SUGGESTION
A Frankfort news-story tells of Lexington minister's belief in taxation to pay church income-earning property, the proceeds to help provide adequate treatment of hospital inmates. Why not tax paralytics heavily and spend the money on mental hospitals and on the treatment of those who risk their money on the hags?

THE OLD STORY AND THE NEW
At this season when the International Sunday School lesson deals with the trial of Christ, leading up to His crucifixion and to the Resurrection—all to coincide with the Easter—the people of the Christian world are horrified by the trials and convictions of churchmen of practically every Christian faith in Austria.

The Sunday School lesson is the old, old story of Jesus and the love he held for men. This new chapter in the persecution of His followers by a Soviet-dominated government faintly echoes that lesson, and points to the inescapable fate of love of mankind as a crime in the Communist ideology which recognizes neither God nor man.

100 WORKERS HELP DRIVE
Effort to Reach Quota First Time Since 1945 In Fight for Survival
Approximately 100 persons were busy this week as volunteer workers soliciting funds from Floyd counties in an all-out drive to reach the county's \$6,400 Red Cross quota this year. J. R. Hurt, county chairman, said Tuesday.

"The people are aware of the fine work which has been done, and is being done, by the Red Cross," Mr. Hurt said, praising those who are giving of their time to the Red Cross chapter in its annual campaign.

Substantial contributions already have been received and hopes of a successful drive are high. Various sub-chairmen have been appointed by Mrs. A. H. Mandt, outgoing area chairman, and in Prestonsburg house-to-house solicitations were headed by Mrs. Ben Stansifer.

On success of the drive the future of Floyd Chapter depends, it is said. Not since 1945 has Floyd county reached its annual quota, and there exists a strong possibility that in this year's Red Cross chapter in the county the Red Cross chapter merged with that of some other county.

State Pays Public Assistance To 938 Floyd County Needy

On the basis of figures released for the month of January, almost \$25,000 is being paid monthly by the state for the support of needy aged, the dependent children and the needy blind of Floyd county.

Nine hundred thirty-eight persons in this county received an average of \$20.10 in old age assistance for the month, or an average of \$21.14 in old age assistance for an average of \$20.10. At that time there were 183 applications for assistance of this type from the county. The county had 285 dependent children who were receiving a total of \$12,877 for the month, or an average of \$38.26, with 214 applications for aid pending. Forty-three Floyd blind that month received \$874 for an average of \$20.32.

CASSIUS CLAY ASKS \$50,000 PETITION CUT

Sued by U.S. Attorney For Remarks in Papers Charging Incompetency
Attorneys for Cassius M. Clay Paris, Ky., Monday asked Circuit Judge Edward P. Hill, Jr. to strike out certain parts of the \$50,000 bond filed against Clay by U.S. District Attorney Claude P. Stephens of Prestonsburg.

Through these attorneys—Bullitt, Dawson & Tarrant, of Louisville, Edward L. Allen and Joe Robson, of Prestonsburg—Clay also asked Judge Hill to issue a rule requiring the plaintiff to file an exhibit in his petition copies of newspaper stories cited by the federal official as the basis for his suit.

District Attorney Stephens filed his libel action, Feb. 5, day after Clay had caused to be published in the Courier-Journal and The Lexington Leader statements which Stephens termed "maliciously libelous and slanderous."

Clay is chairman of the Bourbon county citizens' committee which has been urging the federal inquiry into election irregularities there at the November election.

In his petition the Prestonsburg man cited these allegations of Clay's intended to injure him in his profession:

"The Big Sandy is the longest river in the world that isn't canalized," he continued.

Hays said deepening the river by canalization would result in lower freight rates and added: "That wouldn't hurt the railroads. It would help them. There's enough coal, iron ore, and salt in the Big Sandy valley to industrialize every foot of the Big Sandy valley."

As proponents of locks and dams for the Big Sandy went on about the business of preparing for the coming fight in Washington for the canal, announcement was made Wednesday that the section's coal industry faces heavier competition from the West Virginia field.

The West Virginia field produces so-called low-cost coal for the time. That simply means the production cost is not so high.

So far, only big industrial coal consumers—like utilities—have benefited. And not all of them. The price cuts are being made in several new yearly contracts being negotiated with industries. The contracts are usually effective each April.

The new range of prices were not available until last week, and they are a closely kept secret between buyer and seller.

A Pittsburgh Consul spokesman said the reductions were about 100

HOME TALENT CONTESTS SET

Prizes and Radio Chance Offered Floyd Amateurs By Pburg Kiwanians
Cash prizes and a radio audition over WLSI, Pikeville, await Floyd county's most talented amateur entertainers, the Prestonsburg Kiwanis Club announced this week.

Identify of those star performers will be learned in a series of amateur contests conducted at various schools, with the finals being held in Prestonsburg on April 9.

The amateur contest idea was developed by the Kiwanis Club primarily to benefit the Floyd county youth in the Boy Scout drive for funds as well as the club's contribution to community service projects.

Cash prizes will be awarded winners in each of the community events as well as to those winning in the finals here. Winners of first, second and third honors in the finals will be added to radio air time as well as cash prizes.

First of the community contests will be held at Allen grade school. Amateurs desiring to enter the contest there should contact Otis Sparkle, principal. All other contestants will be held at 7:30 p.m. Places and dates for these other amateur shows and persons who entertainers should contact follow:

STATE SENATE APPROVES CANAL

The Kentucky state Senate Wednesday joined local and state officials, civic clubs and governmental units in adopting resolutions asking Congress to authorize canalization of the Big Sandy river.

The resolution, introduced by Senator Doug Hays, of McDowell, later went to the House where it was referred to the rules committee.

In his joint resolution, Hays declared the state's general welfare depends on the Eastern Kentucky coal fields, and that they "face widespread unemployment" for lack of adequate transportation.

Hays told the Senate Big Sandy valley coal is of superior quality but its sale is handicapped by freight rates costing \$1.29 a ton more than coal from Ohio, West Virginia, and Pennsylvania mines.

"The Big Sandy is the longest river in the world that isn't canalized," he continued.

Hays said deepening the river by canalization would result in lower freight rates and added: "That wouldn't hurt the railroads. It would help them. There's enough coal, iron ore, and salt in the Big Sandy valley to industrialize every foot of the Big Sandy valley."

As proponents of locks and dams for the Big Sandy went on about the business of preparing for the coming fight in Washington for the canal, announcement was made Wednesday that the section's coal industry faces heavier competition from the West Virginia field.

response to competitive conditions. He said other prices would come up for discussion as conditions are reported. He would not predict the effects of market conditions on the price of coal, said he had in mind the western Pennsylvania field and other local domestic demand.

The bituminous market has been softer of late. Coal men said the condition resulted from slackened demand by utilities. High production in steel. Its changes in price and contracts often force smaller producers to adopt similar policies.

The price development fits the coal industry with a record 70,000,000 tons of soft coal stored above ground. The big supply of stock and the softening market widely are considered to be factors which will handicap the Lewis of the United Mine Workers when he begins contract negotiations for some 400,000 soft coal miners this summer.

Tram Woman is Victim Of Heat Attack Here At Hospital Friday

Mrs. Mildred Victory File Adkins, 24-year-old wife of Ira A. Adkins, of Tram, succumbed Friday evening at the Prestonsburg General Hospital to a heart attack following an illness of a few days.

Her body was taken to Coal Run where funeral services were conducted from the school Sunday, the Rev. Groves Cross officiating. Burial in the Restful cemetery at Coal Run was directed by the Baker Funeral Home.

HALL, ALLEN AMONG GROUP To Plan State Fight On Health Insurance Plan of Government

A committee of 35 physicians, named to organize a state-wide campaign against government health insurance, will meet March 20 in Louisville. Dr. Bruce Underwood, state health commissioner and secretary of the Kentucky Medical Association, announced Wednesday.

