'Peter-to-Paul' Fraud Results in Two Jailed
The urgent business of borrowing money to repay a merchant money he had obtained through a forged check got Shelly Branham of Cow Creek, into trouble deeper than ever last week.
He wound up in jail here after he and his aunt, Susan Burchett, allegedly appeared at the Floyd Finance Company office here, posed as husband and wife, and negotiated a loan of \$80 on their statement they owned furniture and livestock. The finance company became suspicious, started an investigation. Mrs. Burchett spent a few hours in jail. Branham was indicted by the grand jury before he executed bond.
Part of the \$80 loan was used, it was said, to pay Bert N. Porter, Emma merchant, a portion of the \$80 Branham allegedly got from him on a check to which the name of J. R. Hall had been forged.

He looks in a volcano and sees... **JOBS**

OUT at the power plant where your electricity comes from, a fireman peers through his protective shield into a furnace peep hole at a roaring volcano of flame.
He sees, in this way, if coal and air are combining in the most efficient way.
But he sees a great deal more. He sees this swirling inferno as a crucible where jobs and opportunity and well-being for thousands of people are being born.
He sees work for the miners who mine the coal—for a power plant furnace like this burns as much coal every hour as eight or a dozen men can mine by modern methods in an entire day.
He sees work for the people who haul the coal to the plants of the American Gas and Electric System, which includes Kentucky and West Virginia and six other interconnected light and power companies. Throughout the System, in 1948 alone, 6,805,772 tons of coal were mined and transported and burned to put electricity at the fingertips of more than a million users.
How many clerks and bookkeepers and stenographers this activity keeps busy throughout industry we would not even venture to guess. Nor would it be easy to say how many hundreds of jobs have been directly created by the \$305,000,000 construction program in which American Gas and Electric System companies are now engaged.
But no one needs a special viewing glass, or special technical talent, to see that your Electric Company makes a lot of jobs. Kentucky and West Virginia employ 541 people itself. Its activities create employment for many more.
And whether you're a doctor or a mechanic or a business man, you'll find that in one way or another, electricity makes your job easier, more profitable, or more secure.

Shown above are Mr. and Mrs. W. M. Greenwade who observed their Golden Wedding anniversary Sunday, April 24, at their home at CHH, near here.

Friends and relatives called during the day to extend congratulations to the bride and groom of 50 years ago. Mr. and Mrs. Greenwade received many mementoes of the occasion, and during the day entertained members of their family and all guests.

During the afternoon more than 100 friends and relatives called to greet the couple who have spent most of their wedded life in Floyd county. Relatives and friends from near and far were present. The bride and groom was placed at one end of the table, with a crystal punch bowl in front of them. The punch was served by Mrs. Florence Lemaster, the arrangement on the other end. Assisting in the dining room were Mesdames Woodrow Greenwade, Winifred Blackburn, Thurman Hughes, Lena Spradlin, J.D. Tigner, Dorothy Herson, John Wheeler, Tommy Lemaster, Alex M. Spradlin, Miss Pauline Hagedorn, Mrs. Greenwade wore a black sheer street length dress with rhinestone trimming. Her shoulder corsage was a purple orchid. Mrs. Scott Smith, sister of Mrs. Greenwade, and Mr. Smith, of Onak, Washington, were here for the celebration. One of the outstanding gifts presented to Mrs. Greenwade was a hand-knitted afghan with the dates, 1899-1949 knitted into it which was made by Mrs. Smith.

The house throughout was attractive with yellow roses sent by friends with their congratulations. The dining room was decorated with yellow roses. A crystal bowl holding yellow roses was the center arrangement on a cream hand-crocheted cloth. Crystal candle-holders held tall, yellow candles. A six-tiered de-

Thwarted; Perry County
Girl Nabbed, Two Sought**

A bold attempt to remove a washing machine from a Slosser Branch man's porch during the night Wednesday resulted in Elma Esje, Perry county girl, being jailed here this morning and the arrest in Letcher county of her two male companions.

