This Town That World

Head a dentist complaining, the other day, he had to see this vacation and get back to the grind.

AND SHE CALLED HIM A TYPE! One type of these days who make a stab at some at all-around transportation - writer, composer, painter, actor, and so on.

He made ready to register an impression at her of the same time, wondering if she was a type. He said he had a decision on the task of winning her but at last she made him at home. He was ready to register an impression at her of the same time, wondering if she was a type.

MARTIN PREPS FOR PAGEANT

Legion Post Doubles Cash Aid by Churches; Rehearsal Date Told

Preparations continued in the town of Martin this week for the first time of the Passion Pageant on Easter Sunday and the American Legion here has contributed as it had prepared, double the amount even by all Martin churches to the success of the undertaking.

It was announced this week that the pageant will be presented at 2 p. m. Easter Sunday, instead of Easter morning. This change in the hour was made to permit residents of the town to attend the pageant without interference with Easter services in their churches.

Work on the stage began Tuesday. The help of volunteer workers is being asked. The pageant will be staged in the rolling bottom at the rear of the junction of the Right and Left Beaver branches, a mile outside of Martin.

Radio publicity will be given Tuesday. The help of volunteer workers is being asked. The pageant will be staged in the rolling bottom at the rear of the junction of the Right and Left Beaver branches, a mile outside of Martin.

FATHER, SON ARE WOUNDED

Gomer Little Injured in Shooting of Two At Melvin, Sunday

Two men were wounded, one seriously, early Sunday night on a road near Melvin, in an attempt to apprehend a party man who had pulled his treacherous Minnesota wire in vote.

Sal Johnson, 39, was the shooting in the chest and his son, Elmer Johnson, 23, in the leg by Gomer Little, their neighbor. Pellets from Little's shotgun struck the chest of Johnson's lungs. It was said, and his condition is considered serious. Both men were taken to a hospital in the town of Melvin.

Deputy Sheriff Willie Johnson said the shooting developed from an old grudge between Claude Johnson, another son of Sal Johnson, and Little. He said Little was severely beaten, some time ago, by Claude Johnson who was charged with a knife.

GOP CAUCUS TO SELECT CHAIRMAN

Party Leadership At Stake in Meet Slated Saturday

The Republican party's leadership in this county will be decided at the courthouse here Saturday afternoon, with a wide-open race for the county chairman post in prospect.

The caucus, which will convene at 1 p. m., will form the party's organization for the next four years. As many as four candidates for the chairmanship were seen as possibilities this week, with none assured the required majority vote on April 1.

G. O. P. caucuses have in recent years been rather tame affairs, but this year is expected to be the opposite. Interest in party affairs is heightened by Republican hopes of a victory in the coming Presidential election.

This week, a drive for Eisenhower was planned over Kentucky, with two candidates, C. F. Tavelle, of Virgie, and W. Howes Meade, former Congressman, of Paintsville and Lexington-leaders in the movement.

A shift in sentiment from Senator Taft to General Eisenhower has been noted here since the national election. The party man said, "I might as well get on the bandwagon" and he pulled his treacherous Minnesota wire in vote.

Meanwhile, the Democratic party locally maintains a watchful-waiting attitude. There is no Truman enthusiasm, but he will be the nominee if he becomes a candidate. There has been no organization of the party for any other potential Democratic nominee.

The Democratic party holds its annual convention in the Presidential election. Democratic delegates to the national convention will be named here at an executive committee meeting.

League of Taxpayers Purpose of Meeting Set Here, April 5

Dr. Edward Leslie announced this week that a Tax-Payers League is being formed over the county. Its purpose, he said, was not to persecute anybody but instead to acquaint the taxpayers with the facts as to where and how their money is being spent and to encourage the people to take a keener interest in the movement of the fiscal affairs of their county.

A public meeting will be called for 10:30 Saturday morning, April 5. All taxpayers who are interested in knowing where and how their money is being spent are urged to be present at the courthouse in Prestonsburg.

SHERIFFS GET FEE INCREASE

In Final House Action; New Fees To Be Listed As Expense Of Office

Frankfort, Ky., March 21.—In its action of the 1952 session, the House today passed and sent to the Governor bills—three of them raising the fee of sheriffs.

The bills, which would provide fines and costs for persons trespassing on public lands, property and would also provide for the sheriff's fee to be increased to \$100 a year.

FLOYD CANCER COAL, \$1,092

Drive in This County To Begin on April 1st; Education Is Big Aim

Floyd county's goal in the 1952 Cancer Crusade has been set at \$1,092, the same figure set for last year.

Miss Mary Elizabeth Powers, county drive chairman, said that the American Cancer Society campaign for funds will begin here April 1.

She disclosed that the national goal was \$1,000,000. The funds will be used to support broad programs of research service to cancer patients and public and professional education.

April again will be designated National Cancer Control Month by Presidential proclamation and act of Congress. A little more than \$100,000 was contributed to the 1951 Cancer Crusade.

Miss Powers said that the educational messages distributed by Crusade solicitors will carry important messages to the public.

HIBBINS LOSES BID FOR BOND

Circuit Judge Holds Chamber Hearing Here; Sayer Berates Wife

Wesley Hibbins' second bid for a bond under bond in the \$100,000 case of the state of Kentucky was denied Monday by Circuit Judge Edw. P. Hill.

The circuit judge's action supports that of County Judge Henry Stumbo at Hibbins' examining trial, a few days after the hearing.

Some of the relatives of Thompson were said to favor Hibbins' release, saying that they did not want to prosecute him. But Mrs. Ada Stanley Hibbins, wife of the accused man, appeared as a witness.

