Spectators of the high school football game on Wednesday at the way to Norris Lake there is a roadside advertisement proclaiming, "Money for sale." They, of course, meant money, and I don't mean mine.

**GRIPPE SESSION**  
Until I began watching baseball games on television from the Cincinnati ball park, I had no idea there were so many broad-based grippe sessions playing the Great American Game of course, the angle at which the camera gives the viewer a glimpse at the pitcher's arm is a lot to do with it, and in Cincinnati they seem to specialise in this.

Perhaps I shouldn't squawk, since as how I get in the game for free—except for paying, so much for the television set, plus a sizeable back-up charge, that monthly service charge and future incalculable, any minute, may include a picture tube—but I can't understand why the video boys in Cincinnati don't do as well as they do, for instance, in Chicago.

"On the park the pitcher sees the pitcher deliver the ball, sees the ball come into the plate and the batter swing to turn up his eye at the offering, so that he can be shot. In Cincinnati, you get a close-up of the pitcher, or of the batter, or of the pitcher and the first baseman in this latter shot."

## BOARD TALKS REPAIR COST

**Grade School Roof, Floor Repair Needs Would Cost \$15,000**

Plans for repair of the grade school building and discussion of financing necessary to do the work were major items on the agenda of the City Board of Education here, Tuesday and Wednesday evenings.

Condition of the school in such condition that rain has been seeping into the walls and floors of the structure, and it was estimated \$15,000 would be required to restore the building to its original state.

It was indicated the Board will spend about \$10,000 to restore the roof and prevent further damage. Of this amount, approximately \$5,000 will be financed locally. The Board had a treasury balance at the end of the year sufficient to meet the remainder of the expenditure contemplated.

## LEGION NAMES JAMES, DIXON

**Former District Head, Dept. Vice-Commander; Wayland Man, Chaplain**

Two Floyd county men, Tom James of Prestonsburg, and J. Frank Dixon, Wayland, were named 50 department state stars by the Kentucky Department, American Legion, at its annual state convention in Louisville last week.

James, former Tenth district commander, was elected Sunday to the post of department Vice-commander. He is one of three Kentucky Legionnaires named to this office in the state organization.

Mr. Dixon was named department chaplain. The Wayland man, a veteran of World War I, previously had served his post and the Tenth district as chaplain.

Election of James, a veteran of World War II, as department vice-commander was a surprise, as he had served as commander and served in the post of department vice-commander for other Legions in Floyd and surrounding counties in the past.

The election of James to the Tenth district from 11th to first place in the Kentucky Department, American Legion.

The election of state Legion of officers was Louisville's hold on convention machinery broken. Harry Handberg of Louisville, former department vice-commander, was defeated by Charles M. Blackburn, Versailles, for the post of national executive committee member, and George J. Miller of Harrisonville, was elected state commander.

Next year's convention city will be named later.

## Sees Benefit to Coal From Group IV Rate

**RATING WOULD AFFORD AREA BIDDING EDGE**

**On Coal Contracts For Defense Plants, Congressman Says**

If and when the Prestonsburg five-county area is approved by the Secretary of Commerce for a Group IV classification, coal suppliers in the area will be given an advantage which will give them an edge in bidding on defense fuel contracts.

This information was contained in a letter last week from Congressman Carl D. Perkins to Harold May, Prestonsburg, corresponding secretary of the Prestonsburg-Floyd County chamber of Commerce.

When the Group IV classification becomes official, coal producers of the area—Fred Johnson, Magnolia; Knott and Martin, Columbia; and Pike county will be enabled to meet the pressure of low bidding on defense coal contracts if their bids are not more than 20% above the low bid submitted by producers from other sections, the Congressman explained.

"This," wrote Congressman Perkins, "is an important short-term relief position, but you should not anticipate receiving sufficient business to keep all the mines in the area, as it is more likely that the pressure of meeting low bids will be so great that only those mines now in operation can afford to meet the conditions. It may, however, prevent the closing of additional mines in the area."

Secretary of Labor Harold May already has classified the area as Group IV, and the Secretary of Commerce will issue a ruling on the matter by July 1 to the Surplus Management Committee, and after its approval by the Secretary of Commerce will be forwarded to the Secretary of Defense.

Congressman Perkins also said he is urging action on a proposal to exempt the area from taxation similar to that now given defense plants and industries being established in rural surplus areas. The Secretary of Labor has indicated that the plan, which is intended to encourage industrial development, has administration approval.

Secretary of Labor has indicated that the plan, which is intended to encourage industrial development, has administration approval. Secretaries Clements and Cooper have joined in the move to relieve the unemployment situation in this area.

French youth, standing on the right of the two sons of Mr. and Mrs. Arnold Wood of Maytown, whom he has assumed on the farm as a part of his study of American agricultural methods.

The language barrier that exists between Jean Lambert of France and his Floyd county friends is all that prevented him from fully expressing his reaction to American driving habits. Yet he expressed his view rather well when asked if the French might be interested in the American method of driving.

At first he did not seem to understand and reached for his English-French dictionary. The dictionary comprehended the question, "What is the English word for 'much'?" and he then added with greater emphasis: "Never rush like you do."

## Damage Suits SEEK \$45,000

**Each of Four Actions Outgrowth of Wrecks; One Involves Fatality**

Four suits growing out of automobile wrecks were filed in circuit court here last week asking a total of \$45,000 damages.

First of the suits was that of Willie Shepherd, guardian for Billy Shepherd, an infant, and Florence A. Robinson, Claco, asking \$5,000 damages for the death of her son, Billy Shepherd, who was killed in a wreck on Nov. 22 last. The suit was prepared by Atty. Paul E. Hayes.

Joe P. Tackett, administrator of the estate of Mrs. Lulu Webb, deceased, last Thursday filed suit against Virgil Hamilton, asking \$10,000 damages for the death of Mrs. Webb, the petition, prepared by P. D. Burke and Edmond Herschell Tackett, alleges carelessness on the part of Hamilton in the operation of his auto in which Mrs. Webb and her husband, J. G. Webb, were passengers.

## Clay, Market Adequate For Brick Plant, Claim

**SIX INJURED IN 2-CAR JAM**

**Residents of County Hospitalized Sunday After Collision Here**

Six persons were injured, at least two seriously—early Sunday night when two autos crashed head-on near the Eagle here.

The injured included five adults and a baby, and the infant, although thrown by the impact onto the road, escaped with the slightest injury, a bruised hip. The others and extent of their injuries:

Charles Armet, 35, West Prestonsburg, chest injuries; Joe Boyce, West Prestonsburg, broken collarbone; Fred Goble, 23, Lancer, lacerated knee and head; Bobby Sammons, 23, Prestonsburg, eye and head; Jeannette Sloan, 19, Langley, both ankles broken; cut about the face.

Armet and Boyce occupied a Chevrolet driven by Boyce, approaching Prestonsburg from the north. The others were in a Ford sedan, driven by Fred Goble, traveling in the opposite direction. Miss Sloan said the Chevrolet was on the wrong side of the highway when the collision occurred. She said the Chevrolet had pulled from behind another car or truck into the path of the other car.

All six of the injured were treated at the Prestonsburg General hospital.

## DRAFT RULING HITS FATHERS

**Clamp-Down Applies Only to New Fathers; Pre-Inductees Notified**

Selective Service has issued a new order providing for the drafting of young fathers, but it is explained that the order is technical and applies only to those who become fathers after the date specified in the order. Those who already have children or who will become fathers before the effective date of the order will not be affected.

## STATE AGENT INSPECTS SITE

**Of Proposed Building To House Offices Here; Work Expected This Year**

W. T. Juby, executive director of the State Property and Buildings Commission, was slated to arrive in Prestonsburg today (Thursday) to inspect sites recommended by the Economic Security Department on which to erect a building to house the district office of the Department.

The state already has options on one or more sites here. One of these is on the lot of Marvin M. Waddell, adjacent to the Kentucky World War I Memorial. Another option is 100 x 120 feet property on W. 11th Street. The state reportedly procured from the Waddell property.

The state already has begun its building program, with seven structures similar to the building here planned for this year.

It was reported here this week that the State Revenue Department will move its district office here next week and that Re-Administrative Director Roberts of Harold will head the office. Full plans for the move were not made public.

## Middle Creek Clay Sample Fully Tested

**Market Potential Here Is 46,000 Bricks Daily; But Plant Cost Runs High**

Floyd county has the clay and the potential market area for a brick plant producing 46,000 bricks per day.

That is the conclusion reached from perusing the letter filed of Hansford May, corresponding secretary of the Prestonsburg Chamber of Commerce. The letters are from engineers, tile manufacturers and A. Joe Ather, former executive director of the Eastern Kentucky Industrial Development Board.

Brick samples were made for the A. & I. D. Board by an Alabama manufacturer from the clay deposits on the Jack Armet Branch of Middle Creek. This deposit was analyzed as excellent for brick-making by the University of Kentucky and the Kentucky State Geological Survey.

Samples for tile analysis were submitted to The Georgia Tile Company of Trion, Ga., in connection with these samples may indicate that the clay is suitable for these purposes," but J. M. Lapp, ceramic engineer for the tile company, said.

The clay sample No. C11 was a dark gray shale in the raw state and it crushed and pulverized to a fine sand. The percentage of 22 per cent moisture in order to become plastic enough for extrusion. When a clay of this nature is extruded, it is necessary to dry it for the expansion caused by heat.

## Lieut. Stumbo Dies in Action

**July 11, Parents Learn; Is First Floyd Fatality In Korea Within Year**

Mr. and Mrs. Charles Stumbo, of Lancer, were notified by the Defense Department Monday that their son, Lieut. Sam Stumbo, died in action in Korea, July 11.

Lieut. Stumbo was the first Floyd county fatality in Korea within a year.

Leader of a rifle platoon, he had been on active duty since August, 1950, having begun his tour of Marine Corps duty the day after receiving his Master of Science degree from the University of Louisville. He had been in Korea since last October, and was scheduled for rotation to the United States in September.

A graduate of Prestonsburg high school, Lieut. Stumbo was well-known here and was a favorite with all who knew him. He had planned a medical career and his study at the University of Louisville had been toward that end.

Surviving, besides his parents are two brothers, Charles Stumbo, of Lancer, and A. W. DeLoe Stumbo, of Tynall; Air Force 1st Lt. Florida, and two sisters, Mrs. Shelby Combs, of Nicholasville, and Sharon Lee at home.

The body will later be returned home for burial.