James Noble was awakened by a sound barely in time to see two men carrying away his washer. He seized his shotgun, fired one shot into the ground. The two took to their heels, leaving the girl behind. She, too, fled, but was found this morning by Deputy Sheriff Ellis V. Martin, hiding in a hay-rig. A telephone call resulted in the others being captured, and Floyd county officers are expected to return the men here today.

NOMINATE

JOHN ALLEN

FOR

COUNTY ATTORNEY

DEMOCRATIC PRIMARY, AUG. 6

ALEX L. DAVIDSON
FOR COUNTY JUDGE

I promised the people of Floyd county, four years ago, that if they would elect me County Judge I would do the very best job I could, and that promise I have made every effort to keep.

I make you the same promise again, and I feel that with the experience of these four years behind me I will be better qualified to handle the office than before.

Now, I do not mean to say I have been perfect in every respect as County Judge. I have made mistakes, many mistakes, and I am the first to admit that I have. But I have tried my very best AND WHATEVER MISTAKES I HAVE MADE WERE HONEST MISTAKES. No man is perfect; no man can be all things to all men, and the voters of this county know this as well as I do.

I also admit many things have been done by Floyd county that have not been done, but I think the people should have the facts about this matter, so they will understand exactly why we have fallen short in some respects. Several years ago, an indebtedness of nearly a million dollars was piled up against this county. Because of that, there must be paid, each year, interest and principal on that indebtedness. After taking care of the bonds as they come due, with interest, there is comparatively little left with which to do the many things that should be done.

Each year I have been in office, we have met our debt obligations as they came due, and I assure you, every year I am your County Judge these debts will be paid until this county is debt-free.

Right now, Floyd county has over \$200,000 in the bank, placed there in a sinking fund against this county debt. With sound business handling of the county's financial affairs, this debt will be paid within another four years. Many of the bonds against the county, now drawing heavy interest, could be retired at this time but, unfortunately for us, they are not callable.

All this I point out to show why the individual needs of communities in the county—roads, bridges and other improvements—cannot be available immediately, no matter how much you or I may want them.

Permit me to add: I intend to run a clean race during this campaign. I have no ill word to speak of any opposition I may have. I want the people simply to know the facts and to consider me as their servant strictly on my merits. I promise you courteous and faithful service and an honest administration. Did I seek your support on any other grounds, I would not merit your votes.

Your friend,
ALEX L. DAVIDSON

WANTED—ONE TYPEWRITER KEY

This office typewriter as lost a letter and it's playing ob wit tings in several creases. Anybody got a typewriter key to rent or sell? You could be able to figure out to one we need. We're aving a ell of a time without one.

WHY DO GALS ACT SO OR SO?

Anthropologists of the Smithsonian Institution and I reckon women are just about the most understandable critters there be. The Smithsonian boys admitted last week they couldn't figure the girls out. I waited till this. They can't understand the fair sex, anatomically. I can't understand 'em period.

Those boys at Washington think out there's no reason whatever for women to wear high heels, and they blame this all on culture, pointing out that time was, when we were not so steeped in lore, that it was the men-folk who affected high heels, with butrons and bows. Now, say the wise guys, if the ladies shift from high to low heels, they're likely to low tendons, right and left.

Further setting forth their mystification, the Washington boys express complete wonderment about why a woman, set up as she is, throws a baseball as she does. (They apparently prefer not to discuss her way of flinging a rolling pin.) They say this underhand toss the girls affect is such that her arm might graze her hip, it being as it is.

Most men folk we would point out, are not concerned whether a woman hips herself throwing things, or not; they're mainly interested in what happens to the object manfully thrown, out front there as the little woman's target.

To cut this stuff short and still get in a question that has troubled me over the years, I would like for Smithsonian or Allan Trout or somebody to answer this:

Why does a woman, threading a needle, move the needle toward the thread instead of pushing the thread toward the needle like we men do or would it we were attempting the job?

LOST—black walking cane, curved handle, with some metal decorations. Reward, as I need it. A. C. HARLOWE, Prestonsburg.

Dry Land Geese

They are the fellows who, without analytical thought, not realizing that it would mean better times for all of us, oppose the canalization of the Big Sandy River.

