This Town-- That World

CLAY ALREADY FOUND

One valuable clay deposit has been found on Middle Creek, we are told. There surely are others in the county. It must be remembered that the bricks which form the main portion of the present courthouse here were baked from clay taken from the branch which at the time (back in the '80s) ran down Court street opposite the building.

IN BAD SHAPE

A citizen who found himself in jail not so long ago set up quite a hullabaloo. Somebody finally diagnosed his trouble in this way: "He's got a bad case of claustrophobia and half a case of bad liquor."

THIS WOULD BE BETTER

The newspapers quote a doctor as expressing the opinion that Malenkov has a bad heart. That's referring to the physical. We'd prefer hearing the man has a good heart.

A DRAW?

These jokes with a political flavor! Two of our acquaintances rallied "round" political standards, the other evening, with a conversation running something like this:

"The cherry trees in Washington won't bloom this year--had you heard about it?" said one, and he paused for the other to lead with his chin and ask how come. But his friend didn't play straight man for him and fall for it. Instead, he quipped, "If there were any, Ike would knock 'em off with golf balls."

"No, won't be any," said the other, "the Sap has gone to Missouri."

ILLNESS CUTS BLOOD YIELD

At Garrett Last Week; Red Cross Fund Drive Beginning Favorable

Illnesses, most of which were caused by influenza, cut into the results of the determined efforts of the American Legion and Legion Auxiliary at Garrett, to bring their community's contribution to the Red Cross blood program last Friday to the full 125-pint quota.

Because of this, the work there accumulated only 65 pints of blood. Workers had scheduled 108 donors, but many of these failed to appear and there were 14 rejections. Thirty-six walk-ins among these, 11 high school pupils and several service men--saved the day from failure.

The Red Cross financial drive this week was in its early stages, but the Special Gifts had already netted \$1,100, an encouraging figure at this date. Byron Brashear, of Mantion, general Red Cross fund drive chairman, announced this week that the business district of Prestonsburg will be solicited for contributions next Monday and that the residential district drive will be made here, March 24. H. C. Francis, Jr., is local chairman of the business district canvass, and Mrs. F. H. Layne is residential district drive chairman.

BIRTH OF SON

Rev. and Mrs. Bill Campbell, of Water Gap, are the parents of their second son, Gene David Campbell, born Feb. 26 at the Prestonsburg General hospital.

GROUP HEARS 3 INTERESTED IN THIS AREA

For Factory Locations; County's Clay Deposits Talked at Pike Meeting

The Eastern Kentucky Industrial Foundation has had three "nibbles" in a week from industries interested in locating in this section of Kentucky, the approximately 200 persons attending a Town Hall meeting of the Foundation at Pikeville this week were told.

One of the industries, said A. Joe Asher, executive director of the Foundation, would employ between 600 and 700 persons.

Also mentioned at the Pikeville meeting and another Town Hall meeting at Salyersville was the interest shown in Floyd county clay and germanium deposits. Clay suitable for the manufacture of brick and tile has been found on Middle Creek, and both natural gas and coal are nearby as sources of fuel for any plant that might be established.

Panel members at the Pikeville meeting were Asher, Dr. A. A. Page, president of Pikeville Junior College; Fred Coplin, field representative of the State Agricultural and Industrial Board; Ernest Mitchell, Covington, representing the Kentucky Chamber of Commerce, and John Woods, Ashland banker. Norman A. Chrisman, Pikeville, was moderator.

In Pike county, where the only industry is coal, Dr. Page declared additional industries are essential to a more stable economy.

"We need industry to keep our choice young people at home," he said. "They want to stay here but we have nothing for them." He urged a unity of purpose, explaining that one reason the area is lacking industry is "because we don't stick together."

Commenting on the scenic attractions of Pike county, Mitchell advised a determined bid for a share of the tourist trade by means of advertising, good restaurants, and nice places to stay. He suggested that jobs be created through the manufacture of ceramics from the shales in the area. "Pike county," he said, "is a gorgeous part of the world. Make us of it."

Introduced as "the father of these town-hall meetings," Woods pointed out that there is not one manufacturing plant in nine of the area's 14 counties. All but three of these counties have lost in population since 1940, he said, and "people are moving away in droves to find employment."

It's time that Eastern Kentucky begin to make use of its timber.

DOG ROUNDUP IS ORDERED

As More Than 40 Persons In Prestonsburg Vicinity Bitten by Rabid Animals

A quarantine was clamped down on dogs here this week by Mayor Curtis Clark as Prestonsburg faced its greatest rabies threat. The quarantine became effective Wednesday.

The Floyd County Health Department said Tuesday that more than 40 persons, most of them children, in and around Prestonsburg are receiving anti-rabies treatment. Thirteen children began receiving treatment this week as the result of one dog's mad dash about town last Friday, and it was reported that three others who were bitten at the same time had not submitted to treatment because the dog was a puppy and they were convinced a dog so young could not have rabies.

On Abner Fork, near Melvin, 12 members of the family of Buddy Bryant were bitten by a rabid dog. Four other persons there also were reported bitten.

The dog which threw the latest scare into Prestonsburg was owned by Paul Jones. Mr. Jones said the puppy was attacked by a dog, two or three weeks ago.

The belief was expressed by authorities here--among them, Dr. Marvin Ransdell, director of the health department, and Mayor Clark--that many of the dogs which roam Prestonsburg streets have been brought here and turned free by owners who no longer cared to feed them. Mayor Clark notified residents of Prestonsburg by handbills Tuesday that, beginning Wednesday, all stray dogs found on the streets would be impounded for a period of three days and that at the end of that period the dogs

State Inspector Closes Harmon Branch Coal Co. Due to Ventilation Lack

The Harmon Branch Coal Company, near Boldman, was closed down Wed., March 4, by the local office of the Kentucky Department of Mines and Minerals.

Elmer Layne, inspector in charge of the office, said the mine's operation was ordered halted because of lack of ventilation and mishandling of explosives.

The mine will remain closed until corrections have been made, Layne added. He said the company, a truck mine operation, produces about 50 tons of coal daily and employs six men.

DAVID MINERS RESUME WORK

Seniority Clause Given As Cause of Squabble At Princess Elkhorn

Company officials and miners employed by the Princess Elkhorn Coal Company at David were scheduled to confer Tuesday afternoon in an attempt to reach a solution to differences which closed the No. 2 mine of the company all last week and affected the No. 1 mine last Friday.

The dispute, it was said, hinges on an interpretation of the seniority clause in the present wage contract.

Both mines have been working this week. Last week's lay-off was termed by the company "a wildcat strike." The No. 2 mine of the company employs approximately 180 men, exclusive of its supervisory force.

Princess Elkhorn last year had perhaps the most consistent run of any Floyd mine.

HIGH VALUES IN EDUCATION

Subject of Workshop Here Tuesday; Talks To Stress Curriculum

The emphasis here next Tuesday will be on moral and spiritual values in education, and for the day both high and grade schools will be dismissed while a workshop to further the integration of these values into the school curriculum is held at the grade school, it was announced Tuesday by City School Superintendent Chalmers H. Frazier.

The Division of Moral and Spiritual Education was founded two years ago as a part of the State Department of Education, and the division director, Dr. J. M. Tydings, will deliver the keynote address at the workshop here.

Group discussions will be led by Mrs. Henry Hagan, of Morehead high school, Dr. Zell Walter, Monroe Wicker and Mrs. W. H. Rice, all of Morehead State College. These discussions will consider how a school may stress moral and spiritual values through counselling, curriculum and personal relations and student activities.

Other parts of the day's program will include a meeting of the City Superintendents and the City Board of Education, directed by Dr. Tydings, a meeting of group leaders and recorders and the report of recorders.

Seventeen Volunteer For Armed Services Recruiter Announces

The following young men have volunteered and been accepted for service with the U.S. Army or U.S. Air Force during the past three weeks, according to an announcement by Sgt. Glenn R. Walke, local recruiter.

Those choosing the army were: Willard Newman, McDowell, James E. Brock, Wheelwright, Clyde Cassel, Inez, Kenneth Sexton, Evanston, Lewis R. Ward, Evanston, Daniel Francis, Drift.

Those choosing the Air Force were: Clyde Lafferty, Prestonsburg, Darrell Patrick, Salyersville, Billy Drills, Warfield, Raymond Holbrook, Paintsville, Billy H. Hensley, Warfield, Garland Arnett, Salyersville, Walker Preston, Salyersville, Franklin D. Justice, Job, Ronald L. Patton, Hueysville, James Morell, Prestonsburg, and Clifford Bailey, Hueysville.

At the present time young men who qualify for the army are being forwarded to Fort George Meade, Md., for processing and assignment and those choosing the air force are being sent to Lackland Air Force Base, San Antonio, Texas.

ANNEXATION TALK NOW REMINDS US-- GENERAL ASSEMBLY ENACTED A LAW MAKING 2-MILE CIRCLE TOWN LIMITS

Extension of the corporate limits of Prestonsburg was a matter for discussion and law-making 60 years ago, according to an old law of 1873. On May 19 of that year, the General Assembly of Kentucky passed an act making the corporate area of the town a giant circle, two miles in diameter.

The Acts of 1873, page 531, record the old law. Section 1 reads: "That the corporate limits of the town of Prestonsburg be and they are hereby extended to a point in each direction one mile from the courthouse and shall include the residences of Wm. J. May, David May and Samuel May."

The act was really for the purpose of designating a corporate area in which, if the voters agreed, the sale of alcoholic beverages would be prohibited. Section 2 says: "That from and after the passage of this act it shall be unlawful to sell spirituous, vinous or malt liquors

within the corporate limits of said town. Provided that the question shall first be submitted to a vote of the qualified voters within the prescribed limits of said town."

Section 3 provided for a vote to be taken at the courthouse in Prestonsburg the second Monday in May, 1873. Just how this was going to be possible was not stated by the legislators, for they passed the law about a week after the date designated for the election. They said a majority vote was needed.

