FLOYD COUNTY TIMES

THURSDAY Vol. XXIV No. 35 PRESTONSBURG, KENTUCKY

SAYS MARTIN SITE IS HOPE FOR HOSPITAL

Talks with Officials Indicate Allen 'Out'; Tax Levy under Study

County Judge Henry Stumbo said this week that recent conference with Dr. Bruce Underwood, state health commissioner, has convinced him that the only possible construction of the proposed and much-needed Floyd County War Memorial hospital rests on selection of a site at or near the farm of the late Dr. Martin, and he is not certain even agreement on that location will result in the hospital being built.

The Floyd official said Dr. Underwood told him he would not veto approval of the State Department of Health of the community of Allen as a location for the hospital, but Underwood added that the Allen site is not being considered.

Paul A. Hackney, of the division of health services, State Department of Health, was expected to be sent to this county again to make another survey of the situation.

Even if Martin were agreed on as the hospital site, Judge Stumbo said he was told, the federal government would appropriate at the most \$500,000 instead of the \$800,000 promised when the county bond issue of \$400,000 was voted.

With a War Memorial hospital still far from a decision, the Floyd fiscal court must soon decide what to do about levying the 20-cent tax voted to pay off the hospital bond issue. If the county is not to have the hospital dreamed of at the time the bonds were voted, should it collect the tax, they wonder.

Joe Robert Scalf, Victim On Korean Battle Front

Joe Robert Scalf, who has been reported as missing on the Korean front for over a year, has been officially identified as dead, according to a notice from the War Department received by his parents at Elizabethtown, it was said Wednesday.

Joe Robert, called "Choober" by his friends was a native of the Pike county section of Buffalo Creek and is the son of Ervin Scalf.

He was originally listed as being missing in action and hope was that he could possibly have been a prisoner of the communists but this faded when the official list of prisoners held by the Reds was released.

TWO PURCHASE GRAPETTE CO.

Prestonsburg Plant To Begin Operation With New Ownership

Lexia Porter and Ira Fields, Jr. assumed charge Tuesday of the Grapette Bottling Company plant here which they purchased from Orville M. Howard, Harlan, and H. K. Howard, of Prestonsburg.

The transaction involved only the bottling company, its franchise, machinery and other equipment. H. K. Howard retains ownership of the building and garage property and will continue to reside here, it was said this week.

The new owners, both well-known in Eastern Kentucky, are adding new trucks to their equipment and expect to begin operation of the plant within the next few days.

SPANISH WAR VET CLAIMS HE'S SORRY

Johnson Says Uncle Threatened Family After Shot Fired

Told that a 16-year old Bevinville girl had died of a bullet fired from his revolver, White Smallwood, 73-year-old, Spanish-American war veteran, murmured in all this (Thursday) morning, "I'm sorry."

Word that the girl, Helen May Johnson, daughter of Mr. and Mrs. Frank Johnson, of Riley's Branch at Bevinville, had died in the Beaver Valley hospital, Martin, at 5:55 p.m. Wednesday, was borne to Smallwood by Sheriff A. B. Meade.

Being stretched full-length on a cot, the one-legged Smallwood, a grant figure, told the Sheriff he wanted to make a statement, "I can't sleep, I'm so worried," he said, "I'll you every word of the truth."

But his story of the tragedy, which was the home of his nephew, Frank Johnson, Tuesday afternoon, had little similarity to that told the Sheriff by the girl's father.

The father was quoted by Sheriff Meade as saying his daughter and her sweetheart, whose name was given as "Chuck" Mollert, of Weekley, were sitting in one room of the home while other members of the family were in an adjoining room. Smallwood entered the room where the young couple sat, and in his hand Young Mollert jumped to his feet and the gun fell. The old man from the house and fell about 40 yards away.

Before entering the room, Johnson was quoted as saying, Smallwood told him: "If you want me to, I'll run 'em all off." After the shot was fired, he said, Smallwood retreated to the room where the young couple were sitting and the others were to accompany him intended to kill them all off.

