Miss Martin and Mr. Childers Wed

Miss Joyce Lorene Martin, daughter of Mr. and Mrs. S. M. Martin, of Wayland, Ky., and Mr. Lynn Childers, son of Mr. and Mrs. Ivan Childers, of Garner, Ky., were married Saturday, November 17, in the Wayland Methodist church.

The Rev. Paul Dancy performed the double-ring ceremony before an altar decorated in a background of white under candlelight and banded with fern and white gladioli.

The bride wore a white, long-sleeved, ballerina-length tulle dress with lace dress with a white satin sash. A fingertip veil attached to a bandeau of pearls and crystals beaded added to her costume. She carried a white prayer book embellished with a white carnation corsage.

Miss Marianna Martin, sister of the bride, was the only attendant. She was dressed in a light turquoise ballerina-length taffeta dress with a matching feather-trimmed bandeau hat. To this costume was added a pink carnation corsage.

The groom's tuxedo, of Garner, Ky., were friends of both the bride and groom. They were Robert Lynn Hatcher and William Arnold Cooley, of Wayland.

The mother of the bride was dressed in dusty blue satin and wool jersey street-length dress with matching hat and a corsage of pink rosebuds. The mother of the groom wore a beige silk dress with hat to match and a corsage of yellow rosebuds.

Nuptial music was rendered by Miss Billy Blackburn, band director and music teacher at Wayland high school.

A reception was held following the ceremony, and immediately thereafter the couple left for a short wedding tour. They are now at home at Hindman, Ky.

State Industrial Growth Exhibits Reversal Trend, Research Study Reveals

Despite a slantward of physical assets, resources, and a critical location, Kentucky's industrial growth between 1947 and 1954 lagged behind most Southern states, Barham Watkins, managing director of Associated Industries of Kentucky, reported today. This constitutes a reversal of the trend in Kentucky's favor from 1939 to 1947. AIK reports that the state's industrial growth was approximately 85 per cent of the state's manufacturing jobs.

A research study, based on the 1954 Census of Manufacturers shows that:

1. Out of the 12 Southern states, Kentucky ranked 11th in attracting new industries, trailing only Mississippi.
2. In employment gains, Kentucky ranked 8th out of 12, and 70 per cent of its gain was tied up in one plant—General Electric in Louisville.
3. In manufacturing payroll gains, Kentucky ranked 8th out of 12, but added only one unit of jobs in percentage of gain despite the fact that its weekly pay per person is exceeded by only one state in the South—Texas.

This study came on the heels of a report that Kentucky had completed favorably with the nation and the South since 1939, but Watkins said the 1947-54 comparisons are more significant because they indicate a reversal of the trend.

"Despite the fact that Kentucky is looking more and more at the economic picture in the industrial revolution, the state is not doing as well as it should," Watkins said. "This takes the form of lower study of industrial education under Kentucky, the state has not kept up with the nation and other states in the South and West. Kentucky has not extended to an examination of the various needs of its workers and other activities of its industries in areas being studied."

Although AIK is not an industrial development agency, Watkins said that much of this information is being used by the state's business and industry representatives to plan and concentrate in such areas of study:

- 1. "With a better location, equal facilities, and resources, Kentucky could attract more state industry," Watkins' report said. "Kentucky faces the important challenge of improving its business, tax, and labor climate so that its many physical resources be merchandised more effectively."
- 2. Watkins pointed to the many counties which have sales representative agencies, but he said that the state should be more active in the development of such agencies.
- 3. Watkins said that the state should be more active in the development of such agencies.

Southern Bell Must Advertise Rate Increases

Franklin, Nov. 28 (AP)—The Public Service Commission directed an order this week directing Southern Bell Telephone and Telegraph Co. to advertise for three consecutive weeks its bid for increased service rates.

The telephone company is asking for approximately \$4,500,000 more revenue which would raise its investment of 475 per cent as reported Sept. 10.

The Commission further directed the telephone company to promptly post a schedule of the proposed rates in each exchange throughout the territory affected. J. E. Bassett, secretary said.