Members of the committee from this section are Dr. Paul B. Hall, Painville, and Dr. Ralph W. Allen, Danville.

Dr. Underwood said the meeting is necessary because of the urgency of the situation which confronts our profession.

Dr. R. H. Hines Barr, Owensboro, was appointed chairman of the group by the association's president, Dr. C. A. Vance, Lexington. Dr. Barr said sections of Kentucky are represented on the group so that a fight can be waged at county wide levels in health of a 12-month program proposed by the American Medical Association as a substitute for President Truman's health insurance plan that would be financed by federal taxation.

Dr. Barr said the committee also would sponsor vigorously the Kentucky Physicians Service Plan, a voluntary medical-care program sponsored by the medical association.

"It is essential to the success of our campaign in Kentucky that we have available for the people of this state the best and most thoroughly American plan of insurance than the one we are condemning," Dr. Barr said. "It is now or never."

MACK LITTLE JAILED AGAIN

Under Bond in Slaying, Facing Other Charges; May Ask More Surety

Mack Little, who has been at liberty since Feb. 7, under \$10,000 bond in the slaying at Weebury's Herman Mack, was back in jail here this week and this time a bond of \$2,000 more was asked for his release on an assault and battery charge.

He was jailed on a warrant accusing him of striking his kinman, Edmund Little, with a deadly weapon. The weapon was unofficially described as a pistol, and Edmund Little was reported here as having been severely hurt.

The possibility exists, however, that County Judge Alex L. Davidson has been contacted and we shall be ready to start quantity road production when the construction season starts April 1.

Eagles Plan Benefits For School Ball Team

After sponsoring two bingo parties here a Red Cross benefit, the Order of Eagles this week is turning its attention to the work of raising funds with which to purchase uniforms for the Prestonsburg high school basketball team.

For this purpose the Eagles will continue their Tuesday night bingo parties at their clubroom at the upper end of Prestonsburg.

The high school team here won the state basketball championship last year, though the boys were the sorcerer-defeated rival in a tournament. This year, unless "outside" support was forthcoming, the possibility existed that the Black Cats would drop basketball and not defend their state championship.

Thursday—The case against Ross and Keathley collapsed at the preliminary hearing this afternoon, with both men establishing alibis. Two Commonwealth witnesses spent the night at home with them and other relatives corroborated this evidence. An array of witnesses, including Dave Hatcher, attorney for the defendants, described Keathley's conduct since his parole as being that of a good citizen.

But we wonder why Eastern Kentucky's coal business is singled out in newspaper articles as the biggest offenders in the matter of under-assessment. In this particular section, according to a map published in The Courier-Journal recently showing the coal-producing counties more nearly approach 100 per cent bar for the course than do the counties of the Bluegrass.

What of the rich farm-lands and horse farms of the Bluegrass? Try buying some of this property if it taxes Kentucky wants and needs, why did the Governor and the Legislature impose a mere token tax on par-animals at the regular session of the Legislature? Why not a ten or even a twenty per cent tax on the money showed across the board? Horse racing is big business as well as the coal business, is, though scarcely so productive of employment and certainly not so important to the national welfare. Racing has stood heavy par-mutual taxes in other states; it could, and should, pay the tariff in Kentucky, too—since we are dedicated to the task of putting the tax burden where it belongs.

4,793 Bay Auto Licenses; 1949 Hunting and Fishing Licenses Reach New High

A total of 4,793 motor vehicle owners had purchased 1949 licenses at the County Clerk's office here as of Wednesday morning.

Of these, 3,025 were automobile licenses, 1,226 trucks, 117 farm trucks, and 25 motorcycles.

Hunting and fishing licenses sold last year, County Clerk Jarvis Allen said, rose to a new high, the total amount realized from this source approximating \$12,000, which is approximately three times the revenue four years ago. Heavier license sales began with the Floyd County Fish & Game Club handling licenses at various points in the county. It was said.

CARD OF THANKS

I want to express my thanks to good friends and neighbors who showed their respects for me and my family upon the arrival of the body of my darling son, Lee Hamilton, who was killed in the Philippines Jan. 6, 1942 at the age of 24 years, 3 months and 15 days. He enlisted in the army Feb. 3, 1941, went overseas April 1. He always would write and tell me how well satisfied he was and say, "Brother, I'm sorry over me. I am all right." I feel he is just waiting for that great day just over there where all God's people are. I want to thank my good brethren and sisters in the Lord who came over so many rough places to be with us. Many thanks to the preachers, Brothers Jerry Hall, Ryan Hamilton, J. B. Hamilton, Mitchell Chaffins, Troy Nickles, Mark Moore, Shelby Stovene and McKinley Moore for their kind and shining words; also thanks to the Ryan Funeral Home. And I want to thank the God who ordains us all for holding the rain and snow off—Broken-hearted mother, Maude Hamilton.

Social Security Losses Cited as Office Manager Sets Consultation Dates

Every second of the day, about \$5, or \$100,000 a year, are lost by people who do not file promptly or do not file at all for their social security benefits, according to Horace Goddard, manager of the Ashland office of the Social Security Administration. While the amount so lost, he said, is only 1 per cent of the \$600,000,000 paid out annually by the Social Security Administration, we do not want anyone to lose even a dollar of the benefits to which he or she is entitled.

Bearing out this intention, he announces this week that a representa-

AN OPEN LETTER
to the
Voting Citizens of Prestonsburg

On March 26th we must answer the following question:

- Are you in favor of the sale of alcoholic beverages in Prestonsburg?
- In other words, are you in favor of people spending money for alcoholic drinks in Prestonsburg which would better be spent for dry goods and groceries and shoes?
- Are you in favor of having open saloons on your streets and whiskey, wine and gin and other alcoholic drinks attractively displayed to entice young folks and encourage old folks to drink?
- Are you in favor of having a dozen or more places inviting all of our young folks in to drink beer and get started toward chronic alcoholism?
- Are you in favor of having ten times as much drinking in Prestonsburg as we have now, with its destroying and disbusting results in homes, in business and on the streets?
- Are you in favor taking \$20.00 from a citizen's pocket to put \$19.00 in the liquor business and \$1.00 in the city treasury?
- Are you in favor of having folks come into Prestonsburg to buy liquor, get drunk and fill our jail or the highway with drunks?
- Are you in favor of robbing mothers and children of what they need to support saloons and beer dens?
- Are you willing to look at every poor drunken person that would be in Prestonsburg during the next three years and say—I voted to help him get that way?
- Can you favor all of the above? If you cannot favor these things with a clean conscience—vote NO March 26th.

Don't Count Short Your Ticker—The Heart's a Powerful Pump! You're wrong if you think your heart is a weak organ, says Dr. Timley R. Harrison of Dallas, Texas, President of the American Heart Association. He stated: "The heart does enough work in an hour to lift a 150-pound man to the top of a three-story building and enough work in 70 years to lift the largest battleship afloat out of the water."

KENTUCKY ON THE MARCH

By EWING GALLOWAY

When I started farming in Henderson county 13 years ago I took five memberships in the Farm Bureau. Now I take 20 memberships and I'm not doing it to gain political prestige. Nor am I trying to appear generous. I am merely obeying what I consider an honest obligation to my community, to the state of Kentucky and to my country as a whole.

The position of the Farm Bureau Federation today is set forth in the following paragraphs given this column by J. E. Stanford, executive secretary for the organization in Kentucky.

"The Farm Bureau was born out of the depression," says Mr. Stanford. "It was created to stem the forces of depression. It succeeded. Among the many other things it helped to write the parity formula into law. Agriculture's share of the national income began to rise. By 1947 agriculture's gross national income rose to 30 billion dollars, of which the parity formula is due its share of credit."