At the hearing, held in chambers, Mrs. Hibbins told of cruel treatment she and her children had suffered at her husband's hands and recounted details of Thompson's death.

In a tense scene here he had given her testimony Hibbins' bitterly berated his wife, a court official said. She fled out for divorce, days after the killing.

HILL ORDERS NEW JURORS FOR APRIL

Pike Lawyer's Challenge Of Jury-Filing Results In Re-Filing of Drum

A lawyer's challenge of the petit jury panel here Monday morning resulted in the discard of the entire list drawn for the April criminal term and also the emptying of the jury drum of names of prospective jurors.

The drum was re-filled, Tuesday afternoon and a new grand jury drawn by Circuit Judge Edward P. Hill Wednesday morning.

When Judge Hill found the challenge of the jury justified because a juror was not a taxpayer he assumed, he said, that other names on the list could be challenged on the same grounds at the continuing criminal term, resulting in continuing the case.

He announced his decision to start all over again and named Frank E. Harmon, of Westmoreland, W. Va., of Allegheny and Norman A. Allen, of Prestonsburg, jurymen to supply the drum with names taken directly from the books of the county that there would be no challenge to that term.

The panel was challenged in the case of the Watters-Ritter Company against the State of Kentucky, the defendant's attorney, Francis D. Burke, of Knoxville, taking the petition.

Names of jurors drawn by Judge Hill from the new list will be: Ernest T. Greer, Duff, James Gayheart, Sr., Hueyville, James Hancock, Trans, Sam Barnham, Martin, Harry T. Hill, Cliff, Pet Seligson, Homer H. Combs, Earl, John Martin, Hueyville, Mont Gibson, Leaning, Edward, Martin, Hueyville, W. W. Campbell, Prestonsburg.

MANY BRAVE HEAVY RAINS

To Attend Conference Of Freewill Baptists During Past Week-End

Despite heavy rainfall and flooded streams, the Floyd County Free Will Baptist quarterly conference, held Saturday and Sunday at the Lane church, drew large congregations. Presiding officers at the conference were the Rev. Douglas Burkett, of Mill, and the Rev. Randall Goble, Wheelwright, assistant moderator.

The introductory services were delivered by the Revs. Charles Iron of Letcher county, and Bird Webb of Lawrence county. In this, business session 21 churches reported by letter, and their contributions to the conference expenses and to the Orphan's Home totaled \$1,056.96.

The Saturday night services were preached by Revs. Luther Waller, Betty Layne and Randall Goble, Wheelwright and Sunday's closing services were by the Revs. Charles Howe, Prestonsburg, and Wilbur Wood, Paintsville.

Sixteen Floyd county ministers and 10 from other counties attended the conference.

NEW GARBAGE TRUCK READY

To Be Put in Operation; Mayor Says Less Expense In Labor, Etc. To Save

Prestonsburg this week was ready to put in operation its new garbage disposal packer, a truck which will haul six tons of such garbage as will be the truck currently in use, and do it without fuss, offensive odor or hint of unsightly cargo.

The \$500 vehicle has a completely enclosed body which is odor-proof, from which garbage cannot spill and in which the contents are always concealed. Its greater carrying capacity is made possible by use of a hydraulic press which crushes boxes, cans and other materials into a smaller volume.

As a result, the six trips a day made by the old truck will no longer be necessary. It was pointed out by Mayor Clark said, "One trip will do the work. And he added, three men can do the work of the four now employed by the Sanitation Department."

The disposal packer has a Ford cab-over-engine, and with reason will haul six tons of such garbage as will be the truck currently in use, and do it without fuss, offensive odor or hint of unsightly cargo.

Heavy Week-End Storm Damages Rural Roads

The sudden down pouring of rain that descended upon this section of the county last night left the mountain's rural roads in a state requiring extensive repairs, according to Judge Henry Stumbo.

A new section of road on Little Paint, only recently built, was blocked by a culvert failure near the Joe Sprung residence, and the sinking pier of a bridge at the mouth of the Sprung fork of Middle Creek stopped traffic there. There were earth slides on Turkey creek, one on the Buck's branch road, two on Mill creek and Cow creek. An earth slide on Spruck, Left Beaver, has removed and the county road maintenance crew is at work removing them.

There possibly were other slides of earth removed by community effort. Mr. Clark said the truck was the object of much interest in practice every town through which it was brought en route here for repair. He described it as the most modern equipment in use for garbage transport.

When you step over the threshold into the large living room of Cord Lewis' home on Marek Creek the present slips away, and you are far back in time, a century or more.

A great clock has long since ceased to toll the hours, although the pendulum continues its swing. Time here stands still, and cries no hours nor years.

White-Pieratt Families In Auto-Train Smashup

N. N. White, Jr., and his father-in-law, Steve Pieratt of Mt. Sterling, are in a Mt. Sterling hospital, the result of injuries received when the White car driven by Pieratt, collided with a train near Valdosta, Georgia, Thursday, March 20.

The White and Pieratt family had returned from the chapel of the winter trip, and were returning home. Upon approaching Valdosta, after about a day's drive in this area, the car failed to see a freight train at a crossing. The car was demolished, according to reports.

Dorina Ann Meade, a grand-daughter of the Whites, was injured, but White and Pieratt suffered broken ribs. Mrs. White had several head cuts and it was necessary to perform minor surgery on Mrs. Pieratt forehead.

SCHOOL BUS DAMAGE \$500

Driver's Son Injured After Bus Is Wrecked; Vandals Enter School

Venice Hall, son of a Garrett school bus driver, is in jail here, charged with auto theft after he wrecked the school bus which he drove away from his father's home, Saturday night.