Johnson said he got behind Smallwood and snatched the .45-caliber revolver from his hand. Thereupon, he added Smallwood, probably this week, seeking release for 25 or 30 minutes, then cracked a head.

Smallwood claimed the shooting was accidental, he said. Smallwood, he said, he was not angry with anybody; though slightly nettled upon finding on his return to the room where he had resided for several years, that somebody had entered his room through use of a skeleton key and had tampered with his revolver.

75 WORKERS HELP DRIVE

As \$8,730 Is Sought For Red Cross Funds; Brashear Tells Need

Approximately 75 persons were busy this week as volunteer workers soliciting funds from Floyd county in an all-out drive to reach the county's \$8730 Red Cross quota this year.

"The people are aware of the fine work which has been done and are being done, by the Red Cross," Mr. Brashear said, praising those who are giving of their time to assist the Red Cross in its current campaign. Substantial contributions already have been received and hopes of a successful drive are high.

On success of the drive the future of Floyd county's blood program depends, it was emphasized.

Similar meetings are scheduled in the rest of Floyd county and nationally, we were able to hold the goal down considerably through "aid economic in operation," the Fund chairman stated.

"Red Cross services to the armed forces are increasing as the armed forces are brought to defense strength, our blood program must continue to expand; and our activities locally cannot be relaxed," he added in citing the importance of reaching the 1952 quota.

Martin-Allen Community Lead Floyd Dimes March

The March of Dimes drive is making a close with a record-breaking collection for the polo field, Jesse Elliott, Betsy Layne, chairman if the drive announced Tuesday.

The drive has netted \$6,307.25 to date and while these figures are not the total it will be fairly close when all contributions are in, Elliott said.

Martin-Allen community leads this year of Floyd's communities in contributions with Wheelwright taking second place. The other communities have the following rank, it was stated: Prestonsburg, third; Drift, fourth; Wayland, fifth; McDowell, sixth; Maytown, seventh; Lewis-Alder, eighth; Ray-Layne-Harlan, ninth; Whitesburg, tenth; Logan-Hill, eleventh.

RIFLE MATCH SLATED

The Floyd county junior club rifle match will be held at the Allen golf course, Saturday, March 17.

**FIRST JURY IN NEW COUNTY DELIBERATES UNDER A TREE**

The following article by Judge Ed C. O'Rear of Versailles, Kentucky, appeared in a recent issue of the Licking Valley Courier. The Judge John Milton Elliott in the story was at one time a resident of Prestonsburg and practiced law in partnership with John W. Burns here. He was assassinated in 1875 while a Judge of the Court of Appeals for a decision he had rendered.—Ed.)

By Judge Ed C. O'Rear  
 Elliott court was formed by an act of the General Assembly approved January 20, 1850, effective as of April 1 of that year. It was made up of sections of the counties of Carter, Lawrence and Morgan lying most remote from county seats of those counties.

The creating act did not locate a county seat for Elliott, but provided that a commission composed of Maj. Wm. Myrner and W. W. Cox of Morgan, Benjamin F. Shepherd of Lawrence and William H. Shelton of Morgan should meet on the first Monday in April of that year at the residence of J. K. Hunter on Little Sandy and select a county seat.

At that time there was no town in the new county. The Commissioners met and selected the site at Hunter's. They gave it and it took the name of Martinsburg. Of course, there was not then a court house or jail. The act required that the jail of Carter county be used until the new county could build its own.