"Agriculture's current economic and financial position is again endangered. The 30 billion dollars represent a gross and not a net return to the 10 per cent of the people who live on farms. It is also well to note that farm people, the 19 per cent of the country's total population receive only 10 per cent of the national income."

"Today, a widespread campaign is to hammer farm prices down again, through critical comments on food prices, farm incomes and price support programs which have recently occupied a large portion of the time of many editorial writers, commentators and columnists."

"The year 1947 was on the average, the best year for the standing of net income that farmers have ever enjoyed. And yet in this best year there is a wide gap between farm and non-farm incomes. In 1948 net incomes will be lower than in 1947 and 1948, still further widening the gap. In other words, farm prices and farm incomes are not out of line with the general level of income. Hammering farm prices down is the first step toward serious deflation—ruinous for farmers, industrialists, business men, wage earners."

"The Farm Bureau recognizes that the hue and cry that farm prices are responsible for high living costs is pure propaganda; and the proof of it is the wide spread between what the farmer receives and what the consumer pays."

NOTICE OF ELECTION

Regular Term February 28, 1949

IN THE MATTER OF LOCAL OPTION ELECTION IN PRESTONSBURG, FLOYD COUNTY, KENTUCKY

Whereas there has been filed with the County Court Clerk of Floyd County, Kentucky, a petition signed by Charles Shannon, et al., citizens requesting this court to enter an order directing an election to be held on the 26th day of March, 1949, in the City of Prestonsburg, Kentucky, for the purpose of taking the sense of the legal voters of said county upon the proposition as to whether or not spirituous, vinous or malt liquors shall be sold, bartered or loaned therein, and

Whereas it further appears to the court that the number of signatures to said petition, totaling approximately 325 voters of the city of Prestonsburg, Floyd county, Kentucky, is equal to twenty-five per cent or more of the votes cast in said city of Prestonsburg, Floyd county, Kentucky at the last preceding general election; and that said petition bears the date of the signing and the post office address of said petitioners.

It is therefore ordered that an election be held in Prestonsburg, Floyd county, Kentucky, for the purpose of taking the sense of the legal voters of said city upon the proposition of whether or not spirituous, vinous or malt liquors shall be sold, bartered or loaned therein, said election shall be held on Saturday, the 26th of March, 1949, A.D.

The proposition to be voted upon shall be stated upon the voting ballot without emblems and two spaces left upon the right side of same, one for votes favoring the proposition to be designated by the word "YES" and one for the votes opposing it designated by the word "NO".

The voter shall designate his vote by a cross mark placed opposite the word "YES" or the word "NO".

The question to be submitted shall be in words and figures as follows, to-wit:

Are you in favor of the sale of alcoholic beverages in Prestonsburg, Floyd County, Kentucky?

YES NO

The County Court Clerk of Floyd county shall within five days from the entering of this order give to the Sheriff of Floyd county, Kentucky, a certified copy of this order, and it shall be the duty of the Sheriff to have same published in The Floyd County Times, a newspaper of general circulation in Prestonsburg, Floyd county, Kentucky, for at least two weeks (14 days) before the election and in all issues of said paper during said period up until the election, and in at least three issues thereof; and also to advertise same by written or printed hand bills posted at not less than five (5) conspicuous places in each of the voting precincts of said city for at least two weeks (14 days) before said election; and it shall be the further duty of the Sheriff to report in writing to the county court that said notices have been duly published and posted.

The said election, including the canvass and counting of the ballots, shall be held in accordance with the provisions of the general election laws of the state of Kentucky and the said laws, including penalties for violations shall apply to the said election excepting where the laws are inconsistent with Kentucky Revised Statutes 242.010 to 242.220 inclusive.

The costs of the election shall be borne by Floyd county. The County Court Clerk of Prestonsburg, Floyd county, Kentucky, will also send a certified copy of this order to each of the Election Commissioners of Floyd county, Kentucky.

ALEX L. DAVIDSON Judge, Floyd County Court

STATE OF KENTUCKY, COUNTY OF FLOYD

I, Jarvis Allen, Clerk of the County Court for the county and state aforesaid do hereby certify that the foregoing is a true and correct copy of the Order in the matter of Local Option Election, Prestonsburg, Kentucky as appears of record in Order Book 27, Page 426, Floyd County Court Clerks office.

Boy Scout Committee Organization Is Told By Council President

J. T. Parker, Wheelwright, president of Lonesome Pine Council, Boy Scouts of America, announced this week that all members of the Council's operating committees, except for the Organization and Extension groups, have been appointed. Those named are:

H. T.orton, Paintsville, Leadership Training; Virgil Picklesimer, Whitesburg, Camping and Activities; Wright Henson, Letcher, Scoutmaster; Arthur Brasbury, Wheelwright, Health and Safety; B. F. Reed, Drift, Finance.

It is the responsibility of these committees, it was explained, to determine the broad policies of the entire Council concerning their particular phase of the Scouting program and to outline such plans as might be necessary in carrying out effectively the program on a Council-wide basis.

Mr. Parker also said that the "40th Anniversary Crusade to Strengthen the Arm of Liberty" a two-year plan to increase the effectiveness of leadership through training, help the Scout program through more extensive local and district organization activities, and to expand membership through more effective organization plans, would be launched in the Council during the month of March. Commitment sheets will be sent to each leader of Cub packs, Scout troops, and Senior units asking them to set up their own individual targets concerning leadership, program and membership. Each district chairman will turn in a commitment sheet, the sum total of which will make up the Council goal for the next two years.

A Crusade chart will be presented to each unit leader and as soon as the projects have been satisfactorily completed, a gold seal will be presented by the district chairman. The "Torch Lighting Ceremony" to officially launch the Crusade in the Lonesome Pine Council, will take place at the Council's annual leaders' recognition banquet to be held at the Paintsville City Club, the latter part of April.

Mrs. Greenville Spadlin, who is taking sick leave from the Kentucky Employment office at Hazard, is visiting at the home of Mr. and Mrs. J. B. Clarke last night. Mr. and Mrs. J. B. Clarke left last week for an extended trip to points in Florida. They will visit Mr. and Mrs. R. D. Francis in Michigan, and Mrs. R. H. Messer at their home in Florida.

Mr. and Mrs. R. D. Ball left this week for Texas and Florida, where they will spend some time during their absence. Mr. and Mrs. J. E. Ball will operate their restaurant on Fayette avenue.

Clearing Project Strike On Johns Creek Settled

Employees of the Wyoming Valley Nursery, contractors on the clearing project in the Dewey reservoir area, returned to work Wednesday upon what was described as a "satisfactory settlement of differences."

Work on the clearing project was halted Jan. 18 by a strike which developed into demands for higher wages.

Sgt. Hall, First War Victim From County To Be Buried In National Cemetery

Sgt. Roy Hall, son of Mrs. Eva Moore Hall and the late Levi Hall, former McDowell policeman, became last Thursday, Floyd county's first World War I victim to be interred in a national cemetery.

He was killed in action March 3, 1945 on Luzon, in the Philippines, while serving in the 1st Infantry, which was re-embarked exactly four years later, on March 3, 1949, in Grave Lot 1483, Section A, Zachary Taylor National Cemetery, Louisville.

Military honors were accorded by a uniformed detail from Ft. Knox and final rites were held by a 38 Enox army chaplain. Interment was under direction of the Arnold Funeral Home.

Surviving besides the mother are two sisters, Mrs. Bonnie Behmer, Cincinnati, O., and Mrs. Cuba Pennington, Columbus, O., one half-sister, Mrs. M. E. Eason, Dayton, O., and two half-brothers, Foster Meade, former McDowell teacher and present coach at Ft. Campbell high school, and Lloyd Meade, East McDowell.