Section 4 provided for a fine of \$20 to \$50, and taxed a fee of \$5 for the county attorney for each violation. These legislators of 60 years ago went on from making the corporate limits of Prestonsburg a giant circle to settling of the important matter of navigable streams. Chapter 368, page 493, Acts of 1873, make Bull Creek and Middle Creek navigable streams.

Courthouse Floor Sags, Repair Is Considered

Evidence that the floor and floor joists of the Floyd county courthouse are cracking and sagging was causing concern to county officials this week. This concern was voiced by Judge Henry Stumbo who said that repair of the building will probably have to be done soon.

The main hallway near the front entrance door has sagged several inches, and can be shaken by a single man, Stumbo pointed out. Collapse of the building here might endanger other integral parts of it. Officials of the county point out the grave mistake of putting a terrazzo floor on a wood base which was done several years ago when the courthouse was remodeled at an approximate cost of \$100,000. Now termites have invaded the building and, if allowed to continue to work, will destroy the supporting beams in the floor.

The floor showing the most evidence of repair need was bolstered with wooden beams and brick in 1947, under the supervision of Jailer Everett Collins. A tunnel was dug under the floor and workmen entered through it. Judge Stumbo thinks that further repair will have to be effected by the same means now.

The main part of the building was erected in the 1880's with brick burned on the ground. Since then two new wings have been added.

GIRL SCOUT ANNIVERSARY OBSERVANCES THIS WEEK

Today (Thursday) marks the 41st birthday of the Girl Scouts of America, and the 439 Girl Scouts of the Sandy Valley Council and their 117 adult leaders have planned a full program to mark the event.

Also being observed is the founding of the Juliette Low World Friendship Fund to which Girl Scouts the world over add each year from their own savings or earnings.

The David Girl Scouts were perhaps the first in the Council to observe the Girl Scout birthday when the 28 Scouts and Brownies there, with 15 mothers looking on, presented a program Monday night. The flag ceremony, singing by the Brownies, presentation of a playlet by the intermediate and senior Scouts and a brief history of the Juliette Low Fund by the senior Girl Scouts were the program. Miss Barbara Goddard, executive director, addressed the group on Scouting. The party was in true birthday fashion--cake with candles and the birthday song. Their contribution to the World Friendship Fund--\$17.32--was earned by running errands and baby-sitting or by denying themselves of shows and other recreation.

For additional emphasis on preparation for informed and active citizenship, the Girl Scouts are marking their 41st birthday by the inauguration of a new "My Government" badge. While working for this badge, the "intermediate" Girl Scout, in the age group from 10 through 13, will acquire a form of knowledge about her community, her government, her legislators and her responsibility as a citizen.

Every Girl Scout troop in the world makes a contribution of this sort during the week, each year.

The girls who have learned cooperation, friendship, community responsibility and special skills

CONVICT ASKS RETURN HERE

Habeas Corpus Action Taken by Hall; Says He Did Not Kill Man

Filed in the Floyd circuit court last Thursday was the petition of Bert T. Hall for a writ of habeas corpus to deliver him in the Floyd circuit court for the court to show cause why he should not be freed from the 15-year murder sentence he is serving at LaGrange reformatory.

This is the first such legal maneuver ever attempted by a prisoner convicted in the Floyd circuit court, but the same action has been taken recently by a Jefferson county man who is serving a pen term. In the case of the Jefferson man, the court declined to take action, it was said here.

Hall was convicted in February, 1950 of the slaying of 79-year-old John Frazier, of Mud Creek.

His petition claims the 15-year manslaughter sentence was imposed on him in violation of Section II of the Kentucky Constitution and Amendment 14 to the U. S. Constitution, because:

1. The Commonwealth failed to prove by the legal rules of evidence the alleged crime of murder.

2. Perjured testimony was admitted in the trial.

3. The trial court permitted Hall to proceed to trial on common law indictment by and under the statute law, the two laws being at variance with each other, as a killing is not an offense at common law.

He did not appeal the verdict of the Floyd court jury, and at a term previous to his conviction his attorney entered for him a plea of guilty with the understanding the would be given a life sentence. Hall renounced this plea, however, and insisted on trial.

In the statement of his case accompanying his petition Hall claimed that on the afternoon of the aged man's injury (Sept. 14 or 15, 1948) he was charging a battery in his car and that Rosina Frazier, 16-year-old daughter of John Frazier

MARCH SHOWS SLIGHT GAINS

Toward Employment, Says Anderson; Load For February Heavy

"February was the heaviest month we have had at this office since July, last year," said Glenn Anderson, manager of the Department of Economic Security office here, said Monday, March, he added, is showing signs of fewer claims in the unemployment field.

One source of recent unemployment claims is the Elk Horn Coal Corporation, Wayland, which is working about one day a week. Anderson said these employees are entitled to claim benefits, less 80 per cent of the pay earned for the one day. Approximately 80 employees of the North-East Coal Company who were thrown out of employment by the recent tippie fire at Thealka in Johnson county have not yet been cleared for payment benefits, due to certain technicalities.

A breakdown of the February claims show for the week ending Feb. 6, 427 initial claims. Mr. Anderson defined an initial claim as one that is new or re-opened. Also, that week, 563 persons claimed 740 weeks of unemployment. He explained the matter of weeks being higher than the number of people applying as due to the fact that in some places applicants signed every other week, and were thus entitled to claim two weeks.

The week ending Feb. 13, 102 initial claims were filed. Six hundred fifty-two persons claimed 823 weeks. The week ending Feb. 20, 130 initial claims were filed, and 678 persons claimed 944 weeks of unemployment.

Anderson clarified the regulations on partially unemployed persons. They may apply for benefits if the amount earned in a week is less than their benefit rate or if they have not worked on a farm or around the home as much as 24 hours.

Persons from this area who think a job is easily secured at the atomic bomb plant area at Waverly, Ohio, are due for discouragement when contacting the unemployment office

To Speak at Meeting Of Pecco Club Here

Dr. Charles H. Moffat, professor of history at Marshall College Huntington, W. Va., will be the speaker at the meeting of the Pecco Club of the Princess Elkhorn Coal Company at the Center Grill here Saturday evening at 6. It was announced this week.

Topic of Dr. Moffat's address will be, "The American Way of Life". Besides his work as an educator, Dr. Moffat is the author of various articles which have appeared in professional journals.

NEW SCHOOL BIDS SOUGHT

Court Plans To Let Contract April 7th; City Board in Meet

The Floyd fiscal court this week re-advertised for bids on construction of the proposed county high school building here on an alternate bid basis to cover the entire job with all installations in one bid or to separate the work of wiring, plumbing and heating the structure.

Date for awarding the contract was set for April 7. The County Board of Education will meet that day.

Until that date when the total cost of the building will be known bonds to cover cost of the work will not be advertised, it was said. Handling of the bond issue was placed, some time ago, with the W. T. Thornburg Company, Cincinnati.

The City Board of Education, which is vitally interested in the building because of merger plans, met Monday night but did not submit to the County Board its merger proposals. The several board members supplied their views as to the merger, and these will be assembled and briefed for consideration by the County Board, possibly at the April 7 meeting it was said.

ATTEND CANCER MEETING

Miss Mary E. Powers, Floyd county cancer drive chairman, was accompanied to Ashland last Tuesday by Mrs. E. R. Burke, Mrs. Frank H. Layne and Mrs. Orville Pearson. They attended a regional meeting formulating plans for the Cancer drive in April.

Wallace Avers He Never Opposed Lake-Deepening

"I... want the people of Floyd county to know that I am not and never have been opposed to the raising of the water level of Dewey Lake, and since that idea was conceived we have been wholeheartedly for it," wrote Earl Wallace, commissioner, Department of Fish and Wildlife Resources, last week while commenting on what he termed "vicious letters of accusations" mailed him by two officials of the Floyd County Fish and Game Club relative to his stand on deepening of the lake.

The current squabble arose after Mr. Wallace's letter of Oct. 11, 1950 to the district office, U. S. Corps of Engineers, was read by Col. J. O. Colonna at a conference in Huntington recently of a Floyd county delegation with the engineers on the possibility of an additional five feet of water for the lake during the "dry season" of each year.

This letter Mr. Wallace quoted in full, and its two paragraphs read: "I have been contacted by officials of your Department as to what

SEVENTH SUIT HITS CLAIMS PAID MEADE

Sheriff Says Records Were Open for Audit; Court, Co-Defendant

The Floyd County Good Government Taxpayers League in its seventh suit this week against county officials attacked as illegal payments made by the fiscal court to Sheriff A. B. Meade for use of his private automobile in the conduct of his office and for conveying juveniles and incompetents to the house of reform and to state hospitals.

Named as defendants were Sheriff Meade, his surety, the Employees Liability Company, County Judge Henry Stumbo, Magistrates Edgar Howell, M. C. Wright, Ellis Martin and their sureties, Magistrate Milt Stanley and Ex-Magistrate J. E. Harris and his bondsman.

Claims listed in the petition total \$3,455.39, and the suit cited an additional claim but did not name the amount involved. The League's petition also pointed out that Ex-Magistrate Harris had voted against one item of \$676.20 which was allowed by the fiscal court in October, 1951.

Sheriff Meade said he would have a prepared statement for publication next week. He pointed out that he had appeared before directors of the Tax League some time ago, had invited them to inspect his records and, furthermore, had told them that if they were unwilling to accept the figures presented by him he would submit the data for an audit, with the Tax League to name the auditor.

"But that would not have served the purpose of snearing me," he added.

The League's suit, prepared by their attorney, Jesse K. Lewis, also alleged that the Sheriff has for the years 1950, 1951 and 1952 exceeded his Constitutional limit in salaries, fees and other compensation after deduction of expenses, and asks that the court order a full and complete accounting of his official receipts.

Sheriff Meade said his net income in two of the three years was under the Constitutional limit and in one year was above. (A resume of his statement of receipts and expenses, as filed with the fiscal year and covering the year 1952, appears elsewhere in this edition of The Times.)

