THIS IS BETTER

LAST Thursday The Courier-Journal was almost apologetic for its editorial of April 11 in which it intimated Eastern Kentuckians are a diverse group...

Another look at Eastern Kentuckians' attitude toward the economic well-being of the Eastern part of the state...

It is hard to know how to reply to the judgment Eastern Kentuckians who in today's Point of View are of little interest to the rest of the state...

It is inevitable unless new sources of income and employment are found, conditions in this country will soon be desperate...

There is no doubt that a majority of Eastern Kentucky counties offer possibilities that, brought to the attention of the proper industry...

At the same time, attention must be given to the minority of counties that offer relatively few opportunities for industrial growth...

It is not surprising that a majority of Eastern Kentucky counties offer possibilities that, brought to the attention of the proper industry...

HALE

For COUNTY COURT CLERK

Since my announcement, a few weeks ago, as a candidate for the office of County Court Clerk on the Democratic Ticket, I have visited most of the precincts in the county, but have not been able to see more than a very few of my many friends. However from those few I have seen, I am greatly encouraged to the strong belief that I will win the nomination for the office of Clerk.

The office of County Court Clerk is one which demands the highest type of courteous public service. I have served three terms as your Representative in the Kentucky General Assembly, during which time I have actively worked for the interest of the laboring man; the school teacher and pupils; the old aged, dependent children, and needy blind—during which time I have spent my own money in going to and from Frankfort to get improved roads and other benefits for our county. I feel that this experience demonstrates my ability to perform worthwhile public service.

The office of County Court Clerk demands a faithful attention to the details of the duties of keeping the important personal and county records entrusted to his care. The reputation I have had; the experience I have gained in public office and in handling my own personal affairs should adequately qualify me to run the office of County Court Clerk with efficiency.

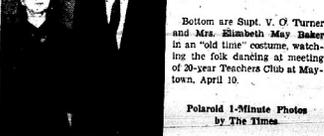

As this campaign progresses I expect to remind you in more detail, of the record of service I have attempted to render to the people of Floyd county, and to outline for you my plan for a better and more efficient County Court Clerk's office.

Sincerely,
HENRY C. HALE

meeting was called to order by the president, Jimmy Ray Hamilton. The program consisted of singing, "Talk-Horses and Men" by Forrest Pitts, "Sunshine or Coal" by Pauline Brown, "Verdiana" by Steve Dolsen, "Friedrich Crastopoulos" by Rebecca Hayward, "What's Your Guest?" by Tom Greene and Jimmie Allen. Since school will be closed before the first of May the club voted to hold the regular meeting at the home of Jimmie Hamilton on May 8, 10 AM.

Re-organization meeting of the CIO 4-H club was held April 14 at the CIO HOGS. The club was re-organized for 1953 with 13 members. The following officers were elected: President, James P. Stephens; vice-president, Phyllis Marie Stephens; secretary, Ruth Ann Layne; reporter, Douglas Dolsen. This club was voted the most outstanding club in Floyd county last year and received the Kentucky-West Virginia Power Company award of \$10. The club was under the leadership of Mrs. Frankie West last year. It will continue its outstanding work under the leadership of Mrs. Marie Stephens and J. L. Laferty.

There are a lot of advantages to being in business. For one thing, it gives us an opportunity to meet a lot of nice people. We talk a little... listen a little... we are not going to get into the political analysis of news commentators. In fact, we're going to make a point of staying away from such topics.

We hear a lot of interesting things, too. Things we'd like to pass along to all of you because we know you'd enjoy hearing about them. So from now on, we're going to report in this newspaper every week. Don't fret... we're not going to be a political analysis of news commentators. In fact, we're going to make a point of staying away from such topics.

During the ensuing weeks this column will attempt to touch with calm understanding on a thought or belief, or a credo which will help us all to gain a better insight and a fairer perspective of our world.

We believe that mankind in his progress—sometimes faltering, sometimes stumbling, but never quite failing—has gained an expectant but unsure foothold on the threshold of absolute maturity. To better understand our future we must first better understand our motives and our beliefs. And with the belief that we are all brothers, we must understand the road to a father and fatherhood, we must understand our world, we must understand our families at time of bereavement. We must understand, in our own minds and in our hearts, the path and command of the FINEST FUNERAL HOME.

Juniors, Seniors Hear Professional Counsel As 'Career Night' Held

Approximately 100 Juniors and seniors of Carroll and Wayne high schools heard from professional men whose work ranges from the cradle to the grave and beyond advice Friday evening on the topic of a "Career Night."

The occasion was Career Night at Wayne high school, planned for the Carroll-Wayne students by the Lackey-Garrett Woman's Youth Conservation committee headed by Mrs. Noub Howard, of Wayne.

The speakers advised the students on the costs of education, the fields of endeavor open to them and the requirements of the various professions. Career Night began at 4 p.m. with folk games in the school gymnasium, and the showing of a film followed at 5:15. Dinner was at 6 and at the general session in the school auditorium professional men and women addressed the students. Group meetings followed, with professional leaders conferring more formally with students who had shown an interest in learning more about certain fields of work.

Speakers included these leaders: Medical and nursing—Dr. Charles Aker, Dr. B. H. Messer, Dr. Paul Shaver, Mrs. C. B. Bacon; Christian education—Rev. Robert L. Meyer; mortician—Birchell Hall; home economist—Mrs. Robert Webb; lawyer—C. Kilmer Corbin; athletic—John Campbell, of Athletes, John Campbell, of Garrett; Dave Adams; business—J. T. Spaulman; engineering—Cammel Patton; electric power—Mr. Joppe, of the Kentucky & West Virginia Power Company; teaching—Charles Clark, of Garrett high school.

L. B. Price, principal of the Wayne school, presided at the meeting. Richard Vinson, Jr., president of the Wayne senior class, thanked the Woman's Club and the speakers for success of the evening. Going was served by Mesdames George Evans, Earl Castle, J. O. Wells, H. B. Gibson, Fred Wolfe and L. B. Price, of the Woman's Club.

their reputations as such at stake. The Commonwealth's Attorney had asked the Clerk to set other cases indicated at this time for trial during the term, but wanted to hold the auditors' case till September," he said, "I didn't think it was much of a case," he added.

Otherwise in circuit court. Charley Hosson was given a one-year pen term on his plea of guilty to a charge of child desertion. Mrs. Francis Johnson was fined \$50 for assault and battery; C. J. Howell was sentenced to six months in jail for escaping from an officer; Nathan Gibson and John Howell, were each fined \$50 on their conviction on an adultery charge; Walter Horn drew a fine of \$100 for drunk driving; Dr. Chris Oenheart and Lenix Tackett were fined \$10 each for drunkenness.

