Why Carry 2 to 3 tons of wash a year?

It seems unbelievable but it's true. If you do between 5 and 7 wash loads a week then you carry 4000 to 6000 pounds of wash a year. And carrying is only part of the hard work. You lift, you bend, you stretch—and for what?

Without hardly doing a thing you can get your wash dried easier, better and faster. How? With an electric clothes dryer, of course. Now you can dry clothes day or night in any kind of weather simply by turning a dial.

No soot can dirty them, no sun can fade them, no wind can damage them. Ask your dealer for a free demonstration of the electric clothes dryer.

AMENDMENT IS ENDORSED

Wetherby Urges Change in State Constitution; Repeal of Sec. 186 Urged

Kentucky voters were urged last week by Gov. Lawrence Wetherby to change the state constitution, as the legislature can adopt a new system for distributing the common school fund.

"There are disgraceful inequities resulting from the present method of distributing state school aid," Wetherby declared. His added: "Despite increases in the school fund, our school system remains static."

"Therefore I endorse the amendment of Section 186 of the State Constitution and urge its passage on November 3."

The Governor issued this policy statement after a 40-minute meeting with leading educators on October 9. In it he outlined the position of his state administration.

Passage of the proposed amendment in the general elections, Wetherby said, "will allow the legislature, guided by adult interest from laymen and educators, to devise another method of allocating school funds."

The Governor said, "I urge all Kentuckians to have confidence and respect for the individuals who are elected to the legislature and to all other elected officials who will assume the responsibilities of developing a formula for the distribution of the common school fund when Section 186 has been repealed."

Wetherby's statement on what he will recommend followed generally what the State Advisory Committee on Educational Policy urged that the 1954 Legislature should do for education.

Mrs. Stanley Meyers of Bath county has set a record by refurnishing 42 pieces of furniture in her home.

Methodist Revival Date Set for Oct. 23-Nov. 1

The Prestonsburg Methodist Church will participate in an area-wide revival, October 23-November 1, according to the Rev. Harold W. Dorey, pastor. The local congregation is one of the many hundreds of Methodist churches sharing in this program, which is under the general chairmanship of Bishop W. T. Watkins of the Louisville area. The Rev. L. G. Jacobs of the General Board of Evangelism of the Methodist Church, Nashville, is the executive director of the movement.

Spiritual life visitors are being recruited from the local congregation to call on the membership of the church during the week of the revival. The local pastor will have the assistance of a visiting Methodist minister from another district, who will help him in directing the local campaign and in conducting evening preaching services during the last phase of the revival.

The Prestonsburg Methodist Church has been chosen as the meeting place for the ministers of this area to meet daily during the mornings of this revival. These periods are in the afternoon, the program of the Revival Life Revival in preaching and visitation to be held in the participating churches each evening.

every one completing training in the United States. N. D. Howard, general manager at Wayland of the EIA Horn Coal Corporation, emphasized the point that there are always scholarships in engineering that are never used and can be made available to qualified students. Redford Damon, of Pikeville College, urged those interested in teaching to observe such students of a good teacher as patience, tolerance and kindness before entering the profession.

B. Price and Charles Clark, principals, respectively, of the Wayland and Garrett high schools, commended the Woman's Club for its foresight in affording the youth of the area served by the club an opportunity to plan or begin a career now.

The students broke up into separate groups according to professional interests, with a consultant in charge of each group, as follows:

Law—Helle Conley, engineering—N. D. Howard, George E. Evans Jr. and University of Kentucky speakers: business—Farris Johnson, teaching—Redford Damon; agriculture—John Campbell of Farmington; medicine—Dr. C. B. Ison.

Welfare—Mrs. C. B. Ison.

Corps of Engineers for a park on the west side of the lake extending all the way from the dam itself to the dock, a distance of about five miles.

It was informed by Mr. Ward in a letter last week to John Gainey Newman, Paintsville, president of the Dewey Lake State Park Association, that an early step after purchase of the dock may be connection of the dam with the dock area by highway. This could mean a scenic drive along the west shore of the impoundment. "Complete development of the proposed state park," the commissioner wrote the Paintsville man, "will depend to a large extent upon the building of roads to give access to the dam and the area along the lake between the dam and the Brandy Keg tourist dock."

The Dewey Lake State Park Association directors who have been in contact with state officials on the park include W. W. Burdette and R. V. May, of Floyd county; William A. Johnson, of Johnson county; Frank Crum, Martin county; and B. P. Bogardus, Pike county.

DO YOU WANT FOUR MORE YEARS WITH THE 3 B's

In my all-out effort to make clear the issues of this campaign, I feel it necessary to remind the good people of Floyd county of a few facts admitted even by my opponent.

First: He informed you through the medium of this newspaper that he has promised two of Banner Hoade's present deputies jobs if he is elected. One of these being Bev Sturgill. Now, I have nothing personal against Mr. Sturgill. He has played a very important part in law enforcement, or the lack of it, in this county for the past four years. He has a record and you are the judge. Personally, I am not proud of it and will terminate his employment upon taking office, Jan. 1, 1954.

Banner, our present Sheriff, admits that he supported my opponent in the primary and is actively campaigning for him today. Then it's only fair to ask—"Where will Banner be if my opponent should win?"

