

THURSDAY

PRESTONSBURG, KENTUCKY

MARCH 3, 1960

This Town-- That World

The first snow was 10 inches; the next, six; this one, four, at that rate of decrease we should have a light frost for the Fourth of July.

EDITORIAL COMMENT

Going the rounds is this one: An editor was dying but when his doctor bent over, placed his ear to the man's breast, and said, "Poor man! Circulation almost gone," the old boy came to life long enough to shout: "You're a liar! We've got the biggest circulation in the county!"

ADVICE

This comes via a Florida newspaper and was written by a Judge Philip B. Gilliam. It is advice to a teen-ager:

Always we hear the plaintive cry of the teen-ager: "What can we do? . . . Where can we go? The answer is GO HOME!"

Hang the storm windows, paint the woodwork. Rake the leaves, mow the lawn, shovel the walk. Wash the car, learn to cook, scrub some floors. Repair the sink, build a boat, get a job.

Help the minister, priest or rabbi, the Red Cross, the Salvation Army. Visit the sick, assist the poor, study your lessons. And then when you are through—and not too tired—read a book.

Your parents do not owe you entertainment. Your city or village does not owe you recreational facilities. The world does not owe you a living . . . You owe the world something. You owe it your time and energy and talents so that no one will be at war or in poverty or sick or lonely again.

In plain, simple words, GROW UP; quit being a cry-baby. Get out of your dream world and develop a backbone, not a wishbone, and start acting like a man or a lady.

You're supposed to be mature enough to accept some of the responsibility your parents have carried for years. They have nursed, protected, helped, appealed, begged, excused, tolerated and denied them. (See Story No. 1, Page 8)

HOUSING HERE BILL SUBJECT

Robinson Introduces Bill To Allow Cities Vote on Improvement

Rep. Ollie Robinson, of Prestonsburg, last week introduced a bill authorizing the submission of proposals for low rent housing projects to a vote of the people.

Robinson's bill, submitted by request of the City Council would pass the question of whether any sixth to first class municipality is to conduct a low-rent housing program directly to the people at any next regular election. The bill was prepared by City Attorney Joe Hobson. The bill provides that the proposal may be put on the ballot by direction of the City Council through an ordinance authorizing it 60 days before the election. Section VI of the bill states that the municipalities mentioned are not bound to submit the proposal but that it was only discretionary with the city governments.

Recent efforts to have the members of the Prestonsburg Housing Commission appointed by the Council here resulted in no action at a meeting two weeks ago. One council spokesman explained its failure to appoint the members: "The Council has not appointed the members because that would authorize the continuation of the program of low rent housing. This the Council does not want to do unless the people approve and that is the reason for the Robinson bill."

The Council will meet again next Monday evening.

COUNTY BOARD DEFERS ATHLETIC FIELD ACTION

BOARD HEARS PLAN DETAILS HERE TUESDAY

Is Asked To Assist On \$45,000 Project On School Property

The Floyd County Board of Education heard at its Tuesday meeting detailed plans of the athletic field project at Prestonsburg high school as approved by the Prestonsburg Parent-Teacher Association, and was asked to contribute to the undertaking \$9,514.16.

The proposal, read at the Board meeting by Byron M. Thompson, chairman of the Building Improvements committee of the Parent-Teacher Association, envisions a development costing \$45,804.92 and with an estimated value of \$64,855.

The Board of Education deferred a decision till its April meeting, asking time to study the plan.

(The plan in full is published elsewhere in The Times by Mr. Thompson.)

The actual construction would include grading of the entire side of the high school; draining and tiling of the gridiron with an eight-inch crown at the center of the football field, this running parallel with the sidelines; a permanent stadium of concrete block and pre-stressed concrete decking with a seating capacity of 1,970; an eight-foot cyclone fence with canvas around the interior side of the fence enclosing the entire area; 10 light poles with 120 lights; two concession stands, one beneath either end of the stadium; press box, electric scoreboard and four sound speakers.

The plan also includes, it was pointed out, basic construction of six additional classrooms beneath the stands to meet anticipated attendance requirements at the school. The planners pointed out that the six classrooms could be completed at a cost of \$27,000 or less, as compared with the \$75,000 cost of new construction of the rooms.

The plan for financing materials and construction costs in addition to the Board's contribution envisions the issuance of "Youth Confidence bonds and certificates." The bonds would not be interest-bearing, and the certificates would be issued to those making contributions and would serve those who would want income tax deduction benefits. (See Story No. 7, Page 3)

Caner Hunter Fined For False Statements In Unemployment Case

Oscar Hunter was fined \$50 and costs by County Judge Henry Stumbo, Monday morning when he entered a plea of guilty to one of eight warrants alleging that he knowingly made a false statement in order to qualify for unemployment insurance benefits.

The other seven warrants were filed away on Hunter's agreement to repay the \$473 unemployment benefits he had been paid. He had been employed by the Joy Coal Company, of Harold.

WASHINGTON, D. C. — Alfred G. Allen, son of Mrs. Mollie C. Allen, of Hueysville, and the late Wayne Allen, is shown receiving his third consecutive Superior Performance Award in a recent ceremony at the Pentagon. Making the presentation is Major William E. Field, operations officer of the 2044 Airways and Air Communications Service Squadron, which mans and operates the Headquarters USAF Communications Center in the Pentagon.

Mr. Allen serves as technical assistant to the officer in charge of the communications center.

This award is given him for the technical leadership ability shown throughout his career and for his part in the layout of communications equipment at the assigned Communications Center.

Mr. Allen is assigned to the town high school.

STORM HITS THIRD TIME

Traffic Snarled Again By Four-Inch Snowfall; Schools Close Wednesday

For the third time in as many weeks Floyd county was blanketed Wednesday with a heavy snow, and again traffic was snarled over the greater part of Kentucky.

Here, approximately four inches of snow fell, and flurries continued on into today (Thursday).

The first snowfall of about 10 inches fell here Friday and Saturday, Feb. 12 and 13. Since that time drifts on the surrounding hills have lain unmelted.

Six inches of new snow fell or old, a week later, after closed schools had been open only half a day. That closed the schools again, and they re-opened last Thursday.

All schools served by school buses were ordered closed at noon yesterday (Wednesday) when the snow began coating highways. Again travelers to or from other areas were stranded as slippery roads became hazardous and in spots impassable.

The 58th district basketball tournament which began here Tuesday night was interrupted by Wednesday's snow, the schedule for that evening being cancelled. It was not known this morning if play will be resumed tonight. A decision was expected to be made this afternoon.

Other parts of the state were hit harder by the new snowfall than this county. Generally, the storm was said to have been the worst since 1958.

Extra Teacher Hired At Mayo Vocational For Cosmetic Course

Mrs. Pauline Rice, cosmetician, has been added to the Mayo State Vocational Technical School staff to aid in this term's heavy enrollment.

The number of students per teacher is limited to eighteen. With the addition of Mrs. Rice, it was said that 36 additional students now can be admitted.

SICK LEAVE PROGRAM DISCUSSED BY BOARD

The recent epidemic of influenza and the three-time closing of schools for reasons connected with the weather pose a problem of sick leave for teachers that County Superintendent V. O. Turner brought to the attention of the Board of Education Tuesday.

Turner noted that the sick leave program is mandatory under statute but no money is available for the program except what the board can scrape up from various sources. He is afraid that high number of sick leave payments will exhaust the amount budgeted.

He posed a question to the board that brought much discussion: "If you close a school on account of an epidemic you save approximately \$1 per pupil on the average daily attendance basis in payments from the state. But do you pay teachers for sick leave?"

The county superintendent and the board members reviewed the entire sick leave program, noting that actually it was a dual system for rural and consolidated schools.

In the rural schools if a teacher is sick she may dismiss the pupils, claim for sick pay and make up the time later. This is due to the fact that substitute teachers in rural communities are practically impossible to get. Wayne Ratliff, assistant superintendent, said that unless this procedure was followed a rural teacher never could get sick leave benefits.

In the consolidated schools, with a more intervenor program of instruction, it is almost vital that substitute teachers be found and

they are usually available. Sick leave in both systems are paid teachers on the basis of ten days each year which may accumulate not to exceed a 20-day total.

"We don't want to penalize teachers who are ill," Turner told the board members, and if a teacher finds it necessary to go to a dentist with a toothache she is eligible but if she claims sick leave for having a tooth filled, that's something else."

All the board members agreed that the sick leave program was showing signs of getting out of hand and Turner asked them to adopt a sick leave policy for the record. J. E. Campbell voted it accepted, with a second by John G. Hall. It was approved unanimously.

The policy voted by the board reads: "Teachers in the Floyd County School System are entitled to 10 days sick leave each year, accumulative to 20 days without loss of salary. Teachers must submit personal affidavits or doctor's certificates stating date and cause of (See Story No. 4, Page 8)

PLANE CRASH KILLS MARTIN

Former Bevsinsville Man Is Reported As Missing In Accident Over Rio

The collision of two planes over Rio de Janeiro, Thursday of last week, one a United States Navy plane and the other a Brazilian airliner, resulted in the listing of 61 persons as missing—one of them a former Floyd county man, Russell Edward Martin, aviation machinist mate, of Tall Timbers, Md.

Martin, a son of Seward Martin, of Virgie, and Mrs. Clara Isaacs Jones, now of North Vernon, Ind., formerly resided at Bevsinsville with his mother, Mrs. Jones and her husband, Earl P. Jones, moved from Bevsinsville to Virginia, and then to Indiana.

The Rio disaster wiped out a highly talented section of the U. S. Navy band that was scheduled to play before President Eisenhower who is touring the Latin American countries. Eisenhower and Argentina President Kubitschek hurried to a hospital to comfort the survivors.

One witness to the disaster was David B. Richardson, noted war correspondent and South American regional editor for the magazine U. S. News and World Report. He was in a taxi circling Guanabara Bay.

"I happened to glance up at Sugar Loaf Mountain and noticed it was shrouded in thick fog," Richardson said.

Big Sandy Valley Site Is Chosen For Major Coal-Burning Plant

CAR ACCIDENT KILLS MOTHER

McDowell Woman Dies In Mishap At Topmost; Four Others Injured

A 25-year-old Floyd county mother of three was almost instantly killed in an automobile wreck near Topmost, Knott county, at 4:30 a.m., Sunday.

The victim was Zettie Stone Johnson, wife of Paul Johnson, of McDowell. Slightly injured were four others in the auto when it crashed into a cliff: John Harlan Hughes, of Prestonsburg, James Tuttle, Nicodemus Tuttle and Woodrow Mullins, all of the Bevsinsville section of the county.

State police of the Hazard office are investigating the fatality, particularly the statement made by other passengers that Mrs. Johnson was driving the Prestonsburg man's car. Hughes was quoted as saying Mrs. Johnson had asked a ride home.

Hughes was arrested by State Trooper Delmar Lafferty. He was cited for public drunkenness and for permitting an unlicensed operator to drive his car, the Hazard state police office said.

Mrs. Johnson's face, head and chest were crushed, and she suffered numerous lacerations. She was a daughter of Earl and Tora Stone, of McDowell, formerly of the Prestonsburg vicinity. Surviving besides her parents and her husband are three daughters, Alberta, Zettie Marie and Nettie Marie Johnson; one brother, Denver Stone, of McDowell, and four sisters, Mrs. Irene Johnson, of Hi Hat, Mrs. Nettie Isaacs, Misses Ruth and Bonnie Stone, of McDowell.

Funeral rites were conducted Tuesday at 10 a.m., from the home of the victim's parents, the Revs. Henry Tackett, Marion Moore and Jerry Hall officiating. Burial was made in the Buckingham cemetery under direction of the Hall Brothers Funeral Home.

\$3,128 GRANT IS ALLOCATED

For Planning In P'burg; Kentucky Cities Slated To Receive \$75,000, Said

Elements of Prestonsburg's comprehensive planning program to be completed under a \$75,000 federal grant, covering 40 Kentucky cities were outlined last week by Lt. Gov. Wilson Wyatt and Economics Development Commissioner E. B. Kennedy.

They said that the share of the grant allocated to Prestonsburg, when coupled with assigned state and local funds will cover preparation of subdivision regulations, and a major street plan showing proposed improvements and providing for easy access to shopping centers and other areas.

Total cost of the projects is set at \$3,128, of which Prestonsburg will pay \$762.

The grant, approved recently by the Urban Renewal Administration of the Housing and Home Finance Agency for operations to June, 1961, is the top amount distributed to any state, the Kentucky officials pointed out.

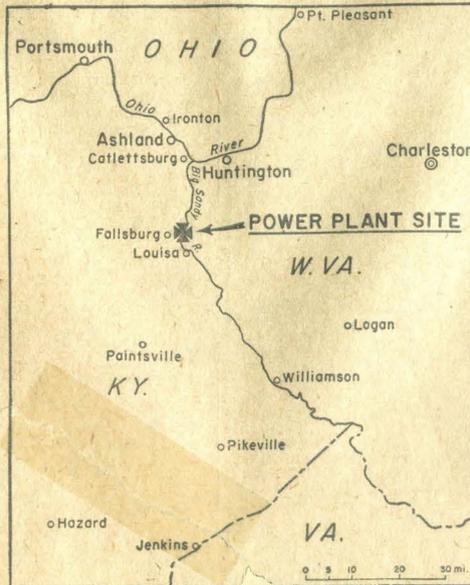

The grant was made to the Kentucky Department of Economic Development. The department's Division of Planning and Zoning has contracts with the 40 cities for technical assistance in their planning programs.

The state officials noted that the grant-aided studies would complement those already undertaken for Prestonsburg. They include a base map, land use map, and land use analysis.

Both Wyatt and Kennedy emphasized importance to Kentucky cities of preparing long-range plans for orderly growth and development as a key to attracting new industrial plants and fitting them into a pattern of community progress.

The \$75,000 grant was approved under the U. S. urban planning assistance program to augment state and local funds for planning work in communities of less than 50,000 population. Grants may not exceed 50 per cent of the cost of the work for which they are made.

The 39 other Kentucky cities (See Story No. 3, Page 7)

CONSTRUCTION IS SCHEDULED THIS SUMMER

Power-Generating Plant Near Fallsburg To Use Eastern Kentucky Coal

A heavy industrial "break through" for the Big Sandy valley was announced Wednesday morning.

The announcement said a major coal-burning electric generating plant will be built in the valley by the Kentucky Power Company.

This announcement was made in Frankfort at a joint press conference called by Governor Bert T. Combs and Philip Sporn, president of American Electric Power Company and its subsidiary, Kentucky Power. Also taking part in the meeting were Wilson W. Wyatt, lieutenant governor, and F. M. Baker, vice-president and general manager of Kentucky Power.

Plans for construction of the modern, multi-million-dollar power station were hailed by Governor Combs as a boon to the economy of Eastern Kentucky and in particular to the coal mining industry of the region.

Construction is expected to start about June 1 with completion expected by the fall of 1961. The plant is a 336-acre tract in a bend of the Big Sandy on Ky 3, approximately five miles north of Louisa and three miles east of Fallsburg, Lawrence county.

Plans call for the construction of a power station which will generate unit capacity of 300,000 kilowatts.

The cost of \$39 million includes the cost of necessary transmission lines, sub-stations, and other facilities. The site and design of the first unit will permit addition of a second unit when further economic development of the area requires it.

It is expected that the new plant will burn approximately 750,000 tons of coal a year—roughly half the total 1959 output of the Big Sandy field. All of this coal, Mr. Sporn emphasized, will be purchased from Eastern Kentucky mines.