The county was attached to the 13th Judicial District in which Judge John M. Elliott was the Circuit Judge, and Robert Riddell of Irvine was the Commonwealth's Attorney. The first term of the Circuit Court followed the May term of the Morgan court. The justices had provided a meeting place for holding the court in the store room at Hunter's. On the preceding Sunday the lawyers and officials rode in to the neighborhood so as to be on hand early Monday morning. Besides the Judge and Commonwealth's Attorney, visiting lawyers

foregathered for the occasion, including John W. Hazerig, John E. Cooper, J. Wick Kendall, West Liberty, D. Campbell from Salisbury; Judge J. R. Bots and R. D. Davis from Grayson; H. G. Burns from Morehead, and likely enough J. W. H. Hunter from Salisbury, who soon located at Martinsburg. The event was a notable one, as it was the first jury trial in the new county, and a large crowd gathered on Monday to witness and celebrate it.

Judge Elliott convened the court, had jurists summoned and impelled and the charge to the grand jury impressively delivered. Trials, mostly of misdemeanors, came on apace. Of course, the visiting attorneys could not pass such an opportunity to impress the spectators.

A jury impaneled to try a misdemeanor heard the witness testify. Lawyers numerous and the court's rulings, the Judge's instructions and the several arguments of counsel. Quite a to-do. There was no room for the jury's meeting when they retired to consider their verdict. The weather being warm and open, Judge Elliott directed the sheriff to escort "them to the shade of a large spreading elm standing in Mr. Hunter's bottom. field some hundred yards or so from the court, sitting and admonished the populace to keep at a distance and not disturb them.

The jurors went out for about an hour, and the Judge becoming impatient, and needing their reports. The officer returned with the information from the foreman that they thought they would be through in a little while; after waiting a half hour longer the Judge again sent the sheriff to learn why the jury did not return. The sheriff reported that the foreman said they were nearly through now, had only one or two other witnesses to hear. Judge Elliott promptly ordered the jury to come before him, and asked what was the matter down there. The foreman answered: "Well, Judge, we were so fuddled and mixed up by all the objecting and arguing by the lawyers, and rulings of the court, that we couldn't make heads or tails of the matter; so when we got out there by ourselves with nobody to bother us, we sent for the witnesses and heard all the evidence over again, with nobody or nothing to bother us. There was only one or two more witnesses to hear, so we called, and would then have been through, ready to make our verdict." Jury discharged.

The Big Sandy Valley Larger Parish Council met at Smiths, Sunday afternoon, February 24 at 2:30 o'clock. The churches of the Parish were well represented. Mr. Kelly J. Day, chairman of the Council presided. Reports were heard from laymen and ministers on the activities of the churches of the Parish. Mr. Day presented a statement about the Lord's Acre plan. An article from January's Progressive Fellowship honoring Dr. DuMont Clark, Asheville, North Carolina, was cited. Dr. Clark was chosen as MAN OF THE YEAR in Southern Agriculture for the 30 years he had devoted to the promotion of the Lord's Acre plan of raising money for rural churches. The director of the Parish stated that Dr. Clark had been invited to speak on the program of the Third Annual Parish Day to be observed in the Parish on July 27. The Council authorized Rev. Robert L. Anderson, director, to secure time on Radio Station WLSZ for a weekly broadcast. Two groups volunteered to provide funds with which to begin the project. An invitation was accepted to have the next Council meeting at Vogel-Day Chapel on Sunday afternoon, April 27, 2:30 o'clock.

The Annual Banquet of the Pike-Floyd Sub-District Methodist Youth Fellowship was held at Vogel-Day Chapel, Monday evening, February 25. The Woman's Society of Christian Service served a delicious dinner to some 50 young people; their pastors and adult counselors, James Stratton, Meta, served as toastmaster. Rev. Edgar Minor presented an interesting message on the theme of "Wisdom". Special musical numbers were rendered by Miss Mary Ellen King, Betty, Miss Grey, Stone and Misses Mary Ellen Stone and Doris Worthington, Pikeville.

**LICENSE RENEWALS QUESTIONED**

State Auditor T. Herbert Tinsley said that the State Board of Nurse Examiners should stop collection of renewal fees for licenses for more than one year in advance. Tinsley said he doubted that the Board had authority to collect fees up to five years in advance as they have been doing in the cases of some nurses. Most of the collections have been made from nurses going overseas who wanted their licenses kept up-to-date though they may be gone for more than a year. Tinsley said he thought renewal of their licenses after their return would be no problem.

