BETTER LUCK, SIR: Among other items this newspaper has missed from time to time is the one about Governor White appointing A. O. Neiser, of Ashland, highway engineer for this district...

THE BOYS ARE WATCHING AS WELL AS MARCHING: Publicity given by THE TIMES to the drive for the building of an Honor Roll here has been a "piece" -- to Africa, India, New Guinea, Australia, Italy, all over...

Last week came a letter from Australia with a money order for \$10 from Philip's Officer Stacey Salisbury...

Why shouldn't they keep an eye on us who are in the comfort of our homes, the safety of our usual occupations? You guys who are taking a day's work away from home-- don't you expect the family at home...

FOUND--A HOME FOR A BOY: THE FLOYD COUNTY TIMES had not been in existence long enough when Wiley Warrick, well-known Auxler road farmer, answered the plea published in this column for a home for a boy...

THE TIMES, as well as Judge Hill, Jailer Horn and all others who took an interest in the boy, are going to be disappointed if he doesn't justify their faith in him.

HALL HEADS BOND DRIVE IN COUNTY

Full Co-Operation Of All Necessary To Attain Quota: Floyd county's Fourth War Loan drive, which began Tuesday as the same patriotic work started in every community throughout the nation...

Announcement of Mr. Hall's appointment was made last week by Sen. Williamson, Jr., Ashland, chairman of the War Finance Committee for Kentucky.

Organization of community committees was being effected this week for a full-scale attack on the \$25,000 quota.

Starting this week, a series of advertisements showing the need of support through War Bonds bought by the citizens at home of those in the armed forces is being sponsored by patriotic Floyd county business and citizens.

Accepting the chairmanship of the drive, Hall said: "I am delighted to serve as chairman of the Fourth War Loan drive for Floyd county. Our fighting men need our help on the home front, and they can win battles only when they have plenty of equipment and supplies."

"As chairman of this Bond drive I am now appointing co-chairmen and amking quotas. I trust that all of our citizens will agree, and I hope that all Floyd counties will cooperate with us in this matter that concerns our very existence as a free nation. MacArthur needs more airplanes. Eisenhower needs more tanks and ships! Let's put our shoulder to the wheel and roll!"

Prestonsburg Brothers Have Re-Union in Italy

Prestonsburg soldier brothers met in Italy recently. Their mother, Mrs. Maggie D. Hatcher, learned Tuesday, after a separation of many months and after both had been on the same war front for the last 10 months.

Pfc. Sam K. Hatcher, who has been with the engineer corps since July, 1941, entered Italy with the first invasion force in November, 1942. Pfc. James H. Hatcher, who has been with the medical corps since July, 1942, followed his brother to North Africa five months since that time they have been expressing in letters to their mother the hope they might have a reunion. And the good wish was that they would meet in Italy.

MANTON MAN IS SUICIDE

Elijah Dyson, Victim Friday Morning; Body Taken to Charleston: Death of Elijah Dyson, 39 years old, former employee of the Stephens Ekholm Coal Corporation, at his Manton home Friday morning was ruled by a jury empaneled by County Judge E. P. Hill, Jr., to have been the result of a bullet wound, self-inflicted.

Mr. Dyson had been in ill health for the last five years and dependency is believed to have led to the act. His wife preceded him in death, being dead Manton 10 years, during which time he had acquired the friendship of all with whom he came in contact. He is survived by three brothers and one sister.

FLOYD SCHOOL BLAZE TOTALS \$50,000 LOSS

WEEKSBY'S 14-ROOM SCHOOL IS DESTROYED BY FIRE; 2 INJURED: Fire which destroyed the 14-room Weeksbury consolidated school building and all its equipment last Thursday afternoon caused estimated damage of \$50,000 and slight injuries to two girls-students.

Mr. Hall said the building was insured for \$60,000. Defective wiring and a gas leak were the cause of the blaze. While classes were in session some time around 3 o'clock Thursday afternoon, a boy, on route to the bathroom of the school, saw that the structure was in flames around the roof. The fire had spread before his discovery, but the building could not be used with any effect.

