Red Cross Drive Nears \$6,400 Goal in County; Closing Date Deferred

Floyd County's Red Cross Chapter, about this week in the shadow of its \$6,400 goal and with another \$500 added to funds already contributed will have reached, for the first time since 1943, its full quota.

That was the word which went out this week as J. H. Hart, county drive chairman, urged all co-workers to report on the success of their efforts at once.

At the same time, it was announced that the drive has been extended till April 15. Persons who have not been contacted personally for contributions were asked to mail whatever amounts they wish to contribute to Floyd Chapter, American Red Cross, here.

Ringworm Epidemic Here Under Control As 15 Believed Cured

Prestonsburg's ringworm epidemic definitely is past its peak, with new cases discovered and perhaps as many as 15 cured, Mrs. Pauline H. Sparks, of the Floyd County Health Department office staff, said this week.

The clinic founded by the health department continues at the grade school building, with volunteer workers assisting health department nurses. Dr. Martin Ransdell, director of the health department, is absent on the advice of his physician and is resting at the home of his daughter, Mrs. Jay Shields, Wichita Falls, Kansas.

These contests have been sponsored by the Kiwanis club in cooperation with the Boy Scouts of Floyd County. Half of the proceeds were to benefit the Boy Scout drive for funds and the remainder to go to the Floyd County community service project of the club which include the purchase of boxing gloves and other paraphernalia for the club's proposed athletic programs in the county high schools.

At the time the contests were launched, Max Burns, president of the Kiwanians, contacted Mr. Howard, he stated, and reached an agreement on the Tuesday night date. Advertising for the Betsy Layne show was forwarded to Mr. Howard on March 18, Franklin Moore, one of the managers, said, but on last Monday morning a telephone call from James George, secretary-treasurer of the Businessmen's club, Betsy Layne, notified him that none of the advertising was posted and he wished to know if the contest had been cancelled.

Moore informed Mr. George that they had assumed that everything was progressing according to schedule and fully expecting the event to materialize, asked him to announce the contest at the Parent-Teachers Association meeting on Monday night.

Mr. George's announced plans were interrupted, however, he told The Times, when the P-T-A meeting was highlighted by Mr. Howard's statements notifying the assemblage that no amateur contest would be held on Tuesday night to benefit the Prestonsburg Kiwanis Club.

He was quoted as saying he didn't believe in taking the money out of Betsy Layne and sending it to Prestonsburg. He added that the contest and, furthermore, if I am in need of digging into our own pockets and making a donation.

Thus, said the managers of the contests, came Tuesday night—no race, no show, no contest, no crowd, no show.

The managers, Franklin Moore, Eugene Brown, and Max Burns, praised the reception and cooperation of the amateur events in conducting the contest and in the other Floyd communities prior to the Betsy Layne incident.

Although the Betsy Layne section will have no representation in the finals tonight (Thursday), the managers anticipated more than 20 teams from over the county and a large crowd in the Prestonsburg grade school auditorium to witness the contest. Winners of the finals will receive cash awards and a chance for radio auditions. Cash awards were given the winners of the preliminaries.

The Festival program here began at 10 Saturday morning with the parade of floats and bands. During the day 100 music events took place with three sections operating simultaneously to conclude the day's activities by 8:30 p. m. and to permit out-of-town residents to attend. The all-Festival chorus and all-Festival band concerts included the county approximately 1,000 Floyd county music pupils took part in the two-day program during which, critics said, performances of superior quality were given. Here, seven bands took part in the grade school auditorium. Six bands marched in the parade, including the Big Sandy high school marching band, which was led by principal, was parade marshal.

Countywide cooperation was evidenced by music teachers and music department sponsors. The Boy Scouts assisted in the placing of seats and in other activities to expedite the program, individuals supplied trucks for floats, garages helped with the preparation of the truck-floats and two stores here provided exhibits.

