Two-Weeks Revival At Methodist Church To Begin Monday Night

The Rev. W. R. Garrison, pastor of the Methodist Church, this week announced that a revival will begin at the church Monday night and will continue through May 11.

The Monday evening sermon will be delivered by the Rev. H. H. Marsh, pastor of the Methodist Church, Paintsville and on Tuesday evening by the Rev. O. B. Johnson, pastor of the First Methodist Church, Beaming Springs. Dr. Warren C. McElaine, a member of the Southern California conference, will accept the host for the duration of the revival.

A special supper will be here throughout the services and will be in charge of the music. The publicity is handled by all three services.

URNS TO AID OF SUFFERERS

In Texas Explosion; Red Cross Accepting Funds for Stricken

Although many Red Cross chapters over the nation, as in the case of Floyd county, are conducting their annual drives to meet fund quotas, they have turned with national Red Cross headquarters to the needs of sufferers in the Texas City explosion.

Voluntary contributions for the relief of sufferers in this disaster will be accepted by any of the 375 Red Cross chapters. Chairman Basil O'Connor said.

Mr. O'Connor pointed out that already a number of inquiries have been received from persons interested in supplementing the initial Red Cross appropriation of \$200,000 to lessen the distress, even though many local chapters are still at work on their 1947 fund appeal.

Gov. Edward J. Taylor of Texas formally placed the Red Cross in "charge of relief" in that state as the nation's official disaster relief agency.

Mr. O'Connor explained that in accordance with the new procedure, practices the Red Cross is fully prepared to meet the relief needs of the disaster victims.

Wayland Is New Floyd Boom Town With Rail Work Stemming From It

If "things" go boom or bust, one Floyd county town stands a better-than-average chance over the next several years at least, and probably for several years, to be a boom town.

This community is Wayland, Elk Horn Coal Corporation mining town, which is the Floyd county railroad for development of vast coal holdings in Letcher and Knott counties.

As preliminary work on the \$4,221,000 job of constructing 22.5 miles of railroad from the town to Letcher county is developing, there are few, if any, living quarters to be had in Wayland this week. It is said, "This despite the fact that the miner operators began as early as the vicinity of Dry Creek, several miles above Wayland."

Through the town a major portion of the product of a mine to be installed on Rock Fork of Indian Creek, Letcher county, is expected to be hauled by the C. & O. The operation, it is estimated, will contribute between a million and two million tons of coal a year. Along the 22-mile route other smaller mines may be installed. A part of the Letcher county coal, however, will be moved by the new L. & N.

642 IN FLOYD RECEIVE AID

During March, Says Welfare Department; 276 Awaiting Help

The Kentucky Department of Welfare extended to 642 residents of the county during March aid totaling \$14,503, statistics released this week by the Department show.

The count of 403 recipients of old age assistance were paid during the month \$7,980 for an average of \$19.83 per beneficiary. These figures show, however, that 403 dependent children received an average of \$42.29 for the month, or a total of \$8,965, while the 37 needy blind were paid \$492 for a \$13.27 average.

There are 276 applications for aid pending from this county. The Department's report for March stated that of these 150 for old age assistance, 111 for dependent children and 13 for needy blind.

Dependent children benefits will be cut approximately 15 per cent May 1. It was announced recently.

M'GOFFIN MAN FACES CHARGE

Mail Carrier Names Shepherd on Three Separate Charges

Fred Shepherd, of Arthurbel, 25-year-old son of Magoffin county Magistrate Jimmy Shepherd, faces a possible federal charge as a result of a recent shooting on a company highway and drunkenness.

Shepherd paid a total of \$100 in bond on the shooting and drunk charges, and Sheriff Fletcher posted \$200 cash bond for his answer to possible grand jury action. Fletcher also arrested Shepherd's \$1,000 price bond.

After the carrier, Arthur Whitaker, ocean and neighbor of Shepherd, had named him in warrants charging him with carrying a concealed deadly weapon, shooting on a public highway and drunkenness.

Shepherd had a mail bag in his hand when he was arrested. He was riding a mail-delivered horse up Brush Creek en route to the post office in Conkling Magoffin county, when Shepherd stopped his car and at the point of a pistol ordered him to enter the automobile. Later, it was alleged, Whitaker had in his hand the first class mail pouch. "I thought having the mail in my hand would protect me," Whitaker said.

The carrier said some shots fired by Shepherd were aimed in his direction but came from a distance. He also said the Magoffin woman frightened a Brush Creek woman and her children from their home.

He expressed the opinion that Milton Prater, an occupant of Shepherd's auto, saved his life.

Constable Rich Hall of Garrett, who arrested Shepherd and Arthur Shepherd, another occupant of the car, paid a drunk fine. He added that no other passenger appeared to be drinking.

Shepherd admitted he was drunk and that he fired some shots into the ground.

DEPUTIES MAY QUIT, RESULT OF SENTENCE

Of Ex-Deputy Lewis, According to Sheriff; Venue Change Asked

By agreement between counsel for the Commonwealth and the defendant, Judge Hill, Thursday morning, transferred the trial of Deputy Sheriff Harold Conn to the Magoffin circuit court at Saylesville.

Sheriff Troy C. Sturrell said Wednesday morning that "some of my best deputies have threatened to resign" because of the conviction here Tuesday afternoon of Mack Lewis on a charge of slaying Cass Newsome at Drift while Lewis was deputy sheriff.

Sheriff Sturrell said his deputies took the position that prosecution and conviction of peace officers for necessary duties is a threat to the performance of their duties. Lewis' targets for any outlaw.

Commonwealth's Attorney John C. Cornett maintained that the former officer did not shoot Newsome in self-defense and that his sentence was justified.

Sheriff Sturrell said he is already bearing a life sentence in the death here from a bullet wound of his wife, plans an appeal from the verdict which carried a two-year sentence.

This morning (Thursday), Circuit Judge Powell P. Hill will be asked to rule on a petition filed by Commonwealth's Attorney Cornett, seeking a change of venue in the trial of another deputy sheriff, Harold Conn, charged with slaying the slain near Boldman of Arthur Hill.

In the venue change petition, filed Wednesday, Mr. Cornett alleged that both Conn and Hill have so many relatives and are members of families of such influence that a new venue is necessary. His petition urged, in part: "Conn is one of at least two dozen deputy sheriffs. . . and . . . a deputy sheriff resident in . . . every county in Floyd county. . . (He) spends most of his time at the Sheriff's office and is in constant attendance at the court-house associating with presiding Jurors, and . . . the entire Sheriff's office, including his deputies, are actively engaged in the defense of the defendant."

Publicity given the case and influence that might be directed at a jury brought here, are probably the reasons that Newsome, standing on the porch of his home, had his revolver in his hand when the officers shot him.

Conn's case has been docketed for trial today.

In the Lewis trial the defendant and Deputy Sheriff Hill, who testified that Newsome, standing on the porch of his home, had his revolver in his hand when the officers shot him.

Conn's case has been docketed for trial today.

VOLUME XIX THURSDAY PRESTONSBURG, KENTUCKY

NUMBER 44 APRIL 24, 1947

Three Die of Wreck Injuries

Johns Creek Man's Ailment, Smallpox, Physicians Decide

Pearl Fraley, of the Johns Creek section, may be suffering from smallpox, Dr. Marvin Ramsdell, director of the Floyd County Health Department, said today. Dr. Fraley, 40, died here Tuesday morning.

Fraley drove here in a jeep and went to the office of Dr. Dotson, unaware of the seriousness of his illness. News that he had been here caused a few persons in the vicinity of the physician's office to concern.

The Fraley family was placed under quarantine.

ONLY I MINE BELIEVED IDLE

Glogora Operation Resumed; Contract Talks Are Scheduled

With the possible exception of Central Elkhorn, Floyd county mine was working this week, it was said here Tuesday.

