Chemicals from Coal
Chemicals from coal are used in plastic, rubber, dyes, perfumery, synthetic detergents and thousands of other products.
Despite the rise in popularity of the Diesel locomotive more than 45 per cent of all in use now on U. S. Class 1 railroads at the end of 1952 were fired by coal.

Man Named in Death Of Fitch, One Other Is Slain at Morehead

William Tackett, 33-year-old Morehead man who recently was freed of two murder charges, one of them that of slaying Pearl Fitch of Handsboro, Knott county—himself was shot and killed at the home of his father, Jack Tackett, in Morehead Friday.

"I had to do it," Roy Gastinau, Morehead, said when he went to the Morehead Police Station and gave himself up to Policeman Ed Hall about 5 minutes after the shooting.

The 40-year-old Gastinau was lodged in Rowan county jail to be questioned.

State Police Sgt. Billy Lykins said the police had no report from witnesses at the scene of the shooting, but he added that Tackett and Gastinau were seen riding together earlier in the day.

Tackett's sister, Mrs. Reba Walker, 24, Morehead, received powder burns and his mother, Mrs. Nancy Tackett, 50, suffered a flesh wound in her right arm.

Policeman Hall said the .38-caliber revolver Gastinau turned in showed that six bullets had been discharged. All six entered Tackett's body, he said.

Trocket Lykins said that Tackett and Gastinau were "good friends."

Last May 27, Tackett was acquitted of a murder charge in the death of Heber A. Slizer, Charleston, W. Va., when Tackett claimed he shot in self defense. The shooting occurred after a disturbance in Tackett's restaurant last New Year's Eve.

Gastinau served a three-year prison sentence for murder in the death of Bill Curtis January 1, 1946.

Sweeping Liability Rule Given by Appellate Court In Case; Combs Disents

This decision has the possibility of making it tough on a used car dealer, said one Prestonsburg dealer this week after noting the recent Court of Appeals decision making an automobile dealer legally responsible if he fails to warn the buyer against dangerous mechanical defects in a used car.

"We sell our late models with a guarantee. However some of our older models worth around \$100 cannot have such a guarantee because of put down in the guaranteed class would cost so much as to make sales prohibitive," he added.

Kentucky became one of the first states to embrace so sweeping a rule of liability in used-car transactions. The court cited only Missouri as having a similar rule.

The opinion was written by Commissioner Beverly E. Waddill, with Judge Bert T. Combs dissenting. It affirmed a decision of Judge James J. Bradley of the Fayette Circuit Court.

The immediate effect of the ruling was to uphold a damage judgment of \$11,409.56 against Caldry Motors, Lexington. It was obtained by Albert Brannon, who was struck by a car "lock" by the firm.

The circumstances were described thus by the appellate opinion:

William Hensley bought a used car from Caldry Motors, drove it 14 blocks and applied the brakes at an intersection. The brakes locked, caused the car to skid into the curb. There it crushed Brannon's left leg so badly it had to be amputated.

The brakes locked because of a leak in the grease cell at the right rear wheel. The defect had existed for a month or longer, Caldry Motors knew of the defect because Thomas Reeves, who sold them the car, told them about it. Caldry Motors, however, neglected to warn Hensley that the braking mechanism was defective when they sold him the car.

With that resume of the case before him, Waddill wrote that the law imposes an obligation on every man to refrain from any act of omission or commission that he may reasonably expect to result in injury to others.

"Thus, he reasoned, the dealer who knows, but does not reveal serious mechanical defects in a used car must be held legally liable if his silence leads to the injury of others.

"It is common knowledge that old cars are more likely to be subject to mechanical defects than are new ones. The turnover in ownership in used cars is fairly rapid, and the majority of these cars are sold through used-car dealers," the opinion said.

"The used-car dealer is in a better position, by reason of his opportunity, than his average customer, to discover what defects might exist in any particular car to make it a menace to the public."

William Leslie Stephens, Victim of Heart Attack; Was World War I Veteran

William Leslie Stephens, 45 years old, World War I veteran and member of a well-known Prestonsburg family, was found dead in bed at the home here of his mother, Mrs. Anna Stephana, Tuesday morning. A heart attack was given as the probable cause of death.

Mr. Stephens had returned home only the preceding day, from Veterans hospital, Huntington, W. Va., where he had received treatment, and had suffered a slight attack before retiring that night. He had been in failing health for some time.

He was born in Prestonsburg, a son of Mrs. Anna Clark Stephens and the late Albert Stephens. Surviving, besides his mother, are four brothers and four sisters, Dr. O. T. Stephens and former U. S. District Attorney Charles P. Stephana, both of Prestonsburg, Lewis J. Stephana, Ashland, Lindsay Stephens, Denver, Colo., Mrs. J. W. Howard and Mrs. A. L. Davidson, both of Prestonsburg, Mrs. Elaine Smith and Mrs. Cora D. McHone, both of Wheelwright.