Even Geese are subject to the law of self-preservation. (Haven't you seen an old watchman Gander spread the alarm when a fox approached the flock?) Geese are not the proverbial so-called dumb clucks under circumstances of collective danger.

At one time this parade of "Geese" was much longer. But many of them, stopping to think analytically, and seriously, have broken the line to come over to the canalization of the Big Sandy River.

To My Friends and Relatives in Floyd County:

When I recently announced my candidacy for the Democratic nomination for County Court Clerk, I felt that my physical condition would be such that I would be able to provide the campaign and, if elected, to render you all good service. It was not all personal ambition which prompted me to make that announcement; I have always been, and always shall be, interested in Floyd county.

Since the time to which I refer, however, my health has become such that I now realize I cannot do justice to myself, my relatives and my friends in the coming election campaign. For several weeks now I have been at the home of my sister, here in Cove, Ohio, trying to regain my strength, and during this time I have reluctantly come to the decision I now publicly announce.

As I withdraw from the race for County Court Clerk, I am mindful of you all—of all of you who have been kind to me over the years and of the many I have tried to help and benefit. At the same time, I wish to stress the fact that I have no ill feeling against any of those who also are candidates for the same office I would be seeking, were I able to make the race.

This friendship for all these gentlemen, however, does not prevent me from speaking my mind, as I have always been inclined to do, as to the fitness of men for office. And so, with due regard to all others concerned, I wish to point out one candidate in whom I have the fullest confidence.

In Floyd county there are hundreds of persons who know this man, **ROMEYN C. DYER**, and if there is one frank and above-board in every respect, I will promptly state that he is unworthy of your confidence and mine. But I know there is no such word to be spoken of him, and so I voluntarily ask my relatives and friends to get behind him and elect him to this office.

God knows, Floyd county needs men who not only are honest but who also have the courage to make their honest convictions known. You older fellows know the importance of such men in the courthouse. You youngsters should begin thinking about it.

ROMEYN C. DYER IS ENERGETIC, FRIENDLY, ALWAYS ACCOMMODATING, AND READY TO HELP OTHERS EVEN TO HIS OWN DISADVANTAGE. HE WILL MAKE YOU THE BEST CLERK YOU EVER HAD. ELECT HIM AND SEE!

His uncle, the late "Fat" Dan Prater, and all his folks have always been for me, and now I appeal to my people to get behind him and put him over.

I do not mean by this letter to infer that I never expect to return to Floyd county. I do hope to be with you all again, and that is another reason why I take this interest in what you do at the coming election.

Sincerely,
HENRY STEPHENS, JR.

Loyalty to Team, Win or Lose, Emphasized by Johnson Here

Loyalty to your school's athletic team, he said, is not just a matter of wearing a certain color when your team is losing, but it is a matter of being loyal when you win. Johnson stressed the importance of being loyal to your school's athletic team, and he said that this is a lesson that should be learned in school. He said that the school should be proud of its athletes, and that the athletes should be proud of their school. THREE FLOYD PARKS SETTING SCHEDULE OF 6 TEAMS ELKHORN CITY RATED STRONG AFTER THIRD EXHIBITION VICTORY

Three Floyd county baseball parks are setting a schedule of six teams for the 1949 season opening play of the six-team Elkhorn Baseball League, according to the schedule released this week by league officials.

Wayland plays host to Pikeville, Drift, entering Wheelwright and Weeksbury is making preparations to receive visiting Elkhorn City.

Schedule commitments call for each team to play 20 games at home and 20 games away for a total of 40 games during the season.

For the benefit of home-town fans, the home games of each are listed below. Games away from home may be determined by checking the other teams' home game schedules. In parenthesis indicates a night game and S in parenthesis indicates a game on Sunday. All night games.

Old Man Weather "Fouled-Up" Floyd Sports Over Week-End

Old Man Weather literally chewed up and spit out official schedules with little regard, so it seems, as his usual unpredictable antics provided the unusual in "fouling up" dates and sites of sporting events in Floyd county over the past few days preceding.