(See Story No. 6, Page 8)

ALLEN THEFT CLUES SOUGHT

Potter Investigates Break into Wholesale; Arrests Made At Tram

State Detective Chester D. Potter and other officers were seeking clues this week to the identity of the persons who broke into the Howard Wholesale at Allen before daybreak Monday and hauled away between 800 and 1,000 cartons of cigarettes.

At the same time Deputy Sheriff Joe Wheeler Lewis announced the arrest of three persons and the issuance of warrants for several others in a series of breaks into the Tram school and residences in the vicinity.

Clues in the Allen looting are few. Allie Howard, owner of the wholesale, said the thieves were almost trapped inside the building at 5:15 a.m., when Chalmers Whitt, an employee of the firm, arrived for work. His car lights alarmed the burglars, however, and they fled via a back door and he did not see their truck.

Entrance to the building was effected by twisting the lock of the front door with a bar and prying it open. It is not known if fingerprints have been found.

The Tram arrests followed the arrests by Deputy Sheriff Lewis of Lowell Dameron, of that county, on a peace warrant last Wednesday. Before reaching jail, Lewis said, the prisoner confessed to breaking into eight residences and to entering the Tram school "about 25 times." He named Ida Crum as knowingly receiving the stolen property and a juvenile as his accomplice in some of the breaks. Both were arrested the same day.

PTA COUNCIL HOLDS MEET

Local Associations Report Progress Made; Reynolds Heads Group

A theme of accomplishments ran through the reports given by the various Floyd county Parent-Teacher associations to the county-wide council of the group in its meeting at Melvin Monday evening. All of the associations reported through their presidents except Prestonsburg, but that group transmitted a report of accomplishments through others.

W. J. Reynolds, Jr., of Martin, president of the Floyd County Parent-Teacher Council, presided at the gathering. Approximately 50 members of the Council were present. Clem Martin, supervisor of Floyd county schools, spoke on the system's reading program.

The Council has adopted as its work project the promotion of a vocational school for this county. No recent report has been made on the project of the Council.

Reports made by the various local P.-T.A. associations at Melvin follow:

(See Story No. 9, Page 3)

Ray Howard Announces Scholarships Offered By National Foundation

Ray Howard, chairman of the Floyd County Chapter of The National Foundation said this week that The National Foundation is currently offering a minimum of 10 scholarships in Kentucky to qualified high school and college students aiming for careers in the health professions.

The deadline for submitting applications is April 1. Each scholarship is worth \$500 a year, or a total of \$2,000 for four years of college training. And recipients may accept other scholarships.

"I urge all high school students interested in nursing, physical therapy and occupational therapy to check with their principal or whoever handles scholarship information at their school," Mr. Howard said. "College students interested (See Story No. 2, Page 4)

LANDOWNERS ORDER RECORD NUMBER OF TREE SEEDLINGS

A mechanical tree seedling device attached to a farm tractor sets between 1,000 and 2,000 per hour on the Fitzpatrick farm on Middle Creek. Left to right are James Green, Julian Green, Lloyd Hackworth, Lloyd Estep, Lloyd Green and Tom Green.

A record number of forest tree seedling orders, Goble noted, and seedlings have been ordered for the nearly Floyd county farmers and landowners. It was disclosed this week when requisitions to the Kentucky Division of Forestry were made at the local ASC office. The figure, nearly four times that of last year, is for 800,500 according to Elder, district manager.

Only 700,500 of the seedlings will be ordered through the Stabilization Commission share basis with the Department of Forestry. It is said that the Division of Forestry seedlings in the area this year, including the companies, Prince David, and Stegman, are buying 600 respectively noted.

Largest order was from Mrs. Henry D. Fitzpatrick, of Prestonsburg, through the National Reserve of landowners which are now being planted. Friday was

DRAWINGS SUNDAY
The drawings for the 15th regional high school basketball tournament, to be held in Prestonsburg next Wednesday through Thursday, will be held at Prestonsburg High school, Sunday afternoon at 1 p.m. At this time eight representatives for the participating schools will complete final arrangements for next week's tournament.

Porter Powers, Auxier's sophomore gift to the University of Alabama basketball team, staged his greatest performance of the season last Saturday night as his team dropped a 63-61 overtime decision to Southeastern Conference champion Auburn. Powers hit for 31 points while collecting four successive baskets from far out on the floor in the overtime period. Powers finished the season with an even 300 points in 19 games, or a 15.7 per game average. He missed three games during the season and played only briefly in three other contests.

Six of the nine Floyd county high school basketball teams had a 50 per cent or better average for games played during the season. Wheelwright, Wayland and McDowell all had their best seasons in recent years and Maytown, last season's standout, closed with a 20-10 mark. Garrett and Prestonsburg experienced their worst season in years.

For the second consecutive year, the 15th region has drawn the 8 a.m. Thursday game for the state high school basketball tournament. This region winner will meet the 1st region winner, which will probably be defending state champion North Marshall, Hickman County or Paducah.

To The Voters of Educational Division No. 3

I take this method of announcing myself a candidate for member of the Board of Education.
I am an independent candidate and will work for the interest of the children.
I am a retired miner and postmaster.
Will appreciate any assistance you may give me.

Communities Adjudget Finalists In Contest; Paintsville Is Named

Ten communities have been adjudged finalists in the 1959 Kentucky Chamber of Commerce Community Development Contest.
The ten communities picked as tops by the 24-man judging team are, in alphabetical order: Calhoun, Campbellsville, Danville, Elizabethtown, Franklin, Fulton, Glasgow, London, Paintsville and Stanford, announced Harry Huether, Lexington, chairman of the Kentucky Chamber's Community Development Committee, and president of the General Telephone Company of Kentucky.

The finalists were selected from a field of 58 scrapbooks entered in the 1959 contests. From these ten finalists will be selected first to fifth prizes in two population groups (Group I, under 3,500; Group II, over 3,500). Huether said.
The final placement of the ten winners will be announced, April 19, during the annual meeting of the Kentucky Chamber of Commerce in Louisville. Total cash prizes will amount to \$4,500. The first prize in each category is \$1,000; second prize in each category is \$700; third prize in each category is \$300; fourth prize in each category is \$150; and fifth prize in each category is \$100.

—10—
(Continued from Page One)

ample in the proper use of woodlands. "Trees are a crop that can be grown again and again on the same land," Leach said. "That is what Mr. Clarke is doing, and that is what more and more landowners must do if we are to meet our country's growing demand for forest products."

The nationwide American Tree Farm System, sponsored by American Forest Products Industries, now has a total of 16,922 units covering 51,389,855 acres of forest land growing wood for man's use today and tomorrow. In this state, where there are now 114 Tree Farms with a total acreage of 97,162, the program is conducted by the Kentucky Forest Industries committee with the cooperation of the Kentucky Division of Forestry and the University of Kentucky Agricultural Extension Service.

Mrs. Cottrell Receives Cap In Nursing School

Mrs. Bola Elizabeth Cottrell, formerly of Langley, was among 30 students who received their caps in a ceremony Friday morning from the Appalachian School of Practical Nursing, Lexington, Ky.
The school is affiliated with the Good Samaritan hospital. Following a week's vacation the graduates will do clinical work at the hospital until formal graduation in September.

The bituminous coal industry has told Congress that proposed revision of capital gains tax laws would impose a tax handicap on many going concerns.

FLOYD COUNTY PIKEVILLE COLLEGE BEARS LOSE IN KIAC FINALS

By Quentin Allen
GOOD DEED, INDEED!
The Floyd County Emergency & Rescue Squad did the work Monday morning of preparing parking space for the tournament crowd.
Gravel has been scattered on the south side of the gymnasium. Extra parking space, on Route 23, in front of the high school building, is also available for parking accommodations. This lessens the traffic hazard considerably.

This volunteer squad, in co-operation with interested Prestonsburg individuals, have taken it upon themselves to perform this task.
For duty that is both onerous and gratis free, it is an extremely commendable action on the part of the Emergency and Rescue Squad and progressive Prestonsburg citizens.

FLOYD COUNTRYANS ARE MUDDERS!

Anyway, to those who had the fears that mud would out the tournament crowd, have you ever heard of mud stopping Floyd county basketball fans?
When our basketball gets that low, we should substitute basket weaving for our winter sport.

CONFUSING BUT NOT AMUSING

Some day, we are sure, the Kentucky Intercollegiate Athletic Conference will take stock of itself and get shocked half out of its erudite senses.
For a team in that league of small four-year colleges to attain the real prize of the year in qualifying for the Wichita national tournament for small colleges, there is a grueling ordeal to go through.

Not only does a team have to win regular season play, as in major conferences of the country, but they must have a play-off game.
The play-off games take place between the league champion and the tournament champion. If the league champion and the tournament winner happen to be the same, then that team plays the second place team in the league. The winner of that game goes to Wichita. So, if even a team is second-rate and can whip the league champion or tournament champion once in three or four games, this team gets the prize! Confusing? It's very unfair!

Between the crowning of the league champion and the play-off is the KIAC tournament. The tournament winner, even if it be the regular league champion, still hasn't automatically won that coveted trip to Wichita.
Logical? Sure it is; you can't hardly find logic like that any more, as George Gobel might say.

The tournament and the championship actually mean little. If the league championship doesn't entitle the winner of regular season play to representative rights, then the league championship is meaningless.

Twice in the past two years Pikeville College has won the league championship and lost the tournament. Each year they have been forced to conduct the play-off game on the other team's floor. This, however, is logical in KIAC logic. If you have managed to follow their thinking in determining the league representative.

SUGGESTION

We might presume that the tournament adds a chunk of greenery to KIAC colleges which is not totally repugnant. However, if it's money the KIAC wants, how about attaining it this way?

Split your conference in two. Call one an east conference and the other a west. Conduct a play-off to determine the two teams who shall represent each conference. The winner of the final match would go to Wichita. This eliminates the tournament. We might add that member teams of each conference could play each other, but that the play means nothing, as it does now. Only the play-offs really count, as they do in the National Basketball Association.

NICE GOING, PAUL

Congratulations, Paul Setser, for making the second-team of the KIAC.

I am running in Edu. Dist. 5 to vote with Ray Howard and John Hall to help them to improve education in Floyd county.

I will appreciate assistance from anyone who should want to help that lives outside my district.

JOE I. MAY

Pikeville, Ky., March 3 — The Pikeville College Bears were eliminated from the Kentucky Intercollegiate Athletic Conference tournament Friday night at Covington, Ky., falling 99-71 to their old nemesis, the Georgetown College Tigers, for their seventh loss in 25 starts.

In their first tournament game Paul Butcher's Bears rolled 93-76 over the Berea Mountaineers Thursday, despite a blazing 34-point production, setting a KIAC-tournament record, by little "Mutt" Varney, of Belfry, Ky. Varney, who paced the Mountaineers this season with an average of 21.1 points per game, was named to a five-man all-conference first team chosen by a pre-tournament poll of the loop's coaches.

Donnis Butcher, Pikeville's 6-2 sophomore forward-guard-pivot-man, was the only unanimous choice to the same all-KIAC team. It was announced Sunday. Vern Woods, the Bears' 6-5 1/2 starting center, also made the "dream team," and forward Paul Setser, of Auxier, Ky., headed the second five in the same poll. Setser and Woods are juniors at Pikeville.

The Bears, regular-season champions of the KIAC with a 10-1 record, were to meet the Villa Madonna Rebels, who downed the Tigers 61-59 in the tourney finals Saturday, in a Tuesday-night play-off for the right to represent Kentucky nationally. The game carried the basketball championship of District 24 of the National Association of Intercollegiate Athletics and a berth in the NAIA tournament in Kansas City, Mo., which will start March 7.

Butcher, playing only 30 minutes in each game, notched 23 points, good for second-high-point-honors, in each. Georgetown's Paul Smith, who was named to the second five in the all-KIAC selection, tabbed 24 points in 40 minutes to pace Friday's scorers.

The Bears wrecked themselves in the first half of the Georgetown game, committing 19 fouls while Georgetown committed only three fouls. While the Pikeville five was converting one of the three charity throws they were awarded in the first stanza, the Tigers were scoring 23 times as many points on their 30 tries from the line. The Bearpack had its last lead at 13-11, with seven minutes gone.

After the Bears had fallen behind by 28 points, 55-27, at halftime, they became suddenly less aggressive and the Tigers more so. Pikeville drew only eight whistles and the Bengals seven in the last 20 minutes as the Bruins, using reserves a large part of the time, matched Georgetown's scoring and fell by the same 28 points, 99-71.

The Tigers dropped in 34 field goals to the Bears' 30 in the contest, and sank 51 of 43 free tosses while Pikeville was getting 11 of 14.

Feelings erupted late in the game, as Tiger Bob Jones hit Donnis Butcher with an elbow in the face. Butcher retaliated with a looping right. Butcher was banished, Jones retired with a headache, and the teams finished the last eight minutes on even terms.

The Bears broke away from a tenacious Berea after seven minutes when Setser pumped in a field goal from the corner to send Pikeville in front 14-12. Butcher and Everett Horn contributed fielders and Setser drove for a lay-up before Berea scored next, and the Mountaineers never came within five points again.

The Bears were in front 48-30 at halftime and had an 89-52 lead midway of the second half when Coach Paul Butcher began removing his starters. All 10 regulars on the squad scored before the final horn, Setser and Pete Campbell notching 16 points each, Woods 14. Horn 11, Harry Meek four, Ken Maynard three, and Dick Brashear, Roger Meek and John Maynard two points apiece. Only Gerald Preston, a recent recruit from freshman ranks, went scoreless as the Bruins coasted to the 93-76 win.

Against Georgetown, Horn, Campbell and Ken Maynard notched eight points each; Woods got seven, Setser six, Roger Meek five, Harry Meek four, and John Maynard two points.

GENERAL MOTORS
ACCEPTANCE CORPORATION
By: C. C. PROCTOR

(Continued from Page One)

Bonds would be amortized through operation of the concession stands by the Parent-Teacher Association, annual staging of a football bowl game and other major benefit functions. When the debt is retired, the plan provides, the entire project would be at the complete disposal of the Board.

Appearing with Mr. Thompson for presentation of the plan were Mrs. Hal E. Midkiff, P-T.A. president, and committee members, G. L. Shannon, architect, Chester Patton and Harry Snodgrass, both of Allen, and Herschell Tackett, of Prestonsburg.

The Full Building Improvements committee is composed of 18 men who have worked for several months on the various phases of the undertaking.

County Superintendent V. O. Turner pointed out, in reply to a question by a Board member as to responsibility if the project fails, that the obligation would be the County Board's. Mr. Thompson pointed out that the P-T.A. will have its \$31,500 in the bank, and he suggested that J. W. Howard, attorney for the committee, and Joe Hobson, attorney for the Board, could "work out" stipulations removing responsibility from the Board for amortization of the bonds.

Turner pointed to needs of children on Mud Creek and Beaver Creek who are beset by muddy roads and forced to use outdoor toilets. Thompson contended the improvements will in the future mean money for the general fund and classroom needs. "We don't want to take money from any district," he said.

Earlier was pointed out that the attendance area of the school here includes 22 communities, including Allen, Dwale, Emma, Calf Creek, Cow Creek, Brandy Keg, Knotley Hollow, Lancer, Bull Creek, the Auxier road, Little Paint, Abbott Creek, Middle Creek, David, Risner, Pyramid, Goodloe, Caney Creek, Blue River, Buffalo and Spurlock as well as Prestonsburg.

"There is no desire on the part of the Board but to do the best it can for all of Floyd county," the Superintendent said. "These things can get cut of hand. A group studying for five months can't compare with me studying problems for years."

Thompson commented on the meeting later: "We are highly pleased with the reception given our proposal by the Board. The questions asked by the Board members and Superintendent demonstrated keen interest in the proposal. We are certain the questions raised by Mr. Turner can be resolved in favor of the proposal. We feel the Board will closely study the proposal and find, as we have stated in our presentation, we will meet with the Board and Superintendent at any time and place they suggest."