Do you want to be stuck for four more years with the 3B's—Banner, Bev and Bill? Again I promise you four years of law enforcement with an administration brand-new in all its parts.

She was married to Jack Hale in 1880 and he preceded her in death in 1942. She was a member of the Church of Christ and resided in this county her entire life.

Surviving sons and daughters are Malcolm Hale, Amba, Matt, Sam and John Hale, Harold, Mrs. Flossie Hamilton, Harold, Mrs. Bessie Hale, Amba. Grandchildren reared by Mrs. Hale who survive are: Gene Hale and Mrs. Mary Allen Harold; Glenn Hale, Homan; Miss Barbara Hale, Anna.

Funeral rites were conducted at the Church of Christ on Toler Creek, the Rev. Henry Parsons officiating. Burial followed in the Gearheart cemetery under the direction of Baker Funeral Home, Pikeville.

FUNDS FOR POLIO FIGHT RECEIVED

Ray Howard, chairman Floyd county chapter, National Foundation for Infantile Paralysis, receives a check for \$5,000 from the Times Foundation to apply on the expenses of the local chapter, standing with him is Glenn Anderson, vice-chairman.

"We spent approximately \$24,000 on inflexible paralytics in this county this year," said Ray Howard, chairman of the local chapter National Foundation for Infantile Paralysis. "Some of the cases requiring aid go back to year before last," he added.

Since the drive for funds last year netted approximately \$62,000, one-half was turned over to the National Foundation. This makes for the local chapter eligible for loans light," he emphasized.

In cases of need. The recent check for \$5,000 received is only one of a series the National Foundation has granted Floyd county this year.

"We are in debt some yet," Howard stated. "With a successful drive in January we will gradually become in better financial condition due to the probable lesser number of cases we may have. The need for funds is urgent though, and there must be no lessening of the local chapter eligible for loans light," he emphasized.

CRITICISM OF STATE PARKS ANSWERED BY W. P. CURLIN

Frankfort Ky., Oct. 12—Criticism against the state's highway and park systems by a former highway employee has been refuted briskly by leaders of the two departments involved.

Year Mann, former public information director in the Highway Department, presented the criticism in a speech at Middleboro. He decried the state's road system as "patchwork" and declared the park circuit was interfering with private enterprise aimed at attracting tourists.

W. P. Curlin, highway commissioner, branded Mann's remarks as "misleading." Henry Ward, conservation commissioner in charge of parks, said Mann's blast was "copying criticism based primarily upon political considerations."

In reply to Mann's blow at the highway department, Commissioner Curlin made the following points:

1. Mann was either misinformed or twisted the facts for "political" slugging.
2. Kentucky has a \$200,000,000 road program this year—\$60,000,000—out of the \$60,000,000 fund, \$18,000,000 goes for administrative purposes, not \$3,000,000 as claimed by Mann.
3. The more populous states do not perform maintenance and reconstruction and much of their road money is distributed to the counties who do the work and spend most of the administrative funds. In Kentucky, the great percentage of all types of road work is directed and controlled from the state level.
4. The number of state highway employees has remained practically at the figure it was a few years ago despite the fact that about 1,000 miles of road are being added to the state system annually. Mann's comments "inhibit the hard-working people in the highway department."
5. Since January 1, 1952, Kentucky has been operating under a carefully planned road construction and maintenance program. It is clear that Kentucky does not have a road system comparable favorably with the best in the nation. But, road revenues are being conserved to the spots and routes where they are needed most.
6. In determining the park system, Commissioner Ward filed back:
 1. No state in the nation has improved recreational facilities for its citizens and tourists more than Kentucky. "It has gained first rank and it would be a shame to lose that standing."
 2. The public relations project connected with the tourist trade has striven to provide good facilities, excellent service and genuine Kentucky hospitality. This has been accomplished without the employ-

NEWS & NOTES

By: ROGER TURNER

"Man doesn't live by bread alone..."

When we speak of 'appetite' we automatically think of food. But there is another kind of food, almost equally important to our well-being, and that is food to nourish the soul and feed our emotional needs in order for our bodies to grow. It is essential that we eat, and in order for our minds to grow it is imperative that we have something to quench the thirst for spiritual comfort.

Exactly the way people have different tastes in food, so do they have different preferences where emotional needs are concerned. A closeness to God is perhaps the best answer to the need for spiritual fulfillment. An appreciation of beauty—especially the beauty of nature is another feast for our emotional appetite. There is no one man—the only important thing is that each person find his own way of attaining spiritual fulfillment, and when he does he should continue to share this place of "paradise" as well as a banquet for food.

If all of our mental powers that are best fed from the deeper store two leaves alone are left. Sell out, and with the dove. Buy bread to feed the soul.

Floyd County Students Named to Class Posts

Pikeville, Ky., Oct. 5 (Sp1) — Three Floyd county students were elected to class offices at Pikeville Junior College as the freshman and sophomore classes of the school formed their organizations last week.

Paul Dean Wells, Auxier, was voted vice-president and Charles E. Phillips, Allen, secretary-treasurer of the sophomores. Gus Curry, Bryson, was named vice-president of the freshman class.

