

This Town-- That World

This sentence is written my friends to say to all readers in Floyd Knott Johnson Magoffin Pike and Martin counties and in the states of Ohio Michigan and points east west north and south that the comma key on this typewriter isn't working.

THE EVIDENCE

We're told you can take a verse or a sentence out of context and prove just about anything by the Bible. Isolated cases in the lives of men can be used for the same purpose.

Take the case of the fellow who had no education and finally found work in a slaughter-house, for instance. He flew into his work with such abandon that before long the head man offered him a bookkeeping job in the office. Lack of education killed that move off, but the guy kept working and saving his money which he invested in odd bits of property till the day finally came when a big boom hit the town. Property values skyrocketed, and he was worth a million dollars.

In the course of his business dealings he met with a railroad executive to transfer title of some of his property for a sizeable sum. The exec peeled off the cash and shoved the deed over to the hero of this story for his signature.

"I'm sorry but we'll have to have a witness to my mark—I can't write," the wealthy landowner told the other.

Whereupon the railroad sat back in his chair and marvelled. "I just wonder what you would have been if you had got an education," he mused.

"That's easy," replied the other. "I would have been a bookkeeper in a slaughter-house."

POLLUTION FINES PAID

Hi Hat Elkhorn, Gas Manufacturing Firm Pledge To Desist

Two firms have paid recent pollution fines in this county recently and another is under investigation on the same charge, it was noted this week by Don Meade, conservation officer.

Kentucky Oil & Refining Company, of Betsy Layne, paid a fine of \$100 plus cost in a recent quarterly court action and pledged to desist pollution of the Big Sandy River. Hi Hat Elkhorn Mining Company, of Hi Hat, which was indicted in April last year, pleaded guilty through an official Wednesday of last week and was also fined \$100 and costs. The mining company pledged to desist pollution of Beaver Creek.

The Harold Fuel Company, of Harold, is under investigation for pollution of the Big Sandy River, Meade said.

The conservation officer pointed out this week that 90 per cent of persons charged with infractions of the fish and game laws last year were convicted in court.

BOARD MEETING SET AGAIN FOR SATURDAY INTERVIEWS OF WORKERS CONCLUDED

Record of Hearings May Be Published Is Report; New Resolutions Voted

A large segment of the Floyd County Board of Education employees has been interviewed by the newly-elected members under the chairmanship of Ray Howard and the board will reconvene Saturday it was announced.

Interviewed by the board were the assistant superintendents, clerks, supervisors of the superintendent's office; approximately 21 of the maintenance force, including a head mechanic; approximately 10 janitors; 15 cooks and assistants, and half dozen bus drivers. It was not learned what will be on the board's agenda for Saturday.

The meetings last week, ending Saturday in the circuit court room, were featured by the voting of 18 orders, chief of which was the creation of a Property and Buildings Commission and the office of Personnel Director. The appointments of John Allen and Chalmers Frazier to the former and the naming of Eugene Conley to the latter position were voided by Judge Ed Hill Wednesday of last week. The lower court decision will be appealed.

The orders and a brief of each follows: 1. Repeal of all rules, regulations and by-laws under which the board has heretofore operated and new rules substituted. Meeting time was changed from the first Tuesday of each month in the superintendent's office to the circuit courtroom on the first Saturday of each month. Division of administration was made into four parts, administrative, educational, Property and Buildings, and personnel. The duties of each division were set out specifically in the order.

SEWER PLANS ARE TALKED

At Council Meeting; No Agreement Reached On Financing Method

While there was no unanimity of opinion on how Prestonsburg is to finance its needed three-quarter-million-dollar sewerage system, the need for the community-wide improvement was emphasized at a joint meeting of Councilmen and the Community Development Council, Monday evening.

Mayor Ed Leslie led off the discussion of ways and means to finance \$638,968 of the total cost. The city has already been awarded \$146,032 by the U.S. Health, Education and Welfare Department.

Leslie noted that the local picture was gloomy, many city services, like the garbage department, being "run down." Mrs. R. V. May, chairman of the Community Council, observed that all city services are of interest to her group, adding, "We must put our town on its feet ourselves." To this the mayor agreed, commented that "everybody will have to participate in a sewage disposal system."

Two general plans for financing or modifications were advanced at the meeting which was attended by representatives of the two banks by businessmen and others. These are: (1) a plan to base retirement of the bonds on the front-footage of property owners. (2) add the bond cost to the water bills or (3) arrange a plan combining both of these measures.

H. D. Fitzpatrick, Jr., advised the Council to let the experts develop the best plan and to support it. Burl Spurlock asked the Council why it could not now vote for the front-footage plan. Fred Francis commented that it was the duty of the Council to mke up its mind what plan it would recommend.

Councilmen Bill May and T. O. McGuire indicated they favored the front-footage plan but said they felt it was necessary to rely upon their financial advisers as to the best means. McGuire advanced the idea that the bonds could be retired in ten (See Story No. 4, Page 6)

Former Floyd Countian Killed in Ohio Wreck

Donnie E. Hicks, 26, son of Mr. and Mrs. Ed Hicks, of Salina, Ohio, formerly of Langley, died Tuesday morning of injuries received Sunday in an automobile wreck near Salina. The body is being returned to this county for burial, but funeral arrangements are incomplete, it was said at the Hall Brothers Funeral Home.

COURT VOTES RATE PROTEST

To Ask District Court To Order PSC Hearings Under New State Law

The Floyd fiscal court Monday renewed its expression of opposition to the proposed increase of gas rates in Allen, Dwayne and possibly other communities served by the Floyd County Gas & Water System.

Its first opposition was voiced about three weeks ago. Monday the court adopted a lengthy resolution, terming the increase sought as "extremely large," amounting to approximately 25% and one which may result in gas consumers converting from gas to some other fuel. The resolution pointed out that the 1960 General Assembly by Senate Bill 86 enacted legislation which brings such utilities systems under the jurisdiction of the Kentucky Public Service Commission.

The court ordered that Floyd county enter a motion requesting the U.S. district court to enter an order directing the receiver of the Floyd County Gas & Water System to file application with Public Service Commission for a study, public hearings and establishment of rates and service for the system. The court's order directed also that the federal court be asked to direct that the plaintiff's motion be held in abeyance.

(Actually, the plaintiff in the case is U. H. Benderman, a bondholder.)

Although the court made no formal order to the effect, its members agreed Monday that if persons fighting the gas rate increase need financial assistance in the employment of legal counsel the court will vote funds for that purpose.

In another order the court decreed that no person shall, unless otherwise provided by law, be hired or fired without orders of the fiscal court, and that no claim for wages earned by any person employed in violation of the order will be allowed.

The court acceded to a petition signed by 15 residents of New Allen asking that Central Drive and Highland Avenue there be included in the county road system.

PRESTONSBURG MEN ATTEND WHITE HOUSE CONFERENCE

Dr. H. E. Midkiff and Dr. George P. Archer are in Washington, D. C., this week attending the White House Conference as representatives from Kentucky.

EX-MINER SHERIFF WARRENS "DIGS" FUGITIVE FROM PITS

Sheriff Hershell Warrens, former coal miner, went back to the mines last week, but he didn't stay long.

He didn't intend to stay long, anyhow. He and Deputy Sheriff Lonnie Herald had gone to Clarth armed with warrants which accused Eugene Hicks, 26, of breaking and entering.

The Sheriff arrived well ahead of the 3 p.m. time when Hicks and other mine employes would leave the mine but word reached Hicks that "somebody wanted to see him outside," and so he chose to remain inside. The officers waited till 4:30 p.m., and still their quarry was inside the mine.

So Sheriff Warrens borrowed mining clothes from a nearby home, outfitted himself properly, left Herald at the drift-mouth to guard against Hicks making a dash outside and began his hunt back inside the coal workings for his man. The search continued for some time and the former miner, no longer accustomed to walking long distances, half-bent, was winded.