Billy Blanton won an acquittal from a breaking and entering charge, and the jury was unable to agree in the trial of John W. Huff, charged with carrying a concealed deadly weapon. A second trial for his case was set for Sept. 8.

Trial of Virgil Carlin for shooting and wounding was set April 28, and he is being returned here for the trial from the LaGrange reformatory. John C. Howell's trial on a charge of knowingly receiving stolen property was continued till Sept. 10. The case of Afton Martin, accused of shooting and wounding was dismissed for lack of prosecution.

I do not propose to go into all the details here to quote this scholar or how all these sciences apply—radio manipulation as a master of mechanics, hydraulics in the determining of stream currents and water turbines, etcetera, etcetera—but will admit my education has been sadly neglected. Which explains what I have been seen coming home without. Or something.

THANKS FOR THE SPINE STIFFENER The reaction to The Courier-Journal's recent editorial suggestion that the people of this section move out to where jobs are available instead of trying to bring new jobs into the section was commendable. Blood pressures jumped alarmingly. Several citizens took pen in hand, or leaped to their typewriters.

In Pike county Dr. O. W. Thompson, president of the Big Sandy Valley Association, probably took the most effective action of all. Upon reading the editorial he stopped an ad in the Pikeville newspaper and had handbills printed, offering a reward for locating Shorthorn bull worth \$300 as a prize for the best answer to that editorial.

Does East Kentucky fight back? That's one way, and the interest in development of the area was large higher in Pike county. The response of Dr. Thompson's offer, was little short of tremendous. Identically, that contest is now on.

YOU ANSWER THE QUESTION "Why do people poison their boys?"—a friend asked me this week. I thought there was no answer coming. I can only answer in indirect ways when I hear of such cowardly heartlessness. We can force ourselves to think of the poor animal as just a dumb object. We can close our eyes to its suffering brought on by the cunning agent provided by a human being to its natural appetite for food. But what about the little boy to whom the dog was his best friend? "I wish," said my friend, "that the man who did that could have been forced to stand and listen to the child cry himself to sleep, the night his dog was poisoned." But I wonder what a child's tears mean to a dog-polester.

Dr. Wright Succumbs At Grandy, Virginia

Dr. T. C. Wright, 68 years old, died at his home in Grandy, Va., April 13. He was the husband of Mrs. Sylvia Hicks Wright, daughter of W. M. Hicks, of Hippo, this county. A native of Letcher county, he was a son of William C. and Lettie Belle Wright. Dr. Wright was a graduate of the Louisville school of Dentistry. Besides his widow, he leaves two sons, Dr. Earl Wright, Pikeville, and William Wright, Grandy, Va., two daughters, Mrs. Hazel Chandler of North Carolina, and Shirley, of Grandy. Dr. P. B. Wright of Seelye is a brother of the victim.

Funeral services were held in the Grandy Church of Christ, and burial was made in the Johnson cemetery at Pikeville.

I challenge them to show me where in the whole United States was there ever an attorney appointed to prosecute a case after the Judge and the defendant had selected, seated and sworn their own jury to try the issues joined and before the appointed attorney could get to the courthouse to raise an objection if he so chose, especially in the case as the "COTTON CASE" where the appointed attorney said he knew nothing about the case and his reasonable request to grant him from Saturday to Monday in which to prepare was promptly overruled.

The Hon. Lawrence F. Speckman who sat as Judge in the main Court room of the Floyd-Circuit Court a few weeks ago informed Henry Stumbo and his associates that Woodrow Burchett was not entitled to any expenses under the law. The County Judge and Magistrates defied the court and ignored the law they were sworn to uphold and allowed Woodrow Burchett \$11,209.65 in expenses. Henry Stumbo and his "honest" Fiscal Court has paid me only \$1,600 in my two years in office, and the Attorney General's office advised them that I was entitled to be paid; but now they are asking for it back at 6 pct. interest. "Indian givers," they are. But in the Burchett case where Woodrow and the Fiscal Court plead the state of limitations against the Taxpayers who elected them, and where Woodrow admitted owing for many years \$6,131.19, Henry Stumbo swore the "honest" and "treat everybody alike" magistrates, did not ask for interest and allowed \$11,209.65 in expenses which Judge Speckman informed them was illegal. The wonders of these "honest" and "treat everybody alike" magistrates, with tear-filled eyes, will never cease. Martin Stands Alone At the Court House

DEAR TAXPAYERS:

The Kentucky Court of Appeals has decided in the case of Northcutt, Circuit Judge, V. Howard, Commonwealth's Attorney, et al, the latest decision on record that:

"The office of Commonwealth's Attorney is a constitutional office and such officer may not be deprived of the right to perform the duties of that office, nor may a substitute be appointed in his place except by virtue of section 69.060 K. R. S."

That section provides, "The Judge shall not appoint an attorney to act in the place of the Commonwealth's attorney unless he is absent, related to the defendant or is counsel for the accused."

In the COTTON CASE, I was not absent, I was not related to the defendant, nor was I their counsel. I did not disqualify and I did not step aside. In the latest Kentucky Case, The Kentucky Court of Appeals decided and I quote their words verbatim, "Unless the (Commonwealth's Attorney) is physically absent from court or absent in legal effect by virtue of proceedings pending against him, NO RIGHT OR AUTHORITY EXISTS IN THE CIRCUIT COURT OR ANY OTHER OFFICIAL TO APPOINT A SUBSTITUTE FOR HIM."

Such arbitrary action on the part of the Circuit Judge as took place in the "COTTON CASE" last Saturday is unprecedented in the history of Kentucky Jurisprudence, and I defy Henry Stumbo, Woodrow Burchett, Ellis Martin, Milt Stanley, Banner Meade, the five who sat close by with smiles and smirks on their faces to show me a parallel case in the whole state of Kentucky.