Presidents of the classes are Phineas Potter, Mouthard, of the sophomores, and Thomas Caddill, Pikeville, of the freshmen. The three Floyd counties represent three different high schools Phillips, son of Edgar G. Phillips, Allen, was salutatorian of his class at Betty Layne high school, as well as president of the class in his junior and senior years. Wells, whose father is Ernest Wells, Auxier, is an Auxier high graduate, and Curry, son of Uke Curry, Bryson, is a graduate of Wheelwright high school.

Two Floyd county girls were chosen cheerleaders—one a regular and one an alternate—in student voting at Pikeville Junior College last week.

Kay Leslie, of Emma, and Gail Burgess, Pikeville, were elected to fill vacancies in the college cheerleading staff as the opening of Pikeville's basketball season approaches.

Yvonne Musick, Wheelwright, and Peggy Scott, Pikeville, were named alternates to fill in when any of the regulars are absent. Holdover cheerleaders from last year are Eleanor Keese and Patty Wright, both of Pikeville.

LACKEY (Last Week's Correspondence)

Mrs. Glynn Owens, of Norfolk, Virginia, is employed as a teacher in the Norfolk City schools, this being her second consecutive year of teaching. Mrs. Owens will be remembered as the former Pauline Conley, who taught in the Floyd county schools for several years.

Jack Wicker, who is employed in Ohio, spent the week-end with his wife and children. Mrs. J. B. Wicker spent the week-end with Mr. and Mrs. Jack Wicker.

Mr. and Mrs. Emory Patton and Mr. and Mrs. Ray Allen and children, of Mansfield, Ohio, were visiting Mr. and Mrs. Milford Conley over the week-end.

"WILMS, FINAFORE" ROLE
Pikeville, Ky., Oct. 12 (Sp1) — Bobby Elkins, of Harjig, will play the part of Ralph Rackstraw in the Gilbert and Sullivan operetta "H.M.S. Pinafore," to be presented at Pikeville Junior College, Nov. 17 and 18.

Three Floyd Students Enroll at Transy

Three students from Floyd county have entered Transylvania College, Lexington, for the fall quarter. They are:

Miss Nancy Anne Hughes, daughter of Mr. and Mrs. Robert H. Hughes, Prestonsburg, sophomore majoring in speech, and a reporter on the college newspaper staff. Miss Toby Jo Spradling, daughter of Mr. and Mrs. Glenn C. Spradling, Prestonsburg, member of the junior class and the Phi Mu society. Miss L. Clair, son of Mr. and Mrs. William Lee Clair, Sr., of Wheelwright, sophomore, member of the band and the choir. He is majoring in music.

IS SAE PLEDGE AT U. of K.
Richard P. Vinson, Jr., son of Mr. and Mrs. Richard P. Vinson, of Wayland, has been pledged to Sigma Alpha Epsilon at the University of Kentucky.

Floyd Well-Represented in College Choir, Band

Six members of the 85-wide choir of Eastern Kentucky State College, Richmond, are Floyd—essentially—and three of them are members of the college band. They are: Edmund Russell Burke, Prestonsburg, now in his fourth year as choir and band member; Reginald R. Souleyrette, Wayland, in his second year of choir and band; Paul C. Haer, Auxier, fourth year with the choir and a member of the band and orchestra; Mrs. Charlene Akers, Prestonsburg, second year in the choir; Billie Sue Cline, Martin, and Miss Bonnie J. Wells, Prestonsburg, new member of the college choir.

Most-liked low-priced car

... among people who want more for their money ... when they buy ... and more money when they sell!

There's a big reason why more folks are buying more Fords than ever before. No other low-priced car offers so many of the things people want and need for today's driving. In fact, to get such "Worth More" Ford features as a V-8 engine, completely automatic transmission and fine-car power steering in any other car, you'd have to step well up from the low-price field.

Of course, Ford owners will discover that Ford's worth more when they sell it, too. Surveys of used car prices show year-old Fords returning a higher proportion of their original cost than any other car.

because it's most like high-priced cars

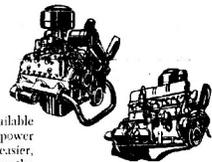

... more and more people are considering Ford as the one fine car in the low-price field!

It's hard to believe that a car which is built like the finest still sells in the low-price field. Yet a Ford with its brilliant Crestmark body, its Full Circle Visibility (most in its field), its new fine-car ride and roomy luggage locker (roomiest in its field) delivers at a figure that keeps it right down in its price class.

Ford's the only low-priced car which offers you a choice of a completely automatic transmission (Fordomatic), Overdrive or Conven-

tional Drive. And Ford Master-Guide, available on all V-8 models, is the last word in power steering ... makes turning up to 737 easier, yet retains the natural feel of the wheel on the straightaway.

AT YOUR OIL SERVICE

OIL PROGRESS WEEK

OCTOBER 11-17, 1953

The Man Behind the Pump — Always At Your Service

When the first service station appeared at the turn of the century, a new institution was ushered onto the American scene. The service station became a kind of blacksmith shop, general store, watering trough and wayside inn rolled into one. As it developed and more stations sprang up, a new unique personality was evolved — the service station operator.