Last week, hampered by limited telephone facilities, THE TIMES published an unconfirmed report that the Glogora Coal Company at Glo was idle. Both company and operators later stated the mine had been in operation since Monday of last week.

With the interruption in operation, the industry and union dispute, following the Corralia, Ill., disaster, past, the industry and union this week began looking toward a new settlement.

The Federal Coal Mines Administrator said Monday that John L. Lewis and a majority of spot coal miners, who voted to join the union in Washington April 29 on the question of resuming contract negotiations.

Navy Capt. N. H. Colston, coal (See Story No. 3 Page 3)

LOOP SEASON BEGINS SUNDAY

Original Schedule, Though Not Approved, Valid for Two Games

Despite schedule-making difficulties, the new Eastern Kentucky Baseball League will open its season Sunday and following the original schedule, published in THE TIMES last week, was rejected. Then a new one was worked out but not approved.

So W. A. Malone, league president, said Tuesday, the six teams in the league will go ahead with play Sunday and following the original schedule for the first two games. Meanwhile, he said, all teams will be asked to accept representatives to a meeting at which an official schedule will be adopted for remaining games.

Then for the first two games, according to present plans, the play will be as follows:

Sunday, April 27—Prestonsburg at Hazard, Wheelwright at Pikeville, Allais at Elkhorn City.

Sunday, May 4—Elkhorn City at Prestonsburg, Pikeville at Allais and Hazard at Wheelwright.

The Prestonsburg team engaged Sunday afternoon in its first nine-inning practice game, defeating the Prestonsburg high school team, 8 to 0, in the first inning of the game. Pitchers who had been loaned to the school team for the contest.

Kidd, Lockwood and Mims hurried for the game team, while Coach Leslie, Charlie Patton and Ira Stephens did the mound work for the Black Cats. The Cats scored a run in the first inning on hits by Porter and Blackburn and twice in the next inning on singles by Burkett and Wells, with two errors helping them along. Kidd hurled the first three frames for the "big" team, and Lockwood who relieved him was not scored upon for the next three frames.

Mims, a colored boy, was scored on in the ninth when the Cats cashed in on one hit by Goble.

The regulars scored three runs on one hit to start the game against Leslie and another run in the second on a walk and Kidd's double. They opened up again in the fourth with two runs, three hits of Patton and wound up with two in the ninth on as many hits of Stephens.

FESTIVAL QUEEN AND HER COURT

Adding to the color—and beauty—of the Floyd County Music Festival, held here recently for the first time, were eight school beauty queens who vied for the title of Festival queen. The eight girls are, from left to right:

Ada Hall, McDowell; Mary Rollins Martin, Wayland; Yvonne Bryant, Betsy Larny; Emmaline Hall, Prestonsburg; Festival queen, Billie Jean Flanery, Martin; Ann May, Maysboro; Roselle Collins, Garrett; Joan Osborne, Wheelwright.

FOUR NEGROES ON MAY JURY

Trial at Washington May Take 30 Days, Jurist's Estimate

With a jury selected within two hours, the trial of Dr. Concessionary A. J. May in Washington, D. C., was off to a fast start Tuesday.

At that, it was estimated by the trial judge, Justice Henry A. Schweinhart, that the hearing will require from two weeks to a month.

Seven men and five women, including four negroes, compose the jury to decide the Prestonsburg man's guilt or innocence of the charge of conspiring to defraud the government on war contracts.

On trial are Murray and Henry Garson, munitions manufacturers, and their Washington agent, Joseph P. Freeman.

Dr. Concessionary May this week reiterated his declaration of innocence and expressed confidence in his acquittal. When the federal grand jury indictment was made, Mr. May asked for an early trial of the case.

FLOYD COUNTY MAN SURVIVES

Texas City Blast; Unable to Explain Details of Escape

Mr. Willis, son of Dr. Magistrate and Mrs. W. A. Wells, Prestonsburg, as believed to have been the only person inside the Monsanto Chemical Company plant at Texas City, Texas, to escape alive when last week's explosion of an explosive-laden French steamer in the Texas city harbor touched off chemicals in the plant and converted the city into a shambles of dead and injured and wrecked buildings.

Immediately after radio broadcast of the explosion and the terrific loss of life, Mr. Willis here enlisted Red Cross aid in an attempt to learn of his son. While the Red Cross continued its efforts to gain this information, a letter arrived from the son, written a few hours after the blast, in which he said, "I just don't know how I got out."

He wrote that he was in his home at Seabrook, Texas, 50 miles from the scene of the explosion, were shattered to bits. Mr. Willis and his family moved to Texas City about two months ago.

IN SPRING TRAINING

Ballou S. Bradburn, Jr., left last week for spring baseball training at Salisbury, of the North Carolina State League.

HUNTER MAN UNDER BOND OF \$15,000

As Death Car Driver; Hensons, Salisbury Are Crash Victims

Cola Salisbury, of Hunter, driver of a truck which rammed an automobile near Hunter Sunday afternoon, causing the deaths of three well-known residents of this county, was released from jail here Tuesday on \$15,000 bonds totaling \$15,000 requiring his answer to the grand jury.

Dead as a result of the wreck, one of the most tragic in Floyd highway history, are:

Timothy P. Henson, 87 years old, Beaver, Ky., farmer.

Mrs. Abbie Catherine Henson, 70, wife of T. P. Henson.

Bill Bryan Salisbury, 49, Hunter merchant and former Floyd peace officer.

Injured were Mr. and Mrs. Joseph Reynolds of Allen. Mrs. Reynolds is a daughter of the Hensons, who were passengers in the Reynolds car at the time of the smash-up.

Others who provided the tragedy were quoted as saying Cola Salisbury was intoxicated. Mathis Salisbury, nephew of the accused man and a passenger in the truck, refused to admit this. He stated Cola Salisbury was driving at the time of the crash, and that Bill Bryan Salisbury "became a passenger and the driver in the seat of the truck, with two small children in the back."

The truck, owned by Bill Bryan Salisbury, was being driven up the Left Beaver highway and the auto of Mr. Reynolds, Allen lumberman and former member of the Floyd County Board of Education, was traveling toward Martin when the collision occurred. Mathis Salisbury said his uncle cut to the left to pass a Ford car ahead of him, then cut back to the right. "I looked like he thought he was going to run on the right side of the road," Salisbury continued in his statement. "He cut back on and cut into the other car."

Mrs. Henson died almost instantly, her chest crushed. Her husband died Tuesday morning around 5 o'clock at the Gearhart hospital.

Circus Is Coming to Town-- Beware of Bull on Loose, Barking Dogs and Firearms

The circus is coming to town May 14.

Get your cracker-jacks here, see the "greatest show on earth" and all that—but, if a dog barks or a bull goes loose and you see anybody carry a John Browne, pull for the tall and stout.

For folks who have a habit of getting themselves shot accidentally, these days, under such conditions.

In Louisville recently when a Bruma bull escaped from the Army, where a rodeo was being held, trigger-happy police chased it for blocks, fired several shots, meanwhile lodging a bullet in the abdomen of a rodeo cowboy who had the misfortune of a bull could be hooped rather than shot.

Then only Tuesday of this week an ordinary car barked and snarled as cars and most other dogs will at a pack of 10 trained dogs at a circus in Ashland. The other dogs, for all their education, snarled and yapped right back at him. They also strained at their leashes. Out came the dog-herder's trusty stick-slinger. He said he fired into the ground to frighten the unpeddled one away, but the bullet struck 19-year-old Mrs. George Starks of Ashland, in the arm, as she was walking.

So there you are. Have a good time. But if even a clown unlimbers artillery, duck. The gun might be loaded—and he might be at bad off in his aim as the Louisville cops. And they, apparently, couldn't hit a bull with a bar fiddle.

