We Can Stop This Waste of Money

FROM recent and continuing studies of the educational needs of Kentucky one fact perhaps more forcibly impinges itself on the consciousness of those interested in the program for better schools than any other. It is this:

Kentucky is spending heavily of the taxpayer's money each year to operate the four state colleges, Morehead, Eastern, Western and Murray, and the University of Kentucky for the training of young Kentuckians for the teaching profession—and upon their being graduated, the state is promptly losing this talent to other states because it fails to pay these teachers an adequate salary.

To stifle the situation in another way, we are spending our money to employ teachers to teach the schools of other states, and our own children are getting little benefit from all the money thus expended.

A minimum education foundation program is a "must" for Kentucky. It will vary phases of education: better school facilities; a minimum amount of money to be expended on each child, wherever the youngster may reside in this state; a practical and comprehensive curriculum; and better teachers.

All of this will cost money. But it will not be money wasted, as in the past. Perhaps we should say, it will not be money wasted if the increased tax monies meet the basic need of providing salaries for teachers which will keep them at home after they have been educated at home, at the expense of taxpaying Kentuckians.

How all this money is to be raised is a matter later to be determined, but it must be raised, inasmuch as a higher ratio of assessment to actual value of property, by a sales tax or otherwise. We face other rising costs—the cost of living, the cost of a new automobile or new home—and we must meet them somehow. Surely, we can afford then to meet the cost of an education for our children when we are able to present to them a well equipped each child at least a basically equal opportunity.

Have We Some Whipping-Boys?

THE Times has gained the attention of five feet by the Dept. of Doves. Later more opposition to the move from the Corps of Engineers itself than from the gas companies which have holdings in the reservoir area.

The gas companies have been used as one of several excuses. As other excuses were presented, the responsibility for the move was laid on the gas companies as a curb to non-indians of the lake, a condition which will exact an increase of 10 per cent of game fish in the lake and shorten the life of the lake as a recreation center.

It is not as simple as we may suppose. This matter of lake-deepening is being handled by the Engineers' offer in detail to arguments a two-page letter from Earl Wallace, campaigning for the department of Fish & Wildlife Resources—a letter written when the lake was only a few months old and when nobody could foresee its future—and at the same time overlooks a later request of Mr. Wallace for more water, the public be urged to look around and see what the higher priced crop land around arguments in

an effort to learn the real reasons for their lack of political attitude in the face of all the petitions of ordinary citizens and the requests for favorable action by Governor Work. Since it is a Citizens' and Congressmen Perkins.

LETTERS TO THE EDITOR

THE BIG QUESTION—WHY?

Editor, The Times:

I sit here in my living room looking out on beautiful Lake Erie. The sky is blue overhead, the water of the lake is a shimmering blue. I am amazed at its beauty.

But then a thought comes that makes me wonder. I look out on Lake Erie. I am a Kentuckian. My home is back there in Kentucky. At home, why shouldn't I be some where my family and friends are—where I have a boy in school at high school?

And as soon as he is through school, he will be in a place like this, because there isn't much work at home. I educate him in Kentucky. He ends up in—behave where, looking for work, why? Why?

The answer is, we don't work together. We live like Ohio. It is a nice place to live, but I have Kentucky, too, because it is my home.

It is funny, and yet it is the depressing, people here who are the cause of it. When I went to the lake with my children, I asked me what the teachers do. She looked at me and grinned. "You are from the teachers and fighting county, aren't you?" I asked her who the teachers are. "They are the teachers and fighting county, aren't you?" I asked her who the teachers are. "They are the teachers and fighting county, aren't you?"

IT'S A GOOD WORLD

Two of the greatest citizens in the history of Kentucky are the cheapest things we know about.

They are good reading matter and a cake of soap that used to be sold in two boxes for ten cents for toilet uses will last two persons a month. Universally popular books are just being sold at low prices, but a cloth-bound volume that costs 50 cents can be read by 100 persons before it is sold.

TIBBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, Ph.D.

"Country Correspondence"

The trouble with us oldsters is that we are always celebrating some sort of anniversary. This must be the chronicle of one of the small units of humanity. And all of us belong to both, with a considerably larger part in the small unit. Whatever concerns our neighbors concerns us. Even the very brief items in a country letter serve to bring back some of the vividness of the occasion that delighted us to read. I remember whose son or daughter is leaving home or having a wedding. And many a contributor brings back the repository of all the worthwhile news of a neighborhood, for everybody knows that the weekly letter must go to the newspaper on time.