I challenge them to show me where in the whole United States was there ever an attorney appointed to prosecute a case after the Judge and the defendant had selected, seated and sworn their own jury to try the issues joined and before the appointed attorney could get to the courthouse to raise an objection if he so chose, especially in the case as the "COTTON CASE" where the appointed attorney said he knew nothing about the case and his reasonable request to grant him from Saturday to Monday in which to prepare was promptly overruled.

therein were matters of public record. This Honorable Judge informed the "Court-house" defendants that he was going to rule that the Tax League had a right to bring these suits, as he had already ruled in the Burchett case. It appears that these men through their political links and secret contacts have brought pressure to bear upon the Chief Justice of the Court of Appeals to force the Hon. Lawrence F. Speckman, Judge, out of the last five tax-payers cases, after he was appointed, qualified, came to Prestonsburg, and after he had held hearings in the cases, and even after he told the "Court-house" defendants that he wanted to try the cases and told these men that he would resign only if the Chief Justice forced him to. Under what law or authority does a Chief Justice have the right to dictate to a Circuit Judge on a professional matter in a Circuit Court? They have fired the HONEST JUDGE. They have discharged the elected COMMONWEALTH'S ATTORNEY over his protests. And only God knows what they will do next. It is rumored that these men are going to impeach me, dishar me or have me thrown out of the office to which you people elected me. It is rumored that they are preparing a SNEAK SUIT against me to be filed in Louisville under the name of "COTTON" to harass and embarrass me. It is rumored that they are also filing suit against the twelve Grand Jurors who examined the audit for themselves and who under oath, behind locked doors and by themselves alone discussed and unanimously voted the indictment because it looked to them like a SHADY PIECE of business. It is rumored and whispered on every tongue that I will not live through this coming election. It was sworn to before the January, 1953, Grand Jury that a plot was on foot to place dynamite in my car. My brother in law when he was out of the county for the purpose of warning me that a known and notorious bootlegger living at the out-skirts of Prestonsburg was ever in Perry county looking for an underworld character offering \$3,000.00 to "BURN" me off. I may be "BUSH-WHACKED" as I am so often warned on every street corner and section of this county, but I have lived to see Woodrow Burchett pay at least \$6,131.19 back to the poor and hard pressed taxpayers with this notation on the margin of the Fiscal Court Order Book number 6 at page 210, "RECEIVED OF W. W. BURCHETT \$6,131.19 PAYMENT IN FULL OF THE AMOUNT PROVIDED IN THIS ORDER THIS 17 DAY OF APRIL, 1953. (Signed) W. J. MAY, TREASURER OF FLOYD COUNTY." Yes, dear TAXPAYERS, I may be "BUSHWHACKED," but I fervently pray that there will be enough good people left—enough old farmers who sell eggs from house to house to squeeze out enough money to pay their taxes—enough coal miners who before daybreak go down into the bowels of the earth to risk their lives to eke out enough money to buy food and milk for their babies—enough honest, god-fearing citizens, unspooled by the patronage of a deeply entrenched political machine,—yes, I fervently pray that there will be enough left who will go to the polls on that first hot day in August to WIPE THOSE SMILES AND THOSE SMIRKS FROM THEIR FACES. GAS WORKERS PACT SIGNED

3-Cent Blanket Boost Granted 246 Employees Of Kentucky W. Va.

A blanket increase of 3 cents an hour is provided for 246 employees of the Kentucky West Virginia Gas Company in the new contract negotiated Monday by the company and the International Gas Workers Union representing the workers.

The contract is effective for six months. Negotiations began March 24.

Columbia Fuel Corporation and its workers are now attempting to reach a wage agreement. It was said the contract with the Fuel Gas Company has with its employees does not expire until October, and workers with other gas firms are hoping to have their contract negotiations coincide with this date.

One reason for desirability of a common contract-expiration date arose from the fact that the Taft-Hartley Act prohibits sympathy strikes of employees of one company to help the cause of another group attempting to negotiate a wage pact, it was pointed out.

Beauty Queens Sought To Represent Schools At 8th Music Festival

Floyd county's high schools this week were in a busy mood, and senior girls to find among them beauty queens to represent the nine schools here in the eighth annual Floyd County Music Festival, May 2.

Missing from the Festival program this year, Jess Edick, county land instructor, explained, will be solo French because of competing state and teacher's meetings. Chaperone the day's program will be fully as varied and colorful as last year's which attracted a huge crowd.

Inspection of bands will be at 9 a.m., with the parade of bands following at 10 a.m. The afternoon several school bands will perform, with visiting critics listening in. A feature of the band program will be the presentation of instrumental music training from pre-kindergarten through till the pupils' full-fledged band leader.

A concert by the all-Festival band will conclude the day's activities.

Crowning of the Festival queen, however, will be in the evening, the highlight of the day. Beauties to represent the several schools must be unmarried, not a previous-school queen, a member of the junior or senior class of her school, have some knowledge of music, possess a scholarly standing of C or above and have a good standing as a school citizen.

I obey God at all times and always His will and always with a glad heart, regardless of losses or crosses. My Bible says woman was made for a helpmate. I did not say what all they could do.

It has always been my lot to work with and for ungodly men, but I have reached the point where I have no one to work for but myself, unless with my own free will and choice I feel it my duty and responsibility to God and man to give some outstanding man a little help.

By reading the Floyd County Times I know to be true we are facing perils times. Instead of protecting churches, homes and schools from the outside, court officials and school leaders are fighting and leaving each other.

I thought at the end of the year 1951 I had finished my work, for I had fulfilled the Royal Law according to the Scriptures, James 2:8, 12: I have fulfilled the royal law according to the Scriptures, about which love my neighbor as thyself. Ye do well.

Since that time I have had my challenge on leaders approved by divine approval. I have written approval from President Dwight Eisenhower. His own name signed with pen and ink. I have approval of the Church of God (Washington, D. C.) I have approval of Spiritual Mobilization, Gospel Evangelists and U. S. Senators and Representatives of the Billy Graham Association, and in fact all God-fearing and God-honoring men will be afraid to try to condemn my work. For I take the Bible as the final authority, and never call myself a man, nor have I left the Bible as to the duty of women.

I have read the book on the Old Testament, the Galates Book Ever Written, by Preston Outler. He gives reasons for all credit for all the good works that they have accomplished in the days of old. He says Deborah, the only woman judge, was a man's woman who led many brave men and elders, and she would sing. So let all thine enemies perish, O Yahweh, but let them that love Him be as the sun when he goeth forth in his might.

I wish to call on you elders and military men not to think that I am guided by any one man except God. My work is to help and not to hinder. I am calling on all denominations to compare all my writings with the Bible, the moral law. I communicate with Catholics and they ask for my prayers. I have letters from school principals telling me my prayers have been an uplift to them.

I am calling on the Temperance League of Floyd county to set homes and help give Floyd county a general housecleaning in the primary election. So far, I have only entered one man on my "Prayer List" for County Court Clerk. My "Favorite Son" is Henry C. Hild. I never remember meeting Mr. Hildman in person, but his name and his picture he had in the Floyd County Times applied to me. He was the man I wanted to hold up as a God-fearing and God-honoring man and one who appreciates my spiritual advice and counsel.