The man behind the gasoline pump is for the most part an independent small businessman (19 out of every 20 stations are owned or leased by individuals). He contracts for supplies from one or more oil companies. He pays his own costs, hires his own employees and sets his own prices to meet competition. He makes a reasonable profit by working hard long hours in all kinds of weather.

To keep pace with his rivals, he sells the best products available and sets high standards of personal service from free air to clean rest rooms.

What makes this competitive service possible? A far-flung, complicated network of the distinguished oil companies, terminals and wholesalers whose efficiency, high standards of service and intensely competitive methods are in the best tradition of American business.

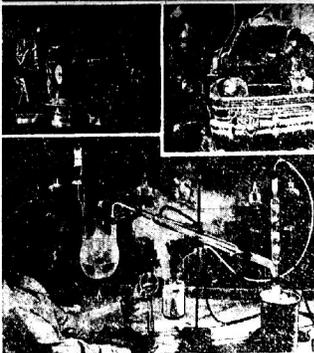

FAMILIAR SIGHT — Approximately 200,000 service stations such as this dot American highways to supply the needs of more than 50 million motor vehicles.

The next time you are at your favorite service station, bear in mind the words of the distinguished atomic scientist, Dr. Robert Millikan. He said, "Men who operate service stations have done more to teach the American people courtesy than all the professors in the colleges."

DESIGNED FOR SERVICE—It is easy to see that today's modern streamlined service station has come a long way from the days when the oil industry was young and gas stations were wide apart. Now, no matter how far one drives into the mountains or the desert, he will always find a station ready to serve him.

World of Science Petroleum Research Pays Off

Atomic energy, with its searing, burning rays and sub-zero weather, with its spine-chilling fingers of ice, are now apart in our normal lives yet in the petroleum industry's \$100 million a year research program, they are work-a-day "tools" which help bring about a never-ending flow of new and improved petroleum products. Atomic radiation helps test engine wear and improve lubricants, while man-made arctic weather helps perfect fuels and lubricants for all kinds of weather. In laboratories, too, test tubes and chemical magic enable researchers to probe the unknown. This ceaseless research program is one reason why the domestic oil industry has become a symbol of progress and free enterprise.

Fuel Dealer "Mind-Reads" Your Oil Tank From Afar

It sounds like black magic. A fuel oil dealer can sit in his office perhaps miles from your home, and tell you within a few gallons how much fuel is in your tank. Known in the industry as the "automatic delivery system," it's generally accurate within two percent. Your dealer knows the capacity of your tank, how much it contained at the last refill, and has an idea about the efficiency of your oil burner.

A gadget called a Degree Day Chart enables him to measure the highs and lows of the temperature. With some simple arithmetic he can come within a couple of gallons of the amount in the tank. As a rule, the thousands of fuel oil dealers in this country are independent, local businessmen. They are a segment of the complex network which keeps modern America supplied with

SPECIAL SERVICE — Round the clock emergency deliveries mean the oil gets through to your tank when you need it. more than 2 1/2 billion barrels of petroleum a year.

A GREAT CHANGE—Modern tank trucks have come a long way from the days of not so long ago when kerosene was the only major oil product and was peddled from door-to-door.

ODDLY ENUF ! by Williams

50th YEAR OF FLIGHT Man Wins Dreamed-of Wings — With Aid of Petroleum

We might be celebrating aviation's 45th birthday this year—instead of its 50th—if Leonardo Da Vinci had possessed a gasoline engine. Just about the time Columbus was discovering America, Da Vinci, an equally famous Italian, was designing airplanes and even helicopters that could have flown if motive power and liquid fuels had been available.

Man could not win his wings until those fuels, together with good lubricants, were developed around the turn of this century to meet the needs of the infant automobile industry.

Wilbur and Orville Wright, two young mechanics of Dayton, Ohio, realized that the age of flight was at hand. After studying Da Vinci's drawings, they designed and built a rickety biplane in their bicycle shop. After studying the equally rickety automobiles that occasionally stopped at their shop for repairs, they designed and built a lightweight 6-cylinder, 15-horsepower motor.

They took the contraption to Kill Devil Hill at Kitty Hawk, N. C. for testing. They filled its tank with the uncertain mixture that passed for gasoline in those days. On December 1, 1903, they soared in the Air Age.

From that brave beginning, American aviation has grown until, in 1953, the nation's sched-

KITTY HAWK, N. C.—The year 1903 takes in the Air Age.

uled airlines carried approximately 26 million passengers a distance of 22 1/2 billion passenger miles. At the same time Uncle Sam's Air Force in Korea was proving itself the world's best.

Constant improvement in engines, planes, airports, flight instruments, fuels and lubricants all have played their parts in this amazing growth.

FIFTY YEARS LATER—Somewhere in Korea a U.S. jet fighter fuels up, a far cry from the Wright Brothers' contraption of 1903.

Oil Is Where You Find It

The greatest "treasure" hunt in history—one that overhauls the efforts of California's 49ers—is going on day and night. In America's deserts, mountain plains, valleys—even its almy sea bottoms—the search goes on ceaselessly at ever-increasing speed. The "treasure" these prospectors seek is petroleum—oil to keep America's homes warm, the wheels of its vehicles and factories turning. Each year America demands additional vast quantities of oil, and each year an army of explorers tails to meet that demand, plus the additional quantities to build up the nation's proved reserves.