Jesse Elliott, county band director, with these music teachers and sponsors, led preparations for the two-day program. Kathleen Hayes, Garrett-Wayland teacher; Mrs. Thomas Patrick, Maytown teacher; Margaret May, Martin teacher; Mrs. Olive Rose Hall, McDowell teacher; Mrs. Irene B. Frazier, Wheelwright sponsor; Carl Woods, Auster sponsor; Mrs. Oval B. Hall, Prestonsburg sponsor; and Mrs. Carlos E. Haywood, Betsy Layne teacher.

Miss Ida Weidman, Virgie band band director, was absent at the festival, and Norman Lewis, Bowling Green, was guest conductor. Critic judges were John Lewis, Pikeville band director; Walter Nance, former band director at Pikeville, William Combs, Bowling Green, M. D. Hoffman, Elkhorn City band director, and Nick Koenigslein, Paintsville band director.

Highly elated as they were over success of the festival, band directors and teachers planned an even greater improvement during a dinner meeting, Saturday evening, at the Brown hotel here. Later, these and several other plans for a meeting following last Saturday's night session of the regional music festival at Pikeville, to effect the organization of the Big Sandy area music teachers and band directors.

Might Picket Them

MONDAY morning, Circuit Judge Edward P. Hill left the grand jury of the Floyd circuit court that he had been handed a list numbering between 20 and 30 Floyd county residents who have procured federal licenses to sell whiskey.

Those who heard this announcement doubtless arrived at two conclusions:

These who have gone to the expense and trouble to get federal licenses either are now selling whiskey in dry Floyd county or are "about fixing" to; and they regard the federal government with enough fear and respect to take steps which remain within federal law but at the same time wangle an figurative thumb at state and county law.

Names of these being known, it would appear that if law enforcement officials still can find no means of pinning onto them their guilt, they might take a page out of the book of organized labor and throw a picket line in front of these 20 to 30 places of business.

Ridiculous, that suggestion! The whole situation borders on the ridiculous.

What We Drink

COMES to mind the recollection of a farmhouse where, years ago, there were a number of "work-hands", rough, tough youngsters who could enter a lot.

They could put the shoulder, all day long, to a cant-hook, and come in at night in a frolicsome mood. They would drift sawlogs with the snow flying, come in with their clothing frozen, pile up before a log fire, thaw themselves out and let their garments dry on them. And there would never be sniffed the next day out of one of that hardy bunch.

But when a dead dog was found in the well, one morning, these fellows acted like sissies. Their naseaux was audible for yards.

We say they acted like sissies, because we are comparing them with us folks of today: with men, women and children who drink water from the Big Sandy river and other streams of the section. Why, that water is little better than doctored sewage in a water mixed with the stinking spew of a hundred sewers and the putrefaction of countless dogs, hogs, cats and other animals. And we are not nauseated, are we?

Let one of our modern water "purification" systems—Prestonsburg's, fail for one hour without that failure being detected. Can you imagine the epidemic that would be certain to result?

We who are dependent upon polluted sources of water live, every minute, in much the same position as that of a community nestled in a valley below a mighty dam which could break at any moment, without warning.

And we will continue so to live, or to die, until a public consciousness is so aroused to the facts that the people and those who as officials serve the people put a stop to this criminal business of water pollution.

The Festival Points the Way

LAST Saturday's Music Festival here should have proved to the faint-hearted that Floyd county can successfully stage, if it wants to do so, a Sesqui-centennial celebration this year.

The originality of the nine floats representing the county's schools, the color and smooth operation of the Festival as a whole, is proof positive that in the schools themselves, and among their patrons, are sufficient industry, initiative and talent to make this proposed Sesqui-centennial, the observance of the county's 150th birthday, highly worthwhile.

If those who worked so hard and so effectively for the Festival could be joined by others whose abilities not

yet have been dedicated to such a county-wide effort, the result would be one of those finer things we dream of for Floyd county but which we do so little toward realizing.

Well, at least we have the Festival. It is encouraging to know Floyd county's girls and boys will be back next year with their pageant of beauty and symphony of sound.