The effect upon individual subscribers and various types of services then will be available to the public, the secretary added.

"The cumulative effects of repeated increases in wages and other costs, together with the inability of the company to raise its revenue sufficiently," has compelled the company's efforts to increase its rates, he said, "to the public in Kentucky," the Southern Bell Telephone Co.'s petition stated.

Heating rates set for 9 p.m. Dec. 18 in the Public Service Commission order, Beech Bassett said. Southern Bell exchanges would be 50 of the 120 counties in the state.

Silver Tea and Bazaar Scheduled on Monday

PARENTS STILL HOLD KEY TO HAPPINESS OF CHILDREN

Despite great changes in patterns of family life, it is still the parents who endow their children with courage, a sense of responsibility, generosity, compassion and other finer qualities, Morton S. Hunt writes in the December Reader's Digest in his article, "There's No Substitute for Parents."

Hunt found youth specialists varied field, concerned about a tendency to delegate parental responsibilities to church, school and camp. Yet, a Stout executive reports: "All the camp training in the world is of no avail if when he gets home, the child is again allowed to become over-dependent on his parents."

In one New York University study, a group of children from well-to-do middle class homes was found to be far more than a group of return school kids.

The explanation offered by Dr. Howard Lane was that in "good homes," where so-called "parental help" was given in a supervisory but children saw that parents, in fact, gave nothing but a sense of purpose and a feeling of accomplishment to people they despised and do a hundred other "dislike" things to advance their interests.

Even in the first year of life, the parent is all important as psychologists agree that a basic feeling for people can be created if an infant is always handled gently, fed when hungry, and comforted when miserable. This creates a favorable and likable and unshakable trust in others.

Hunt concludes that parents should not be so over-protective and over-entirely dependent on them, but that they give our children best to the fact, the reward is unlike any other: the life of the child and his own.

Most Kentucky governors are able to wrap up control of party affairs because of their whip hand in patronage matters.

Governor Chandler is in Chicago and will attend the heavy-weight championship fight there Friday. After that he will go to Miami to attend an insurance meeting and to rest.

His office said he will be out of the state about 14 days. During his absence Lieutenant Governor Harry Lee Waterfield will be acting Governor.

To The People of Floyd County

It is my hope that my many friends may not be in doubt about my political plans and after toying for months with the idea of becoming a candidate for either Circuit Judge, Commonwealth Attorney or County Attorney, I have decided that it would cause too much confusion and division among my friends for me to make the race for either Circuit Judge or Commonwealth Attorney.

In view of the situation as above recited, I am now announcing that I am a candidate for the Democratic nomination to the office of County Attorney, subject to your wishes as you will express them at the May, 1957 Primary Election.

In making this decision, I am fully aware of the responsibilities of the office, having heretofore served in that capacity for a four year term. I solemnly pledge the people that during the next four years, as County Attorney, I shall keep an alert eye on all matters affecting the welfare of our people and as God enlightens me so to do, shall give you honestly, the best that is in me. It shall be my purpose to fulfill every obligation of the office in such a way that after my term expires, Floyd County will be an easier place in which to do right and a harder place in which to do wrong.

With these high ideals and aims in view I beg of you your support.

Faithfully yours,

employed in New London, O., and had returned to visit relatives on the holidays.

Newman was a son of Robert and Nancy Tackett Newman, of Grethel, who survive. Surviving also are his wife, Mrs. Pauline Daugherty Newman, and two sons, all at home. Brothers and sisters surviving are Travis, Melvin, Willis, Kenneth, Lizzie and Margaret, all of Grethel.

Funeral rites for Newman were conducted from the parents' home, Sunday at 10 a. m., the Rev. John B. Hamilton, Milford Adams, Bill Martin, Jonah Isaac and Luther Conn officiating. Burial was made in the S. B. Martin cemetery on Bramhan's Creek.

