SCIENTIFIC TREATISE
What should be a best-seller is this book just published. It tells about chiggers and how to keep them from getting under your skin. This should be a boon to mankind, especially at berry-picking time.

The subject of this book is one of the more interesting variations in these parts. Anybody who has never had chiggers hasn't really grown up. It's a subject you have to dig into, though after a lifetime of it you may feel like you're only scratching the surface, so to speak. There was a time when they spelled it "chigger." That was before folks learned better. I remember having an argument on the point once upon a time. A friend of mine pulled that spelling on me and we had it at it for quite a while. I still feel I was the argument, for I pointed out the value of euphony, citing as an example that it sounds much more euphonious to roll your tongue around something like this, "may that infest of a chigger bug be all over you into the next generation" than simply to say, "Damn that chigger."

Whether you like the change or curse is found in the Webster's Dictionary. Some Americans where it buries under various and sundry names and visiting funny names. Maybe you're not talking about chiggers, but this chigger here, far away from those southern climes, takes the same kind of look.

Well, it's the chigger of the Atlantic age, now, and there have been a lot of changes. But one thing seems immutable. That is the treatment for chiggers. The general dose of salt in the wound, plus some grease.

Soe to think of it, why don't they look up a few chiggers and see, maybe, if an atomic blast won't result in a mutation? The new critter couldn't be worse.

TOO BUBBY
"Too Bubby" Barn recently asked me for a review of this new career. Well, he said he was pushed for time just then. Said he had been up to Washington trying to get Congress to lower the old age benefit limit.

If this paper is late, pay it down to a new press. We've had it all this week. The boys are enchanted by it, and I'm a bit distracted by it, too.

IS PEACE A RISK?
This talk of a truce in Korea should be heartening to a war-weary world. The sacrifice of the young men, particularly our own boys, is an awful price to pay, and we shudder at what must be in the heart of any man who would not want peace.

But the fear remains with us that this could be but the bull before the greater storm. The President, Eisenhower and UN leaders must make, or have made, it perhaps more momentous even than that of President Truman when he ordered American troops into Korea to meet the Communist threat. In the background, like a warning echo, there are the words of Lincoln:

"A house divided against itself cannot stand; and I think that we shall not have long to see this nation divided into two."

Time will tell how right or wrong we are in taking a chance on peace.

PARTY CHANGE TO COST 200 VOTE RIGHT

Purgation Board Acts To Comply with Law On Registration Change

Approximately 200 Floyd citizens who have changed their party affiliation this year will not be eligible to ballot at the August 1 primary election. Their registration cards, which were submitted from the voting lists of the County Clerk's office, and their names will not be certified to the precinct election officers as legal voters in the primary. This action was taken during this week's session of the county registration and purgation board. The board's action was in compliance with Section 110.200, Kentucky Revised Statutes, which provides that a citizen desiring to change his party affiliation must do so before the November election if he expects to vote at the following primary. The effect of this law is that a voter wishing to change from one party to another and vote in this year's primary would have had to do so before the last year's November election. The work of the purgation board, which was explained, was to purge from the voting lists in compliance with these voters who have changed their party affiliation since last November's election but simply to suspend their right to vote at this year's election. They will be eligible to vote in the November election. The purgation board members, German Vance, Eugene Allen and (See Story No. 2, Page 5)

BLOODMOBILE NETS 101 PTS.

On Wheelwright Visits As Wheelwright Visits Best of Recent Marks

The Wheelwright community broke the 100-point mark Tuesday by netting 101 points in the regional bloodmobile from Huntington, thus establishing the best of recent records made in the county. The drive for blood donors there was directed by the Foreman Club, and 154 persons signed application cards. Of these only 82 appeared. Thirty-seven volunteer donors who walked in without appointment, however, brought the record up. Nineteen would-be donors were rejected. Twenty-four of those who gave blood Tuesday at the hospital did so for the first time. The next Floyd visit of the bloodmobile will be on July 31 at Wayland. Despite true talks, the need for blood mounted this week even before the end of recent weeks as the need for blood increased as a result of offensive casualties are heavy.

FISCAL COURT FIXES AMOUNT

Dae County by Sheriff; Orders Deed on Highway For State Maintenance

The Floyd fiscal court, in addition to its work to join session with the county board of education, Wednesday settled with Sheriff A. B. Meade as to any amount due by him to the county to Jan. 1, 1962. The amount varied upon was \$1,292, and this Sheriff Meade accepted in this compromise of all claims to that date. Noting that the State Highway has expressed its willingness to maintain and improve the Deway, Mantion road, the court directed County Judge Henry Stumbo to execute on behalf of the county to the contractor a deed to the highway. It also voted to accept the Long Point of the County Branch near Mantion, into the county branch system. Further work was done toward the issue by the county of \$200,000 worth of waterworks and gas system revenue bonds to finance the acquisition of the Allen-Dwale Wayland, O'Neill-Bell, Garrett, Boney and Old Valley gas companies and the City of Waycross water system. The plan is to lease these aqueducts to the Beaver-Eckers Water District for an annual rental, which would amortize the indebtedness over a period of years.

Highway Department Joins Officials Here In Street Marker Job

The State Highway Department has been working here this week with Prestonsburg officials making more clear and more attractive street markings in the interest of safety.

Safety lanes have been marked out at the Court and Lake Drive traffic light, and Mayor Curtis Clark said Wednesday that a traffic light will be installed at that intersection which can be operated manually. This intersection is a traffic bottleneck on Saturdays and it is believed manual operation of the traffic signal will permit a flow of traffic with fewer interruptions. The Highway Department work here is being supervised by Donald L. Meade.

COUNTY FUNDS GET \$615,047

As Sheriff Settles On Tax Collections For Year 1952

A total of \$615,047.45, exclusive of a few minor items, was collected by Sheriff A. B. Meade for the year 1952 according to a settlement made with Treasurer W. J. May and filed with Darlan Moore, county clerk, Tuesday. The largest of these collections was exclusive of school taxes for the general fund which received, after commissions to the sheriff and certain credits, the sum of \$465,672.31. County school collections were \$467,417.17 and timber tax was \$23,566.11. Tax collections were based upon a total assessment valuation after credits of \$34,382,923. Corporation valuation was by far the largest of the assessment valuation, being \$18,621,521, with real estate second at a figure of \$10,526,996. Taxable valuation was \$2,296,246, and bank deposits \$404,676. There were a few other miscellaneous assessment valuations of a minor nature. Collections for the general fund include commissions and credits as expected, greatest from corporations. They paid \$46,621.93. Real property brought in \$24,644.83, tangible personal property, \$1,283.22, and poll taxes, \$8,109. Collected for common school purposes before any deductions were collection fees or credits were the following sums: Real and tangible \$190,267.41, corporations, \$271,240.98 and poll taxes \$2,820. Poll taxes for school purposes was \$2.