(Continued from Page One)

DRIFT: This group has adopted a safety program as its project. At Christmas the association gave every child in Drift a treat. In this latter project the parent-teacher group was assisted by the Drift Women's Club and others.

ALLEN: This group reported that it had paid for a stove and walk-in cooler for the lunchroom.

WEEKSBURY: The parents bought uniforms for the ball team and bought a plaque for honoring a past president.

MARTIN: This group, comprising 250 members, paid off the indebtedness against the school piano purchased a World Book encyclopedia for the school, installed coat hangers in all cloak rooms, supplemented the milk program and bought silverware for the school.

MELVIN: Contributed \$200 to the purchase of a duplicator for the schools, gave each classroom \$20 each for supplies, scattered gravel on the playground and painted the school building halls.

WHEELWRIGHT: This organization of 670 members gave prizes to each class room with 100 per cent representation in the association. First prize was \$20 to each room so reporting. Work accomplished by the group was the purchase of a "runtin track for \$216; donation of Christmas baskets; purchase of magazines for the classrooms; contribution of \$150 to the local Teen-Age Council; bought milk for underprivileged children; raised proceeds of \$170 at a chicken dinner; sponsored a Valentine Day carnival in lieu of the traditional Halloween carnival which couldn't be held on account of sickness, with proceeds of \$1,496; and raised net proceeds of \$150 at a dinner sponsored for the Big Sandy Mining Institute.

PRESTONSBURG: Reported on the progress of the athletic field project that was submitted to the Board Tuesday. (See other story).

Next meeting of the Council is scheduled for March 24 at Wheelwright.

Cancer - Killing Virus Effective On Animals; Offers Humanity Hope

A cancer-killing virus while not ready for human use, has been effective in animals and may offer us new hope in the war against cancer, according to the March Reader's Digest.

The disclosure is made in a panel interview with four internationally-known cancer authorities, conducted by writer J. D. Ratcliff. Dr. Cornelius P. Rhoads, director of the Sloan-Kettering Institute for Cancer Research, told Ratcliff:

"There is considerable evidence that some viruses have an affinity for cancer cells. Right now we have two viruses which destroy cancers in rats without harming the animals themselves. We are seeking viruses which will have the same type of activity in man."

He also said, "We now have reason to believe that the healthy individual has natural defenses against cancer. A better understanding of it may lead to a vaccine-type of protector against cancer."

The others taking part in the symposium were Dr. John R. Heller, director, National Cancer Institute; Dr. Harold S. Diehl, senior vice-president for research and medical affairs, American Cancer Society, and Dr. I. S. Ravdin, professor of surgery, University of Pennsylvania School of Medicine. Dr. Rhoads died of a heart attack shortly before the article was published.

Dr. Diehl noted that the national

cancer rate has gone up by 36 per cent since 1935. "This is explained in part by better diagnosis, in part by an aging population (more people living to an age when cancer takes its greatest toll)," he said. "Yet the increase cannot be explained by these two factors alone." The cause of cancer, the four agreed, still is unknown.

Dr. Heller warned that the mail promotion of quack and fraudulent cancer "cures" is at an all time high. "Beware of anyone who claims to have a 'secret' cure," he warned. "No such thing exists. The great danger is that the quack can delay proper treatment until all hope of a cure is gone."

To the question, "Will there soon be a solution to the cancer problem?" Dr. Ravdin answered: "A breakthrough may come at any moment, or it may lie years ahead."

(Continued from Page One)

Later, warrants were issued accusing Pete Burchett, George Crum, Eddie Patrick and Norma Patrick of knowingly receiving stolen property and Tom, Fricks and Jimmy Dannon on a breaking and entering charge. Several juveniles of the Tram vicinity also were named in warrants.

Another Tram man — Leonard "Sweet-Tater" Mulkey — was arrested on a warrant charging him with knowingly receiving stolen property, but his alleged offense is not connected with the violations laid to the others.

Junior Wilburn was twice arrested Saturday night. Charged with drunkenness, he was released but was picked up, drunk again or still, the same night by Deputies Joe Wheeler Lewis and Harold Lewis.

CARD OF THANKS

We are deeply grateful to all the neighbors and friends of our loved one, Osie Kendrick, for their kindness to her in her last illness and for their thoughtfulness and many services rendered to us upon her recent passing. We especially thank the ministers, the Revs. Harold W. Dorsey and Cohen Campbell, for their comforting words, all those who sent floral offerings, and the Hall Brothers Funeral Home for its efficient services.

The Family

PERSONALS

Mr. and Mrs. Garland H. Rice, Paintsville, were informal supper guests of Mrs. Joe M. Davidson, Sunday evening.

Mrs. Ridda Findalysen, of Paintsville, spent the week-end here with his daughter, Mrs. Joe A. Spradlin, and family.

Donny Baldrige, Bill Baker Burke, Julian Cooley and Lucian Burke, students at Morehead College and University of Kentucky, were home over the week-end.

Mrs. Judy Baldrige spent last week with her grandfather, Dewey Williams, in Paintsville. Due to the bad weather she remained in Paintsville in order to attend classes at Mayo Vocational Business department.

Charles Martin, of Northern, was here Saturday, on business.

Mrs. C. L. Prichard, of Harold, spent the week-end here with her nephew, Mr. and Mrs. Sam Hatcher, on Lake Drive.

Harvey Howard, who has been taking medical treatment at St. Mary's hospital, in Huntington, returned home last week. He has been out greeting friends and feeling some better.

Mr. and Mrs. Tom G. Dingus were in Huntington, Thursday, on business.

Mrs. Wanda S. Burnett, of Washington, D. C., Mrs. Marie S. Wine, Morehead, Bill Sturgill, Danville, Mrs. Paul Rose, North Hollywood, Calif., were guests of Mr. and Mrs. Troy B. Sturgill, Sunday evening.

Mr. and Mrs. William Crawford, Mallory, W. Va., were house guests of Mr. and Mrs. H. L. Ley, over the week-end.

JOINT CELEBRATIONS

Elizabeth Lynn Frazier and Billie Gordon Francis were co-hosts to 60 young friends last Friday evening at the Fountain Korner recreation room. The occasion was the celebration of their recent birthdays which fell on February 14 and 26. Elizabeth Lynn was 13 and Billy Gordon was 14-year-old. The room was decorated in red and white with the Valentine motif predominating. Bingo and dancing were enjoyed by the group before their decorated cakes were cut and served by their mothers.

MOVE TO LEXINGTON

Mr. and Mrs. Arthur Johns Archer and children moved this week to Lexington, where Mr. Archer will continue to be a postal employe. He has been with the Prestonsburg postoffice for several years. The Archers recently sold their home on Central avenue here to Dr. H. E. Midkiff, and the Midkiff family will move soon to the residence.

MOVE TO LEXINGTON

Mrs. Bradis Goble is doing nicely at her home on Cow Creek after undergoing a thyroid operation recently at Central Baptist hospital, Lexington.

Stratton Promoted To Army Captaincy

Donald N. Stratton, former Prestonsburg man, was promoted to the rank of captain last week, it was announced. Stratton has been in the Army 19 years and is now stationed at Fort Campbell, Ky.

Captain Stratton is married to the former Miss Edith Hutchinson, of Morehead, and they have two daughters. He was graduated from the Prestonsburg high school and studied at Morehead State College. He is the son of Mrs. W. L. Mann, North Lake Drive.

Woman's Club Discusses Parliamentary Procedure, Modern Drama Reading

The Literature and Drama group to the Prestonsburg Woman's Club met at the home of Mrs. W. W. Burchett, chairman, Wednesday, to read a modern drama. This will be the fourth meeting of the group which has planned a variety of activities for its members under the direction of Mrs. E. P. Hill.

The first meeting was held, also at the Burchett home, and those attending read poetry, taping and replaying their efforts for group criticism. The second meeting took place in the Burchett-Latta law library where the members heard Atty. Barkley Sturgill cover the more pertinent points of parliamentary procedure for club women, using a "Slide-A-Rule" as a handy guide for presiding officers. The third meeting was held at the home of Mrs. R. V. May where members fulfilled previous assignments for a prepared two-minute talk, followed by extemporaneous talks on topics assigned by the director, Mrs. Hill.

In addition to Mrs. Burchett, Mrs. Hill and Mrs. May, the following club members have taken part in these meetings: Mesdames Marvin Music, Ed Music, Burl Spurlock, Virgil Goble, J. H. Keenon, Olga M. Latta, Lon C. Hill, and guest Mrs. J. B. Clarke.

Society Notes

BRIDGE SUPPER GUESTS
Mrs. J. B. Clarke was hostess to dinner at her home on Brandy Keg, last Thursday evening at six o'clock. Covers were laid for Mrs. Lillian Rimmer, Mrs. E. P. Hill, Jr., Miss Ella Noel White, Mr. Clarke and Mrs. Clarke. The evening was spent playing bridge.

WORLD DAY OF PRAYER WILL BE HELD IN CHURCH
The World Day of Prayer will be held at 7:30 at the Presbyterian Church, March 4th. The women of the churches of Prestonsburg will be in charge of the service. Everyone is invited to attend.

ATTENDS D. A. R. STATE OFFICERS CLUB DINNER
Mrs. Everett H. Sowards, past Librarian of the Kentucky Society Daughters of the American Revolution, past Treasurer and Director of the State Officers Club, attended the meeting of the State Officers Club and banquet on March 1 at the Phoenix hotel in Farlor C. Lexington. Mrs. Claude P. Stephens was a guest of the president, Mrs. Iley B. Browning.

ATTEND U. S. DAUGHTERS OF 1812 MEETING
Mrs. Everett H. Sowards, recording secretary of River Raisin Chapter of the Kentucky Society, United States Daughters of 1812, and Mrs. Claude P. Stephens, past curator national were in Lexington this week attending the spring meeting of the chapter B. Browning, of Henderson, at the Lafayette Hotel. Mrs. Iley president presided.

MRS. BINGHAM HONORED WITH SHOWER
Mrs. Paul Bingham was pleasantly surprised on last Thursday evening in the parlors of the Presbyterian Church, where her friends had gathered to present her gifts. She was presented many beautiful personal gifts which she graciously acknowledged. Hostesses were the women of the church. Presiding were Mrs. John Graham, Mrs. Frank Layne, Mrs. Fred James, Mrs. Marvin Music, Mrs. F. L. Heinze, Mrs. Ernest Osborne. After opening her gifts, she led the guests to the refreshment table where tea, coffee, cakes and nuts were served. The table was covered with an Irish linen cloth centered with a low arrangement of pink carnations and white gladioli flanked by low silver candelabra with pink candles. Mrs. Fred James served cake and Mrs. Heinze poured tea and coffee. Those present were Mesdames: Nannie Bowling, Byrd Goble, George Sizemore, Ernest Osborne, Earle Flower, Rainey White, E. R. Burke, Glenn Anderson, Mrs. Leech, Fred James, W. V. Bunting, Wesley Howard, Donald Hunt, Bernard Tackett, Earle Castle, John Graham, Everett Sowards, Marvin Music, Frank Lane, Ray Howard, Rubeen Graham, W. V. Bunting, F. L. Heinze, Jesse Rowe, James Goble, Misses Ruth Ann Rowe, Bertha Parsley, Mary E. Powers, Fannie Mae Howell. Rev. Bingham and family are leaving about the middle of March for a new pastorate in another Presbytery. The church regrets to see them leave the church here.

TO BE TRANSFERRED TO LEXINGTON
Arthur Johns Archer, a Civil Service Employee at the U. S. Postoffice here, has been transferred to Lexington in the Civil Service department there. Their friends here congratulate him on his advancement with the Civil Service department.

MRS. MAY ENTERTAINS
Mrs. Martin Lee May entertained with a farewell party honoring Mrs. Arthur Johns Archer at her home on Central avenue, Monday evening. Mrs. John G. Archer was co-hostess. Those attending and sending gifts were Mrs. Jerry Lafferty, Mrs. Fred James, Mrs. Jim Adams, Mrs. Buster Herald, Mrs. Herbert Salisbury, Jr., Mrs. James Camicia, Mrs. Carl Watson, Mrs. Marshall Davidson, Mrs. Astor Meade, Mrs. Joe Wheeler Burchett, Mrs. Winifred Daniels, Mrs. Hershel Tackett, Mrs. H. E. Midkiff and Miss Sarah Clay Stephens. Mrs. May showed movies of the Combs inauguration and of her grandchildren. After the movies the guest were invited into the dining room for refreshments. Mrs. Fred James poured punch, assisted by Mrs. John G. Archer. Mrs. Arthur Johns Archer received many beautiful gifts.

ATTEND FUNERAL
Among the friends and relatives from here who attended the funeral of Mrs. Cora Sturgill at Findman, Sunday, were Mr. and Mrs. Troy B. Sturgill, Barkley Sturgill, Mr. and Mrs. Tom G. Dingus, Elizabeth Graham and Jim Dingus, Mr. and Mrs. Paul Combs and children, Dr. and Mrs. M. J. Leete, Mrs. Rebecca Dingus, Mrs. Wm. Dingus, Mrs. Ray Collins, Mr. and Mrs. Willie Mellon, Mr. and Mrs. W. W. Burchett, Rev. and Mrs. Harold Dorsey, Mr. and Mrs. Homer Salisbury, Mrs. Olga M. Latta, Mrs. Lucille Herndon, S. R. Hatcher, Fred Dickerson, Mrs. Smith Bradley, Mrs. Grover Lowe, Mrs. Winston Ford, Mrs. Paul Rose, North Hollywood, Calif., Mrs. Marie S. Wine, Morehead, Mrs. Wanda Burnett, Washington, D. C., Bill Sturgill, Danville.

Lady's Arm Bent Like Jack-Knife
One lady told us her arm used to be doubled up like a jack-knife because her muscles were stiff and sore with rheumatic pain. She said people would stare at her. Finally she got RUGON and now says she can raise her arm above her head and the awful pain and stiffness is gone entirely.
RUGON is helping so many victims of rheumatism and neuritis because this NEW liquid Formula contains Three Wonderful Ingredients. Not a tablet or capsule. RUGON goes to the very source of pain almost at once and costs but a few cents a day to take. So don't go on suffering. Get RUGON at W. A. Rose Drug Co.

Graciousness

Graciousness is the rarest attribute a motor car can possess. Yet, even a cursory inspection of the 1960 Cadillac reveals it in fullest measure. It is instantly visible in the classic symmetry of Cadillac styling. It is epitomized in the warm welcome extended by the richly beautiful and generously spacious interiors. Even performance portrays it in the superlatively smooth ride and quietly authoritative response. Your Cadillac dealer invites you to confirm the value of this unique Cadillac virtue with a sixty-minute ride.

Big Sandy Gets a Break

Wednesday's announcement of the major electric power generating plant to be located on the Big Sandy by the American Electric Power Company, parent firm of Kentucky Power Company, is quite naturally hailed as great news to this region.

Three-quarters of a million tons of coal will be needed in addition to the present output from this field. The plant will provide a nearby market for low-grade coal—something the area has never before had—and this new demand for the fuel will ease the market for the field. This will be cheap coal that the plant will consume, it is true, but its mining will provide jobs.

Better still, this new source of electric power and the still-cherished hope that the Big Sandy one day will have, with upstream dams built and canalization a reality, sufficient water supply and transportation facilities to make the area a great industrial center. This one plant will doubtless mean industrial development in the lower reaches of the river, even without river development. Major industry naturally follows major sources of electric power.