Writes Winning Essay

Herma Lee Roberts, 12-year-old daughter of Mr. Magistrate Dewey Roberts, of Hazard, received the \$25 per offered by the Prestonsburg Kiwanis Club for the best essay written by a grade school student of the county on the subject, "What Forest Fires Should Be Prevented in Floyd County?"

She was presented the award at last week's meeting here of the club. At the same time, Clifford Martin, senior at Martin high school, received the first prize award on the subject, "What Is the United States and Why the United States Should Support It."

BIRTH ANNOUNCED

Announcements have been received here today of the birth on April 4 of a son, James Crooner, to Mr. and Mrs. James B. Coole of Louisville.

DAUGHTER BORN

Born to Mr. and Mrs. Thomas W. Hill, of Hillsboro, Ky., at the Prestonsburg General Hospital, Monday, April 21, their second child a daughter, Linda Carol.

COURT OKEHS HOME AGENT
For Work; Purchase Of Bulldozer Made

The Floyd fiscal court Wednesday morning voted the \$600 appropriation necessary to continue for the fiscal year beginning July 1 the work of Home Demonstration Agent Nequa Kincer.

The appropriation followed by a few weeks annual funds voted for the health department and county farm agent work. Wide interest in continuation of Miss Kincer's work was expressed by women of the county.

At the same meeting the court purchased from the Williams Tractor Company a bulldozer for \$7,212.25 as a part of equipment considered necessary for the county to carry on road-maintenance work.

The bulldozer, to be delivered here this week, furnishes the county the following equipment for road work: Two bulldozers, one power patrol grader, two pulpit graders, one tractor, one truck and an air compressor.

Another truck and a power shovel are needed, members of the court said, but limited funds prevent their purchase.

Mrs. Anna N. Meade
Influenza Victim

Influenza complications resulted in the death Monday night at her home on Abbott Creek of Mrs. Anna Neesley Meade, 82 years old, widow of Martin Meade.

Mrs. Meade, a native of the Abbott Creek section, had been a member of the United Baptist Church 22 years and was one of the county's best women. She is survived by one foster-daughter, Mrs. Bruce Hackworth, and two brothers, Marion Neesley, of Myrtle, and Lewis Neesley, of Ohio.

Funeral rites were conducted Wednesday morning, the Rev. Alex Stephens officiating, and burial was made in the family cemetery under direction of the Arnold Funeral Home.

F. A. Sping left Monday for his home in LaGrange, Ore., after spending a few days here, guest of his sister-in-law, Mrs. Graham Porter, and Mr. Porter.

ganized labor resulted in an AFL invitation to the CIO to discuss possible merger. AFL President William Green proposed to Philip Murray, CIO chief, that they meet Thursday morning in Washington to discuss unification. In Pittsburgh, Murray said he had not yet received Green's telegram, but that he would give "utmost consideration."

Other developments in the national labor picture: Government conciliators in the telephone strike reported negotiations were approaching a "crucial stage," and John R. Steelman, presidential labor adviser, said he knew of no plans for the government to seize the telephone lines.

Strike leaders reported union ranks were holding firm as the strike ended its third week. However, company spokesmen said some workers were returning in varying numbers, to their jobs.

In Detroit, two persons were injured and 22 others, including two union officials, were arrested as violence broke out on the picket line. Another major development was the unanimous approval by the CIO

United Steelworkers policy committee of an agreement granting \$1 a day was increased to 140,000 U. S. Steel Corp. workers. Murray asserted that the new pact with U. S. Steel "assures peace in the industry for two years" and furnishes "an answer to Congressional labor baiters" contemplating restrictive labor laws.

The CIO United Automobile Workers resumed negotiations with General Motors and Chrysler corporations. Walter P. Reuther, union president, said "an entirely new proposal" which he declined to detail, had been made by the union. The UAW originally had demanded a 23 1/2-cent hourly wage increase.

ENTERTAINS WSCS
Mrs. Dove Vaughan was hostess to the Woman's Society of Christian Service at her home on Friend street recently. Mrs. E. W. Meade, the president, presided. Mrs. W. B. Garriot conducted the devotional, followed by an interesting program presented by Miss Myrtle Pugsley. The topic, "Observance of 100 Years of Methodism in China," was given by Miss Pugsley. Following the business session and committee reports, the hostess served a refreshments course to the following: Mesdames Cibe Bingham, E. W. Meade, Cecil Kendrick, R. D. Hall, H. P. Combs, W. B. Garriot, Eddy Shepherd, G. E. Allen, Maud Eghem, R. G. Francis, Mabel Branham, Miss Myrtle Pugsley.

BUY RESTAURANT HERE
J. M. Hall, Prestonsburg, and Johnny Hall, McDowell, Saturday purchased from Circuit Judge E. P. Hill the Bus Station Cafe here. The business, under J. M. Hall's management, will be known as Hall's Cafe.

Wayland Licks Cats; To Play Here Friday

Prestonsburg high school's baseball team last Saturday afternoon at Wayland in the Wayland Hornets, 10 to 5. The two teams meet again here Friday afternoon, and on the following afternoon the Cats go to Martin for a return game with the high school there.

Dr. W. J. Fitzpatrick and son, George H. Fitzpatrick, returned to Berea last week after a short visit at the home of Mrs. Maggie Lester and family.

International Relations Betsy Layne Club Theme

The Betsy Layne Women's Club at its meeting April 3 at the home of Mrs. Keen Robinson, presented a program on International Relations. Mrs. Clyde Blackburn, leader, was aided by several members on the following topics: "If You Ask Me," Eleanor Roosevelt, pertaining to our relations with Russia; "The World Grows Smaller," taken from the Kentucky Club Woman; "Something New," an article by Mrs. Jean Chastel concerning French Women's Clubs, Music, Home, etc.; "Setting the Standards," Lucy Dickinson. These readings were later discussed by Mrs. Laura Chandler, Mrs. Elizabeth Roberts, Mrs. Clyde Blackburn and Mrs. Jack Williams. Following these discussions, Mrs. Elaine Roberts gave a talk on Jane Todd Crawford, which consisted of a brief sketch of her early life and leading up to her operation which, at that time, had never been successfully performed and in reality was an experiment. Her bravery while undergoing that ordeal, which was without anesthesia, was extolled. The supreme faith in her heavenly Father that carried her through with the help of the family came for divine guidance for Dr. Ephraim McDowell who performed the operation was cited. Two new members were added to the club roll—Mrs. Myrtle Hardwick and Miss Alice Virginia Williams.

We love 'em in December as we do in May

REMEMBER the day you first romped away in that Buick of yours? How those eight Fireball cylinders fairly floated you over the hills - how those road-steady two tons of Buick answered sweetly every light touch of your hand on the wheel - how you glided along with foursquare Buick springing smoothing every wrinkle in the road?

TOP SECRET One of the things that play a part in Fireball snap is Buick's water-thin steel cylinder gasket. Just 15 thousandths of an inch thick, it's a "must" for the high compression this powerful straight-eight is designed for.

Speed up Work
 with the vehicle that does more jobs

USE IT AS A PICK-UP OR TOW TRUCK
 The Universal "Jeep" with its 60-hp "Jeep" engine and 2 or 4 wheel drive, is a versatile farm vehicle that spreads its cost over both the year round. It serves as a pick-up truck that hauls loads to 1,200 lbs. on or off the road. It tows trailed yardwork to 5,000 lbs. at highway speed, with reserve for grades. You speed up work with a vehicle that does almost any farm job!

... AS A TRACTOR
 In 4 wheel drive, at speeds of 2 to 7 mph, the "Jeep" serves as a light tractor to pull plows, harrows, ditches and other implements—pull-type or hydraulic. With power take-off it operates power mowers and sprays.