He sat down on a "gob-pile" to rest, and then saw a light approaching. It was Hicks, who almost ran into Warrens before learning he

FOX ORDERS AREA CLEARED

Jan. 15 Deadline Set To Remove Structures From Dewey Lake Area

Official notice was served this week on camp-owners in the Dewey Lake reservoir area that all camp sites must be cleared and all structures and equipment removed by Sunday, Jan. 15.

The official order was issued by Edward V. Fox, commissioner of the Kentucky Department of Parks, after the U. S. Army Corps of Engineers had instructed the Department of Parks that the sites must be cleared.

(The Kentucky Department of Conservation has the use and occupancy of 12,068 acres of land in the area comprising Jenny Wiley State Park under a license agreement granted by the Corps of Engineers. The latter operates Dewey Dam and maintains all flood control rights.)

Col. Steven Malevich, district engineer, Corps of Engineers, Huntington, W. Va., wrote Commissioner Fox that as of Nov. 17 there were about 130 campsites in the area, all well below the 960-foot contour elevation, and that only 10 of these sites had been satisfactorily cleared.

"Permanent or semi-permanent facilities ranging from wooden and metal cabins to wooden or concrete tent platforms remain on approximately 120 sites." He pointed out, adding that toilets are located at practically all of the sites and that the majority of the sites have boat-landing platforms constructed on stakes or floated by metal drums. In many instances the structures and camping facilities—refrigerators, stoves, tables, chairs and the like—have been partially removed and stored at higher elevations, he noted.

was not alone and safe from capture.

Others jailed within the week: James Wright, theft of motor, arrested by County Patrolman Willie Johnson; Hint Newman, driving while intoxicated, booked by State Trooper Don Lafferty; Buell Bates, breaking and entering and destroying property, Joe Hopkins, drunk driving and no operator's license, both jailed by Deputy Sheriffs Joe Wheeler Lewis and Ransome Case; Mark Henry, child desertion, arrested by Deputies G. Conn and Lonnie Herald.

NEW METHOD IS PLANNED

In Teacher Employment; Placement Will Be Made At April Meet, Said

All certified teachers will be placed in their 1961-62 positions at the April Board of Education meeting, it was announced this week by Walter Frasure, assistant county superintendent. Heretofore teachers not placed by April 1 were automatically employed by law in their old positions.

Frasure released a schedule for the employment of teachers this week. The month of January will be devoted to receiving applications, their files will be checked in February and place teachers in March. "This will let each teacher know exactly where he stands long before school starts," the assistant superintendent said.

He pointed out that many degree teachers were returning to this county from other states to teach, many teachers are receiving degrees this year and are applying for positions in this county.

Teachers will receive an increase of at least \$200 in salary the ensuing school year, Frasure said.

Application blanks were mailed to all teachers this week.

FIREMEN HERE PLAN TO ACT

Against All Persons Breaking Regulations When Dept. at Blazes

The Prestonsburg Fire Department announced this week that regulations governing the actions of the public in and around fires will be strictly enforced and that the matter of enforcement will begin upon publication of its intentions.

"We consider publication in The Floyd County Times sufficient notice to all, and that means that enforcement of the regulations will begin Friday of this week," a fire department member said.

The action is considered necessary in order to facilitate the operation of the fire-fighting apparatus and for the safety of the firemen.

The law proposed for enforcement provides a fine of \$100 for the following offenses:

1. Following a fire truck at a distance of less than 500 feet.
2. Driving into or parking within one block of a fire area.
3. Driving over any fire hose.

BOARD VOTES HOBSON OUT

Attorney Is Discharged In Litigation Aftermath; One Member Is Absent

Joe Hobson, Prestonsburg attorney, was expected to carry to the courts his fight against the Floyd County Board of Education order of last Wednesday ousting him as its attorney. He, however, had not instituted legal action as of Wednesday morning of this week but has indicated he will file such action.

Reasons for his discharge as attorney for the Board were listed in the resolution as:

1. Hobson instituted legal proceedings against Ray Howard, Ross (Bud) Cooley and John Hall, members of the Board, on behalf of Superintendent Charles Clark and the two Administration board members, John M. Stumbo and Bill Blair.

2. Such legal action was not authorized by resolution of the Board, nor by written request of the chairman of the Board or a majority of its members.

3. The Board deems that such action by the Board's attorney is contrary to his relationship of attorney and client, the Board of Education being his client.

The resolution was adopted by a vote of the three anti-Administration members, Bill Blair abstained and John M. Stumbo, former chairman of the Board, was absent because of illness.

GRAND JURORS END WORK ON WEDNESDAY

Mrs. Daniel To Gather Employment Information For U. S. Census Bureau

Information to be used in compiling national figures on employment and unemployment will be collected locally during the week of Jan. 19, in the current population survey, it was announced by Director Robert A. Yerkey, of the U.S. Census Bureau's regional field office in Cincinnati.

The information collected from local families will be combined with that collected in 329 other areas of the country to provide the national estimates. Approximately 35,000 households are included each month in the current population survey. These households are selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all classes of the population, and all types of areas in the country—large cities, small towns, rural areas, and so forth.

Current population survey information will be collected from a number of local families by Mrs. Ella R. Daniel, of Thelma, Kentucky.

INDICTMENTS NAME DRIVERS IN FATALITIES

No Murder Bill Filed In Early Jury Reports; Three Draw Convictions

The grand jury was in its final day's work Wednesday, winding up a nine-day session after Circuit Judge Edward P. Hill had extended its work to include an additional three days.

As of Wednesday morning, no indictment had been filed at the Circuit Clerk's office against Arnold Mosley for the Dec. 27 gun slaying on Abner Fork of Russell Isates.

Among the indictments reported were two accusing as many men of voluntary manslaughter in the deaths of two persons from the allegedly reckless operation of automobiles. Noah Hall, Jr., was named in one of the indictments for the death last Nov. 8 of young Douglas Newsome at Teaberry, and in the other Radford K. Barnett was named in the death on the Middle Creek road of Norman Lee.

Both men, the indictments noted, operated their autos recklessly. A grand jury note quoted a witness as saying Noah Hall, Jr., ran Melvin Hall off the road prior to hitting the Newsome boy.

Two indictments were filed against st Dayton Joseph, Prestonsburg merchants' policeman, on charges of possessing alcoholic beverages for the purpose of sale. Both offenses, officers testified, occurred last spring and summer. A previous charge of the same nature against Joseph was dismissed in quarterly court, the dismissal order being based on recommendation of the arresting officers. County Judge Henry Stumbo said this week the case was dismissed while he was on a hunting trip to South Dakota.

Other indictments reported were: Donald Akers, James Burke, Wesley Donavan Jewell, Efraim Negron, Emzy Risner, Otis Thompson, J. Szabo, Jr., and Bill Sexton, each accused of child desertion; Harrison Reed, breaking and entering the store of Albert Green; Charles Sexton, grand larceny (two cases), theft of television boosters from Ray D. Prater and Jack Dings; William Hackworth, forgery, accused of giving his wife a \$75 check.

MUSICAL COMEDY CAST INCLUDES 100 PERSONS

An enthusiastic cast of 100 Prestonsburg residents is at work daily on the forthcoming production, "Running Wild," a musical comedy revue which the Prestonsburg Junior Chamber of Commerce will present Thursday and Friday, Jan. 19 and 20, at the grade school auditorium. Proceeds of the show will go to the purchase of bonds for the P.T.A. athletic field.

Earl McDonald will appear as Chuck Chamberlain, Huck Francis as Doc Lewis, Ollie Robinson as Will I. Proffitt, the three usually proper citizens of a small town who undertake a hilarious impersonation in a political campaign effort to defeat the local underworld element of Spider McGinness, played by Gormon Collins.