Now back to the woman question. If you men, young and old do not know what is sweeter than honey, or abundance than all the riches of the rich chapter, it is the women. If you do not know who was wiser than King Solomon, read the language of Christ. St. Paul's chapter, the verse Christ speaks of prayer to all nations. St. Mark 11:17. Let's all pray to be one as Christ prayed. St. John 17:21. I want to lift up Christ as the head of the church. Peter on earth. St. John 12:32. And if I be lifted up from the earth, I will draw all men unto me. Prayer and gate. Act. 12:13. Prayers at 31. God, be the first to be for hotels and let our work be done in the gates.

Sincerely and prayerfully,
EVA MEADE HALL.

Track Mine Operator Victim of Paralysis After Day's Illness

James H. Honaker, 54 years old, Harold creek mine operator, died at the Prestonsburg General Hospital at 4 a.m. Wednesday, victim of a paralytic stroke suffered on the preceding day.

A native of the county and a lifelong resident of the Harold and Little Mud Creek sections, he was a son of the late James L. and Kandle Wedding Honaker. Surviving are three daughters, Sandra Carol, Harold, Joan and Shirley Lea, each of Bethany, Ky., and one brother, Earl Honaker, of Harold. Funeral rites will be held Sunday afternoon from the residence of Earl Honaker, the Rev. T. F. Meade officiating. Burial will be made in the family cemetery on Little Mud under direction of the Carter & Callihan Funeral Home.

Let's Be Fair

Everyone knows that, politically speaking, it is difficult to defeat a man by mistreating him. Certain individuals who have been defeated office seekers or who are now seeking office have seen fit to maliciously accuse and smear certain office holders. Do you suppose any of these suits were filed or these accusations made for any political purpose? The reason these so-called taxpayers saw fit to resort to such tactics against some officers and to conspicuously refrain from taking any action against others is well known to them. I have never seen or heard this explained. They have to live with their conscience and I will live with mine. Tax wrongs do not make a right.

These men have carried on such a campaign of smears and innuendos that it has insulted the intelligence of the people of Floyd County. Sometimes it is easy for certain people to measure the other fellow's corn in their bushel. These men have never explained to you how county officials are paid or from what source the money comes. Their income is based upon the services they perform and is paid by the persons receiving the service or against whom action was taken. It naturally follows that the more services they perform and the more work they do, the more fees and commissions they are entitled to receive. The greater portion of the income from my office is from commissions on fines and forfeitures which are paid into the State Treasury and from delinquent taxes which are paid to the County Clerk. These fees and commissions are paid to me because of services I perform in connection with the collection of them. The commissions on fines and forfeitures are paid to me through the hands of the State Treasurer, and the commissions on delinquent taxes are paid periodically by the County Clerk. In many instances fees earned in one year are paid in another year. This causes the income in the County Attorney's office to vary greatly in different years, and in some years it is much more or less than in other years. Any officer whose income depends upon fees will have "fat" and "lean" years. The years that were audited by the Fiscal Court were no exception to this rule. For example, in the year 1919 the total net income of my office was only \$3,797.32. However, it was held by the Fiscal Court that these few officers could not offset the "lean" years against the "fat" years, and could not claim any credit for years when the income was low. There has always been a question about what expenses an officer was entitled to claim. If I had been permitted to average the income for all the years and been allowed all the expenses I had actually been out, Floyd County would have been indebted to me. However, I, like practically all the other officers, had not kept accurate records of my expenses, and therefore could not claim allowance for all of them.

This county is more than 150 years old. Many men have held public office during that time. It has been the practice here, and all over Kentucky, for public officers to be allowed to claim expenses they have been out in connection with the performance of their duties and to make allowances for years when their income was low. Out of all the people that have held office in this county, not one has requested any of the fees they earned.

I stated publicly and privately that I was willing to abide by any reasonable and fair audit made by reputable men. The audit has been made and the Fiscal Court is now in the process of making settlements with the various officials involved. Although the income of my office was one of the lowest of any office, and I kept sufficient records to allow me to explain to you the proper allowances, I told the Court to treat me like all the others. A large amount of the expenses were disallowed and no credit was given for the low income years. I accepted the decision of the Court without quibbling or hickering or making excuses and did just what I said I would do in the beginning. I settled with the Court on the basis of that audit. It so happens that I am the first and only official in the history of Floyd County to make this kind of settlement. A suit against me was unnecessary, but they filed one anyway for political reasons. They said that these other men that have been in said feel the same way.

I have lived and worked among you people all my life. You know that I am honest and straightforward in my dealings with everyone. I have lived frugally and worked hard. I have no expensive habits or pastimes. I have no fortune, and have barely made enough out of my office to live. All I have to show for my years as a public servant is a modest home and three children. Certainly, any man is entitled to that much. The home has a mortgage on it. My only interest is to live by the Golden Rule, raise my family, accommodate the people and make Floyd County a good County Attorney for four more years.

Your friend,
WOODROW BURCHETT

WHEELWRIGHT

The April meeting of the Wheelwright Women's Club was held in the Woman's clubroom with Mrs. R. L. Jones presiding. Thirty-two members were present.

The program was opened by Mrs. Bobby Gentry introducing the speaker, Dr. F. H. Spence. Dr. Spence is a graduate of the University of Louisville School of Dentistry and has been practicing in Wheelwright since June, 1951.

Dr. Spence spoke briefly on his attendance at the State Dental Association held in Louisville the week of April 6. He represented one of the 60 districts in the State.

The theme of Dr. Spence's talk was "Education in the dental profession." He stated that dentists should try to progress with the times and not an opportunity to become educated in order that they might come back and advance their home localities.

The club concluded by saying that if the Woman's Club would present to him, two nights a month, underprivileged children in need of dental care, he would accept the necessary attention free of charge.

The club voted on the following motions during the business meeting: that the club support Miss Edna Covins application for a scholarship loan and that a delegate be sent to the district convention.

The club also voted to donate \$20 each to the following organizations: Kentucky Crippled Children's Society, Cancer Fund, Pine Mountain Settlement School and Caney Creek Junior College.

The following announcements were made:

The annual banquet will be Saturday night, May 2, at 8:30 p.m. at the time officers for next year will be installed. They are: Mrs. R. L. Jones, president, Mrs. Roy Soule, secretary, Mrs. Roy Soule, alternate, Mrs. Roy Soule, recording secretary, Mrs. Bobby Gentry, corresponding secretary, and Mrs. Joe Pannin, treasurer.

Mrs. Violet Davis, Mrs. Roy Soule, Mrs. Frank Davshire, Mrs. John Black and Mrs. Elmer Ferguson volunteered to serve as judges for the next year's contest. Mrs. J. T. Parker offered transportation.