Military honors were accorded at the funeral this afternoon (Thursday) by the American Legion and Veterans of Foreign Wars. The funeral was conducted from the Methodist Church by the pastor, the Rev. Harold Dorsey, and the Rev. Ira McMillin, Jr., and burial was made in the Wellington cemetery under direction of the Carter & Callihan Funeral Home.

Jimmy Edsel Burchett, 19, Succumbs in Huntington; Burial in Mayo Cemetery

Jimmy Edsel Burchett, 19, Lancer, died at St. Mary's hospital, Huntington, at 3:30 p. m. Sunday. He submitted to an appendectomy a few weeks ago but the immediate cause of death was said to be colitis. He had been ill three weeks.

He was the son of Banner and Easter Fannin Burchett, who survive. One brother, Robert White Burchett, Bessemer City, Cal., and sisters, Joyce, at home, and Mrs. Pauline Matney, Stone, Ky., survive. Also surviving is his grandmother, Mrs. Agnes F. Johnson.

Funeral rites were conducted Wednesday at 2 p. m. from the Full Gospel Tabernacle, West Prestonsburg, the Rev. Arthur Ramsey, D. B. Watson, G. R. Fannin and Bert Caldwell officiating. Burial was in the Mayo cemetery under the direction of Carter & Callihan Funeral Home.

Section 186 Repeal Vote Leads by Wide Margin; Vote on No. 2, Adverse

LOUISVILLE, Ky., Nov. 4.—Kentuckians have voted to erase a constitutional restriction on spending the state's common school fund. But they followed tradition in keeping the Constitution's requirement that nine top state officials must be elected and in again choosing a Democratic-controlled Legislature.

Unofficial returns from 3,066 of Kentucky's 4,315 precincts gave this breakdown of the proposed constitutional amendments:

No. 1 (School Fund): Yes—422,310; No—83,746
No. 2 (Chief Justice): Yes—108,097; No—122,673

The proposal to let the Legislature decide how the state's school fund should be distributed raised up a big margin in support of an aggressive campaign by many educators and parents.

It repealed Section 186 of the constitution that required distribution of at least 75 per cent of the total fund, which amounted to \$17,792,800 this year, on the "common pupil" basis.

This is according to the number of school-age children counted in the school census as residing in the 227 local districts, whether or not they attend public school.

Actually, 87 1/2 per cent of the fund went out this year on that basis, \$26.11 for each child counted in the census. The remainder of the fund was spent on equalization aid designed to help poorer districts.

Coal Down the Potomac
A little more than a century ago coal was shipped down the Potomac River from Cumberland, Md., to Washington, D. C., on flat-bottom boats, speeded along by fireboats.

Sludge pits, which are used instead of railway systems in some modern mines, can transport as much as 2,400 tons of coal per hour from working area to surface.

Truck haulage accounts for one-quarter of all coal transported from mines in Colorado.

SECOND LAKE IS POSSIBILITY
Flood Control Project Authorized 15 Years Ago Is Urged by Association

The flood control dam authorized for the Middle Fork of the Kentucky River is definitely a good idea, the Buckhorn Watershed Association reported recently.

This is the flood control project which was authorized along with the Dewey reservoir in 1938 when the U. S. Army at Prestonsburg then Congressman from this district sponsored such a program for this section.

William D. Gorman, board president of the Buckhorn Association said he and a delegation representing the association received favorable comments when they presented plans for the dam at a meeting with representatives of the US Corps of Engineers and the US Department of Agriculture in Louisville.

The proposed dam, authorized by an act of Congress June 2, 1938, is a concrete structure 980 feet long and 11 feet high. It would be located a short distance above Buckhorn on the Middle Fork.

An estimated 307 square miles would drain into the 1,000 acre-foot reservoir. The area submerged would be an estimated 4,000 acres. The maximum pool elevation would be 815 feet.

Members of the Buckhorn Association presented their plans for the dam along with petitions containing signatures of 6,000 persons in the Upper Kentucky River area. They also carried letters of endorsement from business houses.

Gorman said the project has also been endorsed by the Kentucky River Development Association, which has the support of a recently formed group along with the other purposes of the KRDA.

Agricultural Department representatives present at the meeting included Orville Chain and Steve Wakefield, of the State Division of Flood Control and Water Usage, and Thomas E. Chairman of the Board of the Flood Control Division. Andrew Duncan, administrative assistant of Senator John Sherman Cooper was also present. Senator Cooper has agreed to sponsor the fight in Congress for the project.

Representing the Buckhorn Watershed Association were Gorman, A. B. Rogers, area conservationist; Vernon Cooper, of the Hazard Insolvency Agency; Elmer Bagley, Leslie County judge; and Earl Kent, superintendent of Leslie county schools.