But it isn't so comforting to know that we have only a few short months left for the Sesqui-centennial, and that it isn't a thing which will come again ever.

U.S. Court Orders Navy To Explain Discharge

The Navy has been ordered to explain in Brooklyn Federal Court tomorrow (Friday) why it discharged Joseph William Cash and then ordered him back into service. The Navy claims it was all a mistake as another man of the same name was supposed to have been discharged. Cash doesn't want to go back. The Judge ordered a court explanation.

Mrs. Lillian Kloterman, worthy grand matron of the grand chapter of Kentucky, Order of Eastern Star, inspected the Wayland Star Chapter, No. 426, and Adah Chapter, No. 24, Prestonsburg, here last Wednesday.

A banquet was served to 69 guests at 8 p.m., at the Brown hotel, and at 8 p.m., at the Masonic hall, the chapters were opened for formal inspection with Adah Chapter in the Grand Lodge of Free and Accepted Masons of Kentucky.

In memory of her mother, Mrs. Josie D. Hawkins who was a charter member of Adah Chapter, Mrs. Josephine Browning presented the chapter with two hundred and twenty-four life memberships in the International Temple at Washington, D. C. This makes Adah Chapter a 100 per cent membership in that organization with a total of two hundred and twenty-eight at the beginning of the present year.

Worthy Grand Matron Mrs. Kloterman, gave a very instructive address. She was presented with an honorary membership in Adah Chapter and \$5 for her cancer fund drive in giving the opening ceremonies. Chapters presented gifts to the distinguished visitors.

A collection of \$12.25 was taken to be divided equally between the two chapters of the Eastern Star Home fund.

Search Warrant for Man May Be Sworn By Spouse

The theory held by some Floyd countyans that a woman may not legally swear out a search warrant for her husband was exploded by Assistant Attorney General Squire N. Williams, Jr., last week. In a letter addressed to a client of H. R. Burke, Prestonsburg attorney, Williams said he had no knowledge of any Kentucky statute which forbids a woman taking legal action against her spouse.

Band Mothers Sponsoring Concert Here Next Week To Raise Needed Funds

Prestonsburg's "Band Mothers," hard-pressed to meet through their own efforts the financial responsibility of paying for music, instruments and uniforms for the high school band here, will attempt to raise money to pay their present debt of around \$600 by sponsoring the band in a concert Friday evening, next week, at 7:30, it was announced Tuesday.

There is currently a need for uniforms as new members are added and as uniforms are outgrown by the boys and girls, a spokesman of the group pointed out, but the present drive is for funds to pay for things already bought for the band.

The senior band has approximately 50 members, with almost as many in the junior band.

However that may be, and my personal feelings in the matter notwithstanding, the record as far back as the ancients indicate that any kind of moving vehicle in the hands of a man, except a baby carriage, is a dangerous headed right up your particular alley, bent on dumping assorted parts of you, along with parts of her car, in the niche between your hot water heater and the wall of your basement.

A little better than 200 years before Christ, the Romans got busy with their shears and spread of the statute books a piece of legislation making it a plea for a woman to drive a chariot. This started trouble, of course, with the women demanding their rights and, after storming the Capitol and urging up various and sundry Senators, getting them Marcus Cato helped the gals out with a republican jerker of a speech about the nobility of womanhood, the gem of her race, and all that.

Meanwhile, over in Athens, an old manie yodeler Iycurus lobbied around till he got a law passed claiming down on woman drivers. And who do you think was the first to break that law? Mrs. Iycurus, naturally.

And so the story goes, however, we regret to report that we men have introduced most of the innovations to motor mayhem. A case in point is found in the fact that this one-man driving business has almost exclusively been practised by our Barney Oldfields, who, even if we swing wide on a curve and wind up like another driver in the face, mumble in our whiskers, "Another fool woman driver!"

The nebula of the constellation Andromeda is the most distant object in the sky which can be seen without a telescope.

