TIDBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, Ph.D.

Western Kentucky Teachers' College Bowling Green, Ky.

BY EYE OR BY EAR

For hundreds of generations people have been recording in some written form their significant facts or their most serious thoughts. So important are these records that they constitute a far better history of previous events than all the kitchen middens and all the buildings, even, according to my judgment. In fact, the carved or written records supplement at every point all the archaeological data that have been accumulated. We have almost come to look for any civilization of any people, "What did they write?"

However, it is hardly fair to assume that any body of writings that any one has left represents, except in a very fragmentary way, the ideas, the thoughts, the purposes of that one. Freuchen speaks of "Faintly heard but clear language and accents." It is of this intangible achievement of our race that the folklorist thinks most often. Hundreds of traditions more intangible than anything as yet written down, are to be found among all men. A small portion of these ever find their way into print or are preserved on stone. For most ancient races and civilizations we have to assume a whole body of traditions as the folklorist and archaeologist assume a whole skeleton from a scrap of bone or a primitive clay and from remnants of their fortifications. What did the Indian who shaped the perfect arrow head that I have just picked up believe or think? How did he react to natural phenomena? What did he believe about life and death, about future worlds and his work as a hunter? How far advanced was he in his mental code? As compared with the more highly evolved races at the time of our own life, how did he think in kindness or courtesy or plain devious? I am not trying to revive the myth of the "rookie" with his records as a hunter. I am wondering whether even the excuse has ever had an unbiased hearing. Always we have had special opinion from our own background of superior, or fancied superior, achievement.

But the savage has his revenge, in that he has never been dreamed of. We may reject his crude methods of transportation, his crude morals, his gross or sparse, but we still have his myths, his traditional culture, often his way of little thinking. He has left us very little that can be commended by the eye, but his traditional lore has been handed down by ear. A large percentage of what we know is not found in books, some of our most valuable is, of course, superstition, and not fact; some is on the borderline between fact and science; some, actually, is basically scientific. (Though seldom in many a queer instead of that that are in no sense scientific. Who can tell how many our folk's awe means the more primitive times of our race, when man was barely man? And yet, these taboos have often received the sanction of the most hard-headed and matter-of-fact people, they have hardened into statute laws or really binding customs of common law. It would be a brave man who would challenge all of them, especially since they have served for so many ages as links in a chain of the lower elements in our race or even in every individual. Though many of these ancient ways of thinking are now written laws, there are still an indefinite number that remain on the borderland between tradition and statute law. Sooner, I think you are more often influenced by

Cow Creek Merchant On Fishing Expedition Breaks Leg at Dewey

Clay and a companion, Kenneth Caldwell, were on a fishing expedition and while Caldwell was out looking for a boat, Clay began to work the Buffalo river on Johns Creek.

Lying in the sun, unable to walk, Clay called for help. He could hear other fishermen downstream but they failed to hear his appeals. It was 45 minutes before he attracted the attention of a passing motorist who brought him to the Prestonsburg hospital.

Upperclass P'burg Men Greets Freshman Class In Big-Brother Fashion

Fifty-two upperclass boys and girls stepped into the role of big brother and big sisters this week in welcoming the freshman class at Morehead State College and did a very efficient job of it. In the opinion of Dr. Marjorie Palmquist, dean of students at the college.

Under Dean Palmquist's direction, the upperclassmen first attended a "campus camp" held Saturday, Sunday and Monday, during which they were conched in their duties as greeters and advisers to the school's new crop of students.

However, the campus camp was not all serious business. Dean Palmquist explained. Though the campus held group discussions and saw films on the subject of courtesy and the art of entertaining, they also participated in the college grill and picnicked at Carter Grove State Park as part of their preparation.

GANG ARREST IS COMPLETED

With Six Prisoners Taken Friday in Federal Case By Postal Authorities

Final roundup of a gang alleged to have robbed two post offices several weeks ago was announced in Ashland Monday by W. D. Brewer, a United States postal inspector. Brewer said he took Levi Cantrell, 26, into custody Friday at Dayton Beach, Fla., bringing to six the number arrested in this case.

Four Fayetteville men and a Fayetteville woman were arrested the middle of July. They were James M. Blanton, 28; Wayne Griffin, 31; Bernard Hart, 29; Robert Bodman, 21; and Edna Balfanz, 19, sister of Hart.

The six are accused of robbing post offices at Stanton, in Powell county, on June 22, and at W. Va., on July 4. Money-order forms comprised most of the loot. Brewer said. Fifty-three farms were stolen from the two post offices.

Brewer said that after the robbers cashed a money order at a liquor store in Catlettsburg, they robbed the draft board office at West Liberty of S-Service Service registration cards for cashing other money orders.

Brewer said the robbers cashed only four money orders. The rest were received at Seymour, Ind., where they had been lured by the robbers after the postmaster there got suspicious of them and set the house number of their car. That was where postal inspectors got the robbers' trail.

The five arrested the middle of July were taken to Palmolive. Brewer said Cantrell was of tradition to Kentucky from Florida. He added that all six arrested had admitted parts in the robberies and the cashing of the money orders.

CURLEE SUIT

What a most valuable thing in a man's life. It is not a matter of style, or fit, or of pattern. These are important qualities, of course. But, of far greater importance is the way you feel in a suit, regardless of its color. That's why you'll prefer a Curlee suit—because it always makes you feel you always look your best.