Kidd was a son of Lee and Della Boyd Kidd, of Harold, and was married to Patricia Ann Jackson Kidd, who survives. Two children, Ricky Gene and Johnny survive as do five brothers and sisters: Cal James Kidd, U. S. Air Force, Sodus, Mo.; Mrs. Joe Jarrell, of Harold; Mrs. Eugene Atkins, of Mare Creek; Harold, Herschel, Junior Bobby Joe, Agnes, Gale and Phyllis Ann Kidd, all at home.

Funeral services for Kidd were conducted Sunday at 10 a. m., from the Sammy Clark Branch Preswitt Baptist church, near Harold, the Revs. Isaac Stratton, Carl Senter, and Garland Straley officiating. Burial was made in the family cemetery.

The Baker Funeral Home directed both funerals.

Pvt. Hyden Completes Army Lineman Course

Fort Gordon, Ga.—Pvt. Carl L. Hyden, son of Mr. and Mrs. Glenn Hyden, Lanier, Ky., recently graduated from the lineman's course at the Army's Southeastern Signal School, Fort Gordon, Ga.

The eight-week course trained Hyden to construct and maintain both open and lead covered field communication wires and cables.

The 18-year old soldier entered the Army last June and completed basic training at Fort Knox, Ky. He attended Prestonsburg high school.

Let's Hope The Change Is For The Better

The "point system" being adopted by the Kentucky Department of Public Safety in this motor traffic law to determine who shall continue to operate motor vehicles and who shall not is heralded as a definite advance in this motor traffic field of safety. We sincerely trust it will prove to be all that is expected of it.

For the casualty lists from the highways of Kentucky continue to read like dread news from a battle front Old methods obviously have not been effective.

Only this week the Department of Safety released the figures on motor vehicle traffic accidents for the month of September. If you make even the most perfunctory attempt to feel something of the loss, the physical suffering and mental anguish of the victims and their families as you read, the statistics will become more important to you.

In September there were 61 traffic accidents in which 70 persons lost their lives in this state, bringing the number of those who in this senseless fashion died during the first nine months of the year to 547. During the same month, September, 1,139 persons were injured. One person was killed every two hours of every day. One person was injured every 35 minutes. September saw in all 2,638 motor traffic accidents, bringing the total for nine months to 22,750. Already this year, 9,626 persons have been injured, not to mention those who died. Among those who died in September were two who were killed in Floyd county where 27 wrecks injured 12 others during the month.

And yet the awesome picture is not complete. Not told in the figures at hand are the hundreds of thousands of dollars in property damage, the staggering cost of hospital and doctor bills, the cost of litigation. And, if every statistical item were complete, the full story of valuable lives lost, of the suffering of victims and also of those who caused their suffering, would not be there for us to read. To get the full impact of this race with death in which we all engage, voluntarily or involuntarily, every time we drive on car-jammed highways, we must pause to think and feel.

If we do this, and feel strongly enough, as we should, the cruel senselessness of this destruction of life and damage to person and property, we will have no fear that any new regulations the Department of Public Safety may introduce will be too harsh. On the contrary, we will entertain the strong fear that too many drunks, "wild" drivers and actual incompetents enjoy unmerited leniency.

Resolutions of Respect

In Memory of **BROTHER REUBEN TAYLOR** who died November 11, 1886

Once again hath death summoned a Brother Odd Fellow, and the odder gateway to the Eternal City has opened to welcome him to his home. He has completed his work in ministering to the wants of the afflicted, in shedding light into darkened souls, and in bringing joy into the places of misery, and as his reward has received the blaudit "well done" from the Supreme Master.

WHEREAS, The all-wise and merciful Master of the Universe has called our beloved and respected Brother home and he having been a true and faithful member of our beloved Order, therefore be it Resolved, That Prestonsburg, Ky., Lodge No. 293, I. O. O. F. of Prestonsburg, in testimony of its loss, deprecate its charter in mourning for thirty days, that we tender to the family our sincere condoleance in their deep affliction, and that a copy of these resolutions be sent to the family.

POSTAL SERVICE IN EUROPE BEATS THAT OF UNITED STATES

While Europe may lag behind America in technology, Europeans enjoy faster mail service and some public services that would be welcome on this side of the Atlantic, reports Robert Bendinger in a December Reader's Digest article. "What Europeans Can Teach Us About Public Service," condensed from Collier's.

