Your Vote for Cordell H. Martin Will Be Appreciated

To the Voters Of Floyd County:

I have known Cordell H. Martin for many years. I was in high school and college with him a few years ago. He married my sister, Mattie Moore. Of course, most of us think well of members of our own families and that alone would be sufficient cause for me to support Cordell, but aside from all that, I would be for him in this race.

He comes from one of the best families of this district. He is the son of the late E. B. Martin, native of Driest, Floyd county, Kentucky. He has received a good education, and is well qualified to go to Frankfort to represent our district in the State Senate. He attended Casey Junior College, Morehead and the University of Kentucky School of Law. He has just finished taking the bar examination. His education was interrupted by three years' army service in World War II.

Throughout all of the years that I have known him, he has always applied himself well to whatever task he undertook to perform, and has been a good, hard worker. He has the courage, the ability and the shrewdness to stand up and fight for what he thinks is right. I have always known him to be honest, sober, trustworthy and of good moral character. I feel sure that if we give him a chance to represent us in the State Senate at Frankfort, he will do a good job, and that he will never see cause to regret having helped to put him there. He will tell you about the things for which he stands.

Go to the polls on August 2, and vote to keep our great American system of government first in the hearts and minds of the people of the world. We can only do this by voting, and voting for those persons whom we feel are better qualified and are able and willing to put the welfare of the people above everything else.

I will appreciate your voting for Cordell H. Martin for State Senator, but regardless for whom you vote, please vote.

Your friend,
JOHN CHRIS CORNETT

Miss Margaret Dillon is visiting her sister, Mrs. Mae Blackburn, of Grundy, Va.

Mr. and Mrs. Darwin Layne and Jim Layne are vacationing in Michigan and Canada.

Mr. and Mrs. Charlie Pickle and children were guests of relatives here this week. They have returned home, accompanied by George Smith, Mrs. Pickle's nephew.

TO THE PUBLIC

There was an incident at Wheelwright Junction charged to me that is false, untrue and shameful. It was told that I had instructed a deputy sheriff to stop a hauler that was being used in a revival meeting. This is a falsehood and untruth.

If we had more churches, schools and loudspeakers in Floyd county, we would not need sheriffs and deputy sheriffs. Our court dockets would not be needed. Churches and schools are the foundation of good government.

I want all the churches and schools, ministers and teachers in Floyd county to know that the Sheriff's force is behind you. Any time you need us I want you to call on us.

Your friend,
TROY B. STURGILL,
Sheriff, Floyd County

IN MEMORIAM of Frank Burke, who died July 7, 1946:

I miss you, dear father, I miss your pleasant smile, I miss your little visits When you'd linger for awhile. God saw the road was getting rough, The hills were hard to climb, He gently closed your poor, tired eyes And whispered, "Peace be thine." I often sit and think of you When I am all alone, And of the happy days gone by When we were all at home. Loving and kind in all your ways, Upright and just to the end of your days, Sincere and true in heart and mind, You left beautiful memories behind. MISS THELMA BURKE, Wilmington, Delaware

Miss Music, Bride Of Mr. Sturgill

Mr. and Mrs. Paris Music, of Auxier, are announcing the marriage of their daughter, Wilma Allen, to Mr. Harley Sturgill, son of Mr. and Mrs. H. C. Sturgill, of East Point. The wedding took place July 2 at the home of the bride's parents, the Rev. Merida Wilky performing the single ring ceremony.

The bride wore a gray suit with pink and black accessories and a corsage of pink roses. After the ceremony the wedding supper was served to relatives and friends. The couple will reside in Ohio where the groom is employed.

HERE'S WHY IT PAYS To Buy Insurance From LAYNE & LAYNE
YOU get more than a fire or casualty insurance policy when you buy from this agency. In addition, you obtain the lifetime services of a trained professional man—skilled in protecting business and the individual. You make a friend who will represent your interests in the settling of a claim. You meet a neighbor, familiar with the problems of your community, who gives guidance to your personal and business acquaintances. And you obtain the peace of mind that comes with a well-planned insurance program. That's why it pays to buy insurance through...

are YOU working for 2¢ a day?

IF YOU do work that an electric motor could do for you, such as pumping water, hoisting hay, or sawing wood, you are working for about 2 cents a day, in terms of what the electricity to drive the motor would cost.