The claims listed in the petition as having been allowed the Sheriff without legal authority follow: March 5, 1950, \$437.30; April 4, \$332.50; Aug. 30, \$482.40; Feb. 21, 1951, \$255; April 30, \$325; June 1, \$75; June 29, \$81; July 13, \$191; Oct. 15, \$376.20; Nov. 21, \$240; Jan. 2, 1952, \$694; Feb. 2, \$148; May 13, \$210.49; July 11, \$27; Aug. 8, \$522.50; Dec. 2, \$404; Feb. 27, \$375.

Judgment is sought against the Sheriff and his surety for all the amounts received in excess of the Constitutional limit during the three years covered by the action and against the County Judge and the Magistrates for their respective liability in the amounts which the action contends were unlawfully paid Sheriff Meade.

One of Mr. Wallace's letters was addressed to George W. Newman, III Hat, president of the Floyd county Fish and Game Club, the other, to A. J. Turner, Langley, secretary of the club. One paragraph explains the letter written to the Corps of Engineers, in this way: "I have been contacted by officials of your Department as to what

CITIZENSHIP LOST

Citizenship rights are lost automatically following conviction by a jury, even though a person is put on probation and never serves a day in prison, the Division of Probation and Parole has advised its field agents.

Division Director John C. Klotter said that many persons placed on probation are unaware that they must be restored to citizenship in order to vote in succeeding elections.

Cooperative Officials To Meet at Paintsville

Approximately 75 members of Southern States Cooperative community advisory boards, directors of affiliated cooperatives and Cooperative Service Agency managers, from this region will attend a meeting in Paintsville, Monday. The meeting will be held at the Herald hotel and begin at 7:00 p.m.

An annual event, the meetings are held to give the board members the opportunity to hear a report on the operations of the Cooperative during the first half of the Southern States' fiscal year which ended December 31, 1952, and to discuss problems and policies of the Cooperative as they affect the 272,000 patron-owners of the organization.

Southern States district manager Tommy Combs is in charge of arrangements for the meeting. Charles H. Atkinson, of Clarksville, W. Va., a director of the Cooperative, will preside at the meeting.

Attending from the Prestonsburg area will be Oden Stewart, Homer Neeley, Joe Hunter, Alex Stephens, Billie Merritt, Wallace Calhoun and J. L. Gunnells.

To the People of Magisterial Dist. No. 3, Floyd County:

When you elected me four years ago as your Magistrate, you put a trust in me that I would not steal, that I would not rob, and that I would try to help handle the taxpayers' money in an honest way that would be to the best interest of our county. That I have tried to do. The only one thing that I had at heart was to try my best to help those who were stranded in the heads of our branches, to better roads, that their children would not have to wade the mud and water to get to school.

I think the majority of the people of this district will agree that we have made a good start.

The people of Floyd county have had an honest and faithful Fiscal Court for the past three years. We have worked together in harmony, trying to do for all Floyd county alike. We have had an honest and willing chairman at the head. That is your County Judge. I speak for myself and I think the other three Magistrates will say the same, that there never has been a time that Judge Stumbo recommended or even suggested a single thing that we thought, or he thought, wasn't right and for the best interests and welfare of our county. We haven't succeeded in doing all that we wanted to do for you people, we have been lawed, we have been criticised, we have been accused, but I think the people of Floyd county well know the merits of this thing. We have made some mistakes, but we are ready to correct them.

I have promised one or two things that I haven't had time to do. We have started things that I won't have time to finish this year. I have worked hard, day and almost night; I haven't accumulated any money; I haven't tried to feather my nest, or get rich at the hands of your hard-working boys who have been unfortunate enough to get out and violate the law. I have been fair. I have had to hold two jobs to support my family and try to pay my debts; and, to make a long story short, I hereby ask you people to give me this office for one more term, then I will quit.

I'm not ashamed, I'm not afraid to run on my record, but I promise this—I will try to do a still better job, as I was a new beginner. The experience I have had will help me do this better job.

I remain your friend, out of office or in,

SCHOOL STUDY IS CONTINUED

Five of 41 Teachers Here Have Masters, Committee Is Told

Five of the 41 teachers in the Prestonsburg grade school have the Masters degree and 14 of them have done graduate work, members of the local advisory committee on educational policy learned at their meeting at the grade school last week.

City Superintendent Chalmers H. Frazier supplied the answers to the factual part of the questionnaire, the second in a series of five to be filled out at the meetings of local groups over the state to present the picture of educational needs to the Kentucky Legislative Research Commission.

Other answers were given by members of the committee, and these dealt with questions probing into the desires of citizens for better education for their children.

Eight others of the teachers in the schools here have degrees but have not done graduate work, and 14 have had more than two years' college. No teacher in the schools has had less than two years of college work.

In the past two years 33 of the teachers have attended summer school, all 41 have taken part in educational workshops, and five have taken extension courses. Twenty-five have provisional certificates, 16 have standard certificates and 16 have life certificates. All teachers in both the grades and high school are properly certified to teach in their present positions, it was said.

The Prestonsburg school district lost four teachers from last year, the answered questionnaire shows—two to other Kentucky districts, one to other work and one who left for other reasons. It was estimated that one new elementary teacher and one new high school faculty teacher will be needed next year.

The average number of elementary pupils here per teacher is 31.5 and the average number of high school pupils is 23.8. The average figure given for the number of pupils one teacher should have enrolled in her class was 25. No teacher should have more than 30 elementary pupils or 35 high school pupils, it was said. The largest number of elementary pupils taught here by one teacher is 41, and the largest number of high school students is 36. The smallest classes are 25 grade pupils and a class of 10 in the high school.

Teachers here are paid a basal salary of \$128 a month plus 70 cents per hour of college work and a monthly increase of \$3 for experience up to five years.

The committee members were unanimous in their opinion that the minimum beginning salary for a qualified teacher should run from \$2,400 to \$2,800. Six voted for salary increases for experience up to 16-20 years and five said such increases should extend beyond 20 years.

On the question, "Should there be a salary increase for outstanding proficiency?" the vote was evenly divided after considerable discussion. The view was expressed that it was a good idea in theory but that definite safeguards should be provided.

In the matter of experience Prestonsburg teachers stack up, thusly: Less than one year, two high school teachers; one to five years, three elementary and five high school; six to 10 years, six elementary and three high school; 11-15 years, two elementary and two high school; 16-20 years, four elementary and three high school; 20 years and over, six elementary and five high school.

Getting down to teacher salary figures, the questionnaire shows that the highest-paid teacher here draws \$3,750 a year and the lowest, \$1,720.70. Sixteen are paid between that low figure and \$2,000; 16 draw between \$2,000 and \$2,500; two are paid from \$2,500 to \$3,000, two are in the \$3,000-\$3,500 group, and two are paid more than \$3,500.

To that "clinch" question asked of committee members—"Would you advise outstanding young people in Kentucky, under present conditions, to prepare themselves professionally to enter teaching as a career?"—nine said they would and 11 answered, "No."

AUCTIONEERS NOT INCLUDED
Legal requirements governing real estate brokers and salesmen do not embrace real estate auctioneers, it was held by Attorney General J. D. Buckman, Jr.

"If the Legislature had intended to embrace auctioneers, it would have been more specific and definitely referred to auctioneers as coming within the scope of the law covering brokers and salesmen," Buckman observed.

The total of receipts from both county and state, as shown, was \$25,651.45.

Expenditures follow:
Salaries—B. L. Sturgill, \$2,400; Ada Meade, \$2,400; T. Y. Martin, \$1,800; Frank Parsons, \$3,250; Willie Johnson, \$2,100; Frank Crum, \$1,410; Don L. Meade, \$700; W. J. Stone, \$200; Louis Allen, \$15; Mertie Dingsus, \$8; Lou Harris, guarding jurors, \$46—total, \$14,329.

Other expenses included: paid to deputies for serving notices, summoning jurors, etc., \$542.50; miscellaneous office supplies, printing tax notices, etc., \$550.90; postage, \$367.79; oil, gas, tires, \$820.22; conveying prisoners to LaGrange, state hospital, Greendale and on requisition, \$1,418.24; depreciation on auto, \$900; Charley Conn, tax collector in Magisterial District No. 4, \$550; expenses on various trips to Frankfort, on Abbott, Bull, Auxier and Prater Creek, roads, \$200—total, \$5,349.65.

The total of expenditures listed was \$19,678.65.

Oil Information Group In Meeting, Tuesday

Approximately 35 oil and gasoline dealers in this county attended the meeting at the courthouse Tuesday evening of the county Oil Industry Information Committee. Marvin Music, chairman of the county committee, presided at the meeting.

The committee's purpose is to promote better public relations through information acquainting the public with the improved products and service the industry offers. Speakers included James Snyder, Ashland, district general chairman, John McGlothen, Ashland, district chairman of Education, S. D. Girard, Ashland, and Donald Music, Prestonsburg, county chairman of Special Events.

The Nelson County Board of Education helped the Cox's Creek 4-H Club by buying a sewing machine.

 Sunshiny days have brought the number of visitors at Dewey Lake during January and February to a total exceeding that of the same two months last year, figures released by Reservoir Manager Roy Moore Show.

Including March 1, 9,935 persons visited the lake this year. The count of cars approximated 3,000.

VOTE DRIVE WINS AWARD

Ballot Battalion Here Spearheaded by Kiwanis Part of National Work

The nation-wide non-partisan register-and-vote campaign, "Ballot Battalion," spearheaded locally by the Kiwanis Club of Prestonsburg, in cooperation with all civic-minded patriotic groups during 1952, has been awarded the Freedoms Foundation George Washington Honor Medal, and also a major prize from the American Heritage Foundation, Marvin Music, 1952 Kiwanis club president, announced Wednesday.

These awards were won by Kiwanis International in competition with hundreds of entries to the awards juries of the Freedoms Foundation of Valley Forge, Pa., and the American Heritage Foundation of New York City. The Freedoms Foundation Award gives to Kiwanis the distinction of being recognized by this organization for the third consecutive year for its Americanism programs. Both organizations are non-profit, non-political, and non-sectarian and actively work to promote more personal participation in citizenship and the furthering of the American way of life.