TO NEGOTIATE FOR RELEASES

On-Lake Water Damage; Cooper Releases Data On Added Depth Asked

The work of negotiating with gas companies having holdings in the Deway reservoir area for damage releases as a step toward additional releases of water to Deway Lake will begin next week. E. R. Burke, Seventh district conservation supervisor, said here Wednesday. The release of water will be on a seasonal basis. If the damage release favors are granted. In the memorandum to Senator Cooper the Corps of Engineers said, "It is the opinion of the Corps of Engineers that a seasonal conservation pool to elevation 680 will not require payment of any additional compensation to the affected lands. Slightly increased by the frequency and duration of the releases, but only slightly increased by such a pool. The engineers added, however, that raising the lake by 10 feet could necessitate the acquiring of fee title to low-lying portions of a few tracts of land in the vicinity of the mouth of Brushy.

UMW To Mark Saturday 20th Year in District 30

A district-wide celebration of the United Mine Workers of America will be held at Wayland, Saturday of this week. A committee of 12 members of Local Union 585, U.M.W. of A. with Noble Hoods acting as chairman, announced that District 30 headquarters, 300 South Adams, is sponsoring the celebration. The International Union will be represented by International Board Member Tom Ransay, of Pikeville, and Edgar Reynolds, International organizer of Hazard, and John J. Mantray, Birmingham, Ala., international representative. Carson Hibbitz, district representative in charge of the Pikeville office of the United Mine Workers, and his staff will attend the celebration. The Lions Club of Wayland and other civic and church organizations are co-sponsoring with the miners by preparing refreshments and making other arrangements for the entertainment of the thousands of visitors expected in Wayland for the day.

FLOYD RACES DRAW 145

Into August 1 Primary; 2 Candidates Withdraw, 29 Ask Jailer's Aid

With the Wednesday midnight filing deadline only a matter of hours away, a total of 145 Floyd citizens—119 Democrats and 26 Republicans—had registered at the County Clerk's office as candidates at the August primary. And others were expected to be added to the list before the deadline is reached. Political maneuvering was being closely watched by those already in the several races and by their supporters. Two withdrawals were announced this week. Mrs. Hazel Davidson George, of Ives, in an advertisement in this edition of The Times explains that she is withdrawing to join her husband who is with the U. S. Navy in Hawaii. Ollie Campbell, of Prestonsburg, who drew Wednesday morning from the Democratic race for Constable in Magisterial District 1. The jailer's office, as usual, is being sought by the largest number of candidates. Twenty-six Democrats and three Republicans were registered as of Wednesday morning for that office. Next in popularity among candidates is the Sheriff's office with 10 Democrats and four Republicans in that race. Candidates will draw Friday at 3 p.m. for position on the ballot.

'COB' TURNER WAIVES CASE

Maytown Man Is Held Without Bail to Jury In Slaying of Woman

Ray C. "Cob" Turner, 35, former Maytown man who is charged with first-degree murder in Cincinnati, O., waived his case to the Hamilton county grand jury when arraigned in municipal court, Monday. The case had been continued from Thursday when two attorneys who had been employed to represent Turner were unable to appear for his appearance in court that day. Turner is accused of the slaying of Mrs. Betty Smith Frederick, 23, Cincinnati, Mo., in a hotel room in Cincinnati last week. Police said they found the woman badly beaten and Turner's feet cut from under her bodies and a pitcher. Turner said he did not remember what had happened. The officers were called after reports of a disturbance. Meanwhile, it was disclosed in an examining physician's report to the coroner that Mrs. Frederick was an expectant mother. PROJECT OFF UNLESS NEW PLANS WORK

Lone Bid Bid Asks Commission State Will Not O. K., Board Told

An indefinite delay in construction of the proposed half-million-dollar county high school building here was faced by the Floyd County Board of Education Wednesday as bids on the \$445,000 bond issue offered by the fiscal court, acting as the board's fiscal agent, was unacceptable to the State Department of Education. Only one bid was submitted, and it was so unfavorable that it amounted to underwriting the project, which the state department continues to reject whenever offered. As matters stood Wednesday afternoon, two days of hope, neither too bright at the moment, remained for the structure. I. To float the bond issue directly through private banking sources at a rate of interest which might be as high as 4 1/2 per cent. 2. To break the contractor's contract with the Thompson firm and either bond through the firm, Louisville, and try to get action through many other bond firms. As it was, the only bid offered was from the Thompson firm and eight other bond houses, bidding for the bond issue at 4 1/2 percent interest, provided that the fiscal court be amended to raise the commission fee from 3% to 4%. The commission fee provision was added in handwriting to the specifications. Desperate for times after it already had started construction of the school building and after some foundation work already had been done, the board of education voted to ask the fiscal court to approve this bid, subject to State Department action. STRATTON BR. DRAWS MANY

Engineers Improve Recreation Spots In Reservoir Area

Although Hamrick Point, which overlooks Deway Lake near the Deway Branch, has since early days of the impoundment been improved by the heavy public use of picnickers, the Stratton Branch area has consistently drawn the bigger crowds, and now the U. S. Corps of Engineers has completed improvements there which make that picnicking and camping area an even greater attraction. Summer facilities at Stratton Branch give that spot an edge on other places along the lake, and now workmen for the Engineers have erected a barricade to keep away from the swimming area automobiles and other vehicles. Boating is barred at that point, too. A bridge across the Stratton Branch entering the grounds has been completed, the road and picnic tables are now gravel-surfaced, and vault-type concrete toilets have been installed and a water well drilled. Camp sites also have been gravelled. From this point on, no more picnic tables added along with picnic for cooking. This brings to approximately 25 the number of picnic tables available in the Stratton Branch area. Improvements on a smaller scale at Arrowhead Point also have been made. This is the point directly across the lake from Big (or Burgess) Branch. There five picnic tables and benches have been installed, two pit-type toilets built, and posts for the mooring of boats have been set. Pete Palmer and John Burgois, of the Engineers' district office in Huntington, inspected the improvements Tuesday. Both men were impressed by the heavy public use of facilities and expressed their interest in recreation development of the Kentucky Water Control District. A Kanzinger, director of the division of public sanitation, and Louis F. Birke, executive director of the Kentucky Water Control Commission, both of the State Health Department, Louisville.

Foodhandlers, Others In Lake Area To Meet Ky. Health Standards

Sanitation control in the Deway reservoir area was discussed at a meeting here Tuesday of representatives of the U. S. Corps of Engineers and the State Health Department, including employees of the County Health Department. Food handling, waste disposal and drinking water supplies were discussed. Excavation work on the dock at this installation will be required to meet full requirements of state health regulations and to submit plans of proposed installations to the Floyd County Health Department. Plans for the church call for a brick front and block sides, when there a building for Sunday School classes, himself paying the cost of the building. The church has its beginning more than three years ago when Mr. Spurlock supplied citizens with a building for Sunday School classes. The building was used by Spurlock in the operation of Spurlock's Food Service which he began. Taking part in the ground-breaking ceremonies were the Rev. Ger-

IMOGENE STUMBO MOORE

For
COUNTY COURT CLERK

DEAR FRIENDS:

It has been two weeks since I've had an article in the paper. I know some must think I have given up the race for Clerk. I am not the kind who can be **PUT OUT** or **TAKEN OFF**. The only way I'll end this race is to be defeated which I feel cannot happen since so many of you have given me such encouragement when I visited you.

Voters: Do not be deceived by the false rumors that some of our politicians are spreading. They are experts in the art of deception while I have always stood for truth in my personal and teaching life. **NO ONE "PUT ME OUT OR ASK ME TO RUN FOR THIS OFFICE."** My husband and our families encouraged me to however. My decision to run was made because I felt as most of you do—that Floyd county needs some changes made and that more common people like myself should take a greater interest in our government, local and national.