SPRADLIN-VANHOOSE VOWS EXCHANGED

Miss Joy wore an aqua lace dress, ballerina-length, and carried pink roses. Mrs. Spradlin, mother of the bride, wore a rose crepe dress with rhinestone trimmings, and a stouffer corsage of white roses. Mrs. Vanhoose, mother of the groom, wore a black sheer dress. She wore white roses also.

The bride's going-away suit was navy with black accessories, a tiny blue hat and veil and an orchid on her shoulder. Miss Nora Ann Davis caught the bride's bouquet.

Following the ceremony a reception was given at the home of Mrs. Vanhoose. The bride's table was exquisite with a hand-made crocheted cloth, centered with a tiered decorated wedding cake, topped by an ornamental filigree with miniature bride and groom. Large crystal torte plates held decorated individual cakes with valley lilacs on top, and mints and nuts were served from crystal containers. Presiding at the punch bowl were Misses Katharine Greenway and Nora Ann Davis. Assisting Mrs. Spradlin were Mrs. Glenn Spradlin and Mrs. Woodrow Greenway.

Mrs. Vanhoose is a graduate of Prestonsburg high school and attended Berea College. Mr. Vanhoose was graduated from Oil Springs high school and attended the University of Kentucky. They had a short honeymoon to Cincinnati, O., before going to Detroit, Mich., where they will reside while he is employed there.

JOHN GRAHAM CHAPTER HOLDS MEETING

John Graham Chapter, Daughters of the American Revolution, held the first meeting of the season on Tuesday evening at the home of the new regent, Mrs. Guyon Ford on Maple avenue. Mrs. Ford presided. The ritualistic service was conducted by the chaplain, Mrs. M. J. Leste. The regent, in acceptance to her office, pledged her support to the chapter. She read correspondence from many national D.A.R. chapters. The building fund chairman reported that the chapter membership of 54 had contributed \$18 toward the building fund. At the business session, the treasury was instructed to order four hand books for chapter use, and to send a floral tribute with the D.A.R. insignia grave marker at the death of a member. After adjournment the hostess served a social course to the "members." Mrs. Guyon Ford, Mrs. Grace D. Ford, M. J. Leste, Winnie F. Johns, Claude P. Stephens, W. C. Cooley, Guyon Ford, Everett H. Sowards, Jo M. Davidson, Lisa D. Spradlin, Harry Sanden, Tom James, Ed May, O. T. Stephens, and guests, Miss Katharine Greenway of Franklin, Ind., and Mrs. Walter Van Landingham, Miami, Fla.

Mr. and Mrs. Alex M. Spradlin announce the marriage of their daughter, Elizabeth Marlene, to Mr. Robert Burns Vanhoose, son of Mr. and Mrs. Ollie Vanhoose, Paintsville, Ky., on August 27, at 8 p.m., at their home at Clark.

Before an improvised altar of greenery, flanked by archways of entwined huckleberry and white gladioli, baskets of white gladioli and seven-tiered candles, the double-ring ceremony was read by the Rev. Gertrude M. Hazard, pastor of the Methodist church. The bride was given in marriage by her father, Miss Ruth Joy was maid of honor. Mr. David Richmond Hereford served the groom as best man. Mr. Johnnie Wheeler, Jr., Paintsville, and Mr. Thomas James Tackett lighted the candles preceding the ceremony, while a program of nuptial music was played.

The bride wore a ballerina-length dress of nylon net over white satin. The fitted bodice, with off-the-shoulder effect and double ruffled trimmings, was under the net of hopped skirt of satin. Long, light sleeves pointed at the hand, emphasized the dress. Her finger-tip veil of tulle was caught by a band of seed pearls on a white satin tulle. She carried a purple orchid with staphenolids tied with satin ribbon streamers. Her only jewelry was a single strand of pearls, a gift of the groom.

Waterfowl Season To Be 10 Days Longer This Year

(Continued from Page 1)

Frankfort, Ky., Aug. 30 (Sp.)—The season for hunting ducks and geese in Kentucky has been extended 10 days over the season of last year, the U. S. Fish and Wildlife Service has announced. The season for geese, ducks and coot will open on Nov. 17, five days earlier than last year, and will close on Jan. 10, five days after the closing date of last season. The extension was granted, the Service has informed the Department of Fish and Wildlife Resources, when it was found that the duck and geese population this year was estimated to be far greater than for the past few years.

The bag limit will remain the same as for the past season. Daily limit of ducks is four, with a possession limit of eight, which total may not include more than one wood-duck. The daily bag limit and possession limit for geese again is five which total may not include more than two Canada geese or its subspecies, or two whitefronted geese or one Canada and one whitefronted. The limit, daily and possession, for coot remains at 10, while the limit for rookbeaked or American mergansers remains at 25 with no possession limit after the first day of the season.

Shooting hours for waterfowl and coot is one-half hour before sunrise to one hour before sunset (CST) except on the opening day of the season when shooting is not permitted until 12 o'clock noon and ends one hour before sunset. The legal possession limit of waterfowl may be held in cold storage for 90 days after the close of the season for each species, the regulation adds.