Now, my introduction to newspaper as a correspondent came in the good year 1930, not too long after my 14th birthday. For several years I watched the weekly letters in the newspaper. I saw how they were written, and how they were read. I saw how they were written, and how they were read. I saw how they were written, and how they were read.

No writer is nearer the folk than the country correspondent. This honor as news items are anyway, it would be nearly impossible for such a writer to invent anything new. In his little neck of the woods certain things happen; they are shared with his neighbors and should be included in print. Country correspondents love to see in print their names or the names of their neighbors. They want to know what is going on in their neighborhood, who has died, who has married, who is engaged, who is moving or speaking in public. Since the last contribution week after week the column appears under many a reader, and they are sure to be read. I have seen many a contributor who has added some sensible and critical comments on his little world, and who has been a little more than a "neighborhood" writer. It is a mistake to suppose that such contributions are not well read. Probably no better results are shown than in the case of the country newspaper. Record Amount Spent By Tourists Last Year

Frankfort, Ky., Feb. 24 (Sp.)—Kentucky's tourist industry developed a new record and set a new record for the year 1952, according to a report made by Governor Lawrence W. Wetherby. The record was set at \$97,325,200 for the year 1952.

The 1952 figure places the total for the last six years to \$1,100,000,000. The Governor said that this is a record for the state, and that it is a record for the state, and that it is a record for the state.

The tourist dollar figures are established by the application of a formula based on gasoline consumption, and average amount spent by tourists as determined by actual surveys.

According to the report, a total of \$97,325,200 for a year from tourists in 1952 was established as a new record. The report also stated that the 1952 figure placed the total for the last six years to \$1,100,000,000.

NET TOURNEY OPENS MAR. 3

Tournament at Wayland To Decide County Title; All Sessions at Night

Season won-lost records, all the performances that have been posted mean nothing, beginning next Tuesday night when the Floyd County basketball tournament will start at Wayland to name a net champion for the regional tournament, which will place in the state tournament the ultimate objective.

And recent upsets make the post-season exceedingly difficult. In the upper bracket are Wheelwright, the team with the best won-lost record for the season, McDowell, Prestonsburg and Andover. The lower brackets on the whole may be a bit stronger with Martin, Maytown, Mayland, Betsy Layne and Garrett. Remaining strong contenders on the way to the finals.

The first game will be played Tuesday night at 7:30, with Betsy Layne meeting Garrett in the only contest of the evening. All other sessions will begin at 2 p.m. except Saturday night's championship game which will begin at 8 p.m. Lawrence Price, tournament manager, said.

Wednesday night, Prestonsburg will meet McDowell in the first game, and Wheelwright will face Andover in the second. Thursday night's games will be Mayland, the best team, against the winner of the Betsy Layne-Garrett tilt, and Martin against neighboring Maytown. Friday night's semi-finals will name the two teams to meet the following evening for the title. The semi-finals will be played one hour and 45 minutes before game-time, each evening. There will be a few reserved seats available through school principals, Mr. Price said. Charles Greary, Hughes and Sid Meade will officiate all games.

Trophies will be awarded to the championship team and the runner-up, for sportsmanship and to the best foot shot. Individual MVP awards in basketball will be awarded to the all-played team of 10 and to members of the winning and runner-up teams.

High Scoring by Teams, Individuals Featuring Play of Net Quin'ettes

As favored teams fell in disappointing games over the week-end, the whole basketball picture was dimmed in spots. The only bright spot about basketball in this season was the high scoring of certain individuals and teams.

Three teams enjoyed the center park and Prestonsburg's John DeLoach had scores of 41 and 43 points in successive games.

Henderson acquitted McDowell, 100, Meade Memorial blasted Prestonsburg, 106-89, and Louisville's Gordon, 112-82.

The Pickett College Academy did win their 17th of the county and sixth in a row. In white, the Van Lear 33-49, Ekstrom City's Deans rebounded from the P.C.A. loss in taking Doran, 74-61, and Center Jimmy Cantrell's 22 points.

Clark County and Lafayette stopped Pikeville, 48-67 and 66-54 on the others' two-day invasion of the Bluegrass. In other district fray, Red Creek dented Warfield, 64-46, and Betty walloped Jenkins, 74-40.

Wheelwright moved into the 58th street leadership in dominating Wheelwright 70-42, Mayland 78-49, and Don King scored over 20 points for 1-18, and in the second round, 1-18, and in the final round, 1-18.