Chairman and Col. Milne and the Agricultural Department representatives were highly in favor of the proposed dam. However, the Col. stated that planning money for such a project was not present in the budget for the present fiscal year and the project might have to wait until the next fiscal year for an approval of funds.

The total cost of the project has been estimated by the Corps of Engineers at \$2,110,000. It would be an estimated \$4,850,000 to build the dam and another \$1,150,000 to pay for land and damages construction would cause.

Col. Milne gave Gorman a letter stating that he would do all in his power to expedite the planning and construction of the Buckhorn reservoir when Congress provides funds for the project.

Gorman said the Buckhorn reservoir would fit into the overall pattern of flood control in the Upper Kentucky River Valley. He pointed out that the Buckhorn Watershed Association chose the single project as a starting point for future improvements of the entire Kentucky River Valley.

Asks Doctors, Hospitals For Free Service During Diabetes Detection Week

All physicians who are members of the Kentucky State Medical Association and all hospitals and laboratories have been asked to give a free diabetes test to every person requesting it as a part of the 1953 Diabetes Detection Drive to be held during National Diabetes Week, November 15-21.

The annual drive, sponsored by the Kentucky State Medical Association in cooperation with the American Diabetes Association, is a non-fund-raising campaign for the purpose of seeking out previously undiagnosed diabetes so that through modern science they may live long, happy lives. It is endorsed by many state organizations and by many state organizations and Governor Lawrence W. Wetherby has proclaimed November 15-21 as Diabetes Detection Week in Kentucky.

"Of the estimated 1,000,000 unknown diabetics in the United States, approximately 15,000 are in Kentucky," said Carlisle Moore, M. D., Louisville, chairman of the K.S.M.A. Diabetes Committee. "Most of these are people whose lives can be saved for useful normalcy, if they only know they have the disease. The purpose of the drive is to give them a chance to find out."

"Last year we discovered over 200 previously unknown diabetes victims in Kentucky alone as a result of the drive," Dr. Moore said. "The opportunity to insure himself of a good life because he took the time to have a free test. There are many more whom we hope to reach this year."

GMC HYDRA-MATIC TRUCKS

For a real bargain—get a real truck!

SURE, you can save a few dollars now on a truck price-tagged slightly less than a GMC. But if you want a bargain that will still be a bargain after years of hard truckwork, ask these questions before you buy:

Does the truck give you a GMC's 105 H. P. That's up to 15% more power than comparable sizes. It hustles a GMC's top loads up tough pulls—without engine strain.

Does it have a GMC's 8.0 to 1 super-high-compression? That gives you quicker getaways—more drive—better mileage. All on regular gas.

Does it offer a GMC's engine-sparing Truck Hydra-Matic? With it you say good-bye to gearshift wrestling. No more clutch repairs. Maintenance costs shrink.

Does it have the extra protection of a GMC's self-energizing brakes? The extra comfort of a GMC's "Six-Footer" cab? The handling ease of a GMC's ball-bearing steering action? If all the answers are "yep," you have a real bargain—a GMC. And there are 19 handsome 1/2- to 1-ton models to choose from. How can you lose?

Kentucky Is Among Nation's 4-H Leaders

National 4-H Achievement Day, Nov. 14 finds Kentucky among the leading states in 4-H club work. Sixty-five thousand boys and girls in the 120 counties are enrolled in 16 projects, where they learn by actually doing work on farms and in homes.

County and district project winners have been selected this fall. Five winners will be named to attend the National 4-H Club in Chicago. Also recognized at county achievement programs were about 8,500 volunteer club leaders—men and women who assisted in organizing and conducting clubs. They received certificates from the University of Kentucky.

CATS OVERRUN WAYLAND; PAINTSVILLE GAME, NEXT

Prestonsburg's Black Cats rolled to their third consecutive grid win and sixth of the season last Friday night by overrunning their intra-county rival, Wayland, 39-0.

The inexperienced Wayland number—fourthly game—did not meet the contest, but were no match for the speeding Black Cats, who scored in every period.

Handyman "Jesse" Alexander started the rout on the first play of the game when he took Jimmy Knight's kickoff on his own 20 and scampered 80 yards for the first of nine touchdowns. Lowell Hughes, who alternated the quarterbacking chores with Alexander, booted the first of five successful extra points in nine attempts.

Prestonsburg moved to a 19-0 first quarter command on Hughes' touchdown flip to end Paul Conley and a two-yard quarterback sneak. Unable to gain any appreciable yardage through the staunch Prestonsburg line, Knight kicked three times in the first half as his team was limited to a first down.