The Martin and Clear Creek independent baseball teams of the Big Sandy League, scheduled to play at Martin Sunday, found themselves abandoned as well as the event. The teams motored down to Allen where they found the teams of Allen and Henry Clay engaged in a game transferred from the Pike county ball park where it was officially played.

Weeksbury delayed the Allen-Henry Clay tilt for over an hour, according to Allen Manager Ben Westfall who blamed a seven-hour snowing on Saturday for the deep fog.

The Martin and Clear Creek teams, after more inquiries, speculation and mileage wound up as the unscheduled last half of an 11-inning doubleheader at McDowell. This was an advantage, one of the Martin players explained, since the field had been splashed somewhat by the Price and Weeksbury teams who had played in the first game.

McDowell Student Wins Title In District Shooting Matches; Prestonsburg Teams Second

The high school district rifle matches at Happy near Hazard last Saturday resulted in one first place honor and two second places for Floyd county marksmen.

Nick Cooley, McDowell high school student, won the individual marksmanship title with 127 targets out of a possible 130 in shooting from three positions. He hit 40 proue, 44 kneeling and 43 standing. Dana Combs, Hazard high schooler, placed a second to Cooley with a score of 122.

The district champion marksmen, along with his honors as the best in Floyd and the district composed of nine other counties, has earned the right to compete in the state finals to be held in Frankfort June 23.

Hazard topped the two-man and four-man shooting events beating Prestonsburg by the slim margin of only four points in the duo affair and eight points in the latter match.

PRESTONSBURG DISTRICT SITE OF TOURNEY

High School Baseball Nines to Play, May 10-11, For Chance at Crown

Prestonsburg was named by Ted Sanford, commissioner of the Kentucky High School Athletic Association, as one of the 32 designated sites for the 1949 district baseball tournaments slated for May 10-11.

Schools certified by Sanford to compete here were Austin, Martin, Prestonsburg, Louisa, Paintsville and Salyersville, Chalmers Frazier, superintendent of Prestonsburg schools, announced.

Frazier said that Wheelwright, Wayland and Garrett were assigned to the Elkhorn City district meet. All of the schools certified do not have baseball teams, he said. Meade Memorial, which has a strong baseball team representing the school this year, is in the district but was not named by Sanford, Frazier stated.

Sanford, at the same time, fixed the sites and set the dates for the regional meets to be played May 26-27. The regional winners will participate in the state tourney at Louisville June 2-3.

District tournaments will be held at Paduch, Madisonville, Bowling Green, Louisville, Newport, Lexington, Hazard, Grayson, Hopkinsville, Morganfield, Owensboro, Central City, Tompkinsville, Brownsville, Foot Knaw, Mt. Washington, St. Charles, Briarager, Covington, Port Thomas, Mayaville, Shelbyville, Versailles, Lexington, Irvine, Corbin, Tazewell, Elkhorn City, Jackson, Prestonsburg, Ashland and Morehead.

Regional tournaments will be held at Madisonville, Bowling Green, Newport, Lexington, Hazard and Grayson. Survivors in Louisville and Paduch district play also will advance to the eight-team state tourney.

GYM CLASSES IN EXHIBITION

**50 Pupils In 12 Events
To Show Phys-Ed Skill
At Martin School, May 11**

Approximately 50 physical education students will stage a 12-event demonstration featuring an exhibition boxing match, performances on the trapezium and various acrobatics and drills at the Martin high school gym beginning at 8 p.m., May 11.

Donald "Boss" Halbert, Martin coach, who will be in charge, announced this week the almost two-hour show is for the purpose of showing the parents and public in general that something else besides just basketball takes place in the school gym. "No admission will be charged," he said.

Competitive games will be staged by the boys and girls divided into two platoons. Pete Grigsby, Jr., captain of the boys and Germaine Rook is captain of the girls. Both are freshmen.

The athletic program at the school, in its second year, under Halbert, is described as "The American movement" developed from the German and Swedish movements and adapted from the army's basic techniques. It includes competitive games and training in skill, coordination and endurance. Halbert described his physical education program as one designed to develop the body as well as the mind of the pupil which is in keeping with the Quaker policy of educators. The State Department of Education requires all schools to carry on a similar program.

