Mr. Davis had appeared to be in his normal state of health and news of his sudden passing came as a shock to friends and relatives.

A son of Mrs. Ollie Tyler Davis and the late Trevor C. Davis, he was a native of Prestonsburg where he spent his entire life. At the time of his death he and his family operated a grocery store here.

LEAGUE SUIT IS DECIDED

By Court of Appeals; Judgment Is Rendered Against Former Trustees

The 10-year-old The League suit against four former Floyd magistrates was decided by the Court of Appeals last Friday to the effect that the plaintiffs are to receive approximately \$17,000.

The opinion, written by Commissioner Weddell, held that the statute of limitations is superseded by funds prior to October 6, 1947, since the original suit was not filed till October 6, 1953.

Special Judge Lawrence F. Speckman held at the conclusion of the trial of the case that the defendants, James Robert, Glenn C. Burchett, John May and Henry Stumbo, were indicted in the sum of \$15,000 unlawfully paid during their terms of office from January 1, 1946, to December 31, 1949.

Actualy, Commissioner Weddell pointed out, magistrates were not liable for the amount of money prior to June 19, 1946, the date when the Legislature's repeal of the law became effective.

ABC LASHES AT OPPONENT

Attacks Sales Tax, Hits At Alleged State Waste; Martin Named Chairman

A. B. Chandler launched his Floyd county campaign for Governor at 8:30 p.m. at the State Park, Saturday evening with a dinner and a speech, and was joined there by approximately 500 supporters.

True to form as a campaign maestro, "Happy" launched into laughing provoking ridicule of his opponent and supporters and ended on a note of impassioned appeal to the voters to avail themselves of his long governmental experience by reelecting him governor for the third time.

Among those making short talks, as recognized by Martin, were The Hon. Stovall, Allen B. Hall, Dr. Edward B. Leslie, Allen Stone, Eldad Allen, Walter Prader and E. P. Graybill, Jr.

"We are leading a crusade that will end in May with the greatest of all Kentucky primary victories. When you say the word 'no' to the opening of this speech, referring to the First Congressional District, you are saying 'no' to the county, home of Edward T. Breathitt, his administration-supported opponent, he added."

"I pledge you flood control. I pledge you a road without any potholes. I traversed your county today and it saddened my heart. When you say the word 'no' to the past the county will bloom again."

CONTROL JOB LESSENS LOSS

Engineers Set District Damages At \$36,507,000 With Present Protection

U. S. Army Engineers' flood protection projects prevented damages which would have totaled \$77,580,000 in the Huntington District during the series of floods in the first two weeks of March.

And, if the John Flanagan and Fishtrap dams in the Big Sandy watershed had been completed, the river crest at Prestonsburg would have been 10 feet lower, saving millions of dollars more.

Natural damages—those which would have occurred without the benefit of reservoirs and floodwalls—would have been \$114,967,000, Col. Cochran said.

REED HEADS SEAL DRIVE

Annual Easter Seal Campaign Continues In Floyd Till April 14

B. F. Reed, of Drift, will serve as chairman of the 1963 Easter Seal Campaign for crippled children in Floyd county, it was announced this week by W. T. Isaac, Danville, state chairman.

The annual appeal opened March 14 and will continue through April 14. Contributions will be accepted at the County Society for Crippled Children to provide care and treatment for physically handicapped children throughout the year.

West. Sarah O'Dell, 99, Prestonsburg, Dies Following Brief Illness

Mrs. Sarah Mildred Garrett O'Dell, 99, of West Prestonsburg, died at her home Saturday at 8:30 a.m. following a brief illness.

She was the widow of James O'Dell who preceded her death in 1937.

Mrs. O'Dell was a daughter of Rev. Samuel P. Garrett and Jane Scotchfield Garrett. She was a member of the Methodist Church for 80 years.

Surviving are three daughters, Mrs. Frances Bolling and Mrs. Jane Ann Bolling, both of West Prestonsburg, and Mrs. Martha Rowan, Lincolnton, Ohio. One brother, Mealey Garrett, of Danville, survives.

Funerals were conducted Tuesday at 1 p.m. from the First Methodist Church here by the Rev. W. H. Hatton, pastor.

BRIDGE REPLACEMENTS IN AREA AUTHORIZED

The Kentucky Highway Department has authorized the replacement of several bridges in the Floyd, Pike, Letcher, Boone and Harlan counties.

Deputy Commissioner Robert D. Bell announced completed arrangements with four Kentucky contractors who specialize in bridge construction and repair.

At least 13 specialized crews are being to the job sites now and will be working this week, Bell said.

Mrs. Elizabeth May, 91, Of Langley, Is Claimed; Funeral Conducted Monday

Mrs. Elizabeth Dugan May, 91, of Langley, died Saturday at the Beaver Valley hospital, Martin, following an illness of a month.

She was the widow of Sam May, who died in 1945.

Mrs. May was the last of the family of James H. and Sarah Harbert of May, both of Langley, and Mrs. Joseph Webb, of Garrett, Surber and Branch Bottom.

FLOOD THREAT END FOR BIG SANDY FIVE YEARS AWAY, GROUP IS TOLD

BERRY PLANTS ARE ORDERED

New Regional Setting Of 170 Acres Is Set; Order Deadline Is Set

A total of 965,575 strawberry plants—enough to plant between 165 and 170 acres—have been ordered from the several counties of this area to be sown by the Prestonsburg processing plant.

Because the weather has been unusually bad, it has been decided to take supplemental orders until April 3, County Agent Jack Price said last week.

The initial order of 529,575 plants was made from this county last Wednesday, he said.

MOORE DIES IN ACCIDENT

East McDowell Resident Victim At Wrecking Job While On Necessing Work

Walker Moore, 51, East McDowell, died within a few minutes following multiple injuries suffered near Monday while engaged in construction job at Norton, Virginia.

Mrs. Moore, a crane operator, was employed in wrecking an old power plant and the machine occurred fatally crushing him. He jumped from the crane when it tilted but failed to clear himself.

He was a son of General and Elizabeth Stumbo Moore and the husband of Anna Hamilton Moore. He was a member of the Regular Baptist Church.

Surviving sons and daughters are Clinton Deane, Donnie, Connie Anita and Ross Moore, all at home. Surviving brothers and sisters are Beecher Moore and Glieve Moore, both of Ray, Ohio. Mrs. Mattie Stankenship, Mrs. Zella Hamilton, Mrs. Vestie Brown and Mrs. Elma Prasure, all of East McDowell.

Funeral services were conducted Friday (March 28) at 10 a.m. from the home, ministers of the Regular Baptist Church officiating. Burial was made in the Jack Hill cemetery at East McDowell under the direction of Hall Brothers Funeral Home.

GUILD TRAIN SLATED HERE

The two-car Kentucky Guild E. Roberts or Mrs. Calvin Herick, Train, the nation's first art-and-craft train to be put into operation during, will be on a Sunday at West Prestonsburg for three days, beginning April 9.

The train, two railroad cars carrying an art and craft gallery and a variety of exhibits that explore native Kentucky interests in some depth. The other two will cover the same material in various techniques in wood, metal, clay, wax and other media.

COOPER LEADS PARLEY HELD HERE TUESDAY

Work at Martin Seen But Smaller Streams Not in Present Plans

Flood trouble along the Big Sandy itself should be over, five years from now, but the threat of big waters will continue to hang over the heads of those living and working in tributary valleys.

So said Col. Harrington Cochrane, chief of the planning committee of the Huntington district office, Corps of Engineers, and Mr. Garish, of the Senate Flood Control Committee staff, stopped here during a tour of the flood-waged communities of Eastern Kentucky.

This flood has aroused the interest and sympathy of the Congress, Senator Cooper commented. He admitted that those who have had their belongings are entitled to be impatient, but pointed out that a great deal has been done since the flood of 1957. He cited the John Hancock reservoir—now complete, the Fishtrap dam and the small North Fork of Pound dam, under construction—180 million worth.

Senator Cooper is the ranking member of the Senate Public Works committee and also is a member of the committee on Appropriations.

A week ago, he said, he asked the Corps of Engineers to reorganize flood control projects in the valley and requested that additional money be provided to reduce by a year the construction time on reservoir projects under construction, if it is found that the Corps of Engineers can make effective use of the funds.

"I believe we can get the additional money—I feel confident of it," he said.

The Carr's Fork reservoir in the Kentucky River basin is ready for construction, and the long-dormant Hays reservoir project on the Clinch River is being studied.

Great Beliefs Study Set at Church Here
Four Bible studies on Great Beliefs of the Christian Church will be held at the First Presbyterian Church here on the evenings of April 7, 8, 9, and 10 at 7:30.

Special music will be given by the choir of the church and others. The singing of hymns and gospel songs and the study of God's word will feature these meetings. The pastor of the church will conduct the studies.

Mr. Hughes pointed out that streams are so clogged by debris and silt that the water is obstructed and cannot get on down. In fact, it is so clogged that it is impossible to tell where the stream bed is. "Now our government," he said, "is feeding quite a few people in this area. This is a good thing, and I am not criticizing it, but I feel that the government could put able-bodied men to work clearing the river and streams."

"You and I must have been in communication, somehow," Senator Cooper later remarked.

