Lt. Smith is the possessor of several battle stars for action seen in the Pacific as commander of a gun crew aboard one of the largest aircraft carriers of the Third fleet.

**Floyd County Soldier
Wins Bronze Star**

"For heroic service in conjunction with military operations against an enemy of the United States in France, on Nov. 26, 1944," Pfc. Andy (Buster) McClanahan has been awarded the Bronze Star at direction of Major General Blader.

The citation for the medal stated, in part:

"Private First Class Andy McClanahan, Coast Artillery Corps, United States Army, for heroic service . . . During an enemy artillery barrage Pfc. McClanahan and two other soldiers were wounded by shell fragments. Disregarding his own wound, which was bleeding profusely, Pfc. McClanahan left the comparative safety of a gun pit and carried his more seriously wounded comrade to an aid station, while shells continued to fall in the area. His courageous action under fire and without regard for his personal condition reflect credit upon Pfc. McClanahan's character and training as a soldier . . ."

McClanahan, 29 years old, has been in the army three years and overseas 13 months as a member of an anti-aircraft gun crew. His wife, Mrs. Stella McClanahan, and son Anthony reside on Bull Creek, near here.

Released by the Troop Carriers he zoomed down on Station WHAS

GEORGE PARTRIDGE . . . WHAS Special Events Producer and Director, came to us from out of the blue at Bowman Field. He had helped produce "All Clear," Air Corps big show, weekly "Barracades" and Bowman Field's "Flying Time" to WHAS listeners.

A native New Yorker, George had been on Eastern radio stations before the war. He has produced and directed War Bond, War Fund and Blood Donor's programs and likes G.I.s in unorchestrated appearances. Right now, he is helping produce thirty-minute transcriptions for boys on all fighting fronts, as per request of General Eisenhower. "A big bunk of hometown on a platter," these discs include current songs, topics of conversation, speeches and post-war plans for soldiers. In twenty-seven American communities assigned to perform this important service, local stations are co-operating to make the discs fully representative of life "at home" in the states.

A large crowd attended the funeral of Mrs. T. A. Campbell at Mounds last week. Even though the heat had to be turned out of the theater here Saturday and Sunday, it didn't stop the crowd from going to see the pictures. Several carloads of Prestonsburg fans were here Friday night for the game between the Cats and Black Devils in which the Devils were victorious. The coach and principal, Reb Hall, had some of our ball players benched for slipping off from school. Several fans from here saw the beloved Black Devils beaten by one point Saturday night in Paintsville. This was the Devils' third defeat this season. Mrs. Rudolph Spencer and Mrs. Frank Rasmick spent the week-end in Huntington with their father-in-law, J. Moore, who is ill in a hospital there. TWO MEN OR TWO WOMEN This agency does not stress volume of life insurance, except as volume protects the largest number for the largest amount. What we strive for most is to keep insurance in force for the benefit of those who buy it.

We prefer to submerge our personal records and elevate the welfare of those who trade with us. We feel that a good life insurance agent should conduct his business, without fanfare, on a confidence-inspiring dignified basis as other legitimate professions are operated. We feel that the public is entitled to look upon a life insurance agent as a normal human being who does not spend half of his time running around the country exhibiting a score of personal "achievement records." We do not wish to appear to be high-pressure crack salesmen or opportunists. We desire to be one of the ranks doing our part to improve the lot of all of us.

Keeping these things in mind, we modestly submit that this agency has approximately \$4,000,000 life insurance in force. Last year the business of this agency's members renewed from 84 to 96 per cent.

What's the matter with the other Haystack?
CATTLE are smart critters, as any livestock man knows. They'll even show you whether your land is properly fertilized.
That cattle can give you the answer to this question has been proved by an experiment reported by Dr. Wm. A. Albrecht of the University of Missouri, who is illustrated here. The cattle were turned loose in a field in which there were two stacks of hay. The grasses were the same species; the curing was the same; they looked and smelled the same. But the cattle ate one stack and never touched the other.
Then it was discovered that the stack the cattle liked contained much more calcium and phosphorus—two minerals cattle must have for good health. The good hay came from soil that had been treated with lime and phosphate... the poor hay from untreated land.
Minerals essential to both human and animal health come from the soil, are absorbed into plants and so get into the bodies of grazing animals. Human beings, of course, get their supply of minerals from plant foods like fruits, vegetables and cereals, and from foods of animal origin like meats, fish and eggs.
Better soil produces better food, better livestock and healthier people.

That hens that cackle the loudest are often better of lying than laying.
That he makes the livin', but it's his family that makes livin' worth while.