Damage to the bus, which was wrecked at the mouth of Ball Branch of Jones Park, was estimated at \$500.

The driver of the bus, left his home to go to Ashland and placed keys to the bus in custody of his family, so that it could be moved if rising waters threatened it. After his father had gone, Venice Hall got drunk and, he said, "just decided to take a ride."

The sunnights, the school at Bosco was entered, window panes were broken, lights torn out and books thrown

BETSY LAYNE CHAPTER
By Orville Hall, Reporter

Our chapter has been of service to the school and community in the following ways:

1. The Betsy Layne Chapter of Future Farmers of America, recognizing the need for more wholesome recreation in our community, purchased a softball field just above the grade school building. The field was filled in and leveled with hoes, and stumps at first. As a final touch, the field was dug and rolled and then marked off with lines. The field has been named "Yauker Stadium" in honor of the young champion New York Yankees baseball team. A huge sign bearing the words "Yauker Stadium" can be seen near the top of the screened lock-up.

2. Our chapter has constructed picnic tables for use by the public. One of these tables is being set up near Banner on U. S. Highway 25. The other table is being placed on the school picnic grounds at Betsy Layne for the convenience of the school and the community. We also plan to construct a barbecue pit at this location soon.

3. Our chapter built three sewing tables, a dozen rack and utility shelves for the Home Economics department of Betsy Layne High school.

4. Our chapter built a combination revolving bulletin board and bookcase for the Betsy Layne school church.

5. The chapter has served as a school repair crew, repairing door locks, repairing and water fixtures, extra appliances and desks, broken window panes, and various other jobs around the school.

6. The chapter has assisted in the interior painting of the high school building. A large portion of the painting was done by our members.

7. The chapter installed playground equipment for the grade school. The equipment consisted of swings, parallel bar, and seesaw.

8. Our chapter has provided trees and much several sets of lawnmowers in the community.

9. One cubic foot of bituminous coal was donated enough electricity to operate a refrigerator for 93 days.

A quarter-billion tons of coal have been produced in Missouri since 1929.

Farm NEWS and WINES

By HAROLD B. RICE, Floyd County Agent

Now is a good time to prune grapes and fruit trees. The danger of severe freezing weather is past and only part of the wind of type that has been winter killed can be cut out. Grapes not killed can be cut out if they are pruned on a cold day. However, there is not any proof that bleeding is harmful to the vine anyway.

Vigorous growth of a newly set vine is promoted by removing all canes but the strongest and clipping that back two or three buds. If only moderate growth has developed the prevailing practice is to cut back the vine again severely, leaving only two or three strong buds on the best cane. These produce shoots that will be used the following year to form the permanent trunk of the mature vine.

There are many different systems of pruning grapes and they all have the same purpose in mind, namely to distribute the vine, so it will be easier to spray the vines so that it can be protected from insects and diseases, and to make the fruit mature properly and be easier to gather.

Most of the vines in this country are old tangled vines. The best way I know to prune them is to cut each cane back to two buds. If there are more than two trunks one of them can be cut out completely.

Bold Ideas make Hudson today's best car!

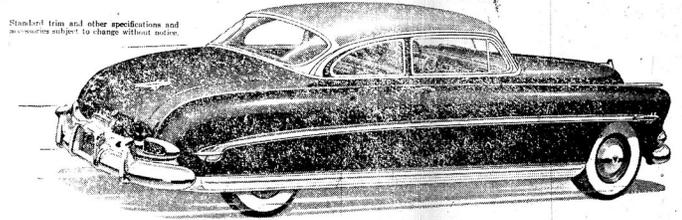

Idea! Give Hudson owners the most road-ready cars ever built by putting Hudson's base frame outside the passenger compartment and recessing the floor down within the frame. Thus, Hudson "step-down" design permits lowering the entire car to give America's lowest center of gravity.

Idea! Bring Hudson owners the industry's most alert power. Step up compression with advanced, simplified design. Install oversize bearings, reinforced crankcase. Increase lubricating and cooling areas. Electrically balance engines after assembly.

RESULT: Performance Unlimited and stock-car championship for the Hudson Hornet!

Idea! Build Hudsons so they outlast any other car. Make Hudson's body and frame all in one steel Monobilt unit with 5,306 permanent welds. Use high-alloy metals throughout, such as chrome-alloy cylinder blocks—the toughest in the industry—for longest engine life.

RESULT: Hudsons stay young longest.

Idea! Provide safety beyond anything known in motor cars. Take Hudson's lowest center of gravity—a big safety factor—add box-section steel girders completely surrounding the passenger compartment, even outside the rear wheels. Add to this the industry's only hydraulic brakes with a reserve mechanical system on the same pedal.

RESULT: America's safest car!

Idea! Develop the newest in hardtop styling for sedans as well as coupes. Increase glass area to provide the open look of a hardtop. (No loss of rigidity, thanks to Hudson's Monobilt body-and-frame*). Design gleaming bright-work and further enhance Hudson's brand-new styling.

RESULT: Hudson-Aire Hardtop Styling at standard sedan and coupe prices.

Pike Miner Killed, 2nd Seriously Hurt

Pikeville, Ky., March 26—A coal miner was killed and another injured seriously early today in a slate fall at Lookout, on Marrowbone Creek in Pike county.

Francis M. Bowling, 25, a slate miner, died almost instantly. W. O. Bevin, 40, a coal loader, suffered a broken ankle and injured back. He was taken to Methodist hospital here.

The men were employed at the Sunset Solvay Division Henry Clay No. 2 mine.

Bowling's death was the eighth mine fatality this year in the Big Sandy-Tug River area.