ASTOR C. COLLINS SUFFERS BROWNEK LEG

Astor C. Collins, son of Dr. and Mrs. M. M. Collins, of Lacey, suffered a broken leg in a fall recently while he and his brother, Scott Collins, Prestonsburg attorney, were attempting to reach a child who had been seriously burned at Lacey. His leg was broken in three places at the ankle.

BENTLEY, NOT DYER

The name of the "ham" radio operator who served during the recent flood from Hindman was erroneously given, last week in the Times as Roneyrn C. Dyer, of Allen. Name of the operator is Romine Bentley, of Wayland. Don't make the mistake of using manure on strawberry fields that will produce this year.

STRAWBERRY FERTILIZER

Strawberry patches should be fertilized now. This practice will add extra crates of berries to each acre. When you fertilize be sure to use a fertilizer that does not contain nitrogen such as 0-20-20 or 0-30-20. Use 700 pounds of 0-20-20 or 500 pounds of 0-30-20 per acre. The fertilizer should be broadcast over the entire patch when the plants are dry so the fertilizer won't stick to the plants.

(Continued from Page One)
He explained that property entered upon for the laying of lines would be retained, the lines paving, including etc. are to be replaced in condition "at least as good as before." And he added, the contractor is under bond to make good on this.

A representative of Bell Engineering Co., Lexington, corroborated this. He explained that the contractor will be filling ditches as rapidly as possible, for he will not be paid for the work till this is done and it is inspected and accepted. Dr. Archer painstakingly reviewed the history of the project, pointing out that the plan for Prestonsburg is "zero" on this project is done. Under the assumption that Prestonsburg would have a modern sewerage system and sewage disposal plant, he said, a line has been laid from May Lodge at Jersey Wiley State Park to Lancaster; a sewerage public housing project to be served by the system is now under way, and sewer service has been promised the community college.

"We already have entered into three valve contracts. I don't know we can get out of them," he said. He explained that the State Health Department has given permission for the city to build the sewers from Lancaster and to dump the sewage into the Big Sandy at May Lodge here, until the sewage disposal plant is completed and all connections with it have been made. The same arrangement will be sought for the lower section of Prestonsburg to accommodate the college and housing project while sewer disposal facilities.

Inquiries must inevitably result, it was conceded. The main part of Prestonsburg was cited as a section which will not get new sewers, although property-owners there will pay the extra water bill to retire the sewer bonds "in the same way those who get new sewers. The old manholes will be trapped in their part of town, however, to eliminate the odor making the area in time of drought. Basements of approximately 20 homes will be below the sewer line level, and so pumps will be necessary for them or sewage elimination from these basements will have to be discontinued.

The Mayor said that roughly 70% of Prestonsburg has no sewerage at all. However, septic tanks are in use the soil has absorbed almost all the waste it will contain, Dr. Archer said.

Minimum amounts have been allocated by the federal agencies for assessment, purchases and if these costs rise to exorbitant figures, Mayor Archer said, the cost beyond the amount allocated will have to be paid by the taxpayers. "So," he said, "this would affect all, taxes would have to be raised to pay the bill as it would rise."

George Metz, resident engineer, will move to Prestonsburg shortly for the beginning of work. "The Mayor and City Council met Tuesday night with the contractors. We will ask," Dr. Archer said in lighter vein at the town meeting, "that two cranes be working, one at either end of town, in the hope that one day, they will meet and can drive the golden spike—and all go down the sewer together."

"Discussion during the meeting resulted from questions asked by Ray Akers, L. B. Moore, Arnold Compton and Glenn S. Anderson. Maps of the project were explained to interested persons by engineers.

prices that part of the Ohio River drainage basin which drains into the Ohio River between Lock & Dam 14, above New Martinsville, W. Va., and Dam, below Maysville, Ky.

The locks and dams on the Ohio River are for purposes of navigation only; they have no relation to flood control. Flood control is achieved through tributary dams such as those in Ohio's Muskingum system, Sutton and Bluestone in West Virginia and Dewey in Kentucky.

In the Big Sandy Basin (West Virginia and Kentucky) damages totaled \$19,011,000 while benefits amounted to \$22,472,000. Of this benefits total, \$15,113,000 is attributable to the partially-completed John W. Flannagan reservoir project on Pound River, Va., a part of the Big Sandy.

Crests at Pikeville, Paintsville and Prestonsburg would have been reduced by more than 10 feet if Flaxtrap and Flannagan Reservoirs had been completed.

MANY PERSONS ARE NOT INSURED FOR SOCIAL SECURITY BENEFITS

E. B. Malinay, district manager of the Social Security Administration office in Pikeville, advises that almost every week he has the unpleasant task of telling someone that they are not insured for social security benefits. Sometimes it is because they have not worked long enough in work covered by social security and sometimes it is because their employers have neglected to report their work.

"The Social Security Act was enacted 27 years ago last August, yet we still find an occasional employer who fails to file social security reports of wages for his employees," Mr. Malinay said.

At present, all employment in commerce and industry is covered by social security, and there is no requirement that an employer have a certain number of employees. For

example, a carpenter might employ just one helper; if so, he must deduct social security tax and report the earnings for social security purposes.

Each employer is required to keep a record for each employee of wages paid and taxes withheld. The employer should copy into his permanent records the names and social security numbers of his employees, exactly as they appear on their social security cards. At the close of each calendar quarter the employer must prepare a quarterly tax return and report these wages for social security purposes.

The return must be filed with the District Director of Internal Revenue for the district in which the employer's principal place of business is located. The social security tax must be paid with these returns.

It is important that wages be reported currently and on time, since the old-age, survivors, and disability insurance benefits payable under the Social Security Act are based on the individual worker's

social security earnings record.

"We know that in the past some employers in Floyd county have failed to report wages correctly, and in some instances have just failed to report them," Malinay said. "In other situations, the person who actually did the work and his family are being done an injustice. There is only one real solution. If you are an employer, be sure you keep a record of the wages paid to your employees and report them. If you are an employee, make sure that your employer has your social security account number and that he reports your wages. You should also keep a record of the employer you have worked for and any evidence you may have of this work. Check your social security at least once every three years to insure that your account is posted correctly."

Four Break Into Safe, Find Nothing; Owner Had Discontinued Use

Four Kentuckians went to a lot of trouble Saturday trying to break open a safe—all for nothing. And they landed in jail, besides at Corbin, West Virginia.

Sheriff S. P. Noe identified them as Doris Floyd Anderson, 39, Danville; Darwin Morrell Scott, 50, Cadetsburg; Edgar Edmondson, 40, Paintsville; and Hannibal S. Wheeling, Paintsville.

Officers working on a tip surprised the group at Flanagan digstore. The four had driven a steel pin into the safe and were within minutes of opening it, Noe said.

Mrs. Anderson and Scott were arrested on the spot. Wheeler and Edmondson jumped through a window and a deputy caught Edmondson after a two-block chase. Wheeler was arrested later as he appeared at a Huntington hospital for treatment of cuts. All were charged with burglary. The safe was empty, it was said.

ACTION NAMES BUILDING FIRM

State Employee, Hurt In Fall at May Lodge, Sues Lodge Builders

Injuries suffered by a state employee in a fall at May Lodge, Jenny Wiley State Park, day before its dedication September 22, has resulted Monday in the filing of a \$106,307.89 damage suit against Ervin and Allen Akers, doing business as Akers & Akers, contractors who built the lodge.

The plaintiff is Howard F. Smith, of Woodford county, who at the time of the dedication was an employee of the Gifts and Souvenirs Division of the Department of Parks. He claims that while he and others were setting up a gift shop in the lodge a stairway connecting the lower and upper levels of the lodge collapsed beneath him, hurling him about 10 feet onto the ground and causing head, brain and other injuries. Negligence and carelessness on the part of the contractors are alleged.

Smith claimed \$50,000 for injuries, \$50,000 for loss of earning power and \$6,307.89 for medical, hospital and nursing expenses already incurred or anticipated. His attorneys are Joseph J. Leary and Thomas F. Marshall, of Frankfort.

"To Mamaw and Papaw"

(Mr. and Mrs. J. L. Lafferty, Sr.)

"Written Just for You"
I can remember my childhood,
With Mamaw and Papaw so near,
I wish I could relive those days,
With them so sweet and dear.

I have my own family now,
Which means the world to me,
But Mamaw and Papaw's still in my heart,
And I know they will always be.

Even though we're not together,
We're so many miles apart,
Mamaw and Papaw's still with me,
Deep inside my heart.

They came to visit me last month,
My heart was full of cheer,
It meant so very much to me,
For them to be so near.

The days passed so quickly,
And I knew they must depart,
I shed my tears of sorrow,
Much sadness filled my heart.

I dream of them often,
At night when I go to sleep,
I dreamed of their leaving,
I just had to weep.

I love them so dearly,
No one could take their place,
Soon I will be with them,
And feel their warm embrace.

I plan a visit to their home,
To be with them once more,
I can see them both, right now,
Waiting at the door.

Until then I must be happy,
What ever must be, must be,
I know God will keep them,
Safe at home for me.

I'm so glad we have a memory,
I thank our good Lord above,
But most of all I thank our Lord,
For my Mamaw and Papaw's love.

