SURPRISE BIRTHDAY PARTY

Members of the family of Mrs. Greenville Spradlin surprised her on Sunday afternoon at her home on the Middle Creek road, taking her gifts and supplying the refreshments for a supper served at 6 o'clock. Those present were Mrs. and Mr. Lida Spradlin, Mr. and Mrs. Joe A. Spradlin, Mrs. John W. Hensley, Mrs. Jo M. Davidson, Mrs. Everett Sowards, Mrs. Osa P. Ligon, Mrs. Ridda Findlay, Joe Mayo Spradlin, Mrs. Osa Howard, Greenville Spradlin, Colonel May.

Did You Ever Hear a Suit Talk?

Our Made-to-Measure Clothes do not actually talk... but it's the many good things others say about them that is steadily increasing our sales.

See our new spring line now on display. A varied assortment of outstanding patterns in gabardine, choice worsteds, flannels, domestic and imported, and many other patterns which will give you that new fresh look of the season.

Fashion is early... March 25. Place your order now to assure prompt delivery.

SURCITIES:

In view of various limitations and demands of the government for military requirements, many mills are already actually cutting goods in restricted quantities. Customers who are seeking good tailored suits, in our opinion, will be well advised to buy NOW.

Kiwanis To Sponsor Radio Dramatization, Fighting Communism

Radio dramatizations of the lives of 14 outstanding American leaders began today (Thursday) on WSP, Paintsville and will continue each Thursday from 12:45 to 1 p.m. for 14 weeks.

The series is being sponsored locally by the Prestonsburg Kiwanis Club to emphasize the opportunities open to Americans under a democratic system of free enterprise.

Each program will feature well-known actors and actresses of screen and radio who will portray the lives of each of these business and professional executives. The first of the weekly series will start the life of Brig. Gen. David Sarnoff, an immigrant who began as an office boy and progressed to chairman of the board of Radio Corporation of America.

Kiwanis International has undertaken this "The Fun To Live In America" series to create a greater appreciation of the advantages of the American system over totalitarian regimes.

Amphibian tanks, then known as "alligator tanks," were used by U.S. Marines back in 1924.

Retired Miner, Victim of 98

A woman believed to have been Floyd county's oldest person died near here Sunday.

The victim was 98-year-old Mary Margaret Prater, widow of Solomon Prater, who died after an illness of two weeks at the home on Middle Creek, near West Prestonsburg, of her daughter, Jane Webb.

Mrs. Prater was a daughter of Billy and Jane Webb and was a native of what is now Allen. Her husband died in 1936. Surviving her are two sons, Dale Webb and Elmer Prater, both of Blue River, three daughters, Mrs. Anna Brown and Mrs. Cade Brown, both of Carey, O., and Jane Webb, West Prestonsburg, and two sisters, Mrs. Elizabeth Hill, of Martinsburg, and Mrs. Matilda Angeline Brannan, of Sion.

Puneral rites were conducted Monday from the Buckeye school, the Rev. G. E. Pannin and Mrs. C. E. Johnson, officiating. Burial was made under direction of the Arnold Funeral Home.

Harris Funeral Held Friday at W. P. Burg; Burial on Middle Cr.

Puneral rites for Frank Harris, 40 years old, who died Feb. 6 at Warsaw, Ind., were conducted Friday from the Assembly of God Church, West Prestonsburg, the Rev. G. E. Pannin, officiating.

Mr. Harris died of an embolism following a lung abscess. His body was brought here last Thursday from Warsaw.

He was well-known here, having spent most of his life in Prestonsburg and vicinity and had many relatives and friends in the county. Surviving are his widow, Mrs. Susie White, Harris, and six children, Mrs. Josephine Martin, Mrs. June Helrich, Fred, Paul Frank and Jack Harris all of Warsaw and Mrs. George Shepherd, of West Prestonsburg.

Burial was made in the Fitzpatrick cemetery on the Middle Creek road, the Arnold Funeral Home directing.