Although the approximately 400 students of the school were evacuated from the building in orderly fashion, two small girls became panic-stricken and leaped from first-floor windows. The small daughter of Lawrence Hall, of Melvin, thus sustained a sprained or broken foot and is a patient at the Martin General Hospital. Another small girl suffered a minor back injury. Lewis Campbell, principal of the school, was searching for the school rooms for any students who might have been left behind. Some of the loss to leave the school suffered from smoke but without ill effects.

The school had regularly conducted drills, school authorities said. The burning of the building on Tuesday morning, the first of the term of approximately \$50,000. Superintendent Hall this week wrote the War Production Board, seeking orders for construction of a 10-room brick building to replace the burned structure. "Temporary rooms which will be used for school purposes are, in my opinion, wholly inadequate, unsanitary and detrimental to the education of our children." We realize the urgency of the situation and at the same time the education of the Weeksbury children must not be neglected.

Other speakers were Ismael Triplett, Judge E. P. Hill, Jr., and County Attorney Woodrow Burdett.

That Little Matter That Comes Up March 15--Here Is Dope On It

S. R. Glenn, collector of Internal Revenue, announced last week that he has begun to mail copies of the 1943 individual income and victory tax return to the estimated 500,000 federal income taxpayers in the Kentucky district.

Collector Glenn said, "Although these returns are not required by law to be filed until March 15, I cannot urge too strongly that everyone prepare and file his return as early as possible."

"There are," he said, "two major points that are vital for everyone to understand. First, many persons will owe a substantial tax and should start immediately to find out how much they will owe and to make plans for meeting the obligation. I must emphasize this as a simple matter of fairness to those taxpayers who may have overlooked this phase of the change-over to the pay-as-you-go system.

"Second, although many taxpayers will find that they are substantially paid up on their 1943 taxes--some of them, in fact, being entitled to refunds--it is still necessary for them to file a return."

Collector Glenn explained that under the pay-as-you-go system, all current tax payments through withholding from wages or by means of payments on "declarations of estimated tax" are only approximate. Therefore, it is necessary to file a return at the close of the year to determine the exact amount of each person's tax liability.

He said that a person who has paid his taxes in instances where the current payments were less

than the tax payable March 15, reimbursement of the difference will be necessary at the time of filing the return. This amount cannot be paid in installments. In instances where the current payments were less than the tax payable March 15, reimbursement of the difference will be necessary at the time of filing the return. This amount cannot be paid in installments.

In instances where the current payments were larger than the final tax, the taxpayer will be entitled to secure a refund merely by filing his return.

"Early preparation of returns will be advisable," Collector Glenn said, to serve as a guide to the thousands of taxpayers who will have substantial payments to make and need to know how much the taxes will be so that they can make advance preparations to pay their taxes.

"Substantial payments will be necessary in certain instances because (a) most individuals who had a 1942 tax number must file a return on the face of each coupon immediately upon receipt of book.

Particularly persons who took jobs for the first time in 1943 and whose wages increased sharply from 1942 to 1943 may have substantial payments to make, Collector Glenn said. As an illustration, he pointed out that a single person who earned \$2,000 wages in 1943 but had no 1942 tax, will owe nearly \$300 on March 15, or nearly three and one-half weeks' wages. Since this payment must be made in one sum at the time the victory tax, but not the income tax, was withheld from wages.

Who Must File

A return must be made by every individual who during the taxable year 1943 was single and had \$800 or more income, was married and, together with wife or husband, had \$1,200 or more income.

In addition, a return must be filed by everyone who paid or owed a tax on 1942 income.

A return should be filed likewise by anyone claiming a refund of taxes withheld from wages.

The requirements for filing 1943 returns on or before March 15, apply to civilians and personnel of the armed forces alike, except that post-ponements or extensions are allowed those who are on sea duty or outside of the continental United States. If a member of the armed

THE WEEK IN OPA

Bring Them Out of Hiding
Are the ceiling price lists in your grocery store "in hiding" in some stores? The Community Price Lists are posted where they are easily readable. In others, reports indicate, they are not. This month has been designated for bringing the price lists out of hiding in stores where this may be necessary. Consumers can assure the success of this by asking that the lists be posted where they can be read.