Beaver Valley Club's 2nd Anniversary Observed

The Kiwanis Club of Beaver Valley celebrated its second anniversary with an inter-club meeting Monday evening, March 17, at the Wheelwright Community Hall. Visiting Kiwanians and their ladies from Prestonsburg, Pikeville and Jenkins were present.

Speaker of the evening was Rev. Hayden Iglehart, of Jenkins. Special music was furnished by The Invaders, of Wheelwright.

Co-Op Members Make Use of Organization

Southern States Cooperative patrons made the greatest use of their organization in its history during the first six months of the 1951-52 fiscal year. R. G. Roop, director, Petroleum Services of Richmond, local members at their recent annual board meeting in Paintsville.

Locker volume was up over \$9,000, or 15 per cent over the first six months, Roop reported.

"A higher price level accounts for some of the increase," Roop said, "but the substantial growth reflects, for the most part, increased use by farmers of their organizations' services."

Approximately 50 members of local boards and advisory boards attended the meeting. Friends present were Oden Stewart, Homer Nealey, and Wallace Callahan, all of Prestonsburg; Joe Bruner and Harry Baskette, both of Clint; Billie Morris, Bonanza; J. L. Gunnick, Emma.

Eastman Foley of Russell county produced cockles which weighed 3 1/4 pounds at eight weeks on seven pounds of feed; they are the Arbor Ace White Rock Cross variety.

It is estimated that 40,000 chicks will be brooded in broilers this year in Elliott county.

Not Sensational— and Not Bad

THERE was nothing of the sensational about the late session of the General Assembly, but it achieved some good which overbalances its sins of omission or commission.

Deftly guided by Governor Wetherby, the Assembly enacted a registration and pardon law which a previous session had fumbled, whether intentionally or otherwise. This was a move forward in the field of good government and honest elections.

The Governor's interest in humanitarian problems was reflected in the creation of a Youth Authority in the Department of Welfare and a new Department of Mental Health. The problem of alcoholics also received state attention, as it should.

On the debit side of the ledger is the Assembly's refusal to enact legislation which would force strip-mining firms to repair damage to the soil done by their operations, or to pay a forfeit. The bond required was not high, its payment would not have been ruinous as argued by those caring more for private earnings than the public good, and the task of rehabilitating bulldozed ground would have been for them no greater than that already undertaken voluntarily by some responsible operators.

The Legislature was probably prodigal with public funds as it raised official salaries, and gave some county officers higher fees, beginning with January 1, 1951, at the expense of individuals involved in litigation. Sheriffs, for instance, will be paid seven cents a mile for serving papers on litigants in both civil and criminal cases, this cost to be borne by the parties to the action. But the solution to all such matters affecting officials and the public can never be satisfactorily adjusted until the venal fee system is abolished.

Neither the Legislature nor the Governor can attain the ideal of being all things to all men. Some of us cannot but be irked by random bits of legislation. But, on the whole, Kentucky did not suffer at the hands of these elected representatives of the people.

And, let this not be forgotten—the Assembly adjourned in broad daylight, without the usual saturnalia.

MINNIE

Mrs. Tiny Thomson has returned to her home in Fairfield, Iowa, after a month's visit here with her parents, Mr. and Mrs. Joe Stumbo, and sister, Mrs. Delmer Hall.

The Minnie 900 Club met for the regular meeting at the club house, Friday night. The business session consisted mostly of ways and means to raise money for the club project. Refreshments of sandwiches, potato salad, soft drinks and pie were served to the following members and guests: Mary Daniels, Ruby Hughes, Betty Salber Edith, McSurley, Vida Stumbo, Lizzie Daniels, Sylvia Daniels, Imogene Daniels, Dorothy Moore, Elsie Sue Lawson, Betty McSorley, Gladys Anderson, Elsie Sanders, Eugenie Martin, Violet Hall, Judy Anderson, Judy Daniels, Rose Mary Moore, Wilma Payne, Rose Caroline Sanders, Horie More and Master Dwight Salber.

Mr. and Mrs. Dewey Stumbo were Sunday dinner guests of Mrs. Fannie Collins, at Prestonsburg.

Marion Moore and Rev. Mitchell Chaffin attended church services, Sunday, at Wilson's Creek.

Mrs. Ann Gibson was the all-day guest Sunday, of her sister, Doll Silsbury.

Miss Deana Moore was the weekend guest of Miss Marcelle Hall.

Tuberculosis Claims Printer Man Who Was Sufferer for 12 Years

Okey Williams, 39, of Printer, died Friday, at the Beaver Valley hospital, a victim of tuberculosis. He had been ill for 12 years, and was at one time, in a tuberculosis sanatorium, in Louisville.

He was the son of Tom and Tona Moore Williams and the husband of Ida Stumbo Williams, teacher of Salisbury. He was a miner and a few years ago was a well known baseball player for the "Sandy" League.

He is survived by his parents, wife, and the following children: Jaime and Jean, twins, and Mary Francis, all at home.

The following brothers and sisters also survive: Miss Bonnie B. Williams, McDowell; Willie D. Williams, McDowell; Mrs. Woodrow Wain, Waparka; Mrs. Arnold Hughes, Drift; Ed Williams, of Texas; Noah Williams, McDowell; Mrs. Galin Stone, McDowell; James Williams, Wayland; Mrs. Aileen Tackett, McDowell; Clifford Williams, McDowell; and Mrs. Emma Lou Story of McDowell.

Funeral rites were conducted Monday, March 24, at the Salisbury Regular Baptist church, the Rev. Hawk Moore, Banner Manie and Mack McCord, officiating. Burial was in the family cemetery under the direction of Hall Brothers Funeral Home.