FLOYD COUNTIANS WIN 3 OF 4 7TH DISTRICT CLUB CONTESTS HELD AT PIKEVILLE COLLEGE

Seventh district music, art and sewing contests for the Kentucky Federation of Women's Clubs was held in Condit Hall at Pikeville College Saturday with Mrs. Chester W. Smith, district governor, in charge.

Storion Collins, of Wheelwright, was first place winner in the music contest, which was for instrumentalists only for students in the eighth through twelfth grades. She played the flute.

CARD OF THANKS

We gratefully acknowledge the kindness of relatives and friends in our bereavement upon the death of our beloved wife, mother and sister, Gertrude Callahan McWhorter. We would especially thank those who sent floral offerings and the Rev. Orin M. Sumnerman for his consoling words.

THE FAMILY

Winnie Ann Little, of Melvin, placed second, and Jennifer Friend, of Pikeville, placed third. Miss Little and Miss Friend both played selections on the clarinet.

Miss Collins represented the Wheelwright Woman's Club and will be a contestant in the state contest to be held on April 21 in Louisville.

Mrs. Ora Howard of the David Woman's Club, won first prize in the club members art contest. Her entry was an oil painting, entitled: "Sunset on the Tropical Sea." Miss Katherine Griswold of the Pikeville Woman's Club, won second prize for an oil painting of swimming ducks.

CITIZENS OF FLOYD COUNTY: Morehead Dean's List Released for Fall Term

I would like to submit to you hereby my candidacy for reelection, for Circuit Judge.

It is quite true I intended to retire at the end of this term, and so stated, however, the law at that time provided for retirement at age 60. In 1949 the law was changed to age 65. Circuit Judges have certain to retire at which they can retire.

The legislature determines that question, just like the legislature determines the one at which miners retire, and like private companies have their individual retirement systems. I am now 68 years of age and feel just I have some more good years before me.

In connection with the retirement question, I should also tell you that the retirement law also provides that persons in any classification may at all times Special Circuit Judge at about 35% reduction in salary. This Special Judge's work involves being sent all over the state to try cases in which the regular judge is disqualified. I do not like this work away from home, neither my wife, Burdette, nor my local attorneys today make twice the salary made by Special Circuit Judges.

There are other reasons why I decided to seek re-election: First, I would not like the situation of being a Special Circuit Judge and Henry would be a period of eight months after this term before I would be eligible for that.

Second, and a most important reason, the BIG LIQUOR MONOPOLY is against me and has boasted that it is out to get rid of me. You people of Floyd county know a job about this liquor situation and do not have to spell it out to you. I want you to tell your neighbors the who's who and let's show them that the Liquor Monopoli cannot tell the people of Floyd county their judge will be for the next six years.

A third reason I am seeking reelection is because of the BIG DDA, engineered by a handful of you big-shot politicians, some of whom were disgruntled because I have tried, and in which my opponent was persuaded against his own previous expressed plain ang desire, to run for Judge instead of Commonwealth Attorney. Many months ago my opponent, Honie Conley, voluntarily told me he would not run for Circuit Judge, but would run for Commonwealth Attorney.

At that time, he had a nice super-market, at Garret, a good law practice. In addition to his salary as Commonwealth Attorney, and that he could do much better financially with his present arrangements with the office of Circuit Judge. About Sunday night the 17th of February, this little group of unscrupulous and unprincipled politicians made a DEAL, whereby Mr. Conley would change his mind and run for Judge. Their idea was to get a Judge that would suit them and not suit them. Now, I have nothing against my opponent, Mr. Conley, but it is not good that your Circuit Judge be selected by this or any small group of disgruntled politicians. If he were your Judge, he would certainly have a great obligation to these men.

When I made the first race for Judge, I assured the people of the District that I WOULD NOT ENGAGE IN PARTISAN POLITICS. Rule 35 of the American Bar Association prohibits Circuit Judges from engaging in partisan politics. I have kept my promise to you in this respect, with the single exception of one traveling I did with my brother, Lon Hill, when he made the race for Representative. I believe that a Circuit Judge should not dabble in any political affair. He should be able to give a square deal to every litigant and to expresse charges with entire regardless of whether he is colored or white, rich or poor, Democrat or Republican, Protestant or Catholic. If he is elected, I shall continue to keep out of any and all political entanglements; to not dabble in any partisan, political, or organizational, and not to have any base or favorites looking in the hands of the courtroom.

As in the past, Governor's men, let me assure you, here and now, that I shall have nothing whatever to do with the race, not even to the extent of attending any political rally on either side. That race involves the Executive branch of our state government. My race is in the Judicial Department. Our Founding Fathers were most insistent that they be separate and distinct, and I shall follow their mandate.

Some of these politicians have been boasting about the greater drug store that I am about to make this race. Do this, I would say, I am in and out of Floyd county. My wife and I have been here since 1924 when the Civil War, and my great grandfather, for whom I was named, was a member of Floyd county, before the Civil War, and how sleep on a great in Prestonsburg, overlooking the fine new bridge at the north end of town.

EDWARD P. HILL

I love Floyd county and its striking people. They are entitled to the best. So far as being afraid to run is concerned, I am not afraid of anything that walks upon this earth, more especially a selfish politician or group of them. I'm all alone in this race, with no politician obligated to me, nobody for me but the PEOPLE. This is your fight, for the welfare of yourselves and those you cherish. I call upon all of you to join in this crusade for a time-tested Judge, for a court free of political domination, where the law may be enforced impartially and where mercy may be shown when deserved. Respectively, EDWARD P. HILL

Helicopter Delivers Fuel, Water and Oil To Flood-Ravaged Town

Before the Big Sandy created here at 80 feet, shortly before noon last Wednesday, Gov. Earl Combs, Lt. Gov. Wilson W. Wyatt, Assistant Adjutant General W. R. Busler and other state officials arrived by helicopter on an on-the-spot view of the situation.

At that time the fight to keep the water out of the business district and all the southern section of town was considered won, with the floodwall holding the water out. From Patton street, north, however, water had invaded homes and businesses.

From here the Governor and his party flew to a mercy mission, delivering water and fuel oil by helicopter, then continuing their inspection tour of Pikeville, Hazard, the Beaver Creaks and other hard-hit areas.

From the time the first wave of disastrous flood waves hit 20 miles east of Hazard, Kentucky last week, every possible state agency worked on the scene to evacuate people and rush in vital supplies to others trapped by the swirling waters.

With the experience of the 1957 and 1962 floods behind it, Kentucky's Civil Defense headquarters in Frankfort was in constant radio contact with the C. D. mobile communications center, first moved to Jackson in the county and then to Harlan.

Ham radio operators and local radio stations in several completely isolated towns exchanged information with the C. D. radio van and provided the towns just only contact with the outside world.

Standing by at the C. D. headquarters in Frankfort were officials of several departments of state government—Agriculture, Health, Highways, Public Safety and others—to dispatch aid on the spot. Four Army helicopters, plus Highway Department trucks, were utilized to rush food, water and medicine, and to evacuate refugees when necessary. These actions were coordinated at the C. D. headquarters.

State and local health officers in several counties mobilized to get vaccines, medicines and other medical supplies to the sickle areas. Three state health engineers checked water supplies and brought in chlorine compounds to help purify polluted supplies. The Department's Sanitation Division checked food supplies for contamination, a task inspectors from the Food and Drug Division were dispatched to food processing plants and drug stores.

As water receded and mop-up operations were begun, Highway Commissioner Henry Ward predicted that the cost of repairing roads and bridges will run into millions of dollars. More than 100 bridges were washed out in Harlan county alone. State highway crews were out with bulldozers to clear roads of mud and debris to make them passable.

Ward said that the Department's repair program budget is already strained by some \$15 million damage inflicted by the past winter. Every effort will be made, he said, to divert more funds to the recovery operation in Eastern Kentucky.

Other recovery operations were initiated from Frankfort as Governor Combs, waded top Congressional committee chairmen to take immediate action on flood-control projects for Eastern Kentucky. "We will make maximum use of every state and federal program available," the Governor said. "But we know there must be reviewed to be effective in this unusual case where every program has already been expended to the maximum."

Two groups of officials from several federal agencies visited Eastern Kentucky last week. Government Combs accompanied one group on Friday. Included in the party were Rep. Carl Perlmutter, Assistant Secretary of Agriculture John Baker, Edward McDermott, director of Emergency Resources Planning for the National Civil Defense Council, Robert Slick, vice-president of the American Red Cross, and representatives of the U. S. Small Business Administration, Public Works Commission, Corps of Engineers and other agencies. The group attended public meetings at Hazard and later at Pikeville to advise localities on providing flood recovery procedures and to learn from homeowners' losses.

Public officials also met others the extent of damage and what additional provisions might be possible action.

Legislative Governor Wyatt had accompanied a similar group of federal officials on the previous day, but that effort was held later in Washington under the need of more intensive information on the 20-county disaster area, but not doubt by recurring floods and continuing erosion problems.

PLAN STUDY OF HOSPITALS

Dr. Rosenfeld Retained To Examine Institutions Scheduled for Closing

An authority on hospital operation will make a study of the four United Mine Workers' hospitals in Eastern Kentucky and make recommendations of possible ways of keeping them open. The union has announced its intention of closing the hospitals by July 1.