Retailers Must Have Tokens To Make Change
Reports come from the District Office that some retailers have not yet filed estimates of their tokens needed with their ration cards. Retailers are cautioned that they must have tokens in order to make change when the token plan begins and that the bank should be well in advance how many tokens will be needed. Forms for filing can be obtained from wholesalers and trade associations.

Country Shippers' Prices
Country shippers' maximum prices in Kentucky for the following commodities: 1. potatoes, 42.00 per cwt.; dry onions (yellow), \$1.80 per 50-lb. bag.

Live Cattle Prices
Following are maximum and minimum prices for live cattle under 1,000 lbs. at any point in Kentucky if slaughterer to retain right to subsidy payment:
Choice (maximum), \$16.15; (minimum), \$11.15; good (maximum), \$15.40; (minimum), \$10.40; commercial (maximum), \$13.10; (minimum), \$8.10; cull (maximum), \$8.35; (minimum), \$7.10; bologna "bills" (maximum), \$9.00; (minimum), \$8.35.

Above prices include expenditure for freight, feeding and bedding, but exclude any payments or allowances for brokerage, commissions or yardage.

Subsidy payments are handled by the Defense Supply Corporation. Slaughterers may contact J. Ford Abell, agent for the Defense Supply Corporation, 421 West Market St., Louisville, Ky. (2) for details on the program.

1943 Cost-of-Living Report
Year-end estimate of the Bureau of Labor Statistics show that the cost of living was held to a 3.4 per cent increase in 1943 as compared with 1942. Present prices are at the same levels as in April of 1943, eight months ago. Prices can be said to be stabilized as of the first time. Present price line can be held in 1944 if: (1) the present price control system is maintained; (2) OPA gets full cooperation of business, labor, housewives, farmers.

Gas Enforcement Tightens
Two new provisions in gas regulations are designed to make it tough for black market dealers and drivers.

It will be illegal for dealers to remove coupons from a gummed sheet, attach to another sheet, or alter the coupons in any way. This is aimed at black market dealers who purchase stolen coupons to replenish stocks.

When drivers are convicted of gasoline violations, local boards of gasoline commissioners can now prohibit the use of gasoline already in the violator's tank as well as the use of further gas coupons. Why? Too many violators with suspended ratings get caught driving months later, claim they had a full tank when convicted, OPA suspects that some may have been driving on black market coupons. The new ruling should help to stop this practice.

A GOOD WORD

By the REV. W. B. GARRIOTT
Pastor, Prestonburg Methodist Church

Last week I was discussing with you the Four Square Man. God made man and started him out well with good food to eat but he did not always continue right. It is not an uncommon thing to see a human being and be forced to feel about the French road. You know, she said, "God made him, therefore let him pass for a man." A good many have been passing for men and haven't been men at all; they have only been a hundred pounds or so of living flesh going around in a suit of clothes. A man said one day when he saw one of this type pass, "Where goes a young fellow with such collar and a cane; and he has been thinking that he is a man and that the most correct way to let the public know it is to smoke a cigar, put on a top hat and drink a little. And he has been thinking that he is a man! Well, that is not what he is just a cipher with the rim left off. He ought to swallow his cane and get a temporary backbone, just for a change; that's what the need is."

There is another kind of fellow who thinks he is a man who is too good to associate with the ordinary man. Sporadically, he is very religious and seems to think that the landlady or the merchant ought to accept his faults; the Christian examination of his payment for his board is a matter of payment for his board calling himself a man, but he is not. I would rather hate to tell you what he is like.

Here is another fellow who is always boasting about his physical strength and development of his muscles; but all boasts have the same end if all his time is used in feeding and sleeping for such development, what better is he than any other brute who has neither strength nor good physique are all that have to boast about or glory in; you are not a man; you may be the missing link, but not a man.

Here is another man who is always studying and thinking, trying to make himself a walking encyclopedia, and does not have anything to glory in but knowledge. But he is not a man, he is a mental machine.