### In Regional Tourney After Besting Martin In Floyd Title Match

The Betsy Layne Bobcats, winners of the 48th Floyd county district basketball tournament at Wheelwright last week, opened the 12th regional meet held at Pikeville in the 5th regional meet held at Pikeville with a 71-60 victory over Phelps, runner-up in the Pike county tourney.

Oil Springs and West Liberty met in the second game of the evening, with Oil Springs the winner, 54 to 41.

Tonight (Thursday), the Martin Purple Flash, which lost a 46-44 thriller to Betsy Layne in the district title game last Saturday night, essays the giant-killer role in meeting the Pikeville Panthers. In the second game of the evening, they will face Meade Memorial, a team which the Indians defeated in the district finals by a scant 57 to 55.

The tournament consists of 16 points and Pikeville, are in the same bracket.

The Wheelwright tournament was played to a packed house at every session, and in all the tourney only three games saw teams emerge with winning margins of 10 points or more. Most of the encounters were breath-takingly close.

The three wide-margins games were first played: Garrett 71 to 61 for Wheelwright in the very first round, McDowell 63 to Auxier's 41 and Betsy Layne 65 to 31 for Wheelwright, last year's regional champs. After that the scores ran like this:

65, Postonsburg 41; Betsy Layne 56, McDowell 41; Martin 55, Garrett 35, and then with the Betsy Layne-Martin finale, with Martin holding a 44-42 lead with only 29 seconds left. Martin began freezing the ball but a fumbled pass set Grady Wallace, high-scoring Wheelwright center, up for a fielder to knot the count. Martin then missed. Betsy Layne took the rebound and Gordon Clark, a substitute, threw it in for his fifth point and the winning basket.

Awards of trophies were made by County Superintendent Palmer L. Hall.

The grand all-tournament team was organized with Intercollegiate of the several teams in the tourney named an all-Floyd county team on the basis of season play. Players honored were:

Kenneth Blevins, Maytown; Whitey Lyons, Garrett; Bill Griffith, Postonsburg; Ralph Roberts, Maytown; Ivel Trickett, McDowell; Floyd Frantz, McDowell; Delmer Hughes, Gibson; Whelwright, Pete Grigsby, Martin; Grady Wallace, Betsy Layne.

The sportsmanship trophy, also awarded on the team season record, went to the Garrett Black Devils. The cheerleaders' trophy went to Wayland high school, and the free shot trophy was awarded to Bepny Pannin. Betsy Layne guards who cashed in on nine of 10 tosses.

Pete Grigsby and Grady Wallace were the high scorers of the district tournament with 53 and 48 points, respectively. Each was in three games.

Line-up in the championship contest:

Betsy Layne (46) Fos, Martin (44) Hall (6) ..... P ..... Clerk (19) Hopkins (2) ..... P ..... Glines (2) Walker (13) ..... G ..... Trickett (13) Pannin (10) ..... G ..... D. LeFevre (6) May (4) ..... G ..... Grigsby (15) Substitutions: Betsy Layne, Gordon Clark (5); Martin-Frazier, Baldridge.

### Janitor, Tot's Friend, Is Victim at Weeksbury

"The children of Weeksbury have lost their best friend," said a well-known resident of that community this week in telling of the death there Sunday afternoon of Joe Cole, colored janitor for years in the office there of the Eastern Gas & Fuel Associates (Koppers).

Mr. Cole, a native of Marion Junction, Ala., and an employee of Koppers 23 years, first as a miner and later as janitor when age drew him from the mines, succumbed to heart disease. He had been ill some time.