We salute all who had any part in bringing to this valley American Electric Power's plant—top officials of the company and its subsidiary, Kentucky Power Co., of course, and Governor Combs, industrial and civic leaders of the Big Sandy and all others. Yet, as we look more optimistically to the future, there remains one subduing thought:

Regardless of all the coal that is mined in the Big Sandy, the number of miners will not greatly increase while coal operations are for various reasons driven to mechanization. This area, as others, depends upon human beings, individual human beings, not upon corporations, for the dollars and cents that keep the economy in gear.

Burchett, Former W. Va. Police Head, Candidate For Secretary Of State

A Buffalo Creek native and former Floyd county schoolteacher who left here 41 years ago without benefit of political experience and succeeded in the still wilder jungle of West Virginia politics is a candidate for Secretary of State in the mountain state. Burchett, known as Colonel Burchett to his West Virginia friends and as Willie to his Kentucky relatives, announced his candidacy from his home on Cherry Road, Huntington, Sunday.

Burchett, who taught school at the Clark Branch of Buffalo Creek in this county, left here in 1918 and moved to Williamson. He became a store manager for the Norfolk and Western Railroad and later was a representative of a wholesale grocery firm. His public career began when he was named postmaster at Williamson in 1934.

Contrary to the predictions of many West Virginians he succeeded in winning the Mingo county Sheriff's office on the Democratic ticket against a candidate of the Hatfield clan who was considered unbeatable. Elected to the West Virginia State Senate representing the district of Mingo and McDowell counties in 1942 he was prominently mentioned for Governor in political circles.

Governor Clarence W. Meadows named Burchett Superintendent of State Police in 1945. He resigned in February, 1963, to enter private business. Since then he has operated a farm and conducted a natural gas exploration business. He has continued to maintain contact with his political friends in all of West Virginia's 55 counties since he resigned the police job.

Burchett is married to the former Miss Clara Bartholomew and they are the parents of a son and daughter. They have five grandchildren.

CORRECTION
The Times was misinformed on the information given in the story of Mrs. Elsie Layne, 59, of Mare Creek, who died Feb. 1, Mrs. Layne, the wife of W. R. Layne, was a daughter of Bill Hibbard and Fanny Bailey Hibbard. A surviving sister should have been listed as Mrs. Marie Blackwood, Zionville, Ind.

Little Theatre Presents Spanish Classic Play

Richmond, Ky., Feb. 26 (Spl.)—The Little Theater Club of Eastern Kentucky State College began its presentation of "The House of Bernada Alba," a Spanish classic by Federico Garcia, Monday, with the play's run to end today (Thursday). Guest star will be Mrs. Jane Lambert, renowned actress of stage, radio, and television.

Miss Nellie Joyce Akers, a sophomore from Prestonsburg, is a member of the Little Theater Club and also a member of the cast.

TEACHERS' PAY RAISE APPROVED BY HOUSE

The Kentucky House of Representatives voted 88 to 0 Thursday of last week to increase basic salaries of school teachers an average of \$900 for next year and \$1,100 for 1961-62.

The measure, House Bill 66, was amended by its sponsor, Representative T. T. Cooley, Virgie Democrat, to conform with new salary schedules agreed upon by the Combs Administration and the Kentucky Education Association.

Under the Minimum Foundation Law State funds for teachers' salaries are allotted to school districts on the number of teachers within each of seven qualification grades.

Here is how these basic salaries for the seven grades of teachers compare now with the proposal for the next two years in H. B. 66:

Rank	1959-60	1960-61	1961-62
I	3,200	4,100	4,300
II	2,900	3,800	4,000
III	2,400	2,800	2,900
IV	2,100	2,500	2,600
V	1,800	2,100	2,200
VI	1,500	1,800	1,900

Actually, these sums are not "minimum" state salaries for teachers with the various grades of qualifications.

This is because the foundation law allows local districts to pay as little as 90 per cent of these basic salaries, so long as the pay of all local teachers in a grade average out at the base figure for that grade.

For example, suppose that next year a local superintendent hires two Grade I teachers with the same qualifications. He can pay one \$4,800 a year and the other \$3,960 a year and comply with the foundation-law salary schedule as proposed.

This means that H. B. 66 will provide the following pay ranges, as compared with present pay ranges:

Grade I — Teachers with a master's degree plus 24 hours of graduate work—present salary range is \$3,150 to \$3,850 a year. For next year \$3,960 to \$4,840, and for 1961-62 a range of \$4,140 to \$5,600 a year.

Grade II — Teachers with a master's degree or equivalent—present salary range is \$2,880 to \$3,520, next year would be \$3,690 to \$4,510, and the year after \$3,870 to \$4,730.

Grade III — Teachers with a

Bachelor's degree — Present pay range is \$2,610 to \$3,190, next year would be \$3,420 to \$4,180 and the 1961 range \$3,600 to \$4,400.

Grade IV — Teachers with no degree, but three years of college — Present range is \$2,160 to \$2,640, next year's range would be \$2,520 to \$3,080, and the year after \$2,610 to \$3,190.

Grade V — Teachers with no degree, but two years of college — Present range is \$1,890 to \$2,310, next year would be \$2,250 to \$2,750, and the year after \$2,340 to \$2,860.

Grade VI — Teachers with no degree but a years of college — Present range is \$1,620 to \$1,780, next year \$1,890 to \$2,310, and the year after \$1,980 to \$2,420.

Grade VII — Teachers with less than a year of college training—Present range \$1,350 to \$1,650, next year would be \$1,620 to \$1,980, and the year after \$1,710 to \$2,090.

House Bill 66, as amended and approved by the House now goes to the Senate.

Emory Newsome, 75, Of Teaberry, Victim; Funeral Is Not Set

Emory Newsome, 75, of Teaberry, died at 10 a.m., at home Tuesday. The cause of death was not given. He was a farmer.

Mr. Newsome was a son of Riley and Mary Newsome. His wife, Emma Newsome, survives. Allen, Former Justice, Succumbs At Garrett; Rites Conducted Today

A. J. (Jack) Allen, 63, former Magistrate, died at his home at Garrett, Thursday of last week.

Mr. Allen had been in ill health for ten years, seriously so for six months. He was a son of Andrew and Florence Stephens Allen. He was twice married. His first wife, Eula Brown Allen, preceded him in death. His second wife, Clara Handshoe Allen, survives.

Surviving is a son, Roy K. Allen, Detroit, Mich.; two daughters, Mrs. Pearl Waddle, of Hindman, and Mrs. Glenn Pack, of Estill, a stepson, Otis Allen, Jr., at home; and three step-daughters: Mrs. Reuben Prater and Mrs. Jerome Hicks, both of Garrett, and Miss Betty Allen, at home. Surviving is a brother, Melvin (M. C.) Allen, Shiloh, Ohio, and Mrs. Andrew Baldrige, of Blue River. Four grandchildren survive.

Funeral rites were conducted today (Thursday) from the Garrett Methodist Church, the Rev. J. S. Bell and H. M. Wiley officiating. Burial was made in the Webb cemetery at Garrett under the direction of Hall Brothers Funeral Home.

Our Historic Heritage

A Pictorial Review of East Kentucky
(No. 83 in a Series)

BIRTHDAY CELEBRATION FOR THE LATE JAMES H. HATCHER

A historic occasion for the friends of James (Uncle Jim) Hatcher was when he was given a magnificent outdoor birthday celebration at Big Shoal, Pike county, following World War I. It was attended by scores of Floyd countians. Hatcher, an almost legendary character, can be seen in the center of the group with black hat and wearing a boutonniere. Sitting in front at the left is the Rev. M. C. Reynold, a revered Methodist minister of Coal Run.

The James Hatcher Coal Company, operating at Big Shoal near Pikeville, produced Aladdin Coal, widely sought by buyers. Operations there have been suspended for depletion to a degree was effected years ago. Hatcher lives on in the minds and memories of those who recall his career from poverty to riches, from his first efforts at logging and mining to a coal and land empire and the hundreds of instances of recognition of need from those less fortunate than he.

The First National Bank presents these pictures of our past as a bit of its friendly service with the hope they will contribute to your understanding of our historic heritage.

BETTER-BRAKES... BUICK '60

BRAKES HATE HEAT!
Buick's new 600 cc Aluminum Drums get rid of heat quicker so you're safer!

Brakes generate their own worst enemy—terrible heat. Excessive heat is bad because it may cause brakes to lose part of their effectiveness. So the faster you can dissipate it, the better off you are.

Buick gets rid of heat faster by using fin-cooled brake drums. On the front wheels, where most of the braking is done, the drums are aluminum. They cost more to make but they shrug off heat much faster than drums made of ordinary metal. Buick is the only American car that makes them standard, at no extra cost, because you will be safer with them.

Best time to buy a Buick '60 is now because you will get top dollar on your old car and have a wide selection of colors and body styles from which to choose. You can own a quality Buick for less than you might think, and your Buick Dealer can arrange terms to suit your budget.

WYATT IS "SENATOR"
Lt. Gov. Wilson Wyatt is still the "39th senator." He gained that sobriquet when he was mayor of Louisville and worked hard with the General Assembly on affairs of interest to his city and Commonwealth. Now, as lieutenant governor, he is presiding officer of the Senate and can vote to break ties. So the political observers who dubbed him "honorary senator" then find the title still holds true.

(Continued from Page one)
selves needed comforts so that you could have every benefit. This they have done gladly, for you are their dearest treasure. But now, you have no right to expect them to bow to every whim and fancy just because selfish ego instead of common sense dominates your personality, thinking and requests.
In Heaven's name, **GROW UP and GO HOME!**

TRIBUTE
The Floyd County Board of Education voted Tuesday to pay for 50 days of extra work performed last year by Hershel Turner, who died a few days ago. What Board members and employees said of him seemed worth recording.
It was pointed out that he drove a school bus without charge, several days last year, to get Garrett pupils to the dental clinic. Said George E. Allen: "He worked all holidays, including Thanksgiving. He would have worked on Christmas but nobody would help him. Hershel never took a vacation."
Board Member J. E. Campbell commented: "He would rather work than anything else."
"Working to him was enjoying life," added John G. Hall, member of the Board.

(Continued from Page One)
sickness in order to comply with this provision. Illness must be a specific illness or sickness rather than for medical examination, etc. For example, if a teacher has a toothache and it is necessary to go to a doctor or to be out of school, that would be legitimate sick leave, but if it is merely a matter of having a tooth filled or extracted and there is not sufficient illness to leave school, that would not be legitimate sick leave. In rural schools of one room, if it is impossible to get a substitute teacher who is qualified, the teacher may dismiss school and extend her school month for the day she is out so as to teach the required number of days, and file sick leave for the day lost due to sickness. In other schools substitute teachers can usually be obtained, but if the school must be closed down because of epidemic or bad weather making it impossible to have sufficient students present or teachers, then no sick leave will be paid for days the schools are closed.

Clothes look better and last longer when pressed correctly, according to Rachel Rowland, University of Kentucky Extension clothing specialist. For good results, use the

(Continued from Page 7)
Governor Combs, in his remarks at the press conference, said: "The fact that this new, ultra-modern power plant is being located in Kentucky and that it will become an integral part of the American Electric Power System is extremely gratifying not only to me personally but also to every other government official and civic leader in our commonwealth! Today's announcement represents a major step in a new outlook for the entire eastern region of Kentucky."

Mr. Sporn pointed out that industry—and particularly heavy industry—has invariably followed large new sources of highly economical electric power into a given area, and he predicted that, with the encouragement and full cooperation of the state, particularly with respect to taxes and transportation, there was an excellent chance that this would happen here. He cited the location of heavy power-consuming industry in the Ohio River valley in recent years—including such nationally prominent industries as Kaiser Aluminum & Chemical Corporation, Olin Mathieson Chemical Corporation, Revere Copper and Brass, Inc., Ohio Ferro Alloys Corporation, and Vanadium Corporation of America—as examples of this trend.

(Continued from Page One)
"The U. S. plane spiraled crazily. The tail and rear section were missing. From the chopped-off fuselage a whole array of objects came spilling out as if it were a sort of ghastly cornucopia. I thought I saw a human figure in the falling debris."
"The plane hit the water with a splash that shot a sheet of white spray into the air. Then came the bizarre sight of the plane's tail section gliding slowly downward in a slow spiral until it fell gently into the bay. Other objects fell at the same time."
"Then the scene was as placid as it was just before that horrible moment."
The crash—the seventh major plane disaster over the world since January 1—occurred over Guanabara Bay about 1:10 p.m.
The Navy plane was scheduled to fly at 6,000 feet and was headed for a landing at Galeao Airport.
The Rio airliner was scheduled to fly at 5,000 feet and was coming in from Vitoria, north of Rio, for a landing at Santos Dumont Airport, a few miles from Galeao.
The crash was seen by many people in beach apartments and along the shore drive.

Mrs. Wilma Faye Jones, Victim Here Sunday

Mrs. Wilma Faye Jones, 21, of Prestonsburg, died at the Prestonsburg General Hospital Sunday evening at 7:45 p.m., following an illness of two days.

She was the daughter of Alex and Stella Campbell Adams, of Perry county, and the wife of James Jones. Mrs. Jones had lived here some time with an aunt, Mrs. Hazel Duff.

Surviving are two sons, James LeRoy and Darrell Glenn, both of Rowdy, Ky., and three sisters, Mrs. James Fugate, Narva Jean Adams and Karen Allen, all of Louisville.

Funeral services were conducted Wednesday afternoon at Rowdy, the Revs. Ed Campbell and Henry Neace officiating. Burial was made in the Jones cemetery at Rowdy under the direction of Moore Funeral Home.

ALLEN DRIVE-IN BRANCH BANK

Of THE BANK JOSEPHINE

The Bank Josephine, First and Oldest in Floyd County, Is Again FIRST In Offering Drive-In Service

An Artist's Conception of the New Allen Drive-In Branch Bank

A New Service in Modern Progressive Banking

The Allen Drive-In Branch Bank is being offered the public in recognition of a need in our fast-growing, rapidly expanding area of service. It is another step with you in the march of progress.

All the banking facilities of the present bank, The Bank Josephine, will be found at this air-conditioned drive-in branch. The transaction of drive-in business will be found to be completely convenient and if you desire you may walk-in for the same service offered at any financial institution.

In addition to conventional interior banking facilities, the Allen Drive-In Branch Bank will have a night depository and a day-time depository. The day-time depository will feature the latest in automatic banking windows. Voice contact between the customer in his car or truck and the teller behind his window is maintained through the use of amplified microphones. A push-button device exchanges deposit and receipt without hand-to-hand contact. The transaction of business will be practical, convenient and easily performed.

Formal and Official Presentation of "Athletic Field Project" to the Floyd County Board of Education

ORDINANCE

An Ordinance of the City Council of the City of Martin, Kentucky.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MARTIN, KENTUCKY:

SECTION 1. That the territory, hereinafter described, lying on Kentucky Highway No. 80 adjacent to the upper city limits of Martin, Kentucky, as it is now incorporated, be annexed to and made a part of the City of Martin, Kentucky, subject to the approval of the courts as set out in Section 2 of this ordinance.