Dr. E. D. Rosenfeld, New York City, has been retained by the United Presbyterian Board of National Missions to make the study. The missions board hired Dr. Rosenfeld after serving to cooperate with Kentucky State Government officials in exploring ways of solving the hospital problem. The hospitals are located at McDowell, Hazard, Whitesburg and Middlesboro.

At a Frankfort meeting with state officials, Dr. Rosenfeld said his analysis of the hospital operations will include such items as financial and administrative structure, personnel and non-professional staffing, nature of services to be offered, and community support required.

State officials at the meeting included Health and Welfare Administrator Felix Janner, John Whitman, special assistant to the governor, Health and Welfare Administrator Burke V. Powell and Health Commissioner Dr. Russell E. Trague.

Our teachers are not ever going to be paid as much in Kentucky as they are in Connecticut and New York and New Jersey and some of the richer states. THEY'RE ... IF THEY'RE NOT SATISFIED WITH THE MONEY THEY GET HERE THEY'LL JUST HAVE TO GO TEACH SOMEWHERE ELSE. YOU UNDERSTAND, MAKE UP THEIR MINDS ABOUT THAT." (Statement of A. B. Chandler when interviewed on Radio Station WLAP, Lexington, 1962, and tape recorded).

Former Floyd Couple Observe Anniversary

Mr. and Mrs. Clarence Olson recently celebrated their 25th wedding anniversary with an open house at their home, Oak Lawn Farm, near Pheno, Illinois.
Mrs. Olson is the former Elymas Anderson, daughter of Mrs. Mary Jane Anderson, of McDowell, and the late Martin C. Anderson.
The table was decorated with a white lace tablecloth over silver. Silver chandeliers were on each side of the cake. The cake was all white with a silver heart on the top of the four tiers and a centerpiece of red carnations and white pumpkins.
Miss Zolma Anderson, of Chicago, sister of Mrs. Olson, poured coffee. Among the friends and relatives who brought many gifts and congratulations were Mr. and Mrs. Edward Stumbo and family, now living at Plantville, Illinois, where Mr. Stumbo is principal of the grade school. Piano selections were played by Miss Mary Lynn Vance, Mrs. Olson's niece.

OPERATION EASTERN KENTUCKY... Eastern Kentucky State College, Richmond, sent three truck loads of clothing and food to the stricken flood areas last week. One truck was unloaded at the Allen Community Fire Department and distributed through Floyd county churches by Rev. Cohen Campbell (right). Shown are Pvt. WINTER ROAD DAMAGE SET AT \$15,000,000

Frankfort, Ky., March 7 (Sp.).—Winter damage to Kentucky roads and highways may reach \$15,000,000, Highway Commissioner Henry Ward said today.
"With the spring that just beginning, following one of the severest winters on record, we know that damage already has been very heavy and can estimate that it will increase," Ward said.
Preliminary estimates from each of the state's 12 districts of roads indicate widespread damage already to both main highways and rural secondary roads.
The twelfth district, with offices at Pikeville servicing seven counties, including Floyd, reported estimated damage of \$1,300,000.
"All districts will report damage approaching or exceeding that amount," Ward said.
The next few weeks are critical ones for highways. The thawing subsoil under the routes tends to make the surface very unstable and is being washed away by heavy rains.
Weight load limits have already been reduced on hundreds of routes throughout the state in order to lessen the damage. Also no overweight permits will be issued until March 15, Ward said.

East Point Teacher Awarded Fellowship at Cornell University
Calvin K. Gray, of East Point, a teacher at Prestonsburg high school, has been awarded a Shell Merit Fellowship at Cornell University, Ithaca, N. Y., for the summer of 1963.
These fellowships were established at Cornell University in 1956 by the Shell Companies Foundation, to help improve instruction in high school chemistry, physics, and mathematics. At the same time, to recognize meritorious teachers in these fields.
As a Shell Merit Fellow, Mr. Gray will enroll for a special course in the department of chemistry, physics, and mathematics in research and development. Guest scientists and mathematicians will be available to discuss special topics.
Gray received his B. S. degree at Morehead State College and his M. A. degree in Physical Sciences at Marshall University. He is a member of the Phi Chapter, Kappa Delta Phi.
Carrots, cabbage, mushrooms, dry beans, sweet potatoes, rice, radishes and potatoes are the more plentiful vegetables this month.

AREA AIDED BY EASTERN
Floyd, Clothing Sent By College To Flood, Other Flooded Sections
Eastern State College, Richmond, is doing its bit to alleviate some of the suffering wrought by last week's flood. Three trucks, each loaded with two and one-half tons of clothing and food, were sent into the area Tuesday.
One truck, accompanied by Carl Woods of the Eastern faculty, arrived at Allen Tuesday afternoon and the food and clothing were stored in the Allen Fire Department building. Distribution was being made Wednesday to churches in the stricken area under the direction of Rev. Cohen Campbell, pastor of the Allen Baptist church.
A committee of nine faculty officers were appointed by President Robert R. Martin to spearhead the campaign, which included a comprehensive plan of "door-to-door" solicitation in the dormitories, classroom buildings, faculty and administrative offices, and in Brockton, married student housing project, and a plan of raising clothes and canned food for the distressed area.
Several student organizations also made contributions as gifts from their respective club or group. Among those volunteering were The Eastern Progress and the Milestone—Eastern's student publications—the Caduceus Club pre-medical club, the several county clubs. The college R.O.T.C. raised nearly \$400 last Friday at their corps picnic.
The college will continue receiving clothing and food this week, and, if a surplus exists in the cash raised by the drive, it will be spent to purchase similar items for distribution to another area, in Eastern Kentucky, according to Feltner.

Mrs. Wiechers Attains University Dean's List
A Floyd county student earned Dean's List standing in the University of Kentucky College of Education during the fall semester which ended in January.
She is Mrs. Barbara Harkins Wiechers, daughter of Mrs. W. S. Harkins, III, 15 Highland Avenue, Prestonsburg. A graduate of Prestonsburg high school and a senior in the College of Education, she is a member of Kappa Kappa Gamma sorority.
A student must earn a 3.5 standing or better, based on a 4.0 grading system, to be placed on the Dean's List.

36 days that proved Ford's total performance!
RIVERSIDE, CAL. January 20
MONTE CARLO January 23
PURE OIL TRIALS January 27
DAYTONA, FLA. February 24
In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Don Barry drove a Ford Mustang to victory over 43 other stock cars. The 500-mile grid demonstrated Ford's superior stamina and road-holding.
The '63½ Falcon V-8 Sports made their debut with a fantastic showing in the 2,300-mile Monte Carlo Rally. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides their one-Sprint finished every entrant in the Rally's six special stages.
In a competition designed to test all winners in Class II and Class III in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.
Daytona '500' history was made when '63½ Ford blazed into the first five places! Since Daytona is the toughest track in the world, this was yearless proof that Ford's total performance design can endure the maximum in automotive punishment.
... and here are the 63½'s that gave total proof of Ford's durability and handling!
You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, on the packed run of 5/8 c/o traffic, on a twisting mountain road, the results are important to you. On every slippery surface you need the kind of roadability that placed five Fords out front in the Daytona '500'. On every busy cross street — you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of tumpkie use because it's so beautifully balanced as Falcon's Monte Carlo V-8's. The winning competition car is bound to be a great road car — and Ford is the big winner.
It's Ford-built, it's built for performance — total performance

Hollie Conley As Judge Offers Justice, Personal Morality, Firm Decisions, Dignity and Respect

Justice for all, with impartiality to none, is the greatest of all qualities which your judge can offer. When impartiality creeps into decisions of a court, when judgments are tempered by political considerations, you may be the one who suffers. As a candidate for the high office of Circuit Judge, I pledge prompt, courteous action based upon the facts and the law as I see it.

Respect for the dignity of your court and a belief in the justness of its decisions depend entirely upon the mentality, the experience, and the personal traits of the person who holds the position. As a husband, as the father of four children, as a businessman, as County Attorney and as Commonwealth's Attorney, as a citizen, I have ever attempted to be sober, honest, discreet and courteous—in short, I have shunned evil as well as the appearance of evil. I shall keep this attitude throughout my public service to you.

CARD OF THANKS

We wish to express our deep appreciation to everyone whose love and kindness meant so much to us at the loss of our husband and father. We hesitate to mention names for fear that we forgotten someone who was especially thoughtful, but realizing that you will forgive us if we do, we want to express our special appreciation to Rev. John Conley, Rev. Henry Crider, Rev. Bill Amburgey, to all those who helped in the kitchen, to those who labored on the grave, to those who gave flowers, to those who furnished food, to James Carter and Bill Callahan and their helpers, to Rev. W. D. Jagers, and to all who share our loss.

The HENRY B. CLAY FAMILY

A first-year member of the F. P. A. is called a "Greenhand."