A leader in Galilee Baptist Church at Weeksbury and sought by every member of his race for guidance or comfort, he also was the favorite of children, in particular. Both white and colored recognized "Uncle Joe" as a friend who usually was good for a piece of candy or some other present.

He is survived by his widow, Mrs. Charlotte Cole, and one son, Jess, of Middlesboro. Funeral rites were conducted at Weeksbury at 11:30 a.m., Wednesday, and burial was made today (Thursday) at Middlesboro, Greene's Funeral Home directing.

### Mare Creek Fire Loss Is Placed at \$12,000; Family Barely Escapes

Destruction by fire last Tuesday night at Mare Creek of the home of John M. Porter, with all its contents, reached its \$12,000 loss, it was estimated.

Cause of the blaze has not been determined. The loss was only partially covered by insurance. Screams of the Porters' small son, John Richard, awakened Mr. and Mrs. Porter when he discovered the fire, shortly after midnight. The flames at that time were breaking through the wall of their bedroom, and they barely escaped, barefoot and clad only in pajamas.

Walter Hall, brother of Mrs. Porter, stopped the blaze momentarily with a small fire extinguisher, but the chemical was soon exhausted, and the fire after that was opposed only by vain efforts of a bucket brigade.

The five-room structure was built about five years ago.

James A. George, chief of the Betsy Layne volunteer fire department, said lack of a fire hose in which to store equipment and lack of an adequate fire alarm system, handicapped the department to the extent that the fire was beyond control when volunteer firemen reached the scene. He asked the community to provide necessary contributions to put the department in working order.

### Martha Newsome Tackett, Wife of George Tackett, Succumbs at Dony Home

Martha Newsome Tackett, wife of George Tackett, age 50, died Monday, March 10, at her home on the Dony. She was the daughter of the late Rhode Newsome and Luvenia Hamilton Newsome.

Surviving sons are John and Eddie Tackett, at home; surviving daughters are Ada, Nannie and Bessie also at home. Surviving also the following relatives and relatives: Carl Newsome of Hi Hat, Mrs. Horn Blankenship of Dony, Ky.; Mrs. Tom Hamilton of Turley, Ky.; and one half-sister, Miss Squire Hamilton, Ashland, Ohio.

Funeral rites were held March 11 at the home. Officiating at the minister at the rites were the Rev. E. V. Hamilton and Rev. Mitchell Collins, burial was in the Blankenship Cemetery at Dony, Ky., under the direction of Hill Brothers Funeral Home.

### Love of Country Stressed By Whitt of the Courier

"A man can be a man without a country if he doesn't assume the responsibilities of citizenship," said Bernard Whitt, editor of the Lexington Valley Courier, West Liberty, in addressing the local's Fellowship group of the Presbyterian church, Tuesday night.

Whitt, who has a phenomenal ability to memorize classic literature, quoted, almost in its entirety, "The Man With a Country" by Edward Everett Hale. His reciting of that part of the story where Philip Nolan had grown old and regretted his early impulsive act that made him a man without a country, was particularly effective.

Thirty members of the Fellowship Group and their guests attended the dinner meeting.

Effective March 17, the charge for local calls from public telephones in Kentucky will be 10 cents. However, it will take approximately a week for all coin telephones to be converted to 10-cent operation.

Under the new arrangement, the user will deposit one dime or two nickels.

This revision of the local call rate for public telephones is necessary because of the higher costs of providing telephone service.

### GAMBLING OPTION GIVEN

The new state law prohibiting gambling on premises of licensed liquor and beer establishments does not prevent the sale of tickets at licensed bars, where paroled convicts are barred, in the opinion of Attorney General J. D. Backman, Jr.

Backman said that the purpose of the law was to prevent illegal gambling, but that licensed bars could sell tickets to such games, provided the state had no objection.