... FOR BELT WORK
 Power take-off on the "Jeep" delivers to 30 hp to operate feed mills, saws, corn shellers and other equipment. No idle seasons for the "Jeep"—you use it every day, all year.

LET US DEMONSTRATE ON YOUR FARM!

Rep. Biggers, Host To Baseball Team, Here Last Week

Members of the Prestonsburg baseball squad and friends of the team were guests Wednesday of last week at the third annual baseball banquet to be given here by Representative W. C. Biggers. The banquet was held at the Brown hotel.

Pledges of support to the baseball team were voiced by the several guests who spoke briefly upon request of Mr. Biggers, who acted as master of ceremonies. Mayor E. P. Arnold (retired) baseball as a hobby and character-building sport and expressed on behalf of the city thanks to Mr. Biggers for the banquet with its design for stimulating interest in the sport. "You boys have the support of the city," he said. "Anything" he added, "except finances. We'll be burdened with financial matters."

County Judge Alex L. Davidson declared there is more enthusiasm for baseball in Prestonsburg this year than anywhere in Floyd county, and offered the team his personal support.

Monroe Wicker, superintendent of Prestonsburg schools, hailed as "an actual work of philanthropy" the action of four men, Graham Porter, James Roark, Jr., Fred Dickerson, and Burl Spurlock, in subscribing \$12,000 of the fund necessary to installing lights at Park Field, the community's new athletic center. "They have dared to do something for this community I have not seen in a long time," he added.

Other speakers were James Roark, Jr., manager of the team, Graham Porter, Sheriff Troy B. Sturgill, W. S. Harkins, Jr., Wesley Campbell, Fred Dickerson, Dr. E. Edward Leslie, J. R. Hurt and Jimmy Vance.

Mr. J. M. Davidson, Mrs. Rev. Lewis Sowers and Mr. and Mrs. G. H. Rice, of Paintsville, visited relatives in Pikeville Sunday.

Mrs. Fred G. Francis and son, Billy Gordon, have returned from a visit with her parents at Carlisle. Mr. Francis accompanied them home.

Donald Davidson Harkins returned to his home at Danville Sunday after a visit here with his cousin, Walter S. Harkins, and family.

Mr. and Mrs. Lewis Stephens returned to Ashland Sunday after having visited his mother, Mrs. Anna Stephens here.

Mrs. E. M. Points and children, of Ashland, have been here visiting her parents, Mr. and Mrs. G. R. Allen, on Third avenue.

GOOD Ohio Farms for Sale

- (1)—197 Acres, 30 acres creek bottom, rest very gentle rolling hill land, 20 acres of good timber, all fenced, 60 cow place, 18 acres wheat, 800 bushels of corn, 40 tons of hay, lots of fodder, 25 head Hereford cattle, 24 head hogs, 200 bushels of feed wheat, 60 bushels of buckwheat. All farming tools, tractor and a large silo. All in grass and clover. No, we are not joking, this is one of the good ones, 2 miles of town. Price \$18,500. Electric here.
- (2)—178 Acres, 70 acres creek bottom, all tiled, lot of timber, the grass pasture, real good 6-room house, plenty good water, large barn, criss, cellar, smokehouse, on good pipe, 5 miles to town. Here is a good one. Priced right, \$8,500.
- (3)—207 acres, hilltop land, can use tractor on this one. This farm has been limed and will grow alfalfa, 8 acres of orchard, a good 8-room house, barn, smokehouse, cellar, poultry house, garage, cribs, good road, close to school. Only \$4,500.
- (4)—198 Acres, 100 acres creek bottom all tiled, 2 houses, both have electric all fenced, on pine, lots of outbuildings, cellar, smokehouse, fine water, 40 acres of coal mine, covered, steel silo land in mine. This is a good stock farm. Only \$10,000. Let timber.
- (5)—210 Acres, 100 acres creek bottom, 8-room house, bottom land, all tiled, 100 acres timberland, barn, garage, stock scales, make us an offer. This is a good tract.
- (6)—114 Acres all level, 2 barns, here is one of the best pieces of farm land in this valley near Stockdale, Ohio, all fenced and fine place to build. Only \$6,000.
- (7)—11 Acres, 4 rooms and bathroom, full basement, good road, good water, all fenced. Only \$1,800.
- (8)—168 acres, this is hilltop farm, 7-room house, large red barn, on Fwy. road, lot of timber, all fenced, some orchard, underlaid with coal. This land has been limed and has had a lot of alfalfa at one time. Aged owner. This is a real bargain at \$4,500.

Cut this out and save for future use.

MORE TIRE FOR YOUR MONEY

There's EXTRA VALUE in the Tire that OUTWEARS PREWAR TIRES

It's time to measure what you get for what you pay. No matter what you buy, the measure of true worth is in performance . . . how long it will serve you.

In tires there are several yardsticks . . . mileage, protection against bruising and road shocks, resistance to skidding. In all of these, the B.F. Goodrich Silvertown gives you extra value.

Its wider, flatter tread which covers more road area, spreads the wear more evenly. The more tire in contact with the road also means more tread to grip . . . to prevent skidding. Beneath this better tread is a 35% stronger cord body built with sturdier cords and more of them to give better resistance to road shock and bruising.

All this Extra Value adds up to today's big tire buy . . . the postwar B. F. Goodrich Silvertown—the tire that OUTWEARS PREWAR TIRES.

DON'T FORGET! GOVERNMENT TERMS CAN BE ARRANGED

Mrs. Julia Spradlin Passes at Hospital After Brief Illness

Mrs. Julia Spradlin, 77 years old wife of W. E. Spradlin, of Town Branch, near here, died Tuesday night at the Prestonsburg General hospital, victim of a weeks illness of heart disease and complications. Mrs. Spradlin was first married to Sam Stanley, and of this union one daughter, Mrs. Penn Fitzpatrick, of the Middle Creek road, and two sons, Bruce Stanley, of Ligon, and James Stanley, Prestonsburg, survive. After Mr. Stanley's death she was married to Mr. Spradlin and of this union two sons, John and Bill Spradlin, both of Prestonsburg, survive.

She was a devout Christian and was one of the county's best women. Funeral rites were conducted from the residence today (Thursday) and burial was made in the Penn Fitzpatrick cemetery on Middle Creek, the Arnold Funeral Home directing.

Grethel Man Nabbed Here After Neighbor Is Wounded by Shot

Noah Frasure, of Grethel, was arrested here Saturday evening by Deputy Sheriffs Harold Conn and Otto Funnin on a charge of shooting and wounding his neighbor, Anthony Newsome, on the preceding day. He was shot in his leg while he was playing.

Frasure, who later executed \$1,000 bond, was arrested when a truck he was riding stopped here. He was quoted by officers as saying, "I couldn't get along with my neighbors, so I decided to leave." He later swore out a peace warrant for Newsome.

Crowell-Hodges Wedding Solemnized at Bluefield Baptist Church April 7th

In a ceremony performed at 6:30 p.m., April 7 at Calvary Baptist Church, Bluefield, W. Va., with the Rev. Herman H. Mauch, pastor of the church, officiating, Miss Betty Joyce Crowell, daughter of Mr. and Mrs. Clarence B. Crowell, Highland avenue, became the bride of Mr. Wade Hampton Hodges, son of Mr. and Mrs. I. N. Hodges, of Hill avenue, Bluefield, W. Va.

The wedding was preceded by a musical program presented by Miss Dorothy Ayers, who played "If Love Were All," "Always" and "Till the End of Time," and Mrs. James J. Carter, of Prestonsburg, who sang "Because" and "Through the Years." During the ceremony, Miss Ayers played "To a Wild Rose" by MacDowell. The traditional wedding marches were used for the entrance of the bride and the recessional.

Mrs. Carter was gowned in pink, and wore orchid mits, and a violet corsage. Miss Ayers was attired in white, her bouquet having been chosen in pink.

