SPARE US!

Here we've been congratulating ourselves all along on the Dewey dam being in this county, and before this Legislature adjourns it may be cut into Fike.

MARCH HARES

This fellow Maurice Howard, of Whitley county, draws a fervent "amen" from this corner. The other fellow he reminded me of was the fellow in the House in Frankfort that as if a bill making it "again the law" to sell rabbits hadn't already cut enough time, an amendment making it illegal only to sell a wild rabbit had kept his committee at work three days longer. He wound up by expressing the opinion that the best thing that could happen to Kentucky would be for the Legislature to adjourn, sine die, go home and stay.

OMENS AND PORTENTS

When an excited player in the district tournament here Saturday afternoon hung an intended hanker on Tinskeeper Adrian Collins, things didn't look well for the peace and quiet of the community. In the first place, Mr. Collins, though a law-abiding citizen, isn't one to turn the other cheek, being replying in kind to swears in his direction; and, in the next, there was an accompanying incident that portended no good. But Mr. Collins won his nomination for the Sportsmanship cup by keeping his head despite the efforts of his youthful assailant and all was well.

Hit Traunts, Parents;
Youths Are Probed

Seven parents were fined and two 14-year-old boys were given suspended reform school sentences Saturday by County Judge Alex L. Davidson after the boys had been arrested for truancy and their elders had been named in warrants for failing to send their children to school.

John Tackett of Stephens Branch, was fined \$22 and his son, Arlie, was given a suspended reform school term. The boy, who had once earlier been in court for truancy, was probed to his father. Another father-and-son case was that of the Stephens Branch, where, again, the father was fined \$22 for failure to send their children to school. George Yates, Stephens Branch; Henry Shepherd, David; Tom Johnson, Lewis Bradley and Henry Johnson, Stephens Branch, were also named.

Trials of Otto Sommers, charged with failure to send children to school, and Arnold Robertson, 14, of Fike, billed for failing to attend, were continued till March 22.

P'Burg, Garrett Fives
Begin Regional Play
Tonight in Inez Gym

St. Stephens' Black Cats, the champions, and the Garrett high school Black Devils, the runners-up, representing all of the two brackets, here begin play tonight (Thursday) at Inez for regional honors and the right to represent the area in the three-day tournament at Louisville.

The Floyd county teams go into the regional after fighting it out in the finals here last Saturday night as representatives of the two brackets in the 58th district tournament in which nine Floyd county teams played before large crowds in a three-day event.

At Inez, Prestonsburg and Garrett are in the same bracket, the latter with Elkhorn City and Old Springs, and the two are pitted against the winners of the other bracket for the right to meet the finalist from the upper bracket.

TALK OF WAR NOW IN OPEN

Hershey Says Draft Officers in Training; State Plan Is Studied

Think of war with Russia came out of the open official Washington Tuesday and Gen. Lewis B. Hershey, director of the draft during World War II, said in San Francisco that the United States is training state selective service officers to put a manpower procurement program into effect if necessary for any emergency that may arise.

A plan to draft Kentucky's manpower by a selective-service system in the event of a national emergency is being worked out in Louisville by the Kentucky National Guard staff.

Col. Solon F. Russell said the "paper plan" probably would resemble the selective-service system of World War II. However, it can't and won't go into effect without federal legislation.

More than 400 former members of Kentucky draft boards and other interested citizens have been asked to serve on future draft boards if necessary, Russell said.

He added that their response has been "splendid." Though men have been asked to serve on draft boards, more are needed for service. Names still are coming in.

Discussions are being conducted "how to do it quicker if we have an alarm war." Other subjects include what to do at National Guard summer camps for new recruits.

The wartime draft director has volunteered the program as "entirely a civilian thing." Meanwhile, he said, "a great majority of the states in one way or another are doing something" to keep their draft machinery in condition.

Hershey said training courses similar to those being given now were conducted between 1937 and 1940. He said the 1939 program has not been set up yet.

PROCLAMATION

I, Edward P. Arnold, as Mayor of the City of Prestonsburg, do hereby proclaim and announce to all citizens that the week of March 20, 1948, shall be officially known as "Red Cross Week" and hereby encourage and urge that every citizen, young and old, join in and contribute to the success of this drive.

RELEASE TWO IN KIRK DEATH

Stephens Yet in Jail At Williamson, W. Va., In Shooting at Kermit

West Virginia authorities connected this week with the investigation into the fatal shooting at Kermit, W. Va., were given the bill as a vote to separate Floyd and Knott counties.

Allen and Stanley re-iterated their statement of last week, contending the shot which struck Kirk was actually fired by William "Bill" Henry Stephens, 26, of West Prestonsburg, while handling a pistol as the sal in the rear booth. Kirk, who stood watching another member of the Prestonsburg party of three play a pinball machine, fell shot near the bar.

He contended the shooting was accidental and bolstered by physical evidence showing that the bullet passed through the backs of three booths before striking Kirk. Deputy Sheriff Dave Johnson and Constable Charles Spalding took Allen to Williamson Monday night, and Stanley was taken to Logan, W. Va., though both were named in a murder warrant with Stephens, they were released until the following day and are considered only material witnesses.

Stephens, who was captured, the night of the shooting at Maurauck, W. Va., several miles from Kermit, contends he knows nothing of the shooting. The revolver he was said to have purchased here on the day of the tragedy was found on the table at which he allegedly sat.

Deputy Sheriff Johnson said here there was no quarrel or disturbance between the parties on the night of the case indicated there was no premeditation of murder, it was said.

FLOYD, MARTIN FORM DISTRICT IN RE-SHUFFLE

Governor Is Expected To Name Judicial Trust

Hopes of Floyd and Knott counties to remain in the same judicial district were dashed Tuesday as both houses of the General Assembly quickly approved the bill re-voting the old three other Eastern Kentucky districts and creating a new one, the 39th.

Despite protests from Floyd and Knott county officials and the Floyd County Bar Association and in spite of the efforts of local legislators and to the Governor himself, the Senate recorded only one dissenting voice, that of Senator Douglass Hays, of McDowell, and the House voted 53 to 23 when the bill was brought to a vote.