"The pig that pays" is the "extra" one that lives in an average litter. Baby pig death losses of from 30 to 50 per cent are far too high. They can be greatly reduced.
Cleanliness is the first rule of profitable hog raising. Dirt breeds disease and parasites, so it pays to move young pigs to clean pastures and to keep them away from old pens and yards. Old dry bedding has been known to start dust-pneumonia, and tracheitis and erysipelas can be prevented by early vaccination, and transfer of diseases from newly purchased hogs can be controlled by a period of isolation.
Observe common-sense rules and your pigs will live and grow. Feed them well and when your hogs are ready, you'll get your "profit" from the extra ones raised in each litter.

THE EDITOR'S COLUMN
So many important things are happening in the livestock and meat business that it is difficult for an editor to decide which to write about and which to leave out.

Few people realize how much beef, pork, lamb and veal must be set aside by meat packers operating under federal inspection for the armed forces and Lend-Lease. As of January 7, 1945, 50% of all utility steers, heifers, and cows are set aside for the government canning program. The government will continue to call for 60% of the choice, good, and commercial steer and heifer beef carcasses, excepting extremely light weights; also 90% of the cutters and canner beef. Of the total beef carcasses, excluding land, approximately 50% has to be set aside. Government priorities on "Good" and "Choice" lambs have averaged from 40 to 50% of the suitable lambs. Priority orders also apply to approximately 50% of the "Choice," "Good" and "Commercial" veal produced within specifications.

Of course, such regulations are necessary in order to insure the proper conduct and winning of the war. Nevertheless, producers and consumers should know of these regulations as a partial explanation of why they are having difficulty in getting the supplies of beef, lamb, pork and veal which they want.

Seven million people saw their homes blacked out. This shows the hurricane's path as it tore up the Atlantic Coast.

LAST FALL, a raging hurricane roared up the eastern seaboard and left a \$400,000,000 trail of wreckage from North Carolina to Maine. Falling trees crushed homes, cars and power lines. Poles were snapped off by the fury of the storm. Hundreds of towns, millions of people had no electric service. The electric light and power companies moved fast. Line crews worked around the clock. 18-hour stretches were common. Creaks, ratter readers - everybody - pitched in to replace workers now at war. Short-wave radio helped direct the job. Men and equipment came to New England from other electric companies as far west as Ohio and Michigan. In fact, some trucks were already rolling before the storm struck. In most cases, service was quickly restored. Hospitals got first priority, then war plants. It was a staggering job, swiftly done - and helped immeasurably by the patience and understanding of customers. This hurricane - like fires, floods, tornadoes across the country - demonstrated the fact that only a major disaster can interrupt the even flow of electric service. It proved again that business-managed electric companies are organized and able to meet any emergency as completely as they met America's greatest emergency - war. ALLEN CONSOLIDATED SCHOOL DISTRICT BOUNDARY

It is ordered by the Floyd County Board of Education that pursuant to Kentucky Revised Statutes 169.070 that a sub-district be established and known as the Allen Consolidated School District No. 49 line between the boundaries of which shall be as follows: Beginning with the upper farm line of Bobby Jones and Dose Webbers, running in a westerly direction to the top of the ridge between Frater Creek and Beaver Creek; thence with the ridge between Frater Creek and Beaver Creek to the Martin Consolidated school district line; then, with said line down the hill and across Beaver Creek to the top of the ridge between Beaver Creek and Bull Creek; thence in a northerly direction along the ridge to the Dwaile Consolidated School district line; thence to the Dwaile Consolidated school district line to the upper line of the Emma School District No. 49 line; thence west to the top of the ridge between Big Sandy river and Bull Creek; thence running with the ridge in a northerly direction down the river so as to include all of Sand Branch; thence on down the ridge between Bull Creek and Big Sandy river to a point directly opposite the lower property line of Tom Burchett; thence across the river and with Tom Burchett's line to the top of the hill; thence with the top of the hill in a southerly direction so as to include Knotley Hollow and Sugar Leaf Creek; thence following the ridge between Sugar Leaf and Cow Creek so as to include both forks of the Woods Branch and to the lower line of J. W. Burchett; thence with said Burchett line across the creek to the top of the ridge; thence following the top of the ridge so as to include Calf Creek; thence with the ridge so as to include Mossy Branch and the Billy Martin Branch, up the river to a point on the ridge opposite the upper farm line of Bobby Jones and Dose Webbers; thence across the river to the Jones and Webb line to the beginning.

It is the purpose and intention of the Floyd County Board of Education by this order to establish the Allen Sub-district so as to include all of the existing Allen Districts No. 51, Emma District No. 49, Lower Cow No. 41, Sugar Leaf No. 46, and in the event any part of any other district is included in the boundary, that portion of the district so included shall be changed so not to affect the boundary of the Allen District established by this order. The boundary line of all districts affected by this order are hereby changed so as to conform to the boundary line herein established. It is further ordered that the following legal voters in said Sub-District be appointed officers of said election: EUGENE ALLEN, Clerk W. A. MALONE, Judge JAMES GUNNELLS, Judge HERMAN PORTER, sheriff to serve at said election and to certify the returns to the Floyd County Board of Education.