The successful farmer is a successful businessman as well. He has learned that hired help can be paid better, profits can be higher, if the cheapest tool—Electricity—is fully employed.

Electric brooders produce more pigs, more chicks. Cows give more milk when they get plenty of water. Lights in the poultry house

keep the hens producing more eggs. Electric refrigeration lowers the bacteria count of milk, conserves food.

It has been said that Electricity will do 225 jobs on a farm, not counting the 30 uses in a farm home.

Yes, Electricity put to work, is a "Must" on the business managed farm today.

with Maede's argument that Congress will have wasted \$2,000,000 if it fails to complete the project, could not win votes for Dewey from the economy-minded Republicans.

Now, even if the Senate restores the Floyd county project to the appropriation bill, the House must concur. Many saw the battle as lost when the House Appropriations committee failed to approve the project.

NOTICE

Any person interested in contracting to furnish coal for any of the various schools of Floyd county should contact, or place a bid with, the County Superintendent of Schools not later than July 22. Where stores are used, screened coal will be bought, if possible. Rural schools will be furnished six tons of coal per teacher.

Attention, Truck and Car Owners and Policy-Holders of the Keystone Mutual Casualty Co.
OF PITTSBURGH

Following is statement from Insurance Commissioner concerning the solvency of this company, as appeared in The Courier-Journal, on June 26:

Frankfort, Ky., June 26—State Insurance Director Harry B. Wilson announced late today he had revoked the Kentucky license of the Keystone Mutual Casualty Company of Pittsburgh, and also the license of its 109 agents in Kentucky.

Wilson said the company admitted insolvency and signed a consent decree for its dissolution in Pittsburgh today. The revocation of the licenses became effective in the state today, he added.

The company sold insurance policies covering traffic accidents and specialized in taxicab and long-haul trucks, Wilson said.

Those who have policies issued by this company should for their own protection see the agent who wrote the policy.

FLORIDA

Who can look into the mind of a coal operator?

The Southern Coal Producers Association was the only sizable group to leave it. They assailed Lewis for modifications in a closed meeting, apparently got nowhere, and decided to convene Wednesday for a "final decision."

One of the Southerners predicted they would be "forced to accept," a group of individuals. In fact a scattering of them already had accepted. But Southern mine production is 25 per cent of the country's coal and employing 100,000 miners, stood idle.

Some 2,600 miners in the South were covered by the "negative interests—the mines owned by steel companies who signed along with the Northern non-captive negotiators."

In addition, a number of individual Southern operators had signed. These included the Trucking Association of Kentucky, West Virginia Coal & Coke Corporation, Lillybrook Coal Corporation of West Virginia, Consolidation Coal Company of Kentucky, and five companies in Virginia, Eastern Kentucky, and West Virginia represented by George Campbell.

Coal prices will shoot up, Senator Tamm forecast a rise of 70 cents a ton, but some operators said the jump would exceed \$1. Tamm guessed steel would rise \$1.10 a ton and steel products proportionately.

nings of the contest, the relief hurling of Mims for the colored boys after Justice had been socked for all the Prestonsburg runs, and the return to the game of such outcasts as Harry Ranier, Ray Collins, Henry Woods, Milt Cruz and others. Prestonsburg was threatened only in the ninth when Wes Campbell, who has been training for the last two years with an adding machine and pencil, went to the hill to pitch to the last three visiting batters. This was all right up to there, but it turned out that there were more than three batters to pitch to with the colored boys taking a liking to the Campbell series. May had to be brought back in from the outfield to retire the side after the batters had falled four runs.

With most League teams taking part in the district tournament of the American Baseball Congress here this week, the regular schedule is disrupted for this week-end.