UK DISPLAYS GRID POWER

At Paintsville Saturday; This May Be "The" Year Long Awaited By Fans

Fighting for blood and the bread and butter of their team positions, the University of Kentucky Wildcat football players gave fans of this section a close first-hand insight to college football at Paintsville Saturday night as the White blasted the Blue team, 26-6, in an intra-squad exhibition.

The close insight, provided by the proximity of spectators to players on the small high school field, was also a preview of Wildcat prospects for the 1949 season.

Newcomer quarterback Vito Parrilli lived up to advance notices as a triple-threat with his spectacular passing and accounting for other gains as he set up two White TD's in a very businesslike manner. His first pass, which he threw Saturday night, speaks for itself on his record last year as a freshman.

The longest run was the 39-yard scamper by Wilbur Lee Truman, a Paducah product, who sparked the third-quarter surge by the Whites.

Other White team scoring was made by fullback Lee Truman, the President's cousin, who plunged over from the 10 yard line in the first quarter. Bill Butler with a five-yard jaunt in the third period and Clayton Webb on a six-yard buck in the final period. Webb scored after carrying the ball to the six on a 28-yard run.

Bob Goin, who operated on the line in earthquake fashion, convinced the fans that he was one of Kentucky's biggest gains in many days as he shook the ground in shaking the opposition.

Dopey Phelps, who was set down consistently last year when he was benched, showed definite signs of recovery by providing some good second quarter action with runs of 12 and 15 yards. Lawson, who got the lone Blue touchdown, Ulinski, Genio, Clark, Martin and numerous others promised sanctions with their action last year. Earl Bryant has a good reason to anticipate a very successful year.

Action was rugged enough to convince fans that college football playing is not all play as three men were knocked out and another, Brooks, was hauled off the field in an ambulance. Although later examination revealed no serious injury.

Primed for what may be "their" year, fans awaited by UK football fans, the athletic department has announced a 1949 card of 11 games. They are:

Sept. 17—Mississippi Southern, at Lexington; Sept. 24—E.S.U., at Baton Rouge, La.; Oct. 1—Mississippi U. at Oxford, Miss.; Oct. 8—Georgia, at Lexington; Oct. 15—Clemson, at Lexington; Oct. 22—Southern Methodist University, at Dallas, Texas; Oct. 29—Cincinnati, at Lexington; Nov. 5—Xaver, at Cincinnati; Oct. Nov. 12—Florida, at Tampa, Fla.; Nov. 19—Tennessee, at Lexington; Nov. 25—Miami, at Miami, Fla.

Average Fisherman Pays 91.88 Cents per Fish

A creel census of 4,782 fishermen from all sections of Kentucky by conservation officers, released this week by the Division of Game and Fish, at Frankfort, shows that the Commonwealth's Isaac Williams made an average of 14 plus fishing trips during the year at an average cost per trip for each rod-and-reel addict of \$2.49, or a total year's expenditure of \$35.49 per man.

This, however, does not include the "between the trip" money spent on new equipment and other incidentals of preparation.

The census also revealed that each fish cost the angler 91.88 cents each. Each fishing trip was a little more than five hours long and the average take netted 2.71 fish per trip which, at the estimated \$2.49 per trip, reflects in the statistical summation of each fish.

Fishermen in Livingston county had the highest take in the state with each trip being almost four hours and the take per trip coming to 12 and one-half fish.

We've got year round PEACH TREES on our farm...

It amounts to the same thing, anyway. We have fresh peaches whenever we want 'em, winter and summer. And the same goes for most other fruits and vegetables we raise, too.

Yes, we pick 'em at flavor peak and freeze 'em electrically. No more of this feeding up on what's "in season" 'til it comes out of your ears. Not for this farm family! We get a balanced bill of fare the whole year 'round. And believe me, freezing's the quick, easy way to put things up.

Sure, meats, too! I've even got some rabbits stored away! I shot last season. Figure on having one tonight...

Electric home freezers add plenty of good living on the farm and save money, too. Better investigate. See your Electrical Dealer today.