## GROUP BUYS MUSIC MOTOR

**Lake Motor Company Acquires Agency Here; Firm Composed of Five**

The Lake Motor Company, which last week purchased the franchise and equipment of the Music Motor Co., Inc., here, assumed charge of the business here Saturday.

Stockholders in the new firm are: R. D. Francis, Bill Allen, Bobber Burke, Wm. O. Goble and Ezra James. Officers of the new company were announced last week. The firm is to be incorporated. Bill Allen, who has been manager for Music Motor here and a half year will continue in that position for the new owners, and it was said no personnel change in the office or mechanical department is contemplated.

Edward Munn, president of Music Motor Company, said he will continue operation of his used car lot at Allen. The Music Motor Company purchased the Chrysler-Plymouth agency three and a half years ago from C. H. Smith, now of Lexington.

## Purgation Board Cites Statute As Election Officers Named

As the county election commissioners released the names of the 240 residents of the county who were selected Tuesday to act as precinct officers at the August 1 primary, the Floyd County Registrar and Purgation Board pointed out important items of the law with which these officers are urged to comply.

The two statutes specifically called to the attention of the election officers provide:

1. The clerk of each precinct, immediately after issuing the ballot to any voter at every primary or regular election, shall indicate in the proper place on the registration form that the person receiving the ballot voted at that election.

2. The fact that a person is registered constitutes only prima facie evidence of his right to vote; and does not prevent the officers of any primary, special or regular election from refusing to issue him a ballot for causes and in the manner provided by the general election law of the state.

The board also urged careful use of the comparative census book which was announced last week. The election officers will check the names of persons who vote, work of the purgation board will be greatly expedited.

The election officers were named by Election Commissioners Marion Clayton Lemoar, and W. B. Boyd (Republican) and Sheriff A. H. Meade who is a member by virtue of his office. Names of precinct officers follow: the names of the clerk, two judges and sheriff appearing in order of each instance:

Prestonsburg No. 1—A. C. Carter, James Wesley Howard, W. B. Boyd, Matt Parsley.

Prestonsburg No. 2—Bronn Nery, Virginia Stephens, Paul E. Hayes, Chalmers Praeger.

The two by camera "angle" standing on each other's curs— and that's about all. One day, I recall, Hank Stuer swung madly on a Coney path and I hid my head, waiting for the two-minute rest while the photographer got the camera around to show some fan in the bleachers sticking the ball in his hip pocket—only to learn from Waite Host that Hank had popped out to the second basement. The Ohio legislature has adjourned, but there ought to be something done about it.

### AULD LANG SYNE

I see by the papers where the old boys and girls who attended the Morehead Normal School, way back when, rallied round in glad reunion, the other day. I'm no great shakes as a rememer, or remaniner, or what you might call it, but I think it was a real nice idea.

Just reading about it drew me back over the years and for away from 1933, its troubles, its war, elections and such. I don't know if six weeks' attendance makes a baby an alumnus or not, anyway. I was there, back in the winter of 1917-1918.

That was a memorable winter. Boys were leaving school for the army and a part in World War I; it was the coldest winter on record, so far as I am concerned. I had my first pair of long pants that year, and they were right-ounce blue serge. What that wind did to me was a caution. I recall our parking. The seat went with the

was in a wrestling match, and that was the only pair of long pants in my wardrobe (?). So back to the old knickerbockers and a display of the shanks again.

That was the winter when I was introduced to Latin and Algebra and a M. X. which had me completely mystified until the late Prof. George Clark helped me solve the mystery. . . . the winter of a slight outbreak of German measles in school which gave a homesick teenager a fuzzy excuse to flee the place and go home and there ploddy walk two miles to school and do that to all and sundry that there's no place like home.

But I have rambled far from what I started out to say. That was to mention that Dr. J. Wesley Hatcher was president of the school in those days, and that he is one of the most pleasant memories that remains. It is great to know that Dr. Hatcher is still active and that he was able to enjoy the reunion with his old boys and girls.

## Stephens Scores Win In Every Bait-Casting Event of Tournament

Stewart Stephens, of Prestonsburg, scored a grand-slam in the bait-casting section of the tournament staged Sunday by the Mountain Anglers at the Dewey Lake camp of the Department of Fish & Wildlife Resources.

He took home first-place trophies in the five-eighths-ounce, three-eighths-ounce and skiff bait contests and the prize for all-bait accuracy with a total of 380 out of a possible 300 points. Young Stephens started off the bait-casting competition by casting a perfect 100 in the five-eighths contest.

Twenty casters representing Lexington, Louisville, Harrodsburg and Prestonsburg took part in the tournament, with the Prestonsburg casters dominating practically every event except the dry fly and skiff fly contests which they did not enter.

The Mountain Anglers won the team bait-casting contest over Harrodsburg with an aggregate score of 420 to 475 for the down-staters.

Bob Budd, of Louisville, won the dry fly contest with a 96 to a second place score of 82 by John Sullivan of Harrodsburg. Budd also won the skiff fly event with a 71 to Sullivan's 68.

Next to Stephens in the five-eighths was John Sullivan with a 96. Bill Baker Burke of the Mountain Anglers, was a third with a 97. In winning the skiff bait event Stephens posted an 86, with Bill Baker Burke and David Allen, his teammates with the Mountain Anglers, winding up in a tie with 89. Burke won the cast-off.

In the three-eighths contest Stephens and David Allen tied with a 96, but Stephens scored a 99 in the cast-off, leaving Allen in second place and Bob Budd third with a 95.

In the women's division five-eighths contest, Nora Hornah defeated another Harrodsburg woman, Lucille Lower, 93 to 85.

The Mountain Angler team, composed of Stewart Stephens, Bill Baker Burke, David and Quentin Allen and Edmund Burke, left Wednesday for St. Petersburg, Fla., where they will participate Saturday and Sunday in the Dixie Tournament. There they will meet the best bait-casters in the South and Southwest.

## Suicide Probe Fails To Confirm Suspicion Adkins Girl Murdered

The death of 16-year-old Viola Adkins of Brannan's Creek, July 1, from a revolver bullet, remains a suicide in the minds of authorities, despite suspicion of murder voiced by the girl's brother.

The last decision was reached last Thursday after Commonwealth's Detective Alex L. Davidson and Deputy Sheriff Frank Crum reported the investigation into the case on the insistence of Miss Adkins' brother. They said they found no evidence to support the belief that the death was anything but suicide.

**To The Voters of Magisterial District 1:**

I entered the Democratic campaign for Magistrate with no ill-will toward anyone. I've put my whole heart into it with clean and friendly campaigning toward all my opponents and all mankind.

I shall go out of the campaign with that love for my fellowman which causes a man to forgive all wrongs done him during the day and permits him to sleep with a clear conscience at night. I hope and earnestly pray no votes will have to be bought or stolen for me in order for me to win.

I deeply appreciate the fact that this is one campaign in which there has been no mudslinging by any of us. My opponents have shown a fine sense of good, sound judgment and courteous consideration in their appeals to the people. I am sure we all have the respect and esteem of the public generally for the clean-cut methods we have used. I have used no "sharp tactics" or "dirty tricks" toward them; and if they have toward me, I haven't heard of it.

I take this opportunity to publicly say that nothing I have said has been intended as a reflection upon the character of either of my opponents, and if anybody has understood me otherwise, please dismiss from your minds that thought now. I present herein my appeal, based upon my merits and qualifications, with no thought of seeking a single vote at the expense of the reputation of any of my opponents.

I am very happy that we all must, under our system of government, yield to your good judgment to decide on the vital questions of our qualifications. I believe you have full and complete confidence in my ability to perform each and every one of the duties of the office of Magistrate, and I am perfectly willing to leave that to your good judgment.

I say that my qualifications are as good as my opponents on all matters, including the real, honest-to-goodness, deserving merits of all of us. I am entitled to every sympathetic impulse of the people—by character and citizenship, training and experience; by a record of being accommodating, trustworthy, loyal, friendly, courteous and kind to all and honest in all my dealings. As a minor I have been a union man since 1917.

I will go, all out, for a real road program, will not be bossed by any one and will be available to serve you at all times.

If you want me to be your Magistrate, I will be Number 1 on the ballot. You be the Judge.

Sincerely,  
**BILL SLOAN**

VSAAZ-TV program last Friday night. He will leave for a Johnson county farm, July 20.  
Jean likes Americans, especially Americans boys. The Love boys, Palmer Keith and Donald, have embraced him as one of the family. Since the Love farm is small, there is some time for play. All three love volleyball.  
He helps with the tomato project and the chicken project. The Love boys are working with in the 4-H club. He has been in Kentucky since June 16, but he arrived in America just west of Washington, D. C. He will leave Kentucky August 24 and go to Louisiana. November 8, he will be back in Washington and an Armistice Day will fly back to his Normandy home. This hurry-up American schedule has not yet seemed to irritate him by his abundance with good humor.  
He makes observations on American life and agriculture, some of which we ourselves felt all along to be true but did little about it. He says, in speaking of traffic laws, "You have much law, much accident." In his country there are no speed limits on the highways.  
He likes mechanization but dislikes extensive agriculture. In France only a 300-acre farm would have the machinery Americans own on an 80-acre farm. Americans own their machinery. In France several handmowers, perhaps as many as seven or eight are collective ownership. His farm in Normandy, 125 acres of level land devoted to grain and dairying, has been in the family 260 years or longer. He does not understand our shifting about from place to place.  
He talks that farm with all the Frenchman's passion for his homeland. He had a farm part, partly drafted, showing houses, fields and watercourse. Two tenants aid the family with dairying. The cows are Jersey and Normans. He explains that the Norman cow is a distinct breed, big, red and white-spotted. They raise rice horses and now have 15 head. "One is a chestnut horse," he smiles. This is understandable when he explains that they only cultivate garden vegetables. He raises peaches and the same vegetables as we do. No peanuts or sweet potatoes. He likes peanuts so well he is taking seed back to France.  
Americans waste land, he thinks. County Agents Boggs pointed to a waste space of idle land across from the show house. He shook his head. "You waste land." But he understands that topography has a lot to do with land use. West Normans do not like Eastern Kentucky, he said. In Normandy people do not hunt much. They just don't like the sport.  
To have had a father killed in World War II as he did in 1944 and to have suffered the German occupation for a long time, one would think there must be a certain degree of bitterness in him. But there isn't. He is perfect as a young apostle of international goodwill.  
The Germans, he says, simply and in his imperfect English, are "no good people." Asked why he didn't like the Germans he checked his dictionary again and replied: "Because he was an enemy. No good treatment." There was no evidence of bitterness. He added quietly about the Germans, "For everybody had treatment." He only showed intense dislike when he talked about Communists. "We have Communists but we don't like it."