Last week, Commonwealth Attorney John Chris Christ, the one official in this immediate section who directly opposed, Sheriff Troy L. Sturgill, County Attorney W. W. Burchett and County Judge Jay E. Davison appeared before the Rules committee seeking revision of the bill so as not to separate Floyd and Knott counties.

The inconsequence to the public, the separation by dissolution of the judicial district of Floyd and Knott counties, under the new bill form the 31st district, and the Knott and Mauden county which form the 38th, has been made known to Mr. Owens' who would be required to move from his home in Knott county to his county of residence, the wishes of the people of Floyd and Knott counties—all these were pointed out by all officials in his appearance before the bill.

Last week, they said, left Frankfort, with the support of 17 representatives pledged to resist the bill so that this district would not be changed. But, with an overwhelming force moving into the bill, they saw no real chance of muster only 23 votes against the bill as it was written.

RURAL ROADS PLANS ASKED

Highway Department To Get Suggestions From Fiscal Courts

All county fiscal courts will be called on within the next three weeks for recommendations for expenditure of the rural highway program for the fiscal year beginning April 1. Mr. Haley said. The annual \$50,000 appropriation for rural highways will become available on that date. It is anticipated among the counties one-third each, one-third on a county area basis and one-third by county rural population.

The fiscal courts will recommend roads to be maintained or improved under the rural highway program. No work financed under this program can be done legally within the limits of an incorporated village, town or city, Mr. Haley said. "In most cases the work is done by state forces with state-owned equipment. However," Mr. Haley said, "where counties have registered professional engineers the rural highway fund may be used for the purchase of materials, the county to perform the work with own forces and at its expense, if so desired."

The director said resolutions from the fiscal courts should be in the department's hands by March 30 so that contracts may be prepared during the final week of the month.

The recommendations will cover only the annual program for 1948-49. The recommendations will cover only the annual program for 1948-49.

DAMAGE SUIT ASKS \$30,000

Shannon Administrator Sues Prestonsburg Man; Mrs. Daniels Asks \$5,000

Damages totaling \$35,000 are sought in a suit filed in circuit court Friday as the result of the death of one man and the injury of a woman on Floyd county highway.

Levin Hunt, administrator of the estate of the late George T. Roberts and Harvey Tackett, driver of the company truck, were named as defendants. The petition claims that Tackett so "carelessly and recklessly" drove the truck as to cause it to cross the center stripe of the highway into the lane followed by the jeep.

In the other suit, Maude Daniels asks \$5,000 damages of Pat Bentley and James Fitzpatrick for injuries she allegedly sustained near Gio, May 23, last year, as she was about to enter the taxicab owned by Bentley and driven by Fitzpatrick. She claims the cab was started with the door open, as she was about to enter it, knocking her into a ditch and causing arm injuries she contends are permanent.

Both suits were filed by Atty. Edward L. Allen.

13 REPORTED BITTEN HERE

By Rabid Puppy; Rabies Widespread in County, Says Dr. Ransdell

Anti-rabies treatment for 13 persons, all residents of this county, were ordered by the Floyd County Health Department last week after they had been bitten by a maddened puppy.

Dr. Marvin Ransdell, health department director, this week said the "mad dog" situation is the worst he has ever seen in Floyd County.

He pointed to the fact that humans and livestock have been bitten and widely separated sections of the county during the winter months.

Listed as having been bitten last week were Tom LeMaster, LeMaster and their five children, Mrs. Bonnie Banks, the two children of Lewis Hunt, Thelma and Robert Montgomery, Mrs. A. G. Hays, of Jones Hall, all of the Porter Addition to Prestonsburg and vicinity.

From Jones Creek this week came reports of a mad dog "biting every one it came to." A few weeks ago, County Agent S. L. Isbell reported that a mad dog was having died of hydrophobia.

"I suggest dog owners either have their dogs immunized against hydrophobia or to dispose of them," Dr. Ransdell said.

SUPPERS BROKEN BONE

Miss Sue Goble, daughter of Mr. and Mrs. J. G. Goble, a Prestonsburg high school cheerleader, suffered a bone fracture in her knee at the last two years. He said she has six children ranging in age from 11 years to six months.

Report Garrett Soldier Drowned in Japan

Col. Vernon P. Smedger, listed by the army as a former resident of the town of Louisville, was killed from a bridge in Kyoto, Japan. Smedger, a press release stated, was an army veteran of 15 years. Inquiry here failed to establish the victim's Floyd county connections.

Other companies included in the report, their tonnage and number of injuries for the month follow:

While Prestonsburg property-owners watched the rise of the water here a few weeks ago, two questions were often asked:

"Suppose it will rise higher than last time?" and "Why doesn't Prestonsburg have a floodwall?"

The first question was answered last week by an official statement already to the effect, Prestonsburg always has a floodwall in the high banks of the Big Sandy, except where Trinkle Branch joins the river.

Three modern-day floods, engineers estimated, have cost property-owners here \$57,000 in damage, not to mention the loss of value in the property in the flood zone. The estimates of damage for these three floods follow:

1915-1922, 1916-1921, 1938-1940.

Biggest recorded damage occurred in 1922 when the river rose here to a record 46-foot stage. Engineers placed the loss that year at \$73,000.

Matter of \$80,000, Bar To Flood Control Here

here and later estimated that present cost of a barrier to future floods would entail an expenditure of that amount. This, they said, would cover construction of a 2,424-ft. barrier between Second avenue and the river and installation of a pump station.

An encouraging note is found, however, in an unofficial statement made at that time by an engineer that an "unplanned" job could be done for as low as \$100,000.

Letters to the Editor

DID NOT FIND "SAFETY IN NUMBERS" Editor: The Times:

For some time I have wanted to give out some information through your paper about some insurance companies which advertise through the Times. I carried several of these cheap policies, thinking there was "safety in numbers."

In May 1946, while entering a store at Garrett, I fell from the high porch in the rear of the building and broke my right leg. Later, I notified these insurance companies and each one wrote letters saying "Your policy does not cover this type of accident."