The territory to be annexed is bounded and described as follows: BEGINNING at the City limits on the west near the property of Jack Blackburn; thence a westerly course up the ridge on the Amanda Preston farm and following the ridge to the top of the hill; thence following the ridge to the C & O Railroad tunnel so as to include the E. L. Dingus lands; thence down the hill to the southern end of the C & O Railroad tunnel; thence across the railroad track to the center of Right Beaver Creek; thence up the center of Right Beaver Creek to a point opposite the Dinwood School (the point where the Old County Road leading from the Henry Dingus farm intersected with Route 80); thence a southerly direction and crossing Highway 80 to the Amanda Dingus farm; thence an easterly direction and following Route 80 right of way line down Right Beaver Creek to the junction of Route 80 and Route 122 at the rear of the Mason Moore property; thence an easterly direction with the highway right of way at the rear of the Mason Moore property to a hollow on the Amanda Dingus lands at the Highway Culvert; thence across Highway 122 thence a northerly direction with the right of way line of Route 122 to the junction of Routes 122 and 80 at the front of the Mason Moore property; thence a northeasterly direction to the center of Right Beaver Creek to the Lawrence Keathley line; thence following the Lawrence Keathley line to the C. R. Marshall line; thence a northerly direction to the corner of C. R. Marshall's line; thence an easterly direction to the corner of C. R. Marshall's line; thence following C. R. Marshall's line to the line of Lawrence Keathley; thence to the center of Main Beaver Creek; thence a northerly direction and following Main Beaver Creek to the right of way line of Route 80; thence a northeasterly direction crossing Main Beaver Creek to the S. P. Osborne line; thence following the S. P. Osborne line to the top of the ridge; thence a northerly direction and following the ridge to the City limits of Martin, Kentucky, so as to include the Mason Moore property and the R. M. Barnett Subdivision.

SECTION 2. That the attorney for the City of Martin be and he is hereby authorized and directed to institute suit in the Floyd Circuit Court on behalf of the City of Martin, Kentucky, for the entry of a judgment annexing the above described property as a part of the City of Martin, Kentucky, and to take all steps necessary to such end.

SECTION 3. All ordinances and parts of ordinances in conflict herewith are hereby expressly repealed.

SECTION 2. That the attorney for the City of Martin be and he is hereby authorized and directed to institute suit in the Floyd Circuit Court on behalf of the City of Martin, Kentucky, for the entry of a judgment annexing the above described property as a part of the City of Martin, Kentucky, and to take all steps necessary to such end.

SECTION 3. All ordinances and parts of ordinances in conflict herewith are hereby expressly repealed.

NOTICE OF BOND SALE

The City of Martin, Kentucky, will, until 7:30 P. M., Eastern Standard Time, on March 14, 1960, at the regular meeting place of the City Council of such City, in Martin, Kentucky, receive competitive sealed bids on \$75,000 of its Water and Parking Facilities Revenue Bonds, dated April 1, 1960, in the denominations of \$500 and \$1,000 each, bearing interest from April 1, 1960, payable semi-annually, numbered 1 through 100 in the order of their maturity, maturing on April 1 in each of the years, \$2,000 in 1962 - 1965, \$3,000 in 1966, \$3,500 in 1967-1969, \$4,000 in 1970-1971, \$4,500 in 1972-1974, \$5,000 in 1975-1977, \$5,500 in 1978-1979 and \$6,000 in 1980, bonds numbered 1-2, 4-5, 7-12, 14-15, 18-20, 23-25, 29-30, 33-34, 38-39, 43-45, 49-51, 55-57, 61-62, 67-70, 74-75, 80-82, 87-89 and 94-95 being in the denomination of \$500 and all other bonds being in the denomination of \$1,000 each, subject to prior redemption only in the inverse order of their maturities (less than all of the bonds of a single maturity to be selected by lot), on any interest due date on or after April 1, 1965, upon terms of the face amount plus accrued interest to the redemption date, plus a premium equal to 3% of the face amount, payable principal and interest at State National Bank, Louisville, Ky. The required good-faith check is \$1,500. The approving legal opinion is by Skaggs, Hays & Fahey, Louisville, Kentucky. Bid forms and the Official Terms and Conditions of Sale of Bonds, subject to both of which said bonds are to be offered for sale, may be obtained from Myrtle Dingus, City Clerk of such City. (Signed) City of Martin, Kentucky, by Myrtle Dingus, City Clerk.

CONCLUSION

This non-partisan, non-sectarian, and non-commercial project is a great step forward in better education for our school attendance area and County school system, without any detriment to the other school attendance districts of the County, in a combined, cooperative atmosphere for which you, individually, and as members of the Board can be justly proud, and you will be most highly commended by all.

Please do not underestimate the sincere, non-partisan desire of the school attendance area to buy the Youth Confidence Bonds and Certificates, nor this P-T-A's ability to sell same and complete the project.

We realize that a change in the membership of this Board could possibly result in a complete elimination of the proposed working relationship between the Floyd County Board of Education and the Prestonsburg High School P-T-A. by mere revocation of the minutes of this meeting (there is no contractual relationship). But, this does not worry the P-T-A. in the least because of the great confidence you will have shown in us and we in you by your adoption of the proposal. We sincerely believe that any future member of the Board will fully subscribe to your most worthy action in approving this proposal.

The Chairman of the Building Improvements Committee is here and now prepared to answer all questions you may have concerning the proposal. Thank you for your kind attention.

Respectfully submitted,

building could be relocated underneath the stadium, which would eliminate transporting students between the present Shop and school building.

7. Will provide increased football gate receipts for the High School Football Athletic Fund which will, in amount, take care of the cost of construction by the Board of the field surface and fence installation.

8. As soon as the bonds have been retired, the Board of Education can take over concession stand operation, bowl game operation and major gym entertainment functions, and all proceeds therefrom can go into the General Fund for marked and substantial increase thereof for other educational improvements.

9. The P-T-A, through its Building Improvements Committee, will sell the bonds and certificates, supervise the construction, and the P-T-A will operate the concession stands, inaugurate and operate bowl games and major entertainment functions, and handle repayment of the bonds, all at no cost to the Board of Education.

10. Complete engineering and architectural services are being donated and have a value of approximately \$2,400.

11. The Board's investment of \$9,594.16 for a \$64,856.14 sound value increase in improvements, from a financial standpoint, is a sound and excellent investment.

12. The Athletic Field is permanent, durable, requires a minimum of maintenance, and all phases can be added to.

13. The P-T-A's action merely assists the Board in a task the Board itself cannot perform because the construction is certainly not the most pressing in the County. We are certain that if this athletic field was the most needed construction in the County school system, the Board would have already constructed same without our request.

14. Will encourage other Parent-Teacher Associations in the County to assist the Board on school improvements.

15. The construction of the field would release for other use the present football dressing room on the grade school grounds.

16. Will bring the physical facilities of the Prestonsburg High School plant (physical education, football, baseball and track) on par with the high school building and high school gymnasium.

17. Will consolidate all physical facilities of the high school operation.

18. Will provide physical facilities for the annual County Band Festival.

19. The athletic field would be excellent for outdoor teacher's meetings.

20. The discounts obtained by the Building Committee on materials and labor are much greater than could be obtained otherwise, due to the fact that this is a P-T-A project.

21. The parking facilities will be much more adequate for the new athletic field.

22. Guest football team fans will materially increase.

23. Wheelwright High School's football team, from Educational District No. 4, for the past few years has been playing Prestonsburg's team on a home and home basis. On alternate years the Wheelwright team and fans can benefit directly for use of the field during the regularly scheduled game.

24. Will provide facilities for the annual Easter Sunrise Worship Services.

25. There is no contractual liability on behalf of the Board of Education to anyone in connection with this project.

26. This project is a positive and realistic classroom example of our American Educational System in action.

SPECIFIC BOARD ACTION REQUESTED
The P-T-A of the Prestonsburg High School respectfully requests the Board of Education of Floyd County to take the following specific action at this meeting in order that the athletic field can be erected and the surface grass grown this season so that use of the field can commence in September, 1960. Let the minutes of this meeting reflect, by proper motion, complete endorsement of this project, and the eleven motions first set out under "Method of Financing," or motions to their effect.

CONCLUSION
This non-partisan, non-sectarian, and non-commercial project is a great step forward in better education for our school attendance area and County school system, without any detriment to the other school attendance districts of the County, in a combined, cooperative atmosphere for which you, individually, and as members of the Board can be justly proud, and you will be most highly commended by all.

Please do not underestimate the sincere, non-partisan desire of the school attendance area to buy the Youth Confidence Bonds and Certificates, nor this P-T-A's ability to sell same and complete the project.

We realize that a change in the membership of this Board could possibly result in a complete elimination of the proposed working relationship between the Floyd County Board of Education and the Prestonsburg High School P-T-A. by mere revocation of the minutes of this meeting (there is no contractual relationship). But, this does not worry the P-T-A. in the least because of the great confidence you will have shown in us and we in you by your adoption of the proposal. We sincerely believe that any future member of the Board will fully subscribe to your most worthy action in approving this proposal.

The Chairman of the Building Improvements Committee is here and now prepared to answer all questions you may have concerning the proposal. Thank you for your kind attention.

13. Construct gridiron & plant tile
14. Plant grass and/or sod
15. Paint seat numbers and sections
16. Commence school use Sept., 1960

METHOD OF FINANCING

IMMEDIATELY UPON THE FLOYD COUNTY BOARD OF EDUCATION'S APPROVAL OF AND PARTICIPATION IN THIS "ATHLETIC FIELD PROJECT," BY DULY RECORDING ON THE MINUTES OF THIS MEETING THE FOLLOWING ELEVEN MOTIONS, OR MOTIONS TO THEIR EFFECT:

1. Complete endorsement of this Athletic Field Project.

2. Authorization for the Prestonsburg High School P-T-A to erect the proposed athletic field on the land described above.

3. Direction to the Superintendent of Schools of Floyd County to execute the School Building Application (Form BG-1), attached hereto, and to accompany the Chairman of the Building Improvements Committee of the P-T-A and the engineer to Frankfort, Kentucky, to obtain approval from the State Department of Education for construction, specifications and method of financing.

4. Direction to the Superintendent that immediately after State Board approval he duly advertise for bids for the complete installation (labor and materials) of a cyclone fence, eight feet high (per P-T-A specifications) and to let contract for construction thereof and pay therefor through the General Fund or special building fund. (Estimated cost: \$5,643.00 complete)

5. Direction to the Superintendent to advertise for bids for construction of the field area (excavation, drainage and tiling, building up gridiron, fertilizing and seeding) and let construction contract and pay therefor through the General Fund or special building fund. (Estimated cost: \$3,951.16 complete)

6. Authorization to the Prestonsburg High School P-T-A to solely operate the two concession stands of the athletic field at all field activities and authorize the net profits therefrom to be deposited in the "Youth Confidence Bond Retirement Accounts" of the Prestonsburg High School P-T-A, equally in the four banking institutions of Floyd County, namely: Floyd Federal Savings & Loan Association, The First National Bank, and The Bank Josephine, of Prestonsburg, Kentucky, and the First Guaranty Bank, of Martin, Kentucky.

7. Authorization to the Prestonsburg High School P-T-A to inaugurate and completely operate a football bowl game or games, and the net gate receipts therefrom shall be immediately turned over to the Principal of the Prestonsburg High School for deposit in the Prestonsburg High School Football Athletic Fund Account.

8. Direction to the Principal of the Prestonsburg High School to issue a check from the football athletic fund account, payable to the order of the Prestonsburg High School P-T-A. "Youth Confidence Bond Retirement Accounts" to be deposited equally in the four banking institutions of Floyd County, for amount equal to net profits from the football bowl game or games, after same has been deposited in the Prestonsburg High School Football Athletic Fund Account.

9. Authorization to the Prestonsburg High School P-T-A to use the Prestonsburg High School Gymnasium (not to conflict with school activities) for major entertainment (professional basketball, professional entertainers, etc.) and the net gate receipts therefrom to be deposited directly into the P-T-A. Youth Confidence Bond Retirement Accounts, in the four banking institutions of Floyd County. (Gymnasium concession stands to be operated as presently set up).

10. Direction to the P-T-A to annually pay to the Youth Confidence Bond holders of record their pro rata share of the P-T-A. Youth Confidence Bond Retirement Accounts until all bonds of this special issue shall have been completely retired.

11. Authorization to the Prestonsburg High School P-T-A to deposit all proceeds received from sale of Youth Confidence Bonds and Certificates in the Prestonsburg High School P-T-A. Special Athletic Field Building Accounts, equally in the four banking institutions of Floyd County.

THEN THE PRESTONSBURG HIGH SCHOOL PARENT-TEACHER ASSOCIATION WILL IMMEDIATELY:

1. Arrange for the Chairman of the Building Improvements Committee to transport the Superintendent of the Floyd County Board of Education and the engineer-architect to Frankfort, Kentucky with building plans, specifications and method of financing, as set out herein, to obtain approval therefrom from the State Department of Education.

2. Proceed to incorporate as a non-profit organization, empowered to issue and sell Youth Confidence Bonds and Certificates, and have all other powers incidental thereto (legal services to in-

corporate and prepare bond and certificate form have been donated), and bond each officer in the amount of \$31,500.

3. Will issue any denomination "Youth Confidence Bonds" and "Youth Confidence Certificates." The Youth Confidence Bonds will be non-interest bearing but will be retired by the Prestonsburg High School P-T-A through the Youth Confidence Bond Retirement Accounts. The Youth Confidence Certificates will be issued to those persons who desire income tax deduction benefits; therefore, but such certificates will not be retired.

4. The P-T-A will then sell the necessary number of Youth Confidence Bonds and Youth Confidence Certificates to raise \$30,500, and deposit the proceeds of sale in the Prestonsburg High School P-T-A. "Special Athletic Field Building Accounts." The deposits will be made equally in the four banking institutions in Floyd County namely: The Floyd Federal Savings & Loan Association, The First National Bank, and The Bank Josephine, of Prestonsburg, Kentucky, and the First Guaranty Bank, of Martin, Kentucky.

5. The actual construction would commence after the combined total of bonds and certificates are sold and the amount of deposits totals \$30,500 in the Special Athletic Field Building Accounts and if for any reason the \$30,500 is not obtained within ninety days after the beginning of the bond sale, the bondholders and certificate holders shall be reimbursed fully and the project shall be abandoned.

6. As soon as the \$30,500 is obtained and deposited, construction will immediately commence under the supervision of the Buildings Improvements Committee of the P-T-A.

7. Materials and labor on the project shall be paid out of the "Special Athletic Field Building Account" as the costs are incurred, and by approval of the Building Improvements Committee.

8. The P-T-A will physically operate the two football concession stands and deposit the net proceeds therefrom in the P-T-A. "Youth Confidence Bond Retirement Accounts." Audit of concession stand operation will be published annually in The Floyd County Times.

9. The P-T-A will physically inaugurate and operate a football bowl game, or games, and on completion thereof immediately turn over to the Prestonsburg High School principal the net proceeds therefrom (and, in turn, the said principal shall issue a check payable to the P-T-A. "Youth Confidence Bond Retirement Accounts" in an amount equal to the net proceeds from the particular bowl game.) Audit of bowl game operation will be published annually in The Floyd County Times.

10. The P-T-A will physically arrange for and handle two or more major entertainment functions per year, in the High School Gymnasium, and deposit the net gate proceeds therefrom into the P-T-A. "Youth Confidence Bond Retirement Accounts." (Gym concessions excluded) Audit of gym major entertainment operations will be published annually in The Floyd County Times.

11. The P-T-A will, once each year, divide the total number of bond holders of record into the total amount of the P-T-A. Youth Confidence Bond Retirement Accounts, and cause to be issued checks to the bond holders of record for their pro rata share of the Youth Confidence Bond Retirement Accounts, and this process shall continue until all bonds of this special issue shall have been paid off in full. An audit of this account will be published annually in The Floyd County Times.

(a) Estimated minimum amount of "Youth Confidence Bond Retirement Accounts" first year:
Concession ----- \$ 500.00
Bowl game ----- 500.00
Two gym functions ----- 1,000.00
Total ----- \$ 2,000.00

(b) Individual bond retirement, per year, \$6.50 based on 305 bonds at \$100.00 each, but it is estimated the total number of bonds will be considerably less—in fact as much as 10% less. We believe the bond holders can be repaid within 10 years.