More and more women are being encouraged to enter the field of politics as championed by our President's new cabinet members and some of our ambassadors to foreign countries.

I do not claim to be a politician—just a common ordinary person like you. However, I am interested in seeing that our county receives the money that is due it, and in promoting a more honest election system. Common people have seldom run for office in our county because they could not afford to buy their way into it.

Why would anyone with a great deal of money need the office in the first place? Buying the office always leads to one thing—corruption. If an office is obtained by dishonest methods, how can we expect it to be run honestly?

I realized when I announced that I would have a lot of opposition since I am a **WOMAN** but decided that with the help of my family,

IMOGENE STUMBO MOORE

TO WHOM IT MAY CONCERN:

One of my opponents has been spreading the rumor that I have been "put out" by others or that I am running this race in order to take votes off him so that another man will get the nomination. So that you will not be deceived by the lies of this politician I make this sworn statement.

NO ONE ASKED ME TO RUN FOR THIS OFFICE. I HAVE NOT NOR WILL I RECEIVE ANY MONEY FOR RUNNING. I am in this race to win of my own accord and wishes. I am a candidate of good faith.

Sincerely your friend,
IMOGENE STUMBO MOORE

Subscribed to and sworn to before me this June 16, 1953.

RECOMMENDATION FOR CLERK

To All My Friends and Voters in Floyd County:

I, Bert Spurlock, hereby recommend to you Imogene Stumbo Moore as a candidate for County Court Clerk.

This candidate is the granddaughter of my deceased brother, Bert Spurlock. She is well qualified and has taught school in this county for nine years.

As I am not able to come and see you personally, I take this means of asking your help and support for her. Your vote will be appreciated and will help us to have a better Floyd county.

Sincerely yours,
B. M. SPURLOCK

With Olive Branch in Hand We Re-State the Issue

THE TIMES has no intention of enjoying the delights of an editorial feud with any other newspaper, least of all with its good neighbor, The Paintsville Herald. But, referring to The Times' editorial of June 4 and The Herald's of June 10, it would point out a few facts.

First of all, The Herald apparently failed to catch the import of our editorial which had to do with reports that the Paintsville-Dowey Dam-Prestonsburg road may be started from the Paintsville end. Perhaps we were guilty of ambiguity, which would explain the misunderstanding. Whatever the cause, we certainly made no claim that this body of water belongs only to Floyd county, which only Floyd paid for the dam.

Our whole contention was this: Floyd county should not stand for any plan to begin on the Johnson county end construction of this road to the dam, which—all reports to the contrary—really is in Floyd county. Floyd county should not sit quietly by while this is done, unless work is begun simultaneously on the Floyd county end. The Times is interested in this road. It "wants" every body to have access to Dowey dam and lake. But it does not propose to accept, without protest, a situation which would leave Floyd county exactly where it is today—without land access to the dam except through Johnson county—while a modern highway is built from Johnson to the dam, leaving Floyd county on one or both horns of a dilemma.

Start the highway from both ends, start it at the dam and work toward both towns at the same time—to that we will agree, and we believe the officials of Floyd county will agree. But from the Johnson county end only—no.

That's the issue—where the road shall begin, not ownership of anything or who paid for anything. And there need be no feuding.

Revival on Abbott To Begin, Sunday

Revival services at the Community Church on Abbott Creek will begin Sunday, June 21, and continue until July 4, with preaching at 7:30 each evening. The evangelist in charge of the meetings will be the Rev. Ellis Oney of Norwalk, Ohio.

The public is invited to all these services.

for JAILER

This is to all the voters of Floyd county: I am your friend and I am a coal miner and I stand for labor 100 percent. I am a union man. I belong to Local Union 758, David, Ky. I would love to serve as your jailer the next term. All support will be deeply appreciated. I am not making any promises. There is not someone that has any control over me. ARTICLE SAYS TREATMENT TO UP PRODUCTION OF OIL

Water flooding is expected to jump oil production in this area from this year's estimated 300,000 barrels to 1,500,000 barrels a year within the next 18 months.

This statement was made recently in the Kentucky and West Virginia Power Company's employee publication, The Illuminator. The increased oil production is expected to come from wells of five companies—Cumberland Petroleum, Ashland Oil and Refining Company, Pittston Petroleum, Petroleum Exploration and the Brundrid Oil Company.

In the Magoffin-Johnson-Lawrence area where water flooding has been successfully carried out, the oil is forced by water treatment from a 24-foot-thick layer of water and which is reached at about 1,600 feet.

The Illuminator article says: "Water from sources below the oil-bearing sand is pumped to the surface. It then undergoes purifying treatment more exact and complete than the average city water supply. This purification is necessary due to the microscopic pores of the sand through which the water must be forced. Impurities in the water, though invisible to the eye, can plug the pores of the Weir sand."

"This water is then injected into the sand over a thousand feet below the surface at a pressure of 1,200 pounds per square inch at same place. This water, under pressure, forces the oil from the pores of the rock-hard sand. Pumping jacks are located to bring the oil to the surface."

According to the article, only 36 per cent of the oil in the three-county area has been developed by the primary recovery method. This method is the pumping of oil from pools without any pressure forcing oil fields in this area were developed in this way about 1920 and produced probably until about 1938.

The first trial of the water-pressure method was made by Joe Slagel, Oil Springs, manager of the Cumberland Petroleum Company. It was said that by forcing the oil

Most cars look good in a showroom—but...

MAKE UP YOUR MIND ON THE ROAD!

It's hard to tell what a car really looks like in a showroom. And you can't tell anything at all about performance.

That's why we urge people to make up their minds on the road... where they can see and compare Mercury with other cars. We know of no test that Mercury can't pass with flying colors.

For this is the longest, lowest, widest looking Mercury ever built (the result of exclusive Unified Design). And it's the greatest performer in our history (proved V-8 performance at its thrifty, lively best; proved because Mercury has never used anything but V-8 engines).

So just ask us for the key and you'll be off on your private test run.

FLOYD COUNTY MAN IS LIAISON OFFICER

HARRISBURG, Pa., June 15 (Sp.) — The assignment of Staff Sgt. Ramie C. Osborne, of Eastern Ky., as liaison non-commissioned officer with the 9102nd Volunteer Air Reserve Training Group in Pittsburgh, Pa., was announced today.

In Harrisburg, First Air Reserve District commander Colonel Charles W. Skeels said that Sgt. Osborne will assist the group commander in administration, maintenance of reservists field personnel files and by attending squadron and flight training meetings.

Sgt. Osborne has been with the U. S. Air Force since July, 1948, serving for 10 months at Wheelus Field Tripoli, Libya, as administrative supervisor.

Sgt. Osborne is a graduate of Maybourn High School, Lanesville, Ky., and is a member of American Legion Post No. 295, Garrett, Ky. He is the son of Mr. and Mrs. Homer Osborne, of Elsner.

Morgan county has its first irrigation system, installed by Harold Rose of Ezel.

To the Voters of Floyd County:
I am informed that certain people are spreading gossip that when I am elected Sheriff they will serve as a deputy. This is for the sole purpose to deceive you and have you vote against me.