There is no magic formula for the discovery of petroleum. Like gold, it is "where you find it." Formulas that eliminate some of the guesswork have been developed, but it remains true that "only the drill can find oil." Four-fifths of all exploratory wells turn out to be dry holes. And only one well in 44 locates a profitable new field.

A whole host of scientists scour the countryside constantly for spots where oil is likely to be found. Geologists and other specialists make use of the most advanced scientific devices—such as the flying magnetometer and the seismograph—to chart underground rock structures. Research goes on continually to refine the existing devices and to adapt the spectograph, X-rays, radar and atomic isotopes to underground exploration. Such things will be needed in the exploration of the newest frontier—the continental shelf that extends into the sea from a few to several hundred miles from the shores of the U. S. This area of ten million square miles may contain the greatest petroleum resources yet encountered. Tidewater areas of the United

SWAMPY JUNGLES present no barrier in the search for oil.

States already are being explored. Extensive surveys have been carried out by plane, by boat, and even by diving bell off the coasts of Texas, Louisiana, Florida and California. Numerous wells, some as much as 30 miles off-shore, have been drilled from huge floating platforms. And the bays and swamps of Louisiana are being explored by crews in boats and in motorized marsh buggies having rubber tires half again as tall as a man.

So far, the U. S. has consumed almost two trillion gallons of oil. So far, explorers have located over a trillion gallons more and earmarked it for future use. Now, they are hunting for an additional two trillion gallons which lie somewhere beneath our soil.

Local Advisory Board Members Are Selected

John Wallen, of Water Gap, and Johnny Nealey, of Cliff, were elected to the Southern States local advisory board for the Prestonsburg community at the annual meeting of the Southern States members of this area held here. The men will serve three-year terms on the local board.

At the same time Mrs. Grace Conley, of Bonanza, and Mrs. Alex Stephens, of Cliff, were chosen for three-year terms on the Prestonsburg Farm Home Advisory Committee.

The meeting featured a showing of the Southern States 20th Anniversary movie, "WE," which told the story of the cooperative's growth through the life of a typical farmer-member and his family. In addition, a unique "basketball" game was played between teams of men and women, with scoring based on the number of correct answers given by the players to questions about the cooperative, its history, operations, personnel, and facilities. The team in this state-making the highest score during the regulation 20-minute period of the game will receive all-expense paid trips for players and coach to the Southern States annual meeting in Richmond, Virginia, in November. There the team will compete with winners from other states in the cooperative's territory for the regional championship.

Members of the winning team at the Prestonsburg meeting were: Homer Nealey, Robert D. Gunnels, and John Wallen, all of Prestonsburg; Bilk Merritt, of Bonanza; and Harry Leslie, of Euna.

Wayland Church Plans Part in Area-Wide Revival

The Wayland Methodist Church will participate in an area-wide Spiritual Life revival, October 23-30, under the leadership of Pastor J. C. Foster. The local congregation is one of the many hundreds of Methodist churches sharing in this program, which is under the general chairmanship of Bishop W. T. Watkins, of the Louisville area.

Spiritual Life visitors are being recruited from the local congregation to call on the membership of the church during the week of the revival. The local pastor will have the assistance of a visiting Methodist minister from another district, who will help him in directing the local campaign and in conducting evening preaching services.

Included in this area-wide Methodist program are a series of district revivals of power for the host and guest pastors, who will serve in the revival.

These will be held at district centers during the mornings of the week, October 25-30. These periods of power train pastors for the program of the Spiritual Life revival in visitation and preaching to be held in the participating churches each evening. Periods of power for the Ashland district will be held at Prestonsburg Methodist Church and Second Methodist Church in Ashland.

A series of district youth rallies will be held through the area on the Saturday of the week of operation. The youth rally for the southern part of the Ashland district will be at Mayo Memorial Methodist Church in Paintsville, Saturday evening, October 24.

ELECT FOSTER "Sid" MEADE

MAGISTRATE, DISTRICT 3

I WILL BE MY OWN BOSS—NO DICTATORS.

When you want to GO
You want DYNAFLOW*
(We mean T.T. Dynaflow!)

THE GREATEST
BUICK
IN 50 GREAT YEARS

No doubt about it—as thousands of prideful owners will tell you.

When you press the pedal of a 1953 Buick with Dynaflow, you move.

You move with instantly responsive getaways, with great quiet, with truly infinite smoothness. You move in this special and spirited and soul-satisfying manner because you're losing 'Twin-Turbine' Dynaflow—where two turbines, instead of one, now turn out the magic.

We can put pictures before you to show how TT Dynaflow delivers its sensational performance and flowing-oil smoothness. And we will, if you ask.

But surely you ought to take the wheel of a 1953 Buick with this big-thrill wonder drive and let your own sensations tell you how wonderful it is.

You ought to try it for getaway, for cruising, for

suave declination—for the sheer and restful comfort it gives you every step of the way. And, very definitely, you ought to try it for the power that goes with it...

For the highest horsepower and compression ratios, Series for Series, ever placed in a Buick—including the power of the world's newest V8 engine in every SUPER and ROADMASTER.