All automatic or hand-operated shotguns used in taking waterfowl must be plugged so as to hold not more than three shells in the magazine and barrel combined.

Ohio county homemakers this year will study better lighting, making of parchment and cloth lampshades, color in the home and use of accessories.

Church Here Picked To Be Group Center For Methodist Work

At the recent session of the Methodist Conference at Morehead a state-wide simultaneous evangelistic mission was announced for Kentucky Methodist Churches.

It is in the planning that every church in the Louisville area covering all of Kentucky and Western Tennessee, will take part. The campaign promises something over 1500 Methodist churches and over 492,000 members, with as many more consistent. The Prestonsburg church will be a group center for preparation and training workers for surrounding Floyd, Pike, and Johnson counties.

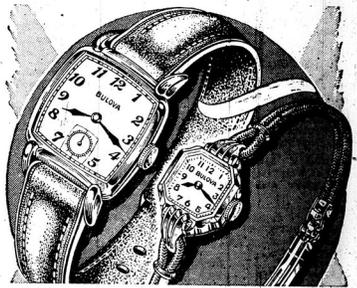

The meeting is to take place Oct. 20- Nov. 2. A combined program of mass evangelism and personal visitation will be employed.

This is but a part of a program begun by the Methodist Church four years ago. From its effectiveness in other areas of the church, it is expected to bring between 7,000 and 8,000 new converts, with as many renewals of those inactive through the years of war unrest, when people have been moving so much that they have "all ut forgotten the church and their God," as expressed by one of the ministers-leaders.

COAL BARGES USE KENTUCKY

Former Floyd Man Heads Firm Sending Product by Water

Charles Gilley, former oil refinery owner at Betsy Layne, announced this week that the Kentucky River Collieries, which he heads, has shipped four large loads of coal, about 6,000 tons, from Beattyville, thus opening the Kentucky River for its first coal shipment in 35 years.

Opening of the Kentucky to water transport of coal created considerable interest in this section where Big Sandy River canalization has long been sought as an economical means of transportation.

Mr. Gilley said this week's shipment sent 6,000 tons of coal to Clay's Ferry, which is about 13 miles from Lexington.

Mr. Col. James Bledgood, United States district engineer, said his office is interested in the new development since the United States Corps of Engineers ordered the locks and dams closed a year ago because there was no commercial traffic on the upper river. Coal operators in the area appealed to Congress, saying they planned coal towing. Closing of the locks was postponed.

The coal started moving in four small barges. According to the engineer it is being tracked about 28 miles to the dock. It will be sent from Clay's Ferry to Lexington by trucks also.

The Philip Ritchie Towing Company, Paducah, said it plans to use a second boat and barges if the current experiment is successful.

Mr. Gilley said the project in the upper Kentucky were made during or near the end of World War I, according to the engineers. At that time the Brown family, of Beattyville, Louisville, and coal was sent to Frankfort and Leitchfield.

Martin High School Head To Superintend Preparations On Martin Passion Play

Directors of the Passion Pageant will meet Sunday, Sept. 14, at 2 p.m., in the Martin Methodist Church.

At a recent meeting members voted to move the stage to the foot of the hill so everyone can see easily. Since then Dr. Wade Mahood and Coach Denzil Halbert have torn the building down in sections.

Dr. Mahood and Coach Halbert have moved part of it. Judge Henry Stumbo is cooperating fully in the landscape work. Pageant leaders appreciate his assistance.

James Sellsbury, principal of the Martin school, and general chairman on Pageant Day, will supervise the work along this line with the high school boys' club soon. Ten complete stage settings will be arranged, side by side, at the foot of the hill to facilitate production, since the new script calls for 50 scenes. These will be given in the length of time required for the original production.

At present, contacts are being completed for extensive advance advertising in state magazines in early spring issues. This necessitates a retake of some pictures in color, and additional ones of various new scenes. Much work must be completed by November 1.

The constitution calls for replacement of board members who miss two consecutive meetings, unless quite ill.

NOTICE

The Floyd county fiscal court will receive sealed bids until 10 o'clock a.m., Sept. 29, 1952 for the construction of two concrete abutments on the Still bridge over Right Beaver Creek. The court reserves the right to reject any and all bids.

Kilgore Asks Damages Of \$35,000 in Suit Filed Against Refettts

Damages totaling \$35,000 are claimed by Harley Kilgore, of Huey, in a suit filed in circuit court here Wednesday against Sanford and Mae Refett, of the same community.

The suit alleges that Mr. and Mrs. Refett entered upon the location of Kilgore's coal mine tipple which he was operating, tore down the tipple and chule and constructed on the site a service station and other structures which makes impossible further mining of the coal.

The Refettts purchased the surface on a part of the lease, attorneys explained. Kilgore claims there is no other suitable location for mining installations. His suit, prepared by A. J. May and Hollie Conley, says he was producing a high grade coal product for which he had a ready market and on which he was netting a profit of \$2.05 a ton.

State Senator Doug Hays, of McDowell, has been named chairman of the Democratic campaign in this county, it was announced this week.

His appointment was announced by Clyde Watson, state Democratic campaign chairman.

SCHOOLS GET FUND SHARE

County School's Part Of Equalization Fund Is Above Last Year's

School districts in Floyd county will receive \$257,017.34 of the \$5,370,000 equalization fund to be distributed last year for educational purposes, it was announced last week by Superintendent of Public Instruction Wendell P. Butler.