### PERSONNEL COMMITTEE

Establishment of a committee to hear grievances of state employees and appeals from the State's Personnel Rules and Regulations was announced by George T. Stewart, director of Personnel. Employees who feel they are being treated unfairly, particularly in the matters of wages, hours and working conditions, may take their grievances to the committee after failing to be satisfied by supervisors in the agency for which they work. Employees may appeal personally or through representatives of their choosing, or both. No worker is required to belong to a union or other employee organization in order to make an appeal.

Members of the committee will be a representative of labor, a representative of management and the Personnel Director. The labor and management representatives will be appointed by the Commissioner of Industrial Relations.

Jackson county farmers and 4 Hers ordered 20,000 strawberry plants to be set in March.

## ASSEMBLY MAY AVOID MIDNIGHT ADJOURNMENT

By TOM SMITH

The Kentucky General Assembly has cleared most major legislation and is expected to adjourn on March 21. The previous few decades the sessions have lasted until the final midnight hour on adjournment day. On occasion the hands on the clocks in the legislative chambers have been stopped to allow time for passage of legislation in such sessions.

The rules committee took over on Wednesday. This means that all legislation must clear it before it can be brought to a vote.

It is expected that the House will pass the so-called "dog bill" which has the backing of farm and livestock interests.

The House-approved measure introduced by Caldwell-Trip Regan, which has the backing of farm and livestock interests, has come under bitter attack from humane societies and dog lovers from practically every section of Kentucky.

It is expected that the House will pass the so-called "dog bill" which has the backing of farm and livestock interests.

Another Senate problem will be the controversial McCullum Bill which the House passed 72 to 17 in the face of mild union opposition.

The bill would require national and international unions having 100 or more members in Kentucky to charter a local chapter in the State.

Its sponsor, Shelby McCullum, said that the bill is aimed at providing local autonomy for some 4,000 members of the International Union of Operating Engineers.

Another Senate problem will be the controversial McCullum Bill which the House passed 72 to 17 in the face of mild union opposition.

The Senate Labor Bill 59 to 17 in the House and carried the legislative delegation of only one of Kentucky's eight Congressional districts. The Third district, Jefferson county, voted six to two in favor of the so-called "Little Wagner Act."

## Blood Loss, Shock Claim Miner As Leg Mangled by Machine

His leg mangled by a coal-cutting machine, Russell Smith, 36 years old, World War I veteran and G.I., died at 1:30 a.m. last Thursday at the Stumbo Memorial Hospital. Shock and loss of blood were given as the cause of death.

A native of Morgan county, he had resided at Glo a year. He was the son of the late Richard Smith. Surviving are his widow, Mrs. Ida Mae Smith, four sons and five daughters. Graveside services will be held at 2 p.m. at the Stumbo Memorial Hospital.

The six House members from the new Senate voting against the so-called "Little Wagner Act" backed by organized laborers: William B. Wells, Lawrence; Earl P. Murphy, Morgan; J. Everett Bach, Breathitt; E. H. (Doc) Stumbo, Floyd; William Engle, Jr., Perry; and Dr. John Adkins, Jr., Pike.

Henry Arrowood, Johnson, was absent, and Henry C. Hale, Floyd, Bill Adams, Letcher, and Amos Runyon, Pike, did not vote.

## Church Group To Show Its Faith in Athletes By Airing Net Tourney

As an expression of "its faith in the state's young athletes," Elkhorn Association of Kentucky Baptists will sponsor the complete radio broadcast of the Kentucky high school basketball tournament over station WVLX, at Lexington, March 19 to 22. This is the first time a religious organization has ever sponsored a broadcast of this kind.

In announcing the Association's decision, Dr. T. J. Powers, of Versailles, moderator of the group, said:

"We know that because of the mistakes of a few here in Kentucky, the faith of a great many people has been shaken. But we have faith in all of the young men playing for Kentucky's high schools, and we hope that these broadcasts will help them resist certain temptations in the future, and make better citizens of them today."

"Believing the Apostle Paul's statement that 'I have become a fool to all men, that by all means I might gain some,' we have chosen to meet these high school boys and girls on their own terms," Powers said.