Living in Huntington, Long Island, on the fringe of New York's metropolitan area, Bendinger regards it as normal for a letter from the city to reach him in two days. "In London, by dizzying contrast," reports the writer, "a housewife can mail her grocery order before tea in the morning and have her groceries delivered in time for dinner that evening. Both London and Paris take for granted three punctual deliveries a day. A Parisian can get a letter to

anyone in the French capital and its environs in an hour or two by dropping it in a special slot for pneumatic-tube service at the nearest post office. Almost everywhere from Glasgow to Moscow a letter will go by the fastest method available at the moment, whether it carries airmail postage or not.

European telephone systems offer many services. In Paris, you have only to dial INF-11 (information) to catch a recording of the most recent news bulletins, which are refreshed every two hours. In Amsterdam, a recorded voice will list the films showing at movie theaters along with the comment of local critics. In Vienna, telephone service supplies stock quotations, receipts, business stories for the practice dictation for secretarial students, even perfect pitch A for the tuning of musical instruments.

OF BOOK REVIEWS AND SUCH

Reminded the other day, that book reviews are a blessing to readers. I have been mulling over the matter and an almost instant dissent.

It would depend much on the reviewer. If he or she is one of those who date on this "flow of consciousness" stuff or who has a taste for the surreal, the profane and obscene, I would say you could waste a lot of good money on the trash they recommend.

But what strikes me is the fact that having after you have had a synopsis of the story and after reading all the blarney takes the "kick" out of the discovery of a good book for yourself, all by yourself. I think of my experience years ago with Mark Twain. I had never heard of Mark Twain. Samuel L. Clemens, the real name, Huek Pinn, Tom Sawyer, or any other person, character or place connected therewith. But when a certain so-called "bad man" from MacFinn county told me one day that he had recently found a book by a fellow called Mark Twain, he would sell for \$6.12 I told him to bring them. He carried them across the mountain in a coffee sack, dumped them in the floor and in his soft drawl said, "Oughta be a lot of good coo'din' there, son."

It was the Harper edition. The pages had not even been cut. And I sailed into them. The first volume was "The Adventures of Tom Sawyer." My own adventure into a book that was uncharted territory for me. A young man who really wasn't expecting much. So you who have read and laughed about and read this boyhood classic and those other matchless books of the great humorist can't be too sure. I saw one today that I by pure chance "discovered" Mark Twain, back when words such as "reviewer" or "critic" were not a part of my working vocabulary.

LETTERS TO THE EDITOR

EDITOR, THE TIMES: Tuesday night, when the results of the election here to be definitely known, I was immediately aware of the great crisis of our state with the newspaper space in helping to acquaint the people of our state with the facts concerning the highway bond issue.

I am delighted that the people gave such generous approval to this proposition, because I know well that the great bond issue, passed throughout the state, which the bond issue will permit will be of enormous benefit to the state. I am sure that the State Park system of all our merchants doing business along the highways, to the Highway Department itself, and to the future of every user of Kentucky highways.

In varying degrees, the new Highway Program will add every citizen of the Commonwealth.

My feeling is that the newspapers of the state made a very material contribution to the passage of the bond issue and I thank you on behalf of all of us who instituted it and for all the people of Kentucky.

Cordially, A. B. Chandler

Two weeks ago this column asked for information on the descendants of Breathitt and Rowan counties. To which inquiry Mrs. Irma Wickler, daughter of Dr. and Mrs. M. V. Wicker, of Wayland, and Mrs. Ora Hany, county superintendent of Large county schools, submitted a brief resume of the Hany family, particularly of Thomas P. the appellate judge.

Mrs. Hany's manuscript follows: Thomas Frazier Hargis, born June 24, 1842 at Jackson, Breathitt county, a son of John and Elizabeth Weddington John, born in Washington county, Virginia, was a lawyer. He moved to Kentucky in 1858, first to Pike county. In 1859 he moved to Breathitt county. John served 12 years as Clerk of County and Circuit Courts of Breathitt county. In 1850 he became Assistant United States Marshall.