To the Veterans of Floyd County:

Our attention has been called to certain statements made by a few members of Earle C. Clements for Governor, and this is to give you our views on the matter. We have no objection to having the merits of any candidate, or the faults of any other, pointed out to us. We think it is the duty of every citizen to examine as thoroughly as possible, any man seeking the high office of Governor. But we resent this attack on Mr. Clements' opponent, Harry Lee Waterfield, which assails Mr. Waterfield because he was not in military service during World War II. Now that, we claim, is begging the issue. We are sorry it arose. But since it has, we want to clear up the matter and let you know the truth. Here is why Harry Lee Waterfield did not enter military service during the recent war:

That is the story, regardless of what you have been told. If necessary, we will have for any person's complete satisfaction a sworn statement from Mr. Waterfield's draft board. We do not want to see one veteran misled. However you vote, we want you to vote, knowing the truth. Now, has Harry Lee Waterfield committed any crime against his country, or simply because he was physically unfit? Have all the thousands of other good Americans who did not wear a uniform because of physical disability earned the scorn of their fellowmen? You will recall that Franklin D. Roosevelt when World War I started, He did not wear a uniform, but we maintain he made his country a great President. This "big issue" they've started in this county gets to be a little ridiculous. Mr. Clements served in World War I. Since that time, he has been richly honored by the people. He has been County Clerk, Sheriff, County Judge, State Senator and Congressman from his district. If he must be further remembered on his service record, why not all of us start a fund now to memorialize him forever with statues in every courthouse square in Kentucky? We would be the last to say that any young man who fought for his country and who made the sacrifices so many of us made is not due a full measure of gratitude. But there is a struggle on the Home Front, in our war of peace, that never ends. We must continually fight for Good Government, for Good Leadership, to the end that no one class or a chosen few, but all the people, benefit. We as voters have a part still to play at home next in importance to the part we played in the victory at arms. We did not fight that war for any small group. We fought for our citizenship, in whatever form. Our battle was for the weak, not the strong. We hold today to the same principles. Harry Lee Waterfield, who did not wear his country's uniform because of physical inability, through no fault of his own, is our hope for the common people of Kentucky. We count ourselves in this group. He has boldly taken his stand for the people. We feel that he will be just toward all, and more than that we do not ask.

That is the story, regardless of what you have been told. If necessary, we will have for any person's complete satisfaction a sworn statement from Mr. Waterfield's draft board. We do not want to see one veteran misled. However you vote, we want you to vote, knowing the truth. We fought for our citizenship, in whatever form. Our battle was for the weak, not the strong. We hold today to the same principles. Harry Lee Waterfield, who did not wear his country's uniform because of physical inability, through no fault of his own, is our hope for the common people of Kentucky. We count ourselves in this group. He has boldly taken his stand for the people. We feel that he will be just toward all, and more than that we do not ask.

That is the story, regardless of what you have been told. If necessary, we will have for any person's complete satisfaction a sworn statement from Mr. Waterfield's draft board. We do not want to see one veteran misled. However you vote, we want you to vote, knowing the truth. Now, has Harry Lee Waterfield committed any crime against his country, or simply because he was physically unfit? Have all the thousands of other good Americans who did not wear a uniform because of physical disability earned the scorn of their fellowmen? You will recall that Franklin D. Roosevelt when World War I started, He did not wear a uniform, but we maintain he made his country a great President. This "big issue" they've started in this county gets to be a little ridiculous. Mr. Clements served in World War I. Since that time, he has been richly honored by the people. He has been County Clerk, Sheriff, County Judge, State Senator and Congressman from his district. If he must be further remembered on his service record, why not all of us start a fund now to memorialize him forever with statues in every courthouse square in Kentucky? We would be the last to say that any young man who fought for his country and who made the sacrifices so many of us made is not due a full measure of gratitude. But there is a struggle on the Home Front, in our war of peace, that never ends. We must continually fight for Good Government, for Good Leadership, to the end that no one class or a chosen few, but all the people, benefit. We as voters have a part still to play at home next in importance to the part we played in the victory at arms. We did not fight that war for any small group. We fought for our citizenship, in whatever form. Our battle was for the weak, not the strong. We hold today to the same principles. Harry Lee Waterfield, who did not wear his country's uniform because of physical inability, through no fault of his own, is our hope for the common people of Kentucky. We count ourselves in this group. He has boldly taken his stand for the people. We feel that he will be just toward all, and more than that we do not ask.

Labor Endorses Doug Hays For Office of State Senator

The following is an exact copy of a telegram from Sam Caddy, president, District 30, United Mine Workers of America on Feb. 20, 1946:

Doug Hays
Member of State Senate

Accept my sincere thanks for the splendid victory you scored last night through the passage of the Workmen's Compensation Bill. The effort put forth by you will always be appreciated by me and by the membership of our great Union in District No. 30.