Why not come in and try out this terrific performance team of Buick power and TT Dynaflow?

We're ready, willing and eager to show you what you've been missing—and how easy it is, price-wise, to have it. Can you drop in on us for a no-obligation sampling—this week?

DRIFT

WOMAN'S CLUB NEWS

The Drift Woman's Club met at the home of Mrs. F. M. Egan on Oct. 5. The proposed Girl Scout troop was discussed and a meeting of the girls and parents with Mrs. Dewey Lake, asking for a contribution. The club voted to contribute \$100 to this worthwhile project.

A report on the benefit of the Drift fund is planned for Oct. 17. Tickets are being sold by members of the band and clubwomen.

The Sports and Squirted Ties chairman, Miss Catherine Reed, gave a report on projects planned by that department from they are as follows: A Bible study, group, planned for the second and fourth Thursday of each month. Everyone is welcome to join this group. It is interdenominational, and will begin the fourth Thursday of October, to be held in the Turner Elkthorn office building. An apartment in the Drift and McDowell schools. Entries will be judged according to age and grade.

The club voted to inquire of the General Federation of Women's Clubs about signs for either end of town.

A report was given on the Town Meeting where plans were made to iron out difficulties in the garbage collection system.

Refreshments were served to Mesdames Dick Showers, Joe C. Moore, C. J. Cahill, H. D. Hewlett, Claude Martin, Norman Osborne, Oliver Egan, Betty Shantz, Lloyd Stumbo, Reed Hobbs, Fred Cochran, W. L. Reed, Glenn Ward, C. Alan Reed and Misses Ruby Akers, Jackie Holt and Catherine Reed.

GARRETT

LEAGUE AUXILIARY MEETS

The George S. Owsley Unit 205 of the American Legion Auxiliary held its first regular meeting of the year at the Recreation Center of the Methodist Church, October 11, at 7:30 p.m.

Members present: voted to sponsor a basketball game between the women and the school faculty, all proceeds to go to the school fund.

The "Carol Lane" awards for traffic safety were discussed. They are the first awards which recognize and reward women's achievements toward the preservation of lives through safety programs in their state and community. Any American woman, not gainfully employed in the traffic safety division, is eligible, as is any woman's or parent's club.

Also discussed was the Crusade for Freedom program and Radio Free Europe.

At the close of the business session, Mrs. Ellen Hornsby presented a program on "Benefits of Girls State." Mrs. Hornsby said, "Girls State reported to their girls the fundamental principles of American government through actual practice and control of state offices during Girls State. As future voters and office-holders, the girls should have an understanding of the problems of elective officials, their duties and functions. Girls State is a laboratory of practical political science." She then introduced Phyllis Noble and Barbara Pack who represented the Unit at the 1943 Girls State on the University of Kentucky campus, last June. The girls reported 180 girls representing every district in the state attended this meeting. They took of visiting Frankfort and participating in electing a Governor from their ranks.

At the conclusion of the program, refreshments were served by Virginia A. Draughn and Patsy Collins to guests, Mrs. M. M. Collins and Mrs. Cris Wells, Barbara Pack and Phyllis Noble. Unit members served were Mrs. Roberta Skane, Mrs. Olga Trusty, Mrs. Scott, Mrs. Beadie C. Draughn, Miss Edna Conley, Mrs. Ellen Hornsby and Mrs. Nellie Martin.

The next meeting will be Oct. 21 at 7:30 p.m. at the Recreation Center of the Methodist Church, with Mrs. Olga Trusty and Mrs. Roberta Skane, hostesses. At this meeting the 1943-1944 Unit officers will be elected. All members are urged to attend.

CATS LOSE BY LONE POINT FOR 3RD TIME TO PIKEVILLE

The Pikeville Panthers and the Prestonsburg Black Cats staged their third one-point football game in four years last Thursday night as Fayette won 7-6 before some 2,500 spectators.

In losing their third conference game of the season, Prestonsburg dropped into the second division of the EK.M.C. for the first time under the tenure of Coach Doc Prell.

Although outweighed 10 pounds per man, Prestonsburg fought gamely with the veteran Panthers, and missed a possible 7-7 tie by failing two inches short on a line plunge for the all-important extra point.

On Prestonsburg's third play from scrimmage, fullback Gordon Mathews intercepted a Hughes attempt on the 45-yard line and raced to the Black Cat 12. Mathews and fullback Ralph Gilliam, who was the outstanding defensive player of the game, drove to the 2-yard line in three downs and Gilliam went

over for the tally. Mathews booted the extra point.

The Black Cats retained on the first play of the second quarter with Clifford Gobbe's final line yards marking a sustained 60-yard march. Hughes had completed one pass and run 12 yards, and Gobbe picked up 20 yards to spearhead the drive.

Gilliam reeled off a 50-yard run to the 10-yard line midway the second quarter, only to have the elusive tick nullified by a penalty. Then quarterback John Lee Butcher led his team to the Black Cat 10 as the half ended.