"We realize that basketball is the favorite sport in Kentucky, and we feel that we can reach the largest potential audience of impressionable youngsters with a spiritual message to this end."

"Since the eyes of the country have been focused on the basketball fix scandals in Kentucky, the Elkhorn Association is taking this opportunity to reaffirm its faith in our young athletes," he added.

"They will be making the headlines of tomorrow. And if the best business brains in the country are sponsoring events to sell their products over the radio, there is no reason why we can't do the same to promote our product which is faith in God."

### Sixty-One 4-H Club Members Are Rally Contest Winners

Sixty-one 4-H Club boys and girls among the 198 entries in all counties held the statewide rally contest of the Floyd county rally day won first, second and third prize ribbons. County Agent Harold B. Rice announced.

Interest in the event reached a new high, with nine clubs represented and 150 club members and leaders attending.

Two Floyd clubs were singled out for special achievements awards by the Kentucky and West Virginia county fairs. The Spruce Pine Club on Mad Creek and the Maytown Club won first and second prizes, respectively. The awards were made by Claude J. Rice, executive of the county.

Represented at the event were the Bonanza, Cliff, Green, Allen, Harold, Spruce Pine, McDowell, Prestonsburg and Banner clubs. The contests were staged in the auditorium of Prestonsburg grade school.

Ribbons awarded contest winners here were provided by the Prestonsburg-Knox County Fair. First, second and third places were represented, respectively, by blue, red and white.

Results of the various contests follow:

Illiterates Do Not Go to School

It is heartening to see the public, as well as those to whom education is a profession, becoming disturbed by the pitifully high rate of illiteracy in Kentucky.

Although this illiteracy rate may be a bit surprising, inasmuch as it is reflected in the number of men rejected for military service because of illiteracy and since it is possible that some individuals are doing a possible job of learning remedial in order to avoid a star in the armed forces, it still is obvious that Kentucky has failed, and is continuing to fail, in the field of education.

The figures are at hand now—the total of the school census, the enrollment of all schools, the average daily attendance, the number of teachers and the percentage of these teachers who have only an "emergency" classification. Even the matter of taxes and assessments are there before all who would wonder the question. But the figures do not tell the story; mere statistics and theories for all their worth to the student of this sad situation, only serve to becloud the issue in the minds of the rank-and-file.

Whatever the cause we need to get qualified teachers and supply good buildings and efficient transportation.

Here will remain our fundamental which is every other consideration. Almost without exception, the child who does not attend school will be an illiterate; and he will be, almost without exception, an illiterate.

It is given even only light exposure to education in any classroom, however poor its teacher or appointments may be.

In Boyle county, for instance, where the tax rates are good, emergency teachers are few, the amount of money per pupil is adequate, and where good roads reach every community, the illiteracy rate is 32 per cent—almost as high as in Pike county.

It is unfortunate that the state Constitution prohibits this commonsense approach to the situation, the next step is to repeal or amend that section.

Let us hope the matter of the crippling section is so worded and submitted to the voters at the next election that there will be no doubt in the minds of the electorate to defeat its high purpose.

Fix the Responsibility by Law

THE TIMES hopes the General Assembly wants a minimum of time in enacting a bill to control destruction of coal resources through strip-mining operations.

This is not to promote legislation which would place too great a burden on the industry; instead, we contend the man or group of men who profit from the soil owe something to the public, whether they be coal operators or farmers.

Some operators already are repairing land damage. Those whom the law will force to do so as much as they who recognize their responsibility.

Says How 'Is Time For Next Summer's Fly Control Plans

Now is the time for summer fly control plans for communities. By making plans according to S. A. Lacy of the United States Public Health Service Communicable Disease Center, Lexington, Kentucky State Department of Health, it is still possible for communities to get their bid in for use of the squares and trucks available on loan, for that purpose, he said.