He recalls the weary war years while his father was in the service. Twenty-four bombs fell on the farm and five struck the home. It was wrecked. He shows a picture of the old, two-story home and its quaint garden. He has a picture of the new one under construction that the government is assisting them to rebuild. It is not very different from the old one.  
The American variety of English has its problems for him. He notes the many sectional differences, even in the differences between Carroll county, Kentucky, where he stayed awhile, and Floyd county. Since France has few speed regulations and no limits on the highway, he just couldn't understand what was meant by a speed trap.  
The county agent and Mrs. Love tried patiently to explain. One said if you were going fast, and a policeman arrested you, what would that be? "That would be," and he paused, they said, "accident?" He didn't understand the why of the laughter but joined in it good-humoredly.  
He is so accident as a bearer of goodwill from France to American boys. He is spontaneously happy and radiates good cheer. The Love family will, on July 20, because they will have learned a little French from him, reply, "bon voyage" when he offers his hand and says adieu. They are friends.  
It is like he said, the French and Americans have always been friends.

**FLOYD COUNTY DEMANDS GOOD GOVERNMENT**

**VII. JUDGE A MAN BY HIS FRIENDS**

A man in public life is proud of his many friends and relatives proud that he has been able with assistance and cooperation to bind them to himself, not for his own good but for the common good. There comes a time, too, when the common need of a county or people is so great that he counts his friends and relatives in the fight for honest government. That time is now. Floyd county needs the concerted effort of all our friends and relatives to make it a better place in which to live.

Judge a man by his friends. If they are legion, if they are leaders in the fight for civic improvement and honest administration of the law, he can be proud. Mine are that. I salute you, not merely because you are friends but because of your sterling desire to aid me in my fight to clean up the mess Floyd county finds itself engrossed with at this hour.

The Cooleys have been Floyd countyans a long time. David Cooley, the immigrant from Winchester, Virginia, came to Prestonsburg in 1818, settling on the present First Avenue. He was married to Edna Emerson. He stocked a store, executed a tannery and became a justice of the peace. His store stood in the almost exact spot where the First Richmond Store stands today.

His children were David, James, Joseph, Laura and Mary (John). James married Julia Auster, daughter of one of the founders of Blackhouse. Bottom which was the first permanent settlement in Eastern Kentucky. Joseph became a brewer over a wide circuit of Eastern Kentucky counties. Laura married Greenville Davidson of Prestonsburg. He was a leader in the Confederate and served for years as County Court Clerk. Mary (John) Cooley married Isaac Richmond whom none of the elderly people of this county remember as a gentleman of the old school. David, the eldest son, married Columbia Goodwin.

Sons and daughters of David and Columbia were Harry, also married Amanda Turner; others were my parents, Mary, married Thomas Turner; Joseph married Lee Hill; Frank married Edna; and Edna married Thomas Turner. Also Edna's children married Louise Turner and David, Jr. married Bill Rife.

James Cooley and Julia Auster Cooley were the parents of Henry Nathaniel Cooley who served as county superintendent of Floyd schools for 21 years and taught for 31 years. One of the many things about this campaign I shall remember with pride is that it would emerge from retirement to endorse my fellow brothers and sisters of Floyd are James, Peter, Warren, Heister Ann and Lydia Hester Ann married Clabourne Stephens. She died in May of this year, being 84 years of age. Lydia married James Stephens of Hill, a man who is interesting himself in affairs to improve agriculture in Floyd county.

My David relatives are the sons and daughters and the descendants of the union of Laura Cooley Davidson and Greenville Davidson Joseph II Davidson, who for years was connected with the Bank Josephine, married Anna Loggie of Prestonsburg. My Davidson married Taylor Allen. Judith married Samuel Ketch. Lydia married Samuel Stravita. Nell married Dr. Andrew Jackson May, the Confederate leader, and after his

death re-married to Thomas Wilkerson. Victoria married Judge Edward P. Arnold. My father, Harry Cooley, who died in 1848, married Amanda Turner, a daughter of John and Cynthia Allen Turner. Jobe and Cynthia Turner both died in the year 1826. My brothers and sisters are Jobe Cooley; married Myrtle, a daughter of George Martin, W. W. Cooley, married Leona Cooley, a Floyd county teacher. Oak married Rosetta Osborne, a daughter of J. M. Osborne, Savage married Harriet, a daughter of Dr. J. H. Allen of Maytown. Marie married Chester Allen, a son of General Jackson Allen. Gladys married Johnnie Gearheart. Mable married Charles Hensley. Blanche married Ben Castle. Orville, a brother is unmarried. Ruth, a sister, died unmarried. Ruth, as many remember, was a Floyd county teacher for years.

I married Mildred Stumbo, daughter of John M. and Della Hopkins Stumbo of Harlan. Brothers and sisters of Mildred are: H. "Red" and John M. "Lilburne" both of Harlan, William "Bill" and Peggy Debus.

A I soon in a preceding paragraph my mother was a daughter of Joe and Cynthia Agon Turner. My Turner grandparents were Green Turner and Sally Martin Turner. My grandmother Cynthia Allen Turner was a daughter of Jackson Allen and Susan Gearheart Allen. Jack Turner, a brother to my mother, Amanda, married Laura Allen. They are the parents of V. O. Turner, present county superintendent of schools.

It can be seen from the above history of the Cooley family that I am related to a vast number of Floyd countyans. My people are the Allens, Turners, Martins, Stumbos, Hopkins, Sillsburgs, Davidsons, Spradlins, Stephens, Hicks, Holbrooks, Halls, Little, Welts, Hays, Peters and many others. They have contributed much to good government. They have always been a bulwark to honest government as they are now.

Teacher with my friends and my people in this fight for honest administration and honest enforcement of the law. My friends and my people are the united forces working for Honest Government. I am proud of both United as we are we cannot fail.

Sincerely,  
**JOE H. COOLEY**

**THE LAND JUDGE FORGOT**

Here is a picture of a road out in the land that Judge forgot out on Buffalo Creek. The pictured road begins just off a state improved road, that Judge had nothing to do with, and begins its long, muddy, rocky, twisting and narrow way up Buffalo Creek. It is passable in the summer time and just before the elections for just before election day the county-owned machinery gets busy and grades it a little. They go up with the grader and take the blade up as they come out—they are in such a hurry.

A little boy is fishing in the water hole that Judge Henry Stumbo calls a road. Judge Stumbo was fishing for votes when he promised the people he would do "something for the outlying districts". He is fishing for votes again but it is obvious why he isn't out on Buffalo Creek doing the fishing. People out there have a long memory for promises.

That water hole in the middle of the road is over 100 feet long. When it rains a car will drown out after the water rises. People on Buffalo Creek, who work at Prestonsburg, merchants, farmers and others can't make it to town. Judge forgot. Forget to make good on his promises to aid "people in the outlying districts". He was just fishing, anyway. Fishing for votes.

He is fishing for votes again with the same old promises of roads. If he is elected again the little boys will continue to fish in the middle of the road for Judge will forget. Forget again the "people in the outlying districts".

Jarvis Allen will do something for the roads in this county. He will give us roads and bridges—not mud holes and fish holes in the middle of the road.

**Put Your Car in "Trip-Top" shape!**

You folks who plan a vacation or weekend trip in your Ford will want to make sure it's in good operating condition before leaving. The smart thing to do is have it "traveled" by our own mechanics who will check it for necessary adjustments and for any worn parts that may need replacing.

Don't take a chance on operating troubles that may spoil your holiday.

July 4, 1953.

Mr. DuRan Moore, Clerk  
 Floyd County Court  
 Prestonsburg, Kentucky

Dear DuRan:

I am going to be out of the county for a few days, and I don't want any of your opponents to confuse my friends as to whom I am for in this race for County Court Clerk.

I am for you 100% and I will be working for you until you are nominated August First.

Scores of my friends have already promised me that they will support you and I know they will. I will see many more for you before the election, and I hope they and all the other good people I will not be able to meet will cast their vote for you August First.

Sincerely, your friend,

**Your Next County Attorney—**

**WILL YOU CHOOSE THE OLD OR WILL YOU CHOOSE THE NEW?**

On August 1, 1953 you voters have the chance to write a verdict for HONEST GOVERNMENT in Floyd County. As you hope and work so hard for the best of the county, you will prevail and the "SHEN-NANTIGANS" of the Professional Politicians in the courthouse will be stopped and destroyed.

The first step you must take is the election of a County Attorney who will be honest and able to do the job because I have, can and will continue to fight any and all Corruption in the Courthouse or anywhere else. It constitutes a threat to the interests or welfare of Floyd county.

Thus far in the campaign for the office of County Attorney I am the only candidate who has had the courage of his convictions to tell the voters and show his conviction. I do not believe in "Fussy-footing" around when the interests of my county are involved. I will be successful in obtaining the seat, and I must have a County Attorney who will act at all times for your interests, regardless of what the voters may think. I am not a man in my campaign this far I have measured to you the truth and I will continue to do so.

In an article in the Floyd County Times last week Woodrow Burchett said that he was never offered to pay back said sum after having been sure, to the county. HE HAS NEVER BEEN OFFERED TO PAY BACK THE EXCESS MONEY WHICH IT HAS BEEN ALLEGED HE KEPT TIE UP IN HIS POCKET FOR THE FIRST FIVE OR SIX YEARS HE WAS IN OFFICE. **HAY FEVER**

Hay fever, an affliction of some 2,500,000 Americans, is caused by an allergy, or sensitivity to pollen. Its victims are easy to spot — with their inflamed and running eyes, "stuffed up" noses, and sudden and sometimes prolonged periods of sneezing.

Even victims of mild cases of hay fever are as miserable as they look. Hay fever in a mild form is not a serious illness, although it may cause great discomfort and cut down on the sufferer's sleep and his appetite. Severe hay fever, allowed to go untreated can lead to asthma, a chronic obstruction of the bronchial tubes which produces a hard cough and difficult breathing.

Hay fever in the spring and summer is due to pollen in the air which comes from trees, grasses, and weeds. The hay fever prevalent from about the middle of August until the first frost is usually caused by ragweed pollen.

Anyone who suspects he has or is getting hay fever should see his doctor. While there is no specific cure for hay fever, there are treatments which will make the sufferer more comfortable and help him ward off asthma and other respiratory illnesses to which his hay fever might have made him susceptible.

The doctor will make a thorough study to find out what kind of pollen is causing the trouble. Once it is known, he can advise the victim on avoiding it. He may also give injections of pollen extract to help the person build up resistance to it. These injections, called "desensitization" treatments, are usually most helpful if given before the attack of hay fever.