The equalization fund, an supplement to the common school fund—is distributed on a basis of need to school districts in the state any to be spent either for teacher salaries or other educational purposes approved by the school authorities.

The \$257,000 common school fund is distributed on a census basis and must be spent for teacher salaries.

Districts that will participate in the equalization fund in the county, and the sums received by each are: Floyd county district, \$254,638.64; Prestonsburg independent, district, \$2,378.70.

At the time Mr. Butler announced distribution of the equalization fund, he again appealed strongly for a proposed amendment to the state Constitution, which will be submitted to the voters next year and which will give the General Assembly greater leeway in distributing school funds. The present requirement that at least 75 per cent of the funds be distributed according to the number of children in a county, and the sums received by each in school or not, is prohibiting progress in Kentucky schools, Butler said.

Continued from Page 1 The 10 points: 1. Completion of a by-pass at Greenup. Curdin said this by-pass plan is scheduled to be finished next summer. 2. Construction of a by-pass at Fullerton. Plans for this by-pass, Curdin said, now await approval by federal engineers. 3. Reconstruction of three miles between Jenkins and the Virginia line. That project is included in this year's highway program Curdin said. 4. Construction of a by-pass at Pikeville. 5. Construction of a by-pass at Paintsville. 6. Relocation and construction of the portion of the road between Louisa and Catterlesburg. Work is progressing on a bridge there now, Curdin said. 7. Widening, straightening, and resurfacing of the strip from Prestonsburg to Hager Hill, in Floyd county. 8. Repair breaks and resurfacing in part between Paintsville and Louisa. This is partly finished, said Curdin. 9. Resurface the stretch from Prestonsburg to Pikeville. 10. Eliminate curves at Dhan and China Branch at Wurtland. Asher stressed that the Association is primarily interested in eliminating the worst bottlenecks this year and next. She then identified as the bypass at Fullerton and reconstruction of the road from Jenkins to the Virginia state line. Joining the motorcade to Frankfort from this county were: Sheriff A. B. Meade, County Judge Henry Stumbo, County Attorney W. W. Burchett, Mayor Curtis Clark, Burl Sparlock, R. D. Francis, D. S. Nessler, Wm. Arrowood and son, C. F. Simpson, Dr. J. H. Huttsplinger, City Superintendent Chalmers H. Frazier, Edward Music, Dr. Jack Salisbury, Buster Stacy, Marvin Music, president of the Prestonsburg Kiwanis Club, Dr. E. T. Arnett, Ralph Welmer, all of Prestonsburg, W. R. Ford and W. L. Wells, both of Pikeville. County Judge Henry Stumbo said county officials called on Governor Wetherby Wednesday for help in getting work started on the one on the Abbott and Bull Creek roads, since Highway Department provisions forbid pouring of bituminous material until after Nov. 1 because of climatic conditions. They were promised all possible aid, but the contractor has 60 days in which to complete the work and it is feared that other contracts will prevent work this fall. If the surfacing is not completed by November 1, the surfacing may be delayed till next spring. H. L. Helm of Boyle county plans to construct a 400-foot bridge which will impound water covering seven acres.

Church, of Prestonsburg was assigned to the care of Horn's Chapel and Auxiliaries Methodist Churches. He was cordially received by a fine audience at Horn's Chapel last Sunday morning for the first service there. Services at both churches will be as follows: Church school 9:30 each Sunday with preaching services on alternating Sundays at 11:00 a.m. and 7:30 p.m. The Auxiliaries church had a fine dinner-on-the-ground last Saturday night and donations were made to repair the church building. Rev. Church is well known in Prestonsburg, Floyd county, and surrounding counties, especially for his role in mission and welfare work. Besides his duties on the board examining the public assistance rolls of Floyd county he carries on a program of his own through the incorporated Goodwill Mountain Mission, with store and headquarters in Prestonsburg. In this program he operates on the motto of Goodwill works everywhere. "Not charity but a chance." If a person can't buy, he gets help here and there. Brother Church expects assistance from his new congregation. BLAME DOGS Does are said to have caused some Perry county farmers to reduce their flocks or go out of the sheep business. 10. Eliminate curves at Dhan and China Branch at Wurtland. Asher stressed that the Association is primarily interested in eliminating the worst bottlenecks this year and next. She then identified as the bypass at Fullerton and reconstruction of the road from Jenkins to the Virginia state line. Joining the motorcade to Frankfort from this county were: Sheriff A. B. Meade, County Judge Henry Stumbo, County Attorney W. W. Burchett, Mayor Curtis Clark, Burl Sparlock, R. D. Francis, D. S. Nessler, Wm. Arrowood and son, C. F. Simpson, Dr. J. H. Huttsplinger, City Superintendent Chalmers H. Frazier, Edward Music, Dr. Jack Salisbury, Buster Stacy, Marvin Music, president of the Prestonsburg Kiwanis Club, Dr. E. T. Arnett, Ralph Welmer, all of Prestonsburg, W. R. Ford and W. L. Wells, both of Pikeville. County Judge Henry Stumbo said county officials called on Governor Wetherby Wednesday for help in getting work started on the one on the Abbott and Bull Creek roads, since Highway Department provisions forbid pouring of bituminous material until after Nov. 1 because of climatic conditions. They were promised all possible aid, but the contractor has 60 days in which to complete the work and it is feared that other contracts will prevent work this fall. If the surfacing is not completed by November 1, the surfacing may be delayed till next spring. H. L. Helm of Boyle county plans to construct a 400-foot bridge which will impound water covering seven acres.