The last half was primarily a kicking duel between Chester Shepherd and Butcher as the two lines kept any ground attacks at a minimum. However, Pikeville penetrated on the 45-yard line and raced to the Black Cat 12. Mathews and fullback Ralph Gilliam, who was the outstanding defensive player of the game, drove to the 2-yard line in three downs and Gilliam went

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT.
First National Bank, Plaintiff
vs.
D. J. Starnes & Co., Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the August term, 1953, in the above styled cause, I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 26th day of October, 1954, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six (6) months, the following described property, to-wit:

Located on Jacks Creek in Floyd County, Kentucky, beginning at Jacks Creek at a sycamore at the foot of the hill and Laconna Hall line; thence up the hill with Laconna Hall line to the top of the ridge; thence up the ridge between Willie Hall and Beaver side to a stone marked X; thence straight line down the hill to the mouth of a drain; thence straight line up a creek to the corner of the year; thence straight line to a marked rock; thence straight line south to lower end of Willie Hall's garden; thence straight line to the creek; thence back down with the creek to the beginning.

Said property will be sold to satisfy an indebtedness reduced to judgment in favor of the First National Bank of Prestonsburg, Kentucky, and Tilden H. Jones, aggregating \$1088.94, and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or securities, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with lien retained upon said property as a further security. Bids will be prepared to comply promptly with these terms.

Given under my hand, this 25th day of October, 1954.
J. B. CLARKE,
Master Commissioner,
Floyd Circuit Court.

The Henry Stumbo Deal

You people on Right and Left Beaver Creeks have lived for years under the Roosevelt "New Deal," the Truman "Fair Deal" and the Eisenhower "No Deal," and now the name of HENRY STUMBO has signed the Fiscal Court Order authorizing the sale of \$250,000.00 of Floyd County Bonds, bearing interest at the rate of 5%, and with said bonds, purchased the Garrett-Bosco Gas works, allegedly worth \$10,000.00, for the outrageous sum of \$15,000.00; the Allen - Duale Gas works, allegedly worth a fraction of the outrageous price of \$51,000.00; City of Weeksville Water Works allegedly bought for less than \$1,000.00 and practically worthless for the unheard of sum of \$22,500.00; the Wayland Gas Works allegedly worth around \$15,000.00 for the price of \$67,500.00.

This writer has made an investigation of this latest outrage against the people of Floyd county and a confidential source who is thoroughly acquainted with the value of these Water and Gas Works and knows what he is talking about, has informed this writer that he would not give more than \$25,000.00 for the whole outfit.

LET'S LOOK AT THE RECORD

In his attempt to smear my personal and official reputation through an advertisement and handbill filled with half-truths and insinuations, my opponent has deliberately failed to state one truth.

I say his failure to do so must have been deliberate, for the truth is there for all to see, in the VERY FIRST paragraph of the copy of the bonds sold in this so-called "deal." That copy is spread on Fiscal Court Order Book No. 6, Page 254.

This very first paragraph reads:

KNOW ALL MEN BY THESE PRESENTS:
"That the county of Floyd, in the Commonwealth of Kentucky, acknowledges itself to owe and for value received, hereby promises to pay to the bearer the sum of ONE THOUSAND DOLLARS on the first day of June, 1954, and to pay interest on said sum from the date hereof at the rate of _____ per annum (payable semi-annually on the first days of June and December in each year, upon the presentation and surrender of the annexed coupons as aforesaid), OUT OF ANY AND ONLY OUT OF THE INCOME FROM A PUBLIC PROJECT CONSISTING OF THE COMBINED GAS SYSTEMS AND WATERWORKS SYSTEM AS HEREINAFTER SET OUT, both principal and interest being payable at the First National Bank, Prestonsburg, Kentucky, in such funds as at the time of the respective payments are legal tender for the satisfaction of debts due to the United States of America.

"This bond and the issue of which it is a part is payable only from and secured by an exclusive pledge of a fixed amount of the gross income and revenues to be derived from the operation of said public project, which amount shall be subject to the principal hereof and interest hereon as and when the same shall become due and payable, and which shall be set aside as a special fund for that purpose and identified as the "Waterworks and Gas System Project Bond and Interest Redemption Fund of 1953"; and THIS BOND DOES NOT CONSTITUTE AN INDEBTEDNESS OF THE COUNTY OF FLOYD within the meaning of any constitutional provisions or limitations as provided in section 58.010 of the Kentucky Revised Statutes. Said county covenants that said public project will be continuously operated as a revenue producing undertaking and that it will fix or cause to be fixed such rates for services furnished by said project and will collect and account for income and revenues from each project sufficient to promptly pay the principal of and interest on this bond and the issue of which it forms a part, as the same shall become due."

Had you heard that every property owner in Floyd county has had his home and other belongings jeopardized by these bonds? You may have.

But the truth is, Floyd county does merely as fiscal agent or as a "holding company" for the water and gas district, just as it often has acted in the past for the Floyd County Board of Education.

But a desperate Republican Party and its candidates who offer nothing but abuse in flour of a platform, are trying to make it a vote-getter.

They even neglect to mention the Gas System, which was one of the companies acquired by the water district. Do you know why? Could it be because George Evans, brother-in-law of Governor Collins, who is a candidate for Sheriff in the Republican ticket, was a part-owner of the Gas System?

