COURT

Katie Curtis, Complainant, Plaintiff.

Morgan Carter, et al., Defendants.

NOTICE OF SALE

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the Term, 19 in the above-styled cause, I shall proceed to offer for sale at the courthouse door in Prestonsburg, Kentucky, to the highest bidder, at public auction, on the 23rd day of April, 1934, at 10 o'clock, p. m., being the first day of the regular term of the Floyd County Court, upon a credit of 6 months, the following property, to-wit:

Land situated on Middle Creek, Floyd County, Kentucky:

TRACT NO. 1: Three undivided interests in the lands known as the Sammie Curtis estate, lying and being on Beech Branch of the Left Fork of Middle Creek, Floyd County, Ky., and in which the said Curtis owned three undivided one-eighths being an undivided one-half and bounded as follows: On the North by the lands of Arco Castle; on the East by lands of Haulley Castle and John Moffett; on the South by the lands of Sam Moore and on the West by the lands of Sam Moore and Malcolm Carter, containing about twenty (20) acres more or less.

TRACT NO. 2: Two-fifths (2/5) undivided interest in and to the A. J. Jack Moore farm lying and being on the Beech Branch of the Left Fork of Middle Creek, Floyd County, Ky., bounded on the North by the lands of Haulley Castle; on the East by the lands of Arco Castle; on the South by the lands of Bill Shepherd's heirs, containing 75 acres more or less.

TRACT NO. 3: That certain lot or parcel of land lying and being on the waters of the Left Fork of Middle Creek, Floyd County, Kentucky, bounded as follows: On the North by the lands of Smith Hicks and the heirs of Daniel and Martha Prater; on the East by the lands of Smith Hicks and the heirs of Anderson Hicks; on the South by the lands of Albert Carter's heirs and Rhoda Carter's heirs and on the West by the lands owned by the heirs of Daniel and Martha Prater, containing three (3) acres, more or less.

This property to be sold for the purpose of the distribution of money between the heirs as the court directs. For the purchase price the purchaser must execute bond with approved surety of sureties, bearing interest from the day of sale, until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 4th day of April, 1934.

ABOUT AUTOMATIC REFRIGERATORS

Before you buy — Not afterward

THAT ADVICE is not entirely self-evident. We have discovered that most folks who take the time to dig out the facts become Electrolux owners.

And it's not hard to see why. For, frankly, the New Air-Cooled Electrolux has them all beaten on the things that really count in automatic refrigeration.

Economical . . . silent

It costs less to run. Just figure what that means in money saved every day, every month, every year!

Electrolux has no moving parts to wear and need costly repairing. And that's another neat little saving!

It's permanently silent, too. That's not a financial saving, but it's something to consider pleasantly. So is this—Electrolux is backed and given prompt, willing service by your own gas company.

Every modern convenience

Those are big things. But Electrolux has not forgotten the "little" conveniences that make every woman's life more enjoyable. You can have almost any number of them you want—interior lighting . . . vegetable freshener . . . rubber ice-cube grid . . . split shelf . . . Newton spot-proof finish . . . temperature regulator for speeding the freezing of ice cubes and desserts . . . and plenty of others.

If you're even mildly interested in automatic refrigeration, please come in. We'll tell you everything we know. See the other refrigerators, too. Now is the time to begin learning about them. And the more you know, the more you are to owning an Electrolux—the modern gas refrigerator.

QUICK FACTS

Permanently silent!
Has no moving parts
Frees you from costly repairs
Costs less to operate

Temperature regulator
Non-stop defrosting
Ample food space
Plenty of ice cubes

COUNTY HEALTH DEPARTMENT

Our blue ribbon program, in the larger schools of the county is well under way. Several schools, due to the shortage of funds, have already closed and presented their Blue Ribbon programs. Every school in the county has shown improvement and manifested more interest in the Blue Ribbon work. The grades in the following schools have closed within the past two weeks: Wayland, Harroes, McDowell and Harold, and Blue Ribbon, were awarded those who qualified, and each school showed improvement over last year.

McDowell had its first Blue Ribbon program this year, Palmer Hall, principal, asked for the program in his school. Mr. Hall taught in Aurora school last year and was familiar with the results of the work so when he was elected principal of the McDowell school, he requested to put the Blue Ribbon campaign on in his school. Mr. Hall and his teachers worked hard to make it a success and the fact that they had over 100 Blue Ribbon children speaks well for their efforts.

Professors Parley, Stungell and Hatcher and their co-workers are to be commended for their excellent work in the Blue Ribbon program. Each school had a fine bunch of Blue Ribbon pupils.

Other schools will have their Blue Ribbon programs during April and the regular May Day program will be observed by these schools whose terms expire after May 1. It is very gratifying to us to see how many corrections have been made to attain this standard. The dental corrections are the largest and it is surprising how many have been made. In the past, due to economic conditions, it has been almost impossible in some instances to get dental corrections made. We are expecting to have as many, probably more, Blue Ribbon children this year than ever before.

Parents, if your children have not had their dental corrections made, so that you have it attended to it now as to qualify them for the Blue Ribbon. It means a great deal to our children to be a Blue Ribbon child, and should mean more to the parents to know their children are in such healthy condition to be able to receive a Blue Ribbon.

PRESTONSBURG BOY IS TOASTMASTER AT BANQUET

Carl G. Ford, son of Mrs. Grace D. Ford, of Prestonsburg, acted in the capacity of toastmaster at the annual Alpha Zeta banquet at Berea College.