Don King scored over 20 points for 1-18, and in the second round, 1-18, and in the final round, 1-18.

who have inspected it have not felt that there was a suitable area for a state park, but we will review the question in light of strong interest in the area in recreational facilities," the commissioner said.

Attending the meeting here will be Ward Thomas J. Nelson, assistant director of parks in charge of planning; Col. J. O. Colonna, district supervisor of the Huntington district of the Corps of Engineers, and other representatives of the area.

FTT. GUNNELL AT FORT MCLELLAN

Pvt. William R. Gunnell, son of Mr. and Mrs. John L. Gunnell of Prestonsburg, has completed basic training at the Chemical Replacement Training Center of the Chemical Corps Training Command, at Fort McPherson, Ala.

He completed eight weeks training in general military subjects and eight additional weeks of specialized training in chemical warfare. He will go to his permanent station from the Replacement Training Center.

R.E.A. Completes Film Showing Rapid Progress In Kentucky Since 1935

The Kentucky Association of Rural Electric Co-operators has announced the completion of "Democracy in the Cornfield" and 18-minute, all-color, 16 mm sound motion picture.

The movie which recently received its premiere showing before 100 Co-op agricultural and civic leaders in Louisville, depicts the rapid advancement of the Rural Electrification Program in Kentucky since 1935, when only three of every 100 Kentucky farms were receiving central station electric service. That 3% figure has now risen to almost 80%.

The new movie, which will be shown to agricultural, civic, youth, educational and other groups throughout the state, may be obtained without charge from the Kentucky Rural Electric Co-op Corporation in Louisville, or from most of the local rural electric co-ops.

SGT. GIBSON IN JAPAN
WITH THE 24TH INFANTRY DIV. IN JAPAN — Sgt. John H. Gibson, son of Mr. and Mrs. James B. Gibson, West Prestonburg, Ky., recently arrived in Japan and is now serving with the 24th Infantry Division.

Now receiving intensive field training, the 24th is part of the security forces in Japan. Before being rotated out of the line early in 1952, it spent 19 months in Korea.

Sergeant Gibson, who entered the army in January, 1949, is now assigned to the 24th Division's Replacement Company.

SURVEY SHOWS BETTER LIVING

Advances Made Here As Community Above Average for Kentucky

(Special to The Times)
NEW YORK, Feb. 26 — Noteworthy advances have been made in Prestonsburg in the last decade in the mode of living of the average local resident.

These changes are brought to attention by the recent Census of Housing conducted throughout the country by the U. S. Department of Commerce. The results are now being released.

A slight indication of the progress toward better living, achieved in the decade, is to be seen in the fact that in 1940, in taking the Census of Housing, it was considered not worth while to count the number of homes with hot running water.

Today the story is quite different. In Prestonsburg approximately 94 percent of the dwellings have hot and cold running water as well as private toilets and bath. This is a better showing than is made by the rest of the country, where only 61 percent were found with such conveniences. The Kentucky figure is 26 percent.

Mechanical refrigeration, a modern-day comfort, is now to be found in 74 percent of the homes in Prestonsburg. It is more common than in most parts of Kentucky, where only 65 percent of the homes are so equipped.

Another sign of the times is the fulfillment by more and more people of the urge to own their own homes. This goal has been reached by many in Prestonsburg. The census shows that 51 percent of the local dwellings are owner-occupied.

127,200 mothers are registered as Den Mothers in the Cub Scout program.

BOY SCOUT FUND DRIVE ENDING SATURDAY IS MOST SUCCESSFUL IN RECENT YEARS, VIEW EXPRESSED BY COUNCIL LEADERS

Under the leadership of Jack Branham, of Betsy Layne, the Jenny Wiley district, Boy Scouts of America, will conclude Saturday one of the most successful fund-raising drives held in Lonesome Pine County in recent years, Scout officials said this week.

The district includes Floyd, Johnson, Magoffin and Martin counties. This was the picture as the drive was four days from its close.

In Prestonsburg, where Fred Francis is campaign chairman, the first kick-off in the district was held and it is expected that \$2,000 will be raised here.

Prestonsville's kick-off breakfast was held Feb. 11, and Bill Garland, drive chairman, expects \$1,150 from there.

Alfred H. Allen has a goal of \$200.00. Clark Todd, of David reports that his community expects to do better than last year when \$90 was raised. Austin Gaudin, Maytown chairman, reports \$45 already contributed.