Mrs. Jones announced that eight members of the club had attended the tea at Garrett, April 14.

Mrs. Parker urged members of the Women's Club to take a more active part in Girl Scouting.

Refreshments were served by Mrs. O. P. Hall, Mrs. Wayne Harlow, Mrs. Steve Clark and Mrs. Clark.

RAISE PROTESTED
Frankfort, Ky. — Doubling the intrastate-freight rates of the Kentucky and Indiana Terminal Railroad Company drew protests from Louisville industrial groups and other rail lines operating in and out of Louisville.

The Railroad Commission held that the proposed increase could not be put into effect for at least seven months, until the commission can hear evidence and decide the question. The K. & I. seeks permission to raise the intrastate rates to the interstate level.

RULES GIVEN
Frankfort, Ky. — It is not necessary that the hours of "recess" at times be which children attending public schools may receive moral instruction be one hour continuous, but it may be broken into separate periods totaling an hour—such as two periods of thirty minutes each on separate days—Assistant Attorney General W. Owen Kelley advised Bush C. Spalding, Lebanon, Marion County School Superintendent.

Announcing Bill Hall For SHERIFF

To the People of Floyd County:

Among the five candidates for Sheriff, four years ago, 2,682 of you cast your vote for me, Bill Hall. I am second in that race four years ago, an honor for which I am deeply grateful to the people of Floyd County. I respect and honor the right and the integrity of those who cast their vote for the other four candidates.

Since that race four years ago and especially during the last few weeks many of those who cast their vote for the other candidates have come to me, pledged their support, and urged that I announce myself as a candidate for sheriff in the coming Democratic primary.

I now earnestly solicit your vote and influence, and when elected I pledge to the people of Floyd County four years of HONEST ADMINISTRATION. I pledge to the taxpayer, I will keep proper records of all my receipts and expenditures and at the end of each year as required by K.R.S. 61.200, I shall file a sworn statement of them in the local newspaper, and send a copy of the sworn publication in the state auditor as required by law. I shall list only those expenses as are authorized by law and for my services. I shall explain only the amount that will be installed. They are: Mrs. R. L. Jones, president, Mrs. Roy Soule, secretary, Mrs. Roy Soule, alternate, Mrs. Roy Soule, recording secretary, Mrs. Bobby Gentry, corresponding secretary, and Mrs. Joe Pannin, treasurer.

Mrs. Violet Davis, Mrs. Roy Soule, Mrs. Frank Davshire, Mrs. John Black and Mrs. Elmer Ferguson volunteered to serve as judges for the next year's contest. Mrs. J. T. Parker offered transportation.

Mrs. Jones announced that eight members of the club had attended the tea at Garrett, April 14.

Mrs. Parker urged members of the Women's Club to take a more active part in Girl Scouting.

Refreshments were served by Mrs. O. P. Hall, Mrs. Wayne Harlow, Mrs. Steve Clark and Mrs. Clark.

BATES FOR CONSTABLE, Dist. 3
I. Kerens Bates of Bevaeville, a
hard working man, has been asked
to announce himself a candidate on
the Democratic ticket for constable
of District 3, Floyd County, Ken-
tucky. If elected by the people, I
will care the people. A vote for me
is a vote for a sober and honest
man.
Your support will be appreciated.

SOUTH BEND — The Rev. El-
mer Clouse, pastor of the First Dis-
trict Church, said his sermon
last night at W. M. W. was the
"remnant." He had to say that some-
one broke into his study and stole
\$48 in cash and checks.

TO THE PEOPLE OF FLOYD COUNTY:

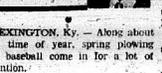

This is to announce my candidacy
on the Democratic ticket for County
Judge of Floyd county.

I have worked hard to do a suc-
cess in everything we attempt to
do, there are none who do not make
mistakes along the way. But I sub-
mit in all earnestness that I have
succeeded in doing many needed
things for our county, such as the
improvement of roads, the paying
of much of the outstanding debt
and reaching out to the ordinary
citizen who needs help; and I also
believe that whatever mistakes I may
have made, they have been errors of
judgment, and not mistakes prompt-
ed by any intention at any time to
do wrong.

Later, I will point out in detail
the work I have done and the things
achieved. My record will be open to
you all.
Your support will be deeply ap-
preciated.

'Bear' Facts

By PAUL BRYANT
UK Football Coach

ALEXINGTON, Ky. — Along about
this time of year, spring growing
and baseball come in for a lot of
attention.
However, a small segment of the
population (known as football
coaches) has visions of next fall's
college football in mind as hund-
reds of young students are put
through spring training. With most
of our southern neighbors have al-
ready finished this phase, we here
at the University of Kentucky on
the track north Kentucky are just
beginning.

On the occasion of UK's opening
registration for the 1953 season, it
might be interesting to cite a few
of our views. The first thing that
comes to most fans' minds quick-
ly is what the coaches think is
their biggest obstacle to a success-
ful season.
Kentucky this year will have a
young, generally inexperienced
squad. On paper, we seem to have
strength in numbers but relatively
few returners last season. And
we feel that they do not enough
time to do a thorough job in train-
ing the returning men to play not
only their assignments of last year
but also to take over additional re-
sponsibilities under the new rule drafted
with unlimited substitutions.

I feel that we are going to have
to come up with some "make
charge" guy up front. A team needs
some player who is so outstanding
and efficient in his own job that he
is respected by his teammates to
the extent that they catch his en-
thusiasm and give really terrific
performances themselves. Our great
All-American tackle of 1949-50, Bob
Gain, was such a man. I have hope
that Jim Proffitt, senior end,
from the University of Kentucky,
has a quarterback in Rex Owen. Owen
guard, or someone else of their caliber
will come up to this expectation.

EDMOND HERSHELL TACKETT

DEMOCRAT
FOR
COUNTY ATTORNEY

TO THE PEOPLE OF FLOYD COUNTY:

Since my recent announcement for
the office of County Attorney on the
Democratic ticket I have received
from friends in all parts of the county
voluntary pledges of loyalty and sup-
port which are more heartening to
me than at any other time in my life.
Most of you who know me well can
readily understand why such encour-
agement means so much to me now.
You know out of your own experience
that, "some time in the lives of us all,
we reach a crossroads and that if we
are not wise and thoughtful at that
very moment the time will come when
we will have to fight our way back to the
point where we should be.