The question has come to your mind lately: What is a man? His answers may be given to this question and have been given, but about the best one I have ever heard is that a man is that individual who recognizes that he is the handwork of God and tries to honor his Maker; in every department of his being; it is not my purpose to decrease his physical or intellectual excellence. I am thankful for what the human family has achieved and only wish that we had achieved much more. A man is highly favored who is endowed with physical strength and good health, whose mind beats with unalloyed vitality and every nerve with life; for it is not every man who can say as much. What I am saying is that we must not make the mistake of thinking that a well-developed body constitutes a man. Decent people do not have any time for a well-developed body which is neither sense nor conscience, and to train the body for its own mere sake is not the proper appropriation of the first principle of thorough manhood. Muscle does not make a man.

The same thing is true of mental development. It has always been that knowledge is power and there never has been a day when success waited more upon brains than it does today, both in the humblest craft and the highest profession. There are problems to be solved, loads to be lifted, battles to be fought and won, and knowledge has its place. But it does not make a man. To seek it for its own sake is as immoral as seeking money for mere love of gain, and to seek either for the mere sake of personal gratification is to be as far removed from manhood as hell is from heaven. Mere intellect never made a man out of anybody. I would rather have my boy, if alive in the church of God or if dead in heaven, knowing nothing but his ABC's, than to have him, if alive, slinging highballs over a bar or bucking a jackpot over a saloon, or shooting craps in some of your parlors; or if dead, in hell with Greek or Latin enough to have been able to have produced a lexicon.

Manhood does not depend on mental brilliance. Aaron Burr was brilliant, but he was debased. It was said of Byron that his mind emitted thought like sparks of fire, but he wallowed in uncleanness. It might be possible to be just as intellectual as the devil and to be just as mean.

forces is on sea duty or outside of the continental United States. If her own income is less than \$1,200. There are several other special provisions applying to members of the armed forces, and the Collector invited any service personnel needing tax advice to contact his office.

As in past years, there are two income tax forms. Form 1040, commonly called the "long form," may be used by individuals who (a) are citizens or residents of the United States; (b) had in 1943 \$3,000 or less income; and (c) received all of their income from salaries, wages, bonuses, commissions, or other forms of personal compensation, or from dividends, interest and annuities. In the case of husbands and wives filing separate returns, each must use the same form. The short form may be used as a joint return for a husband and wife, if, in addition to the other conditions for using that form they were living together on July 1, 1943, and their combined income for the year did not exceed \$3,000.

On or before January 1, 1944, every employee is required to give to each employer a receipt on Form W-2, showing how much wages were paid the employer during 1943, and how much tax was withheld. These receipts supply two important figures needed for making the annual return and the best time to prepare and file the return is as soon as the employee gets his receipt.

Collector Glenn also stated that notices have been mailed or will be mailed in the near future to all taxpayers who filed returns in this district for 1943 showing the amount of each individual's 1942 tax and the amount paid on that tax. These are two additional figures which income taxpayers will need in the preparation of their returns for 1943. The notices should be sent back to the Collector along with the return.

Gas Enforcement Tightens
Two new provisions in gas regulations are designed to make it tough for black market dealers and drivers.

It will be illegal for dealers to remove coupons from a gummed sheet, attach to another sheet, or alter the coupons in any way. This is aimed at black market dealers who purchase stolen coupons to replenish stocks.

When drivers are convicted of gasoline violations, local boards of gasoline commissioners can now prohibit the use of gasoline already in the violator's tank as well as the use of further gas coupons. Why? Too many violators with suspended ratings get caught driving months later, claim they had a full tank when convicted, OPA suspects that some may have been driving on black market coupons. The new ruling should help to stop this practice.

"You mean I don't need any coupons for electricity?"

That's right, Mrs. Higgins. No points, no coupons—no rationing of electricity. Not that it's any less important than food, or fuel, or shoes. In fact, electric power has rightly been called the life-blood of war production.

But our government does ask all of us to use electricity wisely. Even though there's no shortage in sight, the making of electricity requires manpower, fuel, transportation and critical materials—things on which war has first call today.

So, be as careful with electricity as with coupons. Use all you need—but need all you use.

SANDY VALLEY PRO

Welcome these Soldiers of Victory!

THE "shock troops" of your Government's 4th War Loan Drive—a drive that must raise \$14 billion to put the punch behind the punch that may make 1944 the date of doom for the Nazis—will soon call on you to buy your personal quota of Bonds. For, of the \$14 billion that must be raised in this Drive, \$5.5 billion worth must come from individuals.