Ladies and Gentlemen, do you doubt that this is true? Don't you have nerve enough for the salvation of your home county to want to remedy this gross economic ruin? Let this thought dwell within your hearts and minds—what would really happen if the citizens of Floyd county went to the polls and astonished the party by giving the opposition a whopping majority? This would occur and for all place Floyd county in line for future factories and outside economic grants that we really need and merit. To lose Floyd county, the "in the bag county," by the party would be a jolt that would astonish and amaze the party in power. When this happens, then and only then, will the favorite party really begin to help our county in its time of need. No political party can afford to lose the majority that we usually give to favorite candidates. Let us who love and cherish our county think before we vote. You the Voter can keep your sons from leaving home to work. You the Voter can be responsible for plenty of good, honest work in Floyd county. You the Voter can be the one who has new factories, new state aid, etc., in Floyd county. This letter contains simply what we all have been thinking about for quite some time. Let us as VOTERS be heard by ballots. It is not too late to wake up! Let us save the county we love from economic ruin. A life-long Democrat who loves Floyd county and its people. if every woman knew... she'd change to ELECTRIC cooking!

66 I know that if everyone knew the facts about electric cooking, everyone would have an electric range. Electric cooking is so much faster, cleaner, cooler, and... well... there are no other methods that can compare with it.

CHEAPEST WAY TO COOK
"I have compared my electric bills with friends who use other fuels and I often find their bill will be higher than mine. I'm

positive electricity is the cheapest thing I can buy.

SAVES FOOD, TIME, WORK
"With my electric range it is not necessary for me to cook my food as long, and I find that I have less shrinkage. The automatic timer gives me extra time to relax and visit friends. Electric cooking is so clean and this makes my housework faster and easier."

To the Grand Jury

(The following letter was given to each member of the grand jury by Commonwealth's Attorney Burns Martin.)

Sept. 4, 1952

On September 1, 1952 you took the following oath: "Swearing you do not swear that you will diligently inquire of and present all felonies committed in this county, of which you have knowledge or may receive information."

A number of witnesses have testified before you to the effect that Woodrow Burchett in 1946 received over \$11,000.00 when his legal limit was only \$5,000.00. That the excess amount in the sum of \$6,000.00 belongs to the taxpayers of this county and he was under the law required to turn the \$6,000.00 into the County Treasury, along with a further sum totaling some \$21,000.00.

This has not and cannot be denied by Mr. Burchett for the record speaks for itself. Mr. May, the County Treasurer, appeared before you and testified in the twelve years that Mr. Burchett has been County Attorney that he has turned in no excess salary money into the County Treasury.

Any reasonable, honest man or woman must therefore assume that Mr. Burchett converted to his own use the funds of the county.

The Circuit Judge called you into the main court room and told you in plain English language that the facts of Mr. Burchett's case come under the law of conversion and the Honorable Judge proceeded to read you the law of conversion from the Statute Book. The Judge further told you that the length of time a man keeps the money belonging to another is a determining factor under the law of conversion.

Myself, the Commonwealth Attorney, swore that Mr. Burchett has kept the money for over 10 years with repeated demands that he pay it back in the meantime. He has three close relatives or close contacts on the Grand Jury, Mrs. Winnie Archer, the mother-in-law of Woodrow's blood first cousin; Tom Graham Dings, Troy Stungill's son-in-law, the married Woodrow's blood first cousin; and Forrest Burchett, Woodrow's blood first cousin. These three Grand Jurors, as far as I can discover, are the only ones trying to stop an indictment, altho the Circuit Judge instructed them that if they had any interest that they should step aside and let the other jurors decide the question.

As Commonwealth Attorney of your county I have repeatedly told you that I have made a detailed and exhaustive study of both the law and the facts of this case and that in my honest judgment and under my Oath to My God, that this is the most clear cut case of conversion that ever was presented to any Grand Jury.

If you will not believe the Circuit Judge and the Commonwealth Attorney, who are you looking to under your oath of Sept. 4, 1952? You have a solemn duty to perform. And I want you to perform it like honest men and women, and I believe you will. It is your honest minds that constitute you the glorious tribunal that you are—that makes a jury of Woodrow's peers one of the noblest institutions of our country and our era.

I thank My God that I have done my duty, obeyed my oath and fulfilled my obligations and tried my best to enforce the laws of my country. My task is done before the Grand Jury. The decision is in your hands. The eyes of the whole county are upon you. And in after days, when my voice that now pleads with you, is hushed, when memory shall review these facts in a more righteous world, and the accusing finger tells you that you have betrayed your trust under your Oath to your God. What a moment that must be—how like a cancer will that remembrance ever upon your hearts.