Chorus girls will be Pam Collins, Shirley Harmon, Beverly Allen, Jane Osborne, Lynn Salisbury, Joyce Anne Hall, Annette Akers, Elizabeth Lynne Frazier, Elizabeth Graham Dings, Brenda Scelf, Nan Hall, Carolyn Lee Cottrell, Judy Smith, Karen Bussey, Jean Calhoun, Becky Wright, Juanita Blanton, Judy Hicks, Sharon Lea Stumbo, Virginia Ann Adams, Brenda Carol Milligan, Armita Clark, Kay Ann Frazier, Brenda Horn, Janet Fannin, Dolores Hunt, Diane Warwick.

Miss Sandi Manning, professional director working with the group, attended Immaculate College and Seton Hall University. She has had an extensive background in show business since the age of 13, and has been personal representative for vocalists, combos and disc jockeys and also has directed and produced camp shows.

Mrs. Kathryn Frazier will be accompanist for the show, and Scott Craft's Combo will be a featured attraction.

The Times' report of last week's rather turbulent Board of Education meeting has been criticized by persons of varying points of view, but the strongest objection voiced was to a quote of Board Chairman Ray Howard's statement in reply to a question from Bill Blair, new member of the Board.

The story quoted Mr. Howard as replying, "I'm sorry, but that's how it's got to be."

It is pointed out that the quote is out of context and that the preceding statement of Howard should have been included. The Times attempted to report the meeting factually, as has been its policy of more than 30 years, but the reporter, taking notes in longhand, pronounced upon the most striking statement, which he used simply to show the clear cleavage on the Board.

Mrs. Judith D. Archer, a stenographer, took notes of the meeting but had not been instructed to set down every statement verbatim on the first day of the meeting; so the exact quotation is unavailable. She said this week that Mr. Howard did make the statement reported in this newspaper but that other statements preceded it.

To set the record straight, we print here Mrs. Archer's account of what took place immediately prior to and at the time of the statement quoted in The Times:

"Several resolutions were read by Chairman Howard and passed by the Board, with Mr. Blair abstaining from voting on most of them because, he stated, he had not had an opportunity to read the resolutions or to study them before the Board meeting, or to know what was in them."

The next meeting of the Council is scheduled in April.

**JUDGE STUMBO EXPLAINS PART
IN OPPOSING GAS INCREASE**

A mimeographed handbill circulated among citizens served by the Floyd County Gas & Water System implies that I am one of two persons in control of said system and that I am, therefore, responsible for a proposed increase in gas rates.

I would remind all these citizens that I not only have had nothing whatsoever to do with any proposal to raise these gas rates except to oppose such an increase.

A few weeks ago, the fiscal court at my suggestion entered a resolution protesting this proposed rate increase.

On Monday, Jan. 9, the fiscal court—again at my suggestion—adopted an order and resolution opposing the raise and also calling on the U.S. district court to direct the receiver for the Floyd County Gas & Water System to file application with the Public Service Commission of Kentucky for a study, public hearings and establishment of rates and service. The court in this order further asked that the U.S. district court direct that plaintiff's petition be held in abeyance.

At this same meeting, and at my suggestion, all members of the fiscal court agreed that, if necessary, the county would help citizens of communities threatened by this increase by contributing funds for employment of legal counsel.

I have not only opposed this gas rate increase in meetings of the fiscal court—I am ready at any time to go any place to testify at hearings in the matter, in behalf of the gas consumers.

The handbill—insofar as its implication that I have joined with

the receiver in an action to increase these gas rates—is false, malicious and inspired by a personal or political enemy who deals recklessly with the truth.

**Harold Daniels, 37,
Succumbs In New York;
Brother of Floyd Man**

Harold Daniels, 37, died in a hospital in Fredonia, N. Y., at 8:30 a.m., Tuesday, Dec. 27, of a cerebral concussion.

The son of Frank Daniels and Mahala Preston Daniels, of Silver Creek, N. Y., he was born at O-futt, Johnson county, Oct. 25, 1923, and had lived at Fredonia for the past twelve years where he was employed as a steel mill worker.

Surviving besides his parents are two sons, Arthur and Danna Daniels, both of Columbus, Ohio; four sisters, Mrs. Oakie Fraley, Thelma; Mrs. Ethel Fenik, Silver Creek, N. Y.; Mrs. Beatrice Daniels, Van Lear; Mrs. Maybeth Fraley, Koppers, W. Va.; seven brothers, Shirley Daniels, Thelma; Albert Daniels, Smithers, W. Va.; G. H. Daniels, Davis Branch; Jessie Daniels, Prestonsburg; Doug Daniels, Creek, N. Y.; Frank Daniels, Jr., Silver Creek, N. Y.

Funeral services were conducted at 11 Saturday, December 31, from the Old Friendship United Baptist Church with Nim Sturgill and L. T. Preston as officiating ministers. Burial was in the Pack cemetery, Williamsport.

**Bears' Game Scheduled
With Berea; Georgetown
Defeats Pikeville, 97-77**

Pikeville, Ky., Jan. 9 (Spl.) — The Pikeville College Bears broke even last week, dropping the big game and taking the little one for their eighth win and their second loss of the season.

In their only home appearance of the next week, Paul Butcher's Bruins will entertain the Berea College Mountaineers at 8 p.m. Monday (Jan. 16) in the Pikeville College gymnasium.

The Bears fell 97-77 to their dearest enemies, the Georgetown College Tigers, on Georgetown's court Thursday, then returned to a friendly floor at Pikeville Saturday to trounce the visiting Central State College (Ohio) cagers 98-67.

Dennis Butcher hit a new career high—and an individual top for the Bears this season—by notching 40 points against Central State's nimble Marauders. For the record production he dropped in 13 of 22 field attempts and 14 of 20 free tosses.

The ill-fated Marauders trotted out a light-weight squad of sharpshooters, but couldn't cope with the Butchermen's aggressiveness on both attack and defense. They wound up hitting only 35.2 per cent of their 71 shots for 25 buckets, while the Bears canned 37 of 77, or 48.0 per cent.

Paul Setser bucketed 10 fielders on 14 shots to tab 20 points without going to the charity line, and Vern Woods netted 15. Ronnie Francisco, in his second starting role this season, sank three from the field and three of three from the line for nine points; Everett Horn notched six, Gerald Preston three, and Pete Campbell and freshman Don Elliott two points each.

The cold-shooting Bruins hit only 41 per cent of their 71 attempts from the field against Georgetown, getting 29 buckets, while the Tigers were taking the same number of shots, but sinking 39, or 55 per cent. The Bears were more deadly from the free-throw line, as each team sank 19 charities, although the home-standing Tigers had seven more chances—34 to Pikeville's 27.

Crumbling when Butcher was fouled out with five minutes left, the Bruins saw the Tigers wait out from their seven-point lead, 81-74, to a 20-point closing advantage, 97-77. The finish would have been more one-sided except for some expert ball control, managed by John Will Hunt.

Taking brief one-point leads twice as the second period opened, the Bears had hung on Georgetown's heels throughout, not letting the Tigers lead by more than 13 points before Butcher's benching. Except for ties at 4-4 and 8-8, the winners had led through the entire first half.

Butcher paced the Bears with 24 points; Woods got 17 markers, Setser tabbed 11 and Campbell hit for 10. Horn sank four field goals and Francisco three for their only scoring, and Hunt dropped in one free throw.

**MINIMUM BASS LENGTH
APPROVED FOR DEWEY**

It's official now—the bass taken from Dewey Lake this year must be 12 inches or longer if the fisherman is to remain within the law.