Kentucky mines produce 45 per cent of the nation's bituminous coal.

Mrs. Fanny May Dies At Martin Hospital; Rites Held Wednesday

An illness of three weeks resulted Tuesday morning at 1:20 in the death of Our Lady of the Way hospital, Martin, of Mrs. FANNY MARTIN May, 59, of Allen, member of a well-known Floyd county family. Heart disease was given as the cause of death.

A native of Allen and a lifetime resident of that community, she was a daughter of the late Wesley L. and Minnie Leslie Martin. She had been a member of the Methodist Church since childhood. Surviving her are one daughter, Miss Martha May, and one brother, Wesley N. Martin, both of Allen.

Her funeral was conducted at 2 p.m., Wednesday, from the home of her brother, the Rev. Isaac Stratton officiating. Burial in the family cemetery at Allen was under the direction of the Carter and Callihan Funeral Home.

Retired Miner Dies Friday at Wheelwright

Charles Edward Green, colored, 66 years old, died Friday at the home in Wheelwright of his six-year-old wife, Mrs. Katherine Smith. He was a native of North Carolina and had resided the last 19 years at Wheelwright, where he formerly was a miner.

Funeral rites were conducted by the Reverend Jones, and burial was made at Wheelwright, the Arnold Funeral Home directing.

CAPITAL ROUNDUP

UNDERWOOD TO SPEAK
Senator Thomas R. Underwood will speak at the third annual Governor's Highway Safety Conference in Louisville April 9. Charles B. Jones, executive secretary of the Governor's Highway Safety Committee, announced. Assistant General Jesse S. Lindsey and Attorney General J. D. Buchanan were also named as speakers. Nearly 10,000 motorists to be on the road are being urged to curb government, school and club leaders throughout the state.

ARSONIST APPOINTED
A. Y. Aronson, former managing editor of the Louisville Times, was named by Governor Wethers to head the Kentucky Fire Safety Commission. A 30-member commission will be named by the Governor and will present a large number of Kentucky cities, industries and business groups.

BRIDGE PLANNED
The Department of Highways announced that bids for a bridge over the Cumberland river to replace the one above Chattanooga Falls will be received April 11. The bridge will serve traffic on State Highway 90 connecting the U.S. 41 and U.S. 47 and will connect Whites and McCreary counties. Henry Wood, commissioner of Conservation, said the bridge will be built on the natural slope of the park and will be a big addition to the area.

DORAN CHOSIN
Dr. Adair Chosin, director of Teacher Training in the State Department of Education, was chosen as secretary of the State Council on Public Policy Education.

GREEN PASTURES TOUR SET
Kentucky's second annual Green Pastures Tour has been set for the south central part of the state April 22-24. Kentucky leaders in agriculture, business, government and industry will make the tour to observe progress in developing good pastureland. A similar tour last year went through western Kentucky.

RESERVATIONS AVAILABLE
Ward announced that reservations are available at all State Parks, despite rumors that have been circulated that some of the parks are booked up for the vacation season. He said he had heard reports that the new Kenlake Hotel had bid that factually, only a few reservations have been made.

REPS REPORTS
"Failure of a law enforcement official to act when he has knowledge of law violations is not to be excused on the ground public opinion is opposed to enforcement or apathetic on the subject," former Attorney General William H. Rees said in a recent sheriff's contest case filed with the Secretary of State's office.

Rees set by special designation of Governor Wethers to hear the case or proceedings against former Sheriff W. W. Brackett, Henderson. Rees said he would consider the case. This week Wethers filed the record with the Secretary of State in which Rees recommended ouster of the sheriff.

BENEFIT MADE
The State Property and Buildings Commission has placed \$22,870 in a Park City, Ky., bank to buy three acres of land for a new road to Mountain Cove National Park on condition it is miles on deposit to pay for options if a lawsuit filed in Franklin Circuit Court holds that state money may legally be spent for its purpose.

The options were procured by Mountain Cove National Park Association. The law suit contends the proposed appropriation is invalid.

BUTLER-DAVISON NAMED
Governor Wethers named State Superintendent of Public Instruction Woodrow P. Butler and Dr. Philip G. Davison, president of the Southern Regional Education Board, to investigate an alleged membership of the body, while Butler and Davison served to positions formerly held by W. Harry and former State Superintendent of Public Instruction Maxwell B. Hedekin.

Exam for Applicants For Social Work Set At P'Burg, April 5th

A competitive examination to procure social workers for the Division of Public Assistance of the State Department of Economic Security will be given at Prestonsburg high school Saturday, April 5, at 8 a.m. Workers chosen through the examination will fill present and future vacancies in this Public Assistance district, which includes Floyd, Pike, Martin, Magoffin and Johnson counties. Robert L. Vessey, acting Merit System supervisor for the state, said in announcing the exam. A vacancy now exists in Johnson County.

Starting pay for the jobs is \$180 a month, plus travel expenses. Persons wishing to take the examination may obtain application blanks at their local State Employment Service Office, Public Assistance Office, School Superintendent's Office or at the examination center at the time the test is given. Applicants must be high school graduates and must have completed two years of college or two years of paid employment in a job requiring intimate contact with the public or a two-year combination of both. They also must be under 50 years of age unless they have had full-time, paid experience in social work. Veterans will receive a five-point preference on the examination and veterans with a disability will get a two-point preference. Qualifying applicants will get preference for vacancies in their home counties. Workers are required to travel and must have the use of an automobile.

The steel industry used 105 million tons of bituminous coal in 1951—an all-time power output.