In 1858, he moved his family to Rowan county. In 1860, John was elected County Attorney and served eight years. His father, Samuel Hargis, was of English descent and a soldier in the Revolutionary War. Elizabeth Weddington, John's wife, was a daughter of Jacob Weddington, who was one of the early settlers of Pike and Morgan counties and a soldier in War of 1812.

With these illustrious parents and grandparents it is little wonder that Thomas Frazier Hargis turned to the profession of law. But first, he was a Civil War man and Thomas Frazier was his lot with Col. John S. Morgan and enlisted as a private in Company H, 5th Kentucky Confederate Infantry, in October 1861. In Oct. 1862, he enlisted in Col. Andrew Jackson, May's 10th Kentucky Confederate Cavalry as a member of Company E. He remained with this company until the end of the war.

Thomas Frazier Hargis then returned to his father's home in Morehead and began the study of law. Soon after he was admitted to the bar, he started to practice with Judge John M. Elliott, the Appellate Judge.

On June 23, 1869, he was married to Miss Lucy S. Norvell, of Nicholas county, a daughter of William Norvell, a lawyer in Cadiz.

Thomas Frazier and his wife donated a large tract of land and a nice sum of money to the Christian Women's Board of Missions that helped to support Morehead Normal School that later became the outstanding educational institution of Morehead State College.

MARTIN
By Betty Preflatish

Mr. and Mrs. P. C. Hayes and Miss Vera Hatfield have just returned from a month's vacation trip to Arizona. While gone they were the guests of Mrs. and Mrs. J. D. Crisp, of Mesa, Ariz.

Mrs. John A. Conley is recuperating nicely at her home here from an operation she recently underwent at Our Lady of the Way Hospital.

Deck Brashear, who attends school in Louisville, spent last week-end home with his parents, Mr. and Mrs. L. B. Brashear.

A. Z. Richard Compton has returned to his duty station after spending a furlough home. He is stationed in Biloxi, Miss.

The M.Y.F. girls of the Methodist Church gave a miscellaneous shower Friday night for Mrs. Roger Burcham. Mrs. Burcham was a member of M. Y. F. and is the former Miss Florence Blackburn.

Jack Blackburn, several of the young couple's friends attended the shower bringing many nice and useful gifts.

It is nice to note so many nice changes in Martin since I've been away. There's an addition to the Martin school, especially for the Retarded Children. This was surely needed.

The St. Juliana School has been rededicated inside and made larger for its growing pupils. More students attend each year.

A new book store owned and managed by W. S. Frazier, has opened here.

Mrs. Mary Jenkins, formerly of Cooperston, W. Va., now residing back to Martin, and Mrs. Bill West, formerly of El Paso, Texas, were in town for a nice time and spent the night at the "Mary and Martha" shop.

Hank Roberts, of Prestonsburg, was a business visitor in Martin this week.

Miss Sarah Jane Hill, of Martin, and Mr. Andrew Himes, of Muncie, Ind., were married three weeks ago at the home of her sister, Mrs. L. M. Hayes, of New Castle, Ind. Only the members of the two families were present.

The bride wore a lovely white street-length dress with white accessories and white rosebud corsage. They live in the home of Mrs. S. J. Roberts and Mr. and Mrs. Himes and Mrs. and Mrs. Hayes.

The week-end here with their brother, Ken Hill, and sister, Betty Preflatish. About 20 neighbors and friends dropped in bringing gifts as a surprise shower for the couple.

Another change Mr. and Mrs. C. Hunter have entirely sold and moved into it. Mr. and Mrs. Bill West moved into the one vacated by the Hunters.

Betty Preflatish, who has spent four months with her son and daughter-in-law, Marie, S. Ind., and Mrs. Harry Gene Preflatish and grandson, Steven Lee, of Cherry Point, N. C., has returned home (as you can plainly see).

Mrs. S. J. Roberts has spent several days, the guest of Mrs. Florence Crisp.