12. No member of the Prestonsburg High School P-T-A shall receive any money whatsoever for services performed in connection with this project at any time, directly or indirectly.

13. If the field can be sodded within the total estimated cost of \$40,000, same will be accomplished, which, if done, will reduce the cost of the project by \$250.00 (fertilizing, seed, planting).

14. If, on completion of construction and payment of all costs incurred, there should remain a balance in the Special Athletic Field Construction Account, same will be returned to bond holders and basis.

15. The Board of Education will be requested for no more financial assistance on this project than the above amount, for fencing and field surface construction (\$9,514.16 estimated).

16. If total actual construction costs exceed \$40,000, the P-T-A will \$40,000, which is entirely unlikely, and then sell additional Youth Confidence Bonds and then sell additional Youth Confidence Certificates, and sold additional bonds and certificates will be handled in the same manner as the first issued bonds and certificates, as set out above.

ITEMIZATION OF ACTION TAKEN BY THE BUILDING IMPROVEMENTS COMMITTEE, AND RESULTS.

1. In October, 1959, the Committee was appointed by the President of the local P-T-A. This project was originated and adopted by the Committee and the P-T-A and detailed coordinated.

2. The date that the Committee originated the project, the Chairman was directed by the Committee to contact the Superintendent of the Board of Education on the following day and advise him of our project, and to request no commitments in connection therewith. The Superintendent did so in an approximately 45 minute conversation with the Superintendent in the Board office, and advised him that the Committee was a wholly non-partisan Athletic Field Project, and that we would ascertain detailed construction costs, agree on total field items, provide a means of financing, and then submit same to the Board of Education for approval, with a request that they build it for same—just as a courtesy, knowing that it is impossible for them to do so. The Superintendent was most gracious during the explanation, and then advised the Chairman that he was in agreement with the project, and made no commitments thereon. The Superintendent advised that he and all Board members would be present at any and all Committee meetings, and that any operation of the Committee would be open to the public. The Superintendent thanked the Chairman and advised him that he would be very busy with Board duties, and that he would try to attend a meeting if at all possible.

3. The Chairman and the Board members agreed upon at a

cost of \$40,000 on January 25, 1960, by the Committee.

4. On January 22, 1960, the Chairman of the Building Improvements Committee had a three-hour conference in the office of the State Board of Education, at Frankfort, Kentucky, with Samuel Alexander, Assistant State Superintendent, Walter W. Roschi, Finance Office, and Arnold Guess, of the Division of Building and Grounds.

The conference had been arranged with Wendell Butler, State Superintendent, but he was stricken with flu the day of our conference and arranged for Mr. Sam Alexander to sit in for him. Immediately at the beginning of the conference, the Chairman of the Building Improvements Committee straightforwardly advised Messrs. Alexander, Roschi and Guess that he requested the conference for informative purposes only, and that the information we sought was but a part and parcel of our project and was, in effect, "How can a P-T-A project of this type be financed within the sanction of the State Department of Education?"

The Chairman learned at this meeting:

(a) There can be no legal contractual relationship entered into between a local Board of Education and any athletic association or even P-T-A.

(b) No organization other than the high school itself can receive gate receipts from any regular school activity, such as football and basketball game receipts.

(c) That in order for the Floyd County Board of Education to construct the entire field, by issuance and sale of revenue bonds, it would be necessary for a committee from the State Department of Education to come to Floyd County and study school construction needs of the entire County system and the athletic field project would have to be the most pressing building need in order to obtain approval from the State Department of Education. (We recognize that it is not the most pressing building need in our County school system.)

(d) That the Floyd County Board of Education can elect to construct a portion of the project, advertise same for bids, and pay for same through the General Fund or special building fund, with approval of the State Department of Education.

(e) That the only approval needed from the State Department of Education, under our proposal, is approval of the building specifications on the stadium, draining and tiling, electric lighting and fencing, and financing method.

(f) Mr. Alexander indicated to the Chairman that after the Floyd County Board of Education endorses the project, by motion in regular meeting, the Superintendent executes the attached School Building Application, Form BG-1, and the Superintendent accompanies the Chairman of this Committee and the engineer-architect to Frankfort with the building specifications and finance methods, the same would be approved.

(g) Mr. Alexander advised that the State Department of Education looks most favorably on a close working relationship between a P-T-A and the local Board of Education, and stated that, actually, this was the only method by which the project could be accomplished.

Further, Mr. Alexander indicated that this general arrangement, of merely showing on the minutes of the Board meeting the agreements between the P-T-A and the local Board, was not unusual (There is no actual contractual relationship).

(h) Mr. Alexander, Mr. Roschi and Mr. Guess were highly pleased with our proposal and wished us the very best, and pledged their cooperation.

5. On January 30, 1960, the Chairman of the Building Improvements Committee met in Ashland, Kentucky, with Mrs. Wanda McCleron, State Vice-President (in charge of Procedures and By-Laws) of the Kentucky Congress of Parents and Teachers; Mrs. William Naule, Kentucky editor of the P-T-A. state magazine; and Mrs. N. W. Lanthorne, Regional State Vice-President of the Kentucky Congress of P-T-A. Our entire project was explained to them in detail. The Chairman was advised that the project is entirely within the operating policies of the local, state and national Parent-Teacher Association, and they all wished us the very best.

6. The Building Improvements Committee of the P-T-A had a financial meeting on February 1, 1960, in Prestonsburg, and adopted the method set out herein under Method of Financing.

7. On February 4, 1960, the Executive Committee of the Prestonsburg High School P-T-A met in Prestonsburg, at which time the entire project was explained and unanimously adopted.

8. On February 23, 1960, the Prestonsburg High School P-T-A in a regular meeting, heard and adopted the Athletic Field Proposal and instructed the Chairman of the Building Improvements Committee to formally present same to the Floyd County Board of Education at its regular meeting on March 1, 1960.

TWENTY-SIX OF THE MORE IMPORTANT ADVANTAGES TO EDUCATION IN THE PRESTONSBURG SCHOOL ATTENDANCE AREA AND FLOYD COUNTY SCHOOL SYSTEM TO BE GAINED BY THE BOARD'S ADOPTION OF THE ATHLETIC FIELD PROPOSAL:

1. Will help unite the entire school system of Floyd County in a non-partisan, non-sectarian, non-commercial, non-controversial manner.

2. Will favorably stimulate the morale of the students in this school area and the County in general, in the interest of better education.

3. The athletic field will directly inure to the benefit of all children who attend the Prestonsburg High School, as it includes facilities for outdoor physical education, football, baseball and track.

4. The general safety of the Physical Education students, football players, baseball players, track participants and fans will be one hundred percent improved upon by the construction of the athletic field as proposed.

5. The athletic field project will directly inure to the benefits of Education Districts No. 1, No. 3 and No. 5, because all students from District No. 1 attend Prestonsburg High School and many of the students from Districts No. 3 and 5 attend this high school.

6. Will provide basic construction for 6 additional classrooms (underneath the stadium) for anticipated increase in enrollment. The 6 classrooms with 700 square feet each, can be completely constructed (including heating, flooring, blocks, doors and windows, lights and plumbing, and toilet facilities) for \$45,000 each, or less, as compared with a cost of \$12,500 per room when constructed without the aid of basic construction. The 6 classrooms can be completed for a total of \$27,000 or less, compared with \$75,000 totally new construction cost, or a savings of \$58,000 for the Board of Education.

6a. The school's Vocational Shop physical facilities (now located 1 1/2 miles from the high school

JOHN HALL and
RAY HOWARD, Board Members,
V. O. TURNER, Superintendent

BY THE PRESTONSBURG HIGH SCHOOL PARENT-TEACHERS ASSOCIATION, AT THE REGULAR SCHOOL BOARD MEETING FOR MARCH, 1960, HELD IN THE COURTHOUSE AT PRESTONSBURG, FLOYD COUNTY, KENTUCKY.

Mr. Chairman, Mr. Superintendent, and Board Members:

We appear here wholly on a non-partisan, non-sectarian and non-commercial basis. Our sole purpose is to aid education in the Prestonsburg High School "attendance area" and in all of Floyd County.

The "attendance area" involved includes: Allen, Dredge, Emma, Calf Creek, Cow Creek, Brandykeg, Croftley Hollow, Lancer, Bull Creek, Auxier Road, State Paint Creek, Abbott Creek, Middle Creek, David, Risner, Pyramid, Goodloe, Caney Creek, Blue River, Buffalo, Spurlock, Prestonsburg, and the whole area served by the school.

Thank you kindly for the opportunity given to the Prestonsburg High School Parent-Teachers Association to present to you our "Athletic Field Project" proposal.

NOTICE

We are authorized to announce Mrs. W. D. Osborne, of Bypro, Ky., as a candidate for member of the Floyd County Board of Education, Educational Division No. 4.

BETSY LAYNE

The regular meeting of the Betsy Layne Homemakers Club was held February 23 at the home of Mrs. Kelsie Elliott, who was also hostess. Mrs. Mary Lykins, president, presided, and the devotional was read by Mrs. Mildred Davis. Minutes of the last meeting were read by Mrs. Josephine Howell and landscaping read by Mrs. Kelsie Elliott.

The lesson was on modern food and oven cooking, given by the home demonstration agent, Miss Francis Howland. A donation was received from the members toward the purchase of a television set for the patients at the Ashland tuberculosis hospital.

A stork shower was given to a member, Mrs. Clara Allen. Guest at the meeting was Mrs. Norma Davis, of Banner. Members attending were Mrs. Angelyn George, Mildred Davis, Kathryn Blackburn, Mary Lykins, Irene Gibson, Kelsie Elliott, Josephine Howell, Clara Allen, and Bonnie Snyder.

The March lesson will be on food freezing.

Vehicle Safety Check Sponsored By Kentucky

The annual state and community vehicle safety-check program will be conducted in Kentucky again this year by the State Department of Public Safety.

Commissioner Glenn Lovern urged communities throughout Kentucky to participate in the annual event. He said the safety check program is sponsored annually on a national basis by the Auto Industries Highway Safety Committee, and has been conducted in the Commonwealth for several years.

Lovern said Charles Barker Jones, director of the Division of Accident Control, is Kentucky coordinator for the project.

Special field representatives are being made available by the automobile and tire industry to organize and conduct the annual program. Beginning a three-month assignment as Kentucky field representative for the program is Joseph R. Fassel of the Studebaker-Packard Corp.

Communities participating in the annual event will set up check lanes on city streets, at military installations and on school and industrial parking lots. Fifty-one Kentucky communities participated in the official program in 1959 during May and June with numerous others staging the checks later in the year.

Last year, over three million vehicles were checked for safe driving condition in more than 2,300 safety-check programs from coast to coast. One out of every five vehicles checked required safety maintenance to one or more of the ten major items which affect safe driving. The ten items checked are: brakes, front and rear lights, steering, tires, exhaust system, glass, windshield wipers, rear view mirror and horn.

Early Kentucky pioneers made most of their clothing. For materials they raised flax, had the wool of some sheep and used buffalo hair. The flax and wool were spun into threads on spinning wheels and woven into cloth on homemade looms. This coarse but warm cloth was called linsey-woolsey.

The Hatfield-McCoy feud, most famous of mountain feuds, took place on both sides of the River.

SINGLE DOSE ORAL VACCINE GIVES LASTING IMMUNITY

A new vaccine taken by mouth in a single, safe, cherry-flavored dose promises 10-year-lasting immunity against polio, writes Paul de Kruif in a March Reader's Digest article condensed from Today's Health, an American Medical Association publication.

It will cost less than previous vaccines and should be available this year, reports the article. Since it was written, local health authorities and medical organizations have started a mass test in Florida with the single-dose vaccine being given to 520,000 residents under 40 of Miami and Dade county.

As a three-dose vaccine, one for each type of paralytic polio, it was tested in 1957 at the University of Minnesota and since then has been used widely in Latin America. A 1958 outbreak in Columbia was halted by the vaccine.

After the Columbia outbreak, the vaccine was given to all children under 10 in Managua, Nicaragua.

SNOW CAUSES HEAVY LOSSES

Recent Snowstorm Most Damaging Since 1954, Ky. Power Company Says

The Kentucky Power Company, Pikeville District, has finished repairing the damage caused by the snowstorm the past week-end. "This was the worst storm we have suffered since the snowstorm in 1954, as far as the number of customers who lost their service for any length of time. Most of the repairs were completed by late Sunday evening, except for some cases which we did not know about," said H. H. Kincaid, district manager. "However, there is a good chance some people living in rural areas and not near phone service may not have reported their outage."

He said all crews of the Pikeville district worked steadily without sleep from 8 o'clock Thursday morning until late Friday night. By late Friday, a great deal of the damage was repaired, but gusty winds in the afternoon slapped them ten lines together, burning more than once again. This the snow had caused of trouble than before.

All damage was caused by distribution lines, which are on dis-er lines out of the substations, and from the main transmission lines. Only one main line brings power into an area was broken and this did not cause an interruption because an alternate line was pressed into use.

Most of the damage was in the Beaver Creek and Mud Creek sections of this county and from Pikeville east to the Virginia line and John's Creek and Brushy Creek.

The Pikeville district employees were assisted, beginning Friday morning, by three crews from the Ashland district and by three crews from the Harris Brothers Construction Company, of Prestonsburg. The Pikeville district used all available manpower to put the lines back into service with clerks, supervisors, engineers and office help assisting the crews. The women employees manned telephones and relay services.

In August, 1787, John and Fielding Bradford published at Lexington, The Kentucky Gazette, the first newspaper in Kentucky. With the exception of the Pittsburgh Gazette, it was the first newspaper west of the Allegheny Mountains.

In 1784 John Filson published the first history of Kentucky and a map of the country.

Oranges and orange products are sharing the spotlight with pork as foods in heavy supply this month.

SGT. ROY C. MONTGOMERY IS NCO ACADEMY GRAD

Fort Knox, Ky. — Army Sgt. Roy C. Montgomery, son of Mr. and Mrs. Dayrmy Montgomery, Prestonsburg, was recently graduated from the Non-Commissioned Officer Academy at the Armor school here. During his 15 weeks of training, Sgt. Montgomery was trained to assist platoon sergeants in the training and tactical employment of a tank crew in all phases of offensive and defensive operations.

The 30-year-old soldier entered the Army in July, 1946. He attended Prestonsburg high school.

To adopt Daniel Boone into their tribe, the Indians plucked out all his hair except a scalp lock. This they adorned with trinkets and feathers. The Indian women then washed him to take out the white blood.

Farmers of the southern states buy a billion dollars worth of feed each year.

NEED PAINT? See TOPS AUTO STORE

Why pay \$1000 more and get less than a Galaxie by Ford?

Last year, hundreds of thousands of people found that the Galaxie was "the buy" of a lifetime. In every detail it was the equal or master of cars costing hundreds of dollars more. The Galaxie by Ford became the best-selling car in the world. And now—for 1960—with all its advances in style, ride, room—the Galaxie is a better buy than ever!

Yes, this year more than ever, Galaxie is the Thunderbird of the low-price field.

Want Thunderbird elegance? Look at Galaxie's rich carpeting and pleated fabrics!

You want Thunderbird performance? Thunderbird's own V-3 gives it to you, under Galaxie's sloping safety-vision hood.

Want a wonderful new world of ride? Feel how Galaxie's new wide tread and five-foot-long rear springs can uncurl the corners.

This 1960 Galaxie—for all its go and glamour—has all the room you'd ever want or need. More real and true room for six passengers than you can get in some high-priced cars.