All County Schools To Close for Meet

All schools of the Floyd county will be closed Friday of next week for the countywide teachers' meeting to be held that day at Betsy Layne high school.

County Superintendent Palmer L. Hall said Wednesday. School buses will be placed in use to transport teachers to the meeting, which will begin at 9:30 a.m.

Theme of the program will be, "My Duty (As a Teacher) to the Child." Details of the program and a schedule of bus runs are now being worked out, to be announced later.

Retired Miner Victim at Week's End

Puneral rites for Tony Jackson, 68 years old, retired miner, were conducted last week from the home of Millard Craynor, Weeksbury, where he died, Feb. 5.

Mr. Jackson, a native of Serikoka, Poland, succumbed to a two-week illness of heart disease. He had no known relatives in this country. He was a member of the Catholic Church.

The funeral was conducted by the Rev. George W. Verbonne, and burial was made in Weeksbury cemetery under direction of the Greene Funeral Home.

Cats' Losing Streak Ends As They Defeat McDowell, 49 to 47

"Wah-Wah" Caudill was a coach-killer Tuesday night.
With the score tied, 47-47, at McDowell between the Prestonsburg Black Cats and the McDowell High school five, Caudill stole the ball clean as a whistle, drove in for lay-up with 50 seconds remaining—and missed, as clean as a whistle.
That was when his coach, "Scie" Martin, almost fell off the bench. McDowell took the ball back down the floor, and again Caudill swiped it. That time he drove in and made the leader to put Prestonsburg ahead—and almost put McDowell Coach Estill Hall on the ropes.
It was close, this game the Black Cats won to break their lengthy losing streak. The lead "changed hands" half a dozen times, and both teams started dead in the face often.

Although Caudill's play was a game-saver, the 20 points poured in by LaFerty and the 16 by Hunter racked up before leaving the game, early in the fourth quarter, with an ankle injury kept Prestonsburg in the game. Stumbo, Stephens and Newsome led the McDowell attack. The game left the two teams all tied up for the season. McDowell having won its game over Prestonsburg here.
Friday night, the Inez Indians are guests of the Cats.
Line-ups:
Prestonsburg: P. McDowell (47), Caudill (49), P. Stephens (11), Hunter (16), G. Stumbo (12), Hughes (4), G. Newsome (10).
Substitutions: Prestonsburg—G. Dixon; McDowell—P. Stumbo, Jones (6), K. Stumbo.

Born near Lewisburg, W. Va., one of eight children of a Methodist minister, the author studied library science at the University of Kentucky and after graduation in 1938 was a high school librarian for six years in Prestonsburg. She also supervised the school newspaper there.
It took a little over a year to write her book. It was finished in May and Langmans Green, to whom she first sent it, accepted "Isabel" in August. "That's some pretty quick," Mrs. Jeffries said, and she's understandably pleased.
After the editors smoothed out spots and rechecked it—Tid called it "Girl With a Book"—the major rewriting was an enlarging on characters in the library. She explained two more books, a short-story collection and a very short novel, "Julia," also are pending to Mrs. Jeffries' account at the publishers. The mini copy of "Isabel" which had just arrived seems like ancient history to her now. Her next book, written for young married couples, is tentatively titled "The Unframed." "In times like these only the unframed can be free," Mrs. Jeffries believes.