I did not take this matter up in the courts but did discuss it with an attorney who had been handling a case and was informed that it would take a long-drawn-out lawsuit to win anything from the insurance company.

I just wonder how many citizens of Floyd have policies of this nature and feel they have any protection. If instances like this one could be published so that we might learn from them, perhaps I could have saved the amount I had paid out for years to these companies and might have invested in a reputable company.

I have never worked for any insurance company and have no interest in any and am writing this with no other motive than to inform the public.

Betsy Layne Youths Win, Place in Contest

Competing with high school boys from four counties in this area in an essay contest sponsored by the Big Sandy Baseball League, the Betsy Layne Youth Club, led by Carmel Lee Akers and B. L. Lawson, Jr., of Betsy Layne, ran one-two, respectively, in the contest, winning first and second prizes of \$50 and \$15.

Subject of the essays submitted by contestants from Floyd, Pike, Johnson and Letcher counties was the High School Seniors' Day held at the Mayo Vocational School, Paintsville, last fall.

The Betsy Layne winners, both outstanding students, completed high school with the end of the first semester of the current school term and are now enrolled in the teacher training course at Pikeville College.

Big Sandy League May Have 10 Teams; Play Starts Apr. 18

The possibility exists that the Big Sandy Baseball League will be a 10-team loop, it was said after Sunday's league meeting at Allen, with Pikeville and Clear Creek the potential added entries.

Teams already entered are Prestonsburg, Harold, Paintsville, Wekesburg, Harold, Elkton City, Allen and Van Lear. Schedule for the season, with play to start April 18, will be adopted at the next league meeting, April 4. At that time a \$50 forfeit fee will be posted by each member-team.

New regulations adopted at Sunday's meeting provided a 22-man player limit for each team, with no player to be added to a team's roster after July 15. Flood umpire for each game will be furnished by the winning team. Umpires-in-chief will be paid \$10 for a single game and \$15 for officiating a doubleheader.

CELEBRATES BIRTHDAY

Rodney William Keeton, son of Mr. and Mrs. John W. Keeton, was host to a number of his little friends last Thursday afternoon in the Methodist Church parlor. The occasion was his sixth birthday anniversary. Games were played during the afternoon. Mrs. Keeton was assisted by Mrs. Franklin Moore at the table covered with white linen which had for its centerpiece a pale green cake with six pink candles. Rodney opened the party presents brought by his friends. Refreshments were served to the following: Sara E. Burchett, Barbara B. Harkins, Betty J. Rowe, Sarah J. Smiley, Jimmy B. Meese, Jerry Mahan, Devery B. Bowling, Bobby Camelia, Ronald L. Conley, Billy Harkins, Freddy Meese, Johnny M. Rose, John B. Ackerman, Jim Carter, Gary and Billy Johnson.

Elmer Bales, of Clinton county, who has recently completed a general livestock barn, is building a 20x30-foot laying house from plans provided by the county agency.

SHEDS DIRT...STAYS WHITE... DU PONT HOUSE PAINT CLEANS ITSELF! Outside surfaces stay fresh and clean-looking when finished with Du Pont House Paint. Dirt and grime can't get a grip—rains just wash them away! SELF-CLEANING Du Pont House Paint is so formulated that, as time goes by, a microscopic self-cleaning film forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it, and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) may delay or interfere with this process. Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected. SELF-CLEANING Du Pont House Paint is as durable as it is beautiful... protects against rust, rot, and decay... gives lasting beauty and protection. Costs no more than ordinary paints—saves repainting bills! Call on a reliable painter for your painting jobs, and ask him to use Du Pont House Paint! DU PONT SLIP-RETARDANT SELF-POLISHING WAX No rubbing or buffing. Dries to a smooth even finish. Safely tested. Listen to Du Pont's "Cautions of America"... every Monday evening over NBC. Opponents of the measure openly declared the bill was planned to create a new judicial district for Ervins Turner of Jackson, who had failed to win the circuit judgeship of the 39th district as long as Magoffin county was a part of it.

The debate on the bill was often bitter and Representatives from counties it affected declared it "an other little Munich where everybody was called in except the people affected by the change."

It was reported that Ervins Turner, chief clerk of the Senate, is in line for appointment by Governor Earle C. Clement as circuit judge of the newly created 39th judicial district.

In fact, when the bill was returned to the Senate, Majority Floor Leader Moliney, Lexington, told the Senators that Turner had an interest in the bill. The chief clerk's mother is reportedly ill, Moliney said, and Turner was anxious to see the bill passed before returning home. The rules were suspended, the House amendments adopted, and the bill was repassed immediately. Turner and administration higher-ups watched the vote closely.

Opponents of the measure charged in the House last night the bill was drawn solely "for the benefit of one man." None of the speakers named the person during the debate.

Most of the circuit judges and Commonwealth's Attorneys in the area are not affected by the realignment. But the Commonwealth's Attorneys of the new 24th and 34th districts must change their residences before their six-year terms to expire. Each has four more years to serve.

J. B. Clark, Commonwealth's Attorney in the 34th district, lives in Martin county. He will have to move either to Johnson or Lawrence counties to keep his job.

Representatives Lawrence Watts, Knott county Democrat, and J. M. Stumbo, Floyd county Democrat, argued the motives behind the bill were "selfish" and "only for the personal gain of one man."

Stumbo said that Floyd and Martin counties are separated by a "natural barrier—a mountain 3000 feet high." If they are thrown together into a district as the bill proposed, the judge, attorneys, and litigants would have to travel through neighboring Johnson county when going back and forth to the county seats, Inez and Prestonsburg.

Representative Leonard W. Preston, Glasgow Democrat, said he felt it "regards the spirit of the Constitution to create a district with fewer than 60,000 population." Knott and Magoffin as a district would have only around 38,000 population, Preston added.

In the 1945 primary for circuit judge in the Breathitt-Wolfe-Magoffin 36th district, Turner defeated Chester A. Bach, Jackson, for the Democratic nomination by 973 votes, although he trailed in Magoffin by 28 votes.