Your Friend,
TROY B. STURGILL

Pay more? What for?

You don't have to pay costly-car prices for costly-car comforts. Ford brings you everything [and we mean everything] you've ever wanted in a car, at a price that's well within your reach! And according to recent surveys, a Ford returns more of its original cost when sold than any other car at any price!

- 1. V-8 engine—powerful and smooth! Ford's famous high-compression V-8 is a leader in quiet, flexible, economical performance. Ford, remember, has built more V-8's than all other makers combined—over 13 million!
- 2. America's most economical Six engine! If it's a Six you want, Ford offers you the high-compression, low-friction Mileage Maker... the engine which, with optional Overdrive, won over all other cars, regardless of size or weight, in this year's Mobilgas Economy Run! And it's yours for the same kind of money that buys less modern sixes in other cars.
- 3. America's finest and most versatile automatic drive! Fordomatic Drive is the "automatic" which gives you both the get-up-and-go of automatic gears and the smoothness of a fluid torque converter. If you choose Fordomatic, you will find that it makes all your driving easier... more relaxing.
- 4. Automatic gas savings! Ford's Automatic Power Pilot (on Six and V-8) meters just the right amount of gas, times ignition precisely, burns fuel evenly and completely. You get full high-compression performance from every drop of gas—regular or premium.
- 5. America's newest and finest power steering! Ford's Master-Guide power steering gives you new ease, stability and safety in guiding your car on smooth roads or rough. Your car gains in sure-footed roadability and you expend up to 75% less effort in driving—and parking.
- 6. Largest choice of models in the low-price field! Ford alone gives you a choice of 18 different models... a SIX or V-8... Fordomatic, Conventional or Overdrive... the widest variety of body, color and upholstery combinations. You can practically "design" your own Ford!
- 7. A body that's the style-setter! Only Ford in its field gives you the advantages of a full-light Crestmark Body... the trend-maker in design and beauty. Ford's body is the longest and Ford's trunk, the largest. You enjoy more usable space.
- 8. New driving conveniences! Ford's first in its field with such "Worth More" features as: assisting, suspended pedals that eliminate floor holes... foam rubber cushions on front and rear seats in all models... and convenient Center-Fill Fueling.
- 9. An automatically controlled ride! When you Test Drive this Ford, notice how the wide front tread (widest in the low-price field) takes tilt out of turns... gives you a more level ride. With new "balanced suspension," new spring and shock absorber action and new rubber compression bumpers, road shock in the front end alone is reduced up to 80%.
- 10. It's worth more when you sell it! An impartial survey of used car prices proved that Fords return a greater proportion of their original cost than any other cars in America. It's another fact to add to Ford's reputation as the "Worth More" car. But don't take our word for it. Stop in and Test Drive this Ford for yourself. We predict you'll be sold before you're in second! It was true last year and it's even truer this year: you can pay more, but you can't buy better than Ford.

WORTH MORE WHEN YOU BUY IT...
WORTH MORE WHEN YOU SELL IT...

Slingerland-Branham Vows Are Said at Salt Lake City

Candlelight nuptials solemnized Wednesday evening, June 10, in the Bonnevile Room of the Newhouse Hotel, Salt Lake City, Utah, united in marriage Miss Judy Slingerland and Mr. Franklin "Seck" Branham with Oscar Hunter, elder, officiating.

The bride, a daughter of Mr. and Mrs. George E. Slingerland, 1774 Van Ave., Salt Lake City, wore the wedding gown of waltz-length white nylon tulle over white satin. Appliqued lace medallions were sparkled over the full skirt and highlighted the scalloped neckline of the fitted bodice.

Miss Martha Slingerland was maid of honor for her sister, with Mrs. Samuel King, Mrs. Harry Walker, Miss Charon Carlisle and Miss Janet McLeese as other attendants. Little Kathy Horley was the flower girl. The bride's attendants were gowned identically in blue ballroom-length gown de sole with matching accessories and wide-brim hats. They carried nosegays of fuchsia de amour with blue geraniums.

Ray Westcott of Chicago was best man for Mr. Branham, who is the son of Mrs. Lewis Branham of Prestonsburg, Ky. Ushers were Jim Dokshinski and Tom Dokshinski, both from Chicago. Bill Yeates and Sandy Morris.

The newlyweds received guests at a buffet supper and reception in the Forevorne Room of the hotel immediately following the nuptials. The newlyweds are honeymooning in Las Vegas. They will make a home in San Diego, Calif. for the summer and will return to Salt Lake next fall.

FOR CORONER

Believing that the office of Coroner means more than a means of profit for some individual business and that the office should be made to mean something to the public which pays the bill, I have decided to make the race for the Democratic nomination for that office.

It has always been my idea, as it has been that of many others of our thoughtful citizens, that the Coroner should be a medical man who, in reality, would act as a medical examiner.

As many of you know, I have been a practicing physician 23 years, I am a graduate of the Medical College of Virginia, served as Public Health Doctor of Elliott county and operated a hospital 12 years. My further medical experience includes three years as a captain with the medical corps of the 46th Infantry during World War II—a bit of service for which I volunteered.

I am a son of Mrs. Miranda Stephens Gearheart, of Dotey Laine, and the late Ned Gearheart. I married Miss Mae Dingus, daughter of the late David C. and Bathsheba Webb Dingus, of Martin.

If the people of Floyd county agree with me that a constitutional office merits dignity and should perform for the public worthwhile service, they now have the opportunity of making the needed change. I promise to serve them faithfully and well.

ORRIS GEARHEART, M. D.

RULING GIVEN

Frankfort, Ky., June 15—A person who is offered a teaching position has no vested right to teach in a particular high school, but may be transferred to an elementary school without violating the terms of a continuing contract, the Court of Appeals held in overruling pleas of Walter Conley, Magoffin county teacher, that his attempted transfer from high school to an elementary school was illegal.

The terms of a continuing contract relate solely to employment, and not to a particular position, the Court observed.

CARD OF THANKS

We wish to thank our many friends and neighbors for their kind expressions of sympathy upon the death of our husband and father, Edward L. Allen. Especially do we thank those who sent flowers, offering the Rev. L. W. Benedict for his comforting words and the Moore Funeral Home for its efficient services.

COAL LOADING SHOWS GAINS

Upward Trend Continues Thru First Week of June As More Mines Working

Increase in coal production that began in April and continued through May in the field represented by the Big Sandy-Elkhorn Coal Operators Association was still on the increase the first week in June, according to figures released by the Association June 6.

The cars loaded week ending May 30 was 5062 and for the first June week the number was 5332 cars of 50 tons each. This was an increase over the preceding week of 4144 cars. However the tonnage loaded the corresponding period last year will still far above this year to the extent of 15,588.6 cars. There seems no possibility of eliminating this deficit at the current rate of production.

One bright spot in the mine picture was the increase in the number of mines working the full week. The last week in May a total of 22 mines worked full time but in the next week 27 worked the full week. The Department of Economic Security gave its employees six days of work, the report of the Association shows. Ten mines in the last week of May had exceeded tonnage for last year but in the first June week the number had increased to 12. Several mines now have an approximate production figure for the corresponding period last year.