Announcement of the new size limit on Dewey Lake bass was made by Bernard Carter of the Division of Fisheries at the Hazard meeting Sunday of the Seventh District Wildlife Federation. The same limit on bass has been set for the Buckhorn reservoir which only now is being filled.

Heretofore, there was no size limit placed on bass taken from the Floyd lake, but studies made over the last two years by Division of Fisheries personnel disclosed that 70% of the bass taken from the lake were under 10 inches. As a consequence, it became apparent that a large number of bass were being removed from the impoundment before they had reached spawning age, thus cutting down the natural reproduction of bass there.

To give the game fish native to Buckhorn a chance to propagate themselves this first year of the lake's impoundment, fishing will be forbidden there till July 1.

Carter told sportsmen at the Hazard meeting that white bass have "taken hold" at Dewey Lake, that species spawned there showing an average of 50 pounds to the acre. The fish are on the whole small but have indicated good growth.

He added that of the 5,200 wall-eye released at Dewey last year almost all have survived and are now about 9 inches in length.

The Federation went on record as recommending to the State Game & Fish Commission that all game refuges in the district be kept posted and controlled for the purposes for which they were established. That would mean that refuges for deer, for instance, would be closed to squirrel hunting, since this type of hunting apparently has spread out the deer in these refuges.

One of the smallest deer kills made in the district was last season's. There were fewer hunters and the deer had spread out, going into neighboring counties and unprotected areas. The biggest kill was at Dewey Lake where 5 deer were reported killed during the

bow-and-arrow and rifle seasons. Only 22 were killed in the Buckhorn refuge, an area that usually is productive.

The Federation also recommended that hunter who wish to do so may accompany game wardens and biologists when they make deer browse surveys.

In the group's annual election of officers Sam Garnett, of Hazard, was named president; Wise Deaton, Jackson, vice-president, and A. J. Turner, Langley, secretary.

CLARK MAKES STATEMENT

At the board meeting, after he was elected Chairman of the board of education, Ray Howard read a statement, which among other things, said "I hope all factions can resolve their differences and that we can all work in harmony for the good of the entire school system." Also, the chairman said, "I pledge you now that the powers vested by law in your superintendent will be recognized by me." The reading of the above statement pleased me very much and if the chairman had stopped with this statement I would have known that we were indeed, headed for a period of harmonious work for Floyd county school children. Following this statement, the chairman read a long document which introduced several resolutions, some of which seemed reasonable and worthy of attention—others appeared to be vindictive and illegal.

The purpose of the resolution which set up a commission and named commissioners to administer school business affairs was clearly designed to rip the superintendent of authority normally exercised by him and the board. I warned the board majority that this action was illegal, and it was at this time, as I remember, that the chairman stated, "Mr. Clark is only secretary of the board and we should all remember that fact." To agree to the appointment of these commissioners, even if it were done legally, would be an admission that the board and the superintendent were incapable of managing school affairs, and I am not ready to agree that we are that incapable. We need those commissioners like we need holes in our heads. The two non-school commissioners named at a salary of \$100.00 per month, were not nominated by your superintendent, as the law requires that they must be, and furthermore, if I had been consulted before the meeting, I would not have made the nominations. Chalmer Frazier is too busy as administrator of the Prestonsburg General Hospital to perform the many duties of commissioner and John Allen is receiver and manager of the Floyd County Gas & Water System. The system has asked the federal court to agree to a substantial raise in rates to consumers at Wayland, Garrett, Bosco, Allen and Dwayne. The gas consumers at Bosco do not want John to become so involved in other affairs that he would not have time to fight our battle for reasonable gas rates.

children, and my concern for your children and my own two school-age sons would not permit that.

I shall do my duty as I see it. I shall ask for an order at each meeting to permit me to advertise for bids on construction of the Mud Creek Elementary School. I shall ask that bids for materials be accepted for remodeling the old Prestonsburg high school building, and each time I shall hope that Ray and John will not continue to oppose these two projects. I shall support and promote progress in all sections of Floyd county.

Yours for better schools,
CHARLES CLARK
 Superintendent, Floyd County Schools

"Mr. Howard stated he was attempting to read them slowly enough so that they could be understood and voted on at this meeting. He stated that copies of the resolutions were available. Mr. Blair said he felt that anything of importance like these resolutions should be considered and discussed and a copy given to the Board members before the meetings.

"Mr. Howard stated that he and Mr. Hall had served for two years on the Board without ever once having any advance information on anything that would be taken up at a meeting. Mr. Blair asked if Mr. Howard intended to treat him and Mr. Cooley the same way. Mr. Howard said that as far as these resolutions were concerned, he felt it was very important that they be passed at this meeting, and that they would have to go ahead with it."

FOUR TEAMS HAVE RECORDS

High school basketball play in the nine Floyd county schools has reached the half-way point in the 1960-'61 season, and only four teams have won more games than they have lost. Wheelwright and Martin have both won 12 games, Wayland 11 and Betsy Layne 8. Small Auxier has yet to win a game, Prestonsburg has won one, and Garrett has lost 11.

Maytown's senior forward Bill Tallent leads the individual scoring parade with a 22.9 per game average for 12 games. Jackie Stanford, Wayland's senior guard, sports a 20-point-per-game average.

Martin, winner of the Prestonsburg Invitational tournament, and semi-finalist in the Floyd county pre-season tournament, will represent Floyd county in the Paintsville Invitational tournament, Jan. 18-21.

Complete pairings for the ninth annual event have host Paintsville meeting Virgie in the first game next Wednesday in the opening game. In the second game of the opening night, Flat Gap meets Inez. In Thursday's first-round games, Oil Springs vies with Martin, and Meade Memorial squares off against Warfield.

The semi-finals will be held next

Friday and the finals on Saturday night, following the consolation game.

Martin also tangles with two Pike county "toughies" this weekend in meeting Johns Creek (10-2) Friday night and Virgie (8-4) Saturday night in the Pike county communities.

For the first time in several years a limit will be enforced on the size of bass taken from Dewey Lake. Effective January 1, a bass must be at least 12 inches in length before it may be taken home.

Bernard Carter, chief biologist for the Division of Fisheries, Department of Fish & Wildlife Resources, says it has been found that about 80 per cent of the bass harvested by fishermen in the lake are less than 10 inches in length and therefore never reach the desired size for catching. Small bass are unable to keep down fish populations.

Jack Turner, Maytown sportsman, has been elected secretary-treasurer for the Seventh District Wildlife Federation. . . . Memberships for 1961 are now on sale for the Floyd County Fish & Game Club . . .

Coaches are still needed for the Saturday morning fifth and sixth grades in the Prestonsburg Little League basketball program . . .

Three 15th region basketball teams are rated in the top 25 in the latest Lit-Ratings. Meade Memorial, defending regional champion is 4th. Wayland is 15th and Wheelwright 18th.

THE STUMBO HOSPITAL AT MARTIN IN 1937

The Stumbo hospital at Martin, founded by the late brothers, Drs. Ed and Walk Stumbo, was one of the first good medical institutions of the area. Dr. Ed Stumbo was fatally injured while on a visit to see a patient in 1929 but for years afterward the hospital was ably administered by his brother.

This 1937 photo shows the hospital not long after construction. Dr. Walk Stumbo stands in the center and on his right are nurses of the institution.

THE SOL BRADLEY FAMILY

Shower Honors Bride At Methodist Church

Mrs. David Y. Gillespie, nee Miss Deana Garrett, was recently honored with a bridal shower, held in the annex of the Community Methodist Church.

During the evening the bride opened many beautiful gifts and displayed them on linen covered tables. The serving table was covered with a Quaker lace cloth and decorated with a mirrored centerpiece of a ring of red and white poinsettias, holly and wedding bells with white tapers on either side. Inside the ring was a miniature bride doll. Miss Sharon Stumbo presided at the crystal punch bowl.