Welcome these American men and women—5 million of them—who are not only buying their share of Bonds but are giving their time to call on you, personally.

Every office, every plant, every home, every individual in America has a quota to meet. Your personal quota is at least one extra \$100 Bond. That's above your regular Bond buying.

If possible, buy your extra Bonds during this drive at the plant or office where you work. A volunteer Bond worker will sell you there. Otherwise, welcome him to your home when he calls. Or find one in the thousands of retail stores all over the United States. They want to find you—you must help see that they do.

If you are unable to make your purchases from a soldier of victory be sure to go to one of these other special War Bond stations to buy your extra Bonds:

- BANKS AND TRUST COMPANIES
- U. S. POST OFFICES
- SAVINGS AND LOAN ASSOCIATIONS
- BUILDING AND LOAN ASSOCIATIONS
- BROKERAGE AND INVESTMENT FIRMS
- MOTION PICTURE THEATRES
- CREDIT UNIONS
- CERTAIN GOVERNMENT AGENCIES
- NUMEROUS CORPORATIONS AND FIRMS FOR THEIR EMPLOYEES
- PRODUCTION CREDIT ASSOCIATIONS
- NATIONAL FARM LOAN ASSOCIATIONS
- MISCELLANEOUS BOND BOOTHS
- RETAIL STORES
- NEWSPAPERS

Remember your job in this Drive is to buy more than your share of Bonds. That's the only way you can be certain you are still backing the attack. So be ready to meet your War Bond representative with an open check book.

This sticker in your window means you have bought 4th War Loan securities.

Let's all BACK THE ATTACK!

the making of certain supplies themselves. So critical is the need for pulpwood that recent rulings of the War Manpower Commission encourage farmers to cut pulpwood in off seasons by counting the work as war unit credits toward draft deferment.

A mill representative here this week quoted the following prices: \$9.50 per cord of 100 cubic feet for unpeeled timber; \$13.50 per cord of the same size for peeled timber. The mills pay the freight.

Any wood except black walnut and hemlock is acceptable, he said. The wood must be cut into five-foot lengths and be not smaller than four inches at the tip.

A. E. Vaughan, Bonanza, Hill Woods, Little Paint, and Terry Meadows, of Dock, are the farmers already producing pulpwood or ready to begin.

Martin Paratrooper In Markham Valley Invasion by Yanks

FRAZIER

One of the paratroopers in the Markham Valley and the south-west Pacific which was a prelude to the Lee battle, 20 miles to the east, was James D. Frazier, 24 son of Mr. and Mrs. F. L. Frazier, of Martin. The parachute invasion of the valley was one of the most spectacular feats of the Pacific war.

In the army since July 19, 1942, starting out as a machine gunner, Frazier was in one of the first paratroop outfits to go overseas. He was one of the group who parachuted at Ft. Bragg, N.C., for Private Minister Churchhill of Great Britain.

Wounded last February, however, his days as a paratrooper are believed to be over. A newspaper photo from Australia shows Frazier after the Markham Valley invasion. The newspaper describes the picture: "Dirty and unshaven after helping to take the Nudget air strip, 20 miles west of the Markham Valley, an American paratrooper grins at a U. S. A. Signal Corps cameraman while an inquisitive native states 'I see'."

His brother, Paul, 17, is now in "boot" training at the Great Lakes Naval Training Station.

FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

Sgt. R. T. (Buster) Herald writes from New Guinea:

"I GET THE TIMES every week and then when I get it I read every word in it many two or three times. I sure wish I could see it laid bare again soon. We are having it pretty nice over here now, but it was hell for a while. I sure wish that everybody was back at home, but it will be a long time before that will happen."

"I guess the draft board has got everybody from the looks of the paper and the only ones left are too old or too young."

"We have showers and a nice place. The tents are all floored and screened and it is nice here, but it is hot as hell and dusty as it can be. I guess this is all I can tell you for tonight, only I hope Doug Hays and Troy Sturgill win. Give them my best wishes."

Arthur Banks, son of Mrs. Georgia Frazier, of Prestonsburg, has completed his course of studies as an aviation mechanic in the Army Air Force Technical Training School, Amarillo, Texas.