In announcing these awards, club president Music said, "The Kiwanis Club of Prestonsburg believes that the success of the Ballot Battalion demonstrates the inherent desire on the part of the citizenry of our country to be governed by elected officials chosen by the highest possible percentage of the eligible voters. We are very grateful to all local citizens, the press and radio for their support in assuring the success of this program. We are confident that the American people will continue to exhibit a keen interest and increased participation in matters of government on all levels."

The local Ballot Battalion campaign was comprised of the following groups: Public and Business Affairs committee under the general chairmanship of Lon C. Hill.

Look What Cropped Up in Dixie Last Year!

More than 69,000 Rural Telephones

Last year we added more than 69,000 rural telephones. There are now over a half million telephones in rural Dixie served by Southern Bell. This year approximately 73,000 more will be added.

These new telephones are bringing increased efficiency of operation for Southern farmers, and closer contacts and better living for farm families.

Expanding and improving rural service is a big and costly job. But we're working hard at it because we know how important the telephone is to the South's overall prosperity.

BAR MEMBERS GET BRIEFING

On New Court Rules Effective July 1st; Changes Explained

Prestonsburg attorneys who attended the briefing on the new rules of court practices in civil actions, at Lexington, recently, returned with at least a rudimentary knowledge of the new procedures. The full changes in practices will not be known until the rules are published and furnished attorneys by the Court of Appeals, March 15.

Attorneys J. B. Clarke, W. W. Burchett, Joe Hobson, Kilmer and Paul C. Combs and Robert S. Wellman, all of the Floyd county bar, attended the Lexington conference. Also attending were members of the Court of Appeals, John L. Davis, Lexington, who instructed the attorneys, along with Grant F. Knuckles, Pineville, and Glenn Denham, Middlesboro.

Clarke released a statement to The Times this week clarifying for the general public the major changes in practice that are of interest. It follows:

"In a great measure the new rules of practice follow the federal code of practice. Designations of actions are changed from ordinary and equitable actions to complaint. In other words, there are to be no more designations as equitable and ordinary actions.

"The court is given more discretion under the new rules and has a greater burden of work. Since all civil actions are tried by the court, unless a jury trial is requested either at the time of filing, or, I believe, 10 days prior to the trial date, there will be more cases tried in open court by the court than formerly and less deposition work. Actions stand for trial or pleading 30 days after service of summons.

"In effect, our courts will be in continuous session in the sense that after issues are made up the actions stand for trial, whether there is a designated term at that particular time or not. The only real term, which we might designate as terms of court, will be the period when the court sets down jury cases for trial. This is left largely to the discretion of the court. You will see it will save a lot of unnecessary jury expense.

"The right of appeal is greatly changed in actions in lower courts as well as in the Court of Appeals and will be greatly expedited. "Another thing, the liberality in pleading removes a lot of technical procedure which astute lawyers use to win cases rather than upon the merits of the case."

The new rules are effective July 1.

coal, gas, and oil, he declared, instead of furnishing these resources to the rest of the world. As an example of what can be done, he noted the manufacture of fire bricks in Carter county from the fire clay found there.

Advantages offered by the area to industry he listed include an abundant labor supply, coal, electric power, hope for canalization of the Big Sandy, adequate rail and highway transportation, progress along recreational lines, and accessibility to marketing centers.

Revenue Department Says Law Violated On Cigarette Tax

Frankfort, Ky., March 6 (Spl.)—The Kentucky Department of Revenue has found numerous violations of the state cigarette tax law following the lifting of price ceilings on cigarettes.

In most cases where the price per package has gone up, additional state tax is due. A typical violation is selling a popular brand for 25c a pack with only a 2c tax stamp. The law requires 1c cigarette tax for each 10c retail price or fraction thereof. Therefore, if the retail price of a pack of cigarettes is at least 21c before tax, 3c in tax stamps is required.

Revenue Department field men have been ordered to make a statewide check for violation. Retail cigarette inventories are to be checked for proper tax stamps.

For selling understamped cigarettes, the dealer must pay additional tax due plus 100% penalty, and may be required to purchase a wholesaler's license.

SIGHT PRECAUTIONS NOTED

Most of the eyesight problems of children could be prevented by the application of well-tested precautionary measures, according to a statement issued by the Kentucky Optometric Association in connection with Save Your Vision Week (March 1-7).

1. A better seeing environment in school and at home.
2. Postponement of reading and other tasks requiring close visual concentration until the child enters school.
3. Early training in safety, so that the child avoids accidents from scissors and similar common household objects, and toys that cause most cases of childhood blindness.
4. Immediate professional care when any visual problem or threat to vision arises.

MARTIN WINS NET TOURNNEY

McDowell Is Runnerup At Wayland; 2 Teams In Regionals Tonight

Floyd county's two representatives to the regional basketball tournament at Paintsville—the Martin Purple Flash, winner of the district tourney, and McDowell, the runner-up—will see their first action tonight (Thursday) in naming a regional champion to carry the hopes of the 15th region at the state tournament next week in Lexington.

Martin will play Belfry, and is regarded as the favorite in this encounter, but McDowell will be up against a tough proposition in the form of the Pikeville high school Panthers.

The regional meet began Wednesday night with Salversville meeting Oil Springs and Meade Memorial pitted against the host school, Paintsville. There is no top-heavy favorite in the meet.

Martin won the district tournament which ended Saturday night at Wayland with the greatest of ease. The Flash downed neighboring Maytown, 95 to 62; Betsy Layne, 85 to 63, and McDowell in the finals, 80-62.

The doughty McDowell team, on the other hand, had no easy time of it on the way to the finals. Coach Estill Hall's boys defeated Prestonsburg, 82 to 73, after being held on even terms over more than half the game, and in the semi-finals Friday night contributed the biggest upset of the meet in their defeat of highly regarded Wheelwright, 69-66.

The all-tournament team named at the close of the Wayland meet is composed of three Martin players, two from McDowell, and one each from Wayland, Prestonsburg, Betsy Layne, Wheelwright and Maytown. The honored 10 are:

Tackett, Click and Frazier, of Martin; Tackett and D. Stumbo, of McDowell; Folly, of Wayland; D. Hughes, Prestonsburg; Wallen, Wheelwright; Caudill, Maytown, and Wallace, of Betsy Layne.

Grady Wallace, of Betsy Layne, was high scorer of the tournament with 69 points in three games. Tackett, Martin's heavy scorer, was close behind with 84 points, and close behind him was another Tackett, this one McDowell's high-scoring forward.

Wallace won the foul shot trophy with a near-perfect 27 out of 28 attempts. The sportsmanship trophy was awarded the Wayland five.

All awards, including the championship and runner-up trophies to Martin and McDowell, respectively, the foul shot trophy sportsmanship cup and miniature basketballs to the all-tournament team and members of the championship and runner-up five, were made by County Superintendent Virgil O. Turner.

The tournament, played before capacity crowds, began Tuesday night of last week with a near-upset as Betsy Layne barely edged underdog Garrett, 69 to 66. Garrett held a 34-31 margin at half-time but lost in the last three minutes of the game.

McDowell's conquest of the Prestonsburg Black Cats Wednesday night was made tedious by frequent foul-calling. McDowell scored on 36 of 49 foul tosses while Prestonsburg cashed in on 21 of 34 attempts. Yates applied the clincher for McDowell as he rang up three fast field goals in closing minutes of the contest.

In the Wednesday night nightcap Wheelwright was never extended in downing Auxier, 79 to 45. P. H. Wells, of the losers, led both teams with 25 points in his credit.

Thursday night, Betsy Layne was extended in defeating the host team, Wayland, after breezing along behind a big early lead. Wayland scored 26 points in the last quarter, with Gibson and Polly leading the attack, but could not catch up, losing, 79 to 70. The second game of the evening saw Maytown down Maytown, 95 to 62.

The Friday night opener was a thriller, with McDowell upsetting Wheelwright, 69-66. Wheelwright took a 21-13 lead in the first quarter and was ahead, 39-30, at half-time, and held onto a 54-51 edge at the end of the third period. McDowell pulled the game out of the fire in the fourth quarter with 18 points while holding Wheelwright to 12. McDowell's Tackett was high for the game with 25 points, and D. Wallen led Wheelwright with 23.

Martin led Betsy Layne all the way in the second tilt of the evening, breaking the Bobcats' back with a 20-point second-period spree while holding Betsy Layne to five points. Betsy Layne's Wallace was high for the game with 36 points to 21 for Tackett, Martin's big gun.

The same story was written in the finals by Martin—a comfortable lead all the way. Tackett of Martin scored 29 points, and McDowell's star of the same name netted 20.

(Scores for each game of the district tournament appear elsewhere in this edition of The Times.)

Let us look at the facts in this case. First the letter read to you was dated October 11th, 1950. At that time we knew of no plan to raise the lake by increasing the height of the dam. The lake was impounded in the latter part of 1949 and filled up a great deal quicker than was expected. By May of 1950 the lake was full up to the conservation pool of 645.0. In October, 1950 Mr. Frank Bunce asked me if we objected to the raising of the lake to some point between 645.0 and 686.0, the flood control pool. At that time I addressed the letter to the engineers and it was the same letter read to you at your committee meeting. It had no reference to any additional increase in the height of the dam and it was not until the summer of 1952 that we knew such an increase was being considered. At that time we called the Engineers to let them know we favored such an increase.

(Apparently the purpose of those seeking the addition of five feet to the lake has been misunderstood. Increase of height of the dam has not been asked, for the reason that such work would not be necessary to add five feet of water to the lake.

—Editor—

"The thing," wrote Wallace, "that provokes me most is that you have accused me of being against the very thing I have been for . . ."

He added that he intends for the sportsmen of Floyd county "to know of this unjust accusation against me if I have to come up there with all these letters and talk to them individually."

HONORED ON BIRTHDAY

OH, BOY!

I got quite a kick out of a newspaper clipping sent me by The Paintsville Herald this week. The thrill came when I found that some other section of the grand and glorious Commonwealth is envious of us of the Big Sandy. Gosh!