Ask yourself this: WHY DID THEY FAIL TO ADMIT THAT FLOYD COUNTY IS NOT RESPONSIBLE FOR THE PAYMENT OF THESE BONDS? Why did they try to mislead the people into believing they had been loaded onto them without their vote, knowledge or consent? Perhaps they were guided by the old adage that desperate situations demand desperate measures?

This whole transaction is a matter of public record. It is on the record books. It was considered and talked in open court. The purchase was made when officials of the water district—good, reputable citizens—believe it would be a public improvement.

It was not my idea, I assure you, but I acted then as I will in the future for the good of Floyd county. It was not the fiscal court's idea but they acted as I in the interest of the people of Floyd county. We acted in good faith, representing a group of citizens who in turn represented the water district.

I ask you as intelligent men and women to read the WHOLE RECORD in the County Court Clerk's Office, pertaining to this bond issue.

And I would wish you against an array of half-truths and veiled insinuations, which smear every truth that might not blacken some individual's reputation.

Sincerely,
HENRY STUMBO

ALLEN

CLUB MEETS, OCT. 5

The Allen-Martin Woman's Club held its regular meeting October 5 at the home of Mrs. John P. Sammons. The president, Mrs. Russell Laven, presided.

An invitation was welcomed from the Wheelwright Woman's Club for November 6. Mrs. I. D. Thompson will be the guest speaker for the evening and a social hour will follow.

The president read a letter from Miss Lois Leslie, chairman of Libraries and Scholarships for KFWO, asking the club to send magazines and books to Manila. Each club member is to bring her old magazines and books to the next meeting.

It was announced by the president that the Drift club will have a luncheon for all who plan to attend the county-wide convention. Reservations must be made in advance, and the luncheon will be held at the McDowell school.

A letter was read from Mrs. George Cohen asking the president to appoint a motion picture chairman to work with the local theater to assure good movies for our children. Mrs. Lavan appointed Mrs. Marie Elliott.

Mrs. John P. Sammons was appointed to work with the committee for the preparation of the skit for the convention.

Mrs. Maurice Mitchell reported the success of the fund-raising for Girl Scouts in Allen; however, Mrs. Marie Sammons has not been able to secure a leader for the Brownie troop in Martin. We are anxious to find someone who will take this Brownie troop. Any member who is interested in this work should contact Mrs. Sammons.

After the business meeting the president introduced Mrs. Andrew Mandt who gave a very interesting account on the progress made in Floyd county in the treatment of tuberculosis since the county has had a full-time TB nurse, Mrs. Mayo. Mrs. Mandt pointed out that the sale of the TB Christmas seals is the chief source of support for this work in our county. The club members will contact people in Allen and Martin who have supported this drive in the past. Mrs. Mandt desired to support the TB work in the county by sending money in promptly for the seals received.

The meeting was closed with prayer. Refreshments were served to the following members: Mrs. Belle May, Mrs. Lloyd Crum, Mrs. Becher Hardack, Mrs. Charles Marshall, Mrs. German Cause, Mrs. Mark Elliott, Mrs. Walter Weaver, Mrs. Boone Hall, Mrs. John W. Hall, Mrs. W. O. Huddleston, Mrs. Russell Laven, Mrs. William Mattox, Mrs. M. E. MacCall, Mrs. Belton Hett, Mrs. Ben Shart and guest, Mrs. Andrew Mandt.

LEXINGTON—Mrs. Margaret H. J. Scott, kindergarten teacher at Russell school since 1923, died here. She was the only kindergarten teacher in Lexington's Negro schools until 1951.

WAYLAND

P.T.A. MEETS

The P.T.A. of Wayland high school met Sept. 28 with the president, Mrs. Willard Castle, presiding. There were several parental teachers present. L. P. Price, principal of Wayland school, introduced the teachers to the parents and then presented the parents to the teachers.

Plans were made for the year. It was voted to buy new music and a new horn for the band. It was agreed to sponsor a Stanley party and a mecumranup drive to raise money for the treasury—these two things to take place in October.

Fire Prevention Week was discussed. Five drills in the high school and grade school were decided upon. In the smaller grades there is to be a poster contest on prevention of fires. These posters are to be put on the bulletin board at school and ribbons presented the best, then they are to be put downtown where the public may see them.

The next meeting will be election time for the new officers who will conduct meetings for the rest of the year.

Why we sell Motorola TV

As a leading television dealer, we cherish your complete confidence. It is our most valuable asset. Motorola television sets are built to build confidence.

The same research and production standards that made Motorola a great name with owners of car and home radios are applied to Motorola TV production.

These standards are responsible for Motorola's position as the world's largest exclusive electronics manufacturer. Motorola puts quality control first in every step of production. And 1 out of every 3 Motorola men is an engineer.

These facts are important to us... and to you. They safeguard the performance of every Motorola TV we sell. They help us win and hold your confidence.

Right now you can choose from more than 30 beautiful new 1954 Motorola TV models. Whatever your choice... whatever you pay... we know you will get unbeatable value. You will be the proud owner of features like Motorola's new Double-Power Picture, and Fashion Academy Award styling.

Better See Motorola TV. We can say with confidence: you will enjoy years of pleasure and satisfaction.

That's why we sell Motorola TV.