When Mrs. Jeffries isn't typing away at her Taylor Boulevard home, her husband very often is. Exposition Press published his book, "The Same Jesus," last fall, and her husband very often is. WCS CIRCLE MEETS
February meeting of Circle 1 of the Woman's Society of Christian Service was held Monday evening at the home of Mrs. Bill Fanning, with Miss Dorothy Dorton leading the program which consisted of a review of the Chapter One of the new study book, "We Seek Him Together." Mrs. D. T. Ferrell led the devotional service. Attending were Mesdames H. D. Fitzpatrick, Jr., Adrian Blackburn, James Carter, Frank Layne, D. T. Ferrell, Misses Charlotte Salinger, Marion Salinger, Dorothy Dorton and the hostesses.
Times want ads pay—TRY THEM TODAY!
Henry P. "Buck" Sealf is a native of Mare Creek, was born in 1902 near the present site of The Bedstead. He received a sound foundation educationally from the late Prof. W. M. Blynton at Louisa, attended Putnam, O. J. Business College and the Prestonsburg and Betsy Layne high schools. He was a teacher in Floyd and Pike counties 12 years and during World War II was employed at Panama City, Fla., by the Maritime Commission. He has been a member of the American Legion, Post 1234, since 1945. He has been exercising his penmanship for the written word by doing a column for The Liberator, shipyard publication in Panama City, Florida.
Buck Sealf became interested in local history when as a boy he heard his mother tell of Peter Sullivan and his exile and the story of Jimmie Wiley, frontier heroine. Since 1932 he has been accumulating data on Floyd county.
Although he spends his days earning his pay check as bookkeeper from the Harris Brothers Construction Company, he draws on what to others would be "leisure hours" to set down "for the record" and for the entertainment and edification of others those rare bits of lore, history and anecdote which hold the interest of readers over most states of the Union.
Last year, he did a "rush order" for the Floyd County Sesqui-centennial and wrote the history, "Historic Floyd." But there were other tests for his prolific pen. He was called on again, and so he authored the Jimmie Wiley Pageant, and the Singing Jubilee narrative for the Sesqui-centennial.
Just now, he is using still more of his spare-time, if any. He's working on a comprehensive history of Floyd county.

New 'Nash Healey' Sports Car

Nash Motors' new Nash Healey 2-passenger sports car features European sports car styling. Its distinctive front end and appearance is achieved by clean functional design with broad low hood and car-long horizontal body lines flowing gracefully from front to rear. The front grille follows the design of the famous Nash "Airflyer" chrome barred racing air scoop. Powered by the equally new "Dual Jetfire" Ambassador engine, it has an estimated speed of 125 mph. Production of the new car will be limited, according to Nash Motors. The Nash Healey represents the combined skills of Nash Motors, U.S.A., and the Donald Healey Company of Warwick, England.

MARTIN TAKES CLEAR CLAIM

To Floyd Leadership In Net Campaign; Wins Over Wayland, 67 to 56

The Martin Purple Flash met and defeated the Wayland Wasps and the Betsy Layne Bobcats on successive nights last week-end to establish clear title to the leading position of tonight's basketball in Floyd county.

Dennis Halbert's Martin boys, secured both feats on their opponent's floor, taking Wayland Friday night, 67 to 56, and on the following evening downing Betsy Layne in a free-scoring game, 78 to 64.

Friday night, Betsy Layne downed McDowell at Betsy Layne 62 to 51. As usual, the play of high-scoring Frankie Crum featured the Bobcats' attack in both its games. Against McDowell he scored 22 points, and in Saturday night's loss to Martin he chalked up an even 30.

For to and a fraction quarter Friday evening, the Garrett Black Panthers backed into a corner, but the Pile five finally got going in the third quarter and emerged the winner, 74 to 59. Garrett held a 32-23 advantage at the half, during the first two quarters hitting a phenomenal 75 per cent of its shots. Woody Preston led the winners with 15 points, and Whitney Lyons was high for Garrett with 20.

A packed Wayland gymnasium saw the Martin-Wayland series, which came after each team had on a game over the other, earlier in the season. But outcome of the contest was not long in making Martin jumped out ahead and was never overtaken with Thickett, Campbell, Taylor and Grigsby burning the nets so consistently the four boys scored almost identical figures. Thickett was high for Wayland with 41 points.

Available line-ups:

Martin	Pos.	Wayland
Tackett (18)	F.	Praley (11)
Clark (14)	F.	Haywood (2)
Taylor (17)	C.	Hopper (11)
Grigsby (19)	G.	Griffith (14)
Lafferty (9)	G.	E. Haywood (8)

LI. Conn at Lackland In Human Resources Center

Air Force 2nd Lieut. James B. Conn, formerly of Martin, and a December graduate of the Officer Candidate School at Lackland Air Force Base, San Antonio, Texas, has been assigned to the Human Resources Research Center at that base. He will serve as junior administrative officer in the testing and processing section.