Kentucky Businessmen To Hear Schuschning, Successor of Dollfus

LOUISVILLE, Ky., Mar. 21 (Sp.)—Dr. Kurt Von Schuschning, former Chancellor of Austria, will be the principal speaker at the dinner session of the annual meeting and Congress of Kentucky Business to be held at the Brown hotel, Louisville, April 3. Sheridan C. Barnes, Elizabethtown, president of the Kentucky Chamber of Commerce, announced this week.

An internationally-known statesman and authority on world affairs, Dr. von Schuschning became Chancellor of Austria after the assassination of Dollfus in 1934. He was one of the heroes of World War II, having been imprisoned by the Nazis from 1933 to 1945 when he was released by the Allied advance. Speaking on "The Challenge from Abroad," Dr. von Schuschning will discuss the present world situation and the international problems resulting from the cold war between Communism and the democracies. At the luncheon session of the State Chamber's annual meeting, Arch Booth, executive vice-president

of the Chamber of Commerce of the United States, Washington, will speak on "The Challenge at Home" reviewing the domestic problems and issues confronting business and the general public in the national level.

A. B. "Happy" Chandler, former Governor of Kentucky and recent Baseball Commissioner, will headline the afternoon program discussing "The Challenge to Kentucky." A panel of five leading Kentuckians will comprise a forum session on the subject, "Kentucky Meets the Challenge" and the Sloan Foundation's new television film, "Opportunity Unlimited" will round out the afternoon session.

"This annual meeting is not restricted to members," Barnes said, "but as his name implies—the Congress of Kentucky Business—it is open to all businessmen and their friends in the Commonwealth."

TIMES WANT ADS PAY

1952 ASSEMBLY FOLLOWED MIDDLE-OF-ROAD COURSE

By TOM SMITH

Kentucky's 1952 General Assembly held a middle-of-the-road course on political philosophy with business and agricultural influence making its felt through the session.

Notable during the General Assembly's session was that there were no measures approved which were seriously opposed by either business or agriculture.

Chief among those beaten measures was the Stovall Bill which took a sound defeat in the House of Representatives. Subsequent labor-endorsed bills which were passed were considered innocuous or were agreed measures worked out in labor-management conferences.

Educators considered approval of a constitutional amendment by the legislature the first step toward vast improvement in the state's school system. The measure provides for a vote on the amendment in November which would authorize the General Assembly to revise the method of distributing the state common school fund to the school districts.

Hard fought by the school people was a measure which sets December 31 as the birthday deadline for school entry for six-year-old children. Under a 1950 law, a child could not enter school if his sixth birthday occurred after September 1. The new law allows the six-year-old child to start school in September if his birthday is before December 31.

Another approved constitutional amendment which will be submitted to the people for vote in November would create an appointive gubernatorial cabinet. It changes from elective to appointive the offices of state treasurer, secretary of state, superintendent of public instruction, clerk of the court of appeals and commissioner of agriculture.

Some school people fear that this "short ballot" measure may hurt the chances of the education amendment in the November election.

Much of the legislation voted in the 1952 session was of the "housekeeping" variety and won quick approval. These were such measures as appropriations to maintain state functions and to grant pay increases for employees in keeping with living cost increases. Sheriffs came in for some pay boosts in three measures approved by the House on the final day.

Of major import was the redistricting bill cutting the State's nine congressional districts to eight. There was no serious threat to passage of the measure as proposed by the Weisby administration.

The wet-dry issue never came to a vote, although effort was made on the part of some drys to inject the issue into a bill to allow the sale of alcoholic beverages at race tracks.

This bill was to correct an oversight in a previous measure calling for revocation of liquor licenses of places where gambling is found.

WAYLAND

JUNIOR WOMEN MEET

The regular meeting of the Wayland Junior Women's Club was held in the home of Mrs. Jack Hammett, Monday evening, March 17. Mrs. Edgar DeCoursey presided. Mrs. DeCoursey read the requirements of a 100 per cent club and a discussion followed as to what the club needed to do in order to attain that high standing. There was a report that Misses Anna Belle Fain and Fay Petry would attend the state convention of the General Federation of Women's Clubs in Cincinnati, in June. Mrs. Hermon Harmon reported that reservations had been made for Mrs. Roy Martin to attend the national convention at Minneapolis.

Miss Anna Belle Fain gave her report on the "caution" light the club is trying to obtain to help solve the traffic problem of Wayland. Members also voted to send their orphan at the Beulah Heights Orphanage an Easter gift, and to change the meeting hour to 7:30 p.m.

A dessert course was served to Mesdames Henry Fultz, De Sherman, Charles Adkins, Hermon Harmon, Faith Wright, Esley DeCoursey, Roy Martin, Misses Anna Belle Fain, Fay Petry, and Hostess Mrs. Jack Hammett.

The next meeting will be in the home of Mrs. Edgar DeCoursey, Monday evening, April 7.

SOIL CONSERVATION

By L. R. JOHNSON
Soil Conservation Service

Charles L. Akers of Preter Creek has had a wet field for all these years. Last week, Mr. Akers' two sons, Curtis and Clarence, put in 400 feet of tile. Less than 24 hours later, the wetness disappeared. The field looks dry now, and the family is pleased with the job.

The grade lines were staked by the Soil Conservation district. Floyd county farmers who have tile on the field and who will through in use change their wet land to dry in the near future are: Ransom Greer, near Ponnanza; Joe Hicks, Blue River; Therman Newman, Drexel, and Grats Elkins, Little Point.