Clifford Goble reeled off a 70-yard touchdown launch in the second quarter and Chester Shepherd scored on a five-yard stab. Center Joe Tucker called the first touchdown of his career near the end of the half by picking up a Wasp fumble and scooting 25 yards to pay dirt and a 40-0 halftime advantage.

Sophomore halfback Johnny Murphy and quarterback Knight sparked a 38-yard march to the Black Cat 34 in the third period, but the longest Wasp drive faded after cupping penalty.

Ronnie Goble, a 150-pound junior halfback, accounted for all of the scoring in the last half with pay-off runs of 10, 8, and 5 yards.

Prestonsburg will end its 33 season this Friday with arch-rival Paintsville in the main event, and Wayland meets the Whitesboro Yellow Jackets in Letcher county.

Three Teams From Floyd On Academy Cage Card

Pikeville, Ky., Nov. 2 (Sp.)—Three Floyd county basketball teams appear on the 1953-54 schedule of the Pikeville College Academy Cuts, released today.

The Cubs will meet the Austerlitz team, Roy James' Bobcats twice each in home-and-home series, and will entertain the Prestonsburg Black Cats in one game here. It was announced by Coach Walter Hambrick.

Just one of the 11 other cage teams to face the Academy here this season—Bey Martin, Jr., of the Fifteenth region. The Cavaliers are the closest Fourteenth region team to Pikeville, and have often been on the Academy schedule, the coach said.

Oil Springs and Morgan County are the only other teams from outside the 0211 district on the Cubs' card.

FOOTBALL CHATTER

By GORDON MOORE

In closing their home season last week with a win, Prestonsburg had lost only one home game in the last four years and that was 7-0 setback to Jenkins in 1952.

Prestonsburg and Paintsville will square off in their 25th football meeting in the Johnson county rivalry on Friday. Since the start of the best-of-rivalry in 1923, Prestonsburg has won 14, Paintsville eight, and five have ended in ties. The Black Cats failed to win a game during the war years of 1943 and 1944.

Scores for the past seven years have been:

Year	Prestonsburg	Pikeville
1946	5	6
1947	47	6
1948	13	6
1949	6	12
1950	7	0
1951	21	6
1952	32	12

Clifford Goble, one of the smallest football players in the Big Sandy valley, has scored at least one touchdown in each of Prestonsburg's nine games.

Whitesboro can wrap up the 1953 Eastern Kentucky Mountain Conference crown Friday night by whipping Wayland. The Yellow Jackets have a perfect local record, but have looked far from champions in losing non-conference games to Lynch, 57-0, Lafayette, 48-0, and Cumberland, 20-0.

The nine representatives of Eastern Kentucky schools will meet in Pikeville Sunday afternoon to select the all-conference team, compile the final standings and possibly extend an invitation to Hazard to join.

Garrett high school was the first 15th region basketball team to enter the 1953-54 victory column. John Campbell's Black Devils outdusted Wheelers' Palmer-Dunbar, 51-21, last Friday.

Centre's Fullback From Floyd County

GARLAND HOWARD

HARD-DRIVING SOPHOMORE FULLBACK of the Centre College Colts who clash with Sewanee's Tigers at Danville Saturday night in Centre's top home game of the season is 148-pound Garland Howard, of Allen. The son of Mr. and Mrs. Allie Howard, he is a graduate of Milesburg Military Institute where he was a student athlete and student leader. He has a good scholastic standing at Centre, and is a member of Phi Delta Theta social fraternity chapter, second oldest in the nation. The late Chief Justice Fred Vinson was a member of Centre's chapter of this fraternity.

Howard scored a touchdown in Centre's 39-7 victory over Manchester of Indiana Saturday night. He turned in hard line smashes before making the touchdown.

MEETINGS SET
 Frankfort, Ky., Oct. 27 — Preliminary conference to which all members of the 1954 General Assembly will be invited to confer with state department heads will be held at Kenake Hotel, Nov. 17-18. It was announced by Governor Wheeler. Plans for the forthcoming session will be made at the meeting.

In addition, the Governor called on state department heads and agreed to have drafted any proposals for new legislation to be considered by the General Assembly. The drafts will be discussed and considered by the agency heads, then with the Governor before submission to the lawmakers.

PIKEVILLE COLLEGE ATTAINS SUCCESS WITH EASTERN KENTUCKY ATHLETES

By GORDON MOORE

Eastern Kentucky high school basketball players may soon have the opportunity of attending the four-year college near home if the present campaign for a major college is successful.

Heresetoday, the Pikeville institution has had one of the strongest two-year college teams in Kentucky and the "South" each year, with Eastern Kentucky athletes forming the nucleus of the teams. Only three boys on the teams in the past ten years have lived outside a 60-mile radius of the 14th and 15th K.H.S.A.A. regions.