There are drugs on the market which sometimes relieve hay fever, but they should be used only with the advice and supervision of the doctor, since they can cause painful and, perhaps, harmful reactions.

Many commodities are being stamped out the offending remedy by spraying it with chemicals or cutting it down and burning it. Best results are obtained when weeds are destroyed over a large area, before the seeds mature and are carried about by the wind.

**MAY NOT RAISE PAY**

Frankfort, Ky., July 12 — Assistant Attorney General M. B. Hollifield held that once a fiscal court has established the salary of a county judge for the ensuing term it can not subsequently change the figure to a higher one. However, where the fiscal court failed to establish a salary for the county clerk for acting as clerk of the fiscal court it may make a correction in this respect.

**TO THE VOTERS OF FLOYD COUNTY:**

When I registered for Jaller on the Republican ticket, March 3, 1953, I intended to do my best to see you all. Due to the fact that I teach the veterans of the Second World War, and farm, it may be that I won't have a chance to see all of you. Any support you may give me will be deeply appreciated.

**COUNTY COURT CLERK**

Dear Friends:  
The only unpleasant thing about an election campaign is that everyone can't win. I realize that many times it is necessary to choose between relatives and friends, but we have our duty to God and our country, and my utmost desire is that we make the best of it.

I feel good toward my opponents in this race. I don't want to hurt any of their feelings, or the feelings of their friends.

I promise to always strive to keep my mind and body clean and working to uphold the good that we have in the world, and not for the interests of those things that seek to tear down and destroy. Both in office and out, I have always tried to do all of the good that I could to as many people as I could, and to be honest and kind to everyone.

I believe that you feel that I have been a faithful servant to the people in the County Court Clerk's office. My only obligation is to the people. I will not be obligated to any politician or clique. I have always strived with all my ability to do what was fair and honest and efficient for the good people of our county. I have always felt that the good could be made better, and the better best, that is and will always be my aim.

Kathleen and I have many fine friends and relatives throughout Floyd county. We appreciate your kindness toward us. We realize that the County Court Clerk's office is more important to more people than any other office in the county. Every man and woman in the county will have some business or interest in this office during the next four years. No business could successfully operate, nor a home could be secure without this office being in clean and faithful hands. We have kept your records well and have been faithful and true to the trust that you have put in us.

I have had in my custody in the County Court Clerk's Office all records of your deeds, mortgages, contracts, automobiles and truck licenses and registrations, your registration as a voter, the election boxes and ballots and tabulations, marriages and marriage licenses, sales and transfers, discharges, and various other licenses and records, and a record of all money spent by the County Fiscal Court.

You can readily see the importance of having this office in efficient hands. Every family will have some kind of interest or business in the County Court Clerk's Office in the next four years, and I want each of you to realize that only with your help will it be possible for me to continue to serve you for the next four years, and that if I am nominated and elected the office will still belong to you, yours to give and yours to take away, and so long as you put your confidence in me it will be operated for your benefit and convenience. I have tried to secure and keep the most efficient help.

You can always feel free to come into the Clerk's Office and transact business and visit with us. We will be glad to be of service to you. We have and will continue to save your time and money.

I appreciate the kindness and the courtesy that you have shown me in the past. I am grateful to you all and will always do my very best to make you happy that you have helped me in this election.

If not obligated to someone else I will sincerely appreciate your vote and influence in this race. Please give me your kind consideration.

"Beauty lies in the beholder" ...  
Everyday we are surrounded by beauty, but we will only see and take notice of these wonderful treasures around us ... THEY ARE OURS FOR THE ASKING.

The smell of coffee (because of newly cut grass, the sound of a child's laughter or a bird's song, the feel of a spring rain or a kitten's fur).

It is said "Two men look at through bars ... one saw mud, the other stars." Beauty can be perceived if we don't train ourselves and our attitude to constantly be on the lookout for it. Without it, life is barren ... but with it, man reaches new spiritual heights.

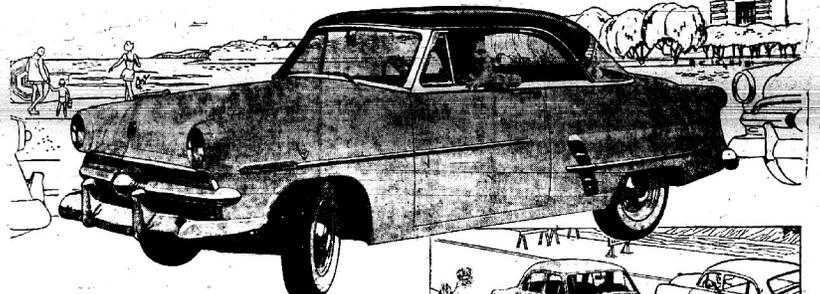

Remember, "beauty is the smile on the earth's face" and it is open to all ... it needs nothing but the eyes to see and the receptive mind to appreciate.

**NOW!**  
**Ford Master-Guide**  
the last word in  
**Power Steering!**

Master-Guide applies hydraulic steering power automatically ... and in varying degrees as required ... right at the steering linkage, close to the wheels. At the same time the system serves as a hydraulic shock absorber to keep road jabs and jolts from your hands. As a result all you do is ... guide the car ... Master-Guide supplies the muscles.

It's the newest in a long list of Ford advancements that make this Ford the outstanding car for '53!

No other car near Ford's price has ever offered you so much!

Ford was the first in its field to bring you V-8 power. Today, Ford alone of all the low-priced cars offers you the smooth, unsurpassed performance of a V-8 engine. And Ford's Six — the most modern in the industry — with Overdrive, won the Grand Sweepstakes in this year's Mobilgas Economy Run.

Ford first brought to the low-price field a completely automatic transmission that combines the smoothness of a torque converter and the gear-saving "go" of automatic gears. Fordomatic remains the most versatile automatic you can buy.

Ford's new "side" brings you road-hugging and bump-less riding qualities never before known in low-priced cars. Front and rear shock alone has been reduced up to 25%.

Easy-setting suspended pedal. Center-Pill Folding and Full-Circle Visibility are just a few of the many important advancements first introduced by Ford.

And now Ford brings you the newest and finest in power steering ... Master-Guide, a system exclusive in Ford's field! It's no wonder, then, that Ford is the "World's Most" car ... worth more when you buy it ... worth more when you sell it.

**HELPS YOU OUT OF "TIGHT SPOTS"** The tougher the going the more Master-Guide works for you. For example, if you go off the pavement onto a soft shoulder or a rough, rutted road, Master-Guide provides the muscles to keep you on a steady course. At the same time, Master-Guide absorbs the shock that might otherwise be transmitted to the steering wheel. You'll find all handling a breeze with Master-Guide and that parking requires only one-fourth the normal effort. Should Master-Guide ever lose its power, the standard steering mechanism will operate just as usual. Thus, Master-Guide provides new ease and stability, with a motor of fool and full security, wherever you may drive.

Test Drive **Ford** with Master-Guide Power Steering!

**MARION MARTIN** FOR CONSTABLE District No. 2

Dear Voters of Magisterial District No. 2:

Having announced my candidacy on the Democratic ticket for Magistrate, Dist. No. 2, I would like to acquaint you with my qualifications and intentions if I am elected. I am the son of Lee Martin of Wayland, Kentucky. I have worked in the coal mines for the past 17 years and am now a member of the United Mine Workers of America and have been for some time. I feel that I am acquainted with the problems of the men, women, boys and girls of this district and will be able to treat them and you in the manner they deserve.

I have been a deputy sheriff for the past 3 years, and no one can say that I have done anything, not in accordance with the law, and I have tried to treat everybody the same. I earnestly solicit your support. You will find my name No. 8 on the ballot.

Thanking you in advance for your votes and influence, and assuring you that I will continue to do the business of the office in such a way and manner that you will have cause to regret having voted for me.

Sincerely,  
**MARION MARTIN**

To The Democratic Voters of Floyd County:

**I, CICERO (C. R.) TAYLOR**, of Martin, Ky., am asking the good voters of this county and the United Mine Workers to elect me JAILER. I am a crippled miner with 7 little children to support and cannot pass examination for work. If elected I will try to make the best jailer Floyd county ever had. I am a member of Local Union 6691, Martin, Ky.

THANK YOU

## TO THE VOTERS OF FLOYD COUNTY

As the campaign in the Sheriff's race progresses it is interesting to follow the platform and promises being made by the various candidates. No promises seem to be too good so long as it might possibly influence a vote. For your consideration in making up your mind as to who will be the next Sheriff of Floyd County, I would like to stress a few points for special consideration:

1. No candidate has promised you anything that common, ordinary honesty would not require of a Sheriff. Most of the promises made are requirements which the Sheriff swears to uphold when taking the oath of office. As for the Constitutional limit, no honest man wants or will ever accept money to which he is not entitled.

2. Every citizen in Floyd County deserves and should have protection provided by the Sheriff's Office in his daily life. Our schools and churches are our most important institutions for promoting the future welfare of our county. They deserve and must have every consideration from the Sheriff's Office. If these freedoms are to be preserved and protected by the boys who are fighting and dying on foreign soil, then, we at home must also start to protect them.

3. Our newspapers have been for several years begging for attention to the lack of industry and jobs in eastern Kentucky. How can we expect new industries to move into a county that continues to promote graft and dishonesty in local political offices? If Floyd County bears the reputation for allowing a Sheriff to collect extra taxes from companies merely by changing figures on a tax bill, how then can we convince outside industries that our county would be a suitable place for new locations? Would you move into a new community if you thought you were going to be "fleece" by crooked politicians? Let's clean up the mess and then we will have something to offer.

4. Can any candidate with a reputation for violence, personal dishonesty, or political graft be depended upon to give you honest administration and fair treatment in the Sheriff's office? Would you entrust the lives and welfare of your family and friends to such men? The Deputies appointed by the Sheriff are the men from whom you will receive or be denied the protection necessary for your families, your property and your homes. It is only natural that any man desiring to do a good job as Sheriff will consult and be guided by the wishes of the people in their respective communities. These Deputies should and must be men who will place the welfare of the community and their fellow man above their own financial gain.

In soliciting your support in the coming election, I can only offer you my reputation—my life as it has been lived. There is nothing outstanding or unusual about it. I have never physically harmed any man and neither have I ever wrongfully taken money, under any circumstances.

That is my offer. Can you ask for more from your next Sheriff?

Sincerely yours,

**HURSHILL WARRENS**

**There's Always Another Beria**

NEWS that Beria, head of the Soviet secret police, is himself a prisoner and probably headed for the chopping block gives every human being who believes in the justice of retribution and the need for evil to fall and good to rise, a feeling that all is not wrong in the world.