Lieut. Conn entered the Air Force in July, 1949, as an enlisted man and worked at the HRC until he was called to OCS last June. A graduate of Martin High school, he attended Georgetown College and Morehead State College. He is a member of Kappa Alpha fraternity.

The primary purpose of the Human Resources Research Center is to scientifically test and evaluate each man and woman entering the Air Force. In order that each may be properly assigned to the proper job for which his skills and talents qualify them.

Isn't It Grand?—We Have Less Than Two Months Yet For State Income Returns

Less than two months now remain for individuals to file their state income tax returns for 1950. These returns must be in by April 15 and are subject to the changes made by the 1950 session of the General Assembly.

If you are married and have an income of \$2,000 you are required to file a return. If you are single you must file if your income exceeds \$1,000.

Under the new law the tax credit for heads of families and married persons has been reduced to \$40. The tax credit for single persons remains at \$20, with \$10 credit for each dependent. The tax rate on the net income above \$8,000 is now 6 per cent.

Any Floyd county taxpayer may get Kentucky income tax blanks at the County Clerk office in Prestonsburg.

NOTICE TO FLOYD COUNTY TAXPAYERS

It shall be the duty of all persons owning or having interest in any property taxable in this state to list or have listed with the Tax Commissioner of the county in which the property is located between January 1st, and March 1st, 1951.

KRS 132-230: Any property which has not been listed for taxation for any year in which it is taxable, by the time the board of supervisors completes its work for that year shall be deemed omitted property.

(2) Omitted property consisting of money in hand, notes, bonds, shares of stock, accounts or other credits, secured or unsecured, may be assessed retroactively, either voluntarily or by action, at any time within ten years from the date when it became omitted. All other omitted property may be assessed retroactively in the manner provided in KRS 132-230, but the lien thereon by accruing on any such property except real property shall not prejudice the rights of bona fide purchasers acquired in the meantime.

(3) All omitted property, whether should have been assessed prior to July 1, 1949, shall be subject to the same penalties and rate of interest as provided by law for the year when the property was not assessed. All omitted property that should have been assessed as of or subsequent to July 1, 1949, shall be subject to a penalty of ten percent of the amount of the taxes, and interest at 10 per cent per month from the date when the taxes would have become delinquent had the property been listed as required by law, until the date the tax bill is prepared in accordance with KRS 132-230.

When the property is assessed retroactively by action prosecuted in the manner provided by KRS 132-230 and 132-240, an additional penalty of twenty percent of the amount of the original tax, interest and penalty shall be collected for the purpose provided in KRS 132-400 and paid into the State Treasury. All other penalties and interest shall be distributed in the same manner as the tax, (1949, ex. s., c. 2, effective June 26, 1949).

KRS 132-570 (409a-11; 4051; 4051; 4052).

ATTEMPTS TO EVADE TAXATION: PENALTY.

(1) No person shall wilfully make false statement or, to avoid taxation, make a temporary inventory in securities exempt from taxation, or convert any taxable property into nontaxable property outside of his state, or resort to any device to evade taxation. Any person doing so shall be subject to three times the amount of tax upon his property, to be recovered by the Sheriff by action in the name of the Commonwealth in the county in which the property is liable for taxation, or by the Department of Revenue, when the taxes are payable to it, in the Franklin circuit or quarterly court.

(2) No person shall transfer the assets of record any mortgage note, bond or other evidence of indebtedness, secured by any real or personal property, for the sole purpose of evading the taxes thereon.

THE GARDEN

A GARDEN IS A MUST

By John S. Gardner, Kentucky College of Agriculture and Home Economics

Gardening for 1951 is about to start, and this year of all years, the garden must be good. Under study prevail on all sides with respect to just about everything that Kentuckians hold dear, save with home gardens. For them, as in countless years past, the sun will shine and the kindly rains will fall as in normal times.