In November, however, the district elected Judge Walter R. Fraser, Saltersville Republican, by 1,234 votes. Magoffin county gave Fraser a 2,598-vote majority over Turner, more than enough to offset Turner's majorities in Breathitt and Wolfe.

If Turner is appointed judge of the new 39th district he would no longer have Magoffin voters in his new district.

Father, Son Buy Allen Stockyards From P'burg Man

Riley Hall and son, Fry Hall, of Allen, last week purchased from R. M. Gillespie, of Prestonsburg, the stockyards at Allen and assumed management of the business following last Friday's sale.

Mr. Gillespie sold the stockyard, a business he founded at Allen four years ago, to devote his full attention to his furniture business here.

The Halls announced plans to make improvements at the market, including a new sale ring and additional pens. The market, located on the land of Riley Hall, was re-built, a few months ago, after having been destroyed by fire.

PERSONALS OF INTEREST TO VETERANS

Veterans are prohibited from receiving subsistence allowance and readjustment allowance for the same period, officials at the Veterans Administration Branch Office in Columbus, O., emphasized this week.

VA officials point out that only veterans actively seeking and willing to accept any suitable work may be eligible for subsistence allowances. Even then, veterans are not eligible for unemployment pay during any period for which they receive subsistence allowances under the educational and training provisions of the G.I. Bill.

Concurrent receipt of both benefits is a violation of the law and subjects a veteran to prosecution.

Veterans and dependents of deceased veterans of the Indian Wars will receive a 20 per cent increase in their allowance pensions effective with payments due for the month of March, Veterans Administration has announced.

The increases, approved by Congress in January, will affect about 150 living veterans, 2,100 widows and 500 helpless children of deceased Indian War veterans.

Under the increased rates, which followed the granting of similar increases for pensioners of other wars, the veterans will receive from \$24 to \$320 per month, depending upon the extent of disability, age and qualifying status. Widows' rates will range from \$30 to \$60 monthly, with additional allowances for children.

VA said the average age today of Indian War veterans is 85 years, and that dependents average 80 years.

Adjustments in the amount of payments will be made automatically by VA and will be reflected in checks issued for periods subsequent to March 1.

QUESTIONS AND ANSWERS

Q Does the age of World War I and World War II veterans affect the amount of compensation or pension paid to them?

A Compensation is not affected, but pensions for non-service-connected permanent total disability is increased upon reaching age 65.

Q I have completed my job-training course and find that I still have sufficient time left under the educational provisions of the G.I. Bill. Will I be permitted to go to another school for the remainder of my entitlement?

A If you have entitlement time left, you may use the remainder either for job-training or for educational training with VA prior approval.

GENIUS GOES UNRECOGNIZED

And now we pass to golf. I don't know how much my readers (?) know about this alleged sport. Well, if you don't know anything, buy a book—don't ask me.

I have read somewhere that the art of putting (putting the ball into the cup, that is) is the most difficult phase of the ancient and honorable game. I have my doubts about that, in view of the fact that it never occurred to many strokes for me to get off the green as it did to get on. But, once on the green, there are troubles awaiting the best of us. I'll admit.

There's the short putt and the sympathetic remark from honorable opponent, "Never up, never in." And the feeble attempt to smile on the part of the short-putter while his soul seethes in rage, partially at himself, a lot at his opponent. Then there are those occasions when the putter, after due preparation—shuffling of feet, drying of clammy hands, wiggling of the club-head, pausing to re-align the club, etc.—starts his stroke, only to be brought up short, in mid-air, you might say, by a loud "Hurray—by" from another player; or whose attention wanders from the task at hand, as another member of the party in a hoarse stage-whisper tells others of the foursome a new version of the traveling salesman and the farmer's daughter story.

This matter of putting is so frustrating and morale-blasting that, once upon a time, two oil field engineers put their heads together and came up with a gimmick they called the precision putter which looked as if it came out of a Tinker Toy set. This Rube Goldberg contraption had a range-finder, a wind gauge, a thermometer, a ball rack, a klanon to warn others to keep their distance, a funnel through which the ball reached a mouse trap propulsion device, with a glove and a weepant towel thrown in for good measure.

- (1) Wheel putter on to the green, paying no attention to boots and catcalls.
- (2) Make sure no birds are nesting in any of the frame crochets, then don't liberally with lubricating oil from the reservoir on the left.
- (3) Address the ball, that is, wiggle the machine around until the ball lies on a straight line between the putter and the hole. It will be difficult at first to determine which is the front end, but don't be discouraged; it took the inventors weeks to find that out.
- (4) Turn the direction finder side to front, with your eye at the better.
- (5) Use level to set machine on horizontal plane. It is necessary that at least one of you be on the square.
- (6) Observe temperature (t) on recording instrument on upper right. The instrument reads in maasonic degrees.
- (7) Determine wind velocity (v) on gauge, checking with the nearest meteorological department.
- (8) Use automatic hand to estimate length, grass (g) and moisture content (m).
- (9) If the wind is in the north, take two snifters and you'll hardly feel it.
- (10) Determine the angle of inclination by sighting through the 10-inch telescope at the cup until eight people are behind you yelling "face." Eight times four are thirty-two, which is the angle of inclination.
- (11) Calculate the force required to roll the pellet into the cup, thus: Using the abacus, extract the cube root of the resistance coefficient, eliminate all the terms; subtract the angle of inclination; add the miles of two bitter almonds; and if you are tired after all that, lie down for a while.

When the directions so lucidly outlined, the rest was easy, so easy in fact that the smart operator just continued to sip his drink and forget the whole business. An occasional Parker, however, had to finish out the putt, which was done somewhat as follows, to-wit: Sound the klanon to warn all players back from the working area. Then with a slow even motion release the trigger at the top of the right shoulder. This act of sending a small metal ball hurtling down the volutions of the funnel stem, and out on to a mouse trap. The springing of the trap was accompanied by the explosion of a powder cap and the unlocking of the putter shaft. The putter, thereupon, swung in an accurately controlled arc that sent the ball merrily into the hole—nearly always—sometimes. If by some strange quirk of fate the putt should be missed, a weeping towel was prodded so that the operator could stage his usual tantrum.