Truck mine operation has shown another fluctuation. It skidded slightly the first week of June, losing 12 cars of 50 tons each. The number of truck mines closing has not increased. Truck mine production this year is far less than one-half of last year and captives are only slightly under last year's. For one right a spot at two may be in the mining industry. It is still very much depressed.

The local office of the Department of Economic Security advised that the increase in coal production is due to Lake orders. Glenn Anderson, manager, states that initial claims for unemployment benefits are less than half for May what they were in April. Inquiries for jobs in other states have decreased somewhat, Anderson added.

Girl Scouts Day Camp To Have 3-Day Sessions At David Cabin in July

The Prestonsburg day camp for Girl Scouts will be in session three days in each of two weeks, beginning the first week on July 7 and the second, July 14. It was announced this week. Site of the camp will be the David Girl Scout cabin.

Mrs. Kathryn Prader will be camp chairman, with these assistants: Miss Barbara Mandt; Mrs. A. H. Mandt; Mrs. Fred Dickerson; Mrs. N. L. May; Mrs. W. W. Burdick; Miss Kate Greenwood; Mrs. R. H. Hart; Mrs. E. V. May; Miss Sally Hill and Mary Lynn Mahan. Because of conflicting activities, the David Girl Scouts will not conduct their own day camp but they may join other groups in camp. David will also be the site of day camps held by other Girl Scout groups, it was said.

Miss Barbara Goddard, executive secretary of Girl Scouts in this area, will serve as Red Cross water instructor at the Prestonsburg camp, and Mrs. Robert Wallace, of Prestonsburg, will attend as nurse. There will be at least one adult leader for every six to eight girls. Each camper will have half an hour of swimming instruction daily. Registration fee for the six days is \$1.75. Special occasions will include campfire programs, progressive meals, group overnight camps, a bonfire and Corned Beef Dinner for intermediates and other shows to determine the activities.

Eligibility Requirements For David Postmastership Are To Be More Exactng

The first examination for postmaster at David, under new, more exacting eligibility requirements recently agreed upon by the U. S. Civil Service Commission and the Post Office Department will be open for receipt of applications until July 14. The Commission announced Tuesday.

The office pays \$3,204 a year. All previously existing postmaster examinations for first-, second-, and third-class post offices and lists of eligibles were cancelled recently. Higher standards of eligibility were prescribed for the filling of more than 1,700 vacant positions throughout the country.

The Commission is taking all possible steps through special publicity to civic and other community organizations to encourage well qualified persons to apply for the examination.

Competitors for the postmaster vacancy at David must show that they can deal with the public agreeably and effectively and that they are reliable citizens who would command the respect and confidence of patrons of the post office. They must also show that their background will enable them to maintain simple records of accounts or that it has given them a knowledge of postal procedures. Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and their responsibility, ability, and character. There is a one-year residence requirement and applicants must be at least 21 years of age and must not have passed their sixty-third birthday.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which the examination is being announced. Application forms must be received at the U. S. Civil Service Commission, Washington, D. C. not later than the closing date.

Interviewer Examinations Announced by Supervisor

Robert L. Veney, State Merit System supervisor, announced this week that examinations for the positions of Interviewer Examiner I and II with the Employment Service of the Kentucky Department of Economic Security will be held throughout the state during the month. The purpose of these tests is to establish lists of eligible persons from which vacancies will be filled as they occur within the next two years.

Tests are scheduled to be held on Saturday, June 27, at 8:30 a.m. in the following places: State Employment Service Office, 277 17th Street, Ashland; and in the high schools at Prestonsburg, Fikeville, Hazard, Barhan and Corbin.

Starting pay for Interviewer Examiner I is \$210 per month and for Interviewer Examiner II the positions are located in the local offices of the State Employment Service. Applicants must be high school graduates and have either two years college or two years acceptable experience for the lower position and three years college or three years acceptable experience for the higher position. Honorable discharged veterans will receive five points preference and those who are military commission will receive six points preference. Applications may be obtained from your local employment office or written Mr. Veney, Capital Annex Building, Frankfort or selected persons may obtain the application form at the examination center on the day of the test.

ALL WORK GUARANTEED

"County Road Machinery For Floyd County Roads"

As your County Judge I shall insist that all county-owned road equipment be used exclusively on the county road system and I shall see that none of it is leased out for use by private persons for money or for labor.

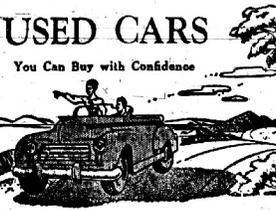

I shall further insist that every county road employee work an eight-hour day, thereby assuring the citizens of this county a full-time road program without increasing the amount of money expended for road maintenance. The citizens of Floyd county deserve a road program in return for their tax dollars, and under my administration there will be no waste of tax money. To further assure the success of my program, I will work for establishment of a central storage garage for all equipment owned and purchased, and no obsolete equipment will be disposed of until it is legally advertised for sale to the highest and best bidder.

At this time I should like to ask you to remember your needs for road improvements that have existed over the last four years and the precious little relief you have received. I should like to have you recall the record of the present administration along this line. This will help you in considering promises you may hear of road work and the further steps to catch up on the work which should have been done long ago without an election to spur them on.

Sincerely,
 JARVIS ALLEN

MISS MARTIN HAS BIRTHDAY PARTY

Miss Dorothy Gay Martin celebrated her eleventh birthday on Monday, June 8, with a party at her home followed by swimming and a picnic at the Wheelwright pool in the late afternoon.

The party got off to a good start with the game "Juno" with the children playing the roles of Nursery Rhyme characters. After the games and displaying of the gifts, the traditional birthday cake with ice cream was served to the following members of the Martin, Cline Scout troop: Janice Griffith, Brenda Griffith, Betty Burcham, Mickey Martin, Joan Wolverton, Sandra Moore, Mary Belle Englund, and Dorothy Gay, and other guests Peggy Music, Jeanne Burke, Teddy Allen, Rosemary Moore, Gloria Dean Salisbury, Ethel Dickerson, Jane Gross, Madge Turner, Cicely Turner, Mr. and Mrs. Ray R. Denney, Mrs. William A. Howard, and Mrs. William Martin.

To the People of the First Magisterial Dist.

This office of Constable could be made a money-maker. If the man elected to the office were out to add to his bank account by any means, fair or foul, he could work hard in the lawless element and hunt for the easy city street and jail young and old and collect his "coffee money" while making a general nuisance of himself.

Since my election as Constable last year to fill an unexpired term I have conducted the office as I promised the people. I have not tried to make a lot of money out of the office by hitching a big pistol onto my belt, going out to make arrests wherever possible or by hooking up with any lawless element. I still maintain that the law enforcement job is one for the city police, the Sheriff's office and the state police.

My work has simply been to serve the people issued from the Magistrate's and County Judge's offices. It hasn't meant much money to me, but the little I have made has been a great help. As most of you know, my eyesight is such that I cannot do other work which would pay me more, and as I have to be satisfied with doing what I can even if it does not pay much.

If I were a strong man, with normal vision, able to earn a living otherwise, I would not bother you again about voting for me. But we all must accept things as they are and do the best we can.

I accept my handicaps in good heart. My problems are not yours, but you can by your vote make them a lot less hard for me. If you think I have conducted myself as a Christian, and without offense to the good taste and good sense of the people of this area, let me at the August primary.