This clipping was of a Cincinnati Enquirer yarn done by Bob Rankin in which Northern Kentucky sportsmen were wanting to know why in the Sam Hill they weren't entitled to a state park if Prestonsburg was. The boys up there seem a bit bitter about Conservation Director Henry Ward's statement that this area is badly in need of a park.

They say all of the 180,000 people in Kenton and Campbell counties are in need of recreational areas. We don't include the Lookout House and other places of—er, diversion, and so we agree, they need recreation. But why jump on us? Kenton and Campbell counties have many the opportunity provided by urban areas. Cincinnati is just across the river. They have their boat clubs and year-around sports. They may be shy on fishing, but we folks up here have done our part of traveling far and wide in quest of the rather elusive bass.

When they begin telling how much money they spend and have to spend, and how much gasoline tax they pay, etcetera, etcetera, I quit thinking about sports and begin looking for roads. Come, fellows, there's a subject we'll argue with you, year in and year out. And when we get through you'll either be laughing at our pitiful plight or will break down and enjoy a good cry.

As far as The Floyd County Times and the people of Eastern Kentucky are concerned, we would not lose any sleep if Northern Kentucky had one or two or even three state parks. But when Northern Kentucky starts gouging us when we think we have a chance to shake a little of our despair from us, we get riled up and ready for battle.

We'd be angry now, but we're so thrilled to have somebody envious of us. Gee!

STILL AN ENIGMA

The man who stood for every horror we Americans have of Communism is dead and buried, and we are now wondering how much more of an international ogre, octopus or plain black assassin of humanity his successor will be.

For that matter, we are wondering how much of an ogre Joe Stalin himself was. We were told that he was a cunning, crafty Oriental who would cut his own mother's throat to gain his personal objectives. Back when he was consorting with the late and unlamented Adolf Hitler, we were learning all about the millions he had exterminated; how many he had banished to a living death in the wastes of Siberia; how he lay like a spider, waiting for his

prey, and how every decent individual and principle on earth was threatened.

Then Hitler jumped Russia, and this guy Stalin was on our side. And so we read about another facet of this chameleon-like character. Lo, he turned noble! He was brave. He was masterful in his defense of his homeland against the Hun. He was the valor of the Spartans. He was our partner.

But Joe fell to low estate again after the war. Again we saw him as a master puppeteer, pulling this string or that to make his subjects and satellites jump and do his bidding against the peace of the world.

What was this man Stalin? Saint or devil, or just a guy named Joe with a job to do?

We read in the newspapers this week of a 10-mile-long string of mourning Russians standing in line to pass his bier. Last week we read of women and men praying before he died and weeping bitterly after his passing.

We read, too, of the heads of the major Russian churches—Jewish, Moslem, Baptist and Russian Orthodox—calling on their believers to pray for Stalin's recovery.

Did this man have qualities in which these churches believed? Or was the prayer that God spare Stalin "for the good of the Russian and all people" exacted on threat of reprisal if the church-people did not pray for the Red leader? Do churches submit to such threats and blasphemously call on God for something they neither want nor expect?

Mind you, we have no admiration for old Joe now—no more than we had before he got sick and died. We're not among those who are trying to find some good to inter with his bones. We want naught of this business of Communism.

But we would like to know the truth. We should like to know what is propaganda, what is truth and what is just plain lies. The most edifying book ever written, and one which would make the greatest contribution to world peace, would be one in which the whole story is laid bare, wherein all peoples could see each other and world politics as they actually are.

Maybe, somewhere between the lines, we might find peace.

Music Contest Here March 21 To Select Scholarship Winner

Mrs. O. J. Williams, governor of the Seventh district, Kentucky Federation of Women's Clubs, announced this week that the Seventh district music scholarship contest will be held Saturday, March 21, at 1 p.m., in the grade school auditorium, Prestonsburg.

The purpose of the contest is to select a district winner who will be awarded a scholarship for music study at the Egyptian Music Camp, DuQuion, Ill. The winners in the eight districts of the KPWC will meet in Louisville, April 11, for a final contest on WHAS-TV on the youth program, "High Varieties," with the winning contestant being the KPWC's official representative, but all district winners will go to camp.

The scholarship winner will be invited to be the guest of the Kentucky Federation of Women's Clubs and appear on the program of the KPWC convention to be held in Louisville, May 15.

CAR LOADINGS SHOW DECLINE

In Floyd Last Month, Altho Slight Gains Noted in Last Week

Although the last two weeks of February were weak periods in car loadings of coal by the operations associated by the Big Sandy-Elkhorn Coal Operators Association, there was a slight increase near the end of the month, data learned this week shows.

The second week of the month was the best in February, but was only slightly higher than the last week. A total of 4,265 cars of 50 tons each were loaded the second week, fell off to 3,928 the third week but recovered to 3,998 in the last week. Cars loaded in the first week were somewhat lower than the peak figure of the second week.

One thing that has fluctuated a great deal more than the total number of cars loaded is the number of mines working a full week. Sixteen mines worked full time, the first week of February, but this figure dropped to four mines in the third week. The last week showed an increase to eight mines working five days.

The number of mines loading tonnage equal to the corresponding period of last year shows slight variation. Mines equalling or surpassing last year's tonnage for February were, for each week, 7, 5, 7 and 7 and in that week-order. Floyd county mines offering full schedule employment during the last week of February were Clear Branch Mining Company, Kathryn Elkhorn, Turner-Elkhorn and Sizemore Mining Company. Truck mine operations hit a low, the week ending Feb. 14. Only 10.6 cars of 50 tons each were loaded that week. The situation with these mines has improved until the last week of the month saw 37 cars loaded. But this loading leaves them with only 396 cars loaded this year as against 1,683 cars for the same period last year.

Captive mines belonging to the Association seem to be holding their own better than other mines. Still, their better production record cannot do much to overtake the 798,780 tons of coal lacking to equal the group's lag behind the corresponding period for last year.

SOIL CONSERVATION

By L. R. JOHNSON
Soil Conservation Service

Recent inspection shows Floyd county is becoming dry, yet some may ask, "Does it pay to tile wet soil?" You can decide that if you inspect some of last year's work. On Left Abbott where Scott Prasure put in 500 feet, Bruce Hackworth put in 620 feet and Gilbert Ray 310 feet. On Abbott H. B. Patrick installed 1,125 feet of tile; Raifson Greer, 228 feet; Gale Music, 375 feet.

In the Sugar Loaf community Joe Wheeler Burchett used 500 feet of tile, Forrest Burchett used 500 feet. On Mare Creek, Everett Thompson used 220 feet of tile and Ben Maynard 523 feet.

Don't guess tile lines. Have them staked in with a level.

Lunches Are Provided For 204,000 Children In Kentucky Schools

Frankfort, Ky., March 6 (Sp.)—The mid-day school lunch program in Kentucky benefited 204,000 school children for the last school year—more than three and a half times the number benefited in 1943-1944, when the program was started, the State Department of Education disclosed today. That year 58,000 children participated.

State Superintendent of Public Education Wendell P. Butler said the number of meals served last year was an increase of 314 per cent over the first year. The jump was from 7,700,000 to 32,100,000. The percentage of meals with milk last year was 1.5 per cent.

A lunch complete with milk, known as Type A, is one which provides from a third to a half of a child's daily nutritional needs.

Butler estimated the cost of the school lunch program in Kentucky last year at \$16,100,000—of which about \$3,000,000 came from the federal government, in the form of either cash or commodities. State and local governments and private groups provided \$800,000 and \$6,360,000 came from parents of participating children.

Kentucky has exceeded its minimum matching fund requirements by a good margin for several years, Butler reported.

The fiscal year 1943-1944 was the first year in which federal cash assistance became available to the state for the school lunch program, though it had provided support and assistance since 1935.

HEALTH NOTES

By DR. MARVIN RANSDALL
INFLUENZA

"What's that you say about influenza? It's sweeping the country this year?"

Those are Kentuckians conversing about a leading topic these days. Here are some tips, not idle rumors but basic, good-sense facts on how to try to prevent influenza reaching your family.

G. R. Jones, M.D., Director of the Division of Preventive Medicine, Kentucky State Department of Health, states that influenza, or the flu, is caused by a virus, a very small but highly infectious germ. It passes right through the air from the noses and throats of other flu victims. So be wise:

(1) Stay out of crowds. Flu goes from one community to another. It spreads rapidly. Don't try to contact the virus.

(2) Avoid direct contact with anyone who sneezes or coughs carelessly.

(3) Build up your body resistance by eating properly. Eat those foods that make you strong. Perhaps you can counteract any flu germs thrust in your direction.

(4) Avoid chilling the body. Be careful of sudden weather changes. Stay out of drafts.

(5) Wear suitable clothing that's warm and dry. Bundle for the breeze.

(6) Get enough sleep. Rest. Don't overdo when you are tired.

(7) Exercise, and inhale a little pep-giving fresh air.

"Influenza in itself is not dangerous but it opens the channels for more serious complications," added Dr. Jones. It is strength-taking; it weakens. If influenza becomes an unwelcome visitor to your home, call your family physician, go to bed and stay until he says you are again well.

PHI DELTA THETA PLEDGE

Danville, Ky., March 7 (Special)—Garland Howard, of Allen, has been pledged to Phi Delta Theta fraternity chapter at Centre College. Post members of the Centre chapter include Chief Justice Fred M. Vinson of the U. S. Supreme Court and Congressman Frank Chief of Kentucky.

Howard, a freshman at Centre, is the son of Mr. and Mrs. Allie Howard, of Allen. He was graduated last year from Millersburg Military Institute where he was outstanding in school activities.

Centre's Phi Delta chapter is the second oldest in the nation.

CARD OF THANKS

The family of James S. Click, of Langley, wishes to extend to all of their friends sincerest thanks and appreciation for their visits to the home, sending of flowers and valuable assistance rendered. Without this sympathetic assistance the family's hours of grief would have been hard to bear. The beautiful flowers, with the fine arrangements, contributed to make a wonderful expression of respect and devotion to "Jim" by his friends. Such display of respect and devotion had a most consoling effect upon his family.