SAM CADDY, President, District No. 30, U.M.W.A.

The workmen of this Senatorial district are referred to my record in the State Senate. It stands as indisputable proof of where I stand.

Now, I need the support of Labor. All I ask is that you stand by your proven friend. But, if you remain at home, away from the polls on election day, you will fail to take part in my re-nomination and return to Frankfort for the further service of the people of this district.

Your friend,
DOUG HAYS
Candidate for State Senator, 29th Senatorial District, at the Democratic primary August 2

CLIFF

Mrs. Will Stephens returned Tuesday from a few days' visit with her sister and brother, Susan and Tom Beckridge, and Mrs. Tom Derose, at Little Paris.

Mary Nell Vaughan celebrated her 31st birthday anniversary at the home of her parents, Mr. and Mrs. Jeff Vaughan, Sunday. Those enjoying the birthday dinner were Eugene Childers, of Heller, Mr. and Mrs. Sam Vaughan, George Samuel Vaughan, Kelle David Vaughan, Stephen Lee Best and Mr. and Mrs. Jeff Vaughan.

Mr. and Mrs. Clevis Beverly and children, of Wayland, Mrs. Marion Lilly, Jr., and children, of East Point, and Patrick May, of Auxler, were guests of their parents, Mr. and Mrs. Lindsay May, during the past week.

Mr. and Mrs. Edward Childers and children, of Heller, spent several days here last week with Mr. and Mrs. Sam Vaughan and Mr. and Mrs. Jeff Vaughan.

Elizabeth Shell, eldest daughter of Mr. and Mrs. Jim Shell, was married last Saturday to Mr. Lee Miller, of West Prestonsburg. The ceremony was said at the home of a friend in West Prestonsburg by the Rev. Henry Music. They are now residing at the Newby apartments at Cliff.

Mr. and Mrs. Tom Stephens were calling on Mr. and Mrs. World Marvin, of the Porter Addition, Sunday evening.

Mrs. Golda P. Short and son, Larry Douglas, and her aunt, Mrs. Ellen Chase, all of Allen, were calling on Mrs. Will Stephens and Mrs. Jack Best last week.

Mrs. Frank Shell and son, of Brooksville, Florida, are spending several weeks here with Mr. and Mrs. Jim Shell.

George Laven, who has been quite ill for the past year, is improving nicely.

A Few Facts About...

DIPHTHERIA ANTITOXIN

On the night of Christmas, 1918, my first child, desperately ill with Diphtheria, was treated with the Antitoxin discovered by Emil Behring, a Berlin army doctor. The result was almost miraculous. After weeks of patient toil, with many discouragements, Behring had given a real Christmas gift to the children of the world—the means to overcome the killing power of Diphtheria.

BRING YOUR DOCTOR'S PRESCRIPTION TO US

To the Voters of Legislative Dist. 96

As most of you perhaps know, I am a candidate for the Democratic nomination for Representative from our district. Before the election, I will try to see as many of you as possible; but, in the event I do not have the opportunity to talk with you personally, I make this statement so that you will know what to expect of me as a member of the State Legislature.

1. I will work and vote for increased salaries for teachers and whatever other measures necessary to raise the state's educational standards, so that Kentucky will no longer be near the bottom educationally among the 48 states.

2. I will work for the general betterment of all the people and will be fair to all classes—to Labor, the Farmer and all others seeking a livelihood by honest effort.

3. I will support the cause of Prohibition in Floyd county and throughout Kentucky. I will not be a party to giving more power to the liquor interests in this or any other county.

4. As a veteran, I naturally will

work with veterans and their friends for the best interests of the boys who served their country in time of war.

I am a son of the late Mart Allen and Lizzie Gibson Allen whom many of you older voters remember. I was born and reared in this county and have lived here practically all my life. I am now earning a living by doing accounting and office work on contract for several private business firms. I think my experience with the people and my knowledge of the workings of state government at Frankfort will enable me to make this District a Representative able to do much for the people and to get things done that they need.

I do not propose to be all things to all men. I feel that I am qualified to serve you well, but I have no intention of making a lot of vain promises. As needs arise and I become convinced of the rightness of issues as they become apparent, I will, if elected your Representative, act to the best interests of the people, particularly those of my home county.

(POL. ADV.) RAY R. ALLEN