During the past year the Jenny Wiley district enjoyed a large increase in Scout membership. Fourteen new Scout units were organized. There are now 31 Scout units and 680 Scouts enrolled in the district to do a better job than last year.

WALLACE HITS AT CRITICISM

Says Engineers Read Old Letter But Did Not Cite Later Plans

Meeting held at Floyd county criticism of a letter he had written the Huntington district office, U. S. Corps of Engineers, East Wallace, Tenn., district office, was written in October, 1950 when the impoundment was new and its needs unknown, and that his letter in no way implied addition of the or ten feet of water to the lake.

Pointing out that the letter read to a Flood delegation, Feb. 16, by Col. Columbia, chief of the Engineers' district office, was written in October, 1950 when the impoundment was new and its needs unknown, and that his letter in no way implied addition of the or ten feet of water to the lake.

Later he wrote The Times and Jerry P. Howell, of Price, the Engineers and Senator Rife C. Clements in detail stating why the Department thinks depth of the lake should be increased.

"I am not a complete fool," the letter written for the Commission by Mike Clark, director of the Division of Fisheries, said "as in the attitude of the Army Engineers as concerning this department's water for an increase water level in 1950. It was at that time I was told by you and others in Huntington by the Engineers was written on October 11, 1950, and in the way stated that it was expected to increase water level in 1950 the lake was still quite young, and I don't believe that any of you could determine as at that time how or whether an increased water level could be justified."

"Early last summer," the letter continued, "I talked with Mr. John Bourgeois of the Huntington office and explained to him at length my reason for requesting the extra five or ten feet of water."

It is, therefore, a surprise for them to keep this request and take a letter written two years previously as evidence that the Department is not interested."

The letter from Commissioner Wallace to Senator Clements pointed out that, in addition to the request made to Mr. Bourgeois, the Department is a copy of the Department's written notice of our attitude before the extra five or ten feet of water, as well as the reasons for such a request.

The Department's letter last week to the Engineers said, in part: "We were already surprised when the Floyd county people returned home with an erroneous belief. Further, it is hard to believe that a letter written in 1950 should have prevailed over a request made your office in 1952. For the second time I request your office to do something besides tell us to increase the normal water depth."

Senator Clements asked the Engineers last week, upon the added death to the reservoir and Congressman Beckus followed up his letter to the district office with a copy of the letter to the Corps of Engineers in Washington and a letter to the state chief of the Corps. Senator John Sherman was expected to take similar action.

Union and Power Company Battle in Pike-co. Court Over Organization Drive

Pikeville, Ky. — Circuit Judge Jack Austin indicated Tuesday he may deny an injunction to prevent picketing at the Kentucky-West Virginia Power Company plant.

After hearing company and union attorneys he said an organizing strike by the United Construction Workers was lawful and had a lawful objective. Austin added it is his conclusion that further continuance of the strike is still lawful if carried out according to law.

At the same time, the judge warned the U.C.W. that it had gone "beyond reasonable picketing" in interfering with replacement of a utility pole in the Feds Creek area February 15. He repeated a previous statement that he wanted speedy parties to a shooting during the incident brought before the grand jury.

The judge's comments followed a nearly day-long hearing in the injunction case, highlighted by a company rebuttal of union testimony.

District Manager P. M. Baker drew testimony by veteran company employee Ernest Scott Monday that Baker had threatened the U.C.W. to quit as "a rough bunch" who would put your home on a shoe in the back."

Baker said he had talked with Scott about the employees part in an union organizing drive and had read him several newspaper accounts dealing with labor trouble in Florida, Kentucky and Missouri connected with union activities.

"The U.C.W. was hit as hard as 50 of Kentucky-West Virginia's producing and maintenance employees. A strike for union recognition at the plant started February 11."

Judge Austin, in saying he regarded the strike as lawful, said he was also convinced that some parties "have gone beyond their rights in invading the rights of others." But he added that as of Tuesday's hearing, there had been no instances of a serious nature since the Feds Creek incident. Austin said he regarded this as very important.

Each year nearly 10,000 Boy Scouts earn the coveted Eagle Scout rank.

Landscape Leaders in Homemakers Clubs in Hancock County Will Stress the Planning and Feeding of Shade Trees this year.

Greenup county has a total of 1,271 farms which average 1000 acres.