This is not a prophecy, but the insect situation may be a bit over because of this winter's rains. Also, the same garden remains, and, on the basis of "store-bought" vegetable prices, he can find himself waging quite as hard a battle as those that war plant workers met.

If more reasons were needed for having a garden, the old-fashioned ones could be got out and dusted off the satisfaction that comes of watching things grow, of killing insects, of growing diseases, notably tomato blight, and, finally, the satisfaction that comes of feeding in partnership with the Almighty as these things are being accomplished. There must be good gardens.

Waiting for the last blizzard to pass, much can be done. The seed catalogues are coming in every mail; the seed boxes have been opened and the bulk of seed have been bought, but not until a plan has been made, geared to the family's needs. Haphazard-planted gardens waste seed, money and labor. In the planning, sure surpluses must be provided for to fill every jar or handy bit of modernity, the "green" sprayers and dusters should be overhauled, or new ones bought. There is little virtue in doing half-jobs with inferior equipment. Merchants should be told about the copper and rotenone that will be needed when the season gets underway. Now's the time for doing the things that will assure good gardens this year.

CHARLESTON — Lawrence Pepper, 66, city parking meter inspector and widely-known here as a prize "fight" jockey, died after lengthy illness. Pepper came to this county from England.

MAYTOWN

Mrs. Tom James, well-known musician, brought a splendid message, packed with inspiration and information to the Maytown P.T.A. at the February meeting when she spoke on Mountain Balladry and Folk Songs. Mrs. James is a recognized authority in her field, having recently been appointed Kentucky state chairman of the National Music Clubs of America. She gave the history of mountain music, explained the difference between the various types of tunes and ones introduced in the jazz era, and urged the preservation of the pure ones best heard in this section. Her talk was interspersed with bits of songs and ditties, which fascinated her audience. Those present felt that some concrete more should be taken by educational authorities to see that these old songs and tunes, so representative of our section, should not be lost to posterity.

Mrs. George Boldridge is in the C. & O. hospital, Huntington. James Talent and Roger Stewart attended the Kentucky and Georgia Tech basketball game at Lexington Saturday night.

Mr. and Mrs. Luther Harmon and Mrs. Amy Begley were shopping at Hazard Saturday.

Harry Lee Moore passed away Friday morning. He is the third son of the late Harry Lee Moore, who died recently. Funeral services were held at the Wilson Creek Baptist Church Sunday morning.

Mr. Shirley Stewart resigned as one of the second grade teachers in the school here. Mrs. Anna Crum, of Manion, has taken her place.

Mrs. Olive Tinsae has been confined to her home by tonsillitis.

Mr. and Mrs. Spencer Stone, of Wayland, and Mr. and Mrs. Richard Hall and daughter were Sunday dinner guests of Mr. and Mrs. Belden Osborne.

Mr. Eli Stephens is seriously ill at the Beaver Valley hospital.

Delmer Leon and his mother have moved to Kinsport, Tenn., where he has established a business.

Mrs. J. D. Mayo, of Prestonsburg, who heads the tuberculosis work for the Floyd County Health Department, is scheduled to be the March speaker for the Maytown P.T.A. on the first Tuesday. Her subject will be "T.B. Public Health Enemy No. One." Her lecture will include an educational movie on the disease, which takes such heavy toll that every parent and adult needs to know how to prevent and, if possible, how to cure it.

Contributions to Donald G. May who made top score in his company on a test given at Fort Knox, Ky. When Donald finishes his basic training at Fort Knox, he goes to Fort Myers, Virginia, for officer's training.

The Christian Board of Education met at the home of Mrs. Howard Ramey Wednesday evening. Devotional was given by Rev. Kenny and the usual business meeting was held. Singing was a special feature of this meeting, and was enjoyed by all. This month's meeting was held at the Ramey's in honor of their 10th wedding anniversary. Refreshments were served to Mr. and Mrs. Thomas Patrick, Mr. and Mrs. Thurnal Clark, Rev. and Mrs. Kenny, Mr. and Mrs. Arnold Cassidy, Mesdames Henry May, Amy Begley, Frank May, Charles Patton, Rebecca Harmon, Rebecca Hayes and Wiley Jones.