His graduation from this technical school now fits him for pilot maintenance and he will be sent to some air base where he will assist in keeping America's Flying Fortresses in the air for Allied victory.

Sgt. Charles C. Holbrook, 23, son of Kelsey Holbrook, West Prestonsburg, has arrived at Texas A. & M. College for a course of Army Air Force instruction lasting approximately five months prior to his appointment as an aviation cadet in the air forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be assigned to a flight instructor and go on to school of the flying training command for training in this specialty.

Perry Leon Shuford, 31, of Wayland, has been graduated honor man of his recent training camp at the U. S. Naval Training Station, Great Lakes, Ill., and is now on "boot" leave.

He was graduated by fellow near-by bluejackets, Shuford was selected honor man by his company commander as the best of his company aptitudes and progress. He has also been recommended to attend a navy school for further specialized training as a Coxswain. Before joining the navy, he worked at sign painter and mixer for the Elk Horn Coal Corporation at Wayland.

Quentin Lockwood, son of Mr. and Mrs. The Lockwood, Prestonsburg, is now overseas seeing service as navigator on a bomber.

Aviation Student Rush C. Sloane, 21, son of Mrs. Bees Sloane, of Prestonsburg, is now attending 30th College Training Detachment (pre-war), Michigan State College, for a course of army air force instruction.

Even Break for Week Gained by Black Cats

The Prestonsburg Black Cats had for this week an even break on the basketball front—a loss to Wayland last week, 44-29, a victory over Van Lear last Wednesday afternoon, 20-20.

Although the team's heavy scorer, DeCoursey, was out nine points, five below his season average, Wayland's guards, Tufts and Craft, got loose for 21 points between them in the Wayland team. Sturgill and Craft, with 11 and 7 points, respectively, upheld the Prestonsburg attack.

On Wednesday, Craft scored 14 points against Van Lear while Sturgill was out of the line-up because of illness. Hall was the visitors' leading scorer.

The line-ups:
Wayland (44) Pos. P. (29) Sturgill (4), F. (29) Craft (7) Boyd (9), G. (11) Sturgill (11) DeCoursey (9), C. (11) Sammons (1) Tufts (11), G. (11) Blackburn (2) Craft (14), G. (11) Clifton (6) James (2), G. (11) Clifton (6) Substitutions: Wayland—(Caste 2), (2); Prestonsburg—James.

Pburg (25) Pos. Van Lear (20) Blackburn (10), F. (10) Music (2) Craft (14), F. (10) Hall (9) Sammons (4), C. (10) Retter (1) Craft (10), G. (11) Clifton (6) James (2), G. (11) Clifton (6) Substitutions: Prestonsburg—Hall, Vaughn, Hayden (3), Bunting; Van Lear—Collins (2).

When (and if) Hitler Gets The Noose, He'll Be The First Conqueror Ever Executed

By HOWARD L. DUTKIN From The Washington Post Should Adolf Hitler one day totter out to face the avenging guns of an Allied firing squad, he will become avenged among the world's world conquerors.

Of other history-making men of the world—Alexander, Julius Caesar, Attila, Genghis Khan, Napoleon—only one perished by the sword. Caesar, and he was slain by political foes, many of whom had been his supporters.

Alexander the Great, at the age of 30, had won virtually all of the then-known world. His glittering armies had marched from Macedonia through all southwest Asia Minor, Syria, Egypt, Persia, Mesopotamia, Babylon and India.

Nothing—no one—could long oppose him. The huge armies of the great Persian monarch Darius were dispelled like mist before the brilliant sun that was Alexander. His power over millions was absolute. So great was the homage paid him that Alexander began to imagine himself something more than mortal man. He was a god, he said, the son not of King Philip of Macedonia, husband of his mother, but of the great god Zeus himself.

He was Attila, the Hun, known as "The Scourge of God" for the cruelties and mass slaughter inflicted by him and his wild nomadic tribesmen as they roamed the Volga in Russia, drove past the Danube and arrived at the banks of the Danube.