Kentuckiana Spelling Bee To Be Held; Sparkoff To Head Floyd Contest

The 29th annual Kentuckiana Spelling Bee sponsored by The Courier-Journal, The Louisville Times and WHAS was announced last week by Barry Bingham, president of the Organizations.

All county school systems in Kentucky and Southern Indiana are eligible to enter. Many of the larger systems in the area also may participate.

Each school system is responsible for conducting its own spelling bee. School superintendents must certify to The Courier-Journal and Times and WHAS the champion spellers of their school systems before the contest closes May 15.

Entry blanks and suggested contests have been mailed to city and county superintendents.

Each school system champion will receive as prizes a \$10 check and a champion speller certificate. The runner-up will receive a dictionary. Special certificates also will be provided for school champions.

Ottis Sparkoff, of the office of Floyd county superintendent, of schools will be in charge of the program in this county. Distribution of booklets and information on the bee has begun.

Baptists of Region To Meet, March 6th In 1-Day Conference

A series of Evangelical and Stewardship conferences have been planned for the Baptists of Kentucky to be held in various sections of the state. The conferences will consist of one-day meetings in each of the eight regions.

The four meetings in the eastern half of the state will be held at the following places: March 2, north central region, Calvary Baptist Church, Lexington; March 4, south central region, Monmouth, March 5, southeastern region, Manchester; March 6, northeastern region, Paintsville.

Meeting places nearest the named meeting places are invited to attend. The host churches have extended cordial invitations to all out-of-town visitors to be guests at a luncheon.

Petition Is Filed For Liquor Vote In Elkhorn City

Elkhorn City, Ky. — A petition for a local-option election in Elkhorn City has been filed in the office of the Pike county clerk.

Elkhorn City, the only wet precinct in Pike county, voted wet in an election two years ago by a majority of 11.

The petition will be submitted to County Judge Evan S. Pruitt who will decide if an election will be held.

Pike county, with the exception of Elkhorn City, has been dry since 1947 when the district was a county-wide election by a majority of 910.

HALE ANNOUNCES FOR CO. CLERK

For three terms, I have been elected by the citizens of the 1st and 2nd Magisterial Districts to serve Floyd county as one of its Representatives in the state legislature. Although the office of State Representative offers no financial gain for the strenuous and busy working service one performs, and although one's best efforts are often misunderstood, I can say with a clear conscience that at all times I did my very best.

There is no one in public life whose record is more fully recorded or more open to the public than that of a member of the legislature. The record will reveal that while I served in this position of action and votes were at all times governed only by my sincere desire

to fulfill the needs and further the progress of Floyd county and its people. In performing my duty in this manner, I have never been controlled or influenced in my actions by any person or group of persons seeking their own selfish interests. To the detriment of the welfare of my county, I have never been influenced in any way by any person or group of persons.

I feel that it is in the best interest of the county and its people that I have applied in the performance of my official duties, which has endeavored my many friends to urge me to run for a county office the duties of which must be administered without fear, without favor and without prejudice.

Therefore, it is with a feeling of deep sincerity that I am seeking my candidacy on the Democratic ticket for the office of COUNTY CLERK.

My candidacy is not sponsored by any particular person or special interest group. As I have indicated, the legislative journal will reveal that my voting record is one of the most independent recorded in Frankfort. So I can assure you that as your clerk I will never allow myself to become obligated to any person or group of persons in the performance of my duties.

In announcing my candidacy, I recognize fully my responsibilities to uphold the law in public office.

Having always supported the Democratic party, I urge all Democrats in this county to support me as their nominee for the office of CLERK OF FLOYD COUNTY.

Humbly submitted
Your servant,
HENRY C. HALE

DOLLAR FOR DOLLAR YOU CAN'T BEAT A

53 Pontiac

A GENERAL MOTORS MASTERPIECE

Solid Choice of Solid Citizens!

In its distinctive beauty, its size and comfort, its interior luxury and its all-around performance, Pontiac ranks high among America's quality cars—yet this Dual-Streak beauty is priced just above the lowest!

Thus Pontiac has an almost irresistible appeal to people who find it necessary—or wise—to keep their investments in automobiles as low as possible. It is this unique combination of goodness and price which makes Pontiac the solid choice of those solid citizens who are money wise and quality conscious.

The reasons for this preference were never more obvious than in the 1953 Pontiac. Longer, wider, more beautiful than ever, it is also easier to handle, more relaxing to drive. But most important, it carries on Pontiac's tradition of long life and carefree, economical dependability.