All persons having claims against the estate of Melvin T. Bush, deceased, are hereby notified to file same, properly proven, with the undersigned administratrix at Betty Lavin, Ky., on or before April 10, 1949; and all persons indebted to said estate are notified to settle same at once.

LIDA E. MAY, Admrx., Estate of Melvin T. Bush, deceased.

When Melvin T. Bush, New Zealand, which went "dry" in 1909, recently voted "wet." Two bottle stores were hastily opened.

The Whiskey Question

The town of Utopia was wet. It had got wet by a substantial majority and a little later there was an election for mayor of the town. John Smith announced himself a candidate for mayor and announced everybody by promising to give every cent what he wanted and what he voted for. One day some one asked him if he did not mean that the majority should have what they wanted and he answered:

"Everybody wants what they want so John Smith was elected and just as soon as he was in office he called on the railroad officials and asked them how they voted on the whiskey question and they all answered that they voted wet."

"You shall have what you want," said the mayor. "All of you be at the depot on Monday before the passenger train starts."

Monday morning came and all of the railroad officials were at the depot and so were the mayor and several policemen. The latter were carrying a large box which they proceeded to open. They the mayor stepped forth and said:

"We have here a case of whiskey and the train crew will drink every drop of it before they start the train."

"That will never do," said one of the railroad officials. "They will wreck the train and kill all the passengers."

"You should have thought of that before the election," said the mayor, "and these policemen are here to see that they drink it and as for the passengers we will take care of them."

After the whiskey was all disposed of the mayor said to the waiting crowd:

"All of you that voted wet step over this way and get on board."

One of the crowd said:

"I believe that the crew are all drunk. I don't want on that train."

"We are giving you what you voted for," said the mayor. "If you had not been for that kind of thing you would not have voted for it. Actions speak louder than words."

Then turning to the policemen he said:

"See that they all get on before the train starts and as far as those that voted dry we will have another train for them if it can get through the wreckage."

There was a factory in town and as soon as the train was disposed of the mayor said:

"We will not go to the factory and see that it starts right this morning."

As they were on their way to the factory the mayor came running and saying:

"Mr. Mayor, there is a crowd of drunk men over there wrecking my house."

The mayor asked:

"How did you vote on the whiskey question?"

"I voted wet," said the man.

Then said the mayor:

"Some of you policemen go over there and see that they don't bother anybody else's house."

They proceeded to the factory and when the owners all said they voted wet the mayor ordered all the workers to drink liberally before they went to work.

One of the owners said:

"They will kill themselves and wreck the machinery if they do that."

"You voted for it," said the mayor, "and you shall have it."

OF INTEREST TO VETERANS

Veterans who plan to convert their National Service Life Insurance to one of the six permanent plans now available are reminded of two points to take into consideration.

1. GI insurance may be converted in amounts from \$1,000 to \$30,000 in multiples of \$500.

2. If the veteran decides to convert only part of his insurance he may continue the remainder on a term basis.

VA insurance officials also point out that veterans now paying premiums on a month-by-month basis, on either term or permanent basis, can change to a quarterly, semi-annual or annual payment schedule.

Less frequent premium due dates may make it more convenient for the veteran to keep his insurance in force and offer a small saving in rates. By paying every three, six or 12 months there is also less chance of the veteran's policy lapsing because he forgets to send in necessary premiums on time.

Nearly two million eligible veterans received out-patient medical treatment by Veterans' Administration during the fiscal year ending June 30, 1948. These treatments were given by VA at regional offices, hospitals and clinics and by private physicians cooperating with VA in providing "home town" care for veterans with service-connected disabilities.

QUESTIONS AND ANSWERS

Q. I was honorably discharged from the army in 1946, but have not applied for readjustment allowance yet. Will this benefit remain available to me?

A. Generally, this benefit must be claimed within two years of discharge or release from active service or two years from July 25, 1947, whichever is later. This makes July 25, 1949, the deadline for many veterans.

A. Compensation is not reduced because of your employment. Reduction in compensation is made only if your disability has lessened in degree.

BACHELORS TAXED

Francis, May Day King At Pikeville College

Hubbard Francis, of Prestonsburg, has been chosen King for May Day exercises at Pikeville College on May 5, President A. A. Page announced this week.

Francis is a graduate of Kentucky Military Institute, Lyndon, Ky., and is a sophomore at Pikeville College. This year he was a forward on the college basketball team.

Some of these folks who claim to do all the thinking for the world would probably do much better if they would suddenly quit thinking and go to work.

To the Voters of Floyd County:

Woodrow Burchett is a candidate for County Attorney on the Democratic ticket, and asks the support of the voters on the record he has made as a public official.

1. HE IS QUALIFIED. He was educated in the University of Kentucky Law School, and has been actively engaged in the general practice of law for more than fifteen years. During the time he has been County Attorney he has devoted his full time and attention to the performance of his duties, and it has not been necessary for Floyd county to spend one penny for extra legal services. 2. HE IS COURTEOUS AND FRIENDLY. Every day many people go into his office seeking legal advice and are always welcomed with a warm, "What can I do for you?" He is always willing to take time to discuss your problems and to give to all matters, big and small, his undivided attention. He is never too busy to greet you with a kind word, a smile and a handshake, and you are always a welcome visitor in his office. 3. HE IS ACCOMMODATING. There has not been a day since the beginning of his term but what his office has been open for the transaction of business and a large number of people are given free and friendly service every day—service over and above that which is required as official duties. 4. HE IS HONEST AND COURAGEOUS. He believes in a fair, fearless, and impartial enforcement of the law; prosecutes without fear, favor or affection; big, little, rich and poor are treated alike. He has the courage to stand up and fight for what is right, and is not influenced or controlled by any person or group. His honesty and integrity are not questioned and those who have had business dealings with him know that he is absolutely trustworthy. 5. HE IS SOBER AND DEPENDABLE. He does not use intoxicants in any form, and is always on the job looking after the interests of Floyd county and its people. He can be depended upon for truthful, honest service upon any occasion and under any circumstances. Upon this record, the name of Woodrow Burchett is brought before the voters and their support is earnestly solicited for a continuation of this type of service.

1500 Idle at Jenkins As Walkout Spreads At 'Consol' Mines

Jenkins, Ky., March 9—A walkout at the No. 214 mine of the Consolidation Coal Company at near-by McRoberts last Thursday spread today to the Nos. 204 and 207 operations here.

The employees headed a picket line through about the two plants and a total of nearly 1,500 men are now idle. A company official verified the idle figure.

The original walkout, by some 400 employees at McRoberts, was said by a union spokesman to have stemmed from a protest over the continued employment of one section foreman by the company.

The union man declared the foreman to be "disrespectful to work for, but did not explain.

Consolidation's operations here are compelled to close with any suspension at No. 207, the coal-preparation plant for the mines.

Employees of the same firm quit their jobs for one week at the Jenkins in a dispute involving the duties of loading-machine operators and their helpers.

A company spokesman said the present negotiations to settle the industry dispute are in prospect immediately.

In a road safety week contest Stockholm, Sweden, with 131 accidents while Copenhagen, Denmark, had 182.

1. That the official acts and conduct of Stephens in the Bourbon county vote fraud case were inept and that his handling of the case showed "incompetency or worse."

2. That the district attorney made contradictory statements regarding the status of the vote fraud case and that because of these statements and the "incompetency or worse" the Department of Justice should relieve Stephens of his duties with respect to the case and place in charge a special attorney of the Department of Justice.