DEAN, SCOUT EXECUTIVE, ADMIRES COURAGE OF YOUNGSTER IN HOSPITAL; SIGNS HIM UP AS A CUB SCOUT; CLUB HERE TO HELP BOY

Scout Jackie Galt, of Elkhorn City, and Scout Executive John Dean are shown assisting Cub Scout Rogers in his achievements while the youngster was a hospital patient.

Tom-year-old Burns Dean Rogers, of Osborne, this county, is an outstanding example of the 12th Scout Law—"A Scout is brave".

Burns Dean suffered a serious fracture of the thigh which required surgery at the Methodist hospital, Pikeville, recently.

His roommate was John Dean, Scout executive for Lonesome Pine Council, who was convalescing after an emergency appendectomy. Dean reported that the boy showed no fear whatever of the penknife.

He administered every six hours to keep down the possibility of infection. He was a model patient, and won the praise and respect of the Scout Executive who supplied him as a Mini Cub Scout while the two were in the hospital.

In recognition of the courage shown by Cub Scout Rogers in his determination to overcome his handicap and walk again the Lonesome Pine Club of Prestonsburg will supply him a Scout uniform.

Bank Goldberg, of the Cleveland Business, said of him "This boy has one of the finest tempers I know in our whole system. He has an excellent change of somebody making our varsity."

MUCH COOL! Ohio with an area of 41,212 square miles contains 4,317 million tons of recoverable coal—the most for every square mile.

Among the professional baseball players heading south to get in playing condition for the tough season ahead is Harold Conn, of this county, who is a member of the first Eastern League.

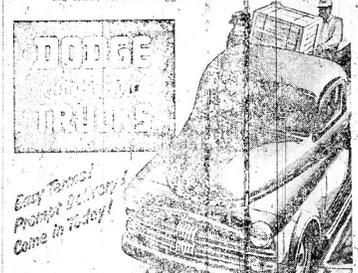

Had he been commonly known in professional baseball circles, entered the Cleveland Indians organization two years ago with Green Bay of the Wisconsin State League, and since that time has been moving closer and closer to his objective—Municipal Stadium in Cleveland.

The big six-footer is one of the most promising boys ever to come out of this section. General Manager.

Large Labor Supply Available in State

FRANKFORT, Ky., Mar. 25 (Sp.)—Kentucky is equipped to supply workers for a considerable expansion of manufacturing activity, L. P. Jones, director of the Employment Service Division of the Department of Economic Security declared today.

Jones estimated there is a current potential labor supply of 167,500 unused or underused workers for industrial jobs in the State, including 146,000 men and 85,500 women. He said this potential labor supply is relatively larger in low income areas than in more affluent sections.

He added that large supplies of labor could be recruited in mining areas due to economic illness of the industry and low income status of the non-mining work force.

"There is little doubt that the welfare of many Kentucky citizens would improve if they were able to shift their employment from low income farm jobs to higher-paying factory jobs," Jones continued. "At the same time the economic base of Kentucky would be broadened and a greater contribution made to overall national output."

If factory jobs were sufficient to absorb our surplus and trained groups of workers then manufacturing in Kentucky would approach the national average which is about 20 per cent of the total population.

Coal miners in Pennsylvania earned less than \$2.21 per hour during 1951.

KENTUCKY ON THE MARCH
By EWING GALLOWAY

Mrs. G. who is the traveling half of the family, writes from Ciudad Trujillo, Dominican Republic:

"This city of 200,000 has fine streets, very modern buildings, excellent schools, a university that any country would be proud of, theaters, hospitals and look-alike clean and sanitary as any city you ever saw.

"I took a 110-mile tour into the country, and there I saw farming, dairying, horticulture as good as any in the United States. There are fine roads and many more being built. In the city pure milk is given to the poor. New homes with running water and electricity are being built as fast as possible, and they rent for \$23 a month. And the little republic owes the United States not one cent.

"Trains may be a dictator, but every backward community in Kentucky needs somebody like him. She means, of course, that backward-minded Trujillo's kind of leadership, without dictatorship.

Wherever you find a leader you see progress. That truism is as old as civilization. Show me a leader and I'll show you progress if the leader has been in one place long enough to get going.

A dictator tells his subjects what to do. It can be a benevolent despot or a dirty tyrant. In this country nobody can be a despot. One can only lead in the wrong direction. Usually backward localities, and sometimes our state, suffer from weak leadership or no leadership at all. Many communities have no leadership at all.

Not long ago I told you what Progressives had done with Clarence Brown, a carry-over living two miles from here on his farm.

A community center with an auditorium big enough to seat 3,500 people, a stage for concerts, plays, was built with money raised right there in Providence. Practically all materials were supplied wholesale and much of the actual labor was free. That recreation center "was built for \$25,000. If done by commercial contract it would have cost \$100,000."

Another fact worth noting is that Providence tackled one simple objective. One job at a time. Now the next civic project should be easier than the first one.

HALF OF KY. IS IN FOREST

Newland Article Cites Bad Timber Management, Need for New Industry

Nearly one-half of Kentucky's total land area—11,400,000 acres—is forested, according to an article appearing in the March issue of Kentucky Business, official magazine of the Kentucky Chamber of Commerce. Surveys just completed by the Central States Forest Experiment Station and the Kentucky Division of Forestry reveal that the State has twice the volume of saw-timber estimated in previous reports.

"The article, written by Harold B. Newland, Kentucky State Forester, sets the total volume of Kentucky sawtimber at 24.5 billion board feet. "The average volume of sawtimber on each acre of commercial forest land varies from 187 board feet in central Kentucky to 2,349 board feet in western Kentucky," the article relates, adding that eastern Kentucky timber lands average 2,400 board feet per acre. "The average volume of growing stock on each acre of commercial forest land is 849 cubic feet in central Kentucky and 689 in the western part of the State."