Come in and see wonderful new proof that "Dollar for Dollar You Can't Beat a Pontiac."

FINEST OF FEATURES AT THEIR LOWEST COST

- Completely New Dual-Streak Styling
- New Longer Wheelbase
- Pontiac's Great Dual-Range Power Train*
- Longer, Lovelier, Roomier Bodies
- New One-Piece Panoramic Windshield and Rear Window
- Pontiac's Wonderful New Power Steering*
- Spectacular New Over-All Performance

EAGLE SCOUT REPORTS TO GOVERNOR

Eagle Scout Gabriel Wallace, of Prestonsburg, was given the honor of representing the 2,831 Scouts of Lonesome Pine Council at a dinner held at the State Capitol, Frankfort, on Lincoln's Birthday.

In a report which Scout Wallace gave to Governor Wetherby, the Lonesome Pine Council reported the largest gain in Scout membership of any Council in Kentucky, a net growth of 25% in membership. The number of Scout units increased from 107 to 144. The number of adults serving the boy membership in a volunteer capacity increased from 282 to 1,025.

The following civic and community service projects were endorsed by Scouts during 1952, and included in the report to the Governor:

1. Organized fire prevention week and distributed fire prevention posters and literature.
2. Planted trees and engaged in conservation projects.
3. Collected clothing for needy children, and distributed clothing in order that children might attend school.
4. Collected and repaired toys for needy children.
5. Distributed posters and cooperated in campaigns sponsored by the American Red Cross, National Peps Foundation, and Heart Fund, Salvation Army and other community programs.
6. Actively worked with churches which sponsor 50% of Scout troops.
7. Promoted a program of good citizenship training and patriotism which included participation in parades and observation of patriotic holidays.
8. Scout Executive John I. Dean accompanied Wallace to Frankfort. Other Councils participating in the dinner included Louisville, Owensboro, Newport and Lexington.

Quotes from our boys if service:

Marine Sgt. Donald J. Hohl writes from Camp Pendleton, Calif.: "Sorry to be so late about writing, but I've been so busy. I've been to college with their training in the Sierras and it's really awful cold there. I ship out for overseas duty tomorrow, so I'll cut this short. I've all my packing to do yet." Op. Ollie H. Sisco writes from Korea: "I'll get to home next month. Boy, I'm sure homesick for the Floyd county hills. If a few of these mountains had trees on them it wouldn't be so bad, where I am is the biggest air field in Korea. I have been going to N.G.O. for the past three weeks and I still have a week to go. I like it fine. Yea, we get the warm clothes we need and the chow over here is the best I have had since I've been in the Marine Corps." Pvt. Tom Hamilton writes from Korea: "I sure thank you for the Floyd County Times. I'd be most happy to get another one soon! I saw Jackie Koshley again today and we had a good time for a while. Well, this leaves me fine and sober 'til!" Frank Goodman and Eugene Lafayette, of Marshall, Mich., spent the week-end with his uncle, Harry Lafayette.

Mr. and Mrs. Delmer Bentley and son, Larry of Mounth, Mich. visited his mother, Mrs. Mae Bentley, over the week-end.

BAND PLAYS FOR WOMAN'S CLUB

The Wheelwright Women's Club is in the Community Hall for a regular February meeting. The president, Mrs. R. L. Jones, introduced Mrs. W. B. Cummings, representative of the Recreation department, who presented the Wheelwright high school band and members of the fire club by asking them to stand when she called the names of the communities in which they live. Weeksby, Melvin, H. H. Hat, Jack's Creek, Byrno and Wheelwright were represented, approximately two-thirds being from Wheelwright.

Miss Billie Barbright conducted the 50-piece band in the following marches: "Supertuber," "Royal Guard," "Old Smokey," "Night Flight" and "United Nations." The following overtures were played: "Tap, Up Your Hands," "Magic Key" and "Autumn Nocturne."

The high school fire club, which was represented by 10 of its members, sang two numbers, "Look for the Silver Lining" and "The House I Live In." Miss Shirley Spofford and Sybil Clark and Mrs. Darlene Rossi sang "Consider the Lilies." Miss Blackburn accompanied the fire club at the piano.

The program was ended appropriately by the band playing the march, "United Nations."

The band and fire club were served refreshments in the Community Hall.

Mrs. Cox Melton, chairman of the Finance committee, announced that her committee had arranged for a dance to be held in the Community Hall Saturday night, February 28.