But any jubilation on our part arising from the idea that this indicates a weakness in the power that lies behind the Iron Curtain may be unjustified. For this is not an expression of the people such as were the revolts in East Germany and elsewhere in the Red empire; it is a struggle for power, with one man apparently headed toward victory.

If Malenkov purges all his rivals for Stalin's post he will succeed to the full power of Stalin. Then world peace will be at the whim of one man, Malenkov, insofar as official Russia is concerned.

The death of Beria does not eliminate the Oppa, he will find another diabolical genius to handle that job. The world will profit none.

Then we may be merely whistling past the graveyard when we hail Beria's arrest and apparent doom as a hopeful sign. Time will tell. Meanwhile, we can only hope—and pray.

**Everybody Will Benefit**

M. V. CLARK did as he should when, as administrator of the Floyd County Health Department, he temporarily closed the swimming pool at the Boy Scout camp on Dewey Lake. He was right, because he honestly believed the pool was unsafe. The health of the boys means more than any inconvenience or temporary discomfort that may result from his order.

It is encouraging to note that Lonsome Pine Council and the splendid group of men who make its workings so effective have taken steps to make the changes Mr. Clark has so urgently suggested.

**Consider Those Without Cars**

It may be a bit late to surmise about such matters, but we would have liked the location of Prestonsburg's future swimming pool nearer the center of town.

That thought arises when we think of the two youngsters who were drowned here recently. It strikes us that the pool should serve to keep children out of the river and other unsupervised bathing places, and location of the pool some distance outside the usual limits of town will make it more inaccessible to some than the river with its fifth and other dangers.

For those children whose families have cars the swimming pool location is great. But these can go even to David or Paintsville or to the lake, so those to whom transportation comes difficult who must be considered.

Perhaps a solution can be reached later—free transportation for youngsters under the handicap of distance with no auto of their own to carry them, or some such arrangement.

**How Many Will Sign?**

IN Montgomery county the Democratic chairman and the State Senator, along with others interested in honest elections, have devised a plan to assure their county a clean primary.

They have called on all candidates on the ballot there to sign an agreement which pledges them not to spend even one dollar for votes and to serve as watchdogs over the other candidates on election day. All of the candidates, of course, must sign the agreement; otherwise, it isn't binding on those who do.

This is a splendid idea. How many Floyd county candidates would subscribe to it, promise in writing not to spend money and subject their activities to surveillance as a protective measure to other candidates?

This newspaper will be glad to procure a copy of the Montgomery pact as a print, without charge, a copy for each candidate, Democrat and Republican, if enough of the candidates are interested in clean elections, which is a prime requisite to good government.

If some such plan as the Montgomery county agreement is not to be adopted in the county, what then? Shall we forget all the talk we have heard over recent months of good government and go on a sordid vote-buying, vote-selling spree? No—surely.

Then, if Floyd county is not to sink as deep as ever in the political mire, now—if an agreement is not forthcoming—is the time for the Floyd County Good Government Taxpayers League to organize for the job of keeping watch at the polls, and to instruct watchers to maintain their vigil as honest men themselves, without prejudice toward any individual and without favor to any. Let everybody be forewarned. Let all understand what action is proposed at the polls and in the courts.

And let the courts themselves give warning that there will be no clemency for those thus caught in violation of a law which can common decency be enforced.

**"Toodles" Wells Tells What He Stands For As Representative**

**WHAT I STAND FOR:**

1. Skate Park at Dewey Lake with sufficient roads into reservoir area.
2. More state money for the Floyd county road program and legislation designed to insure that Floyd county gets its proper share of state road money.
3. Any legislation leading to harmonious labor-management relations.
4. Increased aid to education in Floyd county, including higher salaries and retirement benefits for Floyd county's teachers.
5. A veteran's bonus.
6. Increased benefits for old age pensioners, needy blind and dependent children.
7. A 7th District legislative organization in the 1954 General Assembly.

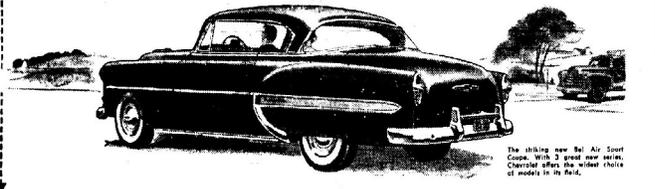

**WHY I AM INTERESTED:**

1. I am a resident of Prestonsburg, am an automobile salesman, and recognize the need for a park, not alone for its value as a recreational center but for the business and money it will bring to our area.
2. Good roads bring tourists, and increase business and general prosperity. Good roads lessen the burdens of school transportation, thus permitting use of funds for bigger and better schools.
3. Eastern Kentucky is the most highly organized by labor of any other section of the country. My father, Sam Wells, has been a coal miner for the past 35 years and for many years has been a member of the United Mine Workers of America.
4. I attended grade and high school in Floyd county's schools. I hold a teaching certificate from Morehead State College. Further, I have refereed and umpired ball games in most of the high schools in Floyd county. Only through a better educational program can we develop trained men and women to lead our section on to prosperity.
5. I am the only World War-II veteran in this race. I feel keenly my obligation to support the veterans of this state.
6. Those unfortunate enough to need these benefits should receive a monthly check sufficient to sustain their needs.
7. Eastern Kentucky can only obtain its rightful share of road money and school money and other benefits to which we are so justly entitled by having all of its representatives and senators standing together as one vote.

than ever!

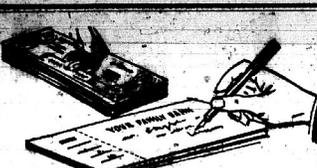

- ... IN POWER AND PERFORMANCE**  
Chevrolet's entirely new 154-h.p. "Blue-Flame" engine (famed with Powerglide) is the most powerful in the low-price field in gear-shift models you get the advanced 108-h.p. "Think-King" engine. Both give brilliant new performance and greater economy.
- ... IN STYLE AND LUXURY**  
The sleek, low-slung beauty of this fine new car provides one more reason for Chevrolet's truly amazing popularity. The new Flamer Body provides roomy luxurious interiors, modern appointments and colorful, fine-fabric upholstery that can be matched only in costlier cars.
- ... IN EASE OF DRIVING**  
Entirely new, Powerglide automatic transmission, with faster getaway and greater economy, eliminates the clutch pedal complexity. And Chevrolet's new Power Steering\* does 80% of the work... less you squeeze in out of tight spaces with wonderful new ease.
- ... IN ECONOMY AND VALUE**  
Chevrolet now brings you the most important gain in gasoline economy in its history. And you save substantial amounts on overall upkeep, too. Yet with all its wonderful new things, Chevrolet remains the lowest priced line in the low-price field!
- ... IN FIRST PLACE POPULARITY**  
Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show Chevrolet over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

### If You Remember...

The old man sat on the river bank watching the rise of the yellow flood. Debris gathered in eddies drifts in the slack water near the bank or swung out into the center current, arose and billowed away on the bosom of the serpentine stream. The steady creep of the water mark up the side of the willows would not slow for hours.

The old man had watched the river in its many moods for a lifetime. He knew it intimately when it was in flood or when the dry spells came and you could wade. When the droughts came you could see the white rocks and mussel shells on the river floor. The river was one of his first recollections. He had waded or swum or fished in it so long that he had no definite remembrance when they had become memories.

Today as he sat on the bank and watched the rising, lurid flood he had a new thought, one that had never occurred to him before. He was growing old but the river was young yet, young and virile with strength. It would, for centuries yet, give life to the thirsty, shrivel with the dry days of summer when the sun baked earth and swallowed all the moisture instead of giving it to the river. The stream would never grow old like him but would live for ages, mightily and strong with long youth.

It is said that we are growing old indeed when we would rather look to the past for soothing remembrance of a by-gone day. It is a way we seek unconsciously. The old man mused and thought of that. Years on the river, with quiet nights and starlit days, with glistening and chaste sunlight on the lapping waves in the bright day, had given him wisdom. It had made him aware that life is best when there is an acceptance of things.

He shook off his remembrances as he walked slowly back to the house. Evening was near and the shadows lengthened. It would soon be night. Things would become still, but the rising stream. It would not sleep, would rise and lap at the willows and murmur in the dark. It was ever young.

Chains down and the overhead of the day before was gone. inmates of the house by the river stirred with the bright day. When they called for the old man he was not in and in panic they searched and soon they followed his tracks to the river's edge. Down near the water and in the willows they were deep and if you stood where the tracks ended at the river bank you could see they were in a straight line from the house on the bank.

The river was not rising anymore. It had ceased to murmur with the burden of water and was calm and quiet.

### KEEP A FRIEND IN OFFICE

At election time the voters are always besieged with charges and counter charges. There are always those that would have you believe that if they were elected all the troubles and tribulations of the world would be wiped out. Mountains can be made out of mole hills, but it takes a lot of dirt. I have an abiding faith in the sound judgment of the voters in Floyd county. It is performance you are looking for—not promises. The following record of performance is submitted for your earnest consideration.

1. I have given good sound legal advice to thousands of people cheerfully and free.
2. My record of accommodations to the public is a source of great pleasure to me. This fact is well known by all the people that have been in my office.
3. During my administration the county debt has been reduced from almost a million dollars to the point where the county can be debt free in two more years.
4. Your tax rate has been reduced 20c on the hundred dollar valuation.
5. I have worked faithfully and unceasingly to improve the road system in the county. I will mention a few of the more important roads that have been built or improved since I have been your County Attorney:

Left Beaver—completed and black topped, Right Beaver—black topped, streets of Martin improved, Right Middle Creek—built and black topped, Prestonburg-David—built and black topped, Middle Creek-Brush Creek—built, Wayland-Steeles Creek—black topped, Wayland-Sizemore—built, Casey-Stephens Branch—built, Big Mud Creek—built, 1 mile black topped, Spurlock—improved, Branham's Creek—built, Clear Creek—black topped, Melvin-Weeksbury and streets of Weeksbury—black topped, Wilson Creek—improved, Brandy Keg—black topped, Cow Creek-Burfall—built, Prater Fork of Brush Creek, Raccoon and Salyers Branch on Salt Lick, Toler Creek—improved, Prater-Little Mud—built, Buckingham-Knott county—built.

Bridges were built at Martin, Estill, Dwale, Tram, Spewing Camp, Buckingham, Jacks Creek, Mink Branch, Arkansas, Prater, Melvin and numerous smaller bridges at various places. Roads ready for construction but not completed: Jacks Creek, Bull Creek—black top, Abbott—black top, Auxler—black top, Stephens Branch—black top.