The bride, who was given in marriage by her father, wore a bridal gown of white satin, modded with close bodice, sweetheart neckline, long train and long sleeves extending to a point at the hand. The train of her gown and the long sleeves were edged in lace. The sweeping veil was caught to sweetheart bodice, trimmed in orange ribbons. Her only ornament was a strand of pearls which had been worn by her mother at her own wedding.

She carried a bouquet formed of white roses and gardenias, showered with sweetpeas and stepanotis.

Miss June Glo Crowell, sister of the bride, was maid of honor and the bridesmaids were Miss Bess Hodges, sister of the bridegroom, and Miss Dorothy Whitaker, cousin of the bride.

Miss Crowell was gowned in pale blue and Miss Hodges in pink, while Miss Whitaker was attired in white. Each of the bride's attendants wore matching mits and ruffled head-dresses. All carried colonial bouquets of roses, sweetpeas and stepanotis.

Mr. Hodges was escorted by his brother, Mr. John Milton Hodges, as best man, and serving as usher were Messrs. Dexter Blainshaw, John R. Johnson, Jr., James W. Wyrick and Randolph Holbrook.

Little Barbara Ann Carter, serving as flower girl, wore a white ruffled organdie frock, with spray of rosebuds in her hair, and Master Jim Carter, the small ring bearer, was attired in dark blue trousers and white coat.

Mrs. Crowell, mother of the bride, was attired in a black dress, trimmed in lace, with long gloves, black hat and corsage of gardenias. Mrs. Hodges, the bridegroom's mother, wore a black ensemble, with matching accessories. She had a corsage of gardenias.

The wedding was followed by a reception at the Crowell home. Mr. and Mrs. Hodges then left for a wedding trip to unannounced destination, after which they will be at home in Bluefield, where Mr. Hodges is associated with the Kresge Company.

The bride was graduated at Beaver high school and at Bluefield College, being a member of Sigma Theta sorority. She is now majoring in chemistry at Auburn College, Monteville, Alabama, where she will graduate with a B.S. degree in June.

Mr. Hodges was graduated at Graham high school. He served four years with the medical corps of the United States army, holding the rank of master sergeant.

Among those from out-of-town who attended the wedding were Mr. and Mrs. A. C. Carter, Mr. and Mrs. James J. Carter and son, Jim; Mrs. Pearl Allen and daughter, Abigail; Mr. and Mrs. Leo Carter and daughter, Barbara, of Prestonsburg, Ky.; Charles Acute, Jr., and Mrs. Billy Acute, Richlands, Va.; Mrs. Herbie Duncan, of Princeton, Mrs. Paul Davis and Mrs. Gilbert Haynes, Welch, W. Va., and Miss Ruth Ann Hodges, Beckley, W. Va.

WEDDING PARTICIPANTS

Jim Carter, son of Mr. and Mrs. James J. Carter, of Prestonsburg, and Barbie Ann Carter, daughter of Mr. and Mrs. Leo Carter of Prestonsburg, were ring bearer and flower girl, respectively, for the Hodges-Crowell wedding performed April 7. They are grandchildren of Mr. and Mrs. A. C. Carter, Prestonsburg.

BETSY LAYNE

Pfc. Claude Daniels is spending a 15-day furlough visiting his parents, Mr. and Mrs. Ray Daniels. He will soon return to his post to leave for overseas service.

Clyde Blackburn spent last week-end here, and his wife visited him in Lexington this week-end.

Dr. W. P. Fryman spent Saturday night with Dr. and Mrs. T. J. Chandler and delivered the morning sermon to the Methodist congregation. He and Mr. and Mrs. Jesse Elliott were Sunday dinner guests of Mr. and Mrs. R. E. Williamson.

Mrs. Myrtle Howes, Anna Williamson, Eliza Blackburn and Laura Chandler attended the Methodist Church conference in Prestonsburg last week.

Several from Laynesville were presented credit certificates at the end of last week's Bible Training Institute conducted by the Rev. Robert Anderson and Mrs. O. B. Johnson, of Pikeville. Many attended as "audience" students.

Mr. and Mrs. Gene Stanley and daughter, of Grayson, visited with relatives here part of last week.

Miss Mary Johnson, of Ashland, spent a part of the week with friends and relatives here.

A party was given Saturday night by Mr. and Mrs. Will Allen, honoring their son, Jerry, who is a patient in a Veterans hospital at Oudwood, Ky. Many young folks attended.

Services are now being held in the new building of the church of Christ and it is reported that there has been good attendance. Others are urged to attend.

James George returned home last Sunday after spending several days as a patient in the Methodist hospital at Pikeville following a hernia operation.

Mr. and Mrs. Malcolm Crum, of McVeigh, have been visiting Mr. and Mrs. Palmer Crum.

Miss Elaine Roberts and Earl Hayes visited at McKee, Ky., last week-end.

Commonwealth of Kentucky Department of Highways Notice to Contractors

Sealed bids will be received by the Department of Highways, Frankfort, Ky., until 10 a. m., Central Standard Time, on the 8th day of May, 1947, at which time bids will be publicly opened and read for the improvement of:

RH GROUP 15 1947 Floyd County, Ky.—A. Fraser's Creek Road, from Ky. 122 1/3 miles northwest of McDowell to mouth of Hall Fork in McDowell 1.0 mile. 905 tons Class 2 surface.

The attention of prospective bidders is called to the pre-qualification requirements and necessity for securing certificate of eligibility; the special provisions covering submittal of the contract and the Department's regulations which prohibit the issuance of proposals after 4 p. m. on the day preceding the opening of bids.

Further information, bidding prospectus, etc. will be furnished upon application to the Frankfort Office. The right is reserved to reject any and all bids.

DEPARTMENT OF HIGHWAYS
April 16, 1947
Frankfort, Kentucky
4-24-47

BY EWING GALLOWAY

Back in 1933, after an absence of 13 years from the state, I was driving through some backward villages beyond the Harming district with Sherman Melton, then ranking engineer in the coal mining world, and a partner in the business. One of half a dozen of his company's mines in Union and Hopkins counties, I had an opportunity to see conditions that had changed little since Melton and I were school boys at Dixie Village.

"Why," I asked him, "doesn't Kentucky keep abreast of the more progressive states?"

"Too few Kentuckians want better things and are willing to work hard to get them."

If you can give a better answer in one sentence, I'll gladly use it in this weekly column.

In recent articles about motor vehicle regulation, I overlooked one important fact—the percentage of code affecting court fees in traffic violation cases. Justices of the Peace get a percentage of fines collected in their courts. So, when a motorist is arrested, he feels that the third strike is already in the catcher's mitt. This does not mean that any particular magistrate does not try to be fair in all cases. But I do know that if the Legislature that enacted the law had had a keen sense of fairness and due respect for sound court procedure, it never would have made justices of the peace profits financially by their own decisions.

Friends of the Land, a national organization with headquarters at 1388 North High Street, Columbus, Ohio, give us these interesting paragraphs on water conservation:

"Businessmen and industrialists are beginning to realize that water is not only essential to agriculture, it is perhaps even more essential to industry. In many large areas of the country the water table is sinking and ever disappearing. As a rule, the water table means the level of an abundant water source found for industrial as well as domestic use. Failure to catch and hold the water that falls on the fields, forests and plains through lack of proper agricultural practices is the cause of this condition which is endangering many industries in widespread areas throughout the land."

"In the great Mill Creek industrial area in Cincinnati, the underground water table has dropped away as much as 123 feet in some places in the last 25 years. In the State of Ohio the water table has dropped an average of one foot a year for 28 years. This condition is not a special one. It is to a large extent true throughout the United States."

Water conservation is one of the interests of the Committee for Kentucky, which is one of many reasons why the Committee deserves your financial as well as moral support.