As your Commonwealth Attorney I have prosecuted with vigor those whom the facts indicated were guilty. Despite our best efforts, there is still much to be done in our county in eliminating crime. Perhaps the illegal liquor traffic lurks in the background of most criminal activities in our county. I have never flinched as Commonwealth Attorney in prosecuting those charged with this evil. It is my thought that our Grand Jurors may be unable to completely investigate this particular type of crime because of the many other crimes coming before them. I WOULD PROPOSE TO CALL SPECIAL GRAND JURORS TO DO NOTHING BUT INVESTIGATE THE BOOTLEGGING TRAFFIC.

Citizens are entitled to have their cases in court decided honestly and promptly. The issues should be met head on and a firm decision rendered in a judicious, conscientious and fearless manner.

This type of service to all I honestly pledge.

Your vote and support are earnestly solicited.

Your friend,
HOLLIE CONLEY

Ockerman Refutes Denial Of Chandler On Leasing; Photostats Are Shown

Foster Ockerman, state campaign chairman for Edw. T. Edwards, has challenged A. B. Chandler's denial that he leased state facilities to political friends while governor.

In a television appearance on a Louisville station last week, Ockerman showed photostatic copies of two leases bearing Chandler's signature. He charged that these leases were made to Chandler's friends for "their own personal gain."

Ockerman said Chandler granted the leases in direct violation of a 1955 campaign pledge. And now, Ockerman added, "his 'most glaring misrepresentation,' he is denying that the leases ever existed."

Chandler, during a recent visit to Wickliffe on a tour of Western Kentucky, was questioned by a newsman about the park leases. "There's nothing to it," he was quoted as saying.

One of the leases Ockerman showed was made to Mrs. Joyce Wedington for oil and gas rights in Natural Bridge State Park. She is the wife of Joe Wedington, of Prestonsburg, a partner with Chandler in the insurance business.

Another lease bearing Chandler's signature was made to Sheriff Ralph Smith, of Lincoln county, who served as county chairman for Chandler in 1955. He is holding that same post during the current campaign.

Smith's lease was for the camping area at Kentucky Dam Village State Park. Ockerman said the state got only \$1,943 for that lease in 1960. But last year, with the camping area back in state operation, Ockerman said records show the state grossed \$50,233.

Saturday Last Day To Register To Vote In Primary Election

Frankfort, March 25 (Sp.)—Saturday, March 30, is the last day to register to vote in the May 28 primary election, Gov. Bert Combs has reminded Kentuckians.

Whatever your political allegiance," the Governor said, "it is your duty as a good American and a good Kentuckian to register and cast your vote for the candidate of your choice."

Prospective voters 18 years of age or older must meet these residence requirements as of May 28—one year's residence in the state, six months residence in their county and 90 days residence in the voting precinct.

Combs appealed especially to young voters who are now eligible to vote for the first time. He noted that 17-year-olds can also register and vote in the primary election, if they pass their 18th birthday by November 5, date of the general election. These voters must also meet the residence requirements as of May 28 and may not vote in special elections, such as school board races, until their 18th birthday, he said.

Raspberries Give Good Returns

Raspberries offer a good return in home plantings and they bear the second year after planting. Although many varieties are adapted to Kentucky use, most areas of the state do not grow enough raspberries to supply their own needs.

Former Knott Official, Native of This County, Succumbs At Age of 88

David W. Wallen, of Hindman, Floyd native who became tax commissioner and circuit court clerk of Knott county, died March 5 at the Beaver Valley hospital, Martin, five days after suffering a stroke of paralysis. He was 88 years old.

He was a son of Elisha and Polly Griffin Wallen and had resided at Hindman more than 60 years. In early life he was a teacher, and in addition to the elective offices which he held, he was postmaster at Hindman. He retired from public life about 20 years ago.

Surviving him are his widow, Mrs. Margaret (Girlee) Wallen; two sons, W. W. Wallen, Prestonsburg, and Wallace Wallen, Louisville, and six daughters, Mrs. Gypsy Elkins, of Lackey, Miss Hazel Wallen, Washington, D. C., Mrs. Oakie Smith and Miss Joyce Wallen, both of Hindman, Mrs. Helen Gibson, of Jackson, and Mrs. Doris Stumbo, War, West Virginia. He also leaves 15 grandchildren and seven great-grandchildren.

Funeral rites were conducted March 8 from the Hindman United Baptist Church, the Rev. Archie Everage officiating. Burial was made in the family cemetery at Hindman.

Mandt Asks Caution By Workers As Mines Reopen After Flood

A. H. Mandt, Commissioner of the Kentucky Department of Mines and Minerals, has issued a safety warning to coal miners who are returning to their jobs following the long period of mine idleness as a result of the recent flood waters.

Mandt reported that safety records show that a large number of mining injuries occur when men return to work after a lay-off. Some of these accidents result from conditions which arise when a mine is idle for a short time, but most of them happen because the miner has been idle and will not work in a safe manner until he has been on the job for several days.

Mandt cautioned the miners to make an examination of their working places when they enter the mine and to continue checking the roof throughout the shift.

Progress reports of the convention committees are to be sent to or given to Mrs. Lanthorne and the respective state chairmen by March 23, which is the date of the Ninth district spring conference, to be held at the Methodist Church, Louisville.

Parent-Teacher Group Plans Annual Meeting

Tentative plans for the annual state convention of the Kentucky Congress of Parents and Teachers which will be held in Ashland, April 22-25, with headquarters at the Henry Clay hotel, were made Saturday when the Ninth district committee chairman met at Crabbe School in Ashland.

Mrs. N. H. Lanthorne, ninth district president, is convention chairman, with Mrs. Clyde Beverly, vice-president of the district as co-chairman. State Planning advisory committee chairmen are Mrs. C. B. McClaren, Mrs. Minnie Winder, Mrs. M. B. Nalle, Mrs. Bess Hays, and Mrs. Harvey Britton.

Progress reports of the convention committees are to be sent to or given to Mrs. Lanthorne and the respective state chairmen by March 23, which is the date of the Ninth district spring conference, to be held at the Methodist Church, Louisville.

DeROSSETT
For
CIRCUIT CLERK

This is my first time to ask the good people of Floyd county to entrust to me one of the highest offices in Floyd county, but I assure you that my background, qualifications and Christian training will be an asset in discharging the duties of Circuit Clerk.

In addition to the normal duties, I will promote a driver training program in every Floyd county high school. Such training can save you money on insurance premiums. One reason so many young people are killed on our highways is a lack of proper driver training.

As an extra service of my office I will send all drivers a 30-day notice that their licenses are about to expire.

I invite you to enquire of me. Ask my friends, my neighbors, my business associates, any one who knows me well.

If I win it will be on my merits, not shortcomings of any of my opponents.

Trusting your judgment, I am,

NELSON R. ALLEN
 Russell, Ky.
 Candidate for
 Railroad Commissioner

To the Voters of Floyd County:
 I would like to take this opportunity to introduce myself to you at this time.
 I am the son of the late Wayne Allen and Mrs. Mollie Craft Allen, who resides at Hueysville, Kentucky. I am a graduate of Maytown high school and hold the A.B. and Master's degrees from Morehead State College.
 My interest is for the betterment of Eastern Kentucky. The future of the mountain county depends upon how willingly the youth wants to work for its progress.
 I am an educator, a Navy veteran. This race involves forty-four counties. Will you help support a young man?
 (Pol. adv.)

JARVIS ALLEN ANNOUNCES FOR COMMONWEALTH'S ATTY.

I have decided to become a candidate for the office of Commonwealth's Attorney in the Democratic Primary on the election to be held May 28, 1963.

I have talked to numerous citizens and voters in this county and believe that they want to vote for a candidate who is independent and free to enforce the law by prosecuting all crimes and criminals that may come before the circuit court, without fear, or being influenced by any political, political group or party.

I do not believe that the citizens of this county will agree for a group of hoodlums to dictate who shall serve as public officials in Floyd county, especially when their motive is to gain control of all law enforcement and to oppose to organized crime in which they may be interested.
 I am sure the citizens of this county know that I have never desired to be a politician but I firmly believe that no man can be too good to serve in a public office.
 If elected Commonwealth's Attorney I will prosecute all criminals that may come before me, on an impartial and equal basis, regardless of wealth, political party, race or color. I firmly believe every man should have equal rights as guaranteed by the United States Constitution and will do all in my power to see that such rights are protected.
 As a candidate for Commonwealth's Attorney I do not intend to take an active part in any other race, either local or state. I firmly believe that it is my duty as a candidate to confine my actions to my race and allow the citizens and voters of this county to decide for whom they will vote in other races. I will vote for those candidates that I believe will best serve my county and my neighbors, and I believe others will use the same sense in casting their vote.
 I have always voted and voted for what I thought was best for my county. In 1955 and 1959 I held everything in my power to help elect a local Grand juror, man in the office of Governor.
 My announced opponent, Harold Brantley, did everything in his power to prevent the election of a Governor Combs. Maybe he has an explanation and can justify his actions by making his succeeding statements on television status Governor Combs in 1959.
 I was admitted to the bar in 1953 after serving four years as County Court Clerk. I have been practicing law for more than ten years. During the last three years as Trial Attorney for the Department of Highways I have appeared before a jury in the trial of cases in the circuit courts in more than half of the counties in the state of Kentucky.

Kentucky's First City To Be Named in Contest; Prestonsburg Competes

Seven Kentucky cities are in competition to be designated "Kentucky's Number One City" for 1962 through the Kentucky Chamber of Commerce Community Development Program.