The Altar Society of St. Juliana Church held its monthly meeting last Tuesday at the home of Mrs. S. D. Dermont. Plans for its Christmas party, which will be held the first week in December at the home of Mrs. L. B. Brashear, were discussed. After all the other business was taken care of, pumpkin pie with whipped cream and coffee were served to the moderator of the Society, Rev. George W. Nelborne and the following members, the hostess, Mrs. S. D. Dermont, Mrs. L. B. Brashear, Mrs. Jo Ewing, Mrs. Betty Manfred, Mrs. Frances Sherman and Betty Preflatish.

Mr. and Mrs. C. Stevens and daughter, Linda Kay, spent an afternoon this week visiting her parents, Mr. and Mrs. Willie Johnson, of Halo.

Mr. and Mrs. Tom Hampton have completed their new home between Helen and Martin, and have moved into it.

Miss Magdalene Hampton and guest, Miss Carol Lamborn, of Louisville, were the recent guests of her parents, Mr. and Mrs. Tom Hampton. The Hamptons had guests also their two sons, Johnny and Clyde, of Columbus, Ohio.

Mrs. Z. C. Dingus and daughter, Marceta Carol, have returned home after spending a few days in Tampa, Fla., for Mrs. Dingus' health. They plan to return there soon.

Mr. and Mrs. Carl Dingus, of Lexington, visited relatives here recently.

Mrs. George H. Fox of Ashland, is a patient in Our Lady of the Way Hospital for treatment and observation.

Her sister, Betty Spivey, is employed in the office of the hospital here.

Mr. and Mrs. Hershel Lester and children were visiting her brother, Clyde Lester and family, of Mayswan, W. Va., during the week-end.

Rev. George W. Nelborne, along with all the other parents of Eastern Kentucky, spent Monday in Lexington, attending a Deacons meeting.

Top State Job Change Made
By Chandler

Frankfort, Nov. 28 (Sp.) — Robert Humphreys, President, has been appointed state highway commissioner for the third time by Gov. A. B. Chandler.

Humphreys, road chief during Chandler's first term as governor, was re-named to the post when Humphreys began his present administration. Then Humphreys resigned after the death of U. S. Senator Alben Barkley and was chosen by Chandler to serve in the Senate until Barkley's successor was elected.

Bert Kiser, Olive Hill, who served as highway commissioner while Humphreys was in Washington, has been designated his administrative assistant.

Chandler also appointed Mark C. Waters, Shelbyville, advisory highway commissioner for the Third Road District.

Waters succeeds Bernard J. Bax, Louisville, who was named director of the State Adhesive Board of Control by Chandler's S. Rush Nicholson, Louisville, formerly held this post.

The governor accepted the resignation of Dr. Frank M. Gaines, commissioner of mental health. Dr. Harold McFadden, assistant to Dr. Gaines, was appointed to the position by Governor Chandler.

Census Bureau Conducts National Housing Survey

The National Housing Inventory, authorized by the Congress of the Nation's housing state the 1950 Census, will begin locally on November 28 according to Supervisor Robert A. Yerkey of the Census Bureau's field office at Cincinnati, which will participate in the survey.

The survey, to be carried out on a sample basis, will furnish information on the number and characteristics of dwelling units and the gains and losses resulting from new construction, conversions and demolitions since 1950.

The survey will show size and age of houses, rents paid, value of homes, condition of houses, vacancies, plumbing facilities and characteristics of families living in the houses covered in the survey. Information will be gathered also on outstanding mortgage debt, interest rates, use of conventional and government-insured mortgages, second mortgages and monthly payments, if amortized.

Supervisor Yerkey pointed out that all information furnished to the Census Bureau is kept confidential by law and only statistical totals and averages are published.

National Housing Inventory information will be collected locally by Mrs. Mary Mitchell, of Alesh, and Mrs. Wima Taubee, of Malone.

East Kentucky Towns Told Shortage of Gas Expected This Winter

Frankfort, Nov. 28 (Sp.) — Five townships in Eastern Kentucky were warned by the Public Service Commission this week to start looking for ways to avoid hardship of depleted gas supplies.