Mrs. Virgil Hevins, Mrs. Ralph Banks, Mrs. Joe Pannin and Mrs. Bob Crim volunteered to serve on the nominating committee for the purpose of choosing officers for next year.

Refreshments were served by the hostesses, Mrs. Zip Anshin, Mrs. P. E. Conley, Mrs. W. B. Cummings and Mrs. Georgia Cantrell.

Important gasoline savings!

You go much farther on every gallon of gas in this great new Chevrolet... and you save on over-all operation and upkeep, too!

Ask new Chevrolet owners how this great new car squeezes extra miles from every gallon of gas—and regular gas at that! The reason for this wonderful increase in economy is Chevrolet's new high-compression power. The new 115-h.p. "Blue-Flame" engine in Powerglide models is the most powerful engine in its field, with a compression ratio of 7.5 to 1. And there's a greatly advanced "Thrill-King" engine in gearshift models—108-h.p. with 7.1 to 1 compression ratio.

And... its advantages. Chevrolet for 1953 is the lowest-priced trim in its field. See it in our showroom!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional in "Two-Ten" and Bel Air models at extra cost.

Entirely NEW through and through!

New Fashion-First Bodies by Fisher... new, richer, roomier interiors... new Powerglide* with faster getaways, more miles per gallon... new Power Steering (optional at extra cost)... largest brakes in the low-price field... more weight—more stability—more road steadiness... Safety Glass all around in sedans and coupes... E-Z Eye-Plate Glass (optional at extra cost).

(Continuation of standard equipment and trim included in equipment at availability of material.)

If You Remember . . .

They did not move that year for the old man was not able to handle the heavy furniture. She was lying under the weight of grief and had gone to bed. He never got up. The neighbors buried him in the cemetery for the old woman said that his people lived down south. They were unremembered, anyway.

There lives had been the lining unkind record of those who are born and drift with the years. No book had scribbled in it the nativity of children for there had been none. If there had been anything to record it would have been their record of perpetration from whom to please. Some places they had lived had been mere hovels, others, by accident and chance of a life of tragedy, comfortable and safe. Yes, they moved with the seasons, crossing here or working there, ever seeking a strange place and a new home. It had been a life of great adventure, the old woman thought, after the old man was dead. She would like to move again, herself, but again she was unremembered. Still, if in the spring, when the air was hazy and she could get help, she would, if she could, move again.

She thought, were thus when she became sick. Like the old man, she did not rise. Neighbors, kind and curiously compassionate, came to bring her food. A little boy of the neighborhood stayed all night. She looked at him quietly. He was strong. Perhaps he would help her move in the spring.

When she worsened someone asked if she had been talked to. No one seemed to know and the preacher came. She told him that she had no fear, "I am ready . . . and a bright light came into his eyes, "I, why, I am going to move," she added. She lay back and went to sleep.

She did not awaken. The neighbors said that sometime in the night she covered moved. That was all they knew.

DRIFT WOMAN'S CLUB MEETS

The Drift Woman's Club met at the home of Miss Catherine Reed. The president, Mrs. B. W. Ankrum, presided. The president read a letter from the County Health Department asking the club to sponsor the TB mobile clinic, and the club voted to do so. It also voted to collect old clothes to send to K.C. and send Green's where the need is so great. Any person who has old clothes to donate to this cause may give them to any member of the club. Mrs. C. J. Gehl, International Relations chairman, is in charge of the project.

Material, thread, yarn, etc. were brought to the meeting to be sent to Germany. All members who haven't contributed to this cause may make their contribution to Mrs. B. A. Reed, who is in charge of this project.

It was voted to make the contributions necessary to comply with the program, namely: Penny Art Fund, Headquarters Fund, Student Loan Fund, and Musical Dollar. The president announced that all financial reports are due by March 1. They are to be sent to the respective state department chairmen. This also is necessary to comply with the scorecard.

An American history essay contest is being planned for the Drift and Wheelwright girls and will be awarded for the best essays. Miss Catherine Reed is the new Americanism chairman and she, with her committee, is in charge of this project. New projects in Pine Arts, Spiritual Values, and Youth Conservation also are being planned.

Four members besides the president have subscribed to the General Federation Clubwoman, the GFWC magazine. Two new members were welcomed into the club. They are Misses Edna Mae Allen and Pauline Moore. Also, recent members are Misses Betty Turner and Jackie Hall.