IN MEMORIAM

A sacred and sincere tribute of love to the memory of my dear mother, Martha Manuel, Mantion, Ky., who entered into eternal rest, two years ago today, April 5, 1947.

Today recalls the memory of the loved one laid to rest. And those who think of her today. Are the ones who loved her best.

Oftimes my thoughts go wandering To the grave, not far away, Where lies the sweetest memory That will never fade away.

The blow was heavy, the shock severe. We little thought that death was near. But only those who have lost can tell. The pain of parting without farewell.

Oft to my heart comes a bitter cry, Why, oh why, did my mother die? Then comes the answer, so soft and sweet, She is not dead, only asleep.

Although your soul is now at rest, And free from care and pain, This world would seem like heaven if I had you back again.

Your loving daughter and husband, MRS. CORDEA CHILDRESS JAMES MANUEL

Give it Room-

it's ROADMASTER!

WHEN this sight greets you in your rear-view mirror—master, better give over!

Overtaking you is just about the ablest performer on the road today—and wise drivers long ago learned the only thing to do with ROADMASTER is give it road room and a salute as it passes.

Reason is—ROADMASTER is something excitingly new in fine cars.

Big, yes—stretches a gorgeous eighteen feet, with all that such size means in comfort and inside stretch-out space.

But part and parcel of every one of its 4,400-odd pounds is the fastest footwork on the highway. Action is the key of every part, from its 150-hp fireball power plant to the swift, silken, unbroken surge you get from Dynaflow Drive.

As a matter of fact, action's even invited by the price tag. By the pound, by the inch, by any yardstick you want to lay against it, it's the buy of the fine-car field.

For proof, just gather a few delivered prices on other cars and bring them around. We'll show you so much more for your dollar you'll waste no time getting an order in.

LETTERS TO THE EDITOR

WE WEREN'T WRONG ABOUT THE RIGHT!

Dear Editor:

I have been deeply interested for years in The Floyd County Times, and have tried to help bring Floyd county to the light of good things and leave off so many bad things that hurt us all.

I always read your column, but the most impressed I have been was your article to the churches in the March 31 issue I feel that is an answer to one of my many prayers.

We must lay down anger and strife and vain glory and get down to what Christ taught His apostles, if our nation remains a free nation.

Thanking you very much for your thought in the wet and dry election, I hope God still continues to bless you and your paper.

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

U.K. Professor Says Teacher Shortage To Remain Acute

Kentucky's teacher shortage is likely to remain acute for many years in the opinion of Dr. Charles R. Spain, head of the University of Kentucky's Bureau of School Service.

Dr. Spain, in a recent report released by the bureau, writes that "only a sharp improvement in the real income of teachers, better working conditions and the acceptance of teachers to lead normal lives will induce enough young people into the teaching profession to adequately staff the state's schools."

In the very near future, the U.K. educator says, Kentucky will need 24,000 teachers—5,000 more than the present number—to take care of the steadily increasing enrollments. A difficult achievement, he writes, when it is considered that the state currently is training only enough teachers to replace the average annual turnover which ranges from 1,100 to 1,500. Only two-thirds as many young people are preparing to teach now as in 1941, Dr. Spain added.

Most decisive step in remedying the present shortage, he pointed out, would be a boost in the salary scale. Average annual salary of Kentucky teachers in 1947 was \$1,647.85, whereas the national average was \$2,250. Worse still, the state is ex-

pected to drop further below the national average this year.

Acceptance of the right of teachers to lead normal lives also would induce more young people to enter the profession, Dr. Spain declared. So far (as yet) but teachers from leading normal social lives will continue to have a shortage of teachers during economic depressions when people must accept any kind of employment available," he explained.

The University of Kentucky professor also blamed undesirable living conditions in many Kentucky communities as another factor in the present teacher shortage. Well-trained teachers have experienced the conveniences of modern living, he said, and few of them are willing to accept positions where these conveniences are not available.