Honestly, does it make sense to spend more when you can travel in luxury at a low Ford price? We're waiting to prove our point with a ride and a deal to please you. We'd be delighted to see you now.

ANNOUNCEMENT

An Educational Program For The Children

I am a candidate for the Floyd County Board of Education, Division No. 4 and solicit your support at the November, 1960 election upon the following platform:

- Restore the teaching profession to its proper dignity by removal of Gestapo tactics and threats to teachers.
- Increase the salaries of all teachers by eliminating waste and unnecessary jobs.
- Bring all good teachers who have been run out of Floyd county back home to our own schools where they are needed.
- Keep good teachers teaching by creating an atmosphere of friendliness and good will among all school employees.
- Appoint a well trained, qualified Superintendent of Schools who has the ability to supply the educational leadership needed in Floyd county.
- Make appointments to all positions in the school system on the basis of qualifications.
- Keep the school system and the teachers free from all political entanglements.
- Improve the Course of Study in all high schools so that our children will not be handicapped because of a meager background when they go to college.
- Work with an Educational Advisory Committee made up of citizens from every community in the county to help formulate school policy and to develop a wise school building program.
- Encourage Parent-Teacher Association groups in every school district.
- Develop a more economical maintenance program by employing local labor thereby eliminating the many unnecessary permanent employees on the payroll.
- Provide a transportation program that will not force children to leave home before daylight and return home after dark, and eliminate discrimination between children attending rural schools and consolidated schools.

CURTIS STUMBO

McDowell, Ky.

Endorsement and Pledge of Support

We, Ray Howard, board member, Educational District No. 1, and John G. Hall, board member, District No. 2, endorse and support Curtis Stumbo, candidate for member of the Board of Education, District No. 4. We are pledged to this unity program and urge everyone interested in a better school system to support Curtis Stumbo.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

Chester Layne, Plaintiff, VS. NOTICE OF SALE Wesley Campbell, etc. Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the February term, 1960, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 5th day of March, 1960, at 10 o'clock a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

(a) Lot No. Three of the Division of Real Estate of Serena Layne, situated in Toms Creek, a tributary of Big Sandy River.

Beginning at a buckeye on the South side of Toms Creek, a corner to Lot No. Two; thence with line of Lot No. Two reversed N 8 30 E 269 feet, crossing the bottom and creek to a black walnut; thence up the hill N 39 45 W 362 feet N 49 W 137 feet to a black oak on the point; thence up with center of the point N 25 15 W 193 feet N 36 15 W 161 feet N 30 30 W 220 feet to a black oak; thence leaving line of Lot No. Two and running up the point with line of Lot No. One reversed, N 5 E 299 feet; N 8 W 151 feet N 10 E 175 feet; N 14 15 E 199 feet; N 30 E 120 feet to X on a rock on top of the hill; thence leaving line of Lot No. One and running along the main ridge between the Drop Lick Fork of Ivy and Toms Creek, N 81 E 470 feet to an X on a rock; S 71 30 E 244 feet; N 84 E 300 feet to a hickory and sugar tree; N 45 E 107 feet to a stake; thence leaving the ridge and down the point with line of Lot No. 4, S 26 45 E 400 feet to a double maple on the point; thence down with the center of the point, S 6 15 E 162 feet; S 14 E 162 feet; S 14 E 248 feet to a black oak; S 12 45 192 feet; S 14 45 W 177 feet to a hickory; S 27 E 99 feet S 22 30 E 284 feet to a hickory, S 3 15 E 135 feet S 4 15 E 350 feet to a black walnut on the south bank of Toms Creek at the mouth of Bunk's Hollow; thence up said hollow S 4 10 W 1950 feet, passing a red-bud, black walnut, chestnut and small beech to a stake on top of the main ridge; thence along the top of the ridge S 88 30 W 140 feet; S 58 30 W 244 feet; S 81 15 W 488 feet; thence leaving the ridge and running down the point with line of Lot No. Two reversed, N 12 W 450 feet, N 21 15 E 121 feet; N 22 E 186 feet; N 10 E 198 feet; N 25 30 E 181 feet to a hickory; N 11 E 201 feet; N 33 30 W 640 feet to the beginning, containing 77 acres, more or less.

A road, twelve feet in width extends through Lot No. Three, and is bounded and described as follows:

Beginning at a stake, at the line of Lot No. Two, at the intersection with road through Lot No. Two thence up the creek, N 82 30 E 679 feet N 63 30 E 125 feet; N 87 E 150 feet to a stake in line of Lot No. 4.

The above description represents the center line of the road and six feet on each side of same throughout the entire distance; it is located on said tract of land and as located, constitutes the road, twelve feet in width.

Being the same land conveyed to James S. Layne by E. S. Robinette, Special Commissioner, by deed dated March 23, 1923, and which is duly recorded in Deed Book 96 Page 329, Floyd County Court Clerk's Office.

(b) A tract of land, lying on the waters of Big Sandy River, and described as follows:

Beginning on a black oak, at the north east corner of the graveyard; thence S 7 20 W 141 feet to a stake at the south-east corner of the graveyard; thence down the hill and on line to a water birch, at the mouth of the Camp Branch, S 9 10 W 930 feet to a stake at the river; thence up same S 74 E 71 feet E 117 feet; N 77 35 E 73 feet to a stake at corner of Lot No. 10; thence with line of said Lot leaving the river, N 2 30 E 1115 feet to a stake on the point; thence up same S 62 25 W 28 feet; S 55 W 123 feet to the beginning.

Being a part of the same land conveyed to James S. Layne by L. D. Layne and others by deed dated December 13, 1928, which is duly recorded in Deed Book 109, Page 237.

(c) A tract of land, lying on the waters of Big Sandy River described as follows:

Beginning on the State Highway on the line of Jennie Caldwell and running with her line to Big Sandy River, (being the line of Lot No. One in the division of the estate of Lee Layne, deceased); thence up Big Sandy River with its lower water mark to a line between Lot No. Two and No. Three of said division; thence running across the bottom between Lots No. Two and No. Three to U. S. Highway No. Twenty Three; thence down the right of way of the said Highway No. Twenty Three to the place of beginning.

Being the same property conveyed to James S. Layne by W. M. James and Minerva James, his wife, by deed dated March 6th, 1948, and which is duly recorded in Deed Book 137, Page 446, Floyd County Court Clerk's Office.

(d) An undivided one-eighth interest in and to a certain tract of

land, located on Drooping Lick Fork of Ivy Creek and described as follows:

On the North by the lands of Joe Dillon.

On the East by the lands of Jennie Caldwell.

On the South by the lands of James S. Layne.

On the West by the lands of Morgan Layne, containing 75 acres more or less and which the said James S. Layne inherited from his mother, Serena Layne, now deceased.

An undivided one-tenth interest in and to the oil and gas underlying those two certain tracts of land, lying on the waters of Big Sandy River and described as follows: Beginning on top of the point just below the new residence of Moses S. Layne; thence a straight line down the hill and on the line of three cedars to the state highway; thence crossing same to the cross fence that leads to Big Sandy River at low water mark; thence up the river bank a distance of 420 feet to a set stone; thence an easterly direction and a straight line crossing the bottom and the State Highway and crossing the highway and to the foot of the point just below where the new residence stands; thence running along the north side of said state highway to the branch at or near the old residence of M. S. Layne; thence a northerly direction up the hollow to the top of the point to place of beginning.

Beginning at a point in the upper edge of the old county road on the line of May and Morgan Layne; thence up the graveyard point and with the said line to the line of Jennie Caldwell and with her line to James S. Layne, and with said line to the line of Clyde Layne; thence with said line to the line of Bob Damron; thence with said line to the line of Lee Layne; thence with said line to the line of Mary Stratton; thence with said line on up the point to the top of the knob between Big Sandy River and Toms Creek; thence down the center of the ridge and down the point to a hackberry at the old county road, thence with upper side of old county road and crossing the point at back of M. S. Layne residence to a point in the upper edge of the old county road near an old barn site; thence crossing the branch with line of old county road to place of beginning.

Being the same property inherited by the said James S. Layne from his father, Moses S. Layne.

(f) The oil and gas underlying those certain tracts of land located on the waters of Big Sandy River and described as follows:

Beginning at a stake at the mouth of a drain; thence up the same S 78 E 100 feet, S 66 E 76 feet, S 40 E 30 76 feet, S 34 W 96 feet, S 85 45 E 88 feet to the mouth of a culvert and line of right of way of U. S. Highway No. Twenty Three; thence up with the same to the corner of L. D. Layne, thence with same crossing the bottom N 86 30 W 425 feet to a stake at the river; thence down the same to the beginning.

Beginning at a stake at the highway, a corner of Lot No. 4; thence crossing the bottom with Lot No. 4, reversed, N 83 W 690 feet to the river, thence up the river S 7 W 48 feet, S 11 30 E 710 feet to a stake at the highway; thence down the highway, N 45 W 15 feet, N 15 W 52 feet to the beginning.

Being a part of the same lands conveyed to James S. Layne by L. D. Layne and others by deed dated December 13, 1928, which is duly recorded in Deed Book 109, Page 237, Floyd County Court Clerk's Office.

(g) The oil and gas underlying that certain tract of land, lying on Coldwater Branch of Big Sandy River and described as follows:

Beginning at a stake in the upper forks of said branch, witness by a beech, bearing N 35 30 E 14 feet to the corner of Mary Stratton; thence with her lot N 35 15 E 1180 feet to a stake on a knob; thence with the ridge S 62 E 156 feet, S 36 45 E 203 feet, S 62 53 E 148 feet, S 64 43 E 278 feet, S 26 42 E 238 feet, S 26 05 E 173 feet; S 23 25 E 307 feet, S 26 15 E 112.5 feet, S 30 E 57 feet to a stake on the ridge between Loar's Branch, Sillers Branch and Coldwater Branch, S 19 W 131 feet, S 23 30 W 171 feet to a small hickory; S 27 W 176 feet to a stake on the high ridge between Coldwater and Hackworth Branch, S 81 30 W 60 feet S 89 30 W 185 feet to a hickory, S 65 30 W 383 feet to a black oak; thence leaving the ridge and down the hill N 37 20 W 1080 feet to a stake on a sharp point, about eighty feet above the falls; thence down the branch S 80 30 W 436 feet to the beginning.

Being a part of the same lands conveyed to James S. Layne by Tella Layne and others by deed dated February 12, 1948, and which is recorded in Deed Book 120, Page 135, Floyd County Court Clerk's Office.

(h) The coal, oil and gas underlying those certain tracts of land, located on the waters of Big Sandy River and described as follows:

Beginning at a stake in the east line of Wilda Farmer and north line of U. S. Highway No. Twenty Three; thence S 88 45 E 100 feet to a stake in line of said highway; thence leaving the line of said highway and running up the hill N 88 45 W 100 feet to a stake in the line of Wilda Farmer, thence down the hill with said line a distance of fifty feet to the beginning.

Lot No. Five in the division of lands of Serena Layne, deceased, beginning at a stake in the East

line of U. S. Highway No. Twenty Three and in line with a willow and corner of Lot No. four, in said division; thence with lines of No. 4, reversed, N 5 W ----- feet to a black oak on the hill side; N 4 W 191 feet to a white oak, N 1 30 W 45 feet to an ash tree on a steep; N 1 30 E 160 feet to a stake on a rock; N 1 60 W 221 feet to a small hickory, N 1 W 214 feet, N 9 15 W 84 feet N 14 W 67 feet, N 24 40 W 175 feet to a stake two feet left of a hickory, N 1 50 E 217 feet to a stake on top of the ridge leaving lines of Lot No. 4, S 60 15 W 115 feet, S 73 W 196 feet to a hickory, S 48 81 feet S 61 30 W 47 feet, witness by a sugar tree, bearing N 53 W 9 feet and by a hickory, bearing S 33 W 10 feet, thence leaving the ridge and down the hill S 9 W ----- feet to a stake in East line of U. S. Highway No. 23; thence leaving the calls of deed, above mentioned and running with the east line of said highway to place of beginning.

Beginning at the corner of lot of George Hall, Jr., now line of Maud Dye on lower side of and in line of U. S. Highway No. Twenty Three; thence down the bank with the line of said lot to a stake at low water mark of Big Sandy River; thence down the river at low water mark to a stake and corner to Lot No. 6 of hill land in division of the thence up the bank with line of lands of Serena Layne, (deceased) thence up the bank with line of Lot No. 6, reversed, to a stake in lower line of U. S. Highway No. Twenty Three; thence up with line of highway to the beginning.

Beginning at a willow and corner of Lot No. 4 in division of hill land, thence down the bank with Lot No. 4 and No. 5 to stake at the low water mark of Big Sandy River; thence down with low water mark a distance of fifty feet to a stake; thence leaving the river and running up the bank to a stake in the lower line of Mayo Trail; thence up with the same a distance of fifty feet to a stake; thence leaving the line of the Mayo Trail and down the bank to the willow, the place of beginning.

Being the same lands conveyed to James S. Layne by L. D. Layne and others by deed dated December 13, 1928, and which is duly recorded in Deed Book 109, Page 257, Floyd County Court Clerk's Office.

Also all of the personal property owned by James S. Layne at the time of his death.

For the purchase price the purchaser must execute bond with approved sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 18 day of February, 1960.

J. B. CLARKE, Master Commissioner, Floyd Circuit Court, 2-18-3t. Cost of Adv. \$153.50

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

Taulbee McGuire, Plaintiff VS. NOTICE OF SALE Ernest Reynolds, Defendant.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the February term, 1960, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 12 day of March, 1960, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of 6 months, the following described property, to-wit:

Lots 76, 77 and 78 to the Johns Addition of Dwaie, Kentucky.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 13 day of February, 1960.

BARKLEY STURGILL, Special Commissioner, Floyd Circuit Court, 2-18-3t.

Coronary Occlusion Claims Elisha Smith, Former Floyd Miner

Elisha Smith, 49, died at 3:10 p.m., Monday at his Estill home. Cause of death was believed to have been a coronary occlusion.

Smith, the son of Libby and Bertha Wallen Smith, is survived by his wife, Elsie Smith, four daughters, Bertha, Joyce, Donna and Natalie, all at home; four sons, Jimmy, Billy, Farrell and Orris, all at home; one sister, Hazel Wallen, Garrett.

The funeral was held at the home of Lawrence Wallen, of Stone Coal Creek near Garret at 10:30 a.m., Wednesday. Ministers were M. C. Wright, Harlan Stone and others. Burial under the direction of Turner & Ryan Funeral Home was made at the Miner's cemetery at Eastern.

Gen. John Hunt Morgan, washing Confederate cavalry officer, made many raids into Kentucky during the Civil War. Purpose was to break Union lines of supply and communication.

On Controller's Staff Of Insurance Firm

Paul R. Hopper, native of Wayland, has joined the controller's staff in American United Life Insurance Company's home office at Indianapolis, Indiana.

Hopper formerly was a staff accountant with the Aluminum Company of America. He was graduated, cum laude, from Marshall College, Huntington, W. Va., and received his master's degree in business administration from the University of Kentucky.

Hopper is a member of the Masonic Lodge, is married and lives in Indianapolis.

459 ENROLL AT PIKEVILLE

Sixty Floyd Students Enroll At Pike College For Spring Semester

Sixty Floyd county students are among the 459 whose enrollment for the spring semester was announced this week by Pikeville College.

Young people from 16 Kentucky counties, 11 other states and two foreign countries are included, Dr. A. A. Page, college president, said.

The foreigners are Bo-kyung Chai, Changsoo Lee, and Hong Sik Lim, all of Seoul, Korea, and Mansoc-hehr Malekoshoraai, Tehran, Iran.