It has been so long since I permitted this boon to golfers to learn that after falling to win the Nobel peace prize with their invention, for the simple reason that nobody voted for them, the inventors permitted this boon to golfers to pass into the possession of a farmer who put it away out of the weather in his chicken house.

The Dirt Has Been Done
HOWEVER sorely tempted we may be, a philippic at this late date will do no good, now that the dirt has been done. But our grievances with the Legislature and the administration at Frankfort is so deep and painful that, like misery, we would write this to invite company.

The dirt that has been done is the restricting measure enacted this week by the General Assembly at the behest of administration forces, to satisfy the ambitions of one man—and the public be damned.

There is no need here to recount all the pleas and arguments made in vain, asking, beseeching the Governor and his puppet Legislature to re-consider, to quit this move to create a new judicial district for one man to the detriment of thousands. It will serve no purpose now to point out the appeal made in the name of justice and fair play on behalf of the people of Floyd and Knott counties. Those who could have headed such a move and done something to spare the present state administration the ignominy of petty dabbling with the interests and associations of thousands of persons, so that one man could gain an honor the people of his district had denied him by their vote—these have already heard on more than one occasion, all the facts.

Fair play, justice, the convenience of the people of Knott and Floyd counties, the voice of the people of the two counties in electing John Chris Cornett their Commonwealth's Attorney did not count.

These two Old Faithfuls of the Democratic parties, Floyd and Knott, got the usual run-around. That's the story, the sad, sad story to us, the shattering story to Ervine Turner and the few who over-rode public sentiment and the dictates of conscience.

Now, we are awaiting the words that will surely come from Frankfort to mitigate our loss, to soften our wrath—we are awaiting that and the next political snub.

Why Fear 'State Law'?

LABOR and a few Democrats on the jumpy side about their political futures profess great concern about the state police force law, enacted last week by the Kentucky Legislature. But why?

Does this state enforcement group intend to offer the best features of state police forces functioning in Pennsylvania, Indiana, Michigan, New York and California, offer a real or an imaginary threat to the mine workers of this section? What infraction of state law could the mine workers imagine that they've given off that would bring them down upon their heads? And, if, indeed, there should be such an infraction, could the state militia be used by the Governor, were the state police non-existent?

If the state highway patrol is to have no powers other than to check licenses, give drivers' tests, investigate highway tragedies and make arrests on offenses occurring only on the highways, and are to be restricted to quasi police powers, the Boy Scouts might as well be disbanded out to take their place.

As matters now stand Kentucky has one hundred twenty sheriffs, all operating independently, none with political powers outside his own county, all serving in the name of law and order without concerted effort and sometimes at cross purposes.

WINS G.I. FOOTBALL HONORS

—U.S. Air Force Photo
FIFTH AIR FORCE, IPIAMI, JAPAN—Corporal Joe E. Taylor (left), son of Mr. and Mrs. Tommy Robinson, of Betsy Layne, is depicted being presented with a miniature football and a letter of commendation in recognition of the part he played in making the IPIAMI Air Base football team such a success by Captain Wayne Matson, IPIAMI Air Base football coach for the 1947 season. Corporal Taylor is currently assigned to IPIAMI Air Base as an airplane and engine mechanic.

The state needs an integrated police force operating under Civil Service, with politics out the window and for the benefit of the citizens of the state.

The mine workers are perhaps thinking of recent history, and some of it may be disturbing to them. But the threat they see in this centralized law enforcement agency is more a thing of imagination than reality. The fact is, some of the most bitter opposition to the bill has come from sheriffs of smaller counties who fear work of the state police would curtail the fees of the office, and it is quite probable that these officials have sought to enlist labor's support by magnifying the threat the law creates for the mine workers.

It might be added that the bill is being bitterly opposed by northern Kentucky interests who are not widely known for their interest in law and order.

Sensors E. D. Stephenson of Pike county, and J. C. Perry, of Perry, are predicting the ruination of the Democratic party in Eastern Kentucky if the bill becomes law. Senator Rodes K. Myers envisions a Gestapo. But we would remind the gentlemen that whatever works to the best interests of Kentucky as a whole will meet the approval of Eastern Kentucky, a very vital part of the Commonwealth, and that there cannot be a Gestapo without a Himmler to head it.

Who will qualify as Himmler?

Words Worth Repeating

SENATOR Alben W. Barkley delivered a speech recently that he might well repeat when the Big Sandy canalization project reaches Congress, a few months hence.

The Senator, in urging authorization of the St. Lawrence waterway, declared the "same interests" that fought construction of the Panama Canal are now fighting the St. Lawrence project.

Said the Senator:

"The railroads opposed the canal on the theory it would hurt them and lessen their opportunity to serve the people."

"But, instead of injuring the railroads, the canal benefited them."

"I cannot accept the argument that construction of the St. Lawrence Seaway and power project will be injurious to other means of transportation any more than was the building of the Panama Canal."

Will the senator kindly repeat those words when his friends from the mountains visit Washington in behalf of their own Big Sandy water project, the No. 1 water transmission project in the United States?

KENTUCKY ON THE MARCH

By EWING GALLOWAY

It's great fun writing long individual stories about numerous achievements of cities, towns and counties, but single items about things happening here and there make just as interesting reading matter.

Here are some items I know you'll like.
Mayor Donald A. Campbell, of Lebanon, recently contributed all his salary, \$1,000, to a recreation park for people of all ages. This means Mayor Campbell, a former president of the National Retail Lumber Dealers' Association, is serving his town gratis. The people of Lebanon will make the fund his money to equip a fine recreation park on what is now an open field owned by the city. It will be equipped for all outdoor games. Kentuckians play, according to Oliver Kelly, editor of The Lebanon Enterprise.