But if on the other hand having rendered a contrary decision, you feel that there should have been an indictment, you will say: Thank God, I incurred no hazard, I did my duty, obeyed my trust and deserve

DRIFT CLUB IN MEETING
The Drift Women's Club met at the home of Mrs. Alan Reed, Sept. 3. Mrs. Curt Jones, chairman of the committee on the American flag, a carload of voters to Prestonsburg to register for the coming election, and urged every member present to check their registration. The club will have a bake sale Sept. 12 at the Busy Corner at 10 a.m. The members are sponsoring the Christmas card project again this year.

The club will continue its vitamin pill project for the children of Drift school. This project was very successful last year, resulting in fewer colds and absences from school and a gain in weight for most pupils.

The next meeting will be at the home of Miss Catherine Reed, Sept. 15.

Members present: Mesdames Richard Jones, H. D. Hewlett, Billy Sexton, Howard Sticker, Curt Jones, Dick Showers, Thomas Jones, C. J. Cahill, W. L. Reed, Lloyd Stumbo, Ray Turner, Bobby Hill, Hazel Martin, Alvin Reed, P. T. Jones, Claude Martin, Rex Ankrum, Allan Reed, Misses Catherine Reed, Ruby Akers.

the confidence of the people of the county. After the Grand Jury adjourns it will not do to plead to your conscience any subtle technicalities and nice logic as I have been hearing from Woodrow's relatives on the Grand Jury—such rambling of the mind will never satisfy the hearts of honest men and women.

You may say to the poor of the county that there is a civil suit pending, but the people of the county will say back to you that your Commonwealth Attorney, Burns Martin, showed each of you the clear and certain law that the limitations had run on some ten to fifteen thousand dollars of the money converted by Woodrow to his own use, and that it cannot be recovered by civil suit.

But you say further that you should wait for an audit to be made. The people will say back to you that no audit was necessary for the Tax-Payers have the records and the figures and that they filed suit without an audit.

I write you this letter because Woodrow as the defendant and subject of the investigation made you and each of you a speech in his defense, a courtesy that no other defendant has ever been accorded in this court house and before a Grand Jury. You have time yet to perform your duty; and I ask you to perform it as you are ready to answer for it, here and hereafter.

I shall go home tonight and sleep soundly on my pillow after I have knelt by the bedside and give thanks to My God that I have the courage to do my duty as I believe you will.

Thank you and God bless each one of you.

What's the MOST SURPRISING THING about this BUICK?

LOCAL DELIVERED PRICE FOR THE NEW 1952 BUICK SPECIAL \$2266.88

2-door 6-cylinder Special Sedan MODEL 600 (Wheeled)

Optional equipment, accessories, state and local taxes, if any, additional. Prices subject to change without notice. Shipping charge. All Buicks are delivered with no down payment.

WE'll tell you the answer to that one—it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room—which is true.

Maybe it is because so many distinguished people own Buicks—which is also a fact.

But the fact remains—if you can afford a new car, you can own a Buick—so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head—as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflow Drive.

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

BIG LIFT to Better Farming

Better farming, new methods and machines, better livestock, and improved marketing are helping bring about a new era of progress and prosperity in Dixie.

Rural telephones (they tripled in number since World War II in the area served by Southern Bell) are bringing a big lift to farm work and farm living. During the first eight months of this year, we installed more than 92,000 rural telephones.

We'll keep on putting them in as fast as we can—because we know how much they mean to prosperity on the farm and in town... and to a strong, well-fed America. More farm telephones also mean more valuable telephone service for everyone.

JUNIOR WOMAN'S CLUB MEETS

Regular meeting of the Wayland Junior Woman's Club was held Sept. 2 at the home of Mrs. Jack Hammett, with Miss Fay Petty presiding. There was a discussion on the Birth-Tate Calendar for 1953, and September 22 was set as a deadline for its completion. Anna Belle Falin reported that the birthday gift had been sent to the little girl sponsored by the club at the Bethel Heights Orphanage. A large box of pocket-book editions in the state and veterans' hospital in the state and another box is ready to be sent. Plans were made to entertain the Lecky-Garrett Woman's Club with a weaver next Monday night, Sept. 15, at the Wayland ball park and in case of rain it will be held in the Methodist Church basement.

Mrs. Ethar D. Conroy gave an interesting program on fall fashions. She brought out some of the advantages and disadvantages of some of the new man-made fabrics such as nylon, orlon and darren. Some pictures were passed around showing what a well-dressed woman will be wearing this fall and winter.

Refugees were served to the following members and guests: Mesdames Fick, DeConroy, Ralph Wright, Jack Hammett, Dave Stone, Thelma Hicks, Charles Huchins, James Wallace, Anthony Lyons, A. N. Bepler, and Misses Anna Lee Fray, Anna Belle Falin, Joyce Terry and Fay Petty.

The next meeting will be held in the home of Mrs. Alex. Ann Howard, Oct. 6. Miss Joyce Terry will have a program on American History.

GET MORE POWER AT LESS COST WITH A DODGE TRUCK!

"Dodge power really puts out the work at low cost!"

"We use four Dodge 'Job-Rated' trucks in our operation—and Dodge power really puts out the work at low cost! Most of our work is off the highway over mud holes, ditches, and sloppy ground. But that means nothing to a Dodge, because Dodge power pulls us through anything!"

"A Dodge truck doesn't 'two-bits you to death' either. Rarely do we have any maintenance expense and when we do, it's legitimate wear and tear we can reasonably expect. Our Dodge trucks are ready to go 365 days a year!"