The schedule, instituted at Martin by Halbert, is composed of two lecture periods and three workouts or participation classes in the gym each week.

Halbert, a lieutenant in the army during the recent war, was physical training and athletic director at Brooks General hospital and stationed at Fort Sam Houston, San Antonio, Texas.

**To My Many Friends
And to the Voters:**

I take this means of letting you know that I am making the race for County Clerk of Floyd county.

I have preached over this county for the last 10 years and on my record as a minister and a Christian I will make you one of the best County Clerks you have ever had. Friends, I have been told I could not win unless I bought whiskey and votes, but I think I'll give our men and women will not stoop so low as to be fooled by a bottle or a dollar or two. That man who puts a bottle to your lips is not your friend, and he is not worthy of your vote. This is a man which we voters ought to stop in this country, and we can stop it by refusing to vote for that kind of man.

Please go to the polls and vote for a man worthy of your support.

TO THE VOTERS OF FLOYD COUNTY:

I believe that the time has come in Floyd County for the voters to work and elect a working man for our Jailer. After all, it is the working man that pays all the bills. The only time politicians are for the working man is on election day. I am a crippled man, having lost a leg several years ago. I am a member of Local Union No. 770, Drift, Ky. I am a resident of Arkansas Creek and am known all over Floyd County as "One-Legged Horse-Swapper" Johnny Conn. I am a Christian man and trying to lead a good life and all the citizens know that they will be treated fairly if I am nominated and elected.

I call upon the good Christian people and the working people to give an old working man a chance by nominating and electing me Jailer of Floyd County. I am 50 years old and have been a Democrat all my life. I will try and see all the voters that I possibly can between now and the primary election, but being a crippled man, I may not get to see all and I take this method of asking for your support and influence.

Subject to the action of the Democratic primary. JOHNNY CONN Arkansas Creek, Martin, Ky.

TO THE PEOPLE OF FLOYD COUNTY:

Upon the solicitation of many friends and good citizens, I have at last decided to seek county office, and this is to announce my candidacy for the Democratic nomination for County Judge. I have been elected as Magistrate in District No. 3 for the last 10 years and during this time have tried to remember always that my duty is, first of all, to the people, rich and poor alike.

Your help in the coming campaign will be deeply appreciated. HENRY STUMBO McDowell, Ky.

After being over our district and talking to some of you people, I more fully realize the need for a "real-honest-to-godness" Justice of the Peace. I'm sure that you want a man who is interested in BETTER public roads for ALL the people, not just a CHOSEN FEW. This makes me more determined than ever to try and be your next Magistrate.

I'm notated and elected, I will repay you with the same faithful and unselfish service that I gave while serving with the U.S. 15th Air Force near Germany during this last war. My army duty was no cushion job and I am not looking for a soft seat at the taxpayers expense.

Your vote and influence deeply appreciated. Yours respectfully, for a servant of the people, HEVIN AKERS, Dana, Ky., for MAGISTRATE, Dist. No. 4 Republican primary, Aug. 1949. 4-21-47-pd.

This is to let you know that I am a candidate for the nomination for Justice of the Peace of Magisterial District No. 4, subject to the action of the Democratic party at the August primary. I have served you heretofore and always have been ready when you called. I have fought for your interests at all times and will never fail to have my district share in anything that comes along. You all know that I am ready to accommodate you any time you call, whether rich or poor. Why change when you have a man who will do the job?

The same fellow every day and one who can see you all the time whether there is an election or not. A man who is qualified for the office and who will do the job right. Your support and influence in this election for me will be appreciated. Most of you know that I am a fellow who will return the favor. (No ads.) DEWEY ROBERTS 5-4-47.

We are authorized to announce JOHNIE (Damon) CAUDILL of H. Hat, Ky., as a candidate for CONSTABLE, District No. 3 subject to the action of the Democratic party at the August, 1949 primary. 4-14-51-pd.