TO THE VOTERS OF FLOYD COUNTY:

I am proud to be an American, I am proud of my country, my state, and my county. I am glad to live in our Great Democracy where a young man can grow up and with the help of God and his fellow man receive an education and a chance in life no matter how meager his materials and means might be. I am a firm believer in government for the people and for government for some political or group of politicians.

If you nominate and elect me your County Court Clerk, I will be there to faithfully, honestly and diligently serve you and the good people of Floyd County. No job in that important office will be too small or too great for me to overlook my duties and obligations to you and our fellow citizens.

The office of County Court Clerk is yours. You must select a candidate. Place me in charge for the next four years and I will guard for you. During that time I will give to you and your office all that is in me.

Every voter in Floyd County has his or her interests, rights, and privileges recorded, filed, or registered in our County Court Clerk's office. Give me the opportunity to serve as your clerk and I will make it a pleasure for you to come into a veteran's work in War II, of Wheelwright, Ky., as a candidate for CONSTABLE, District No. 3, subject to the action of the Democratic party at the August, 1949 primary. 2-10-49.

TO THE PUBLIC

Four years ago, I came before you, the people of Floyd County, as a war veteran who had just returned after having been shot down in German territory and ending capture by a four month gas of hide-and-seek with the German Gestapo.

I promised you that if you elected me as your County Court Clerk, I would do my best to make you a good official. You gave me that chance and I have served you to the best of my ability. I was handicapped during the first two years of my service by a shortage of competent help and by the constant flow of veteran's discharges and copies of public records for the Veterans Administration and the Red Cross.

I have safeguarded your records, given advice to those offering interesting services, and carried out the duties of County Clerk strictly according to law. I have not, nor will I ever, knowingly violate the law for any person.

The records I have kept are open for inspection at all times to any person and I will be glad to show them to any person who may wish to inspect them.

I am now asking that you re-elect me County Clerk—not because I am a veteran, but because I have kept the records in the County Clerk's office as they should be kept.

Your Friend, DURAN MOORE (Pol. adv.) JARVIS ALLEN

TO THE PEOPLE OF FLOYD COUNTY:

Upon the solicitation of many friends and good citizens, I have at last decided to seek county office, and this is to announce my candidacy for the Democratic nomination for county judge.

I have served as Magistrate in District No. 3 for the last 10 years and during this time have tried to remember always that my duty is, first of all, to the people, rich and poor alike.

My record has been such that I have no regrets; I have worked to be of service without thought of enriching myself at the expense of others. And if elected County Judge, the same motives will behind my every act in office. I pledge my efforts, in particular, to better rural roads.

Your help in the coming campaign will be deeply appreciated. HENRY STUMBO McDowell, Ky. (Pol. adv.)

To the Democratic Voters of Floyd County:

I hereby announce my candidacy for County Court Clerk. I am a minister of the OLD REGULAR BAPTIST CHURCH, and have been a coal miner for 20 years. Follow me, because I will serve the people all of the time, regardless of their standing in life. I will be faithful and true to all the people.

Yours to win, BERT NEWSOM Grethel, Ky. 3-31-121-pd.

To Floyd County Voters:

I believe that the time has come in Floyd County for the voters to select and elect a working man for our Jailer. After all, it is the working man that pays all the bills. The only time the politicians are for the working man is on election day.

I am a crippled man, having lost a leg several years ago. I am a member of Local Union No. 7793, Drift, Ky. I am a resident of Arkansas Creek and am known all over Floyd County as "One-Legged" Jester-Swapping" Johnny Conn.

I am a Christian man and trying to lead a good life and all the citizens know that they will be treated fairly if I am nominated and elected.

I call upon the good Christian people and the working people to give an old working man a chance by nominating and electing me Jailer of Floyd County. I am 50 years old and have been a Democrat all my life. I will try and see all the voters that I possibly can between now and the primary election, but being a crippled man, I may not get to see all and I take this method of asking for your support and influence.

Subject to the action of the Democratic primary. JOHNNY CONN. Arkansas Creek, Martin, Ky.