Those from Maytown attending the birthday party of Anna Lena Allen, of Miami, last week were Sandra Sue Patrick, Peggy Sue Allen, Ann Stewart and Glenis Ramey.

Eastern Gas To Reward Foremen for Knowledge Of Mine Safety Work

Mt. Hope, W. Va., Feb. 15 (Sp.)—Knowledge of mine safety will pay off with a three-day, all-expense vacation trip to Lexington, Ky., next June when Eastern Gas and Fuel Associates' mine supervisors will be guests of their employer, according to Joshua Smith, director of safety for the organization.

Those to make the trip will be selected on the basis of their standing in a written safety examination to be published in seven sections in the Safety News Letter of the E. G. F. A. Accident Prevention Department.

One supervisor from each of five groups of E. G. F. A. mines, who make the highest grade in the examination, will make the trip which will include attendance at the annual convention of the Mine Inspectors' Institute of America, June 4 to 6.

The five groups of mines include those in Raleigh county, in Fayette county, in McDowell county, in Boone and Wyoming counties, W. Va., and West Virginia, Ky., and the Pennsylvania mines.

Division To Distribute 350,000 Bluegill for Ponds

Approximately 350,000 bluegill fingerlings will be distributed to Kentucky pond owners this spring, the Division of Game and Fish has announced. First distributions will be made during the week of March 19 and other deliveries will follow in other sections in succeeding weeks.

The bluegill distribution is the first step in farm pond stocking. Following the planting of bluegill, bass will be added to the ponds in May. Deadline for applications for stock fish is March 1. Applications received by that time will be filled, while those arriving later cannot be handled until next spring. Owners having ponds they wish stocked should contact their conservation officer immediately who will file the applications with the main office at Frankfort.

It is pointed out that those ponds that received bluegill last fall will not receive additional fish of this species this spring, but will receive their bass during the regular bass delivery in May.

Cooked Fine Dinner; Threw it TO DOG!
One lady used to throw her own dinner to the dog most of the time. It made her sick just to look at food. She was swollen with gas, full of blood, felt worn-out.

Finally she got CERTA-VIN and says she now eats everything in sight and digests it perfectly. This is the new medicine that is helping so many stomach "victims" here in Prestonsburg. It helps you digest food faster and better. Taken before meals, it works with your food. Gas pains go! Inches of blood vanish. Contains herbs and Vitamin B-1 with iron to enrich the blood and make nerves stronger. Weak, miserable people soon feel different all over. So don't go on suffering. GET CERTA-VIN—W. A. No Trade-Ins Allowed On Game, Fish Licenses

Frankfort, Ky.—A person who has purchased a county fishing or hunting license may not "trade-in" such licenses before they expire on state-wide hunting or fishing licenses. Assistant Attorney General Walter C. Herdman has ruled. The opinion was given by General Herdman at the request of the Division of Game and Fish when it was found that some County Clerks in Kentucky counties have allowed such trade-ins during the past year.

It is pointed out by the Division that clerks will be held accountable for any such "trade-ins" they allow since such practice will not be recognized by the Division.

to produce for peace and defense
Your supply of Electric Power has been doubled
What will it be? Fedoras or helmets... sedans or tanks? And in what quantities? Nobody really knows right now how much of America's capacity to produce will be devoted to civilian goods in the months ahead, and how much to the material of war. But two things are certain.
First, industry—on a war or peacetime basis—makes greater use of electricity today than ever before in history.
Second, the companies of the American Gas and Electric System are in better shape than ever to meet both military and civilian demands for electric power.
Both types of demand were met promptly and adequately by this company and its AGEE affiliates all through the crucial years of World War II. Today—thanks to new plants and additions to older ones—our customers have nearly twice as much electricity available to them as there was at the time of Pearl Harbor, only nine short years ago.
And the System has 1,400,000 kilowatts of new capacity coming on the line by the summer of 1953. Of this, 450,000 kilowatts will come in service in 1951, another 350,000 in 1952, and 600,000 in 1953—bringing the System's total capacity to 3,734,000 kilowatts. And it more is needed it will be forthcoming.
Such is the reassuring power picture in the seven-state area the System serves.