The hostesses were Mrs. Roger Spradlin, Mrs. Alex Derocsett, Mrs. Ed Phillips, Mrs. Edward May, Mrs. Charles Stumbo, Mrs. Marshall Davidson, Mrs. Carl Watson, Mrs. Bill Wells, Mrs. Roger Rolston, Mrs. E. B. May, Jr., Mrs. Dudley Meadows, Mrs. Douglas Garrett, Mrs. Turner Branhman, Mrs. Marvin Ransdell, Mrs. Shannon Greer, Mrs. Arthur Garrett, and Mrs. Verlin Decker.

KENTUCKIANS TO BE HONORED

Lexington, Ky.—A sizeable number of Kentuckians will be honored here Tuesday, January 31, for their contributions to state agriculture. The occasion is the awards session of the 49th annual Farm and Home Week conference. It is at 2 p.m. (EST) at Memorial Coliseum of the University of Kentucky. Dean Frank J. Welch of the University cooperative Extension Service will preside.

GREENBACKS IN GREENHOUSES

Lexington, Ky.—Garden and greenhouse "greenbacks" is the subject of a horticultural session at the 49th annual Farm-Home Week conference here Jan. 31-Feb. 3.

Garrett-Gillespie Vows Solemnized December 18

The Community Methodist Church at Prestonsburg, was the scene Sunday, Dec. 18 at 3 p.m., of the marriage of Miss Deanna Garrett, daughter of Mr. and Mrs. Amram Garrett, of Lancer, and Mr. David Y. Gillespie, son of Mr. and Mrs. Charles B. Gillespie, Burnsville, N. C.

The double-ring ceremony was performed by the Rev. Charles C. Lake. The vows were exchanged before a background of cathedral candelabra, holding lighted white tapers which ascended to a point. Stately emerald palms and snowy gladiolus banked the altar.

A half-hour recital of nuptial music was presented by Miss Rebecca Conley who also played the traditional wedding marches.

The bride wore a floor-length gown of snow white lace. The fitted bodice was detailed with a low scalloped neckline and long fitted sleeves that came to a point on the hand. Her only jewelry was a pearl necklace. Chantilly lace edging and seed pearl embroidery secured her fingertip silk illusion veil. The bride carried a white orchid on a Bibie.

Miss Ella Faye Phillips was the maid of honor. Bridesmaids were Miss Janelle Hall, Miss Sharon Stumbo, and Miss Stella Ison. They wore identical styled dresses of red velvet with matching shoes. White fur hats and muffs trimmed with sprigs of holly completed their ensembles. Little Miss Sandra Kay Garrett, sister of the bride, was flower girl. She wore an emerald green taffeta dress, with a green satin cummerbund. Her hat was identically matched to her dress. She carried a white basket filled with rose petals.

Charles Gillespie, brother of the bridegroom, served as best man. Ushers were Larry Garrett, Joseph Gillespie, brothers of the bride and bridegroom, and Jack Friar.

The mother of the bride wore a champagne beige sheath dress with matching accessories. The mother of the bridegroom wore a light blue dress with matching accessories. Each wore a shoulder corsage of white carnations.

A reception was held in the annex of the church immediately following the ceremony. Serving cake and punch were Mrs. Douglas Garrett, Miss Betty Phillips and Miss Nellie Akers.

For traveling Mrs. Gillespie changed into an orchid wool dress with matching accessories. She wore a white orchid corsage.

Out-of-town guests attending the wedding were: Mr. and Mrs. C. B. Gillespie, Mr. and Mrs. Wayne Silver, Mr. and Mrs. Charles Gillespie, Mr. and Mrs. L. V. Pollard, Joseph Gillespie, and Johnny Gillespie, of Burnsville, N. C.; Mr. and Mrs. Manuel Arnett, Vicki and Barry, Mr. and Mrs. Brett Scott, Mrs. Barry Thacker, Robert Wolfe and Robin, Mr. and Mrs. Arnold Mann, Patricia and Gene, of Pikeville, Miss Peggy Staton, Forest Hills, Ky.

The bride is a graduate of Prestonsburg high school and is now a junior at Pikeville College. The bridegroom is a graduate of Berea College and is now assistant county agent in Pike county.

Mr. and Mrs. Gillespie will live at Pikeville.

Spurlock Is Appointed Agriculture Chairman By Bankers Association

Louisville, Ky., Jan. 4 (Spl.) — Burl Spurlock, president of the First National Bank, Prestonsburg, has been named as Agricultural chairman of Floyd county for the Kentucky Bankers Association by John W. Woods, Jr., president of the bankers' group.

As county agricultural chairman Mr. Spurlock will be the official representative of the Kentucky Bankers Association in activities designed to increase farm income and improve the welfare of rural communities. Such activities include the encouragement of new and improved farm practices, the support of youth leadership training in 4-H Clubs and FFA Chapters, and cooperation with farm leaders and agencies in holding educational tours, field days and achievement meetings.

The Kentucky Bankers Association is the only state bankers group in the country having a full time Agricultural Representative on its staff.

CIVIL WAR SONGS, NEW BALLAD PRESENTED AT GARFIELD PLACE

Song, gaiety and laughter featured the annual Old Christmas party held at The Garfield Place here Friday evening.

The party, an annual event sponsored by Mrs. Edith F. James, commemorates Old Christmas, Jan. 6, the date observed before the adoption of the Gregorian calendar. The party was the opening event of this county's Civil War Centennial celebration and members and officers of the Floyd County Historical Society and the Centennial committee were special guests.

The historic Garfield Place, headquarters for Col. James A. Garfield while campaigning in the Big Sandy 100 years ago, was selected as an appropriate place to give the party this year. Civil War ballads featured the presentation.

"Many countries celebrate Jan. 6 as Epiphany or Little Christmas to commemorate the coming of the Wise Men bringing gifts to the Christ Child," Mrs. James said. "Here in the mountains we know it simply as Old Christmas, the time when the cattle low and kneel down to pray just as they did at Jesus' birth."

Opening the presentation was that old favorite, "Oh, Brothers Will You Meet Me?" Rev. Robert Martin, who with Dr. John C. Shea and other ministers were guests, read the story of the birth of Jesus from the Bible. A group, composed of Polly Napier, Sharon Ellis, Lolita Campbell, Vivian Shannon, Ruth James and Margaret Rowe followed the reading with a song "Jesus, Jesus, Rest Your Head," from the John Niles collections.

"Not many carols have been found in this section of Kentucky but we do have a version of the 'Cherry Tree Carol' not heard elsewhere," Mrs. James said. Theodore Holbrook rendered the old carole as a solo.

Folk ballads are still being "made up" in our hills, Mrs. James pointed out and she asked Lolita Campbell to sing for the first time a Civil War ballad she had composed, accompanying herself at the auto harp.

Other presentations were Just Before The Battle, Mother, Battle Hymn of the Republic, Mary Had A Baby, Tenting Tonight, and Tramp, Tramp, The Boys Are Marching.

After a tour of The Garfield Place, and viewing the many antiques, now owned by Mrs. C. P. Stephens, guests were served from the wassail bowl, traditional drink of many decades ago.

The Garfield Place will be the site of a Civil War pageant this year and Mrs. James asked for volunteers to compose one of the many choral groups needed in the Centennial observance.

PESTICIDE CONFERENCE

Lexington, Ky.—The University of Kentucky Experiment Station's entomology department will conduct a pesticide recommendations meeting at the Experiment Station building on Tuesday, Jan. 24. Lee Townsend, department head, said the session is principally for dealers and formulators of pesticides, but also open to persons interested in general uses of insecticides.

Mrs. Barbara Ward, 66, Banner, Dies Saturday; In Ill Health 10 Years

Mrs. Barbara Ward, 66, of Banner, died at 6 p.m. Saturday at Our Lady of the Way hospital, Martin, of a heart attack. She had been in ill health for ten years and died two hours after entering the hospital.