The evening of April 9, this is considered one of the student high lights of the year at Berea and is looked forward to with great anticipation each year.

Mr. Ford, acting as pilot, conducted a pleasure trip to the tropics—the

land of true color where there are no half-tones, where you are "just what you are," to quote a portion of Mr. Ford's speech.

Floyd county had two other representatives at the banquet. Miss Katherine Stumbo, of Prestonsburg, daughter of Mr. and Mrs. E. A. Stumbo, proved the appetitive emergency-maker with her tap dancing and "Chamber Fancier," son of Mr. and Mrs. Madeline Frazier, of Crocker, gave one of the best speeches of the evening.

The A. Z. Kappa Kappa, popular eight-piece jazz orchestra, furnished music during the meal. The banquet was so enjoyable the best of the year. Mr. Ford served as president of Alpha Zeta last semester.

MAYTOWN

Miss Catherine Stith, freshman in the Martin high school, rendered several delightful piano solos in her own inimitable way here in chapel last Tuesday, including "Rayons," Grand March, and "The Ripples of the Aeolian." Miss Stith is also a student in the Martin high school.

Misses Lennie Martin and Gladys Flanery spent the weekend in Prestonsburg, the guest of Mrs. Dick Davis, and Mr. Davis.

Mrs. Ned Wells and daughter, Betty

Ann, recently returned from a visit to Lexington, Ky.

Mrs. and Mrs. O. P. Smith and children have returned home after a visit to Missouri.

Obituary: Donald May, son of Mr. and Mrs. C. A. May, Jr., came home Sunday, having spent the past month with his grandfather, William Snodgrass, of Ashland.

Mrs. F. E. Moudie visited her sister, Mrs. William May, in Garratt Saturday afternoon.

Mrs. Edna May was the luncheon guest of Mrs. C. V. Watson in Prestonsburg Thursday.

Mrs. Stanley Combs spent Thursday shopping and visiting friends in Prestonsburg.

Miss Lennie Martin attended the funeral of Matt Allen in Garth Tuesday. Mr. Allen was the father of Miss Edith Allen, who frequently visits Miss Martin here where she is well-known.

Prof. and Mrs. N. O. Boughton attended the matinee in Martin Sunday. Also Mr. and Mrs. Sam Jones and many others from here.

T. N. Hall, F. E. Moudie and Claude May were in Prestonsburg on business Saturday.

G. E. Martin, of Drift, was a visitor here Sunday.

Novella Martin, of Pikeville, Ky., was here for the weekend.

Mrs. W. B. Hall returned this week to her home in Louisa after a visit here with relatives.

A WORD OF ADVICE ABOUT KEROSENE OPERATED REFRIGERATORS...

KNOW THE FACTS

before you buy--

--not--

Afterwards

The New Electrolux Kerosene Operated Refrigerator for the home without gas or electricity—shelf area, 12.3 sq. ft.

There are different types of kerosene operated refrigerators for the farm home where natural gas is not available. The New Air-Cooled Electrolux is the only one we have found that is truly practical, modern and convenient. Here are the main reasons why you should see the Electrolux kerosene operated refrigerator before you buy.

It is the same unit as the famous Electrolux Air-Cooled Gas Refrigerator which has been giving highly satisfactory service all over the United States.

There is no heat thrown out from this refrigerator to make your kitchen uncomfortable. Continuous operation—tank requires filling only once every week or ten days.

SMALL KEROSENE FLAME DOES ALL THE WORK
Fill the tank, light the single burner, and Electrolux is ready for a long life of service.

INEXPENSIVE TO OPERATE

Kerosene costs but a few pennies a day. Electrolux pays for itself in lowered refrigeration cost.

USES NO WATER

Electrolux is air-cooled—no water tank is needed, no danger of refrigeration stopping for lack of water, no danger of water leaks.

SINGLE KEROSENE BURNER

Use of kerosene is kept at a minimum—no waste, easier operation. Just one burner to light and clean—NO WICK TO TRIM!

HARMLESS REFRIGERANT

The refrigerant—perfectly harmless—is hermetically sealed in steel.

FUEL IS NEVER WASTED

If kerosene feeds too fast, it is diverted into a small bucket. When the bucket is full, its weight shuts off the flow of kerosene and also the flame.

TEMPERATURE REGULATOR

Permits speeding up freezing of ice cubes and frozen desserts.

DEPENDABLE REFRIGERATION

Easy temperature regulation assures correct refrigerating temperature at all times—prevents food freezing or being inadequately cooled.

PLENTY OF ICECUBES

Sixty large, pure, sparkling ice cubes at one freezing—ensures a plentiful supply day and night.

TRIGGER TRAY RELEASE

No need to struggle with ice cube tray if it is frozen in—life trigger, tray instantly breaks contact with cooling chamber and can be pulled out without effort.

LONG LIFE

Electrolux has a long life of service, because there are no moving parts to wear.

PORCELAIN INTERIOR

Sanitary, easy to clean—no beams or corners where dirt can collect. Black panelyte trim with no screws to catch cleaning cloths.

SOUNDLY CONSTRUCTED

Lustrous, durable lacquer finish. Easy to keep clean and bright. Finest grade of material and workmanship throughout. Burner of chrome steel. Chromium-plated hardware.

INDIVIDUALLY TESTED

In addition to countless tests during construction, each Electrolux unit is individually tested before leaving the factory and each Electrolux is carefully crated for shipment.