A serious shortage will occur even this winter, as the natural gas supply from Knox and Clay counties will be developed within four years, Public Service Commission Chairman James F. Gordon said.

City and county officials, legislators and other officials in Corbin, Lexington, Harbourside, Metcher and Burnside were warned by the commission to concern themselves immediately with a solution to the problem.

"It might be possible to net natural gas from lines which cross Kentucky from Texas-Louisiana gas fields at a rate increase of approximately 80 to 100 percent," Gordon said.

Members of the commission will be glad to aid public officials in solving this problem, the chairman said.

TWO GIRLS. A CHEVY AND A RECORD!

A meaningful achievement in automobile performance

Most automobile performance records are pretty difficult to relate to the kind of day in, day out driving most of us do. Running at safe and legal speeds, a '57 Chevrolet recently chalked up an important new coast-to-coast record on the road. And the way it set this record is even more important than the record itself!

A new '57 Chevrolet recently proved it has the qualities most people look for in a car—and proved it on the roads you travel. It set a new record of less than 57 hours for the run from New York to Los Angeles (certified by NASCAR). It was a stratty stock, V8-powered Chevy. It was driven by two young ladies.

When you consider that all the driving was done by 98-pound Betty Skelton and her friend Cathline Russ, the true significance of this record run becomes apparent. It's a tribute to Chevrolet's great-hearted V8 engine and wild road worthiness that it could travel day and night for 2,913 miles at safe and legal speeds—and better the existing record for the trip by more than three hours.

And when a pair of young ladies step into a car and drive it round the clock to a new transcontinental record, you know that car is easy to drive. Come try a Chevy.

In addition to Hughes those honored were:

- Center Dave Kuhn, Louisville;
- End Roger Pack, Jenkins; Fullback Bob Danberth, Bellevue; Halfback Don Notesteak, Martinsburg, W. Va.; Fullback Bill Mitchell, Georgetown; Guard Bob Bennett, Russell; Tackle J. T. Frankenhouser, Louisville; Guard Duke Corriere, Ashland; End Al Zammito, Philadelphia, Pa.; Tackle Jack Butler, Tomkinsville; Quarterback Bill Porter, Charleston, W. Va.; Quarterback Jack Freeman, Danville, and Manager Robert Holt, Covington.

Hughes, who is son of Mr. and Mrs. J. J. Hughes of Prestonsburg, lined his collegiate football career Saturday with his most brilliant performance for the UK Wildcats against Tennessee at Knoxville. He scored Kentucky's touchdown and kicked the extra point that sent Kentucky ahead till late in the fourth quarter. Hughes also quarterbacked the team to an amazing display of power against the rugged Tennessee line that had held Georgia Tech scoreless.

His brother, Lowell, freshman at UIC is regarded as his certain successor next year at the quarterback post. Lowell captained the Kittens, freshman football team, on three occasions during the 1954 season and starred at the quarterback post. His team was undefeated.

EAST TOPS WEST

In the first Eastern Kentucky Mountain Conference "football panorama," held in Paintsville Monday night, the East came from behind in the final 10 minutes on Pikeville's 28-point spurge to win, 38-22.

With less than two weeks' practice, the majority of the teams looked and played ragged. Pikeville and Paintsville highlighted the scoring for the East, and while their three counterparts were outscored by their opponents.

The results:

EAST (58)	WEST (82)
P'burg 16	24 Hazard
Elk City 11	22 M. C. Nap
Pikeville 24	19 Whung
Belfry 9	18 Fleming
Pikeville 38	18 Jenkins

POWERS VANS REGION

Auxier high school is still winless on the cage front, but vanishing the area scoring is six-foot two-inch guard, Porter Powers, who has been flipping them in at a rapid pace for Bill Goebel's Hornets. The agile senior has hit for 183 markers in five outings for a nifty 36.7 per game mark. Flat Gap's highly-touted senior center, Charlie Osborne, has dropped in 71 points in two games for a 35.5 ratio.