WHAT'S WRONG WITH WORKING?

One of my opponents, in his quest for votes, is circulating the rumor that I can not be trusted because I work for a company. This is a serious charge and I welcome the opportunity to discuss it honestly and frankly.

It is true that I am employed by a company, as Purchasing Agent. It is a job of trust which I have earned by 12 years hard work. For performing this work the company pays me wages. It is an honorable way of making an honest living for my family, and I am glad the company is here at home instead of 300 or 400 miles away. We need more companies, and more industries, in Floyd county to furnish more work for our people. I don't think I need to apologize for working to support my wife and six children.

For HONEST representation in the next Legislature vote for the PROGRESSIVE candidate who will work for the interests of the men, women, and children of the 96th District.

For
SHERIFF

As I travel over the county, I find that there is an unusual upturn in the minds of the people. The deep-seated desire to restore some sort of old-fashioned honesty in our elected officials.

A public office is a public trust, and it is time that sensible, honest Christians and patriotic people become alarmed over the machine politicians who have turned our public offices into family affairs, the first step on the road to political dictatorship.

I am not a politician and I have no desire to be one. I have nothing to hide from any person. My campaign is wide-open. I am not endorsed by any politicians or group of politicians, and I am not interested with any other rate.

Vote a watch this campaign, and do not be deceived by rumor-spreading candidates who have been dishonest and untruthful as to law, efficiency and common ordinary honesty in our country.

I am just an ordinary citizen who has worked hard and earned my living by the "sweat of my brow," dealing with my fellow man honestly, efficiently and with a deep and abiding faith that the good people desire a "CHANGE" from family-dictatorships in Floyd county.

I have not promised deputy jobs to any one. I will leave that to you people in the community in which he may be asked. I will not spread "false rumors" on anyone. If I intend to play the same "FAIR" that's the way my Christian Father and mother taught me around the "family-hearthstone" to live and treat my fellow-men, and I intend to do that kind of men and women seeking public office will clean up politics here and elsewhere, into family-dictatorships and restore old-fashioned honesty in our county government.

People see your neighbors, relatives and friends, talk and vote with **BILL HALL FOR SHERIFF.**

Sincerely,
BILL HALL

If you want to enjoy smoo-o-ther, better car performance—
Put a quart of Rislone in your motor oil!

RISLONE gives you smooth new power in 10 miles—or your money back!

You can actually feel your car run better as Rislone absorbs gum and sludge to restore lost compression and power. Prove it to yourself. Make this money-back test: Ask your garage or service man to put a quart of Rislone in your oil today (2 quarts in larger cars). Drive 10 miles. If you can't actually feel the surge of smooth, new power in your car — you can get your money back!

That's real proof of the improved performance you get — with cars of any age. For new cars you can count on instant, positive lubrication — extra protection that actually permits normal driving speeds immediately. For older cars you can count on getting rid of power-robbing gum and sludge — quick return to peak performance, and speedy relief for sticking valves, noisy hydraulic lifters.

Remember — you can actually feel the difference as you drive — smooth new power in 10 miles or your money back! Don't wait — try Rislone today.

FLOYD COUNTY DEMANDS GOOD GOVERNMENT
III. THE FEE SYSTEM
There is an old Floyd county saying that if you put an honest man in office he gets just like the rest of the ungodly and dishonest politicians who have held public office. He grabs what he can and grabs it quick. Of course all the people do not believe that every honest man who is elected to public office turn out dishonest. It is just a cynical way of taking a crack at those who do.
However, what makes most men who are honest, but turn out dishonest in office, is the fee system. The fee system was founded in our government when the state was young and establishments of an officer were few. The fee system made him work, made him administer the office efficiently and well in order that he could earn enough fees to make a living.
Now in this modern day it is different. We still have the old antiquated fee system but we have our many multitudes of public services to perform and the fees pile up. These fees in some offices are huge. It is there, collected by the official and he often pockets it. The Constitutional limit is ignored. That has been one of Floyd county's troubles. The fee system makes many a man forget his sense of right and wrong.
I propose to eliminate this excess fee collection in the sheriff's office. I propose to take only the Constitutional limit of...

BAPTISTS START BIBLE SCHOOL
The annual daily vacation Bible school of the First Baptist Church in Martin will begin Monday, June 22, at 8:30 a.m., continuing through 11:30 for two weeks. Rev. Mark Wadley is in charge with an efficient corps of experienced teachers for all ages. Children are welcome to attend. A cordial invitation is extended to all.
Several Martin boys have returned from a week in camp at Onida, Kentucky. Eight girls left Monday with Mrs. Wadley to attend the U. A. Camp there this week. Mrs. Hunter Mission reported 69 preschool recipients. Services are held three times weekly. Training Union officers for the next six months will be elected soon. Also a deacon to replace Charles Hickman, who moved, to Michael G. C. Sargent, former assistant Sunday School superintendent is replacing Broyles.
Three cars of members from the W.M.S. enjoyed the June meeting in the home of Mrs. E. C. Coleman, Pikeville, last Tuesday, with Mrs. Don Prater in charge of the program about Christian colleges. Lesson material was written by Mrs. Carl Townsend, first cousin of one of the Martin members. Mrs. Clarence King, W. M. S. president, is able to be at services again, following partial paralysis of the face for several weeks.
The public is invited to all services of the Martin Baptist Church. Come and worship with us.

WICKER
for
COUNTY COURT CLERK
It is impossible for a man running for office to deny each and every rumor and false allegation sponsored by the opposition. However, some of these must be noticed and replied to as a matter of public information. It is being told that I have quit and that my name will not be on the ballot.
You that know me personally and have first-hand knowledge of my life and character know of course that I am not a quitter. You that have pledged your support and to the many voters that as yet are undecided I want to state that I am in the race to the finish. I expect to win and if my opponents hadn't known that I was a dangerous candidate from their viewpoint they would not have started the rumors.
I have never held public office and so there is no official public record for you to examine. However, there is the matter of a man's character and reputation that is not subject to part and parcel of his private life. I ask you to check that with my friends and relatives. The same sense of responsibility, same honesty and the same moral and ethical principles, by which I have lived will be carried over into my life as a public official.
I want to thank each and every one of you, my friends, for your generous support in this campaign.
Yours for victory,
HOMER WICKER

There's only one answer...
Chevrolet trucks must be the best buy!
Fleet operators, farmers, independent truckers - truck users everywhere - buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.
As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks. If you're a truck user, this fact is mighty important to you. Why? Well, as you know, trucks are built and bought for just one reason - to do a job. So isn't it logical that since Chevrolet trucks outsell all others, they must do a better job at lower cost? That's why it will pay you to stop in and see us before you buy your next truck.

MARTIN

Business visitors to Martin this week: John Stephens, Water Gap, Pa.; Harry Prestonsburg, Jessie Ball, Ashland.

Miss Patty Sue Salisbury, of Columbus, Ohio, has been spending her vacation here with her parents, Mr. and Mrs. Henry Salisbury, and other relatives.

The Alair Society recently had a card party in the Sea Cafe. They were held last Wednesday but due to the fact all the tickets were not in that night, it wasn't given. Johnny Cahill, of Drift, later won it.