If all the boys and girls in Russell, metropolis of Greenup county, don't grow up to be first-rate citizens it may be because the community, aided generously by the C. & O. Railway, haven't done well by them recreationally. In Russell nearly all civic affairs revolve around the C. & O. Y.M.C.A. With its present facilities the Y.M.C.A. is the center of all the community's recreational activities. During all the open months it sponsors a general playground, with full-time paid supervisors. In addition to all kinds of facilities for small boys and girls from a wading pool to tester-toters, near-by there are lighted baseball and softball diamonds. And according to Editor E. D. Mitterdorf, of the Russell Times, this Y.M.C.A. cooperates with the schools of the entire county in Bible study projects and Hi-Y and 4-H Club work. On top of all this, work has begun on a new Y.M.C.A. building that will cost approximately a million dollars.

Speaking further of recreation centers, Elizabethtown bought for the federal government a 300-acre tract, known as the USO building, which cost \$20,000, named it the Memorial Recreation Center, and is operating it for the town's youth. According to Editor W. H. Marriott, of the Elizabethtown News, funds for salaries and maintenance are provided out of the community and raised annually by popular subscription.

Mack Sisk, co-publisher with Niles Dillingham, of The Dawson Springs Progress, writes me enthusiastically about a financed-promotional plan in his recently awakened town. There are 100 contributors ranging from 25 cents to \$2.50 a week. The money is used to promote industrial development, with a recently organized Chamber of Commerce. Dawson Springs got its first factory, a washable garment-making concern—unlike the old-fashioned chain drive store employes mainly. After a decade about twice as long as Rip Van Winkle's 20-year nap, Dawson Springs seems to have its eyes and ears wide open. I attended the first anniversary meeting there three weeks ago at the Rotary Club, a get-together meeting for all the half-dozen local organizations interested in community development, and I drove back to the farm feeling positively certain that the Hopkins county town with a lot of mineral springs in it was on its way to many bigger and better things.

Records of 2,000 acres of tobacco in Fleming county over a six-year period, show that the root-rot resistant varieties averaged \$130 an acre over the common kind.

Mrs. E. M. Points and children, Bettyrene and Bobby, of Ashland, returned the week-end here with her parents, Mr. and Mrs. G. R. Allen.

CARD OF THANKS
We wish to express our thanks and appreciation to all those who assisted us so willingly in receiving the bodies of our sons from the mine and to all those who were so thoughtful and helpful to us in such a distressing time.
We mention especially those who contributed so many beautiful flowers and the American Legion in re-membering the service our sons have rendered in the war, whose military honors we all appreciated, and to Mr. Howard and the Betsy Layne high school in preparing the gymnasium for the funeral service, and to Ross, Isaac Stratton, Clyde Layne and Earl Layne who conducted the devotional service, and the Call Funeral Home, and to all those who sang in the choir and brought such comforting thoughts to the members of the bereaved families through their singing.

It isn't what you pay—It's what you get!

If you had to pay a million bucks for that baby of yours, you'd still be getting a bargain.
And you don't get many other bargains these days of high costs.
Except electricity, of course!
Yes, electricity goes right on being the biggest bargain in anybody's budget. The average family is still getting twice as much electric service for its money as it got 20 years ago!
One penny will light a 100-watt bulb for almost 3 hours. Or whisk clean 3 tubs of washing! Or run a radio a whole evening!
That little copper will vacuum clean 6 large rugs, run your refrigerator for 5 hours, or tell you the correct time for about a week.
It isn't what you pay, it's what you get, that's true. And when you buy electricity, you get a lot—for a little!

holding down the fast Garrett attack. They led at the end of the first quarter, 17 to 0, then came up with a surge to increase their margin to 27-19 at the half. The two teams were on even terms through the third quarter, each scoring 12 points to bring the score to 39-21. In the final quarter, Garrett gained two points in the final minute to bring the score to 42-46.

Most exciting game of the tournament was the Garrett-Maytown encounter in which the heavily favored Devils were literally savaged by the bell. Time ran out, a matter of seconds before a Maytown field goal swished through the net. In the first overtime game, played calm, steady ball, scoring freely and meanly.

Wayland let the tournament Friday afternoon, with three starting players, Fletcher, Castle and Roberts leaving the game in the first half via the foul route. Altogether, six Wayland players were banished on fouls and Coach Campbell's team wound up with only four players on the floor. Garrett cashed in, however, on only 11 of 46 foul shot attempts while Wayland was making good 17 of 31 to make the battle close.

Martin's Purple Flash in losing to McDowell Friday night gave a miserable performance in the first half but came charging back in the last to make it close, 36-34.

The all-tournament team of 10 players follows:

Brancham, Prestonsburg; Sumbo, McDowell; Stone, Garrett; Duff, Garrett; Patten, Maytown; V. Hall, Wheelwright; E. Mullins, Garrett; Porter, Prestonsburg; Tufts, Wayland; Boyd, Maytown.

Tufts of Wayland won the award for the best percentage from the free-throw circle.

An unusual feature of the concluding ceremonies of the meet was the inability of Robertes Rudd and Castle to name one team as winner of the "Sportsmanship" award. Four teams—Auster, Wayland McDowell and Wheelwright—displayed outstanding sportsmanship, they commented and they directed that identical trophies be awarded Wheelwright and McDowell.

State Senator Doug Hays of McDowell presented the trophies following a talk by County Superintendent Palmer L. Hall. Accepting the championship and runner-up awards for their teams were Porter and Duff, respective Prestonsburg and Garrett team captains. Miniature basketballs were presented members of the all-tournament team.

The meet, one of the most heavily attended in the county was probably the biggest financial success in Floyd tournament history with a gross slightly in excess of \$3,000. Carl Woods, principal, and Donald Music, general manager, of the host school, said.

(Line-ups for each game appear on page 5.)

E. E. Clarke and H. L. Ley, of Ashland, were here this week in the name of the Kentucky West Virginia Gas Company.

Is Named Majorette By 2 School Bands

When the Garrett and Wayland school bands elected their first drum majorette recently it was Miss Virginia Mae Mullins, daughter of Mr. and Mrs. Troy Mullins, of Garrett, who was named.

Elected over seven other candidates for the honor, "Jenny" Garrett high school freshman, will lead the two bands in the spring festival here, and take part in the county band-twirling contest. Her instructor is Miss Kathleen Hayes, Garrett Wayland music teacher. Miss Mullins' brothers, Gene and James, are playing with the Garrett basketball team in the regional tournament at Inez this week-end.