ATHLETE'S FOOT GERM HOW TO KILL IT IN ONE HOUR

IF NOT PLEASED, your 35c back. Ask your druggist for this STRONG antifungal, TE-OIL. Made with 90 percent alcohol, it PENETRATES, REACHES and KILLS MORE germs faster. Today at HUGHES DRUG.

In CONCRETE BLOCKS of QUALITY There Must Be QUANTITY

MOST block machines are designed to mold a block which has a 45 to 50 percent core space. When you buy blocks, measure the face shell of the block, also the web between the cores. If the face shell is not 1 1/2" in thickness, and if the web between the cores is not 1" in thickness YOU ARE NOT GETTING YOUR MONEY'S WORTH. Quantity, in concrete blocks, is one sign of quality.

Materials in sufficient quantities are so important in producing quality concrete blocks that Mr. R. E. Copeland, Director of Engineering, National Concrete Masonry Association, while addressing the Wisconsin Concrete Products Association, said: "... 50 percent core space might increase (wall) cracking as much as 25 percent."

My block machine has a 33 percent core space. This means that I make only 88 blocks out of the same amount of materials used to make 100 blocks in the average plant. This additional material holds wall cracking to a minimum. Yes, you get MORE FOR YOUR MONEY when you buy

8"x8"x16" blocks, 33 percent core space, 27c at Banner. (Additional charges for delivery.)

Made with modern machinery. Kiln dried.

Before you buy blocks, plan to see, call, or write

Hazard Radio Tower Now in Operation By State Patrol

Frankfort, Ky., April 15 (Sp.)—Radio tower of the communication division of the Kentucky Department of Highways has been completed at Hazard and is now on the air, J. Stephen Watkins, commissioner, said last week.

The 200-foot tower is located on Peters Peak about a mile from Hazard. Peters Peak has an elevation of 1,600 feet. Call letters are WEDZ. This is the fourth of the radio stations to be completed, the others being at Frankfort, Bowling Green and London.

J. G. Fisher, radio supervisor for the department, said the tower had already been completed at Madisonville and that construction had started on the building to house the transmitting apparatus there. The Morehead building has been completed and wired and tower construction started. Excavation had started at Elizabethtown for both the tower and the building.

Emergency communications for both the Kentucky Highway Patrol and the Highway Department are handled by 10 stations throughout Kentucky.

TIDBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, Ph.D.
Western Kentucky Teachers College Bowling Green, Ky.

'I WILL LIFT UP MINE EYES'

ONE of our most true sayings is that you may take a boy out of the country but you cannot take the country out of the boy. Wise people never attempt to work any such unnatural miracles as even trying to make a country boy anything else. But unwise ones work away futilely, making themselves and everybody else miserable, in their efforts to standardize all of us. Now I was raised—raised, that is, as Senator Clarendon said—in the hills, not especially large ones and not very far from the flat-topped plateau that occupies most of the Jackson Purchase. Probably because of the flatness of that area our hills looked pretty big, particularly when roads were bad and horses had a hard time getting our wagons and buggies up the hills. Hills, however large or small, work a strange pecker on people who have always known them. Put a hillbillie in a flat place, and he practically smothered; he wants to get up on an audience and see over the ordinary things that are so abjectly low, I suppose that people who have lived in mountainous country feel the same way but on a larger scale. I have found that I adjust much more easily to mountains than to plains; I suppose that my childhood rearing is responsible.

It has been my good fortune to know hills most of my life. On the few occasions when I had to be away from them, I wanted to climb a tree or a water tower or anything else that would give me a sense of landscape. When I taught my three country schools, I was restless and discontented, for there were only the mearest semblances of hills anywhere to be seen. I teach on an isolated knob not so very high but with excellent views of the landscape on every side. I can look out of my office window and see farther than I ever traveled before I left fidelity for good, forty years ago. So close that they seem within a long arm's reach are places that were so far away before cars came into use that I have rarely visited them. By going up on the tower over my office I can see on a clear day knobs that are 35 or 40 miles away, several of them recognizable as famous lookouts in neighboring counties. No season has a monopoly on the beauty of what I can see as I go to school or as I glance out my window. The nummable hills in view, though none rise even so much as nine hundred feet above sea level, satisfy daily longings for hills everywhere. When I can get away to our own mountains or those of other states, I find myself at once a genuine citizen, for all you have to do to make a mountain is to pile a few hills on top of each other. And throughout the last decade and more I have had the good fortune to see many mountains and to climb a few big ones, too. I have camped on or at the foot of mountains. I have stayed in moonlight and bright sunshine and felt my body in the bright morning sunshine. It required no formal introduction to mountains for me to be at home with them. The meager little hills around Fidelity built up the feeling for a rugged landscape that no amount of living elsewhere could ever erase. When you have once climbed a hill and set the feet of it, the hills are in your blood for keeps.

GARRETT

Misses Sallie, Jessie and Edna Conley have returned from Louisville where they attended K.E.A. They visited their sister, Mrs. Morrow Cox, while there.

Mrs. Avery Wiley was hostess to a steak dinner Friday evening in honor of Miss Olive Mae Johnson, of Covington. Those attending were Ruth Martin, Alice Owens, Edna Martin, Phyllis Ann Wiley, Mr. and Mrs. Ervin Meade were visiting their daughter, Mrs. Jack Shaw, Sunday.

Mrs. Arnold Thomas left recently to join her husband in Detroit. Clem Martin, Mrs. Mike Staley, Missa Brant and Edna Martin have been shopping in Bristol, Tenn. They visited Mrs. C. M. McCormick and Edna Hayes in Kingsport, Tenn.

The Women's Christian Service had its monthly meeting in the Methodist Church Friday evening, April 18, with Mrs. W. H. Martin as leader. The meeting was attended by Mrs. Oscar Webb and daughter, Elizabeth Eileen, Mrs. Leck Martin, Mrs. V. A. Hayes, Mrs. Esther Allen, Mrs. Morris Petty, Mrs. W. H. Martin. Next meeting will be held May 2.

Mrs. G. E. Allen has been very ill at her home of his own broochitis.

Mrs. Otis Kilburn is confined to her home by flu.

Miss Ruth Hicks is now able to resume her work in her beauty shop after being ill for three weeks.

Rev. S. B. Rucker will conduct his regular meeting at the Central Methodist Church Sunday morning, April 27.

Rev. R. M. Meade, of Herald, Va., was the week-end guest of the Rev. and Mrs. G. B. Allen. He held church services in "the little church on the hill" Sunday night. Rev. Meade is a former resident of Garrett.

Mrs. Will Boggs, Miss Garnet Cox and Mrs. Rood Patton were shopping and attending the K.E.A. in Louisville last week.

Mrs. Ethel Hughes was a business visitor in Huntington last Monday.

SPARKS ON SUN ASTORIA
Edna Martin, R. V. Sparks, son of J. W. Sparks, of Edinburg, is serving aboard the 10,000-ton cruise ship Sun Astoria which has been on a cruise with Mrs. Frank Sparks in the Florida Keys. The cruise was a most successful one and the Sun Astoria will be returning to Astoria on April 25. Mrs. Sparks is accompanied by a number of other family members.

THANK FUND DONORS
On behalf of the directors and members of the Prestonsburg bank, we wish to express our sincere appreciation to those who generously contributed to the fund for the bank's expansion. The drive was a most successful one and we thank all who cooperated to make it so.

Auxier Hornets Defeat Paintsville, Martin, Maytown in 3 Days

Auxier, Ky., April 22 (Sp.)—The Auxier Hornets, whose baseball spring last season was none too potent, have already shown this season they are to be reckoned with in baseball. Opening their season last Friday and playing on successive days, they defeated Paintsville, 5 to 2, Maytown, 8 to 4, and Maytown, 13 to 2. The Hornets looked strong in every department. The pitchers, a question mark before the season opened, have proved doubtful. Robert and Libal have shown they have proved ability. Coach Music has been this year's coach veterans as Hubbard, Spawr, Patton, Wauwh, O. Curran, Thompson and Wells. There seems to be an abundance of material for every position.