After the business meeting, the program was turned over to Mr. Norman Arady Weber, teachers at Pikeville College. The title of the program was, "Our Neighbors in Other Lands—Their Customs and Mores." Mr. Weber gave an illustrated talk on the great painters of Europe and their work, telling the particular characteristics of each artist and the paintings of each. Mr. Weber played piano selections by Chopin and Bach, and sang a number of songs which Mr. Weber himself arranged.

Refreshments were served to Messdames Oliver Egan, Bobby Hall, D. H. Huxley, P. T. Jones, Ben Martin, Claude Martin, Joe C. Moore, Alan Reed, Alvin Reed, Ward Reed, Howard Sackler, Lloyd Sumner, Ray Turner, E. W. Ankrum, and Misses Ruby Akers, Catherine Reed, Betty Turner, Peggy Hall, Miss Margaret Moore, and guests Mrs. Dan Reed and Mr. and Mrs. Weber. The next meeting will be at the Turner-Ebbhorn office building, with Mrs. Bobby Hall as hostess.

WHEELWRIGHT GIRL JOINS AIRLINES

Miss Lois M. Osborne, formerly of Wheelwright, recently began a new career as a traffic agent for Eastern Airlines.

Miss Osborne, the daughter of Mr. and Mrs. W. M. McCoy, of Wheelwright, became a student at the Ward School of Airline Training, Worcester, Mass. last November and trained for six weeks for airline traffic agent employment. She attended lectures on aviation history and operation, meteorology, aerodynamics, and flight control. Routing schedules, passenger relations, ticketing and reservations procedures, space and flight control, dispatch and airfile communications all grew familiar to her. Her training, conducted in a model station set up at Ward complete with all the equipment and atmosphere of an operating airport, Miss Osborne is poised and ready for her job.

And she began right away. Miss Osborne is one of several girls selected by Eastern Airlines during interviews conducted by Eastern Airlines during interviews conducted for her class at Ward during their training. The Eastern representative who visited the school asked Miss Osborne to report to the airline in Boston after just one short week-end visit at home.

Miss Osborne is a graduate of Wheelwright high school and was employed in a Civil Service position at Camp Breckinridge, Ky. before she began her Ward course.

Mother-Daughter Scout Supper Held at W. Wright

The Girl Scouts at Wheelwright four Girl Scout Troops and one Brownie troop and their mothers met in the Community Hall for a box supper Monday night, Feb. 23. The mothers and daughters brought their own suppers with the Girl Scout organization furnishing soft drinks and coffee. There were approximately 100 Scouts and mothers present.

After the supper, Mrs. Arthur Bradbury, district chairman, gave an review of what had been done during the past year in Scouting at Wheelwright. Mrs. Bradbury introduced Mrs. Barbara Goodard, executive director, Sandy Valley Council, who reported on the Girl Scout camp at Dewey Lake Mass. Goodard mentioned that the main objective should be ready for employment in summer and that a drive to raise funds for the camp will get under way shortly.

Mrs. T. J. Parker, chairman of the Board of the Sandy Valley Council, spoke of the importance of Scouting, not only to the girls but to the community as well. Each troop participated in a skill depicting the experiences of a Girl Scout in the Alps in Switzerland, which was made possible by money from the World Friendship fund.

Four of the local troops contributed a total of \$13.75 to the Juliette Low fund, which was raised by the girls in various ways—running errands, baby-sitting, helping with housework, sacrificing movies, etc.

Since it was Mrs. Bradbury's birthday, Mrs. Parker baked a cake for her on which were eight lighted candles, one for each year of service Mrs. Bradbury has given to the Scout organization.

Since Mrs. Bradbury is the oldest Girl Scout in Wheelwright from the standpoint of Scouting years, presented Mrs. Bradbury with a gift from all of the troops in appreciation of her years of faithful service.

Trees Are Available To State Planters

Frankfort, Ky., Feb. 24 (Sp.)—More than 1,000,000 trees are available for sale this year to farmers and other timberland owners in Kentucky, according to State Forester Harold B. Newland.

Another 1,000,000 trees have been sold and shipment will begin in several weeks. Deliveries on all trees will be concluded April 1.

Order blanks can be obtained from local or district foresters, and conservation service representative and county agents.

Trees will not be sold for ornamental purposes for roadside border planting or for planting within a city.

Three available include red oak, black locust, yellow poplar, black walnut, and shortleaf, kelly and white pine.

Last year Kentucky planted more than 2,000,000 trees on 2,501 acres to rank fifth in the southeastern forestry region, which comprises 14 states.