Mr. and Mrs. Wm. Embler, of Elmhurst, New York, are the house guests this week of her sister, Mrs. Virginia Short, and her mother, Mrs. Martha Stambaugh, Col. James F. Thompson, who has just completed a year's duty in Korea accompanied his mother, Mrs. Embler, to Kentucky.

Mr. and Mrs. Mack Taylor and son Robert, and Clyde Jennings are leaving Thursday for a vacation trip to Canada.

Mr. and Mrs. Jack Justice, of Pennsylvania, were visiting friends in Martin and vicinity, Sunday.

Quotes from our boys in the service:
A 2 c Billy Smith, from Carroll Air Force Base, Fort Worth, Texas: "This is really a hot one and it's just ten in the a.m. One good thing about this weather here, you can get a good sun tan and not even try. There's not a darn thing new around here, or old either. The work just goes on and on and I'm in the same old rut. One of these days I'm going to find a new one to lay in."

A 1 c Pose Frazier, from Shaw Air Force Base, S. C.: "We are making the final preparations for the big voyage over the pond. We packed our clothes, all except the ones we have to take along with us to live, because the rest of them may not get there for two months. So much for that and be sure to write soon."

Marine Cpl. Harry Gene Bradford, from Barber's Point, Hawaii: "I'm leaving for Japan Saturday and I just got back. I'll be home the first week in August and will go on your vacation and will go to Baltimore, too. I've requested to be stationed in Cherry Point, N. C. when I get back. Keeping my fingers crossed. So long and I'll see you, I miss you and I love you."

Mr. and Mrs. John Plankie and children left this week for St. Louis, Mo., to spend their vacation with their daughter.

Mrs. Owen Babbs, Carl Babbs and Betty Bradford were guests of Mr. and Mrs. L. L. Lynch at a spaghetti supper, Wednesday evening.

Miss Lois Osborne, of Cincinnati, is spending her vacation here with her mother, Mrs. Irene Osborne and her sister, Miss Orlene and Mrs. Katherine Hill.

Mr. and Mrs. Jim Brinkley, of Lexington, were visiting his mother, Mrs. Anna Mayo, and his sister, Mrs. Lucy Peters.

Mrs. S. J. Roberts has as her guests this week her daughters, Mrs. Bill West and daughter, of El Paso, Texas; Mrs. Tommy Jenkins and children, of Kopperston, W. Va.; and Mr. and Mrs. Kruser Martin and daughter, Mrs. West will accompany her mother, Mrs. Jenkins, home for a visit before returning to El Paso.

Mrs. Ruth Fox has returned to her home in Troy, Ohio. Her sister, Mrs. Della Swabba, and son, Danny, accompanied her home for a short vacation.

Mrs. Ruby West, of Detroit, Mich., has been spending her vacation here and with her parents at their home near McDonald.

Hanson Vincent, son of Mr. and Mrs. H. H. Vincent, of Charleston, W. Va., formerly of Martin, is in training at Simpson Air Force Base, N. Y.

Dr. John Sherman, of Huntington, W. Va., is expected to return to Martin some time this week. He is to be a permanent staff member of Our Lady of the Way Hospital.

Miss Edith Coverson accompanied by Mrs. Marie Hestit, of Lenoir, is in the city for a vacation recently.

Mr. and Mrs. Wm. H. Hestit, of Lenoir, are in the city for a vacation recently.

FOR SHERIFF
SCOTT COMPTON
of Alpharetta, Ky.

I hereby announce myself for Sheriff in the Republican primary Aug. 1. I have been a real winner for 23 years and also a deputy Sheriff of this county for 13 years. I have not shot or killed anyone, nor have I beat up anyone. I am the son of John Compton and Ida Hall Compton et. Mud Creek. She was the daughter of Scott Hall.

Your vote will be appreciated.

To Represent Club

At Annual Convention
Delegates who will represent the Prestonsburg Kiwanis Club at the 38th annual convention of Kiwanis International, June 20-22, in New York are: Baxton Clarke and John W. Stratton.

Other club members, although not official delegates, will also attend. They are: Robert Francis William O. Geibel and Marvin Musick.

During an election year such as this, when there are numerous candidates for all the county offices, the importance of choosing a worthwhile Representative to the General Assembly is often overlooked. IT SHOULD NOT BE SO. As in the past, the laws enacted and the appropriations made by the 1954 General Assembly will lightly or greatly, touch and affect each and every citizen of Floyd County. The next Legislature will undoubtedly examine and consider the needs of education from the standpoint of both teachers and school children; the interests of the workman and industries including coal mining, the organization and operation of county governments; the wants and needs of the aged, dependent children, and needy blind. These are only a few of the many issues and problems affecting YOU which will be faced by the 1954 General Assembly.

I sincerely urge you to consider my qualifications, and my honest desire to serve you, and humbly request the support of you and your friends in nominating me on the Democratic ticket for the office of State Representative, 96th Legislative District.

Sincerely,
MILFORD "Toodles" WELLS
(Pol. Adv.)

I am a candidate, subject to the Democratic primary, for the office of State Representative, 96th Legislative District. Since I have not had an opportunity to see all my friends and relatives and other voters in this District, I should now like to present some facts about myself, and also express my motives in becoming a candidate for this office.

I am 26 years of age, the son of Sam and Martha Wells of Prestonsburg, Ky., formerly of Auxier. My father has lived all his life in Floyd County, and so have I, except for my absence during military service and attendance at college. I attended Auxier grade school, and Prestonsburg high school, and was graduated in 1951 with a degree from Morehead State Teachers College. I am married and have one child. My home is in Prestonsburg, where I am employed as an automobile salesman. This is my first time to run for office.

Many of you will recall my connection with sports and my interest in school athletic programs and that I have acted for several years as a basketball referee and baseball umpire. My brother has worked in the mines 36 years.

(Pol. Adv.)

To the Democratic Voters of Legislative District No. 96:

10 MILES AT THE WHEEL WILL SHOW YOU "There's None So New As Nash!"

TO THE PEOPLE OF FLOYD COUNTY: In making the race for County Judge I do not intend to be tied up or connected with any other candidate or group of candidates. There already has been a public school, and probably will be more, to the effect that I am supporting that or that candidate for some office. These rumors have no foundation, and I do not intend to take part in any race except my own.

I am making this race on the record I have made as a public official and County Judge. Later I will have a more detailed statement of some of the things that have been done. With the experience I had I will be able to make you a better County Judge for the next four years. I earnestly solicit your support.

Your friend, HENRY STUMBO

Mrs. Carrie L. Clemmons of Bath county has relinquished her claim and presented them with the help of 4-H club boys.

To My Friends and the Voters of Floyd County: I take this means to notify the public that I will be unable to make the race for the office of County Court Clerk.

Perhaps you heard the rumor that I had "come off", but up until the writing I had not fully made up my mind. I was waiting for a confirmed statement from the Navy Department, saying the children and I could join my husband who is stationed in Honolulu.

I prefer to say I've withdrawn from the race, because so many people are giving the words "losing will" and "corruption" and "selling out" I AM NOT withdrawing in favor of any candidate, as I believe in and have taught my children at school one's own privilege to vote his own sentiment.