The college has the facilities for a four-year basketball program, with one of the finest gymnasiums in Kentucky that seats approximately 3,000 people, and serves the purpose of a fine educational institution.

In past years Pikeville has played some four-year colleges and has been highly successful in holding its own until last season's meeting with Rio Grande College and "Beto" Francis, the nation's leading score scorer. Francis paced Rio

son at 25-58 win over Pikeville with 24 points, the second lowest total he was held to last season.

Coach Walter Hambrick, who has been at the helm of Pikeville athletes since 1931, has molded outstanding teams from boys who have been overlooked by major college coaches. Two of Hambrick's former players, James Duff, Garrett, and Johnny Williams, lines, are present overworked for the Morehead and Eastern varieties. Duff was named all-K.C.A.C. two years and maintained a 28-point average in conference play, and Williams was elected to the all-southeastern junior college team.

George Bailey, Hindman, and Whitey Loyce, Garrett, received all honours, and Woodrow Preston, Pikeville, all-southeastern junior, at the close of last season's play.

In compiling a 45-11 win-loss record in a two-year span, Hambrick has procured his players on recommendations of coaches in the Big Sandy area, and attributes his success to good, fundamental coaching on the part of the high school mentors.

Before coming to Pikeville, Hambrick coached the 1950-51 season at Breckinridge, Thurgood, and Morehead college varsity in 1940-42 and following a three-year service hitch as coach of the U. S. Naval Hospital in Jacksonville, Fla., returned for another stint at Morehead in 1946.

TRAIN RULING MADE

Frankfort, Ky., Oct. 15 — The Kentucky Railroad Commission is without authority to require a railroad to continue operations of trains when it is shown, beyond doubt, that the trains have operated at a substantial financial loss. Franklin circuit court judge William B. Ardsley ruled in granting the Illinois Central Railroad Company an order to prevent the Commission from enforcing its order. The two trains in question operate daily between Louisville and Fulton.

WAYLAND

WOMAN'S CLUB NEWS

A panel discussion on Legislation dealing with education, safety, health, public and community welfare was directed by Mrs. R. P. Vinson, legislation chairman of the Lantry-Carroll Women's Club, at the club's October meeting. "Most women are alert today to political issues, and club women are determined to influence legislation that concerns the home and the welfare of our children," said Mrs. Vinson as she introduced L. B. Price, Wayland high school principal, who explained all the principles involved in Amendment 18.

Other panel members were Mrs. George Evans, who spoke on Public Health and Welfare; Mrs. Everett Blanton, Safety; and Mrs. N. D. Howard for Mrs. P. E. Harmon on Community Welfare. Apart from the regular program County Agent O. E. Boggs addressed the group explaining the work of both the county agent and his assistant as supplied through the Extension Department of University of Kentucky.

During a brief business session, a bake sale was announced for October 24 at the Wayland store. Proceeds will go toward purchase of chairs and silverware for the newly acquired clubhouse. The committee to work out details follows: Mesdames L. B. Price, M. M. Collins, Elen Hornsby, R. P. Vinson, and Earl Castle. A rummage sale was announced for November 6, at the East Block Market. A general course was served to 32 members, and four guests. Mr. and Mrs. O. E. Boggs, Mr. L. B. Price and a aunt of Mrs. N. D. Howard.

CLUB TO AID GIRL SCOUT PROGRAM
The Wayland Junior Woman's Club held its regular October meeting in the home of Mrs. Anthony Lyons with the president, Mrs. Henry Pugh, presiding.

It was decided that the club should send a donation to the Girl Scouts of Floyd county to help with their camp which is to be built at Dewey Lake. Plans were made for a rummage sale Nov. 6, the proceeds of which are to go to the Girl Scout luncheon. The president appointed delegates and alternates to the district meeting to be held at Drift Nov. 7. All members are urged to attend the meeting. A committee was appointed to buy the Hal-lowe'en gifts for the adopted children of Bethel Heights Orphanage. Refreshments were served to our guest, Miss Ann Webb, and the following members: Mesdames Henry Pugh, David A. Stenn, Charlie Hughes, Carl R. Fraley, Herman Harman, Ralph Wright, John Campbell, Paul Savage, David Adams, Roy Martin, Anthony Lyons, and Misses Joy Terry and Faye Peters.

Members of Anderson county homemakers club's ordered tulip, jonquil, crocus, iris and hyacinth bulbs for fall planting.

BLADES of BLUEGRASS

By BOB FORD

LEXINGTON, Ky. — Back in George Washington's time about 90 percent of our American people lived on farms, but even with virgin land and the inefficient farming of that day produced barely enough food for the farm families and the few town people farming required a stout heart and a strong back with long hours of drudgery and toil.