The part of Stephens' statement which Clay's attorneys asked Judge Hill to strike follow:

"The willful and malicious purpose incited by the publication of said article by said defendant was to embarrass the plaintiff and to hold him up to contempt and ridicule with reference to his professional conduct and specially with reference to his official connection with the investigation of certain election fraud cases in Bourbon county, then being investigated by the Federal Bureau of Investigation for the purpose of causing and effecting his dismissal as United States attorney for the Eastern District of Kentucky and appointment of a special attorney to handle the investigation."

LETTERS TO THE EDITOR

SHOULD THERE BE AN EASTERN KENTUCKY DEVELOPMENT ASS'N?

Editor, The Times:
The people of Eastern Kentucky present a truly paradoxical economic position. Blessed with a region rich in natural resources, we are collectively poor. Blessed with a people who know work and like to work, there is no work.

It is a truism to assert that the economic welfare of Eastern Kentucky is inextricably bound-up with the coal industry. It is even more plausibly to observe the coal industry, per se, cannot shoulder all the region's economic burdens. Where, then, should we look for possible solutions to our problems? Experience has shown and Mr. David Francis has indicated (cf. Floyd County Times, Feb. 7, 1949) diversification of industry is a must if the region is ever to attain a semblance of economic stability. But how can industry be diversified? The writer has no pretensions of economic omniscience but it seems to him that the people of Eastern Kentucky might well consider the formation of a non-profit corporation to investigate more thoroughly the economic conditions of this region, with diversification of industry as its primary goal.

ATTENTION!

At a special meeting of the Floyd County Fish and Game Club, held February 3, 1949 at Langley, Ky., the club voted to sponsor a fishing contest this year. The following rules will govern:

1. The contest will consist of two divisions: (a) Smallmouth and Largemouth Black Bass division, and (b) Walleye division. The prizes shall be as follows:

BLACK BASS DIVISION—
First Prize—Flueger Supreme Casting Reel
Second Prize—5½" light action Heddon "Pal" Casting Rod

WALLEYE DIVISION—
First Prize—Shakespeare "President" Casting Reel
Second Prize—5½" True Temper "Dynamic" Casting Rod

2. This contest is open to all residents of Floyd county and members of the Floyd County Fish and Game Club, irrespective of residence, from January 1, 1949 to December 31, 1949.

3. No entry will be accepted of any fish caught outside the boundaries of the Seventh Conservation District, as defined by the Division of Game and Fish, comprising the counties of Pike, Floyd, Johnson, Letcher, Martin, Knott, Perry, Leslie, Breathitt and Magoffin.

4. Fish must be caught with pole and line only to be eligible for entry in this contest. (Cane pole, casting rod or fly rod using live or artificial bait).

5. No contestant may receive more than one prize. In case of ties, the first entry received will be adjudged the winner provided the contestant has adhered to all rules and regulations herein set forth.

6. No other species of fish except Smallmouth Black Bass or Largemouth Black Bass and Walleyes will be permitted to be entered in this contest. To be eligible for a prize the Black Bass must be at least 15" long and the Walleye must be at least 18" long. Measurement from tip of closed mouth to the longest part of the tail will be considered correct.

7. Taking of the fish need not be witnessed. However, at least two persons must witness the weighing and measuring of your fish.

8. Your entry must be on a special form which the secretary of the club will provide immediately on request. To be eligible the special form must be returned to the club within 30 days after catch has been made. A fish caught between December 15, 1949 and December 31, 1949 must be entered not later than January 15, 1950.

9. Contest judges will be appointed by the president of the club at a later date and their decisions will be final.

10. All entries must be mailed to: Ray Stephens, secretary, Floyd County Fish and Game Club, Prestonsburg, Kentucky.

11. All entries will become the property of the Floyd County Fish and Game Club and none can be returned.

OWENS HINTS COAL STRIKE

Tells Senate Members Miners Becoming Angry On Safety Action Delay

A hint of a new coal strike "soon" over safety in mines was hurled at a Senate committee Monday by one of John L. Lewis' chief lieutenants.

John Owens, secretary-treasurer of the United Mine Workers, was testifying against President Truman's appointment of James Boyd as director of the Bureau of Mines.

"We ask that you do not confirm Mr. Boyd, who will be in charge of a federal agency which is responsible in part for the safety of the coal mines."

"The miners are becoming impatient and angry over the delay in action on safety, and there may soon come a day when they will refuse to go down in the mines until these things so long complained of are corrected."

That was the extent of Owens' remarks before the Senate Interior Affairs Committee. But he frequently referred to the Centralia, Ill., mine explosion of March 25, 1947, in which 111 miners were killed.

Lewis promptly called a six-day "memorial" shutdown of all coal mines then as a mourning period for the disaster victims. The second anniversary of that accident is drawing near.

But coal reserves above ground are abnormally high—a disadvantage to Lewis when he prepares to negotiate a new contract for the soft coal operators around May 15 or June 1. The current contract—unless terminated earlier by either side—runs up to June 30.

The shift in directors of the Bureau of Mines took place in 1947. Secretary of Interior J. A. Krug released Dr. R. R. Sayers as head of the bureau. Sayers had supported Lewis' position on safety, and Lewis later hired him.

Boyd was named by Krug and Truman. Lewis fought the appointment from the first. His opposition has been sufficient to block the confirmation up to now. But today Truman sent a long letter to the committee urging quick action on the appointment.

If Boyd is rejected, the President said, "there is not a reputable mine engineer of trained technical administrator who would accept the directorship of the Bureau of Mines without serious misgivings."

First All-Floyd All-Opponent Ten Named by School Coaches; 32 Listed on 180 Ballots Cast

Casting 180 votes for the first All-Floyd County All-Opponent basketball team, the county's high school coaches and their team members, made known this week their complete choices based on the season play of opposing team members. They named 32 players out of more than a hundred possible basketball squad members of those listed. Martin's Purple Flash, who led the county's best season record, led in team representation with six nominations. They are followed by Garrett with five, Wheelwright and McDonnell, Prestonsburg and Madison received three each, and Auxier one.

The first position proved to be the "hot spot" with three centers being named to the first hour ten. These players were picked strictly on the basis of damage they did to their opponent's hopes of victory by their stellar performance during the regular season's games.

Only two Ronald Curry, Wheelwright center, and Doug Lafferty, Martin center, were unanimous selections. McDonnell's "Wild Bill" Stumbo was mentioned on 61 of a first place vote because of an injured hand that prevented his appearance. Bobby Mowell, center, was named effectively against one opponent. The fourth man, Frankie Crum, Betsy Layne forward, pulled seven first and one second for his place. James Mullins, Garrett guard, grabbed the number five spot with seven firsts and six second votes. Bobby Mowell, center, was named effectively against one opponent.

LIKE THE BIG WHO WENT TO MARKET? BASKETBALL FANS GET "SANDWICHED" AND LIKE IT AT DISTRICT TOURNNEY

By CHARLES SPRADLIN

Just one incidentally, of over 6,000 who attended the sessions and paid over \$3,000 for the privilege who went to the basketball victory market and gas himself sandwiched in among the estimated 1,200 people that overflowed at the finals, out onto the playing floor of a gym built to accommodate comfortably about 600 spectators.

After gaining a lucky early entry into the gym, I saw one of the best behaved crowds ever to witness a basketball game.

Well, this is a story of a day.

1949 FISHING CONTEST SET

Prizes for Best Catches By Fish and Game Group To Go To Floyd Anglers

The Floyd County Fish & Game Club this week announced its 1949 fishing contest, a renewal of competition between Floyd anglers which was first sponsored by the club in 1947.