Reputed in efforts to conquer China, the Huns were turned westward. They crossed the Volga in Russia, drove past the Danube and arrived at the banks of the Danube. For years the savage Hunnish tribesmen fought among themselves. It became the aim of Attila to unite his people, to assimilate all tribes between the Volga and the Danube.

Next he planned to get control of the Slavic and German peoples, to conquer all Europe and then hurl himself on Asia, crushing India, China, Persia and then Africa—the world as known then.

A master orator, Attila made Salvo's Rhine and the Danube. He played at friendship with China to avoid war on two fronts. In January, 451, the hordes of Attila, led by his nephew, the Hun, appeared on the banks of the Rhine. Attila seemed unstoppable. He pillaged Rhine and the Danube. As the Huns were nearing the gates of Paris they heard reports that the Romans, joined by the Visigoths, were proceeding to attack them.

WAYLAND HOT SHOTS

By R. H.

Christmas came to Beaver Creek three weeks late. We've been dreaming of a white Christmas since the 15th of December, but it was late getting around. Maybe the war or Roosevelt was the cause of it.

I was talking to a friend of mine who is working in Newport News Va. the past week, and asked him how everything was out there. And he said, "Ah, hell, brother, nothing but a bunch of draft dodgers, two men doing the work and five standing around watching, things like that are pretty disgusting to a man who wants to work and maintain the supplies that our nation needs during the war."

George Tufts and his family were visiting Wayland last week. They just had to have a drink of our Wayland water.

Perry Shuford one of our colored boys from Wayland, came home last week from Great Lakes, Ill, where he has been taking training in the navy. You know, Perry is a great guy. Everyone who knows him likes him.

Mr. Farley said, referring to last week's column, that he did not want any customers at his country store, but he sure wanted some mall dogs for the real old-timers to sit on and tell their big hunting tales, also a checker board. His fever is still high for that truck mine.

Pearlie Copley Ables has been visiting her father-in-law, Virginia Copley Harman has also been visiting from Portsmouth.

Norman, I don't know what to

"I had never been called upon to make funeral arrangements and I felt helpless."

Why not secure the knowledge that you may urgently need some day? It will take but little of your time to have a talk with us. Fortify yourself against a possible future emergency. Your call will place you under no obligations—none whatever.

Purpose of the council is to sponsor 4-11 clubs of the county and encourage the boys and girls to do good work. Each member of the Council is planning to sponsor one club and help in the problems arising there, sponsor the display window for the club in the fall, and to help select one member as outstanding for district and state meetings. The next meeting is to be a pot-luck supper, Feb. 8, at the home of Mrs. J. D. Thomas.

TO ALL TAXPAYERS

The Tax Commissioner's office will be open daily between now and the first of February for any taxpayer who desires to inspect his assessment for 1943-1944. If after the inspection you are not satisfied, you may appeal through the County Board of Equalization to the Board of Review which meets for 15 days beginning Feb. 7.

TRUSTS DEMOCRATIC EARS Senator Doug Hays is a bit on the hard-of-hearing side and when the time came for him to cast his first vote in the Kentucky Senate at the current session, he hadn't got all the particulars in the matter. "I knew Senator Bagby has always considered him a man of experience and hence, so I voted as he did," Doug explained. "To which somebody, doubtless a member of the Opposition, remarked, 'Yeah, Bagby's a Democrat. It's still damned hard for you to hear a Republican, isn't it, Doug?'"

HEARD HIM THE FIRST TIME Which reminds us of the late O. C. Hall whose hearing was defective. Once, when a chronic "sponger" asked him for a dime as Mr. Hall was hurrying into the courthouse here, he kept on "going." Thinking his "ouch" hadn't reached him, the hanger-on yelled, "Gimme a QUARTER, O. C.!" To which the weary-witted O. C. rejoined, "I heard you the first time!"

JUST A MISJUCE Postoffice authorities lifted their eyebrows last week when a letter from Prestonsburg to a Mad Creek postoffice was marked "By Airmail." It was only Harry Hill, clerk of Draft Board 44, hitting an envelope with the wrong stamp.

Kwanis Club Leader Names Committees

With an 85 per cent attendance at last Thursday's meeting of the Kwanis Club, the first he had presided over as president since the election of 1944, officers, Town Hall named club committee chairmen.