How times have changed! Now we have plenty of food in this country and only one-third of the modern farmer must be a walking encyclopedia of accurate information based on modern science. Farmers today do not farm like the farmers of a hundred or even of ten years ago. Modern farmers are eager for today's information— for tomorrow's know-how about more efficient farming.

Where do farmers get their farming information based on modern science? There are many sources, but unquestionably most of it comes from the agricultural experiment stations of the land grant colleges and the U. S. Department of Agriculture—from such research institutions as the Kentucky Agricultural Experiment Station at the University of Kentucky. Here trained scientists labor the year round to produce more efficient farming.

farmers and women. They give up her secrets slowly and studiously, but the trained scientists through research have dug out many things that contribute to better farming in this country—hybrid corn, high yielding varieties, disease resistance, fertilization, artificial breeding, better feeding and such. These findings are carried to farmers through agricultural extension workers, county and home demonstration agents, enabling today's farmers to produce several times as much as his forefather of forty or fifty years ago.

JET PILOT AT 91
San Diego, Calif.—A 91-year-old pilot, who once drove horse-drawn stage coaches in Kansas, flew a jet airplane here at speeds up to 500 miles an hour. James W. (Dad) Montee, a licensed pilot, recalled that one of the coaches he drove out of Dodge City when he was 20 would do well to go 300 miles in 10 days. Air Force Maj. John R. McCombs of San Diego rode with Montee in the Air Force P-51 jet trainer. The nonagenarian aviator got his pilot's license at 65 while operating a Santa Monica, Calif., airport.

J. A. Hemingway of Caldwell county has set up a three-year plan for landscaping his farmstead. Six years ago the dairy herd of Roy Morris in Pandion county averaged 5,000 pounds of milk per cow; this year the average is 8,000 pounds.

...but more farm telephones

Since the end of World War II, rural telephone construction has surged ahead at a record-breaking pace. Today over half a million rural phones are served by Southern Bell, and new ones are going in at the rate of 6,500 a month.

This record building progress is even more amazing when you consider that the South's farm population has actually decreased, largely due to mechanized and more efficient farming methods.

But farmers need and use the telephone more than ever before. That's why providing them more and better service is one of our most important jobs.

SUITS FILED

Frankfort, Ky., Oct. 19 — The Franklin circuit court was yesterday in session. Judge J. C. Rawlings, of Radcliff, to declare illegal the teaching in the public school system of nuns of the Roman Catholic faith. The suit seeks to enjoin payment of funds to boards of education of Casey, Marion, Washington, Nelson, Macon and Grayson counties where it is claimed nuns are employed in violation of the law.

The suit was filed by Eugene Siler, Williamsburg attorney, former judge of the Court of Appeals. In addition, he sought to enjoin payment of educational tax funds to pay, or help pay, transportation expenses of children attending parochial school.

You're in the driver's seat for only \$2269.88*

It's your money, of course—but we'd like to see you make the most of it. That's why we publish the price of the big Buick Special here—to make Point #1: you can buy this great performer for just a few dollars more than the so-called "low-price three."

But Point #2—the smart point—is this: When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.

You boss extra power — more satisfying power—wallpapering Buick Fireball 8 power — highest ever found in a Buick Special.

You get extra room—a lot more comfortable room—real, man-sized, 6-passenger room—as much room as you get in cars costing hundreds of dollars more.

You enjoy extra satisfaction — more solid satisfaction—in the ride of this big, broad, road-steady traveler that's cushioned by coil springs on all four wheels, and engineered with all the other costly features of the Million Dollar Ride.

And, speaking of extras—here you get, at an extra cost, a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.

So, as we said—it's your money—and it's your move.

If you're aiming for the driver's seat of a hard-to-beat buy—for a lot less than you think—come in and see us soon.

DRIFT

The Drift Women's Club met in the Turner Ekhorn office building with Mrs. Bobby Hall as hostess. The Spiritual Values department was in charge of opening exercises. Year Books were given to the members and it was noted that Mrs. Flossie Elam is the author of this year's club poem. Miss Pat Reed and Mrs. Hobbs were welcomed into the club.

The president read the call to the district meeting at McDowell on Nov. 7, and delegates and alternates were elected. The district committee reported on the proposed kit to be given at the district meeting to show the work which the club has been doing the past year. Other reports of the district meeting were discussed.

The club voted to donate \$10 to help pay the expenses for getting the facts of Amendment 18 before the public; to give \$10.00 a year to Pikeville College as part of its living endorsement campaign; and to donate food and clothing to a needy family in the community.