For all four prizes will be awarded for top catches made between Jan. 1 and Dec. 31, 1949 in two divisions. In the black bass division first prize will be a Pflueger Supreme casting reel; second, a light-action Heddon Pol reel. Winners in the walleye division will receive a Shakespeare President reel as a first prize and a True Temper Dynamic reel, second.

The contest is open to all residents of this county and to all members of the Floyd County Fish & Game Club, irrespective of their place of residence. Only fish caught within the Seventh conservation district—Floyd, Pike, Johnson, Lescher, Martin, Knott, Perry, Leslie, Breathitt and Magoffin counties—may be entered for prizes. The angler's entry must be on a special form which may be procured from Ray Stephens, secretary of the club, and all entries must be made within 30 days after the catch.

Other details of the contest appear in the club's advertisement in this edition of The Times.

At Monday evening's meeting of the club, held at Maytown high school, it was unanimously voted to purchase 2,500 smallmouth and 2,500 largemouth bass for release next August, in various streams of the county, Kentucky, or spotted bass had been sought for stocking purposes on the advice of Major Clark, superintendent of hatcheries. Division of Game & Fish, but these are not available at this time. Mr. Clark expressed the belief Kentucky bass will thrive in polluted waters where other bass do not multiply as expected. The motion picture film, "Pond Insects" and "Tackle-Smashing Great Northern," were exhibited. The club, in a move to stimulate attendance, began at this week's meeting the awarding of a door prize. The initial prize, a Heddon Pal reel, went to Bascom Derossat. Destruction by recent forest fires has caused members of the club were told fires should be reported.

SETS RECORD

Frankie Crum, Betsy Layne forward, is credited with a new 58th district record in scoring 62 points for three games tabling 18 field goals and 14 of 18 free shots while committing only four personal fouls. Last year's record was set by "Set" Branham, Prestonsburg center, who accumulated 54 points against Wheelwright, McDonnell and Garhart.

Lyon County Basketeers Taught by 'Eck' Branham Enters 2nd Region Meet

Lyon county high school went their way into the 2nd regional tournament by slaying Salem, 56-38, in the 5th district semi-finals at Smithland last week although they were tossed out of the billing as champs by a fighting Livingston county five, 36-28, in the finals.

The Lyon county boys, who recently won the Three Rivers Conference tourney, is coached by "Eck" Branham, former Prestonsburg guard and son of Mr. and Mrs. John Branham, of the Auxier road.

The club's membership drive is now on, and 154 new members were reported at Monday's meeting, bringing the total to 408 for the year. Persons wishing membership in the club should mail the \$1 fee to Ray Stephens, secretary, here.

Flashing open the scoring fireworks, Emmet Lafferty, Purple Flash forward, hit the net for the first marker for two points. Seconds later, it was Frankie Crum who connected and tied the count. From there on the score read either a tied count or one of never more than one or two points difference until the count, from there on the score read either a tied count or one of never more than one or two points difference until the count. BETSY LAYNE IS RUNNER-UP

Bobcats Go Down, 44-35, As Victims 4th Quarter Sees Martin Go Ahead

Pulling away from a tight three-quarters of one of the fastest final quarter basketball fan should ever hope to witness, the Martin Purple Flash literally outran the Betsy Layne Bobcats, 44-35, to capture the District 58 championship in the Saturday night final game of the tournament at 22-27 layups.

The aggressiveness of both teams was an explosive exhibition of ball-hawking in intercepted passes, adept ball-handling and burning the bottom of the net with well-calculated shots. The number of intercepted passes was due to the quick defensive movements of players of both teams and not to faulty ball-handling. Although Betsy Layne had the advantage in height and controlled the most of the rebounds in the first half, the Martin boys simply provided the difference by hustling up and down the floor and edging the taller Bobcats in the latter part of the fireball fracas. Capable performance of Martin substitutes from a wealth of reserve material aided in the pinches.

Wayland beat Harbortville, 58-34, on Feb. 2; thurstud Vine, 64-38, Feb. 3; showed past Jackson, 47-34, in the Feb. 8 semi-finals and flopped the Bobcats, 68-38, in the Feb. 11 final to earn the tournament crown. The successful squad is composed of "Copper" John Campbell, former Madison all-star and Maytown high school basketball coach, Ed DeCoursey, former Wayland Wasps all-star, Paul Johnson, another all-star from Hindman, Ed "Frog" Bentley, Ruri Hicks, Doug Castle, Willard Ratliff, Curtis Tufts, Carl Ray Pringle and Emerson Ward. Wasps football tutor and product of Eastern State Teachers College.

The Vets' last game for the present season will be with the highly-touted Richmond Islanders at Wayland. The exact date has not been agreed upon, it is announced.

ALL-TOURNAMENT

Named to the all-tournament team of the 58th district basketball meet at Betsy Layne were "Wild Bill" Stumbo, McDonnell, Wendell Jones, Maytown, Frankie Crum, Betsy Layne, Doug Lafferty, Martin, Ronald Curry, Wheelwright, Gene Boyd, Prestonsburg, Richard Davis, Betsy Layne, James Lafferty, Martin, Bobby Turner, McDonnell, and Paul Hager, Auxier.

VETS BOAST FINE RECORD

24 Wins and One Loss For Wayland Veterans; Champs of Vicco Meet

Complimenting one of the best records of any independent team in the state, the Wayland Vets have this far, won 24 games against a single loss.

In addition to a fine season showing, the Vets recently captured the title of BEIT champions by brushing aside all opposition in the Eastern Kentucky Independent Tournament held at Vicco on February 2, 3 and 4. Thirteen teams were entered in the meet.

Wayland beat Harbortville, 58-34, on Feb. 2; thurstud Vine, 64-38, Feb. 3; showed past Jackson, 47-34, in the Feb. 8 semi-finals and flopped the Bobcats, 68-38, in the Feb. 11 final to earn the tournament crown. The successful squad is composed of "Copper" John Campbell, former Madison all-star and Maytown high school basketball coach, Ed DeCoursey, former Wayland Wasps all-star, Paul Johnson, another all-star from Hindman, Ed "Frog" Bentley, Ruri Hicks, Doug Castle, Willard Ratliff, Curtis Tufts, Carl Ray Pringle and Emerson Ward. RUPP REPORTS

U. K. Coach Looks Back on the Olympics

It was also surprising to us that the early basketball games were better attended, even if the first one was played here, and we were more likely to qualify for the main tournament. Teams initially were placed in that tournament and the best of them were expected to play a round-off for the elimination rounds.

A production was a little better in the championship rounds, but our part (as far as that the sports) have been expected to draw in this country.

The poor attendance for our game might have been forested because Great Britain has never cared much for basketball, or at least has never paid it much heed in the past. The game has not been greatly developed there, and the first broadcast on basketball ever made to the British people was the one prepared as the Olympic tournament began.

However, the sports writers in England seem amply aware of what they should do, and many of them were highly enthusiastic about it. The tournament was over, all of our countrymen, printed in the newspapers were most favorable, and England in the future, basketball will have much finer and better basketball.

REMEMBER?

Remember when a bare bulb like this was the last word in lighting? That's when you started calling your electric bill a "light" bill.

Then electricity began to take on more chores. It learned to cook and sew and clean, to wash and iron, preserve food, entertain the family—in general, to make life healthier and happier and easier all around. Lighting became only a fraction of that job.

Naturally, you came to depend on electric service for more and more jobs—until now you couldn't imagine living without electricity! Today your electric bill is just about the smallest item in your family expenses—yet what else does so much, for so little?

Yes, it's still a "light" bill—it lightens your chores, your home, and the business of balancing your budget!

Woods and Martin Outstanding Performers in College Meets

Lexington, Ky., March 4—College teams, featuring the stellar performances of Floyd county ex-high school stars, suffered the misfortunes of defeat while giving good accounts of themselves in the state's two major college tourneys.