IT'S A GOOD WORLD BY WILMAY

All who have read "INSIDE THE U.S.A." by John Gun, especially his comments about our mountain people on page 441, will have interest in the accompanying map of his trips. It discloses the fact that Louisville was his one stop in this state. Perhaps on his next journey, if he will come to the hills and see for himself, he may find at least a few good points to report about us. We ourselves would be the last to deny that undesirable conditions exist. As a matter of fact, we surpass us when it comes to exposing some of the deplorable ones. But it is a bit difficult to expect of an eminent writer who hordes only the very blackest side and evidently bases his opinion on hearsay.

Some of us, in the Louisville, remember the time when six Starvation children, who had been orphaned in the 1918-1919 influenza epidemic, were taken to the University of Kentucky by the principal of Maywood high school, and for almost a quarter of a century have been an inspiration to one of the leading colleges of America. The occasion was an old-time special day.

We can also recall when a brilliant "farmer" asked members of the Woman's Club who ever said "do as you would be done by" a man never saw one ashamed to admit it did you?—recommended sodium bicarbonate. The Executive of the whole string of doctors, however, remarked that sodium bicarbonate was not the drug of choice for all ailments. The doctor's explanation that he had recently returned from the word and possibly seen of sodium bicarbonate, since sodium chloride was just plain old table salt. The girl's face was red as she said that she took the joke on herself.

We have seen a number of unsolved problems on the same road as we feel steadily moved at the persistent efforts of Nature to solve in eternal affairs as easily today.

Long years ago an Englishman started to America for his first visit. His best friend asked him to see, while here, if it were true that the American people are the most obedient in the world, as he had so often heard. On his return the traveler stopped to report to his friend. "Yes," he said, "it's the truth," he said, "the Americans must be the most obedient people on the face of the earth. The parents do everything the children tell them to do."

For here in Landerly, Miss Thelma Bessie Crisp. He was a familiar figure with a keen mind, natural wit and deep sense of humor. He until the last year or two he was in town daily, and everyone found him an excellent conversationalist.

It would be hard to find a group of men capable of having more fun than the crowd working at Waro. From cartoons to jokes they enjoy playing pranks in good-natured spirit, and the nice part is that all can take it.

Citizens rejoice to note that steps are under way to assure proper purport of illegal voters in the state. While speaking the list of voters during the dry campaign, several years ago, we were amazed to find scores whose names appeared in duplicate and even in triplicate. Some had moved away 10 or 15 years ago but are known to return now. They are in the hands of the law under their full name, under his initials, and a third under his first name with the middle initial. Such after the other. Such flagrant violations do not pass the detection of any intelligent person in charge of the polls. The Committee for Kentucky can never get very far in its march toward further progress till we the people insist upon correcting or eliminating some of the evils that have handicapped the state so long.

"Oh, it's the same everywhere," said some one recently. "It's an all-time defect as before we start. In the first place, it is not the same everywhere, and if it were that's a mere excuse for doing nothing about it. Every state and community has its own local problems, and will have them always. In my home state the attitude toward the press and the attitude toward the press and the attitude toward the press is the most serious. Here, where buying is the major evil. We might as well say that everybody else has the measles, the same as my kids, so we do anything about it, as to insist that other sections are no more progressive than Kentucky. If New York, California, Ohio and Indiana states known to top the list in an educational sense, feel the need for further improvement, for adult education, etc., why are we to deny that Kentucky still has room for additional progress?"

Farm NEWS and VIEWS

By HAROLD B. RICE, Floyd County Agent

PRUNING THE HEDGE

Early freezing weather in many instances severely damaged hedge plants. In fact, many hedge rows that were good looking last fall will look bad this spring because some plants were killed to within 12 or 15 inches of the ground.