Mrs. Ward was a daughter of Joe and Theresa Hall Clark and the widow of Jess Ward who preceded her in death in 1956.

Surviving are two daughters, Mrs. Maita Hall, of Banner, and Mrs. Katherine Morgan, Cleveland, O. A step-son, Harvey Ward, Columbus, Ohio survives. Surviving is one sister, Mrs. Bossie Yates, of Banner.

Funeral rites were conducted at 11 a.m., Tuesday, from the home, the Revs. Fred McGinis, Isaac Stratton and Jim Fields officiating. Burial was made in the Weddington cemetery under the direction of Hall Brothers Funeral Home.

ENTERTAIN CALIFORNIA VISITOR

Mrs. Tom Fields and Mr. and Mrs. Luther Shivel entertained to dinner at 6 o'clock last Monday evening at their home on First avenue. Covers were laid for Mr. and Mrs. Joe Bengel, Lynwood, Calif., Mr. and Mrs. E. D. Roberts, Misses Katherine Elizabeth and Judy Roberts.

MODEST INCREASE SEEN

Lexington, Ky.—A modest increase in hog production for 1961 is forecast by the University of Kentucky agricultural economics department's bi-weekly outlook letter. Production this year probably will not be expanded enough that farmers will get unfavorable prices, the economists say.

In June, 1866, Nancy Hanks and Thomas Lincoln were married in the home of Richard Berry at Beech Fork in Washington county.

FATTENING BRED SOWS

Lexington, Ky. — Fattening bred sows does not guarantee a good pig crop, says Grady Sellards, University of Kentucky Cooperative Extension Service swine specialist. It may have an opposite effect. Bred sows on fairly light rations produced better pigs and had better farrowing records.

TRYING TO KEEP EVERYBODY HAPPY

I've been dabbling around with the idea of writing a news-story which would offend nobody, and it has developed into quite a journalistic chore. Space will not permit my detailing every step of the way but this will suffice to show the method and the result.

We start with the lead paragraph of a hypothetical murder story:

"John Jones, 56, was shot and instantly killed yesterday afternoon at Moseville by his friend of many years, Jason Voorhees, 64, church elder and bank president there."

Um... let's see. We said Voorhees is 64. Might be 65 and we might cause his family social security trouble. Better cut that. "Bank president"... no, the bank there will be sore as all get-out; prestige, you know. Out that goes. Church elder? Now there are several churches there and it isn't fair to those churches not involved. Besides, his church is not to blame for what he did. More red-penciling. "Friend of many years"...

...now Jones' relatives will swear Voorhees was his blood enemy for many years and that a man of decedent's fine character would not disgrace the family name by being a friend to such a heel as this murderer. More of the old story gone. "Moseville"... some mighty good people up that way—shouldn't put a blight on the whole town because of this one incident. So... And "instantly killed?" Is anybody ever instantly killed? Almost, maybe, but not instantly. Let's not lie about it. And there's the matter of Jones' age. His wife who claims to be 35 will blow her stack if we say he's 56. So-o-o...

We're left with this story:

"John Jones was shot and killed." And what will we do about a headline equally clear and revealing? Hey, boy!—just put a little question mark for a heading.

(And now, after all this trouble, we come up with the idea that somebody is going to be sore because we didn't extol the many, many virtues of this paragon who has just bit the dust.)

CARD OF THANKS

We wish to take this means of expressing our appreciation to every one who in any way assisted us upon the passing of our beloved father and husband, James Monroe Moore. We are grateful to the many friends and relatives who sent food and flowers, to the ministers of the Old Regular Baptist Church, for their consoling words, and the Hall Brothers Funeral Home for its thoughtful and efficient service.

THE FAMILY

STATE GIVES BOOKMOBILE

To Floyd-Co. Library; "King-Size" Vehicle Delivered This Week

Floyd county was one of the library systems receiving "king-size" new Bookmobiles last week.

Seven of these vehicles have been delivered and two will be presented before June 30. Miss Margaret Willis, director of the Division of Library Extension, said.

The 23 new Bookmobiles, costing \$7,500 each, are replacing smaller vehicles put in service in 1953. The agency's larger budget, made possible by sales tax revenues, is providing the mobile libraries, which take books to Kentucky's most remote rural areas.

The division's 1960-62 budget is \$944,875, compared with \$522,625 for the previous two years. The 123 per cent increase in budget is helping the division, with county and federal cooperation, establish local libraries and regional library systems, composed of several counties. The extension agency also distributes paintings, phonograph records and "talking books" for the blind.

The new Bookmobiles, designed to serve an especially large county or two counties, each hold 2,000 books. The older vehicles being replaced had a capacity of only 900 volumes. Some of these will be placed in service in counties requesting them.

2. Provided for the appointment of a member of the new Property and Buildings commission. A subsequent order provided for the appointment of a second member.

3. Named Eugene Conley as personnel director and provided for his salary.

4. Directed the superintendent of schools, Charles Clark, to compile 13 categories of information on all employees of the school system, the curriculum, cost of operation and to list the property owned by the system.

5. Provided for the interviews of each employee by the board and set up a schedule for their appearance.

6. Directed that the Commission on Property and Buildings and the Floyd County Teachers' Association formulate a plan of hospital insurance for all employees of the system.

7. Authorized the payment of teachers' salaries, utilities bills, contract labor and contract estimates due.

8. Stopped plans to remodel the old Prestonsburg high school building here as school headquarters in the anticipation of federal aid.

9. Directed the board chairman to prepare a progress report on Floyd County schools as provided by statute.

10. Discharged Joe Hobson as attorney for the board and appointed Woodrow W. Burchett to succeed him. (See separate story.)

11. Directed the preparation of four copies of all notes made by stenographers and reporters during the personnel interviews be furnished the chairman of the board and provided for their disposition.

12. Provided for a method of paying salaries of employees.

13. Directed Attorney W. W. Burchett to prosecute an appeal from Judge Hill's injunction, granted Wednesday of last week.

14. Ordered the County Superintendent to direct school principals to stop the sale of soft drinks and confections at schools except at P.T.A.-sponsored events or on other special occasions.

15. Directed the Superintendent to furnish the board with a list of all suppliers of food products and soft drinks to lunchrooms, and the average weekly amount served.

16. Provided that travel pay of superintendent or other employees out of the county on business must receive prior approval of the board.

Chairman Howard said this week that a stenographic report of the employees interviews will be published later as a matter of public information.

which had been changed or erased as her share from the sale of a calf; Dick Hatfield, reckless use of a deadly weapon and shooting at without wounding James Sherman and Jack Jervis, Jr.; James Rice and James Jacobs, escaping jail at Wayland.

James H. Watkins and Edmond Watkins, cruelty to animal, accused of killing dog of Cager Spradin; Harold Fuel Co., polluting a stream; Haskell Tackett, forgery; Burnis Fields, Jr., assault and battery with an auto in the injury by his car of three-year-old Ray Jones on Abner Mountain; Frank Johnson, damaging property; James Wright and Jack Shepherd, grand larceny, named in the theft of a motor and other equipment from the Sherman Coal Company at Drift; Johnny R. Leedy, cold check; Buell Bates, Jr., breaking and entering dwelling of Grant Akers; Thomas Riley, cold check.

In circuit court three convictions were recorded within the week. Defendants and penalties assessed were: Donald P. Adkins, assault and battery with an auto, \$250 fine and 90 days in jail; Arlis Blight, assault and battery, \$100 and 30 days; James Justice, given trial in absentia on a liquor possession charge, \$100 fine and 30 days in jail.