To our friends whom we have not been able to personally contact we express our heartfelt thanks. To Rev. Shrap and Rev. Adam Osborne, we appreciate your spiritual advice and sympathy, and the efficient and sympathetic services of the Turner Funeral Home were extended as to a loved friend.

CLUBS IN REGULAR MEETING

The Betsy Layne Woman's Club held its regular sewing meeting, Feb. 23, at the home of Mrs. Edward Lykins. The afternoon was spent working on items for sale to raise necessary funds for proposed club work. A quilt top to be sold was also planned and a work plan was outlined for that project.

At the close of the sewing session, the Fine Arts objectives of the General Federation of Women's Clubs were presented. Among these were: The program of the Art division to promote art activities in communities, art classes for adults, art exhibits, and to encourage art in schools. The music division seeks to promote a better knowledge and greater appreciation of American music. The drama division encourages club members to enter the play-writing contests. The Fine Arts chairman also brought out the fact that the general theme of the Fine Arts department is to study the American heritage in arts, and as an illustration a group of pictures, "Landmarks in American Painting," was presented. This group of pictures covered the period 1870 through 1950 and it was noted that, in art, as in other phases of life, America has been a melting pot.

At the close of the meeting refreshments were served to the following members: Mesdames O. J. Williams, T. J. Chandler, Beecher Hardwick, Glenn Blackburn, Miss Alice Williams, the hostess, Mrs. Lykins and guest, Mrs. Clyde Blackburn, London, Ky.

Pike-Co. Berry Program Aided by Several Groups

The following interests have joined forces to promote strawberry growing in Pike county: County Agent H. F. Dowdy, Home Agent Sally A. Newell, Production and Marketing Administration and local business concerns.

An insurance company and frozen-food bank will provide plants and take their pay after strawberry harvest in 1954. At first, berries will be grown for local sales and home use.

Farmers reporting on berry-growing last year include Fred Cox, whose tenth-acre returned \$249, and Jack Flanery, who sold \$450 worth of strawberries from an eighth of an acre.

W. W. Magill, fruit specialist for the U.K. College of Agriculture and Home Economics, assisted in launching the strawberry program in Pike county. He advised new growers to try plots of 20x20 feet up to an acre. Tennessee Beauty and Blakmore were recommended varieties.

BEAR FACTS

By **PAUL (Bear) BRYANT**
U.K. Football Coach

Lexington, Ky.—Michigan State's much-publicized troubles with the Big 10 over the existence of an alumni booster club to finance wide-spread recruiting of athletes brings up an interesting point.

Such booster organizations are a "must" for those schools which scour the country in search of athletic talent. Most prospects insist on having their expenses paid and want to travel first class. At least that is true in the case of about 20 Kentucky boys who have visited beyond our borders within the last few weeks.

No inference is intended that those schools are violating the letter of NCAA rules prohibiting schools from directly paying for a prospective athlete's visit, but it is very probable that the spirit of the rules is being broken by allowing booster clubs to "pay the freight," and that is wrong.

Let me assure you that no organization of this type exists in the interest of the University of Kentucky's program. We find no need of such an assistance group since we have discontinued all recruiting outside the state of Kentucky.

It is our belief that this "Kentucky first" program is the sanest and soundest in football today.

PUNTS AND PASSES

When football styles get back to the "rugged individualist" era next fall, you'll want to keep an eye on a lot of good Kentuckians as they come into their own. In the veteran category, check the performance of Somerset's Ray Carroll at guard. He's been overlooked except when he was named to the all-time Cotton Bowl team. Among the youngsters, watch for tough Duke Curtnite, another top-flight guard who promises to give Ashland a good reputation in Kentucky football. His younger brother, Ivan, will enroll at U.K. in September.

ATLANTA — Georgia's lawmakers backed off from creating a new word. The House of Representatives had voted to make "and/or" a legal substitute for "and-or" and similar phrases but the Senate balked. The senators voted to postpone the house bill indefinitely.

WOMAN'S CLUB MEETS

"Let us resolve to put first things first and strive to make our community a better place in which to live," urged Mrs. E. C. Brewer, speaking on "Spiritual Values" at last Thursday evening's meeting of the Lackey-Garrett Woman's Club, at the home of Mrs. M. M. Collins, Lackey.

Mrs. Brewer used as illustrations for modern-day women to follow those courageous women of Bible times, Deborah, Ruth, Esther, and Hannah. She stressed that women must have courage to follow their convictions. Since Christ Himself had elevated women to their rightful place.

"The best formula for peace," concluded Mrs. Brewer, "is to recognize the sovereignty of God and put His interests above all else."

Mrs. Willard Castle gave a statistical report on Safety, listing as the four major causes of accidental deaths in the United States: 1. Motor vehicles; 2. Falls; 3. Drowning; 4. Fires.

"Speed," emphasized Mrs. Castle, "is the biggest cause of highway accidents. Last year, 795 Kentuckians were killed in traffic accidents, and in the first 22 days of 1953 there was an average of two deaths a day from highway accidents."

At the conclusion of her report Mrs. Castle conducted a quiz covering the factual information she had given. Mrs. E. C. Brewer won first prize and Mrs. Fred Hall received second award.

A nominating committee was elected composed of the following: Miss Marie Coburn, Garrett; Mrs. Gorman Collins, Lackey; and Mrs. N. D. Howard, Wayland.

Mrs. Evans reminded the members that March 6 is the date for the Bloodmobile at Garrett, from 11 to 5, and instructed those who are to secure blood donors. She called for volunteers for canteen work and the following responded: Mesdames Fred Hall, J. C. Wells, Otto Martin, N. D. Howard, Earl Castle, Harry Sherman, Willard Castle, and George Evans. It was decided to have a book and magazine shower at the March 23 meeting at the home of Mrs. W. T. Hatcher, the books and magazines to be divided equally between the Wayland and Garrett libraries.

It was also decided to appoint a committee to meet with the local high school principal to find out if he might secure the services of a driving instructor at the Wayland high school in order for a driving course to be offered in the curricula, as has been at Garrett in the past. Mrs. Willard Castle, Mrs. Fred Hall and Mrs. Frank Harman were appointed to serve on this committee.

At the conclusion of the meeting a combination course was served by the hostess to the following: Mesdames Thomas Hatcher, Harry Sherman, E. C. Brewer, Fred Hall, Earl Castle, N. D. Howard, W. T. Hatcher, Felix Coburn, J. C. Wells, Willard Castle, George Evans, Otto Martin, and Misses Marie Coburn, Maude Ellen Hatcher and Virginia Brewer.

PFC. HANCOCK IN JAPAN WITH THE 24TH INFANTRY DIV. IN JAPAN—Pfc. Clyde F. Hancock, son of Mr. and Mrs. Herbert Hancock, Emma, Ky., recently arrived in Japan and is now serving with the 24th Infantry Division's Replacement Company.

Now receiving intensive field training, the 24th is part of the security forces in Japan. Before being rotated out of the line early in 1952, it spent 19 months in Korea.

Hancock entered the army in Dec. 1948, and was stationed at Indiantown Gap, Pa., prior to transferring to the Far East.

HALE ANNOUNCES FOR CO. CLERK

For three terms, I have been selected by the citizens of the 1st and 2nd Magisterial Districts to serve Floyd county as one of its Representatives in the state legislature. Although the office of State Representative offers no financial gain for the strenuous and nerve wracking service one performs, and although one's best efforts are often misunderstood, I can say with a clear conscience that at all times I did my very best.

There is no one in public life whose record is more fully recorded or more open to the public than that of a member of the legislature. The record will reveal that while I served in this position my action and votes were at all times governed only by my sincere desire to fulfill the needs and further the progress of Floyd county and its people. In performing my duty in this manner, I have never been controlled or influenced in my actions by any person or group of persons seeking their own selfish interests to the detriment of the people of Floyd county.

I feel that it is this record of service, and the honesty and integrity I have applied in the performance of my official duties, which has encouraged my many friends to urge me to run for a county office the duties of which must be administered without fear, without favor and without prejudice.

Therefore it is with a feeling of deep sincerity that I now announce my candidacy—on the Democratic ticket—for the office of **COUNTY COURT CLERK**.

My candidacy is not sponsored by any particular person or special interest group. As I have indicated, the legislative journal will reveal that my voting record is one of the most independent recorded in Frankfort. So I can assure you that as your Clerk I will never allow myself to become obligated to any person or group of persons in the performance of my duties.

In announcing my candidacy, I recognize fully my responsibilities to uphold the law in public duty and in private living.

Having always supported the Democratic party, I urge all Democrats in this county to support me as their nominee for the office of **CLERK OF FLOYD COUNTY**.

Humbly submitted
Your servant,
HENRY C. HALE

Wins Century Club Award for Victories

Chicago—Coach John D. Campbell, of Wayland high school, has been named an award winner and member of Sports Trail Country Club for his record of 123 victories in basketball.

The honorary organization is open to any college or high school coach whose athletic teams have won 100 or more contests in any sport.

William Matthei, coach at Bayview high school, Milwaukee, received the first award. He qualified by coaching cross country teams that had won more than a total of 100 meets.

Matthei originally suggested the idea of a century club in a letter to Sports Trail, a monthly newsletter edited by Arch Ward, sports editor of the Chicago Tribune, and published by the Bike-Web Co.

It was Matthei's hope that perhaps some unknown coach who had done an outstanding job in school sports might get a justly deserved break from this type of recognition.

The Century Club award, a framed certificate, is presented to any qualifying coach whose record is submitted to Sports Trail in care of Bike-Web Co., 309 West Jackson Boulevard, Chicago 6, Illinois.

Former P'burg Net Star's Scintillating Performance Noted by Sports Writer

Charlie Pike, the former Prestonsburg high school basketball star, paced his Miami (Fla.) high school net team to the city championship and an undefeated season recently.

His performance against Edison high when Miami high clinched the title with an undefeated season within the city was featured in the Miami Herald.