Altogether, there are more than 70 native species of trees in Kentucky, of which at least 50 have commercial value. About 85 per cent of the State's hardwood is hard-wood," the article continues.

The story points out that most of the commercial forest area is badly undervalued. "The average volume per acre should be perhaps 10,000 board feet, which is from 7,000 to 8,000 board feet more than it now contains. Notwithstanding this, Kentucky Business reports, the State is growing timber faster than we are using it—but too much of the excess growth is the wrong species, form, or size. "We have twice as much sawtimber as we thought we had, but much of the extra volume is in sizes and species which today have only limited use or markets in the State."

Revelant clues in the article that good protection and management of timber lands can multiply growth rate and quality of Kentucky timber and the closer utilization of each cuavert; much of the low grade material to products of value. "There are enough examples of good forestry scattered throughout the Commonwealth to show that the practice of forestry—the growing of trees, is sound business. True, Kentucky does not have large areas of fast growing pine timber like some of her southern neighbors, but we do have valuable hardwoods and some of them grow very fast."

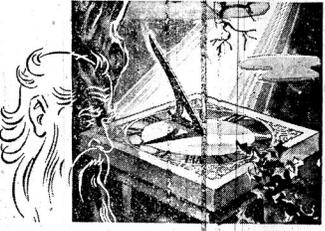

The article contends that there is a need for new industries in the State which can utilize inferior timber material at a profit. Specifically, the story points out the need for pulp mills which would manufacture paper and paper products from Kentucky's timber.

ABBOTT ROAD

A surprise party was given in honor of Mrs. Menifée Whitaker, Tuesday, March 11, at the home of her daughter, Mrs. Orville Dolson, of the Abbott Road, honoring her on her fifty-seventh birthday. Many beautiful gifts were gratefully received.

Refreshments were served to the following: Mrs. Ollie Hill, Miss Sally Spradlin, Mrs. Charlie Arnett and Mrs. Alex Spradlin, all of Abbott; Mr. and Mrs. Columbus Wright and Mrs. Lewis Dotson, of Brainerd; Mr. and Mrs. Russell Hall, of Prestonsburg; Mr. and Mrs. Albert Burchett, of David and Donald Bill Whitaker.

Clyde Whitaker and daughter, Mr. and Mrs. Raymond Whitaker, of Marion Ohio, and Col. Carl Whitaker, a patient at the Fort Knox army hospital, recently spent the week-end, with their parents, Mr. and Mrs. Menifée Whitaker.

11 Pupils Earn Awards By Sunday School Essays

The following pupils of the Martin schools were presented awards in the recent essay contest conducted in connection with the Sunday school campaign: Lois Allen, Wanda Hicks, Marie Mann, Woodrow Cole, Lucille Everage, Jody Reitz, Bernice Patton, Margaret Wolverton.

The four Sunday schools participating recently presented buttons to all Sunday school members. Each button reads, "Talk About It." Recipients are to wear the buttons daily for 1952. At the January meeting committee members agreed that adults who forget to wear their buttons may be penalized to the extent of a one-cent fine daily, to be collected by the first child member who notices the absence of the button.

Quotes from service men: Pfc. Billy Spang writes his mother, 'I've just arrived in Japan and it isn't - not too much difference from the states. Yep, I got a feeling 'Im going to like it here'...

Pfc. John Ward, Jr., from a Tokyo Army hospital: 'I don't suppose you ever tried to eat with a chopstick, did you? I did last night - I mean I tried but I finally ended up using a fork. You see I was with a Japanese girl and she really got a kick out of me trying, anyway - I ate at her house, I had to hold my shoes off at the door and then we sat on the floor'...

Since the only Baptist in the vicinity named John is beyond the age of John the Baptist, Johnnie Hall took the part of the preacher in the wilderness. His little son, Johnnie, will be John at the age when the child played with Jesus. And Johnnie Hall's small cousin, Freddie Hall, son of Mr. and Mrs. Willie Hall, will be Jesus at age two.

At present no one knows who the babe in the manger will be but we do know he will have a doll standing for the ride on the donkey during the flight to Egypt! And leaders are careful to protect all the children taking part. When Jesus comes through the lovely rock arch, to be constructed, along with other stage settings, for His triumphant entry into Jerusalem, His staid will be led and surrounded by the Twelve disciples, so heralds, flower girls and other leading child characters will be safe.

It should be emphasized that everyone is serving gratis, and scores are engaged in the tasks connected with the pageant. Anyone who will help should contact H. O. Wilson, chairman of Worker Personnel, or Mrs. Dortha Allen, chairman of school, or any leading committee chairman. Persons with materials to donate may do likewise. It's a busy time in Martin, and some who wish to have quite a task finding the right character to crow for Mr. Roster in the scene where Peter denies his Lord three or a still bigger one of depicting a cock that will obligingly perform when commanded to do so!

The women wonder if they would like their husbands with beards, and the men wonder if they can eat sardines and crackers till after Easter, when their wives talk Roman costumes, local color, stage settings, answer phone calls, attend committee meetings and rehearsals!

-you can't beat a GMC!

KNOW why, more and more, GMC's are becoming first choice of so many cost-watching truck operators in every type of hauling?

One of the big reasons, they will tell you, is they can always get a GMC that's exactly "engined" for their particular kind of work.

There is no need for a GMC owner to strain away with an underpowered truck—or lose profit to a gas eater unsuited to its job.

That's because GMC builds the widest range of truck engines in the industry—valve-in-head gas engines from 100 to 200 H.P.—exclusive 2-cycle Diesels from 110 to 225 H.P.