Other roads have been set up for construction and are in process of being surveyed.

6. Although I have been authorized by law to have an Assistant County Attorney at a salary of \$1800.00 per year, I have never had one. The county has saved \$21,600 on this item.
7. Since I have been County Attorney I have represented the county in all its legal business. It has never been necessary to pay any other attorney one dime, and it has never lost a case of any importance.
8. I have never charged or received one cent for my services that was not allowed by law. Although I have been attacked in the newspapers and in the courts by certain individuals it has never been alleged or proven that I have ever received one penny that I was not entitled to receive. Likewise, I am

### Floyd County Historical Notes

By HENRY P. SCALF

A letter from Eater Frazier, Martin, who is a grandson of William "Buck" Frazier, sets this column straight about Martin's history. It is rather factual and indicates a deep interest in the town's and his family's history. He writes:

"This is to add or give you some correction in regard to your Floyd County Historical Notes on the town of Martin. You state in your Notes that Smalley Crisp was one of the first settlers in the valley where Martin now stands.

"For your information my grandfather, William (Buck) Frazier, was the first settler. He and three brothers came here from Patrick county, Virginia, before this part of the state had a settlement in it and my grandfather took up all the land including Buck's branch that was named for my grandfather and the site that Martin now stands on. . . . They took up homestead or land grants. My grandfather William (Buck) Frazier's homestead or land grant took in all of Buck's Branch except 50 acres on the head of the branch. I believe the Morgan family that came here about the same time took the adjoining grant and the Crisps the adjoining one below where the old Crisp mill stands.

"The Low's, another old settler, cut the big buckeye tree on my grandfather's land on Buck's Branch for the first foundation log that went into the dam. The mill was built by my grandfather Buck Frazier. Later the Crisps acquired the mill. The old buckeye log is still at the mill site.

"My grandfather's old home was built where the Rev. Dick Osborne now lives in the town of Martin. Smalley Crisp came originally from another county and married my aunt Caroline Frazier, Buck Frazier's daughter, and heired part of the farm through his wife. One of the Frazier brothers, George or Lawrence county and settled, one settled on Mud Creek and one on house land. . . . I saw the records at the courthouse in Prestonburg showing where my grandfather came from when he came here and took up his land. . . . It was part of my grandfather's land in Martin."

George Moore's journalistic claim at Martin did some research on the town's early history and a student, Doug Adams, wrote:

"The first settlers to move to Martin were M. L. Preston and Tom Osborne. M. L. Preston owned all of what is now known as "Old Post Office," located across the creek. Tom Osborne owned from the top of New Addition Hill to the Forks of Beaver. The first name given to Martin was Preston Town. It was later changed to Smalley in honor of another Preston Town located in the state. It was changed to Martin in 1918.

"At this time there were two houses, one located near the ball park and the other at the mouth of Ice Plant Hollow. These two settlers moved here for one reason—to farm and raise their families.

"In 1913 one of the greatest things to happen in our community took place. The railroad came through. . . . Another one of Moore's journalism students, Peggy Jo Dingus, interviewed Sam Halbert, the oldest citizen of Martin. He was born in 1868. She writes in her manuscript from what Halbert says:

"What is now the town of Martin was once only a farming section of two houses. I helped plow this land, now covered with houses and business places, for Buck Frazier when I was a young man. His farm house was located where S. D. Osborne's house now is. He went on to say that the only postoffice near here at this time was at the forks of Beaver Creek and was called Alphurite."

### COLLINS OFFERS A PLATFORM

I am campaigning on my merits and my work which has been the training of five or six thousand boys and girls throughout our county during the past thirteen years.

In order to train these boys and girls for a life-long job, I have had to be a teacher, farmer, a laborer and a social worker. Many of these young men and young women have become teachers, lawyers, engineers, farmers, miners, beauticians, morticians, barbers and electricians.

Are you people, the voters, willing for this work to continue? You are thinking people, why not speak up for your rights? The legislature can take away or give you more freedom.

A sound program for Floyd's people would be the following:

1. Repeal of Old Age Lien Law . . . . .
2. Establish a Floyd county tobacco base.
3. Increased Workmen's Compensation.
4. Development of new industries in Floyd county.
5. Free medical treatment for cancer and tubercular patients.
6. Increased salaries for teachers and repeal of Section 186 of our Constitution.
7. A bonus for the veterans.

I am soliciting your vote on August First. I promise you people in Floyd county that I will support the legislation that will make our county and state more progressive.

Sincerely,  
OLYSSES S. COLLINS

### HALE For COUNTY CLERK

#### PROMISES FULFILLED AS STATE REPRESENTATIVE

1. I have during 3 terms (6 years) as your State Representative worked incessantly for more and better roads for Floyd county.
2. I have supported all legislation tending to increase the lot of the working man, including increased workmen's compensation and unemployment insurance, and the enactment of mine safety legislation.
3. I have at all times worked for and supported increased teacher salaries, and an increased budget for education. I have supported increases in teacher retirement payments.
4. I have worked for increased aid to the old aged, needy blind and dependent children. I have worked for defeat of the old age lien law.
5. I sponsored the bill in the 1932 legislature authorizing the granting of a duplicate fishing and hunting license.
6. I sponsored a bill, that became law, requiring gas consumers to buy gas to landowners. Many of you burn gas because of this law.

#### MY PLATFORM AS YOUR COUNTY COURT CLERK

1. I shall at all times run the office of Clerk as efficiently and conscientiously as I am capable of doing, and shall be personally available at all times, day or night, to serve you.
2. A photostat machine will be obtained for the Clerk's office so that your deeds and other official papers can be photographed and recorded exactly as they are, and also saving Floyd county considerable clerical assistance in this office.
3. In addition to other necessary office help, I shall employ at least one full-time stenographer completely available to the general public to serve your need in any official business you may have in the court-house.
4. I shall claim and accept only those fees which are authorized by law, and will make an annual public accounting to the people of Floyd county.

## Said Here on July 8

Mr. and Mrs. William Young are announcing the marriage of their daughter, Betty Ruth, to Mr. Alex R. Patton, son of Mrs. Della Patton, of Emma, Ky. The single-ring ceremony was performed by the Rev. Vernon Wright on Wednesday, July 8, at 2 p. m. at the home of the bride's parents on Highland avenue. Preceding the ceremony nuptial music was played by Mrs. D. S. Meier, whose selections included "O Promise Me" and Lehmann's "Wedding March." The bride, given in marriage by her father, was attended by Miss Nancy Carol Patton, sister of the groom, as maid of honor. Mr. Eugene Gardner served as best man.

The bride wore a white eyelid-enclosed organza, bullet length, with white hat and lavender veil. Her only jewelry was a pearl necklace. Her corsage was of pink roses. The maid of honor was garbed in blue organza, ball-length, with white accessories. She wore blue carnations in her corsage.

Immediately following the ceremony a reception was held. The dining room was decorated with summer flowers and the lace-covered refreshment table was centered with white flowers flanked by low candlesticks with white candles. Presiding at the punch bowl was Mrs. C. E. Whalen. Assisting with refreshments were Mrs. Robert Wallace and Mrs. James Donohue. About fifty guests were present.

Out-of-town guests were: Mr. and Mrs. Chester Patton, of David, Mr. and Mrs. Virgil Daniels, Atlanta, Ga.; Mrs. C. E. Whalen, Lexington, Ky. After a brief honeymoon in the Great Smoky Mountains and a stay at Chattanooga, Tenn., they returned to Prestonburg, Ohio, where they will reside.

Both Mr. and Mrs. Patton are graduates of Prestonsburg high school. Mrs. Patton will graduate from Mayo Business College soon.

Five young Floyd countians completed the teachers course at Pikeville Junior College at the end of the first summer term there. They are among 22 students, from five Eastern Kentucky counties, who finished the two-year course leading to the provisional elementary certificate, Dr. A. A. Page, college president, said.

Some 40 men and women, most of them former "energy" teachers, are expected to qualify for the certificate in the two five-week terms of summer school at Pikeville. They will be among the last persons to earn the teachers' permit in two years, since requirements will be raised Sept. 1 to include four years of college work, Dr. Page said.

The Floyd county teachers who earned their certificates at Pikeville are Kenneth Burchett, Ivel, Maggie Howell, Teaberry, Agnes Ann Tackett, Betsy Layne, and Orville B. McGuire and Mrs. Letha Little, both of Prestonsburg.

In Trimble county, it was estimated that 20,000 crates of strawberries would be marketed.

**MARTIN**

By Betty Preflatish  
Mrs. Florence Crisp is suffering from a leg ailment. She will go to Pikeville, Tuesday of this week, to consult a doctor.

Those who attended the wedding of Lizzie Hill at her home here Sunday, The Van Hooes are former residents of Martin.

Mrs. E. Bone, of Martin, her daughter and children, of Payne, Ohio, were visiting Mrs. Bee Hayes, of Betsy Layne, and Mrs. R. C. Dyer, of Allen, last week.

Mr. and Mrs. W. E. Gilson, of Ashland, spent the Fourth of July week-end here, guests of Mr. and Mrs. S. D. Dermont.

Cpl. Eugene Martin, of Engers, Ky., was a business visitor in Martin during a recent furlough home from Air Force.

Pfc. Dossom Sammons, of near Martin, is spending a furlough home with his parents. He is stationed in Texas.

Jewell Hunter has purchased the home where she has been living for several years, from her father and brother-in-law, Mrs. and Mrs. C. C. Hunter.

Cpl. James M. Crisp has been spending a furlough at home. He has been in Korea for the past 16 months. He will now be stationed at Fort Knox, Ky. On June 30th Cpl. Crisp and Miss Dora Mae Robinson were married. Mrs. Crisp is the daughter of Mr. and Mrs. Taulie Robinson, of near Martin.

Mr. and Mrs. Harold Duff and Mrs. Nell, of Danson, Pa., were the week-end guests of Mr. and Mrs. Bert Van Horn. This is the first time the old friends had seen each other in nine years.

Mr. and Mrs. Emer Wolverton and her sister, Mrs. Mable, have been spending a vacation in Chicago, Ill.

Mrs. Pearl Mayo gave a Jewelry showing to the Stagers luncheon here Friday.

Lindsay Skeans, of Pulers, Ky., was a business visitor in Martin.

Mrs. Forrest Dudley, Florence Biller and Mrs. Mary Skeans were visiting relatives in Perry and surrounding area week.