I regret that the navy informed me after I had announced for Clerk-I have been trying to go to my husband for the last year, but because of his flights to China, Japan and Korea the navy thought it best for us to remain in the States. Now he has been given an other job on the base and will be here in a few days.

I sincerely want to thank both my Democratic and Republican friends who would have supported me in the race. I feel assured that I would have won in August and I know that my many Republican friends would have voted for me in November.

Please try to understand why I am withdrawing. You know the King of England gave up his throne for Wallie Simpson. So you see my "Hazel" gave up her job as Clerk for a sailor.

In closing I wish to say that if it is God's will, and if we return early and I am in the States when the next election arises, I would like to serve you then as your County Clerk.

When my ship sails Thursday, June 18, from San Francisco I will be thinking of my many friends here in and near the county. I hope I will see you and Floyd county, the heart of the world, next May.

TO MY RELATIVES, MANY FRIENDS AND THE GOOD CITIZENS OF FLOYD COUNTY WHO WANT CLEAN ELECTIONS and HONESTY IN GOVERNMENT

In offering to the good people of Floyd County my son, EDMOND HERSCHELL TACKETT as a candidate for the office of County Attorney, his mother and I do so with the full knowledge of the quality and clean Christian life he has lived since he came back from the war and entered the practice of law in the office with me. We know, and we want you to know, the type of man that he is and when EDMOND of these qualities in him you will have no hesitancy in supporting him for this important office.

I have been over the greater portion of our county and I find a general sentiment for him and a determination on the part of the voters to put a new man in the County Attorney's office. With four opponents dividing the vote over various sections of the county and no one running from the Mud Creek and Left Beaver Creek sections, where EDMOND HERSCHELL TACKETT is closely related to the most of the voters and people generally, that definitely puts him way out in the lead and his supporters know that he is the man they have to accept if they are to win.

EDMOND is devoted and conscientious, opposed to buying or stealing a single vote in this or any other election. He is just as determined when he is elected as your County Attorney he will be no need for lawsuits against public officials or WRANGLING over what is being done with the money.

TO THE VOTERS AND TAXPAYERS OF FLOYD COUNTY:

I am asking your support for the Democratic nomination for Sheriff on the basis of my record.

It is easy for a candidate to make promises in regard to what they might do or imagine they will do if elected to an office. The best evidence is a record.

There are two major duties connected with the Sheriff's office.

1. Financial or Fiscal Affairs.
2. Law Enforcement.

I shall now give you my record on the first, as shown by the public records of Floyd county and the records of the Auditor of Public Accounts, Frankfort, Kentucky.

During my terms of office, I collected and disbursed more than 4 million dollars of public money. Money that belonged to the taxpayers.

The records show that every penny due the state, county and Board of Education was properly paid to them. Honesty and efficiency was the method practiced in my office.

It was said by the Assistant Auditor of Public Accounts while making an address to the Kentucky Sheriff's Association at their annual meeting in December, 1949—quote: "The records of Troy B. Sturgill, Sheriff of Floyd County, are in excellent condition and are among the very best kept in Kentucky. I would advise you newly elected Sheriffs who take office soon to procure a copy of his records."

There has been a great deal said and written recently by those interested in the coming primary in regard to county officials exceeding their Constitutional yearly salary, which was \$5,000.00 during my term.

An audit was made by an auditing concern of Louisville, Ky., which was employed by the Floyd County Fiscal Court to make said audit of my term for years, 1947, 1948, 1949. The audit shows my net income was as follows: 1947—\$4815.08; 1948—\$4847.21; 1949—\$4772.41. This clearly shows you that I did not make the amount I was legally entitled to.

There is a misleading statement in The Times under the heading "Score Board." This statement would have the voters and taxpayers believe that those who are now seeking your votes, were responsible for my paying the Board of Education \$2462.81. The facts are that after having made my final settlement with the Floyd Fiscal Court the county owed me \$2462.81, the same amount I owed the Board of Education.

There was no difference between the Board of Education and myself as to the amount due them.

The only question was: Should I borrow the money or pay the Board of Education at such time the Fiscal Court paid me?

I borrowed the money and paid the Board of Education every penny due them.

No organization or individual had any part or anything whatsoever in this matter. This statement is being made solely for a misleading political purpose.

People who are seeking public office and for political purposes only instituted an action for a sum which had been paid by me long ago and which is shown in my Final Settlement made with the Floyd County Fiscal Court November 28, 1951.

A Special Judge was designated to hear this action. After hearing the evidence orally in the courthouse at Prestonsburg, Ky., in order that the public could hear the facts, the case was dismissed. This is substantiated by the records in the Floyd County Court Clerk's office.

I ask you the Voters and Taxpayers to demand the records of other candidates. It is your duty to sincerely study these records and decide from them for whom you will cast your vote. Make your decision from facts and truths. Not idle promises and false accusations.

I submit to you my candidacy for the Democratic nomination for Sheriff of Floyd county upon this record.

Your Friend,
TROY B. STURGILL

HALE For COUNTY CLERK

TO THE VOTERS OF FLOYD COUNTY:

The rumor has been circulated by at least one of my opponents, in the hope that the growing tide of sentiment in my favor as a candidate for County Court Clerk can be stopped, that I voted for and supported the Old Age Act Law, which many aged pensioners and myself feel to be a bad one.

I have always supported, raised, and faithfully benefited for the old aged, blind and needy children. To insure that your friends and voters, will know the true facts, I make and do publish the following, under oath:

STATE OF KENTUCKY
SCT.
COUNTY OF FLOYD.

Affiant, Henry C. Hale, after being duly sworn and cautioned, deposes and says that while a member of the Legislature he did not vote for Senate Bill 101, commonly known as the Old Age Act Law.

HENRY C. HALE

Subscribed and sworn to before me by Henry C. Hale, this the 15th day of June, 1953.

JUDITH D. ARCHER
NOTARY PUBLIC, STATE OF KENTUCKY
AT LARGE.

My commission expires April 2nd, 1955.

NEWS & NOTES

By ROGER TURNER

"Arise and be not afraid"

The words of wisdom that come down to us from the past often bring our mind to bear on our own lives and problems. They help us equip ourselves for what we need to recognize as part of life. There is joy in facing the future and preparing our minds for life's inevitable changes if we only remember to be not afraid.

Even adversity is a good teacher, for it is through the successful meeting of problems that we learn how to solve future ones. Responsibility and trouble can be made to bring rewards that lead us to a better understanding of ourselves and the world around us.

So let us all recognize that "into each life some rain must fall" and let us not hesitate to meet that rain face to face. Knowledge, full well we will not be afraid of it, and that ultimately it will be to our advantage to have gotten drenched by the sun's rays of life, for with courage the sun is bound to shine on us again.

We service all burial policies, sold by anyone, anywhere.

His Picture got home in eight minutes

A Korean veteran returns; a loved one greets him at the dock; news cameras record the happy event. Eight minutes after the photograph is developed and rushed to the press picture bureau, it's in the veteran's home town across the continent—via the magic of telephoto.

Developed by the Bell System, telephoto flashes news photographs over telephone circuits to press associations and newspapers all over the Nation.

The lives of all Americans are enriched by such modern miracles as telephoto, the teletypewriter, and transmission of network television. These advancements came about through years of research by telephone scientists and engineers. This continuing research is one reason America has the most and best telephone service in the world.