Committees for the district meeting were announced and are as follows: Hospitality—Mrs. Sophia Cahill, Mrs. Eayle Martin, Miss Jackie Hall, Mrs. Max Turner, Mrs. Alberta Turner; Welcome—Mrs. Helen Ankrum; Invocation—Miss Catherine Reed; Pipers—Mrs. Ploy Reed, Mrs. Vada Reed, Mrs. Helen Ankrum; Registration—Mrs. Chadler Cochran, Mrs. Anna Sue Stumbo, Mrs. Flossie Elam; Credential Report—Mrs. Anna Sue Stumbo; Luncheon—Mrs. Rebecca Reed, Mrs. Anna Showers, Mrs. Ploy Reed, Mrs. Betty Mace; Mrs. Hobbs; Mrs. Vada Reed; Decorations—Mrs. Violet Moore, Miss Jackie Hall, Mrs. Max Turner, Mrs. Ploy Reed; Music—Mrs. Olive Rose Hall; Pages—Misses Betty Jean Akers, Pat Hewlett, Patsy Cochran, and Shirley Reed; Time Keeper—Mrs. Peg Hewlett; Flowers—Mrs. Anny Lee Turner.

Refreshments were served to Mesdames Rex Ankrum, C. J. Cahill, Fred Cochran, Oliver Elam, Bobby Hall, Claude Martin, Joe Moore, Alan Reed, Alvin Reed, Ward Reed, Loretta Stumbo, Ray Turner, Glen Ward, Mrs. Hobbs, and Misses Ruby Akers, Jack Hall, Catherine Reed, and Pat Reed.

If Hinchman Makes "Big Show" Look for Him in All-Star Game

If Mr. Joseph Lorenzo Hinchman, of Trum, this county, ever makes the Big Time in baseball—and nobody is betting he won't—look for him in some future All-Star game.

For this business of being in All-Star baseball lists has got to be a habit with Mr. Hinchman, who prefers plain Joe or the more colorful "Lecty" to his full name. He has been in organized ball three years, and each year he was an all-star.

This year, he was a unanimous selection for the All-Star aggregation in the West-Texas-Northern Mexico league, and no wonder. For he led the league with 26 mound victories while losing 19 games—more games won than any other Albuquerque twirler in the history of the sport there. On top of this, he was the winning pitcher in the All-Star game, and in the playoffs he pitched four complete games, winning three.

As to these facts, and you begin to see why the Chicago Cubs last month bought the strapping youngster from Oakland of the Pacific Coast league, which had Joe on what you might call lend-lease to Albuquerque.

He had more strikeouts—240 in regular season games—than any other pitcher Albuquerque ever had.

He completed more ball games and pitched more innings than any other moundman playing for the Dukes since the team started off in 1936. Besides that, he pitched the pennant-clinching victory, hit over 300 and led the Dukes' strikeout record for pitchers in a single game by whiffing 16 enemy batters.

Southpaw—youth southpaw, in particular—is expected to be with him this 23-year-old, who began his pitching around Harold last season issued an average of only three passes per game, including intentional walks.

As the property of the Cubs he will report to Los Angeles next spring. A sore arm last spring probably kept young Hinchman from a starting role on the Oakland team after he had been called up from Albuquerque by Mel Ott, Oakland manager, and former New York Giant all-time great. Ott had had his eye on Hinchman since 1950 when the Trum boy won 16 and lost 21 in his first year with Albuquerque.

"My arm was so sore last spring I couldn't pitch batting practice," the personable Hinchman told The Times recently. "But it wasn't long after I was sent back to Albuquerque that it came around and everything was all right."

This winter, while working in Michigan, he expects to do gym work, and next spring he plans to get in a few weeks of sunshine in the south or on the west coast before reporting to Los Angeles.

Hinchman was graduated from Grady Layne high school in 1937, and is now in his third year of professional ball. In 1951 he played with the Enterprise, Ala. team of the Alabama—Florida Class D league. He wound up on the all-star team there.

The next year, his first with Albuquerque, he won 18 and lost 12, and again was on the all-star team. Here, he was getting the advantage of coaching from a former big league catcher, and was picking up the fine points of the trade to go along with a sneaky fast ball and a fine curve.

This is the same youngster whom Joe Winkington, of Prestonsburg, signed to a Cleveland Indians contract for play with Enterprise, Alabama in 1951. Along the way, the Indians gave up on him and lost him to Albuquerque, an affiliate of the Oakland team. And now those in the know think he's on his way to the Cubs—where, they say, some pitching talent is badly needed.

Two Floyd Contians At Northernmost Post

Pfc. Billy Ray Willis, son of Mr. and Mrs. Bill Willis, of Prestonsburg, and Pvt. John Curry, son of Mr. and Mrs. Paul Curry, of Whitesville, are stationed at Thule Air Base, Greenland.

Pfc. Willis attended Western Kentucky State College before entering the service in February, 1952. Curry entered the army at the same time. He attended Georgetown College and later was a teacher.