Such a fight I have for many
months waged. It is a task at which
I am still hard at work. I have
never departed and one of the
great sources of strength I have
found lies in the kindness and good
wishes of old and trusted friends.
If I would state the statement
of County Attorney, I give you all this
solemn promise—to work with Floyd
county and its people for good gov-
ernment, honesty in and out of of-
fice, and the conduct of the fiscal
affairs of the county to the end
that the taxpayers will get the full
benefit of his or her tax dollar.
I have had the experience need-

(Pol. Advertisement)

To the Democratic Voters Of Magisterial District 3:

I became a candidate for Magis-
trate because I am interested in
things of vital importance to every
person in District 3. I have been a
member of the U. M. W. of Ameri-
ca for 20 years and have been a
miner more than 20 years. Through
these long, hard years of work I
have learned to understand and to
appreciate other people and the
better things of life.
This understanding and apprecia-
tion qualifies me to be a good
Magistrate.
The things I am most concerned
about:
1. When our hospital is built at
McDowell, all roads in our district
and county should, if possible, be
kept open 12 months a year.
2. My work in the fiscal court
will be honest and above-board at
all times.
3. In holding court at home I
will be honest and impartial to ev-
eryone, with no special privilege
to any one.

If you Democratic voters of Dis-
trict 3 nominate and elect me
Magistrate, I can and will make a
good official.

PPC HALL IN GERMANY
 WITH THE 1ST INFANTRY DIV. IN GERMANY—PG McKinley Hall, son of Mrs. Florence Hall (father deceased) of Beavinsville, Ky., recently graduated from a non-commissioned officer school of the 1st Infantry Division in Germany.
 He was selected to attend the school on the basis of his military bearing, leadership potential and proven ability in the line of duty. He graduates among the unit of the highest caliber of non-commissioned officers.
 Hall, a cameraman in Battery C of the 3rd Field Artillery Battalion, arrived in Germany in April 1952. Before entering the army in October 1951, he was employed by the Briggs Manufacturing Co. in Detroit, Mich.
 Mrs. Marion Hillman of Obitown county reports a reduced acreage because she plans to move by the week to follow the base-seven requirements.

BETSY LAYNE
 The Betay Layne Woman's Club held its regular monthly meeting April 16, at the home of Mrs. W. P. Howell. The program was in the American Department, with Mrs. Alex Davis, leader, with a topic entitled, "This is Our America." Mrs. Davis had as the introduction, "It's Great To Be an American," taken from the General Federation of Women's Clubs International Relations Handbook. Mrs. Davis next presented the Freedom Fledge. Then Mrs. Edward Lykins read "This is the Hour," by Miss Chlois Gilford, 1947 vice-president, General Federation of Women's Clubs. Mrs. W. P. Howell then reviewed the acceptance address of Mrs. Oscar A. Anderson, president of the General Federation.
 Mrs. Glenn Blackburn read "The Free Man's Manifesto," by Robert Montgomery, which urged with the following quotation, "We who still are free will conquer again—in their name and in the name of freedom."
 Mrs. O. J. Williams presented a Design for Service, telling about the Mutual Broadcasting System's public service activity, including "Won't You Share Your Blood for Independence and Many More."
 Miss Alice Williams gave a review of an article, "A Tale of Two Colleges," by Sally-Buller, General Federation legislative representative. This was a review on work accomplished toward the establishment of an Academy of Public Affairs for the training of diplomats. The other college reviewed was the Electoral College. The General Federation of Women's Clubs passed a resolution in the 1950 convention for a revision of the electoral college system and every woman was urged to use her influence to carry out the revision.
 Mrs. Jesse Hillot read "A Letter from an American," relating to the teaching profession, taken from the editorial page of McCall's magazine, which stressed the fact that every one in America is an American, regardless of whether he is a natural born citizen or has become a new citizen by taking the Oath of Allegiance. Mrs. T. J. Chandler presented the religious characteristics of this country by first reading "This I Do Believe," by President Eisenhower, stressing the point, "This I Do Believe is the truth that must guide, must warm, must hearten us."
 Mrs. Chandler next discussed "The Faith," Mrs. Davis presented the Pledge to the Christian Flag and the Pledge to the Bible. Mrs. Beecher Hardwick discussed the American-Canadian campaign promoted by the General Federation, with Mrs. Sarah Whitehouse, chairman. A review of American history to revive true patriotic fervor was presented as well as the preservation of our American heritage. The flag was displayed throughout the meeting. A copy of the Declaration of Independence was read by Mrs. Hardwick. The program was closed with the Pledge to the Flag, led by Mrs. Jesse Hillot.
 Mrs. Hardwick, president of the business session. A good time was presented by Mrs. Phoebe Acree, leader, for the office of first vice president of the Kentucky Association of Women's Clubs. Mrs. Harwood read the address call for the 1953 convention of the K.F.W.C. to be held May 12-15 at Louisville. Mrs. T. J. Chandler and Miss Alice Williams were named delegates.
 Final plans for the month's fund-raising were made and all members pledged cooperation. At the close of the meeting refreshments were served to the following: Margaret Glenn Blackburn, O. J. Williams, Phoebe Acree, W. P. Howell, Harwood, Edw. Lykins, T. J. Chandler, Mrs. Alex Davis, and the business. Mrs. Howell and the hostess, Mrs. Mary Nunn, were the next.
 The next regular meeting will be held Thursday night, May 14, at the home of Mrs. T. J. Chandler. Mrs. Nunn is the hostess for the program in the Education Department.

Hill for Representative

In asking for your support of my candidacy for the Democratic nomination for Representative of the 36th Legislative District, I am listing some of the important issues and my position on these issues.

- 1. QUALIFICATIONS FOR REPRESENTATIVE—**
 He should be a person who is honest, able, and willing to work for the best interests of ALL the people in his District. He should be in position locally to work with all elected officials, whoever they may be in January, 1954, in order to be more effective in obtaining from the state administration more benefits for his District.
 I believe that with proper representation in Frankfort, and all riding together, we can do much to help this county out of its present economic difficulties.
- 2. SCHOOLS AND TEACHERS—**
 I have six very dear and personal reasons—one girl and five boys—why I am concerned with these problems. The nub of our troubles is the lack of funds for proper facilities and decent salaries.
 I will actively support the repeal of Section 186 of the State Constitution this fall in order to make more funds available to the schools in this section. I will likewise support whatever revision is necessary in the state tax structure in order to provide the necessary funds to take care of the educational needs of ALL our children. Incidentally, I am not a "tax" person who believes a child's location has anything to do with its educational needs.
- 3. NEW LAWS NEEDED—**
 The election and the court will be the most of the local political controversy. Without any attempt on my part to take sides in these disputes, one law is better in a general and strengthened to prevent the recurrence of such a situation as may exist.
 I propose to introduce a law that would require the State Auditor to make regular and complete audits of the accounts of each public official who collect or handle public funds. This proposed law would be a reasonable, but definite, true limit for the completion of the audit and settlement of the account. The accounting could be made with the view of protecting the interests of all parties concerned, including citizens and taxpayers, instead of only the state government's share of the money involved.
- 4. STATE PARK AT DEWLEY LAKE—**
 I will work with the responsible state agencies for the establishment of a park at Dewley Lake with the road and recreational facilities necessary to make it a real tourist attraction and business asset.
- 5. PUBLIC ASSISTANCE & OLD AGE PENSIONS—**
 We should have a public and more attention paid to the needs of our old and infirm citizens. I have a program, I favor, and I think we can afford, to extend benefits for our aged citizens and less fortunate neighbors.
 Learning my self qualified and capable of usefully serving you in this office, I respectfully ask that you carefully consider our needs at hand and in Frankfort and vote for the candidate you think will do the best job for all the people.
 It is, as the law has had I look for your confidence and vote in the August 11, 1953, Primary Election.
 Yours truly,
LON C. HILL