Quoting from boys in the service: J. B. Carr, of the Navy, writes home: "This is the desert called Norman, Oklahoma. All I have to say for it is, 'Why don't they give it to the Indians?' Most people have heard of the land of milk and honey. Well, this is the land of burning hot sun, sand and horned lizards. Sometimes the lizards scold as the rest of the world and tries to get even by burning hell out of Oklahoma. I haven't been here long but I sure know how a roast duck feels..."

Martin Sgt. Harry Gene Preflatish writes from Barber's Point, Hawaii: "Fourth of July '53 will be everything is going on in Martin. Nothing in suits out place. I had dinner last evening with a Master Sgt. and his wife from Missouri. They had corn bread and beans! Honest, I stuffed myself..."

Billy Stith, from Fort Worth, Texas, writes: "I was glad to hear from you this past week! Yours was the only letter I've received in two whole weeks and I guess I've read it a dozen times or more..."

Cpl. O. L. Sisco, from Mineral Wells, Texas, writes: "Well, the 15th of the month I'm moving out so to Floyd. From here I'll go 800 miles from the coast of Florida to the Bahama Islands for four months. I'll be back by Dec. 1. I hope to be home for Christmas. Then I'll have two more months to go..."

Martin Sgt. Donald Holt writes from Korea: "We are short of personnel now, so I'm trying to hold down three jobs at once and don't seem to be doing too good at it. Cooper looks like a good CPT and he's also doing his own. The job I'm doing is requisitive, stock status cards, and the 8th Section, so as to Floyd why I, as well as the others, stay busy."

**Citizens Point Up the Facts**

We Citizens and Taxpayers of this county, were greatly surprised to read in the FLOYD COUNTY TIMES a political ad written by the County Judge which apparently was designed to mislead the voters of this county.

The Judge pointed out certain state-constructed Rural Highways that had been built during his term of office but he did not tell you that these roads had ALREADY BEEN APPROVED, SURVEYED, and CONTRACTS LET on many of them BEFORE HE TOOK OFFICE in January, 1950.

COMPARE THESE FACTS WITH THE JUDGE'S ADVERTISEMENT!

1. He listed the HAROLD-LIGON-HI-HAT ROAD. That road had been approved, surveyed, and was advertised for bids on construction in September, of 1949. (See FLOYD COUNTY TIMES, Page 1, September 8, 1949.)
2. He lists the DAVID-BRUSH CREEK ROAD. Yes, this is the road often referred to as the JARVIS ALLEN HIGHWAY because JARVIS ALLEN fought so hard for its construction. It had been APPROVED, SURVEYED, and much of the right-of-way secured in 1949.
3. He listed the CANEY-STEPHENS BRANCH ROAD. That road, too, had been approved and surveyed before the Judge took office.
4. SIZEMORE BRANCH-WAYLAND ROAD. This road had also been approved and surveyed prior to January 1, 1950.

With reference to the last two roads there appeared in THE FLOYD COUNTY TIMES of August 31, 1950, the following news item:

"Rural Highway Commissioner Emerson 'Doc' Beauchamp last week promised Former County Clerk Jarvis Allen that the Caney-Stephens Branch Road and the Wayland-Sizemore road will be let to contract within the next few days."

Citizens of this county, we believe you are entitled to the facts concerning your road program and if you should check the record you will learn that JARVIS ALLEN did as much, or more, than any other person in securing the above roads. He was a special friend of the governor and made trips to Frankfort everytime the other county officials went, and made numerous trips alone fighting for road improvement in this county.

In addition to the above roads the Judge lists certain roads for improvement or Blacktop Surveys.

This improvement takes no effort on the part of county officials since it is the policy of the state to blacktop the rural highways as soon as practicable after construction since it is cheaper to blacktop a road than to maintain a gravel road.

He says the contract has been let on the Jacks' Creek Road and we wonder why so late???

The JACKS' CREEK ROAD was approved for construction in 1949. It was stated in an ad in the FLOYD COUNTY TIMES of July 28, 1949, that a State Highway map was available for inspection in the County Judge's office showing that the JACKS' CREEK ROAD had been approved for construction.

Yes, Judge, we wonder what has happened to our rural road program in the last 3 1/2 years. We are still paying the gasoline tax but WHERE is it going?

How many roads were built in 1951?

How many were built in 1952?

The Judge also boasts of his county-road work done with YOUR TAX MONEY. He lists numerous roads up the creeks of this county but the total mileage is approximately 15 1/2 miles. Some of these roads were done in a period of two days with the county equipment, with the citizens furnishing much of the work at their own expense.

With the men employed by the county at the taxpayers expense on a monthly salary and the equipment owned by the county the total mileage of roads COULD have been done in a period of 2 or 3 months. What have they been doing the rest of the time, Judge? WE KNOW, WE ARE NOT BLIND. You say in your article that you are satisfied with their work but WE ARE NOT and YOU WOULDN'T BE EITHER IF YOU WERE PAYING THE BILL.

How many of your relatives are you working or keeping on the county payroll?

You say that the equipment has not been used for private persons but we hear different. You would probably tell the people that you have built no PRIVATE ROADS and BRIDGES in the last year but we know you have.

You listed a bridge you have built across Beaver at SPWING CAMP but that bridge was ADVERTISED FOR BIDS in the FLOYD COUNTY TIMES of July 21, 1949.

Judge, you can't keep fooling the people. They are smarter than you think. Four years ago you promised a road up practically every creek in this county and the majority are still waiting. You promised bridges that have not been built and blacktop that has not been poured and NOW YOU'RE AT THE SAME OLD GAME OF PROMISING.

We know who has been our friend and who will continue to be so. He has never lied to us and is not now doing so. He is not a "politician" but a True Friend To All. He fought for us during World War II and becoming disabled he returned to a life of public service in which he HAS CONTINUED TO FIGHT for improvement in this county since that time.

We feel that it is to the best interests of all taxpayers and citizens of this county to LOOK TO THE FACTS and to their own welfare and to ELECT JARVIS ALLEN, County Judge.

**Rural Dixie Has Her Face Lifted!**

Soil conservation is changing Dixie's face — bringing life to wornout soils, making better crops and pastures.

Part of this changing picture are those rural telephone lines you see along the fields and highways. They're bringing new convenience to farm work and living. Over half a million rural homes now have Southern Bell phones and about 6000 more are being added each month.

That's the kind of progress you can see—all over growing, prosperous Dixie!

To the Voters of Floyd County:

It has been circulated among the voters of Floyd county by some of my opponents that certain county officials are backing me in this campaign, and, if elected, those officials will control the office.

I want to inform my friends and the voters that this is a malicious untruth. No one has ever given me one cent on my campaign, and no one ever influenced me to announce for jailer. If elected, I will be at the jail at all times with my helpers, seeing that the prisoners are treated as I, myself, would like to be treated, and to give courteous and considerate treatment to prisoners' relatives and friends.

I lost my eyeght the result of an accident while hunting. I have no income other than my little "sland" here in the courthouse. Prior to my unfortunate accident, I was employed as coal leader by Pike-Floyd Coal Co., Betsy Layne.

I do not want pity, but do need your sympathy and help for a better living. I am self supporting and want to continue being so. I firmly believe that God will help those who help themselves.

I have lived in the basement of the jail for the last seven years, and during that time, have closely observed the duties and responsibilities of a jailer. Therefore, have all the confidence in the world that I can efficiently and lawfully operate the jail as good or better than any previous jailer. If elected, I will kindly accept any reasonable advice, but I will be the jailer, and not be dictated to by any individual.

**YOUR VOTE AND SUPPORT WILL BE GREATLY APPRECIATED.**

My position on the ballot is No. 17.

WOMAN'S CLUB MEET

The Betsy Layne Woman's Club held its regular monthly meeting, June 26 at the home of Mrs. Glenn Blackburn. The program was in the Youth Conservation department with Mrs. Jesse Elliott, leader, with a topic entitled, "Youth Takes a Program on the current issues of Reader's Digest, citing what was done by the Minneapolis Woman's Club, secure summer jobs for teen-agers, thereby cutting down on juvenile delinquency and teaching teenagers responsibility to themselves and to the public. She also gave an account of a handicapped boy who borrowed time to help others who were handicapped, by creating jobs for them and influencing others to hire the handicapped. She concluded her program by reading, "Was a Hero Kid," pointing out how our public school teachers can influence our children to better their condition through education.

The president, Mrs. Beecher Hardwick, presided at the business session. A citation from the Treasury department for the club's help in the Savings Bond campaign in Kentucky was read, and also a card from Mrs. T. C. Carroll, Commandant of the American Cancer Society, thanking the club for volunteer work in the interest of cancer control.

Mrs. W. P. Howell was appointed the club's representative to serve on the "Old Scout" Camp finance drive.

The next regular meeting will be held Thursday night, July 16, at the home of Mrs. C. H. Dickerson with Mrs. O. J. Williams, program leader.

TO THE TEACHERS OF FLOYD COUNTY:

I, as a teacher of Floyd county, want to ask you to vote for my brother, Milford "Toodles" Wells, for Representative. Since he has prepared himself for the teaching profession, he is aware of the many problems that we have. Due to the low salaries of the teaching profession, he has been forced to seek employment elsewhere. He is in favor of changing Section 186 of the Constitution so that the standards of education can be raised. **TO THE VOTERS:**

You voters will be reading and hearing rumors of every kind being circulated and passed along by "would-be" goodwill fellows who seemingly just heard the latest and always add: "if true this is bad," and act as though they are sorry that such "stories" are out on the named candidate.

Just as a warning to any of my friends and supporters, I want the people to understand that I have not and will not stoop to any tactics that would defame the name of either of my opponents in this race. I want and ask that none of my friends and supporters in their soliciting of your vote to cast any reflections on either of my opponents. I, of course, appreciate the help and support of all the people and since I have been before you as a candidate for this same office four years ago, I am sure you know me well enough to not let any rumor, or misrepresentation, or false propaganda slacken your fight in this race, which is a fight for the betterment of all Floyd county.

It will be rumored from time to time that I am favoring this or that candidate in other races, but stop and consider how ridiculous this would be if you were a candidate. I am making my own race and want all the help I can from every source but will not play one candidate against another by promises and falsehood.

I will conduct the office of Sheriff in the same manner which I am conducting my campaign, by hard work and strictly attending to business. My deputies will not be fellows who want to be sworn in as deputies in order to have the right to carry a pistol in his "hip pocket," but will be good, moral, upright citizens interested in doing the job of law-enforcement in every respect, selected from your community; they will be instructed to protect the rights of the rich and poor alike and be at all public places of worship, school gatherings for public entertainment, and to serve promptly all criminal processes in any court of the county without regard to any fee.