Represented in the Pikeville student body are Elliott, Floyd, Harlan, Henderson, Jefferson, Johnson, Knott, Lawrence, Leslie, Lecher, Magoffin, Martin, Montgomery, Morgan, Pike and Whitley counties, Kentucky; Arkansas, Florida, Georgia, Illinois, New Jersey, New York, Ohio, Pennsylvania, Virginia, Carolina, Virginia and Pikeville are also included.

Floyd countians at Prestonsburg; David Donald Allen, Nola Allen, David Wendell Allen, Pagar, Emma, Lois Allen, Martin, Prestonsburg; Bill Risner; Michael Auxier, Melyin; Betty Baldrige, Prestonsburg; Blanken-Bartley, Ivel; Darrel Baniel, Blevins, Rolla Blair, Bypro; Carus, Langley; ship, Weeksburg; Daley; Harold; Larry Blevins; Richard Weble Blevins, Lanes, William Braxton Hiram Bradley, Le Bussey, Dav-Brashar, Manton; Auxier; Nathan shear, Manton; Tobey; Laura Child; Archer Childers; Mrs. Nancy M. Clements, Betsy Layne; John Hillard, Prestonsburg; Mack; Judy Dix-Collins, Wheelwright; Herschel DeRossett, Mare Creary Furman, on, West Prestonsburg; Tramm; Flanery, Harold; Mph.

Harold; Lillian Gay Billy R. HIGH SCHOOL YOUTH MEET

Prestonsburg Students Receive Nominations In Paintsville Parley

A pre-legislative meeting to select nominees to vie for office during the March 30th Kentucky Youth Assembly conference at Frankfort was held at the Paintsville grade school last Thursday.

Bill Allen, of the Prestonsburg high school club, was unanimously chosen to serve as a co-district manager, along with Kenneth Wells, Paintsville, and Bruce Farely, Belfry.

The meeting was held under the direction of John Journey. Schools represented were Prestonsburg, Paintsville and Belfry. Hazardous roads prevented other high schools clubs from attending.

Other officers selected at the pre-legislative meeting were:

Kay Ann Frazier, Prestonsburg, house chaplain—1961; Dennis Stephens, Prestonsburg, director of publicity for 11th district—1961.

Nominations for office from this district were: David Bevins, Belfry, for governor; Mike Minix, Paintsville, for lieutenant governor; Martha Dean Helton, Paintsville, speaker of the house; Dianna Meade, Paintsville, secretary of state.

The girls and boys representing Prestonsburg Y-Teen, Tri-Hi-Y, and Hi-Y at the assembly at Frankfort are: Sharon Allen, James Allen, and Sally Burchett, as Senators; Shirley Harmon, Gerald Jones, Rebecca Wright, Jim McDonald, Brenda Horne and Armita Clark as Representatives; press representatives for Prestonsburg, Stephen Lee Best; Lois Ann Combs, Minority Leader of House, 1961; Kay Ann Frazier, House Chaplain, 1961; Dennis Stephens, Director of Publicity, 1961; Bill Allen, District Manager, 1960.

The Prestonsburg clubs will present three bills to the legislature for adoption.

The Prestonsburg group was accompanied to Paintsville by Mrs. E. D. Roberts, sponsor of the Prestonsburg clubs, Mr. Roberts, and Mrs. Frankie Best, advisor.

NOTICE

To people of the Melvin Telephone Exchange area which includes Melvin, Buckingham, Bevinsville, Halo, Jack's Creek, Bypro and Weeksburg; also people living in Golf Course Hollow, Branham Hollow and Hall Hollow, outside the City Limits of Wheelwright:

Our business office is located at Wheelwright Post Office in Bypro, visited by mail. It is now open for the purpose of receiving applications for telephone service which will be provided by our new dial exchange at Melvin.

We welcome you to stop by and talk with us about the new service and file your application.

Boonesborough Withstood Siege By Redskins

On Aug. 8, 1778, 400 painted Indians led by Captain Duquesne and Chief Blackface waved British flags before Boonesborough, Ky., and wildly demanded surrender of the fort. Daniel Boone asked for two days to consider terms and used the period to strengthen the pioneer outpost with water, cattle and other supplies.

Then he mockingly thanked the British captain for granting the settlers time to prepare for defense and declared the fort would be defended to the last man. To make the American forces of about 50 riflemen appear larger, Boone had the women dress in men's clothes.

Outwitted in this manner, the attackers asked for a parley. The pioneers met with the enemy about 60 yards from the fort under a historic elm. Under pretense of shaking hands, the Indians tried to grapple with the white men, who were too wily for this scheme. They withdrew to the fort and the defenders inside opened fire on the Indians.

The siege now began in earnest and lasted nine days. Efforts to set the fort on fire failed because its timbers were soaked by recent rains. Duquesne attempted to tunnel under the fort to blow it up, but the plan was discovered and thwarted.

The Indians kept up a din of war whoops, yells and firing, but they were too far away for their shots to be effective upon the thick timbers of the fort.

When the food supply of the besiegers began to diminish, they began to long for the chase and roast buffalo meat; the Indians were too restless to maintain a long siege. During the night of the ninth day, the savages stole away into the forest.

They left 37 dead because of the aim of the Kentuckians and killed only two of the defenders.

Day Promotes Interest In U. S. 23 Organization; Asks Newspaper Articles

A call went out this week from K. J. Day, Pikeville, to create and maintain interest in the promotion of a better U. S. 23 Highway through Eastern Kentucky. "Let's build it and make it what it should be," Day wrote newspaper editors in the region. He is president of U. S. 23 Association.

Day suggests articles in the local papers on the scenic points of tourist interest along the highway from Greenup southward to the Virginia border.

"I don't think we should allow U. S. Highway 23 to take a backseat in the contrast between the Governor's highway coming to Pikeville and U. S. 23," Day says. "We will have many, many more tourists traveling over U. S. 23 than we will have over the proposed highway for it is a short, direct route from Michigan to Florida."

Day, a Knott county native and Pikeville businessman, also heads the Breaks Interstate Park Association.

The seige now began in earnest and lasted nine days. Efforts to set the fort on fire failed because its timbers were soaked by recent rains.

When the food supply of the besiegers began to diminish, they began to long for the chase and roast buffalo meat; the Indians were too restless to maintain a long siege. During the night of the ninth day, the savages stole away into the forest.

They left 37 dead because of the aim of the Kentuckians and killed only two of the defenders.

Pikeville College Senior Named Homecoming Queen

Toby Ann Bussey, of David, a senior at Pikeville College, was crowned homecoming queen Saturday night.

Miss Bussey and four attendants, one from each class was escorted by four young men. The coronation ceremony took place at half-time of the Pikeville College-Villa Madonna College basketball game.

In a pre-game parade at 3:30 p.m., Saturday the queen-elect, her court, and basketball players were featured on half a dozen floats, entered by college students, organizations, and in decorated autos.

Chosen as attendants were Loretta Ball, Pinsonfork, Ky., runner-up candidate for queen, representing the College's senior class; Eliza Belle Compton, Shelbyville, from the junior class; Wanda Lee Meade, Feds Creek, of the sophomores, and freshman Monie Banks, Pinetop, Ky.

FLOYD SCOUTS SLATED FOR ANNUAL JAMBOREE

The 50th annual Jamboree of the Boy Scouts of America will be attended by 35 Scouts from Lonesome Pine Council, two Scouts from Pakistan who will go as guests of the Council, and three adult leaders, George Leatherman, chairman of the Council Jamboree Planning committee, announced Saturday night at a meeting held at the Pinson hotel Coffee Shop, Pikeville.

From 55,000 to 57,000 Boy Scouts and leaders are expected to attend the Jamboree which will be a record attendance in Jamboree history. Since one of the purposes of the Jamboree is to demonstrate to the world what a free people, working on a volunteer basis, can do for boys, the National Council decided to include foreign Scouts as guests, Region Four, which includes Ohio, Kentucky, West Virginia, and part of Virginia, will sponsor nine guests. More than 70 countries will be represented, Mr. Leatherman announced.

Planning for the Jamboree, which began three years ago, included setting up facilities for a tent city of over 50,000, with post offices, stores, hospitals, water facilities, and all that goes with a city of that size.

Lonesome Pine Council was originally given approval to send two troops with six adult leaders to the National Jamboree, but because of the unprecedented number of applications received over the nation, this allotment was reduced to one troop and three adult leaders. Scouts from Lonesome Pine Council who will attend the Jamboree are:

- G. C. Wharton, IV, Post 3, Wise, Va.; Phillip Wharton, Troop 30, Wise, Va.; C. O. Williams, Jr., Troop 21, Prestonsburg; William Hamilton, Troop 30, Wise, Va.; Richard Sikes, Troop 30, Wise, Va.; Woody Allen, Troop 27, Prestonsburg; Stevie Meade, Troop 21, Prestonsburg; Douglas Jones, Post 3, Wise, Va.; Rickey Meade, Troop 10, Pikeville; Martin Douthitt Troop 81, Jackson; Harold Douthitt, Troop 91, Jackson; Toney Robinette, Troop 10, Pikeville; Charles Roberts, Troop 90, Hazard; Robert Muncey, Troop 106, Hazard; E. Leslie Combs, Jr., Troop 129, Hazard; I. J. Bates, Troop 129, Hazard; Wayne Walters, Troop 56, Emma; John Reed, Troop 56, Allen; James Maize, Troop 58, Allen; Randy Crum, Troop 58, Allen; Terry Kinzer, Troop 56, Allen; Sammy Hatcher, Troop 27, Allen; Joe Martin, Troop 56, Allen; Baxter McElroy, Troop 30, Wise, Va.; Walter Draughn, Jr., Troop 30, Wise Va.; William G. Francis, Troop 21, Prestonsburg; Andrew

Traynor, Jr., Post 3, Wise, Va.; Theron O. Cruise, Jr., Troop 43, Grundy, Va.; R. G. Wells, III, Troop 10, Pikeville; Hilliard Smith, Troop 91, Jackson; Larry Allen, Troop 56, Allen; David Collier, Troop 91, Jackson; Freddy Combs, Troop 43, Grundy, Va.; Blake Pinson, Jr., Troop 10, Pikeville; Gene N. Combs, Troop 10, Pikeville.

These Scouts will assemble at Camp Shawnee on July 13 for pre-planning, leave Williamson, W. Va., on July 17, and arrive in Colorado Springs July 21. They will arrive back home August 1.

W. D. Draughn, Sr., Wise, Va., and Don Martin, of Allen, are two of the three adult leaders who will accompany the Boy Scouts from the Lonesome Pine Council with the third adult leader yet to be announced.

Parents attending the final planning meeting were J. R. Maize and Willard Kinzer, of Allen; Eli L. Combs, Hazard; W. D. Draughn, Sr., Wise, Va.; L. E. Crum, Allen; Theron O. Cruise, Grundy, Va.; C. H. Combs, Grundy, Va.; Mr. and Mrs. Fred G. Francis, Prestonsburg; Mr. and Mrs. Alvin Reed, Allen; Mr. and Mrs. Blake Pinson, Tony Robinette, Pikeville.

George Leatherman, of Wheelwright, presided at the meeting, and was assisted by Don Martin, of Allen.

Also present were Byron F. Pennebaker, Scout executive of Lonesome Pine Council, and Jack Hodge, Prestonsburg, and Rex McCoy, Pikeville, district Scout executives.

Announcement

We are authorized to announce Mrs. Ethel Smith Osborne, of Bypro, Ky., as a candidate for member of the Floyd County Board of Education, Educational Division No. 4.

Cumberland Gap Attendance Rises

Attendance at Cumberland Gap National Historical Park last year increased by 87,240 over the previous year.

Officials said 165,424 visited the park in 1959. Located off U. S. 25-E, near Middlesboro, the park was officially dedicated last July 4, after a new Visitor Center, including a theater and museum, was built.

Besides the Gap itself, the park contains about two miles of the historical Wilderness Road, the Pinacle, from which several states can be seen; the ruins of an early mill and iron foundry; Civil War fortifications; Tri-State peak where Kentucky, Virginia and Tennessee meet; caves and other interesting geological features.

WILLIAMSON PARTICIPATES

Vieques, P. R. — Franklin D. Williamson, yeoman second class, USN, son of Mr. and Mrs. Walter W. Williamson, of Drift, Ky., and husband of the former Miss Geraldine Cooper, serving on the staff of Amphibious Squadron 10, participating in Operation "Brigade 1-60," a six-week helicopter amphibious exercise at Vieques, P. R.

Scheduled to end in early March, the 4,000 man operation is being conducted from the assault ship USS Boxer, serving as flagship and nucleus of the helicopter squadron. Marines participating in the exercise are employing the "vertical envelopment" idea of warfare; landing troops by helicopters at the rear of the enemy's defenses.

PIONEERS ATE CORN

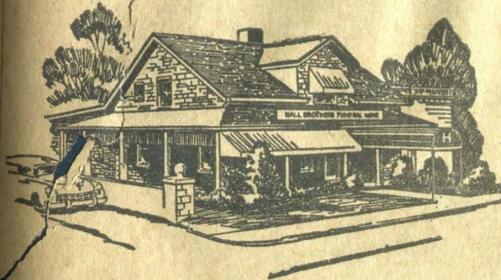

Corn was the chief food of the Kentucky pioneer. Corn meal boiled in water made mush; corn dough baked in hot ashes was ashcake; if baked on the blade of a hoe it was called hoe cake. If the bread was made of corn meal, eggs and milk and baked into pones it was called journey cake (johnnycake.)

HOW MUCH WORTH?

IS A 10-YEAR EDGE IN A COMPACT CAR DESIGN WORTH?

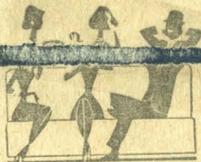

YOU DECIDE HOW MUCH MORE CORVAIR GIVES YOU IN COMFORT, CONVENIENCE AND CONTROLLABILITY... WITH THESE EXCLUSIVE FEATURES. THEY DON'T COST ONE PENNY EXTRA!

REAR ENGINE TRACTION—You climb right out of snow, sand and mud where other compact cars bog down.

AIR COOLING—You never have to buy antifreeze—or repair a radiator. And air can't boil over, ever.

PRACTICALLY FLAT FLOOR—Here's a bonus in extra foot room—more than you'll find in many big cars.

FOLD-DOWN REAR SEAT—One quick flip and you increase cargo space to 28.9 cubic feet. And it's standard equipment!

BALANCED BRAKING—The quicker the stop, the more equal is the weight distribution on each wheel. Another great advantage of rear-engine design.

FOUR-WHEEL INDEPENDENT SUSPENSION—Each wheel "walks" independently over bumps... and how that smooths the ride!

In a 20-year period...

CONCRETE

can save Kentucky \$31,600

on every 4-lane mile of the new eastern highway!

This same rate of savings will apply to Governor Combs' proposed new highway linking the eastern Kentucky coal fields with the Interstate System.

There are other important economic advantages, too. One thousand tons of bituminous coal go into the manufacturing processes for cement and reinforcing steel required to construct just one mile of 4-lane concrete highway.

Concrete construction also re-

quires more local manpower. In fact, concrete pavement requires more than 20,000 more man-hours per million dollars of construction than does asphalt. Over 66% of asphalt construction cost is for materials while concrete takes only 50%.

Safety comes with concrete, too—especially on mountain driving. With light-colored concrete, you don't need painted guide lines to show the way at night. And with concrete's grainy texture, you're as-

sured a safe stopping surface—even in the wettest weather.

These are just a few of the many reasons why concrete's true economy and quality are so important... why every mile of the new eastern Kentucky super-highway into eastern Kentucky should be paved with modern concrete.

No pavement could be stronger even if carved from solid rock!