POLITICAL ANNOUNCEMENTS

FOR CIRCUIT JUDGE We are authorized to announce HENRY STEVENS, as a candidate for Circuit Judge of the 3rd Judicial District, subject to the action of the Democratic party at the August, 1945 primary. Not having been reversed in a single case in Knott county so far as I know, during my tenure of office, and in only three or four cases in Floyd, I think this is a record for this section of the state - in fact, to be impartial in every particular and to abstain from permitting my feelings to interfere on either side of trial cases. I have been urged by many, for this reason, to make this race. Therefore I submit to you my candidacy.

CELEBRATING— “50 Years of Progress Thru Security”

One of America's Leading Insurance Companies---

KANSAS CITY LIFE INSURANCE COMPANY

(With \$555,000,000 Insurance in Force. \$158,000,000 in Assets.)

Announces its “Product of 50 Years Experience.”

“The Golden 50 Policy”

(Copyrighted 1944)

A New Copyrighted Policy, Never Before Offered to the Public by This or Any Other Company!

IT SAVES (and Returns to Beneficiary) EVERY DOLLAR OF PREMIUMS PAID UP TO AGE OF 60 PLUS THE FACE OF POLICY WHEN YOU DIE

Yes, “THE GOLDEN FIFTY POLICY” actually and literally RETURNS to your Beneficiary EVERY CENT you have paid in premiums PLUS the actual face of the policy which you have taken. Never before has such a wonderful protection-savings insurance policy been offered by the KANSAS CITY LIFE INSURANCE COMPANY or for that matter ANY other insurance company in the world. If you die BEFORE you are 60 you get back EVERY CENT paid in plus the insurance. If you do not die until after 60, you still get every cent paid in premiums (up to age 60) PLUS the face of the policy.

PROTECTION THROUGH SAVINGS!

It would take you YEARS and YEARS to actually save as much money as this insurance-savings GOLDEN FIFTY POLICY guarantees to your family. Most men and women would NEVER achieve it in a lifetime... now YOU CAN and still have the full INSURANCE while you are saving the money... every cent you pay in.

PROTECTION THROUGH INSURANCE!

This GOLDEN FIFTY POLICY protects your family to its FULL AMOUNT even if you die shortly after you have taken out the policy. Every year that you live INCREASES THIS by EVERY CENT you pay in premiums. Never before such life insurance protection!

THE GOLDEN FIFTY POLICY is a special policy... designed and offered during the KANSAS CITY LIFE INSURANCE COMPANY'S “50 Years of Progress Through Security.” You must qualify for it (no amount offered less than \$2,000, and the minimum age is 15). It is copyrighted by our company and is offered ONLY during the calendar year of 1945... IT SAVES AS IT PROTECTS! Fifty years of insurance study has gone into the making of the “GOLDEN FIFTY” to make it the most effective policy at the least cost to you. It's truly your GOLDEN OPPORTUNITY of a lifetime. May we tell you more about it?

SOME THOUGHT IT COULD NOT BE DONE BUT WE'RE DOING IT FOR JUST ONE YEAR—1945—MINIMUM POLICY OFFERED \$2,000... MINIMUM AGE 15

Yes, some folks (and some experienced insurance folks, too) thought the KANSAS CITY LIFE INSURANCE COMPANY couldn't offer such an insurance-savings opportunity like this... but we did! And we're doing it ALL THROUGH THE YEAR 1945. But ONLY for this one year will we offer you this GOLDEN FIFTY POLICY (and no policy will be written for less than \$2,000, minimum age 15 years). It's your FIFTIETH ANNIVERSARY and we're celebrating IN YOUR FAVOR. But remember THE KANSAS CITY LIFE has insurance IN FORCE right now of \$555,000,000 and assets of \$158,000,000... that GUARANTEES the contract for you.

AND SAVES YOUR PREMIUMS!

Imagine saving EVERY CENT in premiums you pay on this GOLDEN FIFTY POLICY even if you die at age 60. And if you die after 60, your estate is paid every cent you have paid in premiums up to the time you were 60 years old PLUS the face of the policy... YOU REALLY and ACTUALLY SAVE YOUR PREMIUMS just like a savings account.

PREMIUM DEPOSITS ADJUSTED!

After 60, if you want to keep your premiums at the same amount, we will reduce the face of the policy to make that possible (most men need the maximum protection before they are 60). That's why the premium deposits before 60 are ONLY ONE-HALF those after 60.