TO THE PEOPLE OF FLOYD COUNTY:

This is to announce my candidacy for the Democratic nomination for the office of Jailer. Four years ago, you were kind enough to help me in my race for this office, and I have never ceased to be grateful to you for that confidence. As Jailer I have conducted myself personally, the jail and all its duties as I think I should have. As far as my own physical condition would permit, I have worked hard to make you a good Jailer and to care for the courthouse property as best I could. When unable to do this, I have had sober, honest assistants to do the work for me.

In short, I have tried to conduct myself and the office so that the good people could, without shame or twinge of conscience, vote for me again. Had not inflated prices made it impossible for me to save any money out of the fees which are fixed by law, in a time of low prices or high, I perhaps would not have again asked you to help me. But the truth is, I have made no money out of the Jailer's job. Now, with the prospect of lower prices, it is possible I could, within the next four years, make for myself and family a "nest egg." Had I hoped to earn during my present term.

Certainly I have no ambition to remain in politics over a long period. As most of you know, I am unable to do anything but my own job as well as any and that is why I again am a candidate. Please consider my case. I trust you will not think I am asking too much. Your friend, EVERETTE COLLINS

Let's Have a New Deal In the Sheriff's Office!

Any time the common people make a change in officials from the old brand of politician to one of their own, one who is not a politician and who has no desire to become one, they make a change for the better.

It strikes me that the people of Floyd county, in particular, have everything to gain and nothing to lose by taking such action. They know the old story of politics and politicians; they know the "score" and they know it's seldom in their favor.

Appealing to the ordinary voter who asks only justice, and who has no axes of his own to grind, I wish to point out that at the age of 41 years I have never held public office, am not affiliated with or dependent upon the whims or the support of any political group or so-called clique, and I have no intention of ever associating myself with such "behind-the-scenes" groups. Such cliques have never done me, you or Floyd county any good.

My qualifications for the office of sheriff are not unlike those of many others—a reasonable amount of good, common sense, a desire to do a good job for Floyd county and its people and the natural ambition to earn for my wife, our three children and myself a living. I have worked in the gas fields and coal mines and have been a "lumber jack" in the state of Oregon. During the war I served with the U.S. Army Air Corps in Prestonsburg where I have developed an Aviation Service which has been devoted to the training of veterans here in Floyd county during the last three years.

These facts, I realize, are incidental. Your main interest should be in what I, or any other man, would do as your Sheriff in the future.

If the citizens of Floyd county honor me with the office of Sheriff, I promise to fulfill my obligations to them, and to perform my duty, to the fullest extent of my ability. I will endeavor to promote good will among our people. Certainly I will not pit one class against another, favoring some and leaving others to feel oppressed. All due respect and consideration will be given our aged and the infirm and the "Little Fellow." Somehow, I have always felt that the "Big Fellow" can pretty well take care of himself.

If elected your Sheriff, I will organize the deputies of the office into a small body of well-paid, well-trained, uniformed men of good character. And I promise you, I will wipe out the flagrant violations and the flaunting of the law any of us can plainly see if we do not turn our heads to look elsewhere.

My name will appear on the Democratic ballot at the August primary. Before that time, please think over these things I have attempted here to discuss with you. Talk it over—I believe you will agree that a New Deal is in order.

Sincerely,
CHARLES E. MEADOWS

The New '49 **PONTIAC**

Even Better than it Looks!

When you observe its fresh and fleet new beauty, it might seem unbelievable when we say that the 1949 Pontiac is even better than it looks. But after you've experienced its really exciting performance, we're sure you, too, will agree that in basic goodness, it surpasses its own good looks!

It's hard to believe a car so low-priced could combine the flashing sleekness of Pontiac's new styling... the gracious comfort of Pontiac's new

Vision-Aire interiors... and the almost incredible smoothness of Pontiac's exclusive "Friction" Ride. Add to these unique attributes, the "zig-zag" economy and perfect dependability of Pontiac's famous improved straight eight and six cylinder engines... and the joyless driving enjoyment of GM Hydramatic (optional at extra cost) and you've got something almost irresistible! There's no better time than now to see it and place your order.