However, Mr. Lacy pointed out that the spray equipment is most practical for use in towns of 5,000 or more population. Hand spraying is possible in smaller communities, he explained.

Prestonsburg has considered a spray attachment to control flies and other pests, particularly in the business section, Mayor Curtis Clark said last week. Its use, however, would necessitate frequent window-washing, it was said.

Eliminating flies is "highly desirable and necessary" as they are carriers of many diseases, including shigellosis and dysentery, Mr. Lacy said. It is the sixth leading cause of infant deaths in Kentucky and in 1948 the state had the fourth highest infant diarrhea death rate in the nation, Mr. Lacy added that fly control helps on good sanitation and that a spray program is highly supplemental.

In order to obtain use of the fly spraying equipment, communities must first formulate a spray program including adequate garbage collection, waste disposal and other sanitary measures. Further information is available from local health departments or Mr. Lacy at the Kentucky State Department of Health, 620 South Third Street, Louisville.

Forest Fire Interrupts Rural Electric Service Of Licking Valley Co-op

West Liberty, Ky. — A forest fire interrupted electric service to more than 1,500 rural customers for four days Sunday and Monday of this week.

Fred Rose of West Liberty, manager of Licking Valley Rural Electric Co-operative Corporation, said approximately one third of the co-op's 5,000 customers in Washington, Morgan and Maslin counties were affected by the power failure.

Rose said the fire, in Breathitt and Perry counties, destroyed a wooden pole of the Kentucky & West Virginia Power Company, which carries the transmission line that feeds power to the co-op substation. Rose said that shortly after 10 o'clock the pole snapped.

The co-op, which has 1,300 miles of line in the four counties, said the only physical damage was to the power company, but loss to the co-op was expected to be fairly high. Many of the co-op's customers were expected to be affected, Rose said, having electric lines which were cut off by the failure.

Rose said service was off to about a third of the co-op's customers from 4 p.m. Sunday until noon Monday when the service was fully restored. All the customers who were out for a short time until straight now and have expressed their appreciation for the service. That's a terrific clip in any league.

And Russ Humley is one big reason why.

Humley has been running as one of the center scores a tip-in or shoots his remarkable hook shot, the center help but catch and hold.

He can hold his own in controlling the boards now and that's one big reason why the Southern team is doing high.

They have won seven games straight now and have expressed their appreciation for the service. That's a terrific clip in any league.

**INCREASE DENIED**  
Assistant Attorney General M. B. Holfield held that the General Assembly may not make a second change in the rate of compensation allowed public officials under terms of the 1949 salary amendment to the Constitution. That amendment authorized one increase in pay to officials in office at the time.

Proposed beneficiaries were County Tax Commissioners—whose pay had been pegged by the 1950 General Assembly at a \$5,000 ceiling. The 1952 General Assembly cannot make a further change in this base, Holfield held.

## GROWING

Here's what we did to meet Kentucky's telephone needs during 1951...

Installed 61,428 New Telephones for a gain of 22,206—5,040 of them in Rural Areas

Installed large amounts of new pole lines, cable, switchboards and other facilities.

GOOD and GROWING telephone service is essential to National Defense and to the growth and progress of this state. The needs are huge. The job is great and costly. But progress has been fast and sure. Some materials are scarce, but we'll get along with the job in 1952 with the same determination that has doubled the number of telephones in 8 years. — Southern Bell Telephone and Telegraph Company.

**Fertilizers To Be Short; Should Be Ordered Now**

Frankfort, Ky. — Most commercial fertilizers will be in short supply this spring and farmers who have not ordered what they will need had better order right away. That is the warning given by the State Department of Agriculture today.  
 Fertilizers with a high potassium content will be especially scarce, the statement said. Most of the materials formerly available for fertilizer have been taken over by the defense program for the manufacture of powder and other uses.

William Whitley built the first brick house and laid out the first race track in Kentucky. He was killed at the age of 69 in the Battle of the Thames.