FLOYD CIRCUIT COURT
Octavia Combs, Adm. Plaintiff
Vs.—SHERIFF'S SALE
Harry Branham and Mary Branham Defendants

By virtue of execution No. 12277 which was issued from the Clerk's office of the Floyd Circuit Court in favor of Octavia Combs, adm., vs. Harry Branham and Mary Branham in the amount of \$67.00 with interest at the rate of 6% per annum from the 14th day of August, 1950, until paid and the further sum of \$29.29 court costs, I, or one of my deputies will on Monday Sept. 22, 1952, between the hours of 12 o'clock a.m. and 2 o'clock p.m., at the front door of the courthouse in the city of Prestonsburg, Floyd county, Ky., offer at public outcry to the highest and best bidder the following described tract or parcel of land to satisfy said debt, interest and cost, to-wit:

That certain tract or parcel of land situated on Beaver Creek and being about one-half mile north of the mouth of Arkansas Creek, bounded and described as follows:

Bounded on the north by the lands of Ava Martin.

Bounded on the east by the lands of Miles Mayo.

Bounded on the west by Beaver Creek.

Bounded on the south by the lands of Miles Mayo and Bascom May.

For a more perfect description of said property see deed of conveyance from Dr. A. J. Johnson et al. dated Nov. 6, 1947 and recorded in deed book 136, page 355, Floyd County Court Clerk's office.

Levied upon as the property of Harry Branham and Mary Branham.

Meets fourth Saturday night of each month.
Visiting companions welcome.

TO THE VOTERS OF FLOYD COUNTY:

With every privilege there is a duty—it is the duty of every citizen to take part in our form of government which is the best in the world—to go to the polls and vote.

We have in Kentucky a new purgation law which will be put into effect for the year 1952 and all time after until changes are made in the law. We of the purgation board could not, because of time, get the work done covering every precinct; therefore in fairness to all voters we have not taken any names from the voting lists.

Five days after the general elections in 1952 continuous through May, 1953 you have the privilege of requesting or changing your voting precinct but you must vote in the precinct in which you live.

We of the purgation board have over 4,000 names of voters who have moved about and since we have not the time to separate these names without many errors we are leaving the names in the books for the coming election.

We urge you as good citizens and all you can by getting your names in the right precinct, the one in which you live.

German Vance
Chairman of Purgation Board.

WLW Program Features Floyd Soldier's Story Published in The Times

Cincinnati, O., Sept. 8 (Sp.)—The Korea duties of Sgt. Elmer Blackburn of Prestonsburg, were highlighted on the WLW program "These Are Your Sons," at 2:25 p.m. last Saturday.

The program noted that Sgt. Blackburn, son of Mr. and Mrs. Wade Blackburn, has recently been awarded the Silver Star for gallantry in action in Korea.

A news article in The Floyd County Times, giving details of the sergeant's duties, was the inspiration for the notice that was given on the WLW program.

The program is one of a series planned to inform listeners of the Ohio valley the role their boys are playing in Korea.

THE FIRST STONE

I don't know the name of the editor I admire most or where he lives and writes. I only know about my own writing and who and what guides me.
 On my writing desk and Holy Bible I keep an emblem, "First Stone." I have never yet been able to find in my Bible the name of the man who had authority to cast the first stone at a woman, although I have proven, and men of Floyd county, leaders of church and state, know stones and persecutions have been cast at me and those of my water have been cast at me, but I thank God I have faith to believe the earth will swallow up the water and help me.
 I think it would be good for all writers to keep on their desks the First Stone. The sight of it would remind them that nobody has a right to cast a stone and it would be of great influence for a good life in our rural communities. I believe it must be a Christian spirit. I have been a member of the R. O. C. P. (P. O. P. and G. P. O.) for many years (and G. P. O. and G. P. O.).
 I feel to tell the leaders if ever there was a time to cast a stone, it is now—Consentuality, Elevation, Co-operation and Consideration; and stop and think before it is too late. It is time for foolishness or fun. To much winning, dining and dancing—not enough Flowing, Praying and Prophesying.
 It was Henry Clay, a great orator and politician of whom history has quoted him as saying he had rather be right than president. It has been said Henry Clay was not infrequently that he drank too much sometimes, and that he gambled occasionally and took delight in such activities as rooster-fighting and horse racing.
 When Henry Clay made that statement he probably was referring to his position on the Mexican War which he opposed and probably on the Missouri Compromise which he favored.
 This being Presidential election year I think all Christians of every race, creed, color and political faith should ask themselves this question: Has history ever recorded a war like the Korea War? Read 2nd Samuel, 12-13-14. Go and say unto David thus saith the Lord, I offer thee three things. Choose thee one of them that I may do it unto thee. So God came to David and said unto him: Shall seven years of famine come unto thee in thy land or will thou flee three months before the enemy while they pursue thee. Or that thou shalt be three days pestilence in thy land? Now advise, and see what answer I shall return to him that sent me.
 And David said unto God, I am in a strait; let us fall now into the hand of the Lord; for his mercies are great and let me not fall into the hand of man.
 15. So the Lord sent a pestilence upon Israel from the morning until the time appointed and there died of the people of Dan even to Beer-Sheba seventy thousand men.
 17. And David spake unto the Lord when he saw the angel that smote the people and said, To, I have sinned, I have done wickedly. But these sheep, what have they done? And let thine hand be against me and against my father's house.
 Now you see, you wicked fathers are responsible for the slaughter of the first-class youth of our land. Poor mothers having to give up their sons as sheep to the slaughter while the lords and politicians go on selling their Lord for money like Judas and them not being satisfied and running to and fro in the earth, lusting and looking back at the good things they left behind.
 Read Joshua, 7th chap. verses 10, 11 and 12. And the Lord said unto Joshua, Get thee up, wherefore liest thou upon thy face? Israel hath sinned and they have also transgressed my covenant which I commanded them: for they have even taken of the accursed thing and have also stolen and they have put it even among their own stuff. Therefore the children of Israel could not stand before their enemies because they were accursed; neither will I be with you any more, except ye destroy the accursed thing among you.
 This is a question to pastors who fight the works of women: How far did Moses and Aaron journey after Miriam was shut out of the camp? Answer me and get busy if you believe the Bible.
 Sincerely and prayerfully,
 EVA MEADE HALL