JOHN GRAHAM CHAPTER MEETS

John Graham Chapter, Daughters of the American Revolution, held its March meeting Tuesday evening at the home of Mrs. Jo M. Davidson. Mrs. Everett Sowards was co-hostess. The regent, Mrs. Herbert Salisbury, presided. The ritualistic service, conducted by Mrs. Lida D. Spradlin, was followed by the business meeting. Contributions were given to the Boy Scouts of America and the American Red Cross. Mrs. Grace D. Ford gave a very interesting program on "D.A.R. Approved Schools." The manuscript will be preserved for the chapter scrap book. Following the program, the hostesses served a dessert course to Mesdames Herbert Salisbury, H. L. Mayo, Tom James, C. P. Stephens, Lou S. Miles, Osa D. Lison, H. D. Fitzpatrick, H. B. Patrick, Grace D. Ford, E. P. Arnold, Lida D. Spradlin, O. T. Stephens. Guests were Mrs. E. R. Burke and Mrs. Wm. Wesley, of Morehead.

Former Floyd Resident Victim in Oakhill, O.

Funeral rites for A. E. Hays, 55 years old, former Floyd county man, who died Feb. 29 at his home in Oakhill, O., were conducted March 1 from the Oakhill Methodist Church and burial was made there in Clay cemetery under auspices of the Masonic order.

Mr. Hays, former Right Beaver coal operator, was a victim of complications following an operation. He had been ill since December and for a time was a patient in a Gallipoli, O. hospital, at Oakhill, where he bought a farm about two years ago, he was operator of a garage.

Surviving are his nine children, Clarence Hays, Philadelphia, Pa., Mrs. Geneva Caton, of Hueysville, Awnelle, of South Webster, O., James Madison Hays, Delphia, O., Maxine, of Dayton, O., Barbara, Billie, Curtis and Adrian, all of Oakhill. He also leaves one brother and two sisters, Oscar C. Hays, of Lacksy, Mrs. T. J. Chandler, of Betsy Layne, and Mrs. A. L. Prater, Batavia, Ohio.

Withers Names Pike Man Director of Maintenance Of Highway Department

Frankfort, Ky., March 9 (Sp.)—State Highway Commissioner Garrett L. Withers today appointed M. Porres Johnson, Frankfort, director of the Department's Division of Maintenance, succeeding H. H. Palmer.

Johnson, a registered engineer, has twelve years' service with the highway department. He started as a roadman in 1922, served as assistant engineer and assistant district engineer and from 1942 to 1945 was a principal engineer in the maintenance division.

A native of Pike county, Johnson holds an engineering degree from Tri-State College, Angola, Indiana. He is a member of the Kentucky Society of Professional Engineers.

Johnson came to the department in 1945 from Ohio. He was promoted from assistant director to director of maintenance in April, 1947 and will be reassigned to other duties within the department.

Mrs. Jarrell Victim At Tram Home at 87

Mrs. Tennessee Burchett Jarrell, 87 years old, widow of Jeff Jarrell, died Monday at her home at Tram, a victim of illness attendant upon advanced age.

A daughter of John and Fanny Patton Burchett, she was a native of this county. She had many relatives and friends. She had been a member of the Methodist Church of Betsy Layne for years. Her husband died in 1940.

Surviving her are one son and two daughters, Floyd Jarrell, Baltimore, Md., Mrs. Jack Branham, Ripperston, W. Va., and Mrs. Gladys Rathoff, of Justell. She also leaves 13 grandchildren and 20 great-grandchildren. Funeral rites were conducted Wednesday from Mt. Zion Chapel, Justell, the Revs. Isaac Stratton, Clyde Layne, Carl Layne and W. M. Stevens officiating. Burial in the Layne cemetery was directed by the Carter & Callahan Funeral Home.

ANNOUNCE BIRTH OF SON

Floyd Red Cross Drive Raises \$2,000 1st Week; Countywide Report Asked

At the end of the first week of the Floyd county Red Cross drive, for funds contributing totaled \$2,000, Marshall Davidson, publicity chairman of the drive in the county, announced.

This leaves the county \$7,000 short of its quota.

Most of the contributions reported resulted from the work of the Special Gifts committee and meet of the outlying districts have not reported. Community chairmen were urged to send in their first reports on contributions from their areas immediately, so that reports may be relayed on to national headquarters.

The Red Cross need for funds is intensified this year, it was said, by its national blood program which shoulders on the organization the responsibility of making blood and plasma available without charge throughout the country.

Mr. and Mrs. Hershel Johnson and children of Bee, Virginia, were visiting relatives here over the week-end.

English Music visited Mr. and Mrs. Forrest Childers here last Friday and Saturday.

Mr. and Mrs. Clay Thompson, of Jewell Ridge, Va., were visiting his parents, Mr. and Mrs. M. E. Thompson, here last week-end.

Miss Lila Mae Durham, who has been ill for several days with flu, is able to be back in school this week. Wade Moore suffered a painful injury to his right eye while at work last week.

Mrs. James E. Shepherd is ill in the Prestonsburg General hospital. Mrs. Ashland Howard and Rita Ann, small daughter of Mr. and Mrs. Howard Hamilton, are ill.

Mr. and Mrs. George Burke, who have lived at David since the mine was opened, moved to Prestonsburg last week.

Mr. and Mrs. Edgar Castle and children have moved to Paintsville.

The David Woman's Club met at the clubhouse March 5, with Mrs. Ora Howard and Mrs. Don Preston as hostesses. The business session was conducted by the president Mrs. Wm. Crawford. The club decided to sponsor an essay contest in the David school and give a prize for the best essays. It was also decided to sponsor a bake sale, March 19, the proceeds to be donated to the benefit of displaced persons of Europe.