Puts a Good Mark on a Man!

Regardless of where he drives, no man is wholly a stranger to the people about him if he sits at the wheel of a 1953 Cadillac.
 His name may be unknown—and also his occupation—and, likewise, the whereabouts of his home.
 But he is not without standing. For his Cadillac marks him as a man of character and substance.
 Wherever he may be, let him arrive at the door of a distinguished hotel or restaurant—or let him seek the car of anyone for direction or information... and he has the courtesy that goes with respect.
 And let it be said for Cadillac owners that, almost invariably, they respond in kind.
 Indeed, the honor which Cadillac does to its owners is the fruit of the honor they have so long bestowed upon Cadillac. When so many wonderful people favor a particular make of car over such a long period of time—the car must inevitably become a mark of distinction.
 All of this, of course, comes to the owner of a 1953 Cadillac as an extra joy and satisfaction.
 It comes in addition to the magnificent performance of Cadillac's 210 H.P. engine and improved Hydra-Matic Drive... the wonderful comfort of Cadillac's new Air Conditioner... the car's soft, easy, relaxing ride... its marvelous balance and handling... its long life and dependability... and its truly amazing economy of upkeep and operation.
 Put them all together and they spell the greatest satisfaction in all the world of motoring.
 Have you seen and driven the 1953 version of the "Car of Cars"?
 If not—we should be happy to see you at any time. Why not come in today?

State Tourist Requests Total 117,121 In Year

Frankfort, Ky., April 20—Kentucky's 1953 tourist season will be the largest ever, if requests for tourist information coming into the State Division of Publicity are any indication.

Requests that are directly attributable to advertising placed by the division are currently averaging more than 1,000 a day, and requests from all sources totaled 117,121 in the year ending April 15.

There have been 26,417 answers to advertisements since January 1, with some 12,500 coming during the first half of April. The total for 1952 was 58,301.

Total requests for the first three and one-half months of this year were 50,118. This figure includes, in addition to requests resulting from advertising, inquiries from automobile clubs and other organizations, letters from other information centers, and requests received at travel shows where the division has sponsored exhibits.

Requests from ads placed by the division have been received from every state and many foreign countries. The largest number from a single state have come from Illinois, with Ohio, Indiana and Michigan next in line.

Kentucky is currently running advertisements in 24 metropolitan newspapers and nine magazines throughout the nation.

COOPER SAYS RESIDUAL OIL SABOTAGES COAL INDUSTRY

Residual oil imports "sabotage" the American coal industry at a time when it should be maintained on an alert basis in the interest of the nation's security, Senator John Sherman Cooper of Kentucky has told his colleagues in another appeal for passage of his bill to place a quota limitation on the foreign fuel that is being shipped into the U. S. at a rate of almost half a million barrels a day.

In a new attack on the policy which he charges is jeopardizing both the military and domestic economy of the nation, Senator Cooper last week introduced evidence showing that failure to protect the coal industry from unfair foreign competition is in direct contradiction to recommendations of federal agencies responsible for adequate fuel supplies in emergency periods and for future requirements. He said that the coal industry is deprived of the opportunity to serve West Coast industrial fuel markets because the foreign residual oil is being "dumped" at whatever price is necessary to undersell coal.

Explaining the serious unemployment problems being created as a result of the loss of coal markets to alien fuel, Senator Cooper stated: "A mine union official has said that every time a quarter-million barrel tanker ties up at an American dock, it brings job discharges for 68 American miners for a full year. Thomas Kennedy, vice-president of the United Mine Workers of America, revealing how foreign residual oil prices can be fixed to fit circumstances, said recently that the coal industry could not compete with this surplus product from foreign refineries even if the miners were to be paid at all. He referred to the flood of foreign residual oil as one of the greatest problems confronting the mining people and other residents of the coal-producing areas."

Railroads and other workers allied with coal are also victims of the foreign residual fuel that is produced "without a cost-tag" and that can be transported "at rates that do not in any way conform to charges that are a prerequisite to the maintenance of wage levels established in our own maritime fleet."

Senator Cooper referred to statements by fuel experts who predict that coal demand will increase considerably as resources of petroleum and natural gas are depleted, and he warned that the coal industry must remain strong if it is to supply energy requirements. He declared that curtailment of the flood of foreign fuel is necessary to protect coal's labor force from leaving mining communities because their jobs are being "washed away by the tide of residual oil imports."

RHEUMATIC, ARTHRITIC VICTIMS PRAISE PAIN-RELIEVING POWER OF SAFE NEW "FILM-COATED" TABLET

Quickly Cures Deep-Seated Pains Without Stomach Distress

If you are plagued by the misery of recurring arthritis, rheumatism or rheumatic pain, profit by the experience of others who have won positive, lasting relief thanks to A/Pan-E in the exciting new laboratory discovery. It's an even more welcome boon of deep-seated pain and distress.

Dr. H. S. Infiller, M.D., Prestonsburg, Ky.

Why A/Pan-E Helps
A/Pan-E is a genuine scientific advance in a novel feature. Scientific analysis reveals active ingredients, scientifically "Film-Coated" to prevent gastric and intestinal irritation at the stomach. The "Film-Coating" dissolves in the small intestine where all pain-relieving medicine is most quickly released into the blood stream. It's mild and soothing and is completely free from stomach and intestinal distress. It's the most advanced formula for relief of deep-seated pain. Take this article to your good druggist and ask for GENUINE A/PAN-E. If your druggist is out of it, he will be glad to order it for you. Profoundly grateful, Mrs. J. M. ...

What's new about "TT" DYNAFLOW?