The 30-day jail term given Eva Halbert on a charge of possessing beer, etc., was probated by Judge Hill, who explained to the jurors and courtroom crowd that he did so because Mrs. Halbert had moved to Ohio where she had married a man of good standing; that her husband has three small children by a previous marriage, that his employment requires him to be away from home much of the time and that his wife is needed to care for the children. He also added that if the defendant returns to Floyd county within a period of five years the probationary order will be promptly revoked.

The \$5,000 bond of Mrs. Corby Francis was forfeited when she failed to appear Tuesday for her murder trial in the fatal shooting near here last year of her husband, A. B. Francis.

Floyd Native Victim At Lawrence-Co. Farm; Funeral Held Tuesday

In the same letter Col. Melovich said:

"The primary purpose of the Dewey Reservoir Project is flood control. The existing structures and camping facilities definitely constitute a hazard to flood control, as these structures could very conceivably float into the dam structure."

The Department of Parks will be forced, said Commissioner Fox, to remove and destroy all structures and materials left on these campsites after next Sunday. Meanwhile, owners of camps on the shore across the lake from the existing highway are wondering if the ice will thaw in time for them to reach their campsites by boat.

The Department of Parks was reminded by Colonel Melovich that the license agreement between the United States and the Kentucky Department of Conservation provides in effect that no permanent or semi-permanent structures will be constructed or permitted to be constructed below 690 feet elevation without the prior written approval of the district engineer.

years on a front-footage plan but that by adding the cost to the water bills it would take 30 years and increase the interest cost.

There was some discussion of a general obligation bond plan but several thought the plan could not command the necessary two-thirds vote of the town. Joe Hobson, attorney for the Council, commented that these bonds would be hard to sell, since the city defaulted on bonds several years ago, although they were subsequently amortized.

To Councilman Watt Hale's inquiry if there is a painless way to pay for the sewers there was unanimity again. There is not.

ANSWERS TO YOUR TAX QUESTIONS BY WILLIAM E. SCENT KENTUCKY'S COMMISSIONER OF REVENUE

The first of each year brings many important tax dates with it. Some concern individuals, some concern business men, others concern both. The following questions and answers may help to keep abreast of these filing dates and requirements.

Q. What is the filing date for individual income tax?

A. Kentucky individual income tax returns (Revenue Form 740) are due April 15 each year for the preceding year's income, or the 15th day of the fourth month after the close of the taxpayer's fiscal year.

Q. What is the filing date for corporation income taxes?

A. Returns are due on the 15th day of the fourth month following the close of the taxable year. For calendar year taxpayers, this date is April 15.

Q. When is the final declaration of estimated individual income tax due?

A. Declarations must be filed on either April 15, July 15, or by Nov. 15 of the taxable year. Declarations must be filed before Feb. 15 of the

following year if the income other than salary or wages occurs after Nov. 1.

Q. With the many changes in the individual income tax, were there any changes in the declaration requirements?

A. Yes. Beginning on January 1, 1961, persons having income other than salary or wages which can reasonably be expected to exceed \$1,000 for the taxable year, and who are required to file a return, must file a declaration of estimated tax due (Revenue Form 740ES). Prior to 1961 declarations were necessary on such income over \$100.

Q. When must property be listed with the County Tax Commissioner?

A. All property taxable in the state should be listed by the owner or person having any interest in the property from Jan. 1 to March 1, 1961. The listing of property requires completing the proper returns (Revenue Form 375 and 376) and filing such returns under oath with the county tax commissioner.

CARD OF THANKS

To the good people of Stone Coal Creek: I take this way of thanking you all for the good deeds you all did in the illness and upon the death of my dear sister, Elizabeth Hoover Jones, and to the ministers, Tom Lawson, Banner Manns, Edd Moore, Earl Lawson and Russell Jacobs for their consoling words, also the Hall Brothers Funeral Home for its efficient service.

MARTHA HAYES

Even if you believe all the guns in your house are unloaded, play safe and keep them away from children. A gun cabinet with a locked door is the safest place for guns. Ammunition, in or out of a gun, also makes a dangerous toy.

DEMA

Mont Combs, Mr. and Mrs. Lowell Hopkins and Teresa Ann, were in Ashland, Monday night to meet Mrs. Mont Combs who arrived there by train from Tucson, Arizona. Mrs. Combs has been in Tucson for the past six weeks visiting her daughter, Yvonne Hopkins. Mrs. Combs was accompanied to Arizona in November by Mr. and Mrs. Lee Roy Garbutt, of Flint, Michigan. She attended the wedding of her daughter, Yvonne, who was married Dec. 30, in the First Baptist Church, Tucson, while in Tucson. Mrs. Combs also visited Mr. and Mrs. Lawrence Hall, Mrs. Joanna Brown and many other friends.

Onions are good buys now. When you buy them, select those that are bright, clean, firm and well-shaped, with dry skins. Buying small quantities of onions often instead of a lot at one time is best; home storage conditions vary and onions are best kept in a cool, dry place.

...the only car in its field beautifully built to go...

miles between lubrications

30,000 is the most famous number of the year. It's every '61 Ford owner's license to save. How can Ford do it? Conventional chassis lubrication fittings have been replaced with metal plugs that help protect each lubrication point against abrasive mud, dirt and dust. And then, for only about \$4 and about 20 minutes your Ford is ready for another 30,000! This is just one of the many ways the '61 Ford is built to take care of itself. Your Ford Dealer can show you more.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes) because Ford has replaced conventional grease fittings with a sealed-in lubrication system.

Cleans its own oil—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through fibers... trapping more dirt than any other type of filter made.

Adjusts its own brakes—New Truck Size brakes adjust themselves—automatically.

Guards its own muffler—Ford mufflers are double-wrapped and aluminumized to last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—Just wash and clean Ford's new Diamond Lustre Finish and it continues to glisten like new. It never needs waxing.

Only FORD is beautifully built to take care of itself

LIFT
A
CHILD

...and hold him above you.

You don't expect a child to stand toe to toe with a man. You lift a child . . . and hold him above you.

You don't expect a child to understand fully what is right and wrong.

You don't expect a child to comprehend every spiritual ideal.

You don't expect a child to sense instinctively the constant concern of God in his life.

You lift a child . . . you give him the opportunity in his Church and in his Christian home to gain moral and religious insights.

And you hold him above you . . . dedicating your own time and strength to your Church so that you and your child can find together the spiritual foundation on which men should build their lives.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"The Death of Col. Jonathan Mayo at his Residence in This City," Story, April, 1885, in a Paris, Ill., newspaper on the death of a Floyd county and later Illinois pioneer. Mayo died April 24, 1885. The newspaper article prints Mayo's speech at an Old Settlers Reunion in 1875. Interesting Eastern Kentucky history here.

"A Historical Sketch of the Prestonsburg Methodist Church," by Emma Wells May, 1958.

This concludes the sixth listing of the books and articles on Eastern Kentucky history, genealogy and folklore. It is much too incomplete but it will serve as a guide to any serious student of the region.

Most of the books are out of print and much of the material listed is still in manuscript form but the noting of the existence of such material should be of help.

If any reader wants a book, article or manuscript listed in this column, please advise.

Influenza Is Enemy Of Heart Ills Patients; Consult Physician, Urged

Persons with heart and blood vessel diseases should consult their physicians with a view toward having routine vaccination against influenza. This advice from the Kentucky Heart Association follows a similar joint statement by the American Heart Association and the National Heart Institute of the U.S. Public Health Service.

These agencies called attention to medical evidence of the past three years which "has abundantly confirmed that the dangers of influenza are much greater for patients with heart or lung disease than for others. The risk," their statement continued, "is particularly high for those with lung congestion due to heart disease. Also it is clear that the threat of influenza is continually recurring."

The statements support the program recently announced by Surgeon General Dr. Leroy E. Burney designed "to intensify efforts to encourage influenza vaccination of selected population groups" where hazards from influenza infections are particularly great.