Bride from Coventry Affected by Strike

This telephone strike created inconveniences here recently as exasperating that even a war-bride, arrived here after steadily touring all the beauties of life in much-blessed Coventry, England, had reason to complain—even if she didn't. Telephone service even to Martin was out till Wednesday morning, the first week of the strike, and to Floyd Red Cross Chapter could find no way to notify Seaman Sammons, Arkansas Creek army veteran, that his wife had arrived. Sammons had visited the Red Cross office three consecutive days, to inquire for word of his wife, but he wasn't here when she arrived.

Uphot was the Red Cross did the usual friendly act. Miss Ella N. White, executive secretary, accompanied Mrs. Sammons to Allen by train, found her transportation on to her new home.

Mr. and Mrs. Sammons were married in Coventry 15 months ago. He was discharged from the army in January.

U.D.C. REVEALING PARTY

Greenville, Davidson Chapter, United Daughters of the Confederacy, met with the president and treasurer, Mrs. Luther Shivel and Miss Josephine Davidson, at their home on First avenue recently. The ritualistic service was conducted by Mrs. John W. Heasley. Contributions were made to the American Red Cross and the Randolph Relief Fund. Renewals to the Confederate magazine were made. A history of the chapter will be written by Mrs. Len S. Miles, assisted by Mrs. John W. Heasley, and sent to the U.D.C. magazine. Mrs. A. J. Davidson presented an interesting program on "Colonial Days." She read "Birds of a Feather," a story of birds of Virginia. Assisting in the program were Mrs. Henry, Henley, Mrs. Len S. Miles and Mrs. E. P. Arnold. "Restoring Arlington and Washington Trees" was presented by Mrs. Henry, "Women of Colonial Times" was told by Mrs. Miles, and a poem, "In Tribute," was read by Mrs. Arnold. Following the program, the revealing of "secret pals" of the chapter was made. A refreshment course was served by the hostesses to Medames Webster Van Landingham, of Miami, Fla., Orla F. Hign, Joe Holson, Lida R. Cottrell, Len S. Miles, E. P. Arnold, Roy Perry, A. J. Davidson, J. J. May, Jr., John W. Heasley, Everett Sowards, Luther Shivel, Miss Josephine Davidson. Guests were Mrs. George T. Roberts and Mrs. Laura M. Davidson.

I can take my bath—or leave it!

"MAYBE it's my Scottish ancestry, but I'm cautious and don't jump to conclusions. Take this idea of frequent bathing... there's things in favor of it—and other things against it. One of the most features is living in a household where the "Hot" Water usually runs cold. I admit I've been spoiled—you don't take blue ribbons and give the whole family a chance to show off, and then, put up with insults to your valuable torso like cold baths.

"Fortunately, my present family knew enough to install an Electric Water Heater and my baths are comfortably warm now. My disposition has improved, too, and I don't insist on breaking loose and rolling in some nice warm old way! I used to right after one of those frozen douglays!"

May we add that Electrically heated water is CLEAN, SAFE, AUTOMATICALLY ADEQUATE FOR ALL DEMANDS and ECONOMICAL.

Use Electricity fully in your home. Remember, the more you use, the less the unit cost.

NEWS FOR THE VETERAN

VA CITES PROCEDURE IN OBTAINING LOANS

World War II veterans desiring to obtain guaranty loans under the G. I. Bill should first consult the lending agencies from which they expect to borrow the money, loan guaranty officials at the Ohio-Kentucky-Kentucky Branch Office of Veterans Administration in Columbus, O., said this week.

In most instances eligible lenders will have available the necessary information and proper application forms to cover the type of loan desired. VA officials said, such information is not available, the veteran should consult the nearest representative of VA.

In applying for a loan, a veteran should present the lender with his original honorable discharge or other original separation papers evidencing the nature of his discharge and the duration of his active military or naval service.

Any veteran who served in the armed forces between September 16, 1940, and the end of the war, and who was released from service under conditions other than dishonorable after at least 90 days' service (or who was discharged for service-connected disability following a lesser period of service) is eligible for a guaranteed loan.

VA guarantees the lending agency against loss up to 90 per cent of the loan, with a maximum guarantee for any veteran of \$4,000 on real estate or \$2,000 on non-real estate loans. Farm loans are repayable over a period up to 40 years; other real estate loans, up to 25 years, and non-real estate loans, up to 10 years.

VA consistently has cautioned veterans against heavy use of their loan guaranty privileges in the current high-priced real estate market, reminding them that their loan guaranty benefits remain available for 10 years after the official end of the war.

war, which has not yet been declared.

CORRESPONDENCE COURSES AVAILABLE UNDER G. I. BILL

Officials at the Columbus, Ohio, Branch office of the Veterans Administration recently reminded the veterans of Ohio, Michigan and Kentucky that they may take correspondence courses at government expense under the education and training provisions of the G. I. Bill.

Although no subsistence allowance is paid by VA, eligible veterans may take correspondence courses through approved institutions, with one-fourth of the enrollment time charged against that period of eligibility. Total cost of the course is limited to \$500.

Veterans enrolled in educational institutions or in job-training programs may augment their training by correspondence courses, subject to VA regulations.

READING POPULAR WITH DISABLED VETERANS

Hospitalized war veterans in Ohio, Michigan and Kentucky have at their fingertips a wealth of information and entertainment provided by books ranging from the classics to popular present-day novels.

Libraries in the nine Veterans Administration hospitals in the three states contain nearly 84,000 books.

In addition to more than 4,000 technical books in the hospital medical libraries.

Complimentary library reading rooms are maintained at each VA hospital for the use of ambulatory patients. "Traveling" libraries also are provided, with books taken by cart to the various wards where veterans are bedfast.

During March, more than 8,500 veteran patients read a total of 20,424 books in the nine hospitals, an individual average of two and one-half books. Ohio veteran patients averaged nearly four books during the month, Kentucky's patients averaged two books, and Michigan patients slightly less than two books.

VETERANS ADVISED TO CHECK WARTIME WILLS

World War II veterans in Ohio, Michigan and Kentucky this week were advised by the Veterans Administration to consult their own attorneys concerning the present validity of wills which they may have signed while in the armed forces.

Officials at the VA's tri-state branch office in Columbus, O., believe a large number of the 1,600,000 World War II veterans in the three states may be affected in this matter.

They explained that war-time wills may not be valid in the states where the veteran now resides. Also, VA pointed out that a war-time will in many cases may not serve the current intentions of a veteran since his return to civilian life.

QUESTIONS AND ANSWERS

Q. Can the beneficiary of the family of a veteran make premium payments on his G. I. insurance if the veteran doesn't care to do so?

A. Yes, but the insured veteran has the right to change his beneficiary or beneficiaries at any time without consulting with or receiving the approval of anyone. He also may surrender his permanent policy for cash at any time.

Q. I am drawing retirement pay at present. Can I receive subsistence allowance while going to school under the G. I. Bill?

A. You are entitled to draw retirement pay and still receive the full amount of subsistence allowance while in school or training. Retirement pay is not considered income from productive labor and, therefore, is not to be included by the veteran in his estimate or earnings filed with VA.

Q. I obtained a G. I. home loan in June, 1945, and now would like to know if I may obtain a further loan under the amended G. I. Bill.

A. Yes. Evidently your guaranty under the original G. I. Bill was \$2,000. Therefore under the bill as amended in December, 1945, you are eligible for a further guarantee of \$2,000 on a real estate loan, or \$1,000 on a business or non-real estate loan.