The winning city will be named Tuesday, April 8, at the Awards Luncheon during the Kentucky Chamber of Commerce annual meeting at the Phoenix hotel in Lexington.

The seven towns—Prestonsburg, Campbellsville, Flemingsburg, Liberty, Sturgis and Somerset—have all been declared winners in their own Congressional districts.

He noted that more than 80 Kentucky communities had entered the 1962 competition and the district winners were selected earlier in the year.

With every section of the state properly represented, it should be one of the most interesting contests held through the years by the State Chamber. Harry Huethen, Lexington, state C. of C. president, said, "This year," he said, "communities were judged 70% on beautification and 30% on other aspects of community development."

WAYLAND

MARTIN WINS ART CONTEST

The Lackey-Garrett-Wayland Women's Club student-entry took top honors for the second consecutive year in the Seventh district Kentucky Federation of Women's Club's art contest, March 16, at Condit Hall, Pikeville College.
 The club-sponsored student, 17-year-old Mack Webb Martin, son of Mr. and Mrs. Otto Martin, of Wayland, is a junior at Wayland high school, where he is a student in Kenneth Craft's advanced art class.
 Martin's entry this year was a landscape in oils, titled "Peaceful Valley." Last year his "Autumn Leaves" won first place in the district contest. The current winner is now eligible for entry in the state contest at Louisville to be held at the Brown hotel May 24.
 In the women's division, first and second place awards went to David Woman's Club and Pikeville Women's Club, respectively. Judge for the district contest this year was Mrs. Zach Justice, of Pikeville.

HOLDS BENEFIT BREAKFAST

The Lackey-Garrett-Wayland Women's Club served a benefit breakfast, March 5, at the home of Mrs. N. D. Howard, Wayland. A number of township and of five workers dropped by between the hours of 8:30 and 10 a.m. The proceeds will go to the National Artistic Fund.
 Clubmembers assisting Mrs. Howard were Mrs. Fred Hall, Mrs. Earl Castle, and Mrs. S. M. Martin.

CONFERENCE NAMES WELLS NET COACH OF THE YEAR

Jack Burlich, principal of Whitesburg high school, was elected president of the Eastern Kentucky Mountain Conference at the 1963 annual spring meeting in Hazard this week.

Named vice-president was Roy T. Reaser, principal of Fleming-Neon, and Arthur Mullins, veteran Elkhorn City athletic director, was re-elected secretary-treasurer for the eighth consecutive year.

Outgoing president Jim Caudill of Hazard high, presented the 1963 league basketball championship to Elkhorn City, which posted a 3-1 loop record. Wheelwright and Hazard tied for the second place trophy with identical 4-2 standings.

Jack P. Wells, Prestonsburg high school basketball coach, was selected as the league's "basketball Coach of the Year." The trophy is presented annually to the coach who does the best job with no material Dickie Eving, Fleming-Neon high star, was named as the league's basketball player of the year.

The baseball division was divided into two sections. In one are Pres-

Hoover Says Fishing Good for Politics

All men are equal before fish, says former President Herbert Hoover in "Fishing for Fun—And to Wash Your Soul," a new book on America's most popular sport, being published this month by Random House, Inc.

The April Reader's Digest excerpt several passages from Mr. Hoover's book under the heading "In Praise of Fishing." They extol his dry humor and warm-hearted philosophy.

On the need to go fishing, he says: "When you are full up of telephone bells, church bells, office boys, columnists, pieces of paper, and the household chores—you get that urge to go away. Going fishing is the only explanation in the world even skeptics will accept."

 Jack P. Wells, head basketball coach at Whitesburg, was named as the Eastern Kentucky Mountain Conference's "Coach of the Year" at the league's annual spring meeting in Hazard this week. The accolade was bestowed on a coach who has led his team to a 3-1 loop record.

Wayne DeBoard, Prestonsburg's only senior coach, and Wheelwright's toppling junior Jimmy Ray Hall, were both unanimous choices for the all-loop basketball team.

You will find more diversity of opinion on the place of the crappie in sport fishing than on that of almost any other fish. Some bass and trout fans yawn at the mere mention of his name, but a huge number regard catching crappies as grand sport.

As a fighting fish, a crappie's considered quite inferior to a bass or a non-batchery trout of fair size. However, for reasons that are hard to understand, the fighting characteristics of crappies vary widely.

In some places, they give a poor scrap. In others, quite a good one, in spots where most of these you hook fight hardly more than a bullhead, you'll occasionally contend with one that actually will come a much larger bass, although he doesn't put on the serial record of a bass or trout.

Here's another peculiar thing about crappies:

In some places they thrive so well and breed so rapidly—a large female can produce at least 150,000 eggs at one time—that it's practically impossible to fight them out. Instead, it would be desirable to remove a lot of them, so that those remaining would be stunted by lack of sufficient food.

In other spots, comparatively light fishing can make fishing for them very poor. A certain lake in the north that had been closed to fishing for several years to let the crappie increase and return to its former abundance. It had fine fishing for only a couple of months or so, after which it again went bad because the crappies were too few and too small.

In the opinion of many anglers, including Jason Lucas, Angling Editor, Sports Afield Magazine, the real real sport with crappies is when they're in the shallows as these first warm up. Of course, this has to be earlier in the southern states than in the northern, so fishermen in the south should be getting ready to go fishing in the extreme northern states, few crappies will be found in the shallows until May, and some will come in considerably later. Indeed, if it's a cold spring, you may not find good shallow-water fishing until the end of June—in any case, the crappies had been close to undetectable fish.

Save Our Schools!

The Chandler-Waterfield article in last week's Times was intended to confuse the public about what the Sales Tax had done to enable our school administration to build several buildings which our children deserve. Their article told us that what they knew about school management and school finance was NOTHING—NOTHING.

They hinted that the Save Our Schools Committee and Superintendent Clark were not interested in the welfare of our children. Don't they know that through Mr. Clark and the teachers' efforts the most complete rural school lunchroom program in all of Kentucky was established here in Floyd county? Does that sound as if we are not interested in every underprivileged child in our county? Teachers contributed over \$4,000.00 to the Community College fund. Does that show that we have no interest in your child?

If the candidates had really listened to what our Superintendent said at the dedication of the beautiful John M. Stumbo School on Mud Creek and if they wanted to be truthful they could have told you that he said: "Under the tax program before Combs the Mud Creek building would have been the last building we could have built for several years but thanks to the extra money we are getting from the state under the present tax program we are able to sell bonds for the construction of a Vocational School, a fine Consolidated School for Middle Creek and plan a new grade school for Wheelwright."

The truth is that the Floyd County School System is getting over one-fourth million dollars more each year to use for buildings, grounds, heat, lights and payments on bonded indebtedness than we had before Combs became Governor. The truth of this statement can be checked by writing or calling Division of Finance, State Department of Education, Frankfort, Kentucky.

This \$250,000.00 more income from the state Sales Tax enabled our school board to sell enough bonds to build the new buildings. Of course we can pay off the bonds with our share of the Sales Tax. That was the purpose of the additional money. If exemptions are made to the Sales Tax we may have to stop the building program where we are because we would lose our \$250,000.00 share of the tax.

The Floyd County School System spends over \$3,000,000.00 per year and only about one-sixteenth of that money comes from county real estate and franchise taxes. Without the state's contribution of five out of six dollars we spend which comes from Frankfort we could not even afford the upkeep on the old buildings we already have. You must remember that we all pay the Sales Tax, teachers, preachers, ministers, doctors, lawyers and all others including candidates for Governor.

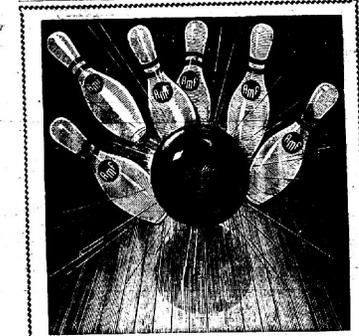

The just thing about this tax is the fact that the man who has the most of this world's wealth spends the most and pays the most Sales Tax.

We school people are not politicians but we do know that the future of every child hangs in the balance in this election. Chandler cannot cut \$32,000,000.00 off the Sales Tax and keep from crippling the chance your child has to get the type of education he so rightly deserves.

Kentucky and Floyd county are beginning to move forward to give all our children a better education than we had. Please don't stay here or turn backward. Pray for the answer to this question: Are our children worth the Sales Tax we pay? We who teach, love and guide your children know that their chances for a quality education rests with a young man who wants education to go forward, not backward. That is why we support Ned Breathitt for Governor. He has sworn to support our forward program.

OLDEST SKI DISPLAYED

Old—in a museum near Norway's snow-killed ski jump the world's oldest ski is displayed. It is more than 2,500 years old.

Q—It is my understanding that waters are now being impounded in the Nolichucky River and Barren River U. S. Corps of Engineers Dams. Are these impounded waters closed to fishing? If not, what creel and possession limits apply? J. B. N., New Haven, Kentucky

A—Water is now being impounded at the Nolichucky Dam, River U. S. Corps of Engineers, at the Barren River No. 2 dam this summer. Fishing is legal at either place and the impounded waters may be fished. As of right now, the statewide creel and size limits apply to these bodies of water, but it is possible that these limits may be changed by the Department in the near future. The changes, which are anticipated, would be designed to protect the fish to the degree that a spawners would be assured for next spring.