Kentucky Wesleyan, led by Fairlee Woods, Garrett, entered the Kentucky Intercollegiate Athletic Conference tournament at Georgetown rated as a heavy favorite for the second straight year with Berea's Mountaineers as a darkhorse entry.

The Panthers, with Woods getting 20 points, set down Transylvania's Pioneers, 54-49, in their first round scrap and George own beat Centre's Colonels, 64-53, in the other half of the night's card. Clyde Blackburn, Betsy Layne, was a regular forward on the Transy team.

Berea, who upset favored Western and towed to Georgetown last year, repeated the stunt on Friday night by eliminating the Panthers, 62-59, and a rain went down before Georgetown, 54-44, in the final Saturday night to give the Baptists their third K.I.A.C. title.

(Continued from Sports Page)

scoring team of "Wild Bill" Stumbo and Bobby Turner who registered 18 and 24 points, respectively. The score at the end of the regular playing game stood at 48-48. In the overtime period, "Wild Bill" determinedly took charge of the situation, brought the ball up the floor, boomed it two field goals against two one-pointers for the Blue Devils.

Betsy Layne's Bobcats earned their tickets into the final by setting the Wayland Wings down, 50-45, in the other Saturday afternoon semi-final. Closeness of the contest was shown by the Bobcats hitting 21 field goals and eight of 19 free chances while Wayland chalked up 19 field goals and seven of 17 free throws.

Martin, led by Doug Lafferty's 21 points, banished a highly respected Wheelwright Maroon five, 47-36 in their Friday night tourney opening round. The Maroons had defeated the Flash twice in two regular season games and the Martin lads were painting for revenge.

Betsy Layne smothered the Auster Hornets, 62-52, in their Friday afternoon meeting in an easy fashion.

Wayland fought its way past Macdonald's Wildcats, 42-39 Friday night in another one of those tight battles which was a common treat to the spectators of this unusually hard-fought tournament. Maytown found unexpected opposition in defeating Prestonsburg, 46-32, which was anybody's game for three quarters before the Maytown five galloped to a decisive count in the final stanza on Thursday night.

Martin, who holds the best season record of any Big Sandy quarter with 24 wins against only five losses in the toughest hotbed of the state's high school basketball competition, by coping the crown of the 58th district.

thriller-diller while I rubbed noses with a supporting post in front of me and was assisted by the official scorekeeper, Ralph Robinette, tinner Chester Owens and a good friend named Gene who helped with supplying descriptions and data beyond the range of my limitations.

Following the Martly victory, Palmer Hall, Floyd county superintendent, presented the winner's trophy to the Purple Flash co-captain brothers, Elmer and Charles Lafferty, the runner-up trophy to Betsy Layne's co-captains, Frankie Crum and Donald Meade, the sportsmanship trophy to the Wayland captain, Doug Castle, in behalf of his team.

and announced the district all-tournament team.

The sportsmanship and general conduct of the fans where interest and keen competition ran so high is commendable to these officials and a tribute to the official referees, James Prece, Inez, and Emerson Warf, Wayland, and the tournament manager, D. W. Hayward, and his assistant, Coach Ted Akers. Not a disturbance was reported throughout the entire five sessions.

The only noteworthy difficulty was the inability to get into the gym. I didn't see the Saturday and Friday night games because I didn't get there ahead of time. The same thing happened to about 1,000 others.

Darwin Patton, "Bug Dust" Evans and myself arrived Friday night at the beginning of the first game and we got no nearer than 50 feet from the entrance to the gym. There were 500 or more spectators from there on in, so we retreated. Over 500 were said to have been turned away at the stadium alone. On the same night, assistant tournament manager Ted Akers found himself on the outside and unable to get back in, he reported. He eyed the ladders loaded with fans but gave up thought of re-entry by that medium and finally worked a Hot-dogger success. If we any more tournaments in such unavoidable circumstances, I intend to learn Ted's trick.

The scene of an over-crowded gym, and sometimes too dangerously over-crowded at that, was a common sight from Mills Point to the Big Sandy this year. At Louis Friday night, during the Meade Memorial-tize game a spectator was lucky to get within jodeling distance of the gym, much less gain entrance. Even at Elkhorh this year, the Pikeville Panthers had things pretty well out and dried for certain victory, the interest in high school basketball tournament competition was such that fans were turned away in droves.

Returning from the game Saturday night, I queried Palmer Hall on the possibility of a centrally located gym large enough to accommodate the ever-increasing number of spectators. To which he replied, "There is no doubt about the need of such a building but the sports fans must realize that in Floyd county we have badly crowded conditions, day in and day out, in the classrooms. The school board's building budget is overcrowded in that respect, too, and comfort of the kids where they are overcrowded every day should come first. He is absolutely right.

He suggested that some group, possibly one of the veterans' interested persons, erect a memorial gymnasium whereby each host school could work out a rental agreement with the management to create the tournaments.

Sincerely wishing that someone in position to do something about it will seriously consider the need, I and about 5,000 sports fans must rest the matter. This in face of the fact that Whitesburg, a community about the size of Prestonsburg and located in a county with much less the population of Floyd, has just completed a gymnasium costing near \$200,000 to handle the attendance of a clean sports-interested community.

I and several hundred faithful followers of Floyd county high school athletics plan on seeing our teams, Martin and Betsy Layne, in the regional at Pikeville this weekend and it is doubtful that the gym there will prove amble to cater for the crowds. Since it is part of my job to be there someone suggested that I go early, take a lunch and camp there until the regional is over.

Six from County Enrolled at Western

Floyd county is represented by the total of six students for the current semester at Western Kentucky State College, according to E. H. Canon, registrar at Western, are Joseph Smith, Alphaeta; Rufus E. Turner, Garrett; Thomas C. May, Thomas Layne Smith, Langley; James M. Cicars, Irene D. Vicars, Weeksburg.

Mrs. Eva M. Hall Writes On Burial of Her Son

I have been blessed, as far as I know at present, to be the first Floyd county mother to witness the burial of her beloved son in a national cemetery.

My beloved son, Sgt. Roy Hall, was killed in action March 3, 1945 and reburied at Zachary Taylor National Cemetery, Louisville, Ky., March 3, 1949.

I felt so weak in body I was not able to make the trip alone. But I thank God and man for such sober, reliable and spirited service as I received from the Arnold Funeral Home, Prestonsburg, Ky. They took me in their ambulance and went prepared to bring me back, dead or alive.

I have two sure rules I always keep in mind and practice to all times. Safety First and Be Prepared. So far God has always blessed me to be at the right place at the right time. Sgt. Sanders, Clarence E., of Louisville, Ky., and the Arnold Funeral Home, Prestonsburg, Ky., are the first two places of worship and service I have entered for years where I felt as welcome as I do at home. I feel as sure that God approved of every word and act of men at the funeral as I believe a voice came from heaven at the baptism of our Saviour, Jesus Christ. The service was brief, but full of God's love and power and respect for our beloved dead and their bereaved dependents. Funeral was jointly religious and military.

Text, most stress was placed on Rev. 14th chapter, 13th verse. "And I heard a voice from heaven saying unto me, Write, blessed are they which die in the Lord from henceforth, yea, saith the spirit that they may rest from their labours and their works shall follow them."

The chaplain and the army escort and all who helped in any way to honor and help the widow and fatherless, their works will last forever. Every one is invited to attend.

A paragon has been purchased here by the Big Sandy larger parish for the Methodist pastor, the Rev. Robert Anderson, and family who will move here from Pikeville as soon as the house is vacated.

Mrs. Millard Stephens is a patient at the Methodist Hospital, Pikeville, suffering from pneumonia. Mrs. Carlos Hayward has been greatly missed by the school and patients for the past few days during the illness of her mother.