The TAKE-OFF'S TERRIFIC!

It's only fair to warn you. When you try a new Buick with the sensational Twin-Turbine Dynaflow Drive, you'll tingle all over with thrill. You'll steep your speedometer needle from zero to 30 mph so quickly, you won't have time to breathe but twice. You'll move from a standing start to legal speed so quietly, you'll practically hear your heart beat. You'll experience such complete and utter smoothness every step of the way, you'll be wholly relaxed, refreshed, and ready for more.

This is not dream stuff. This is real. This is what actually happens when you're at the wheel of a new 1953 Buick with TT Dynaflow. Twin Turbines in the Dynaflow unit, instead of just a single one—in addition to other engineering advances—make the tremendous difference. So you feel a firmer and more immediate "take hold"—get far faster getaway, new

quiet and efficiency, plus infinite smoothness to and through every speed range. There's a lot more to be had, of course, in these great new Buicks. Higher horsepower and compression ratios. A still finer ride. Easier handling. Improved visibility. More comfort and richer interiors. But start with take-off—the greatest in Buick's fifty great years—and learn the rest of the story from there. Can you drop in on us this week?

TYPICAL RURAL TEACHER AGE IS 42, STUDY BY NEA SHOWS

The teachers who preside in the classrooms of the open country and in the adjoining rural territories where four out of 10 of the American children go to school are "old-timers," the "far-off" products from the training institutions, according to the National Education Association's study of rural schools in the South Division of the National Education Association after a national probe into the personal life and professional status of the rural teacher.

As a man. Although men outnumbered women in rural high schools last year, there is a heavy drain upon the men who staff rural elementary schools.

The rural majority of rural teachers included in the NEA study were married, outnumbering the single teachers three to one. Even of the women, 47 per cent of the elementary school only one-fourth were single. Fifteen years ago only one-fourth of all rural teachers employed in one-teacher schools were married. Now only one-fourth of the number are single. Thus in the period of time since the last study, the marital status of the rural teacher has completely reversed itself.

While more than three-fourths of the rural population in the national survey reports that they live in private homes, the study discloses some oddities in living conditions. Some teachers reported that they lived in trailers. One of the trailer inhabitants said that he taught school on a farm which had only one pupil.

SALARIES NOT SET

Frankfort, Ky. — Fiscal Courts may not fix an annual salary for sheriffs and county court clerks, but must set a limit not to exceed \$7,200 — the constitutional maximum — for these officers with the excess above the set figure being paid into the county treasury, it was held by Associate Attorney General M. B. Holtford.

Convention generally for these officials must arise from commissions, fees and per diem allowances fixed by law. The maximum that the officials receive must come from these sources.

IMOGENE MOORE FOR CLERK

In announcing a candidate for the Democratic nomination of County Court Clerk, I, Imogene Stumbo Moore, realize that this is a task which must be taken very seriously and with a deep sense of responsibility.

As far as I know, this is the first time a woman of this county has ever tried to be elected to this office. As we all know, however, most of the work has usually been done by women. This shows that a woman could efficiently hold the position as Clerk.

I was told by one of my opponents that I am not well known in this county. This is true as far as my personal life is concerned for I have never done anything which would make me notorious enough to make the headlines or front page of our local newspaper. But when it comes to my relatives, I believe they are very well known for my ancestors were early settlers of Floyd county.

So that the people may know something about me I shall attempt to explain to you who I am and who my relatives are.

I am a native Floyd county girl born at Printer, on Left Beaver Creek. Here I spent my childhood years before moving to McDowell.

My father is Walter Stumbo, son of Bill and Artie Salisbury Stumbo, of Printer. His brothers are Charles of Laney, Perry of Berry Lanes, Harry and Kendall of Printer and Dr. J. A. of Martin. His sisters are: Viola, Helen, Peppers, Ida, B. Williams, Printer; Maude S. Hall, McDowell, Arizona; B. Clifton, Allen and Caldonia S. Conn, deceased and Frances S. Carroll, deceased; Mona S. Muncie, and Bertha Stumbo.

Grandfather Stumbo's brothers were Tom and Brice, deceased and Monan Stumbo of Price. His sisters were: Nancy Martin, Todd, Alex. Elizabeth (Liddles) Stumbo, Kitt Salisbury and Mary Patton. My grandmother Stumbo was the sister of Joe Kirby, and Parn Salisbury, Mint Allen, Mima Hayes, Louise Stumbo and Isabella Stumbo.

My mother is the daughter of Buri and Jennie Halbert Spurlock. Since grandfather Spurlock died while mother was only a baby,

IMOGENE S. MOORE

RECOMMENDATION FOR CLERK

To All My Friends and Voters in Floyd County: I, Buri Spurlock, hereby recommend to you Imogene Stumbo Moore as a candidate for County Court Clerk.

This candidate is the granddaughter of my deceased brother, Buri Spurlock. She is well qualified and has taught school in this county for nine years.

As I am not able to come and see you personally, I take this means of asking your help and support for her. Your vote will be appreciated and will help us to have a better Floyd county.

Sincerely yours,
B. M. SPURLOCK

Bankers Hear Plans To Encourage Youth To Remain on Farm

How more young men could be encouraged to stay on the farm was discussed at an agricultural credit conference held through the cooperation of the Kentucky Bankers Association and the University of Kentucky College of Agriculture and Home Economics.

Young men are leaving farms at an increasingly rapid rate, it was said. As a result, populations of rural counties have decreased, in some instances more than 10 percent in 10 years. In some regions four-fifths of the people on farms now are more than 35 years old.

With a rapidly increasing population, economists speaking at the credit conference expressed concern about food supplies being insufficient within a relatively short time.

The outlay of considerable money now is required to start farming even as a tenant, bankers and other credit agents were told. Land and equipment are high in price.

In every community, it was pointed out, there are young men who need financial assistance if they are to do a good job on the farm, produce good crops, raise good livestock and build and preserve the soil.

Father-and-son farming arrangements were discussed in a good many instances. Agreements have been worked out for a son to join with his father in operating the home farm. Then, as the parents get old and want to retire, the son continues to farm, to the benefit and satisfaction of both parents and son.

ADVERTISING ALL RIGHT
Frankfort, Ky. — Kentucky's local option law on the sale of whiskey and beer in dry territory do not forbid advertising these commodities by billboard or other methods. Assistant Attorney General William P. Simpson advised the Rev. H. O. M. Hatler, Princeton.

CHEAP TOBACCO

Keys sold for 35 cents a dozen in Laurel county early this spring, causing concern among TOBACCO-growers.

TO IRRIGATE