B—How long may rabbits be held during the post season be held in a trap fence? R. B., Louisville, Kentucky

A—Rabbits or other wild game may be held in live traps for 90 days after the end of the legal season.

C—May a shotgun be used for hunting groundhogs? W. H., Warsaw, Kentucky

A—Yes, shotguns may be used in hunting groundhogs. However, a hunting license must be held by the hunter. Not many groundhog hunters use shotguns to bag their game due to the fact that it is difficult to get close enough to the wary "Whistlepig" for the gun to be effective.

The Civil War in Kentucky

By JOE JORDAN
(Kentucky Civil War Commissioner)

One hundred years ago this week Col. Roy S. Cluke, commanding about 750 troopers of Brig. General John Hunt Morgan's Confederate cavalry division, was in a desperate battle on the night of the 18th.

They had taken Somerset February 18, then successively had captured Mount Vernon, Richmond, Winchester and Mount Sterling. The last was placed on the 22nd. They had been driven out of Mount Sterling by a brigade of the Union Army on the 23rd, had recaptured it on the 26th, and held it until March 8, when the approach of a vastly superior Federal force had caused Cluke to withdraw and seek refuge in the hilly eastern section of Montgomery county, around Howard's Mill.

Pursued south from there, but still in Montgomery county, Morgan's men had set up an ambush at Fickens tannery, but the enemy detected it and began an envelopment, so the raiders retreated across Menifee county to Hazel Green in Wolfe county. They hoped to join up with 2,000 Confederates under Brig. Gen. Humphrey Marshall who were supposed to be marching from Morgan's camp to Hazard by way of Pound Gap. An outbreak of a step-toe-cold disease, erysipelas, disabled a majority of the men who only 200 men fit for duty.

Capt. Calvin Morgan, one of the five brothers of Gen. Morgan in the Confederate service, volunteered to carry a message to Gen. Marshall. He rode off alone to traverse "the wild country" by the route Hazel Green and Pound Gap, a country infested with a crowd of ferocious bushwhackers as one of his superior officers remarked.

When the first erysipelas victims recovered and returned to duty Lt. Col. Robert E. Stone led a detachment which rode back across Menifee county into Montgomery, demonstrating at various points over a period of several days, showing the enemy off balance and gaining more time for those still sick at Hazel Green. After Stone's return, threatening movements by Union pursuers forced Cluke deeper into the mountains. The Confederates took east and took up a defensive position on the Middle Fork of Licking River, near Salsberger in Magoffin county.

There was still no word from Gen. Marshall. Cluke now found himself virtually surrounded, for his force reported some 1,500 of the enemy had gained his rear, about 1,000 were advancing from Louisa and 800 were at Proctor in Lee county.

The Confederacy, published at Atlanta, in its issue of March 19 gave an accounting of the number of Kentucky units in the Confederate States Army. The story said there were ten Kentucky regiments of infantry, ten regiments and several additional battalions of cavalry, and five batteries of artillery.

One hundred years ago this week a Confederate force under Brig. Gen. Humphrey Marshall attacked Federal troops south of Louisa and drove them back upon a larger Union Army contingent. When the advancing Rebels found out that the retreating enemy merely had been falling back upon its main body and that

**Aspirin Bottle Invites
Tragedy for Children;
125,000 Are Poisoned**

The little, white tablets in the family's aspirin bottle could be as dangerous to your child as the fangs of a rattlesnake.

Innocent looking as they are, aspirin accounts for about 125,000 cases of annual poisonings of children under six. Prof. Richard M. Doty of the University of Kentucky College of Pharmacy, says about 100,000 children under six are poisoned annually.

Half of them are poisoned by taking too much, or unpreparedly, medicine, one-fourth of the total are poisoned by aspirins. Of the total poisonings, 80,000 to 100,000 receive hospital emergency room care and about 500 die.

Dr. Charles A. Walton, also of the UK College of Pharmacy, points out that many household substances not marked with the familiar skull-and-crossbones are hazardous or may have a corrosive effect on the body if they are taken internally. Such common products as lye or laundry bleach, he says, may incorporate arsenic for life.

Professor Doty says one of the most serious breaches of poison safety occurs when parents put paint, bleach or other harmful substance in containers a child might associate with a pleasing flavor. Paint thinner in a soft drink bottle, he declares, is like waving a red flag in front of a bull.

It isn't possible to lock up an entire household, the UK professor concedes, but insofar as possible all poisons, medicines and strong materials such as sweet killers should be kept safely out of children's reach.

**East Kentucky Recruiting
Trip Planned; Schedule
At High Schools Is Laid**

Congressman Carl D. Perkins announced last week that the U. S. Department of Labor had completed arrangements for its spring permanent recruiting trip into Eastern Kentucky. The following schedule will be followed in the Prestonsburg area by the team from the U. S. Department of Labor in conducting the insurance Civil Service examinations for graduating students:

Tuesday, April 30, Prestonsburg High School; May 1, May State Vocational School, Paintsville; May 2, Wheelwright high school; May 3, Betsy Layne high school.

The contact of special examinations was initiated by the Department in Eastern Kentucky in recent years at the request of Congressman Perkins. The scheduled meetings, in addition to conducting Civil Service examinations, will furnish information for graduating students on job opportunities in the Federal service.

Don't let leather items become oversold before sending them to the cleaners. Inspect the garments before you set out, having picked up more than enough recruits to make up for his slight losses.

On March 24 a Confederate cavalry brigade under Brig. Gen. John Pegram occupied Danville, but marched south where threatened by a force under Major Quinny Adams Gillmore, commander of the Union Army's District of Central Kentucky. On the 25th the Confederates detached a battalion under Major Theophilus Steele and sent it to Pegram's aid. On March 30 Pegram halted at Dutton Hill, near Sweeet, and turned to fight Gillmore. Pegram was defeated after five hours of fighting, having lost 200 men, most of them being taken prisoner. Gillmore lost only 60 in killed, wounded and missing.

Major Steele's battalion of Morgan's men won high praise for the manner in which it covered Pegram's retreat and held off the Union forces while his cavalry brigade crossed the Cumberland River and escaped toward the south.

During the week under review, Federal military authorities in Kentucky initiated a new policy which in time would add greatly to the resentment which many Kentuckians already felt toward the Lincoln Administration, including a good many of those who sided with the Union and were influential in keeping the Commonwealth from seceding. Union Army officers began impressing slaves and putting them to work at digging intrenchments and performing other labor for the army.

As it happened, the first Union Army officer who had to execute an order to impress slaves was Col. Sanders Beane of Lexington. His sister Rebecca, who had died in 1861, was Gen. John Hunt Morgan's first wife. Bruce made the first draft in Bourbon county, and put the impressed men to work in Fayette county.

**SPRING CLEANUP PUSH
SET TO START APRIL 4**

An early spring push to make Homemakers Clubs will spearhead the movement and be responsible for setting up the county courthouses meetings. Gov. Bert Combs will send letters to all county judges and mayors asking for their help and pointing out that "this is one program in which everyone is interested in since it is so important to the future economic growth of Kentucky and it must be worked on at the local level."

Robert Montgomery, assistant State commissioner of conservation and director of "Make Kentucky a Cleaner, Greener Land" program, said the meetings will be devoted to planning a "vigorous effort in cleaning up trash and improving property" during "Clean-Up and Beautification Month" set for April 15 to May 15.

"We want to do an even better job this year than last year when Kentucky won the Keep America Beautiful award because of its outstanding efforts and cooperation of groups all over the state in clean-up and beautification efforts," Montgomery declared.

He pointed out that such efforts not only make Kentucky a more attractive place to live but also help attract out-of-state tourists.

The Kentucky Federation of

Wendell Butler, State superintendent of public instruction, will ask the cooperation of all school superintendents, and urge them to see that all school grounds and buildings are kept clean.

Tom Maxtedon, Louisville, executive secretary of the Kentucky Petroleum Council and chairman of the state committee on the Cleaner, Greener Land program, said the Business and Professional Women's Clubs, Kentucky Chamber of Commerce, Junior Chamber of Commerce, Kentucky Farm Bureau Federation and many other groups have agreed to participate in the statewide program.

CLEANING GARMENTS
Lexington, Ky.—Leather trim garments and leather-fabric combinations often are seen on the spring fashion scene. Leather can be a cleaning problem when combined with fabric, so use special care when choosing and caring for such garments, recommends Dorothy Threlkeld, UK Extension clothing specialist.

MARTIN FOR STATE SENATOR

Without any solicitation from the maneuverings of the legislative process, the Democrats should all unite and get behind Senator Martin and return him to the State Senate where he can be of great benefit to the people.

If you want a man you can have confidence in, a man who will stand up for the interests of the common laboring class of people, a man of experience and unquestioned ability, a man who, at the last session of the legislature, was named by a poll of the newspapers as an outstanding Legislator, I urge all Democrats and Republicans alike to get behind Senator Martin and request that he run for re-election.