Miss Ernestine Brown returned last Friday from Florida to resume her school duties. Mrs. Wilbur Schuchman, a substitute in her absence. Mr. and Mrs. Earl Hays were dinner guests of Mr. and Mrs. Charles Spears atorton, Sunday evening.

Mr. and Mrs. Larry Green, of Pittsburgh, Pa. were week-end guests of Mr. and Mrs. T. K. Johnson. Mrs. Green will be remembered as Miss Hattie Doris Johnson, of Betsy Layne. Other Sunday guests of Mrs. Johnsons were Mr. and Mrs. Eugene Stanley and daughter, Mr. and Mrs. Ghent Combs and daughter, Miss Laura Kathryn Combs, and Jack Combs.

Miss Norma Jean Layne underwent a tonsillectomy last week from which she is recovering at the home of her sister, Mrs. Dave Ward, Williamson, W. Va.

Mrs. Josephine Ferguson, of Huntington, W. Va., has been visiting her sister, Mrs. Dockie George, and her brother, Jim Layne, for the last few days.

Mr. and Mrs. Gordon L. George and children, of Puritan, W. Va., visited relatives here Saturday and Sunday.

Mrs. Lou Roberts was called to be with her mother in Brooklyn, N. Y., last week. She returned home after her mother's condition became somewhat improved.

Clark Hinton, who has not walked for several years, is a patient in a hospital in Washington, D. C., and is reported as improved.

The family of L. M. Miller moved last week to Ekham City where they will operate a general merchandise store which Mr. Miller recently purchased.

BETSY LAYNE

A series of meetings were begun at the Galvary Baptist Church last Monday evening under the direction of the pastor, the Reverend Paul Hays. The meetings were held in the Rev. Wm. Clark, who spoke at meetings conducted here last summer. Every one is invited to attend.

A paragon has been purchased here by the Big Sandy larger parish for the Methodist pastor, the Rev. Robert Anderson, and family who will move here from Pikeville as soon as the house is vacated.

Designed to Cut Delivery Costs THE 'Jeep' PANEL Delivery

'JEEP' ENGINE POWERED 104" WHEELBASE

Willys-Overland Sets the Pace in the Panel Field

- LESS 'DEADWEIGHT'** to cost you money every mile. The "Jeep" Delivery has a gross weight of 4,000 lbs. with rated payload of a half-ton. Think how that will cut your gasoline and oil bills—saves tires, too.
- BIG LOAD SPACE** in the sturdy all-steel body of the "Jeep" Delivery. Interior measures 117 inches from dash to rear doors, 58 1/2 inches at widest point, 48 1/2 inches floor to top. Comfortable driver's seat.
- CAN'T BEAT 4 CYLINDERS** for economy. The 63 "Jeep" Engine has the performance you need—but how it stretches gasoline mileage! And maintenance costs less with a 4-cylinder engine.
- PARKING'S NO PROBLEM** with the "Jeep" Delivery. Short turning radius and 104-in. wheelbase let you park easier in small curb space. Nimble and maneuverable in traffic to speed up delivery service.
- LEVEL RIDE** is a big "Jeep" Delivery feature. Front wheels independently sprung to smooth out bumps and keep tires vertical. Easier riding for the driver... more protection for the cargo... longer wear from tires.
- FUNCTIONAL DESIGN** gives the "Jeep" Panel Delivery distinctive style as well as practical efficiency. Note how the fenders give easy access to wheels... protected position of headlights... full-opening hood.

TO THE VOTERS OF FLOYD COUNTY:

I am proud to be an American. I am proud of my country, my state, and my county. I am glad to live in our Great Democracy where a young man can grow up and with the help of God and his fellow man receive an education and a chance in life no matter how poor his materials and means might be. I am a firm believer in government for the people and not government for some politician or group of politicians.

If you nominate and elect me your County Court Clerk, I will be there to faithfully, honestly and diligently serve you and the good people of Floyd County. No job in that important office will be too small or too great for me to work the duties and obligations to you and our fellow citizens.

The office of County Court Clerk is yours. You must select a custodian. Place me in charge for the next four years and I will guard it for you. During that time I will give to you and your office all that is in me.

Every voter in Floyd county has his or her interests, rights, and privileges recorded, filed, or registered in our County Court Clerk's office. Give me the opportunity to serve as your clerk and I will make it a pleasure for you to come into your office to transact business. I will faithfully and accurately keep and protect your interests, rights, and privileges in a cheerful and excellent manner.

Your friend,
ALEX L. DAVIDSON
(Pol. adv.)

TO THE PEOPLE OF FLOYD COUNTY:

For the past few years I have wanted and have planned to make the race for County Court Clerk. My cousin, DuRan Moore, of Martin, Ky., has already announced as a candidate for the office of County Court Clerk and, therefore, I will not be a candidate against him.

I hope that my friends will vote for and support DuRan Moore in the same way I am sure you would have supported me if I had not decided to support him myself.

TO THE VOTERS OF FLOYD COUNTY:

Upon the solicitation of many friends and good citizens, I have at last decided to seek county office, and this is to announce my candidacy for the Democratic nomination for County Judge.

I have served as Magistrate in District No. 3 for the last 10 years, and during this time have tried to remember always that my duty is, first of all, to the people, rich and poor alike.

My record has been such that I have no regrets; I have worked to be of service without thought of enriching myself at the expense of others. And if elected County Judge, the same motives will be behind my every act in office. I pledge my efforts, in particular, to better rural roads.

Your help in the county campaign will be deeply appreciated.

TO THE VOTERS OF FLOYD COUNTY:

I believe that the time has come in Floyd county for the voters to work and elect a working man for our Jailer. After all, it is the working man that pays the bills. The only time the politicians are for the working man is on election day.

I am a crippled man, having lost a leg several years ago. I am a member of Local Union No. 796, Drift, Ky. I am a resident of Arkansas Creek and am known all over Floyd county as "One-Legged Horse-Whippin'" Johnny Conn.

I am a Christian man and trying to be a good citizen. I hope the citizens know that they will be treated fairly if I am nominated and elected.

I call upon the good Christian people and the working people to give an old working man a chance by nominating and electing me Jailer of Floyd county. I am 50 years old and have been a Democrat all my life. I will try and see all the voters that I possibly can between now and the primary election, but being a crippled man, I may not get to see all and I take this method of asking for your support and influence.

Subject to the action of the Democratic primary.
JOHNNY CONN

TO THE VOTERS OF FLOYD COUNTY:

I wish to take this means of announcing my candidacy for the Democratic nomination for the office of County Judge. During the past three years I have served you to the best of my ability, and I am sure that my experience will qualify me to serve you better in the future.

The record I have made as your County Judge is open for inspection and the public is invited to check this record and determine whether or not I am worthy of support. I promise you a continuation of honest and faithful service. Your support and influence will be appreciated.

PHARMACY

The most important thing in this store is something you'll never see

In your pharmacy you see many things that are important to you and your community. You see a wide variety of attractive merchandise... shelves lined with important drugs, chemicals, other medicinal products. You see the pharmacist himself, a friendly person, a reliable merchant, a good citizen. But there's one thing you'll never see—and, in a sense, it's the most important of all. What is it? It's your pharmacist's professional knowledge and technical skill.

To get his college degree and to pass the state examinations required of all pharmacists, he must have a knowledge of many sciences. He knows thousands of different drugs—their dosage, usage and properties. And he has the practical skill to compound them into the medicines your doctor prescribes, the medicines needed to help you guard your health. Get better acquainted with your pharmacist. Trade with him—the man you can rely on. —Reprinted from a copyrighted advertisement published by Farkes, Davis & Company, Detroit 25, Michigan.