The Kentucky Heart Association pointed to findings in the last three influenza epidemics which emphasized that "individuals with cardiovascular or pulmonary disease are more susceptible to the hazards of influenza than is the general population. The increased risk," continues the report on this evidence, "is shown both by more severe illness and by higher fatality rates among patients with these diseases."

Use of influenza virus vaccine has demonstrated its definite value in preventing influenza and has shown that in adults the side reactions have been extremely few, the national researchers found. Exceptions to use are indicated only in those patients allergic to components of the vaccine.

The AHA and NHI joint statement further stresses that the Public Health Service Advisory Committee on Influenza Research "has strongly recommended that those persons who have a high risk of death from influenza obtain immunization as a protective measure" and that because influenza epidemics recur in unpredictable cycles and some influenza occurs continually, annual immunization is recommended.

If you love luxury and hate gas pumps

... then you'll love the Buick Special! You get Buick comfort, ride and go—plus real gas savings to boot!

The Buick Special is 100% Buick—with everything that means. Like Buick go, for example. A new 155-h.p. aluminum V-8 gives you more sizzle than many a big car. And, because aluminum turns deadweight into live action, the miles per gallon figures are most delightful. Then there's Buick comfort—big roomy comfort for heads, hips and legs. There's also Buick's "all-day" ride, Buick's Clean Look of Action and Body by Fisher—all priced less than most models of the low-price field! Come guest-test the Special at your Buick dealer's—but come prepared to lose your heart!

CLEAN METAL SURFACES

There comes a time in the life of all metals when just polishing doesn't help. Something else is needed to brighten them and soap and water is not always enough.

Chromium is one of the few metals that soap and water alone will brighten; wash, rinse and dry chrome to keep it shiny. On wrought iron, use thin oil or kerosene and a soft cloth that has no lint. The oil forms a protective coat.

When brass or copper is badly tarnished, clean with a soda solution or dilute oxalic acid. To brighten either of these metals; for brass or copper with a shiny finish—use strong lemon juice or vinegar and fine abrasive, polish with rottenstone or metal polish; for a dull finish—use whiting and oil paste.

A paste for cleaning silver or gold can be made from whiting, alcohol and ammonia water; mix these to form a thin paste. Clean pewter or Britannia-ware with a fine abrasive, such as whiting and oil or rottenstone and oil. Let the oil stay overnight; then wash in hot soap suds, rinse and dry.

Nickel can be washed in soap and water, or whiting moistened with alcohol, ammonia or water can be used; do not use other chemicals or coarse abrasives on nickel. Aluminum can be cleaned with oxalic acid, vinegar, lemon, whiting moistened with alcohol, coarse abrasive, dilute acid, or steel wool. Wash, rinse and dry.

To clean iron, scrub with baking soda and warm water. To prevent rusting, wash iron with warm water and soap and dry; then rub on unsalted fat and place over simmer heat for 30 minutes.

When plumbing fixtures are corroded, apply a mixture of one part oxalic acid to three parts whiting, moistened with water to make a creamy paste. Then wash with soap and water and dry well.

THORNSBERRY COMPLETES

Parris Island—Marine Pvt. Charlie B. Thornsberry, son of Mr. and Mrs. Landell Thornsberry, of Wheelwright, Ky., completed recruit training Dec. 21 at the Marine Corps Recruit Depot, Parris Island, South Carolina.

Relatives and friends of many of the new Marines were on hand to witness the graduation ceremonies.

The 12-week training schedule included drill, bayonet training, physical conditioning, parades and ceremonies, and other military subjects.

Three weeks were spent on the rifle range where the recruits fired the M-1 rifle and received instruction in basic Marine infantry weapons.

This recruit training prepares young Leathernecks for further specialized infantry training at Camp Lejeune, North Carolina.

WAYLAND

Mr. and Mrs. Tramble Turner were hosts to a buffet supper Saturday night. Several stayed till the old year was gone and a new year welcomed in. Those attending were Mr. and Mrs. Champ Gibson, Mr. and Mrs. Tom Hewlett and son, of Langley, Mr. and Mrs. Ben Hall, of Allen, Mr. and Mrs. Don Carter, of Paris, Miss Carolyn Price and Alex Spencer, of Elyria, Ohio, Mr. and Mrs. J. Price, Mr. and Mrs. Michell Nichols, Mr. and Mrs. Otto Martin, Mr. and Mrs. John Spradlin, Mr. and Mrs. Ezra Turner, Mrs. Doca Tallant, Mrs. Zetta Patton and Pam and Missy Nichols.

Dr. and Mrs. M. V. Wicker have gone to Florida for the winter.

Mr. and Mrs. Don Carter, of Paris, spent the holidays with Mr. and Mrs. J. T. Spillman.

Mrs. Gilbert Hobbs, of St. Elmo, Tenn., has returned home after a visit here with her daughters, Mrs. Tramble Turner, and Mrs. Champ Gibson, of Langley.

You'll be able to get plenty of popcorn for popping this year. The 1960 popcorn crop is estimated at 332 million pounds of ear corn—15 per cent above last year's production and 13 per cent above average.

DRIFT

The Drift Woman's Club met Dec. 19 at the home of Mrs. C. J. Cahill. The spiritual values committee was in charge of the program. At the close of the meeting, Christmas carols were enjoyed by the group with Rita Lee Cahill at the piano. The club voted to give a \$5 prize each to Doris Lewis, and Russell Price for the best improvement in the community clean-up project.

Mrs. Belford Reitz was hostess Jan. 2 with the president, Mrs. W. L. Reed, presiding. Correspondence was read and discussed. The mid-winter board meeting will be Jan. 30, 31, and Feb. 1 at Lexington. Report was given on the deliveries of baskets and toys at Christmastime. A special "thank you" goes to Charles Lafferty, of Martin, for his contribution of milk he gave the club to be distributed among needy families. The members will entertain their husbands, Jan. 28. The next meeting will be Jan. 16 at the home of Mrs. G. W. Showers.

Important news for new-car buyers— THE '61 CHEVY BRINGS JET-SMOOTH TRAVEL DOWN TO EARTH

This is the Impala Sport Coupe—and you'll find 19 other Jet-smooth Chevis where this one came from!

HERE'S WHAT GIVES CHEVY ITS JET-SMOOTH RIDE—

Full Coil suspension—Nothing cushions like a coil and Chevy's one of the few cars to give you a coil spring at every wheel. Precision-balanced wheels—Each wheel and tire assembly is precision-balanced before installation for smoother rolling with less vibration. Sound-hushing insulation—Roof, sidewalls, doors, instrument panel, hood, floor, and luggage compartment are carefully insulated against drumming and vibration. 51 built-in "shock absorbers"—the chassis is cushioned against shock and shake at every vital point. Live rubber body mountings—the body is joined to the chassis by large butyl rubber cushions that further isolate the ride from the road.

Better just circle your dealer's block the first time you try a Jet-smooth '61 Chevy. Get anywhere near an open highway and he's liable never to see you again.

What we mean, Chevy's ride whets your yen to travel. Wins you over with its delightful coil-spring smoothness, its hushed comfort and light steering. You find yourself feeling sorry for people who buy higher priced cars, thinking they have to pay premium prices for a luxury ride.

That may have been true at one time, but not any more. Chevrolet's ride, its roadability, just doesn't take second place to anybody's. As for the other pluses people

usually expect only from costly cars, nobody can beat Chevy's Body by Fisher for fine workmanship. Notice the roominess, too. Space to stretch out and relax, larger door openings, higher seats, and an easier loading deep-well trunk that handles suitcases as if they were handbags.

Unless you work for the manufacturer, can you think of a real good reason for buying a more expensive car? We can't.

See the new Chevrolet cars. Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's