It was also agreed to send garden seeds to be used in needy countries. The nominating committee, Mrs. Virgil Warrick, Mrs. I. C. Spotte and Mrs. Arnold Clark, submitted the names of the following for office: president, Mrs. Wm. Crawford; vice-president, Mrs. Charles Schindler; recording secretary, Mrs. I. C. Spotte; secretary, Mrs. Carl Wise; corresponding secretary, Mrs. I. C. Spotte; treasurer, Mrs. Ora Howard. They were unanimously accepted.

Miss Rosemay Malone, Mr. Frasure Are Wed

Miss Rosemay Malone, daughter of Mr. and Mrs. W. A. Malone, of Allen, Ky., and Mr. Walter Frasure, son of Mr. and Mrs. James Frasure, of McDowell, Ky., were united in marriage Feb. 19 at the Allen Baptist Church. The Rev. Winn T. Barr performed the ceremony before an altar decorated with ferns, white gladioli and candelabrae.

The bride, given in marriage by her father, wore a white gazarbina suit with white accessories and a corsage of purple orchids.

Her only attendant was Miss Marjorie Willis of East Bank, W. Va., who had been her roommate at Marshall College. She wore a beige suit with brown accessories and a corsage of yellow roses.

Traditional wedding music was played by Miss Margaret May of Prestonsburg, and Miss Nell Malone, of Huntington, aunt of the bride, sang "Because" and "O, Promise Me."

After the ceremony, a reception was held at the home of the bride's parents.

The bride is a granddaughter of the late Mr. and Mrs. Patrick Malone, of Huntington, W. Va. She attended Sullins College in Bristol, Va., and last June received her B.S. degree from Marshall College, where she was a member of Sigma Sigma Sigma society.

Mr. Frasure attended Pikeville College, and Eastern State Teachers College, Richmond, Ky.

A GLIMPSE OF HELL

Oh, sinner friends and neighbors, Come listen while I tell About this awful dream I had. It surely was a glimpse of hell 'n' their heads and in their feet. For the flames were leaping wild and high, No trees or rubbish around, Just men and women in that fire. Not a little child was found.

They ran and ran both to and fro, Almost to the edge it seemed, Then back again with pain they'd go All through that burning flame.

They'd throw their arms high 'er "Their heads and in their feet," Misery and pain upon their face— It made me shudder just to think Of being in that awful place.

I was standing alone there on the bank, Safe on the other side; I said, "Dear God," where are my "friends?" As I looked both far and wide.

I cried, "Oh God, they can't get out, For they have sealed their fate; They won't salvation off too long And now they are 'too late.'"

Then I awoke and began to think, Just what can this dream mean? I prayed, oh, God, what can I do? To turn them from their sin?

Dear Sister, please take warning now Before you seal your doom, For fear you knock at the peary gate And find there is no room.

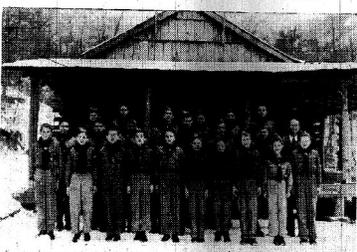

I'll tell you sinners just what to do To escape this awful place— Give God your heart and live for him And find a resting place.

Dreamed and written by MRS. JAMES GREENE West Prestonsburg, Ky. (Adv. 1.)

Girl Weds Litemer
In Johnson-co. Jail;
Promises She'll Obey
A life term committed and the girl is courted in happier days were married in a dingy hallway of the Johnson county jail Monday night. The ceremony was performed by the Rev. Jess Tackett, uniting Forrest Dean Conley, 22, and Miss Viola McFarlin, 23.

Conley was convicted last week of the killing of his step-brother, Jasper Blair, in the American Legion hall at Paintsville Jan. 23. Four other persons, including Blair's step-mother, are awaiting trial on murder charges in the case.
(Conley was held in the Floyd county jail for safekeeping until his trial.)
County Clerk Lonza Reed said Miss McFarlin applied for the license at his office and that he "took the book" to Conley's cell to have him sign his name.
The ceremony was delayed until the blood tests required by state law were completed.
Mr. Tackett, who said he was pastor of the "New Regular Baptist" Church, was called, and performed the wedding ceremony with two jail guards and Mrs. Janey Nelson, daughter of Jailer Elisha Eble, as witnesses.
"I had to hurry it," said Mr. Tackett. "I was late for church."
Conley, who said he had known his bride for "quite a spell," was permitted outside his cell—to which he was returned after he and the new Mrs. Conley had had a "good" white shirt and dark trousers, and she a blue dress.
She immediately left for her home 10 miles from Paintsville on the Mappin county line.
Conley is being held as a material witness for the trial of the others accused of the Blair slaying, and then will be transferred to the state penitentiary at Eddyville.
Asked whether the bride had promised to "obey," the Rev. Mr. Tackett said:
"She shore did."

Farmer veterans in Hancock county are showing an unusual amount of interest in ladino clover, the amount seeded being considerably increased.

MISCHIEF WILL OUT

Walham, Mass.—Being in his mother's arms is no guarantee that a boy will stay out of trouble. A four-year-old boy being held by his mother reached over her shoulder and turned in a false fire alarm while she was talking to a friend.

POTATOES FLOW OVERSEAS

Amherst, Mass.—Ninety-two carloads of Massachusetts-grown potatoes are en route overseas for relief distribution by the army. The shipments are part of 35,000 tons of potatoes which the U.S. Agriculture Department is sending to the army.

More Than 3,000,000 Legionnaires Say: YOU'RE INVITED!

There's always room for one more in the greatest veterans' outfit. There's sport... There's fun. And there's SERVICE... to your nation, your state and your community.

The American Legion's key to success is active Americanism. The Legion donated the first stadium to veterans' benefits. It has given \$62,500,000 for relief of... 105 nation-wide Junior Baseball and 3,000 Boy Scout troops. It operates 2,000 citizenship schools for foreign born. That's just a sample of the fine service program you'll be supporting when you join your buddies in the Legion.

Prestige goes with your Legion button. The President... 8 justices of the U. S. Supreme Court... 252 members of congress... 28 governors are Legionnaires.
Your Post is the heart-beat of your town. You'll find the fellows you like there, doing the things you like to do. Come in and help yourself and your country.