I have lived in Floyd county all my life and all my ways of living among my fellow men are well-known by all and if either of my opponents have any facts detrimental to my reputation other than a citizen who believes in good morals, good government and fair play in all dealings with his fellow man, then I ask only that such report be given to the public in writing by either opponent with his signature attached and not by any rumor or rumors passed along by these so-called "goodwill fellows".

My opponents have also lived among us for years and their reputation and acts are well known to most all the people and I have nothing to add to or take away from this reputation.

I ask my friends, relatives and supporters to keep up the good work being done by them until the polls close on August 1st.

Your friend,

Seems as though we're gonna have to get into print again, since the candidates have crowded out everything else! It was interesting to watch them on the day of the Cooley funeral service at the old home place near Midas. Everybody who is anybody must have been there, free and free alike, and all had equal chance. Some beautiful wives and other relatives were making hay while the sun shined, once the preaching ended. Undoubtedly the prettiest girl on the yard was Winnie Sue Cooley, young daughter of Mr. and Mrs. W. W. Cooley, of Prestonsburg.

The old Cooley home place is always fascinating, because it is such a lovely site for a home. The ties of that family are strong and the food was delicious, perfectly seasoned, though prepared in enormous quantities. It is hard to believe a mere handful of women could fix so much in two days.

A good many years ago we noticed a public official, who should have been preventing such, in the town of "Things" where votes were being bought. Several days later, he voluntarily remarked to us that he'd never buy another of those at his back their self respect after such experience, but usually it is rather unobtainable.

One thing is becoming more apparent in our elections—namely, that more people are voting for the man, rather than for his banknotes. More of us are interested in who you are, what you have done, how you live, etc. than in who your relatives are for generations. The school is to church and Sunday School or only near election time? Are you civic-minded? To what extent? When have you done to make your community a better place? Everyone can list a long string of relatives on both sides of the house, but it is difficult to understand why that results someone to a vote, though blood is thicker than water!

Perhaps Rex and Virginia will discuss this sometime. Have you heard that team on WERT? People are talking about their comments concerning Floyd county. They dish it out straight from the shoulder. We can like it or leave it. But many are praising them. So far we have not been privileged to hear the two, and have no idea who Virginia is. If it is Virginia Short, then she will be a humdinger, for she is one of the smarter business women in the county, and decidedly civic-minded. We have known Rex O'Connell most of his life. He is a grand person and comes from a family who have been for progress for generations, on both sides of the house. It is truly a good sign when our own young people take a cool appraisal of our county and calmly point out its needs, and flaws and defects, pulling for changes that must come before we realize certain goals that are desired.

**STUDY SHOWS CITIZENS WANT BETTER SCHOOLS**

Kentuckians favor increased educational opportunities for their children, financed by both local and state governments, according to a study completed this week by the Legislative Research Commission's Advisory Committee on Educational Policy.

The committee was headed by Superintendent of Public Instruction Wendell P. Butler and included as members Dr. Lyman Ginger, Lexington; John Fred Williams, Ashland; Richard Van Rose and Wendell Howard, Louisville; H. Fred Wilkie, Indianapolis; Dr. R. B. Alwood, Frankfort; J. B. Devesse, Mayfield; Burd St. Clair, Falls of Rough; Mrs. James Sheehan, Danville; Harry King Lowman, Ashland; and James W. Lambert, Mount Vernon.

The study, based on data compiled from more than 5,000 members of local committees, proposed that all children in school districts be assured at least a "defensible foundation level of educational services" and concluded that Kentuckians are "willing to support a sound, equitable school program if basic funds are necessary to achieve that end."

Twenty-one counties in the U. S. increased their annual production of bituminous coal from 2 to 9 million tons since 1940.

The two top bituminous coal producing counties in the nation, Logan and McDowell, are in West Virginia.

A coal man—R. L. Bowditch, President of C. R. Sprague & Son, of Boston—is President of the U. S. Chamber of Commerce.

In the eastern half of the U. S., Illinois leads the states with the highest reserves of bituminous coal—more than 163 billion tons.

Mr. O'Neil's office is in other places in the county: Harlanburg, Post Office Building, Thursday, July 10, 9 to 3; and Martin, Beaver Barrens, Thursday, p. m. same day.

West Virginia has 13 of the total of 50 U. S. coal mines with a yearly output of more than one million tons each.

### BLADES OF BLUEGRASS

By BOB FORD

LEITCHFIELD, Ky. — Do you get the shivers over snakes? Do you sit at home on hot summer days when you could be out a-plinking for fear you might meet up with one of the newly hatched ones?

Dr. William Ray Allen of the University of Kentucky Zoology Department has some words of comfort for those who are "scared to death" of snakes. For one thing, the alien poisons out, less than one person in 10 million dies of snake bites in this country each year. Unless you live a barbaric existence in a swampland or other section where rattlesnakes are especially abundant, you can expect to live for several million years if you could live so long—before meeting a snake destined to take your life.

Kentucky has only three poisonous snakes: the rattlesnake, the copperhead, and the water moccasin (cottonmouth). They can be told apart by marks on their distinctive markings: a pit on the head between the eyes and nostrils; a flat, triangular head with "hood" blanketing the top; and the upper jaw and the scales under the tail divided down the middle to form a stinging net.

If you are bitten by a green snake, rattlesnake, blacksnake, water snake, or other non-venomous snake, simply treat the wound as you would the bite of a cat or dog. Do not apply suction.

If you are stung by a scorpion or dog, or bitten by a rattlesnake, copperhead or water moccasin, you should do the following: (1) Get to work early; (2) send for a doctor; (3) apply a tourniquet so as to cut off the blood supply completely from the bitten part; (4) if you have a razor, use it to cut the area of the bite; and (5) let whiskey, which denotes what you may have heard to the contrary.

A snake rarely strikes above the knee. It does not have to coil to strike; by coiling, it is able to reach farther and higher. A rattlesnake usually strikes before striking, but if stopped on or about to be stepped on it does not take time to strike.

Now what do you say to having a picnic?

### RULING GIVEN

Frankfort, Ky., July 13 — A 15-year-old girl may not be regularly employed as a theatrical performer without the employer being subjected to prosecution for employment of minors without authority. It was ruled by Assistant Attorney General H. D. Reed, Jr.

He advised the Department of Industrial Relations that the Louisville Amphitheatre could not legally employ as regular help a 15-year-old girl. Casual employment of minors, however, had been previously approved.

# TROY B. STURGILL for SHERIFF

## THE SAME FRIEND EVERY DAY

### TO THE VOTERS OF FLOYD COUNTY

While going over the county discussing my race for Sheriff and law enforcement, I have found various opinions by different people—Which law should be enforced? Which law is most violated? Which violation is most detrimental to the people?

It is the duty of the Sheriff, who is the chief law enforcement officer, to enforce all laws. The Sheriff and his deputies must be ready at all times to protect the health, welfare and morals of all our citizens, to be ready at all times to protect the schools, churches, and homes of all our people, whether it be on a rough road or in town. All people are entitled and should have equal protection by the law. I gave this service for more than six years. To accomplish this and have fair, sensible, sober law enforcement, the Sheriff needs the support and cooperation of all citizens. It has been said by one of the outstanding jurists of Kentucky: that a county will have the kind of law enforcement it supports. The kind of law enforcement you have depends upon the efforts you put forth in assisting your law enforcement officers.

There are too many violations for me to discuss in detail. I will discuss the one that is the most dangerous, most damaging and most violated—THE TRAFFIC LAWS. Do you know that in the state of Kentucky nearly 400 men, women and children have lost their lives, while hundreds of others have been mangled and crippled for life during this year, 1958? Do you know that more people lose their lives annually from traffic accidents than any other cause? Isn't this the most dangerous and damaging violation—Drunk, reckless driving of motor vehicles? How can it be stopped? Here is the answer given from a study of the National Sheriffs Association—Strict, rigid enforcement of the traffic laws by law enforcement officers of our nation—Extreme penalties given by the courts of our country, I suggest that if this is done in Floyd County—give the full penalty of our law—revocation of driver's license and jail sentence and fine for the offender, we will soon stop most of this reckless, drunken driving. Of course, we have had and will continue to have accidents which are wholly unavoidable.

I promise you that when elected Sheriff, I will, together with my entire force, strictly enforce this law.

Your Friend,

TROY B. STURGILL

(Pol. Adv.)

### ACT UPHELD

Frankfort, Ky., July 8 — The Court of Appeals upheld the 1949 legislative act requiring candidates for county tax commissioner to pass written examinations given by the State Department of Revenue before their names may appear on the ballots. The Franklin Circuit Court had held the statute failed to prescribe proper standards for the examinations. The Appellate Court upset the lower court's decision.

America's production of bituminous coal last year would make a wall 22 feet high and 10 feet thick, entirely surrounding the boundaries of the U. S.

### FOR SHERIFF SCOTT COMPTON of Alpheretia, Ky.

I hereby announce myself for Sheriff in the Republican primary Aug. 1. I have been a coal miner for 33 years and also a deputy sheriff of this county for 11 years. I have not shot or killed anyone, nor have I beat up anyone. I am the son of John Compton and Ida Hall Compton of M. U. D. Creek. She was the daughter of Scott Hall. Your vote will be appreciated.

## TAX COMMISSIONER

FRIENDS, most of you know me and you know MY RECORD. My grandfathers were Jake (J. P.) Akers and Alamander (SCOUT) Martin.

I have spent a good part of my life in school. I received elementary education on LEFT BEAVER of Floyd county, then I attended the CANEY CREEK COMMUNITY CENTER at PIPPAPASS, KY., where I completed two years of COLLEGE. In the year 1935 I graduated from college at Morehead, Ky.

Fifteen years of my life was spent as a HIGH SCHOOL TEACHER and ATHLETIC COACH. During the summer months of that time I worked as a MINER and a FARMER to further the education and support of my wife, three boys and daughter.

It has been a pleasure to have served you as TAX COMMISSIONER. I have tried hard to be FAIR, EFFICIENT, HONEST and ACCOMMODATING.

My record as a SCHOOL TEACHER, a CITIZEN and as your TAX COMMISSIONER is OPEN to all taxpayers, voters and citizens of Floyd county.

It will be my policy in the future as in the past to maintain SOUND and EQUITABLE PROPERTY ASSESSMENTS BASED UPON LOCAL CONDITIONS and I will be AGAINST "UNFAIR BLANKET RAISES".

If my record meets your approval I believe you will agree that I have the right to solicit your support August 1st.

YOURS FOR A BETTER FLOYD COUNTY,

CLIVE AKERS