Besides scoring 21 points, Pike played a scintillating floor game, both defensively and offensively, and sparked his team to victory after it had lost two of its stand-out performers on fouls.

His loss to the Prestonsburg team last year was a severe blow to basketball hopes here.

Wheelwright Passes Heart Fund Quota

The Wheelwright community which led the county in its contribution to the polio fund has also passed its quota in the Heart drive, Mrs. J. C. Spurlin, Prestonsburg, county Heart drive chairman, said this week.

Mrs. Cora McHone was chairman there for the Woman's Club which staged the Wheelwright drive, and her work and that of her fellow-churchmembers was credited with aiding the county to reach its quota.

DAVID

CLUB ELECTS OFFICERS

The March meeting of the David Woman's Club was held at the home of Mrs. William Crawford. The club was entertained with a music program given by Mrs. Chalmers Frazier and her Boys' Chorus. Members appreciated and enjoyed selections by the chorus and quartet and solos by Ballard Wright, Roger Marshall and Randall Wells.

During the business session the nominating committee presented officers for the new club year and the following were elected:

President, Mrs. Ora Howard; first vice-president, Mrs. James Camelia; second vice-president, Mrs. Ezra Clark; recording secretary, Mrs. James Durham; corresponding secretary, Mrs. Walter Grace; treasurer, Mrs. John Stratton; parliamentarian, Mrs. Irvin Spotte; historian, Mrs. Lon C. Hill. Plans were made for the installation of the new officers in April.

At the close of the meeting refreshments were served by hostesses Mrs. William Crawford and Mrs. James Camelia to Mesdames Jack Burnett, Pete Capell, Walter Grace, James Durham, Enno van Gelder, James Hall, Ora Howard, O. H. Marshall, Earl McDonald, W. H. McKinney, Frank Music, Irvin Spotte, Isaac Stumbo, M. E. Thompson, Joe Tussey and guests, Mrs. Carl Bingham and Mrs. Herschel Waugh.

CAIN TO AID VETERANS

Roy M. Cain, contact representative of the Kentucky Disabled Ex-Servicemen's Board, will be in Floyd county for the purpose of aiding and assisting veterans and their dependents in filing and prosecuting claims for benefits to which they may be entitled from the Veterans Administration.

Mr. Cain will be in the postoffice building, Wayland, Thursday, March 19 from 8 a.m. to 12 noon; 1 p.m. to 4 p.m. he will be in the Beaver Hardware, Martin; Friday, March 20, he will be in the office of Tackett & Tackett, Prestonsburg.

That homemakers in Kentucky devote considerable time to becoming better informed citizens and to the betterment of their communities, was learned from a report given at the annual business meeting of the Kentucky Federation of Homemakers held at the University of Kentucky.

WHEELWRIGHT

TO EXHIBIT MISSIONARY FILM

Sunday, at 7:30 p.m., the film, "Yesudas the Outcaste," will be shown in the Wheelwright Community Church. The film is descriptive of life in India and of the work done by missionaries among the poorest people. The film depicts the life of Yesudas, an outcaste boy, who later became a Christian and dedicated his life as a pastor-evangelist among his own people.

Rev. A. E. Atkinson, pastor of the Community Church, served with the Methodist Church in India before coming to this country nearly four years ago. Mr. Atkinson will answer questions concerning missionary work in India, after the film is shown.

An invitation is extended to all Christians to attend this service.

Wilkinson Is Chairman Of Easter Seal Campaign

Chairman of the 1953 Easter Seal campaign in Floyd county will be H. M. Wilkinson, Jr., it was announced last week by State Chairman Briggs Lawson.

The campaign, which began today (Thursday) to continue through April 5, will raise money to provide medical care and other needed services for crippled children throughout Kentucky.

The campaign, Mr. Lawson said, will be conducted largely through mailing of Easter Seals, but additional means of raising money will be devised in most communities.

No definite goal has been set for money to be raised in the state as a whole or for any county, the chairman pointed out. But the Kentucky Society for Crippled Children, this state's Easter Seal Society, already is committed to a service program expected to cost about \$215,000 during the next fiscal year.

You are hereby notified that a Petition and Amendments to Petition in Contemnation have heretofore been filed in the Office of the Clerk of the United States District Court for the Eastern District of Kentucky, in the United States Court House in Pikeville, Kentucky, for the taking of:

The fee simple title thereto, subject, however, to existing easements for public roads and highways, for public utilities, for railroads, for pipe lines and to oil and gas leases.

for use in connection with the construction and operation of the Dewey Dam and Reservoir Project in Floyd and Pike Counties, Kentucky, of the following described property in which you have or claim to have an interest:

A certain tract of land situate in the State of Kentucky, County of Floyd on the left descending bank of Johns Creek, approximately 9.0 miles above the Dewey Dam, and containing 33.34 acres, more or less, which said tract has been designated as Tract No. B-237, Dewey Dam and Reservoir Project.

Another tract of land situate in the State of Kentucky, County of Floyd on the left descending bank of Johns Creek, approximately 9.3 miles above the Dewey Dam, and containing 22.40 acres, more or less, which said tract has been designated as Tract No. B-238, Dewey Dam and Reservoir Project.

The authority for the taking is in accordance with the Act of Congress approved February 25, 1931 (46 Stat. 1421; 40 U.S.C. Sec. 958a), and Acts supplementary thereto and amendatory thereof, and under the further authority of the Act of Congress approved April 24, 1932 (25 Stat. 94; 33 U.S.C. 591), and the Act of Congress approved March 1, 1917 (39 Stat. 948; 33 U.S.C. 701), and the Flood Control Act of Congress approved June 28, 1938 (Public Law 76 - 75th Congress; 52 Stat. 1215; 33 U.S.C. 701a), as amended by the Act of Congress approved August 18, 1941 (Public Law 228 - 77th Congress, Sections 3 and 6; 55 Stat. 638; 33 U.S.C. 701c-2), which Acts authorize the project for the construction operation, and maintenance of the Dewey Dam and Reservoir on Johns Creek, Ohio River Basin, Kentucky, and the Act of Congress entitled "Civil Functions Appropriation Act, 1949," approved June 25, 1948 (Public Law 782 - 80th Congress), which Act appropriated funds for such purposes.

You are further notified that if you desire to present any objection or defense to the taking of your property you are required to serve your answer on the plaintiff's attorney at the address herein designated within twenty (20) days after March 26, 1953, the last date of publication, and show cause, if any you have, why the Commissioners' Report filed herein on June 14, 1949 pertaining to the above-designated tracts of land should not be confirmed.

Your answer shall identify the property in which you claim to have an interest, state the nature and extent of the interest you claim, and state all of your objections and defenses to the taking of your property. All defenses and objections not so presented are waived. And in case of your failure so to answer the complaint, or show cause why the Commissioners' Report aforesaid should not be confirmed, judgment of condemnation of that part of the above-described property in which you have or claim an interest will be rendered.

4 MEETINGS ARE SLATED

Town Hall Gatherings Of Industrial Group Held This Week

The recently organized Eastern Kentucky Industrial Foundation, Inc., comprised of 14 counties in this section of the state, has initiated a series of Town Hall meetings in each of the member-counties for the purpose of informing business people of its plans to develop industrial growth in the area.

The first of these county-wide Town Hall meetings was held at Pikeville, March 9, in the circuit courtroom at 7:30 p.m. Three additional county meetings were scheduled for this week, with one at Salyersville on March 10, at Vanceburg on March 11 and at Grayson on March 12th. Other meetings are now being set up for the following weeks and will be continued until a Town Hall meeting is held in each of the counties.

A Town Hall meeting in Prestonsburg March 26 is being planned, but the date has not been definitely set, A. Joe Asher, executive director of the Foundation, said.

Cooperating with and assisting the new organization in these meetings was a representative from the Kentucky Chamber of Commerce and one from the agricultural and Industrial Development Board, a state agency at Frankfort.

Each Town Hall meeting is being patterned after the first which was held at Ashland, November 21, at which more than 450 persons heard Gov. Lawrence Wetherby pledge the full cooperation of his administration to aid Eastern Kentucky and also heard telegrams read from both Kentucky U. S. Senators pledging their support of plans to aid our section. There was a short period of discussion upon assigned topics by representatives of these organizations and also by a member of the new Foundation, and these talks were followed by a panel session with questions presented to these taking part in the program by the audience.

No solicitation of funds was to be made at any of these meetings and no membership campaign will be conducted. Each Town Hall meeting is devoted entirely to a discussion of each county area problems and what may be done to answer them.

PRESIDENTS INVITED

Frankfort, Ky., March 3—Presidents of all Kentucky senior and junior colleges have been invited to a conference here March 18 by Governor Wetherby to explore methods of combating adult illiteracy. The proposal resulted from suggestions made to the Governor by Groves Sales, Louisville attorney, retired Rear Admiral Ion Jurcell, Owensboro, and a group of professional educators.

Here's Proof that new Dodge trucks give you more for your money!

Actual comparisons of the 3 leading makes of trucks show that Dodge alone gives you the big plus values listed in the adjoining column . . . that can save you hundreds of dollars over the life of your truck!

In these cost-conscious days, trucks are bought on proof, not promises. And we can prove that the new Dodge trucks are the least expensive over the long haul. Stop by and learn why! Get the facts and you'll get a Dodge!

1/2-TON THROUGH 4-TON! . . . SEE US FOR A GOOD DEAL!

DODGE "Job-Rated" TRUCKS

OF THE 3 LEADING MAKES OF TRUCKS, ONLY NEW DODGE "Job-Rated" TRUCKS GIVE YOU . . .

7 POWERFUL ENGINES, with 100 to 171 h.p.—3 engines brand-new. Of the 3 leading truck manufacturers, no one offers as many engines as Dodge. Assures the right engine for the job.

TRUCK-O-MATIC TRANSMISSION with glyrol Fluid Drive, for the best in shift-free driving. Available in 1/2- and 3/4-ton models.