SUNDAY IS ALL-STATE TIME

The annual Kentucky high school all-state team will be announced this Sunday in the Courier-Journal, Eastern Kentucky, no doubt, will have two players on the first eleven, tackle Don Sinor, of Hazard, and fullback Floyd Hodge of Whiting. Paintsville may land one player on the third team, and that is all for Eastern Kentucky.

FAN REMARKS

One Wildcat fan—leaving the Kentucky-Tennessee football game in Knoxville last Saturday casually remarked about the setback, "Now every true Kentuckian knows how Kefauver felt."

TOURNEY FINALS

Maysville will be the scene of the semi-finals and finals of the 13th annual Floyd county pre-season tournament, Friday and Saturday nights.

FINAL RATINGS

The final 1956 high school statewide football ratings tabbed Prestonsburg as the 74th ranking team in the state, the lowest ever recorded by a Black Cat eleven. Paintsville's Tigers were the highest tabbed team in the area with their No. 17 position. Pikeville was 34th.

Strip Mine Areas Get Fish and Game Stocking

Frankfort, Nov. 26 (Sp.)—A report on the number of fish and game released so far this year was issued this week by the Kentucky Reclamation Association and the Division of Strip Mining and Reclamation.

Total fish released include 37,800 shellcracker brook, 2,300 adult bluegill and 150 logperch and 150 killifish, amounting to 41,300 for the current year.

Birds released include 508 quail and 208 chukars for a total of 716. Not included are 300 chukars released by the KRA at the Redner strip mine site in Western Kentucky. Paul Cannon, director of the Strip Mining and Reclamation Division said.

The Kentucky Reclamation Association, with the cooperation of the State Department of Fish and Wildlife, also released 500 additional chukars in the Western Kentucky section.

The KRA and the Department of Conservation—Division of Strip Mining and Reclamation have been experimenting this year with the chukar.

A game bird, the chukar partridge ranges between the quail and the pheasant in size. Reports so far on the new bird in Kentucky have been very satisfactory.

LIFE AND DEATH OF PARTY

The driver who drinks even one drink and takes his car down the highway should be called "The Life and Death of the Party."

Way efficient brakes slow down a car—with this difference a driver controls his brakes, but alcohol controls the driver.

Take a look for a moment, at some figures that show what reflexes really mean. They mean, of course, the difference between life and death, but these National Safety Council data on "stopping distance" give a new sharpness to this meaning:

A car going 20 miles per hour travels 32 feet between the time a driver sees the danger, applies the brakes, and brings it to a stop. A driver's "thinking distance" at 60 mph—that is, the time it takes him to see danger and apply brakes—is 66 feet, and the car itself, going at a mile-a-minute speed, will travel 336 feet before being stopped by average brakes.

At 70 miles an hour—the speed at which so many reflex-fuzzy drivers travel after bending an elbow—the "thinking distance" is 77 feet, and the stopping distance 321 feet, with good brakes, and 445 with "passable" brakes.

There is no way to laugh off these facts. Nor is there any way to laugh off the tragic results caused by ignoring them.

Put it this way: If you're going 70 miles an hour, you will cover more ground than the length of a football field before you can stop your car. And this holds true only when your reflexes are normally keen and efficient.

A driver whose mind is fuzzy with alcohol will take far more time to see danger and stop his car—and, indeed, he stops it at all before hitting a train, an embankment, or another car.

Danger signals—such as a pedestrian suddenly stepping into the street, or an automobile cutting recklessly out of its proper traffic lane—don't register automatically in a befuddled brain. There must be a dual process of recognition and transmission. This may take only a few seconds, but these few seconds are generally the difference between life and death on the highway.

Obviously, the ritual of "one for the road" can be a prelude to disaster. It is often the choice between taking a drink and taking a life.

BAZAAR AND BAKE SALE SET
The Martin Methodist church announces its annual Christmas bazaar, sponsored by the WSCS, will be held Friday, Nov. 30, and Saturday, Dec. 1, at the Jewel Hardware store. A bake sale at the same time and place will also be held, it was said.