There are also instances where a hedge has been growing for years and has become so large that it is almost impossible to shear it. This hedge needs to be rejuvenated.

Late February or early March is the best time to cut back plants that were injured by freezing or those that have become overgrown. For best results, cut the hedge about six inches off the ground, removing all of the top and branches to that level. If this is done, the plants will put out new growth and by mid-summer the hedge will be 18 to 24 inches high, and then may be sheared to any desired form. New top produced by this treatment makes the hedge better looking, and it will usually have branches to the ground, something that is desirable in a good-looking hedge.

As soon as it is possible to work the soil, the hedge plant should be cultivated at least 12 inches out on both sides of the row. The soil should be to a depth of 3 or 4 inches, depending on the roots encountered. If there appears to be a lot of roots, do not cultivate so deep; 2 or 3 inches will be sufficient. Work the soil until it is in good condition. Hedge plants should be fed with high-grade fertilizer on both sides of the row as soon as the ground is worked. One pound to each side of five feet of row will be sufficient. Wash the fertilizer into the ground by watering.

BUY FERTILIZER EARLY

The Agricultural Experiment Station at Lexington is again urging farmers to get their fertilizer as soon as possible. Says a statement by Prof. P. E. Karraker: "Because of military preparedness programs, material reduction in fertilizer supplies may take place. Some reduction in fertilizer manufacture of superphosphate, due to shortage of acid, has already occurred. The amount of ammonium nitrate and of straight potash fertilizers on the market probably will be less than expected. Some ammonium sulfate may be available in 1951 at about the same price for nitrogen fertilizer. Ammonium nitrate, decreased supplies of fertilizer materials usually show up more on the market in ton-

nage of straight fertilizers than in mixed fertilizers.

"Early purchasers not only will be more likely to get the particular kinds of fertilizers wanted, but may find prices of some fertilizers lower than later on.

"Early sale and delivery by fertilizer companies, also, make possible an increased total production, because storage facilities at most fertilizer plants are limited.

"Fertilizer purchased early should be stored in a dry place, the bags piled no higher than 6 or 7 rows, and, in the case of concrete floor, the bottom row placed on boards built up a few inches above the floor."

Whitaker Mans Mortar On Korean Battlefield

Cpl. Mickey Whitaker, son of Mr. and Mrs. Wiley Whitaker, of Prestonsburg, is now serving as a 60mm. mortar gunner with the famous "Caeti" 35th Infantry regiment, of the 25th Infantry Division in Korea.

The 35th was one of the first units to land in Korea and played a prominent part in the historic Maseo-Pusan defense line. The 25th Infantry Division is commanded by Maj. Gen. William B. Kean.

HOW LITTLE IT COSTS TO PHONE!

Around-the-clock telephone service costs Kentucky homes an average of only 1/4¢ an hour

Ever stopped to think how many trips your telephone saves you? Or what the transportation costs would amount to for the trips to town and across town that you avoid by telephoning?

Just think—the telephone stands ready to run errands for Kentucky homes 24 hours a day for an average charge of one-half cent an hour!

Whether you evaluate your telephone service in terms of transportation costs saved, time saved, "missions accomplished," protection in case of emergency—or just in the friendship and good times that result from keeping in touch—you'll find your telephone is still a big bargain!

C. HUNTER GREEN, Kentucky Manager

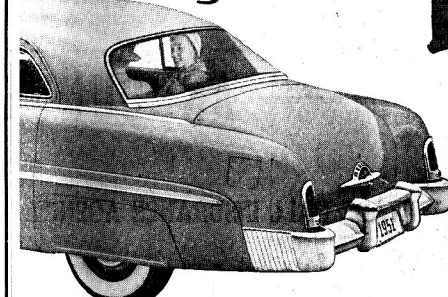

Growing Bargain

The price of telephone service has gone up far less than most things you buy. At the same time the number of telephones you can call at your local service rate has more than doubled in the past ten years.