THE BIG SHAKEDOWN of SCHOOL TEACHERS

The "SAVE OUR SCHOOLS COMMITTEE" working in cooperation with the Superintendent of Schools have gone all out to get our schools FURTHER INVOLVED IN POLITICS. Following is one of many letters going to teachers:

Dear Teacher,

I know you are aware of the importance of the proposed K.E.A. Legislative program for 1964. It is vital that we understand and support this program if we are to keep what we have gained in the field of education.

So that everyone of our profession may be fully informed and that we may become united in our efforts, Mr. Clark has made it possible for us to have a short meeting at which our Delegates who went to Louisville will preside and give us this vital information. It is of grave importance that you attend the meeting nearest you, Monday, March 31, 1963, at 1:00 p.m. Meetings will be held at the following places:

- Prestonsburg Graded School
- Betsy Layne High School
- John M. Stumbo Elementary
- Garrett High School
- McDowell High School
- Martin High School

To make our Spring Associational meeting a little easier, come to these sectional meetings prepared to pay your annual membership dues (\$1.00) for the local association. Your membership card will be mailed out to you. This will save a lot of time and worry at the Annual meeting.

You will find these sectional meetings very informative and all to your interest. See you there.

Sincerely,
GOLDIA P. SHORT, President
FRANKIE S. BEST, Secretary

This letter was misleading, in that it did not explain that the meetings to be held were for the purpose of selling \$10.00 tickets for a dinner to be held in honor of the Governor. Now the dinner doesn't cost \$10.00 as we all know—then WHAT and WHERE is the balance of the funds to go, since your local School Board is not having a race. Could it be the surplus funds are to go for many needy flood victims or for some candidate running for Governor, WHO WANTS THE FULL TAX ON YOUR FOOD, CLOTHING AND MEDICINE?

You will note the time of all meetings was 1 p.m., by arrangement of your Superintendent. Is this fair to the pupils, who have missed so much school and now going on Saturdays—EXCEPT on this coming Saturday. A letter has gone out that credit for the day will be given if you the TEACHER attend a meeting at Prestonsburg Graded School at 4 P.M. SATURDAY, BUT NO PUPILS WILL BE IN SCHOOL ON THIS DAY. Another way to give you a day hoping all will pay his \$10.00 for a ticket.

Much is said about the teachers raise—we would like for your Superintendent to tell you that in his dinner, how much raise he and one of his assistants received and WHY was the increase made RE-TRO-ACTIVE—Had he forgotten to take the increase when all other salaries were fixed?

Many teachers have purchased tickets that need the money to repair and replace flood damage but were afraid next year would mean NO CONTRACT OR A TRANSFER.

WHEELWRIGHT

CLUB ELECTS OFFICERS

The March meeting of the Wheelwright Woman's Club was held in the clubroom. The scheduled speaker was unable to be present because of the very rainy weather. However, an important business meeting was held.

Officers elected for the 1963-64 club year are:

President, Mrs. Rodney McKinney; vice-president, Mrs. G. W. Lockin; recording secretary, Mrs. Wilbur Jamerson; treasurer, Mrs. Leon Porter; corresponding secretary, Mrs. Ralph Banks.

Other items of business included plans to hold a public dance, March 30, in Community Hall, and arrangements for the inter-club meeting to be held April 8.

Refreshments were served by the hostesses, Miss Frances Petrey and Mrs. Hunter Thomas.

NOTE RECOUNT ASKED

Washington, Jan. 30—Republican James D. Martin who came within 7,000 votes of defeating the veteran Senator Lister Hill (D. Ala.) last November, is asking the Senate to recount the votes.

Mary Rogers Presley, 73, Age 73, Wheelwright, Victim At Son's Home

Mary Rogers Presley, 73, colored, of Wheelwright, died March 27 at the home of her son, Willie McCary, of Wheelwright, after a long illness. She was a native of Jasper, Ala., the daughter of Jasper and Galeeva Rogers, and had lived in the Wheelwright area several years. She was a member of Friendship Baptist Church at Wheelwright. Her son was her only survivor.

Funeral rites were conducted March 10 from Friendship Baptist Church by the Rev. E. H. Terry, and burial was made in the Community cemetery at Wheelwright, the Merton Funeral Chapel directing.

IN MEMORIAM

In loving memory of my dear husband, William G. Salmons, who passed away two years ago, March 21, 1961:

Often a lonely heartache,
Many a silent tear;
But always a wonderful memory
Of the one I loved so dear.

Sadly missed by his wife, Florence Salmons.

LESSER FIGURES ARE REPLACING BOONE IN STATE HISTORY

Frankfort, Ky., March 4 (AP)—Lesser known figures are replacing Daniel Boone and Abraham Lincoln as the favorite heroes of many Kentucky youngsters.

Ever hear of Lewis Craig or Jesse Spencer?

Young members of the Washington Junior Historical Club, Washington, Kentucky, will tell you that Craig figured prominently in the founding of Mason county.

In Eastern Kentucky, another club of history-minded youngsters investigated the life of Jesse Spencer, a Confederate scout who is buried with his family near Jackson in Breathitt county.

Some 2,200 Kentucky youngsters, both elementary and high school age, are delving into the history of their localities, learning about the early settlers of their counties and the origin of the county names, among other projects.

One club in Pikeville studied the area's history and came up with a design for a Pikeville flag.

The Warren County Young Historians, of Glasgow, are searching old deeds and church records to reconstruct each of their families' backgrounds.

Field trips to historic sites are also popular with club members of all ages. Fifth graders of Lexington school, Lexington, are planning to

visit several places of interest in the Blue Grass area. Seventh and eighth graders of Butler Junior High School, Louisville, have scheduled a four-day jaunt into Western Kentucky which will include Old Kentucky Home at Bardonia, the Lincoln National Historical Birthplace Site, at Hodgenville, and other places of interest.

Members are also encouraged to visit state shrines on their own. Their membership cards entitle them to free admission to all state shrines.

Now numbering 70 chapters throughout the state, the clubs belong to the Young Historians Association of the Kentucky Historical Society. Most chapters are organized in schools and sponsored by a history teacher or other faculty member. Some are sponsored by church groups by county historical societies or individual citizens.

Members also receive two publications which correspond to the Communicator, a monthly newsletter, and the Register, a quarterly journal, both published by the Kentucky Historical Society in Frankfort.

Student members contribute to the junior publications and the emphasis is on original research into old deeds, court records, newspapers, etc.

The young history buffs will meet together at the Kentucky Historical Society headquarters in Frankfort on April 19 for their first statewide meeting. Like their senior counterparts, the youngsters will visit the museum and library at the Old State House, then meet for the presentation of awards for the outstanding local chapter and the winning entries in their annual essay contest.

If Kentucky youngsters are becoming more interested in local history, so are their parents. The number of local, active historical societies has grown from 25 to 25 since October when Charles L. Altsch joined the state society as its first staff member for the state at large.

After travels over the state promoting the young historians' clubs by day, and spends his evenings entertaining their parents to participate in the county-level groups. Newly organized recently are local societies in the counties of Barren, Cumberland, Daviess, Grayson, Henderson, Laurel, Pike, Letcher, Nelson, Russell, Scott, Warren, Washington and Bath.

In December, the Warren County Historical Society became the first local historical group to affiliate with the state society. Since then the county historical societies of

Henderson, Simpson and Harlan and the Eastern Kentucky Historical Society, Prestonsburg, have also become affiliated. As more local groups combine their efforts with the state society, Altsch hopes to utilize a speakers' bureau to provide fresh material for the county groups. Eventually, he hopes that each local history will write a concise, accurate history of its area, a contribution to keep interest in Kentucky history alive.

Oliver Mullins, 75, Of Myra, Dies; Brother Of-Weeksbury Resident

Oliver Mullins, 75, of Myra, Pike county, brother of Patten Mullins, of Weeksbury, died March 8 at the Jenkins Clinic after an illness of 10 years.

A native of Myra, he was a son of John and Sis Tackett Mullins. He was a retired lumberman. Survivors include his widow, Mrs. Izetta Elkins Mullins, of Myra, two sons, three daughters and two brothers.

Funeral rites were conducted from the Beehive Regular Baptist Church, March 11, and burial in the family cemetery was made under direction of the Merton Funeral Chapel, Wheelwright.

NOTICE

The residents of the communities of Harrod, Betsy Layne and Stanville, Kentucky, having filed a petition in the Floyd County Court for the creation and establishment of a water district pursuant to K.R.S. Chapter 74, on March 2, 1963, which said water district is described as follows:

"BEGINNING in the South along Highway U-8-28 at the Floyd-Pike county line, and extending along said highway to North of Mare Creek (P.O. Stanville, Kentucky) a distance of approximately 1,000 feet. Crossing the river at Harrod, extending to the forks of highway of Big and Little Mud Creek, also crossing the Little Mud Creek to Juchol, otherwise running parallel with the Big Sandy River (Levisa Fork) on the West. Extending on the East up all small creeks as far as it is feasible, no water lines so far beyond the point of feasibility."

Within thirty (30) days after the date of the filing of said petition and publication of notice, any resident of the proposed district may file objections before the County Court of Floyd county, objecting to the establishment of the water district or for any other reason pertaining thereto.

This 2nd day of March, 1963.