Cadillac

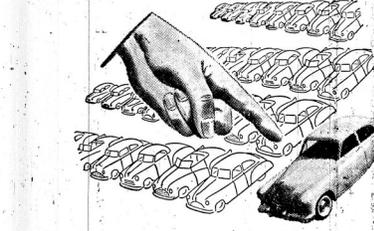

Come On In and Order One . . . Today!

There are many people in this community who want a Cadillac car so badly—and who are almost persuaded to order one—
 —but who, for one reason or another, are just holding back and waiting.
 To all these people we wish to say: "Come on in and order your Cadillac today!"
 Every day you wait is simply postponing, still further, the wonderful time when you can enjoy the many delightful things a Cadillac will bring you.
 There is, for instance, the deep feeling of pride which comes from owning a car which is universally acknowledged to be the Standard of the World . . .
 . . . the great satisfaction that comes from driving a car so quiet you can "whisper and be heard"; so easy to handle that driving is no conscious effort at all; so comfortable and restful that a day at its wheel is the essence of relaxation . . .
 . . . the comforting confidence that comes from knowing your car is so soundly-engineered and so beautifully-built that you can keep it and enjoy it over almost any period you may care to designate . . .
 . . . and, finally, the happy knowledge that you probably paid less for your Cadillac than hundreds of thousands of people who are driving other makes of cars . . . for there are numerous models produced by other manufacturers which actually cost more than the lowest-priced Cadillac!
 Isn't all this too much to miss for even one needless day?
 Owners of Cadillacs will tell you it is—out of their own experience. Time and again, people who have just moved up to Cadillac have said to us—"Why did I wait so long to enjoy all this?"
 That's why we urge you to come in today and start down the happy road to Cadillac ownership. You have already missed too much—too long!

Stock-car racing is the supreme test of a car's true worth in stamina, safety, performance. This year HUDSONS have won 35 victories in 39 starts!

This all-time record on the world's toughest proving grounds (no other car in the world can approach it) in your proof that Hudson will outperform every other car... that you can't choose a better family car!

The record shows which car is best!

HUDSON HORNETS SET ALL-TIME STOCK-CAR RECORD!

In 39 stock-car races held so far this year, Hudson came in first 35 times, and both first and second 19 times in these cities:

| | |
|-----------------------|---------------------|
| West Palm Beach, Fla. | San Diego, Calif. |
| Daytona Beach, Fla. | Oconeechee, N. C. |
| Jacksonville, Fla. | Charlotte, N. C. |
| Gardena, Calif. | Detroit, Mich. |
| N. Wilkesboro, N. C. | Niagara Falls, Ont. |
| Tampa, Fla. | Queens, N. Y. |
| Martinsville, Va. | Williams Grove, Pa. |
| Columbia, S. C. | Monroe, Mich. |
| Moran, Ga. | Milwaukee, Wis. |
| Longhorne, Pa. | South Bend, Ind. |
| Dorlington, S. C. | Richmond, Va. |
| Toledo, Ohio | Rochester, N. Y. |
| Dayton, Ohio | Asheville, N. C. |
| Canfield, Ohio | Terre Haute, Ind. |

No other car in the world can match this record!

Unbiased tests on the world's toughest proving grounds help you choose your family car!

ALL makes of cars compete in stock-car races. And in these grueling tests of stamina, safety and performance only results count. That's why, when you look at the stock-car record, you know which car is best.

To date this year, Hudsons have won 35 out of 39 stock-car races—all time record!

How does this help you choose your family car? Well, consider this:

- It proves that Hudson's exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging stability and sureness of handling no other car can match!
- It proves that Hudson's Monohilt body-and-frame* is the safest, most durable automobile construction known!
- It proves that Hudson's high-compression engines deliver tremendous power, that Hudsons have the stamina to take punishment equal to 50,000 miles of ordinary driving in tests where other cars fail.

All these important qualities are yours in a Hudson... for your pleasure, for your pride, for your protection. There's sleek, streamlined beauty, too, and you don't have to look at the record to see that.

Stop in and try a Hudson, or give us a phone call and we'll pick you up at your door. You've got a real thrill in store.