Thule Air Base is the northernmost base in the Northwest Air Command. Well above the Arctic Circle, it is situated just 800 miles south of the North Pole and 2,800 miles north of New York City. It will soon pass through the period of complete darkness. From the first part of November until the middle of February the sun will remain below the horizon and the months of December and January will be without light.

VA Points to Ruling On Dental Treatment

Only one-time dental treatment will be given to veterans with service-connected dental conditions or disabilities that are not severe enough to rate disability compensation, Veterans Administration announced today.

VA said the limitation for these non-compensable cases was made under the basic 1923 law that authorized the Administrator of Veterans Affairs to provide such medical, surgical or dental service as is "reasonably necessary" for diseases or injuries incurred or aggravated in line of duty in the active military or naval service.

The limitation, VA said, does not apply to veterans receiving disability compensation for service-connected dental conditions or disabilities.

Nor does it apply to those veterans who require treatment for dental conditions, whether or not service-connected, which are medically found to be aggravating another service-connected disability, VA added.

All veterans whose treatment for non-compensable dental conditions or disabilities already has been completed will not be eligible for further treatment of those conditions or disabilities.

The one-time treatment for non-compensable cases will prevail unless the treatment is found to be unacceptable "within the limitations of good professional standards" or the veteran is found eligible under one or more of the other dental benefits classifications.

VA said an exception is made for former prisoners of war who will receive as many dental treatments as are required to take care of disabilities found to have been caused by their imprisonment.

The one-time treatment for non-compensable service-connected cases may be provided by VA dental clinics, or VA may authorize participating fee-basis dentists to provide it.

'Bear' Facts—
 By PAUL BRYANT
 UK Football Coach

LEXINGTON, KY. — Just six short weeks ago, during that long bus ride from Oxford back to Memphis following our discouraging defeat at the hands of Ole Miss, the most thought that appears to my mind was the possibility that by mid-season I would be worrying about over-confidence in our University of Kentucky football team.

I knew our boys had wonderful morale before the season began and it was fairly obvious to those of us close to the team that, with a little help and a high degree of determination, they would improve enough to give a good account of themselves. But I never foresaw at that time that we would grow up fast enough to knock off a string of nationally-rated foes and reach the point where possible cockiness would be a problem.

As I pointed out in this column back in August or early September, overconfidence is a frame of mind that no one is immune to — player or fan. In fact, the "disease" is catching and I'd like to take this opportunity to slip in a sobering antidote for what appears to be the first stages of the trouble.

The Wildcats have come a long way since that humiliating down in "The Hollow" at Oxford. No one realizes it more than I do nor, I am sure, is anyone prouder of their tremendous comeback than the coach. It took a mighty lot of doing, to say the least, and they deserve every fine thing that's been said about them. However, we all players, coaches and fans) must realize that some big obstacles are still ahead which cannot be overcome by mere reliance on reputation and a tendency to over-confidence.

Every single team that we must face from here on out is improving just as fast as our own bunch. Any letdown in desire to put up a good showing against powerful Rice (the upcoming "chuck hole" in the victory road as this is written), improving Vanderbilt, potentially dangerous Memphis State, and always-tough Tennessee (which seems to be just hitting its stride). Kentucky is going to have a try just as hard or harder than what was good enough to topple Mississippi State and Florida. To reach that peak of performance is going to take a lot of will power and work on the part of every single man.

Cadillac

Resting—After a Long, Hard Day!

Twenty minutes ago, the man you see in this picture came out of a long and harassing conference—tired, tense and with a bit of a headache.

And he said to himself—"I'll take the long way home tonight, and drive out by the waterfront, and let the Cadillac relax me!"

And that's just what he's doing.

If you own a 1953 Cadillac, you know exactly what's taking place. But if you don't—let's see what happens as he drifts into the driver's seat and lets his wonderful car begin its magic.

It's relaxing just to sit there—and look out over that long, beautiful hood into the beckoning distance.

The seat cushions hold him in luxurious comfort; the slender wheel fits naturally into his hands; great areas of glass surround him and let each glance reveal a panorama.

And, of course, he's proud—for it's an endless satisfaction to command such a respected possession.

And now comes the great lift to his spirits: He touches the key, and hears that deep-throated response so characteristic of a Cadillac engine—and, in an instant, he's off for a wonderful, wonderful hour!

Steering is no more than a gesture... the lightest touch on the throttle gets immediate action—smooth, quick and positive... the brakes are easy and certain under his foot.

So he just sits back and rolls along—with the soft sound of the wind for a lullaby—and the beautiful view for a tonic—resting, relaxing, at peace with the world!

His wife will never suspect, as he weaves into the driveway, that he was a tired and tense and weary husband just one short-hour ago.

That's one of the nicest things about a Cadillac. It's a proven therapeutic for a work-wear man!

Try it, soon, at the end of a long, hard day. We'll furnish the car. You name the time and place.