SUPERSAFE BRAKES of the advanced dual-primary type in 1- through 4-ton trucks. Of the "Big 3," only Dodge offers these up-to-date brakes.

More power in the 1 1/2- and 2-ton ranges than the other 2 leading makes.

More pick-up bodies than the other 2 leaders, including new 116"-wheelbase 1/2-ton pick-up.

Greatest 1/2-ton-panel payload and cubic capacity of the 3 leaders.

Fluid coupling, for smoother traction in 1/2-, 3/4- and 1-ton models, offered only by Dodge.

2 fuel filters on all models to assure cleaner fuel and a cleaner engine.

Floating oil intake selects clean oil at top; avoids sediment at bottom of crankcase.

Water-distributing tube on all models directly cools valve seats . . . means longer valve life.

Exhaust valve seat inserts on all models for better valve seating, longer engine life.

4-ring pistons on all engines save oil, upkeep.

Independent parking brake on all models is simple, efficient, powerful.

Riveted Cyclebond brake linings last longer . . . no rivets to score brake drums . . . linings are tapered and molded on many models for quiet stops.

Oriflow shock absorbers on 1/2-, 3/4- and 1-ton models give smoother riding, greater driver control on roughest roads.

High-strength rear axle shafts on all models are shot-peened for extra durability.

Better balanced weight distribution for extra payload.

Dodge pioneers . . . others follow! Many features—just adopted by other leading makes—have been standard on Dodge "Job-Rated" trucks for years! For example: chrome-plated top piston rings in complete line, spark-plug covers, 45-ampere generators, short wheelbase design.

By virtue of judgment and order of sale entered by the Judge of the Floyd Circuit Court ordering and directing me as Sheriff to advertise and sell the following described property, levied upon under attachment from said court, I or one of my deputies will, on April 6, 1953, at or about the hour of 10 o'clock, a.m., at the front door of the courthouse in the City of Prestonsburg, Ky., will offer for sale one 1947 Plymouth sedan. Also, the following tract or parcel of land, bounded and described as follows:

Beginning at Jack's Creek at a sycamore at the foot of the hill at Laconna Hall's line; thence up the hill with Laconna Hall line to the top of the ridge; thence up the ridge between Willie Hall's line and Beaver side to a stone marked X; thence straight line down the hill to the mouth of a drain; thence straight line up to the creek to the corner of the yard; thence straight across the yard to a marked rock; thence straight line down to lower end of Willie Hall's garden; thence straight out to the creek; thence back down with the creek to the beginning.

This certain tract or parcel of land lies in Floyd county, Ky., on Jack's Creek, and being part of the same land conveyed to Tony Stone and Gallie Stone by deed bearing date of March 21, 1949, recorded in Deed Book 141, at page 383, Floyd County Court records, and containing 20 acres, more or less.

Said judgment being for the sum of \$698.03 and court costs.
 Levied on as the property of Tony Stone and Gallie Stone.

TERMS OF SALE: Said automobile will be sold on a credit of (3) months, with bond approved by security and bearing interest at the rate of 6% per annum from day of sale until paid and having the force and effect of a replevin bond. Or if the purchaser so desires he may pay cash for said automobile.

Said land will be sold on a credit of (6) and (12) months with bond approved by sufficient surety and having the force and effect of a replevin bond. Also, a lien is retained on said real estate for said purchase price.

Witness my hand this 10th day of March, 1953.

MARTIN

CLUB HOLDS MEETING
 The Allen-Martin Woman's Club met Monday evening, March 2, at the home here of Mrs. John P. Sammons.

Virginia Short, president, appointed Mrs. Roy Beckham flag custodian. The motion made by Mrs. John P. Sammons that the club give the Boy Scouts of Allen and the Boy Scouts of Martin one-half of the proceeds made on the club's TV show was approved. The president read a letter from the Wheelwright Woman's Club seeking to schedule a game of basketball with the Allen-Martin club by March 15.

A letter was read from the Floyd county Health department and the Floyd County Tuberculosis Association asking the club to sponsor the X-ray trailer clinic April 23 in Martin.

A style show and Tom Thumb wedding sponsored by the club will be in Allen, March 23, and in Martin, March 24.

Refreshments were served to the following members: Miss Nell Music, Mesdames Roy Beckham, Lloyd Crum, T. J. Allen, W. O. Huddleston, William Lyon, George Laven, Maurice Mitchell, Virginia Short, John P. Sammons, William Martin, John Hall, Fred Gross and George Sims.

PFC. CLAY RECUPERATES
 WITH THE 2D INFANTRY DIV. IN KOREA — Pfc. Carl E. Clay, son of Mr. and Mrs. Harry R. Clay of David, Ky., recently spent five days in Japan on a rest and recuperation leave from the 2d Infantry Division in Korea.

Clay, a construction specialist, spent his leave in Osaka, Japan. He entered the army in September 1951 and joined the 2d Division last July.

Mrs. Harry Sammons is seriously ill at St. Mary's hospital, Huntington, suffering a broken hip sustained in a fall in her bedroom.

Mrs. Frankie Best and son, Stephen Lee, and Mrs. Tom Stephens attended the broadcast from Prestonsburg Tabernacle Sunday afternoon.

Rev. Will Horne, of Auxier, was elected pastor of Cliff Freewill Baptist Church at its regular meeting time, the first Saturday in March. The church is very happy to welcome Rev. Horne as its pastor.

Mr. and Mrs. George Laven and daughter, Tommie Carol, of Allen, called on her parents, Mr. and Mrs. Tom Stephens, here Sunday afternoon.

WEEKSBURY

THE GOOD NEIGHBOR CLUB
 The women of Weeksbury and surrounding communities met in October of 1951 and formed a sewing club to make layettes for the babies of needy people.

The name chosen at first was "The Sewing Club." It was later changed to "The Good Neighbor Club," because it was decided that the group could do other things for people besides sewing.

Each meeting is begun with a devotional period in which every member partakes.

During the two years since its organization, the club has given 14 layettes, gathered clothing and food, given Christmas baskets, sent two children to summer camp, donated to charities and bought curtains for the Weeksbury Community Church.

The meetings are held twice a month at the home of one of the members. The club now has 26 members.

IN THE UNITED STATES DISTRICT COURT FOR THE EASTERN DISTRICT OF KENTUCKY AT PIKEVILLE, UNITED STATES OF AMERICA, PETITIONER, VS. 107.27 ACRES OF LAND, MOORE OR LESS, IN FLOYD COUNTY, KENTUCKY, FRED BALDRIDGE, JR., ET AL., DEFENDANTS. CIVIL ACTION NO. 210 D. J. FILE: RMCL-WCC 33-18-188-15 (DEWEY DAM AND RESERVOIR PROJECT) AMENDED NOTICE — Condemnation. TO: TRACT NO. B-237-24-84 ACRES, Burchanel, John J., et ux. —Burchanel; Cecil, Mary, et vir. Fritchard, Cecil; Compton, Basil, husband of Ruby G. Compton; Riley, John Earl, husband of Harman Harris Riley; Sammons, Jerry, husband of Lucy Goble Sammons; Hatcher, Myrtle Harris; et vir. J. J. Hatcher. TRACT NO. B-212-21-66 ACRES. Burchanel, John J., et ux. —Burchanel; Compton, Basil, husband of Ruby G. Compton; and Goble, Johnie, single.

You are hereby notified that a Petition and Amended Petition in Condemnation have heretofore been filed in the Office of the Clerk of the United States District Court for the Eastern District of Kentucky, in the United States Court House in Pikeville, Kentucky, for the taking of:

The fee simple title in and to Tracts Nos. B-207 and B-212, subject, however, to existing easements for public roads and highways, for public utilities, for railroads, for pipe lines and to oil and gas leases, for use in connection with the construction and operation of the Dewey Dam and Reservoir Project in Floyd County, Kentucky, of the following described property in which you have or claim to have an interest:

A certain tract of land situate in the State of Kentucky, County of Floyd, on the left descending bank of Johns Creek, approximately 5.6 miles above the Dewey Dam, and containing 24.84 acres, more or less, which said tract has been designated as Tract No. B-207, Dewey Dam and Reservoir Project.
 Another tract of land situate in the State of Kentucky, County of Floyd, on the left descending bank of Johns Creek, approximately 5.5 miles above the Dewey Dam and containing 21.95 acres, more or less, which said tract has been designated as Tract No. B-212, Dewey Dam and Reservoir Project.

The authority for the taking is in accordance with the Act of Congress approved February 25, 1931 (48 Stat. 1427; 40 U.S.C. Sec. 258a), and Acts supplementary thereto and amendatory thereof, and under the further authority of the Act of Congress approved April 24, 1938 (52 Stat. 94; 33 U.S.C. 691), and the Act of Congress approved March 1, 1917 (29 Stat. 943; 33 U.S.C. 701), and the Flood Control Act of Congress approved June 28, 1938 (Public Law 761-756th Congress; 52 Stat. 1215; 33 U.S.C. 701a), as amended by Act of Congress approved August 18, 1941 (Public Law 228-77th Congress, Sections 3 and 6; 55 Stat. 633, 33 U.S.C. 701c-2), which Acts authorize the project for the construction, operation, and maintenance of the Dewey Dam and Reservoir on Johns Creek, Ohio River Basin, Kentucky, and the Act of Congress entitled "Civil Functions Appropriation Act, 1949," approved June 25, 1949 (Public Law 782-60th Congress), which act appropriated funds for such purposes.

You are further notified that if you desire to present any objection or defense to the taking of your property you are required to serve your answer on the plaintiff's attorney at the address herein designated within twenty (20) days after March 19, 1953, the last date of publication, and show cause why, if any, why the Commissioner's Report filed herein on June 27, 1949, should not be confirmed. Your answer shall identify the property in which you claim to have an interest, state the nature and extent of the interest you claim, and state all of your objections and defenses to the taking of your property. All defenses and objections not so presented are waived. And in case of your failure to answer the commissioner's report aforesaid should not be confirmed, judgment of condemnation of that part of the above described property in which you have or claim an interest will be rendered.