Q. Will my 15 per cent World War II disability of \$12.80 be increased in come 1 month?

A. No. Your compensation is based on the degree of disability and not on the number of dependents.

Q. I am an ex-WAC attending school under the G. I. Bill. I am contemplating marriage to a non-veteran and would like to know if I lose any of my rights under the G. I. Bill?

A. No.

NOTICE

TO WHOM IT MAY CONCERN:

Notice is hereby given that on the 15th day of April, 1947, the undersigned produced and which was ordered filed their second amended petition in the Letcher Circuit Court in the cause styled "The Bank of Mill Creek, plaintiff, vs. The Elk Horn Coal Corporation, et al, defendants" reporting the sale of various and sundry lots, with the buildings thereon, situate in Floyd and Letcher counties, Kentucky, to the various purchasers, subject to the approval of the court, and it was ordered that said petition lie over to the 26th day of April, 1947, for objections.

Only the Best for Baby!

His Doctor Recommends Wilson's Milk

More and more doctors are recommending Wilson's Milk for baby feeding—and for very good reasons. Wilson's Evaporated Milk is nourishing because it contains all the food value that only the best milk is depended upon to supply. Wilson's is easy to digest because it's homogenized and the large cream globules are broken into tiny particles, ideal for infant digestive systems. Wilson's is safe

because it comes in a can with all its goodness sealed in. Now baby gets his normal daily Vitamin D requirement in his feedings of Wilson's Milk, for every pint contains 400 units of this bone and tooth-building vitamin. Safe, nourishing, easy-to-digest—a dependable, adequate source of Vitamin D . . . that's why so many doctors recommend Wilson's Evaporated Milk for baby feeding.

WATER WELL DRILLING

Two rigs in operation.
Forty years' experience.

SEE OR WRITE
S. C. KINZER
ALLEN, KY.

THE American soldier has proved to the world his courage and resourcefulness in helping to win the greatest war in history.

Today his job is far from done. One has only to look at a map of the world—the occupied countries—the danger spots where fighting flares from day to day—to realize that victory and peace are two different things.

It is vital to the establishment of world order that our democratic ideals should be backed by strength. That is why Congress has authorized the building of a

powerful, mobile and excellently equipped Regular Army.

The U. S. Regular Army soldier of the future will represent the highest mental standard attained by any army in the history of the world. He will be able to handle the unbelievable advances in technical science—jet-propelled and radio-controlled aircraft—radar—and a host of other inventions that are as yet closely guarded military secrets.

This new Regular Army needs—and is getting—many of America's finest young men.

This message of great public importance sponsored by
WHITTEN MOTOR SALES
PRESTONSBURG, KY.

Lexington, Ky., April 12 (Sp.)—Three Floyd county students entered Transylvania College, Lexington, as freshmen students at the recent opening of the spring semester. It was announced by the president, Dr. Raymond P. McLean.

Hershel and Wade Martin, sons of A. J. Martin, of Allen, and William M. Hunter, son of L. D. Hunter, of Betsy Lavin, enrolled. Hershel Martin is a pre-medical student. At Transylvania they will concentrate on the broad background necessary for world citizenship. The new program of education recently announced by the Blue Grass school includes no set requirements for graduation. New general education courses cutting across departmental lines, regular departmental courses and vocational courses.

McComas Relatives Wanted To Claim \$100,000 Estate

Dim and nearly 11-year-old clues are being followed in an attempt to locate it. Kentucky, the descendants of brothers and sisters of Susan and William McComas, who are wanted to claim an estate of more than \$100,000 of which they obviously had never heard.

This became known recently when Mr. C. Cox, probate generalist, 208 S. Lodge St., Chicago, took over the search.

"The estate in question," Mr. Cox said, "was left recently by a member of the McComas family who died without issue, or other known close relatives. Papers found among the effects of the deceased indicate that he was a descendant of either Susan or William McComas, who were sister and brother.

"Susan was shown to have been born in Kentucky in about 1851, and William in about 1862, but left the state without their families while young. Unfortunately, the location in Kentucky in which they were born is not known, nor are the first names of their father and mother.

"Indications are that Susan and William had two or three brothers and sisters who remained in Kentucky, where they married, and if this is true, then their grandchildren or great-grandchildren, if any, would most likely be the living claimants to the fortune.

"Should there be no living descendants of Susan's or William's brothers and sisters, then other relatives may succeed to claim if they can be located."

LETTERS TO THE EDITOR

IF I WERE A CANDIDATE

If I were a candidate for public office I would not be so concerned with teachers' salaries. The teachers need and appreciate this help or promise of it, but they have an effective weapon at their disposal if they will just co-operate. Unions may seem a little crude to some of us but pride won't buy bread. Nor will higher salaries secure for us the best teachers possible in the places they are needed worst—our rural schools.

Every school in the state of Kentucky needs improving, but next to that there needs to be a more equitable distribution of money and attention between the rural and consolidated schools. Our rural schools have always been neglected in favor of our consolidated ones and the result is not one that we can be proud of.

In "The Valley and Its People," the story of TVA, R. C. Dumas says: "When a section of the country no longer contributes to the welfare of the nation it is good business to build up the income of the people." No one should dispute the soundness of his reasoning. Applying this principle to our school system, how can we deny equal opportunities to the children in these isolated schools?

If I were a candidate, I would point out to the voters that the good teachers are not going to spend half of ANY salary getting to an inaccessible school that consists of four brick walls and a sagging floor—and this is where we need our best-trained people.

If I were a candidate, I would get some accurate statistics on the number of children who wear or need glasses because of the lack of light and how much tonsillitis and colds and other illnesses could be prevented by having warmer schoolhouses. I would get some authoritative information on the relation between recreation and education and the possibility of speeding up our education program and reducing our illiteracy problem by giving these children a few of the comforts that other children have and to which they are entitled. I would look over the annual report of the Health Department and figure out how much more effective the rural school health program could be with a little help.

Armed with this information, I would write into my platform these planks: electric lights, running water, indoor toilets, larger playgrounds, improved buildings and equipment for every rural school.

The late V. Charney Vladeck, in speaking before the Harvard Club several years ago, said, "It's not just with bricks and mortar that these buildings are built. It's with lives—human lives." Are not our rural schoolhouses built with lives—human lives that are precious to us—to you and to me?

Yes, if I were a candidate I would not look to the rural schools, and working through them, reach the hearts and interest of the common people. They vote, too, you know.

Dempsey Handles Radio Cables at MacArthur's Headquarters in Tokyo

GHQ Special News Service, Tokyo Technician Fourth Grade Orville Dempsey, of Blue River, Ky., is assigned to a special unit of General MacArthur's headquarters in Tokyo.

Sgt. Dempsey handles and processes action on information radio cables of foreign trade. This is a specialized work, which the sergeant dispatches with skill and a minimum loss of time. He is considered a valuable man in his department.

The son of Mr. and Mrs. Moss Dempsey, of Blue River, he attended Prestonsburg high school. His military career began April 15, 1946 at Ft. Hayes, O. Basic training in the field artillery followed at Fort Knox, Ky. Later, the sergeant reported to Camp Stoneman, Calif., an overseas replacement depot. On Aug. 6 he embarked for the Orient.

Bill Conley attended the funeral of his sister in Willard, O. recently.

**Grand Jury Names
Letcher Officials**

Whiteburg, Ky., April 12—The Letcher county grand jury indicted Sheriff Herman C. Combs and Jailor John H. Goss today on charges of bribery.
Goss was named in a separate indictment on a charge of destroying public records.
The jury, in its final report for the term, made known that both cases were based on accusations by Albert Bennett and James Bennett that the officers accepted money in return for alleged promises of leniency.
The Bennett had been involved in a number of law violations, including that of trafficking in liquor in this city county.

BABY CHICKS
